Chapter 401: Qin Sheng's Results

Lin Shuya went straight to the form teacher's office.

She had never seen the new form teacher. She had only heard from Qin Churou that Liang Hua had been expelled because of her bad character. Then, a male teacher came.

Among the four form teachers, only the Class 1 form teacher was a male teacher. He was still sitting in Liang Hua's previous position.

Lin Shuya recognized him at first glance.

She walked over. "Teacher, hello. I'm Qin Churou's mother.

Outside, Lin Shuya was still very polite.

The Class 1 form teacher nodded. "Alright, I'll bring you to the grade teacher."

Qin Churou wanted to take a long leave of absence. It was at the juncture of the college entrance examination. The Class 1 form teacher could not make the decision and needed to go through the grade teacher to handle the leave of absence procedure.

He had already reported Qin Churou's situation to the grade teacher.

The grade teacher also knew that it was not suitable for Qin Churou to continue staying in the school. Not only would it affect Qin Churou herself, it would also disturb other students' studies.

The grade teacher did not say anything, and he agreed.

Lin Shuya went to the grade teacher's office, and the grade teacher made her sign her name and write down the reason for Qin Churou's leave of absence.

The grade teacher chatted with her for a while before letting Lin Shuya leave.

Lin Shuya returned to the office with the form teacher.

The other three form teachers didn't have any classes this class and stayed in the office.

The form teacher exhorted, "Qin Churou's mother, the college entrance exam is

very important. I hope you can monitor Qin Churou's studies at home."

Lin Shuya nodded. "Okay, but Rou'er doesn't need my supervision. She's very self-aware."

The form teacher of Class 1 only spent a few days with Qin Churou when she came to school.

Qin Churou gave him the impression that she was absent-minded during class.

However, Qin Churou's results had always been pretty good. Other than the mistakes she made in the last exam, she was usually in the top ten of the entire grade.

Presumably, Qin Churou was also a person who loved to learn, so her self-control should also be pretty good.

The form teacher of Class 1 was relieved. "Yes, as for the test papers that the teacher usually gives out and the answers and explanations, you can come over once a week to pick them up. As for other important matters, I will inform you all over the phone."

"Thank you, teacher." Lin Shuya's attitude toward the new form teacher of Class 1 was very good.

Because of Qin Churou's setback, she had been ridiculed by Liang Hua. Lin Shuya couldn't stand Liang Hua anymore.

Liang Hua had been expelled, and a new form teacher had come to Class 1. Lin Shuya couldn't wait to see this.

"Teacher, have you had any exams recently?" Lin Shuya asked.

Class 1's form teacher replied, "We just finished a monthly exam."

"Then can you tell me Rou'er's results?"

Lin Shuya could imagine that Qin Churou must be in the top ten in the first exam. During this period of time at home, Qin Churou had never missed out on her studies.

She asked the form teacher of Class 1 purely to satisfy her vanity.

Qin Churou may have missed out on her studies this time because she took a

leave of absence. She has regressed a lot and only got into the top 20.”

“What? Lin Shuya was stunned and asked in disbelief.

The form teacher of Class 1 repeated, “She is ranked 20th in the entire class.”

Lin Shuya could not accept Qin Churou’s results. Qin Churou had been locked in her room studying the entire day. How did she manage to get such results?

Lin Shuya loved Qin Churou very much.

She quickly found an excuse. Qin Churou’s face was injured and her emotions were unstable. In addition to her poor health, she had not been able to study properly. It was understandable if she got bad results.

Qin Sheng had been staying in school every day. It was possible that she did not do well on the exam.

With this thought in mind, Lin Shuya also asked, “Then teacher, do you know Qin Sheng’s results?”

Chapter 402: Qin Sheng Cheated

Even though Qin Sheng wasn’t from Class 1, the form teacher knew that Qin Sheng had gotten first place.

Just as he was about to answer, Lin Shuya’s words were heard again. “Did she do badly in the exam?”

The form teacher didn’t react.

Lin Shuya continued, “Teacher, Qin Sheng’s results in the first exam, if she didn’t cheat, her results wouldn’t be as good as Rou’er’s.”

Class 1’s form teacher looked embarrassed. “Qin Churou’s mother, you can’t talk about cheating.”

When Teacher Lin heard Lin Shuya’s words, she wasn’t happy either. She stood

1. “I’m Qin Sheng’s form teacher. This parent, I hope that you won’t slander my student. Her results are real. Just because you say she cheated, she cheated

The four form teachers in the office were all looking at Lin Shuya.

