

## Bigshot 41

### Chapter 41: Qin Churou Is a Big White Lotus

When the auntie heard this, she paused her hand that was reaching for the food. She looked up at Huang Xiaoyan and immediately understood.

She nodded and prepared the dishes for Huang Xiaoyan.

The auntie knew that Huang Xiaoyan ate a lot. Every dish was filled to the brim with a spoonful. Without trembling, she filled her plate to the brim.

"Thank you, Auntie," Huang Xiaoyan smiled and called out sweetly.

"You're welcome." The lunch lady smiled and waved her hand. Huang Xiaoyan had a sweet mouth and was cute. The lunch lady would not be stingy with her food. When she served others, she would shake her spoonful a few times. However, in front of Huang Xiaoyan, she filled it to the brim.

Qin Sheng was used to Huang Xiaoyan's appetite and was not surprised.

On the contrary, Qin Churou's group was mocking her. "Eat, eat, eat. She'll die if she doesn't get fat."

Huang Xiaoyan didn't get fat from eating. In this aspect, they were even more jealous of Huang Xiaoyan. They worked hard to control their food intake so that they could maintain their physiques. They didn't dare to touch many dishes.

They were all from Class 1. Those from Class 2 and Class 3 would try to please them. Only Class 4 was different and looked down on them. Huang Xiaoyan was the leader. They hated Huang Xiaoyan to the core.

Every time they met Huang Xiaoyan, they would mock her.

The moment these words came out of their mouths, the others also chimed in. "If she's not fat now, who knows what will happen in the future?"

"Her grades aren't good. She can only rely on this skill. Maybe in the future, she can rely on it to make a living."

"Aren't they all the same when they hang out with Qin Sheng?"

As they spoke, they directed the fire at Qin Sheng and began to slander her.

"You guys say that Qin Sheng is from the countryside. Then what does she eat, wear, and live like in the countryside?"

"She must have eaten sweet potatoes and lived in a mud house every day in the countryside. She must have worn patched clothes that no one wanted. Only after she became a mistress could she wear such good clothes. Otherwise, she might have stayed in the countryside to hoe the fields."

There was a burst of laughter.

The corners of Qin Churou's lips curled up slightly.

Huang Xiaoyan wanted to rush up and argue with them, but she was stopped by Qin Sheng.

They found a seat by the window and sat opposite each other. This seat was relatively remote, and the few tables around it were empty.

Huang Xiaoyan looked in Qin Churou's direction, and she lowered her voice and said, "Sheng Sheng, don't bother with Qin Churou. Qin Churou is a very bad person."

This was the first time Qin Sheng had heard someone say bad things about Qin Churou. She asked with interest, "Isn't she very outstanding? I think everyone likes her very much."

"That's all because of her acting. What she likes the most is others fawning over her. She's high and mighty, and her nose is up to the sky every day. It just so happens that it's rumored that she's very kind and easy to get close to."

Huang Xiaoyan looked around to make sure that no one had noticed them. She continued to be indignant. "Sheng Sheng, do you know? As far as I know, anyone who has offended Qin Churou, as long as their family background is worse than hers, will be in trouble or leave the school. I can guarantee that it has something to do with Qin Churou. I really want to expose her true colors, but unfortunately, I don't have any evidence."

"Qin Churou is a big white lotus. The girls around her might not really like her, but those boys like Qin Churou, the soft and weak big white lotus."

As soon as she finished speaking, a voice squeezed in. "Hey, hey, those boys don't include me."

Lin Feng carried more food than Huang Xiaoyan and sat beside her. He wanted to sit with Qin Sheng, but he didn't have the guts.

#### **Chapter 42: Lu Ming Eavesdropping**

Huang Xiaoyan patted her chest and glared fiercely at Lin Feng. "You're really coming out of nowhere like a ghost. Lin Feng, are you courting death?"