Lin Shuya looked embarrassed. She braced herself and asked, “Then what did Qin Sheng score this time

If Qin Sheng did badly, she had a very good reason to say that Qin Sheng cheated.

The four form teachers in the office were all looking at Lin Shuya.

Lin Shuya looked embarrassed. She braced herself and asked, “Then what did Qin Sheng score this time?

If Qin Sheng did badly, she had a very good reason to say that Qin Sheng cheated

Teacher Lin was a very observant person and understood Lin Shuya’s thoughts.

She smiled and took out a ranking list from her drawer. It was the ranking list of the students of Class 4.

She gave it to Lin Shuya.

Lin Shuya took it and saw the name at the top of the list.

Qin Sheng!

She looked to the right. Qin Sheng’s results in every subject were either full marks or only two or three points away from full marks. She was also ranked first in every subject.

Lin Shuya widened her eyes in disbelief.

Teacher Lin adjusted her glasses. “This parent, Qin Sheng’s results in every test are the best in the entire grade’s science subjects. In the National High School Mathematics Competition that she participated in last time, Qin Sheng also won first place and set a record.”

“In the school’s exam, Qin Sheng may have cheated, but in a national competition, she can’t cheat.”

Lin Shuya still shook her head. “That’s impossible. How can her results be better than Rou’er’s?!”

Seeing how stubborn Lin Shuya was, Teacher Lin couldn’t be bothered to talk to her anymore.

In the end, she said, "I don't care what you think, but outside, it's better not to casually say that my student cheated."

The form teacher of Class 1 was very embarrassed.

He changed the topic. "Qin Churou's mother, it's about time. The process of applying for leave has been completed. You can leave first."

Lin Shuya was also a thin-skinned person. Teacher Lin's words made her feel very embarrassed.

Moreover, none of the teachers in the office were helping her. Lin Shuya couldn't stay any longer. She put down her report card and left. Her footsteps were rather awkward.

The form teachers of Class 2 and Class 3 didn't say anything sarcastic.

They were quite disdainful of Lin Shuya in their hearts.

Qin Churou's mother was also a person who spoke like this. No wonder she was able to teach Qin Churou to have such a character.

Lin Shuya left the office. She didn't leave the school immediately. Instead, she went to the tree on the first floor.

It was already close to the end of the class in the afternoon.

Lin Shuya was waiting for Qin Sheng to finish school.

Her face was still very red. She was embarrassed and angry.

As expected of the teacher of Class 4. She was always protecting Qin Sheng

What right did she have to talk to her like this when she was teaching the worst class?

After a long time, Lin Shuya finally calmed down.

The bell rang and the students came down the stairs one after another..

Chapter 403: Looking Down On Her

Lin Shuya had been looking for Qin Sheng the entire time. Ten minutes had passed, and the students had already left one after another. Lin Shuya still did not see Qin Sheng. She was getting impatient from waiting.

She was Qin Sheng's biological mother, and Qin Sheng actually dared to let her stand for so long!

Lin Shuya finally arrived at Class 4.

Qin Sheng had just put down her medical book.

Lin Shuya walked into the classroom. When she saw Qin Sheng, she was furious. "Qin Sheng, come out!"

Huang Xiaoyan was packing up her textbooks. She was shocked by Lin Shuya's words.

She patted her chest.

She glanced at Lin Shuya and was stunned. She pointed at Lin Shuya and said, "Isn't... Isn't this Qin Churou's mother?"

She must be Qin Sheng's mother.

Lin Shuya snorted arrogantly and ignored Huang Xiaoyan.

The students in Class 4 were all underachievers, and Lin Shuya looked down on them.

"Qin Sheng, hurry up. I'll wait for you at the classroom door."

After saying this, Lin Shuya walked out of the classroom.

Class 4 was the gathering place for underachievers, and she really didn't want to stay any longer.

However, Qin Sheng didn't take her words seriously. She slowly packed up her textbooks.

"Sheng Sheng, you have such a disgusting mother. She looks so arrogant. Who is she looking down on?"

Huang Xiaoyan began to complain as soon as Lin Shuya left.

Qin Sheng did not care about Lin Shuya's attitude toward her. It could be said that she was already used to it.

In her memory, Lin Shuya had never given her a good attitude, whether it was in her previous life or this life.

Five minutes later, Qin Sheng slowly walked out of the classroom. This time, Lin Shuya was impatiently waiting for her.

Qin Sheng tilted her head and said, "Xiaoyan, you go to the cafeteria first. Don't wait for me."

Huang Xiaoyan was afraid that Qin Sheng would be bullied, but after thinking about it, it seemed that no one could bully Qin Sheng.

She could only exhort, "Sheng Sheng, if someone wants to bully you, don't take her identity into consideration."

Huang Xiaoyan even deliberately looked at Lin Shuya.

'What she said was clearly directed at Lin Shuya.

Huang Xiaoyan did not deliberately lower her voice. Her words clearly entered Lin Shuya's ears.

Lin Shuya was angered. "Qin Sheng, can you control your classmate? As expected of a person from Class 4, you don't even know how to respect others?"

Huang Xiaoyan had long disliked Lin Shuya.

She knew that Qin Sheng had already disowned the Qin family, so Lin Shuya naturally couldn't be considered Qin Sheng's mother.

At this moment, Huang Xiaoyan glared back unceremoniously. "What's wrong with Class 4? Do you look down on Class 4 so much? What did the people of Class 4 do to offend you? My Class 4's grades aren't good, but it doesn't mean that our character is bad. Unlike Qin Churou, who's really bad. Her reputation is already rotten on the streets."

Lin Shuya only heard Huang Xiaoyan's first words clearly. She was so angry that she didn't hear the rest. She pointed at Huang Xiaoyan and said, "Qin Sheng, are you going to let your classmates talk to me like this?"

Qin Sheng looked up and said in a flat tone, "Ms. Lin, Xiaoyan isn't wrong. You're the one who slandered Class 4 right from the start."

Qin Sheng had a problem. She was overprotective.

The people she wanted to protect were not allowed to be slandered.

She was also biased.

Lin Shuya was even angrier when she heard Qin Sheng's words.

She was defending an outsider, yet she did not stand by her biological mother's side.

"Qin Sheng, don't forget, you're my..."

Lin Shuya did not say the word 'daughter' after that. She did not want outsiders to know about the relationship between Qin Sheng and her. She could not afford to lose face.

Qin Sheng raised her eyebrows.. "I am your what?"

Chapter 404: Birth

Lin Shuya glared at Qin Sheng. This Qin Sheng was indeed born to counter her.

She wished she could go back to the past and strangle the newborn Qin Sheng to death. Qin Sheng was her humiliation. Looking at Qin Sheng's face, she would always think of that day.

Qin Sheng said carelessly again, "Don't forget, Ms. Lin, we broke off our relationship. Now, I have nothing to do with you."

Lin Shuya's face flushed red. She was angered by Qin Sheng.

She said in a deep voice, "Qin Sheng, come here."

As she said that, she walked downstairs.

Qin Sheng was obviously not in a hurry. She said something to Huang Xiaoyan and let her leave first.

This time, Huang Xiaoyan was not worried that Qin Sheng would be bullied. Now, she was worried about Lin Shuya.

Qin Sheng was not the type to be at a disadvantage.

Huang Xiaoyan smiled and said, "Sheng Sheng, don't stand on ceremony with your muddled mother."

After saying that, Huang Xiaoyan left, and Qin Sheng followed her downstairs.

The weather was very hot now. Qin Sheng was wearing the short-sleeved school uniform of H City High School.

Lin Shuya was waiting for Qin Sheng under the tree. Qin Sheng walked over, and the sunlight shone on Qin Sheng's body, which was particularly dazzling.

Even Lin Shuya had to admit that Qin Sheng was very beautiful.

After all, she was her own flesh and blood, so how could Lin Shuya not love her? However, Qin Sheng was not the child of her and Qin Hai.

At this time, there were very few people around the teaching building.

Qin Sheng leaned against the tree, holding a leaf in her hand and studying it.

She looked indifferent. "What's the matter?"

"Qin Sheng, why are you still in school?" Lin Shuya asked with a frown.

Qin Sheng raised her eyebrows slightly. "I'm a third-year student. Why can't I come to class?"

"Qin Sheng, you're Feng Shuo's lover. Behave yourself and don't cause trouble for the Qin family."

Qin Sheng laughed mockingly. "Who said I'm Feng Shuo's lover?"

Lin Shuya's frown deepened. "If you're not Feng Shuo's lover, what else can you do? Who would be willing to spend hundreds of millions and get nothing?"

At this moment, she also sensed that something was wrong.

However, Lin Shuya could not figure out what went wrong.

Qin Sheng stood up straight. "Ms. Lin, the contract only said that I would sever my relationship with the Qin family. Nothing else was mentioned."

Lin Shuya thought about it. Back then, Qin Hai had indeed asked her to sign a contract to sever her relationship.