Lin Feng grinned and said obsequiously, "Sister Sheng, Qin Churou's entire body exudes the aura of a white lotus. I'm not the kind of person who doesn't have eyes."

Lin Feng's family background was not bad as well. There were many who wanted to curry favor with him.

Lin Feng had once made a bet with someone. The loser would choose a girl as his girlfriend.

In the end, Lin Feng lost and became a boyfriend and girlfriend with a very weak girl who had been pursuing him.

That girl would act coquettishly from time to time. She did not even have the strength to twist a bottle cap. She was also very kind. Even if someone hurt her, she would plead on behalf of the other party.

However, one day, Lin Feng saw her abusing the cat that she had raised. She kept stabbing it with needles. That twisted face made Lin Feng feel like vomiting half to death.

From then on, Lin Feng didn't have a good impression of this kind of gentle and weak girl.

Naturally, he also didn't like Qin Churou.

He had seen many women who were more beautiful than Qin Churou. He even scoffed at Qin Churou becoming the school beauty.

Not only Lin Feng and Huang Xiaoyan, but all the students in Class 4 disliked Qin Churou.

Among the students who mocked Class 4, Qin Churou was one of them. However, Qin Churou's methods were very advanced. When Class 1 mocked Class 4, Qin Churou would always appear. On the surface, she was helping Class 4, but in reality, Qin Churou was talking about Class 1 discussing Class 4 being a waste of time.

The people in Class 4 disliked Qin Churou very much.

Qin Churou was kind? She was just pretending.

"Alright, I'll stay away from her." Qin Sheng nodded.

Huang Xiaoyan ate a big mouthful of food, and her mouth was covered with oil. "Shengsheng, next week is the standard test. Your results are so good, yet you defeated Qin Churou and those guys from Class 1. Let's see if they can still be arrogant."

Lin Feng glanced at the food on Huang Xiaoyan's plate and looked at it with disdain.

"You eat more than a boy like me. Huang Xiaoyan, are you a pig?"

Huang Xiaoyan rolled her eyes. "A pig clearly eats more than me."

Qin Sheng sat on the chair and listened to their bickering. The corners of her lips curled up slightly.

Near their table, a boy was listening to their conversation. This boy was Lu Ming.

As soon as Qin Sheng and the others left, he picked up his phone and said, "Brother, I saw Sister-in-law."

Lu Ming had always been a lackey in front of Fu Hanchuan. When Fu Hanchuan asked him to take care of Qin Sheng at school, he realized that Fu Hanchuan treated Qin Sheng differently, so he tried calling her Sister-in-law. Fu Hanchuan agreed to give Lu Ming a top-notch computer, which made Lu Ming very happy.

Lu Ming swore that he would protect Qin Sheng well. If he protected her well, he would get a lot of benefits.

Fu Hanchuan put down the pen in his hand and his gaze fell on the photo on the table. There was a cold girl on it. He had secretly taken this photo of Qin Sheng.

"Continue."

Lu Ming said in a gossipy tone, "Brother, many people in the school are discussing that Sister-in-law has been taken care of and is with an old man."

As soon as he finished speaking, Lu Ming could feel the cold air coming from the phone. He touched his arm and quickly spoke, "Brother, don't worry, there's no evidence. This is probably a rumor. There must

be some little b\*tch who's jealous of Sister-in-law and making things up. Sister-in-law is too beautiful. Good-looking people will always make others jealous."

These words were true. When Lu Ming saw Qin Sheng for the first time, he was shocked.

Fu Hanchuan narrowed his eyes and tapped his finger lightly on the table.

"Okay, Lu Ming, you are in school. If anything happens to Sheng Sheng, tell me in time."

### **Chapter 43: Youth Painting Competition**

Lu Ming touched his arm. He was disgusted by the word 'Sheng Sheng'.

His cousin was very cold. Usually, he would not say much to people who had nothing to do with him. When it came to women, he kept an extremely large distance from them. He thought that he would be a bachelor for the rest of his life.