Later, she also heard from Qin Hai that Qin Sheng's household registration had been moved out.

Before this, she did not think much of it. However, when Qin Sheng mentioned it, Lin Shuya felt that this matter was not simple.

"Lin Shuya, I have told you guys a long time ago that I would be more than happy to leave the Qin family. I, Qin Sheng, do not need to rely on the Qin family to survive. In my eyes, Qin Real Estate is just a

small company. As long as I want to, I can bankrupt it at any time.”
Qin Sheng was born with arrogance.

Qin Sheng looked down on Qin Real Estate.

Lin Shuya pointed at Qin Sheng. “You still want to touch Qin Real Estate?”

“Not yet. But if you guys provoke me, it might not be the case.”

One of the reasons why Qin Sheng bought that real estate company was to suppress Qin Real Estate. Of course, the most important reason was to make money.

‘The real estate industry was a highly profitable industry.

Qin Sheng had the advantage of rebirth. She knew which plots of land would soar in price in a short time.

By that time, the profits they would earn would be dozens of times higher than the cost.

Qin Sheng loved money and naturally would not let go of this opportunity.

Chapter 405: Go To the Forum and Take a Look

Translator: Dragon Boat Translation **Editor:**Dragon Boat Translation

Lin Shuya came back to her senses at this time. She sneered, “Qin Sheng, you’re just a small high school student. What are you capable of?”

Qin Sheng didn’t answer her, nor did she bother to tell Lin Shuya how much money she had now.

“Qin Sheng, so you left the Qin family because you designed it yourself?” Lin Shuya asked.

Qin Sheng didn’t hide it from her. “I don’t want to stay in your Qin family for a day. Your hypocrisy is disgusting.”

Hearing this, Lin Shuya felt very uncomfortable.

Qin Sheng was her biological daughter, but she wanted to spend a lot of effort to leave the Qin family.

Of course, if Qin Sheng really became Feng Shuo’s lover, Lin Shuya wouldn’t feel unbalanced.

Lin Shuya changed the topic. “Qin Sheng, since you left the Qin family, you probably don’t have any money. You are still a high school student and need living expenses. Here is 1,000 yuan. Take it and save some money. This little money is enough for you to pass the third year of high school.”

Lin Shuya felt that 1,000 yuan was already a lot for Qin Sheng.

But she forgot that she gave Qin Churou 50,000 yuan yesterday.

Qin Sheng looked at the cash in Lin Shuya’s hand mockingly and did not accept it.

Lin Shuya’s tone was displeased. “Qin Sheng, are you saying that it’s too little?”

Qin Sheng did not answer, but the meaning in her eyes was very obvious. She was indeed saying that it was too little.

‘This was a warm face pressed against a cold butt, and Lin Shuya’s face completely darkened.

She cared about Qin Sheng, but Qin Sheng did not appreciate her kindness, so there was no need for her to give Qin Sheng money.

Qin Sheng was no longer a member of her Qin family, so she didn't need to worry about Qin Sheng.

Lin Shuya took the money back. "Qin Sheng, if you can't live by yourself, don't come to me."

Qin Sheng sneered. "Don't worry. That day will never come."

Lin Shuya's face was gloomy. "Don't say that you're my daughter outside."

Lin Shuya didn't forget that in front of Huang Xiaoyan, Qin Sheng had said without hesitation that she had severed her relationship with the Qin family.

If Huang Xiaoyan was smart, it was hard to guarantee that she would not think that Qin Sheng was Lin Shuya's daughter.

If this was said, where would she put her face?

"I don't want others to know either." Qin Sheng narrowed her eyes. She looked at her watch. It was already 12:40.

Qin Sheng did not want to waste time with Lin Shuya.

She said straightforwardly, "What's your purpose in looking for me?"

Qin Sheng knew that Lin Shuya wouldn't just come over and give her 1,000 yuan.

Lin Shuya asked, "Qin Sheng, did you tell others about Rou'er's disfigurement?"

"Oh?" Qin Sheng was very interested. "What did Qin Churou tell you?"

"Qin Sheng, you ruined Qin Churou's reputation and made her afraid to come to school. Even if you don't treat her as your sister, you can't do such a crazy thing."

Lin Shuya was very emotional. When she mentioned Qin Churou's matter, her voice became much louder.

After listening to these words, Qin Sheng roughly understood.

Qin Churou was probably referring to the incident where she used her alternate account to scold others for spreading rumors, causing everyone to ridicule her. Instead, she said that it was because Qin Sheng had spread the photo of her disfigured face that made Qin Churou depressed. In the end, she still took a leave of absence.