He did not expect Qin Sheng to appear.

She was still a third-year high school student. Wasn't he like an old cow nibbling on young grass?

Lu Ming thought so, but he didn't dare to say it out loud. He nodded and agreed with a smile.

Taking care of Qin Sheng wasn't a problem. On the contrary, he could get benefits from Fu Hanchuan.

He had been working on that top-notch computer for many years, but he still refused to give it to him. Lu Ming only agreed to take care of Qin Sheng in school, and he gave the computer to him.

It was as if a new continent had happened to Lu Ming. He had to cling tightly to Qin Sheng's thigh.

After hanging up the phone, Fu Hanchuan's slender and good-looking fingers swiped across the screen of his phone. He opened his contact list, and the top contact was Qin Sheng.

The middle school in H City was not strict, so they could bring their phones.

However, Fu Hanchuan was worried that he would disturb Qin Sheng. No matter how anxious he was, he controlled his emotions and did not call her.

In school, Qin Sheng was still being pointed at by some people. However, with the principal's orders, they did not dare to be too presumptuous. Qin Sheng did not care about the gazes of unrelated people.

After returning to the Qin family, she was also questioned by Qin Hai.

Qin Sheng replied indifferently that it had nothing to do with her. She went upstairs and didn't eat. When she came back, she had already eaten on the way.

Qin Hai was so angry that his chest heaved up and down vigorously. He called her a rebellious daughter.

Qin Churou was the same. She couldn't believe it. Qin Sheng's attitude was completely different from what she thought. She was known as being kept as a mistress and a country bumpkin. This was easy for her to be isolated by the students. Now, Qin Sheng was being criticized by almost everyone in the school except for Class 4. Shouldn't Qin Sheng be in pain and sadness?

But Qin Sheng was acting as if nothing had happened.

'Qin Sheng must be faking it.' Qin Churou could only comfort herself like this. She still felt very uncomfortable.

Not long after she returned to her room, she received a call from Fu Hanchuan. Her brows were slightly curved.

She put the phone to her ear. "Brother Fu."

Qin Sheng was very cold, but in front of Fu Hanchuan, her voice was tinged with warmth.

In this world, she only dared to trust Fu Hanchuan and Old Master Lu.

"Sheng Sheng." Fu Hanchuan stood in front of the French window and pulled open the curtains. "Are you okay?"

Qin Sheng was only stunned for a moment before she understood that Fu Hanchuan was referring to the incident that happened at school today. She didn't want Fu Hanchuan to worry, so she answered truthfully, "It's not a big deal. It'll be fine after a long rumor."

Fu Hanchuan heaved a sigh of relief. "Then, do you need my help?"

"No need, Brother Fu." Qin Sheng narrowed her eyes. "I know who spread this rumor."

Fu Hanchuan nodded and said in a slightly hoarse voice, "If you can't solve it, remember to look for me."

"Okay." Qin Sheng agreed. However, Qin Churou didn't need Fu Hanchuan's help. It wouldn't be difficult to get rid of her.

The two chatted for a while more before hanging up.

Qin Sheng sat in front of the computer desk. There was a page of introduction about the National Youth Painting Competition. It would be held in more than three months. It was called the Youth Painting Competition for short. H City only had two spots.

Before the Youth Painting Competition was held, H City would have a selection. The participants would send their paintings to the painting association of H City. They would then select the two best paintings.

In the previous selection competition of H City, Qin Churou was second.

Qin Sheng's standard was higher than Qin Churou's. Her talent in painting was extremely high, and she was good at observation. Her paintings were very spiritual.

#### **Chapter 44: Protecting the Child**

In his previous life, Old Master Lu would also give Qin Sheng some pointers on her paintings. He would often sigh that he could not catch up with Qin Sheng. When his paintings were placed together with Qin Sheng's anonymously, those people would think that Qin Sheng's paintings were better than his.

Qin Sheng narrowed her eyes. If she remembered correctly, the competition to register for H City was in the next few days. She would send the paintings to H City's Painting Association two weeks later.

When she came back, she heard Qin Churou say that she had already signed up.

Qin Sheng opened the registration page, filled in the information, and clicked to confirm the registration.

In fact, she previously did not plan to sign up. Painting was just one of her interests. Qin Churou had offended her, and she was not someone who was willing to be wronged.

So, she signed up for the painting competition in H City and would help to reject Qin Churou.

In her previous life, Qin Churou had won an excellent award in the Youth Painting Competition. Her ranking wasn't high, but as long as she could participate in the Youth Painting Competition, she was almost always the best among her peers.

Qin Hai took this and bragged in front of his friends for a long time. Qin Churou had also made a name for herself.

Qin Sheng didn't want to give Qin Churou this opportunity.

Qin Sheng didn't take any more orders regarding computer protection systems. After signing up, she turned off the computer and picked up the drawing board. The board was still blank.

She had been busy with company matters these days and was not free. Now, she was much more free.

The brush landed on the drawing paper. After a long while, Qin Sheng only wrote one word: regret.

—

Qin Sheng rejected Fu Hanchuan's help, but Fu Hanchuan still asked Assistant Lin to investigate.

In less than a day, the results were sent to Fu Hanchuan.

"President, Qin Churou is very suspicious. She did it secretly. I can't find any evidence." Assistant Lin called Fu Hanchuan to report.

Fu Hanchuan rarely went to the company. The company's affairs were usually sent to Fu Hanchuan's home by Assistant Lin.

It was not particularly important, nor did it need to be signed. It was Assistant Lin who told Fu Hanchuan over the phone.

"Qin Churou." Fu Hanchuan's thin lips opened slightly, and his voice was very cold. "Doesn't Qin Hai want that piece of land? Buy it, no matter the price."

Fu Hanchuan protected his family. He would not allow anyone to bully his people.

Qin Churou was left for Qin Sheng to play with. But that did not mean that he would not do anything.

Assistant Lin nodded. "Yes."

That piece of land belonged to a partner of Fu Hanchuan's company. When he heard that Fu Hanchuan wanted that piece of land, he also wanted to curry favor with HD Group. Without saying anything, he gave that piece of land to Fu Hanchuan.

After all, there were not many opportunities to curry favor with the HD Group.

Assistant Lin still bought it at the market price. The HD Group would not want to owe a favor.

The Qin Real Estate and the Fang Corporation had not signed the contract yet. Since the Fang Corporation had gone back on their word, there was nothing Qin Hai could do. He was so anxious that the corner of his mouth was bubbling. He quickly called, "Chairman Fang, look here, didn't we have an agreement?"

Qin Hai's tone was very respectful. The Fang Corporation was very powerful and he did not dare to offend them.

The chairman of the Fang Corporation narrowed his eyes into a line. He said with a smile, "Didn't we not sign the contract yet? I am also in a difficult position. Someone has bought it and the other party is very powerful. I cannot offend him, right?"

Qin Hai was furious.

First, he said he did not sign the contract. Wasn't this telling him that he could not do anything to him even if he went back on his word?

"Chairman Fang, we can discuss the price again, as long as you're willing to give me the land." Qin Hai lowered his voice. He really needed that piece of land now.

Chairman Fang didn't change his words. "Chairman Qin, this isn't about the money. The main thing is that he wants it. If I offend him, I won't be able to handle it."

#### **Chapter 45: HD Group**

Chairman Fang had been emphasizing that the other party was very strong, someone that even he was afraid of. Qin Hai was also suspicious. "Then who is this person?"

"The chairman of HD Group," Chairman Fang answered with a smile.

Qin Hai kept quiet.

HD Group was an existence that no one dared to provoke in H City. Even he had to curry favor with them.