It had to be said that Qin Churou's ability to distort black and white was very impressive.

Unfortunately, she had miscalculated that Lin Shuya would come and confront her.

Qin Sheng raised his eyebrows. "Ms. Lin, you can go to our school's forum to see what's going on."

After Qin Sheng said that, she did not bother with Lin Shuya anymore.

She went to the cafeteria...

Chapter 406: Was Suspicious

Lin Shuya was stunned after hearing Qin Sheng's words.

Forum?

By the time Lin Shuya reacted, Qin Sheng had already left.

On the way back to the Qin Residence, Lin Shuya downloaded the app for the H City High School forum and logged in to take a look.

The content on the homepage was almost all Qin Churou's, and every single one of them was attacking her.

Lin Shuya frowned and clicked into the posts one by one.

The comments of the students on Qin Churou completely overturned Lin Shuya's understanding.

What hypocrite, white lotus, two-faced three-faced, spiteful words...

Her first reaction was that Qin Churou was not such a person. Someone must have framed her.

It was just that there were too many people who said it, and no one came out to protect Qin Churou.

No matter how much Lin Shuya Loved Qin Churou, she still had some doubts.

When she returned to the Qin family, Qin Churou had already returned from outside. She had bought a lot of clothes before, but she had never worn them before, so she took them out and showed them to Lin Shuya.

Qin Churou's face was full of excitement. "Mom, do the clothes look good? I bought them after shopping all mornin;

Lin Shuya replied very simply, "Not bad."

Qin Churou noticed that Lin Shuya's mood was not right. She hugged Lin Shuya's arm and acted coquettishly. "Mom, did something happen?"

After thinking for a while, Lin Shuya took out her phone.

Qin Churou sat beside Lin Shuya and watched. She was still smiling, but she already had a bad feeling in her heart.

Lin Shuya turned on her phone. The first thing Qin Churou saw was the app icon of H City High School on her phone.

Qin Churou's heart skipped a beat.

Her palms were already sweating.

Lin Shuya tapped on it. "Rou'er, what's with the posts?"

Qin Churou bit her lip. "Mom, did you go to see Sister today?"

Her form teacher had already promised her that he wouldn't tell Lin Shuya about this.

The only possibility was Qin Sheng.

Lin Shuya nodded. "I went to look for her."

Qin Churou was very emotional. "Mom, didn't I tell you not to go look for Qin Sheng?"

Qin Churou despised Lin Shuya in her heart.

She had told her not to go to Qin Sheng, but Lin Shuya did not listen to her.

If she was not worried about being criticized, she would have accompanied Lin Shuya to school.

"Qin Sheng spread the photo of your disfigured face. I couldn't take it. Even if Qin Sheng left the Qin family, and she broke off relations with me, she was born after ten months of being pregnant. I have the right to teach her a lesson. Rou'er, why did you stop me?"

Lin Shuya looked at Qin Churou suspiciously.

At this time, Qin Churou also realized that she was too emotional.

She hurriedly hugged Lin Shuya's arm, her eyes red. "Mom, I forgot to mention something. I didn't let you look for Sister previously. No, I didn't want you to look for Qin Sheng because I didn't want your relationship to completely break up. After all, she is your biological daughter with Dad."

"When you regret it one day, the two of you can also ease your relationship."

The doubts in Lin Shuya's heart disappeared.

She held Qin Churou's hand with a heartache. "I'm sorry. It's Mom who wronged you. Rou'er, tell me what happened. As for Qin Sheng, you don't have to worry. You're my only daughter. Qin Sheng will never be able to return to the Qin family."

Qin Churou nodded.

After hesitating for a long time, she finally told her what happened.

Chapter 407: Qi Wenshi's Interrogation

"Sister released the photos of my disfigurement first. As for the ones that happened on the forum, I'm not sure. The photo of Qin Sheng being sold to Feng Shuo as his lover was not sent by me either. Sister should be able to get in touch with that contract. As for my family's contract, Dad hid it well. How could I find it?"

"H City High School's Number One Handsome Guy, who has repeatedly exposed the secrets, seems to have a very good relationship with Qin Sheng. He's always protecting Sister."

Lin Shuya was very stupid, but Qin Churou's reminder was very obvious.

Lin Shuya's brows were tightly knitted together. "Rover, you mean that Qin Sheng acted on her s own to ruin your reputation?"

"Maybe Sister is angry that she was kicked out of the Qin family." Qin Churou pinched the corner of her shirt.

"This is outrageous!" Lin Shuya was furious. "How could I have a daughter like Qin Sheng?"

Lin Shuya had always trusted Qin Churou. At this moment, she did not doubt Qin Churou's words.

Qin Churou hugged Lin Shuya's arm. "Mom, don't go looking for her. She's very smart. I'm worried that she will frame me again. I want to work in the entertainment industry in the future, so my reputation can't be tarnished."

Lin Shuya hugged Qin Churou with a heartache. "Whatever, I'm sorry."

Qin Churou shook her head. "It's fine."

However, she heaved a sigh of relief in her heart.

There shouldn't be any problem in scaring Lin Shuya. She wasn't afraid that this matter would be leaked.

However, Qin Hai...

"Mom, don't tell Dad about this," Qin Churou reminded.

Lin Shuya nodded. "Okay."

The next day was Saturday.

Although Qin Churou wanted to enter the entertainment industry and become a movie queen in the future, she also wanted to become a master painter.

Qi Wenshi had said that she had talent, so she must be able to do it.

As for the time when Old Master Lu had ridiculed her, Qin Churou didn't think much of it. Lu Zhongguo must have embarrassed her because of Sheng.

Qin Churou had made up her mind that she would become even more powerful than Sheng and slap Lu Zhongguo in the face.

'When she arrived at Qi Wenshi's house, Qin Churou called out respectfully, "Teacher."

Qi Wenshi was sitting on the sofa. When he saw Qin Churou, he snorted coldly.

"Do you think of me as your teacher?"

Qin Churou had a bad feeling;

've always thought of you as my teacher."

Qi Wenshi stared at Qin Churou. Normally, he would really believe her words.

However, after Old Master Lu showed him the video, he knew that Qin Churou was just a person full of lies.

Qin Churou called him teacher every day, and she was very filial, but who would have known that she was just pretending?

She turned around and sold him out, wanting to acknowledge Lu Zhongguo as her teacher.

Qi Wenshi's face was gloomy. "Qin Churou, tell me, how many years have I taught you?"

"Nine years," Qin Churou answered obediently.

Ever since she was nine years old, Qi Wenshi had taken a liking to Qin Churou's talent and started to teach her how to paint.

"How have I treated you these past few years? Have I ever mistreated you?" Qi Wenshi asked again.

Qin Churou shook her head. "Teacher has been very good to me. He has tried his best to teach me."

These words were true.

Qin Churou was very likable and extremely talented. Qi Wenshi liked her very much and had always tried his best to teach her.

It was only after the incident at H City's Painting Association that Qi Wenshi's attitude towards Qin Churou changed slightly.

Qi Wenshi sneered. "If that's the case, then why do you still want to take Lu Zhongguo as your teacher?"

Chapter 408: Recorded the Video

Qi Wenshi's voice was very loud. Qin Churou was stunned and subconsciously denied, "Teacher, did you misunderstand something?"

Qi Wenshi ignored Qin Churou's words and said directly, "Qin Churou, you said that I have a bad temper and that I can't take care of you properly. If it weren't for me, would your painting be this good?"

Qin Churou had already vaguely guessed something.

Her hands were tightly clenched together.

"Qin Churou, did you see that Lu Zhongguo is the number one master painter in the country, and I'm not good enough to bring you into the Youth Painting Competition? I don't have the ability to teach you, right?"

Qi Wenshi's face was dark. Why didn't he know that he had taught an ingrate before?

1

He had been teaching Qin Churou for nine years, yet Qin Churou still wanted to acknowledge someone else as her teacher!

Qin Churou bit her lip, not knowing how to respond.

"Qin Churou, you clearly know that Lu Zhongguo and I have been enemies for many years, yet you still went to acknowledge him as your teacher? Do you still have me as your teacher in your eyes?" Qi Wenshi threw the teacup on the table onto the ground.

It splashed all over the ground.

If Qin Churou had gone to acknowledge someone else as her teacher, Qi Wenshi would have been angry, but he would not have been this angry.

However, the person that Qin Churou had chosen was Lu Zhongguo.

Everyone in the painting world knew that he and Lu Zhongguo were not on good terms.

Now, the disciple that he had been teaching for many years wanted to be Lu Zhongguo's student, but in turn, she was slandering him as her teacher.

Wasn't this slapping his face?

If word got out, how would they look at him?

The fragment landed beside Qin Churou's feet. Qin Churou's body trembled and her face turned pale.

However, she still held onto a sliver of hope and wanted to make things right.

"Teacher, I'm sorry. I really don't know what you're talking about." Qin Churou's eyes were red.¹

Qi Wenshi sneered and turned on his phone. A video was playing.

"Old Master Lu."

It was Qin Churou's voice.

Qin Churou's body trembled even more. "I'm sorry, Teacher."

"Qin Churou, if I hadn't seen this video, I would have been fooled by you." Qi Wenshi's gaze was very cold.

Qin Churou gritted her teeth.

Why did he record the video?

Even if he didn't want to accept her as his student, he insisted on recording the video and even sent it to Qi Wenshi.

1

She had never offended him before, so what right did he have to treat her like this?

Qin Churou gritted her teeth. Her previous life had been smooth sailing.

But now, each and every one of them was forcing her into a dead end.

"I'm sorry, Teacher. I was wrong." Qin Churou apologized in a low voice.

Although Qi Wenshi was angry, Qin Churou was a good seedling that he rarely met. Qi Wenshi was counting on Qin Churou and his other student to let him shine in the painting world.

Qi Wenshi naturally wasn't willing to give up on Qin Churou just like that.

But in the future, he didn't have to be too nice to her.

An ingrate didn't need to be treated well.

1

Qi Wenshi's expression didn't soften. "Qin Churou, on account of our many years of friendship, I'll let it go this time. If there's a next time, I won't be able to be your teacher."

Qin Churou agreed repeatedly.

Now that she did not have a better candidate for a teacher, she could only continue to regard Qi Wenshi as her teacher.

In the end, Qin Churou was looking down on Qi Wenshi now.

Previously, she had thought that Qi Wenshi was very powerful. She did not expect that he was just an outdated painter. Even the chairman of a small Painting Association did not put him in his eyes.¹ Qin Churou was used to acting. She did not let Qi Wenshi discover her thoughts.

If Qi Wenshi knew, he would probably be so angry that he would vomit blood.

Chapter 409: Reading Medical Books

Qin Churou wasn't in school, and the students weren't eating melons. They were studying every day between classes.

There was less than a month left before the college entrance examination.

They wished they could split their time into two parts.

Only when they needed to relax would they run to the forum to criticize Qin Churou and then log off.

As for Qin Churou, even if she stayed at home, she couldn't concentrate on her studies.

She couldn't help but log on to the forum, looking at the posts and comments on it as if she was masochistic.

Qin Churou really wanted to go up and fight with them, but she didn't dare to appear.

There wasn't a single person on the forum who defended Qin Churou. If Qin Churou used her alternate account to rashly go out, it was hard to guarantee that she wouldn't be noticed.

Since H City High School's Number One Handsome Guy was able to find one of her alternate accounts, he would be able to find her second.

Qin Churou realized that her condition wasn't right. If this continued, her scores would make it difficult for both Imperial Capital University and Capital Film and Television University.

Qin Churou's goal was Capital Film and Television University. This didn't require a particularly high score for the college entrance examination. It only required 500 points.

After passing the art exam, it would be enough.

However, Qin Churou still wanted to get a good score and become the envy of everyone.

She also wanted to be in the top three in the country for the art exam.

If she got into the top three, she would be noticed by many people. Qin Churou wanted to be a star and a movie queen. If she was noticed from the start, this path would be much easier.

Qin Churou's original plan was to start reviewing the contents of the art exam two months ago.

However, after Zhao Jia cut her face, she shelved her plan.

The art exam was even earlier than the college entrance exam.

There were only two weeks left until the art exam, so there wasn't much time left for Qin Churou.

Qin Churou was very anxious. If she wanted to focus on her studies, she simply couldn't do it.

Fortunately, she had a certain talent in studying.

Even if she was distracted, she still remembered some of it. It was just that her learning efficiency wasn't that high.

As for Qin Sheng, she was in school. During class breaks, she would read medical books.

During class, Qin Sheng would listen to the lectures seriously. This was also a form of respect for the teachers.

The teachers in Class 4 all liked Qin Sheng very much.

With Qin Sheng around, the results of Class 4's studies had improved by dozens of points. In a short period of time, it was the first time they had seen such a huge improvement.

Most of the students in Class 4 were able to pass the second entrance examination.

The teachers of Class 4 did not dare to attribute the improvement of the students to themselves.

They knew very well that the credit was mainly due to Qin Sheng.

After Qin Sheng came, the students of Class 4 finally fell in love with learning.

Usually, the students liked to look for Qin Sheng to ask questions. Qin Sheng's train of thought was very clear. They would understand it after listening to it once.

Qin Sheng would also organize the notes for the students of Class 4.

Who wouldn't like such an obedient student who would share the teacher's worries?

Qin Sheng's only weakness was that... Er, she was a little cold.

In the blink of an eye, there were only two weeks left before the college entrance examination.

Now, the teacher was no longer lecturing, leaving the time for the students to review themselves.

Everyone was burying their heads in the questions.

Only Qin Sheng was reading medical books.

These medical books had nothing to do with the college entrance examination. When Teacher Lin saw it, she felt helpless.

But she couldn't say anything about Qin Sheng.

A month or two ago, Qin Sheng had started reading medical books.

But Qin Sheng's grade didn't drop. Her test scores were close to full marks..

Chapter 410: Notes

Teacher Lin had wanted to talk to Qin Sheng countless times, but she was unable to open her mouth. She was doing other things without delaying her studies. What could she say?

Teacher Lin could only turn a blind eye.

The bell rang for the end of class and Teacher Lin left her seat. Qin Sheng chased after her. "Teacher, wait."

Teacher Lin stopped and adjusted her glasses. She was very surprised. "Student Qin Sheng, what's the matter?"

Qin Sheng passed the notebook in her hand to Teacher Lin. "These are the summaries of the various subjects I have done. Teacher, you can print them out for the other students."

This was prepared by Qin Sheng during her free time at night.

Because of this, she had not been on Black Emperor for the past few weeks.

Qin Sheng's intuition was very accurate. She wrote down some of the contents of the general examination.

Most of them were similar. Perhaps she needed to draw inferences from one example.

In her previous life, although Qin Sheng had participated in the college entrance exam, because of Qin Churov's pleas, she deliberately did poorly in the exam. She only did a few questions. She had never seen the other questions.

As for the college entrance exam questions that she had done and had an impression of, she did not include them in the notebook that she gave to Teacher Lin.

Teacher Lin took the notebook and read it carefully.

"I go back to the classroom first," Qin Sheng said.

Teacher Lin was only concerned about the notebook that Qin Sheng had given her. Hearing this, she waved her hand and said, "Go ahead."

Teacher Lin looked at the notebook that Qin Sheng had summarized and became more and more surprised.

There were not many questions in it, but one question contained quite a few knowledge points.

Teacher Lin casually flipped through Qin Sheng's notes for the other subjects.

Teacher Lin still roughly remembered some of the contents of high school.

Looking at it, she nodded her head repeatedly. With this summarized note, she didn't have to worry too much about Class 4's results.

Teacher Lin didn't know how many times she felt that she was lucky. At that time, she didn't push Qin Sheng away and allowed Qin Sheng to enter Class 4.

Teacher Lin didn't hesitate. She immediately printed out the notebook and sent it to the students of Class 4.

'When the students of the other three classes heard that this was the notebook that Qin Sheng had summarized, they ran over and wanted to borrow it from the students of Class 4.

Qin Sheng's notebook was printed for the students of Class 4. Without Qin Sheng's permission, they didn't immediately agree to lend the notebook out.

Instead, they first asked Qin Sheng.

Qin Sheng didn't want to hide it in the first place. When the students of Class 4 asked, she agreed.

However, Qin Sheng gave a few names. These notes could not be given to those people.

It was Lu Ming who had dug up the few people who had scolded Qin Sheng the most on the forum.

Qin Sheng was not a saint. It was already good that she did not deal with them, not to mention giving the notes that she had painstakingly organized to the people who were targeting her.

Lin Feng pricked up his ears after listening to Qin Sheng's words. He stood up and said, "Tell those who asked for our notes that if they dare to give the notes to those who Sister Sheng named, then don't blame me for being rude."

The students of Class 4 agreed.

Naturally, they would not give the notes to those that Sister Sheng was unwilling to give.

Those few students who were named by Qin Sheng were very eager for Qin Sheng's notes.

Since the students of Class 4 did not give them the notes, they went to ask their friends and classmates for them again.

However, they all evaded them.

They were also afraid that they would be peeked at, so they protected the notes tightly.

No matter how much they wanted to see Qin Sheng's notes, they were helpless.

Those students did not offend Qin Sheng in real life. They only scolded Qin Sheng harshly on the forum.

They quickly thought of this reason.

They did hate Qin Sheng, but how was this more important than the college entrance examination?

Qin Sheng's notes were said to be very good.

They regretted it.. If they had been able to endure it and not scold Qin Sheng, would they have been able to read the notes?