"Look at this. I really have no other choice, right? I also want to give it to you. I'm just afraid that HD Group will take revenge on me, right?"

Qin Hai could not hear clearly what the chairman of the Fang Corporation said.

He hung up the phone with trembling hands.

He would fight for the other people to get that piece of land. However, that was HD Group. In H City, no one could offend the HD Group.

He was not willing to give up that piece of land. It was an important step for the further development of the Qin Group.

Qin Hai tossed and turned all night and did not sleep at all. He was in a bad mood.

The next morning, when he saw Qin Sheng, he vented all his anger on her.

“Qin Sheng, you must separate from that man. A third-year high school student learning how to fall in love. What does it look like?”

Qin Hai could not find the reason to scold Qin Sheng. It was related to the phone call the principal had made to him.

He did not want to clarify the rumor that Qin Sheng was kept by an old man. On the contrary, he felt that even if Qin Sheng was not kept, there was no smoke without fire. Qin Sheng was not innocent.

Qin Churou was the one who said it. She had seen a man peel shrimp for Qin Sheng with her own eyes. How long had it been since Qin Sheng came back, and she was already flirting with a man?!

Qin Sheng was beautiful, so it was normal for people to target her. She was not raised by the Qin family, so it was normal for her to not be able to resist money.

Qin Hai had already determined that Qin Sheng had done something wrong.

Hearing this, Qin Sheng ate the last mouthful of bread. She stood up and glanced at Qin Hai lightly. “You’re sure that I did this?”

Qin Hai would not admit that he was wrong. “If you didn’t do it, how could such a rumor be spread?”

Qin Sheng’s half-smiling gaze landed on Qin Churou. She laughed mockingly again. “That’s right. You never believed me.”

After saying that, she picked up her school bag, and her back view did not show the slightest bit of nostalgia.

She did not want to stay in this home, and it was not her home either. She had never had a home before.

Qin Hai vented his anger, and his mood improved a little.

Seeing Qin Sheng leave, he was no longer angry.

He sat on the chair and picked up a piece of bread. His attitude was completely different from how he treated Qin Sheng. He was very amiable. “Rou’er, what are you going to draw?”

Naturally, he was asking about the matter of participating in the H City’s Youth Painting Competition.

“I’ve already prepared the topic. Teacher will guide me,” Qin Churou replied.

“Just try your best.”

Qin Hai had already determined that one of the two spots in H City would be Qin Churou. Qin Churou was Master Qi’s student. Master Qi was a person with an extremely high status in the field of drawing. Even the people from the H City’s Painting Association had to be respectful towards him.

“Okay.” Qin Churou also thought that the spot was hers, but she was very modest. “There are many painting experts in our city. I might not be able to participate.”

Qin Hai disagreed. “Rou’er, you have the ability. You are Master Qi’s student. You will definitely be able to do it.”

"Then, I will try my best."

Qin Hai smiled.

Lin Shuya had just woken up. When she saw the father and daughter talking and laughing, she also smiled. Ever since Qin Sheng came back, the atmosphere at home had rarely been like this.

"Rou'er, what are you two talking about behind my back?"

Qin Churou hurriedly hugged Lin Shuya's arm and said fawningly, "Mom, aren't we talking about participating in the Youth Painting Competition?"

#### **Chapter 46: Looking For Fu Hanchuan**

"Don't worry, you'll definitely be able to participate." Lin Shuya smiled and tapped Qin Churou's forehead.

Lin Shuya liked Qin Churou very much, almost to the point of doting on her. Qin Churou was very considerate, and Lin Shuya doted on Qin Churou with all her heart.

Qin Hai was also very good to Qin Churou, but this was good because it was mixed with many benefits. He was a person who prioritized benefits. When he married Lin Shuya back then, he also took a liking to her family background, but he didn't expect her to sever her relationship with the Lin family.

"Mom, I will definitely work hard and bring you back a big award." Qin Churou also smiled.

"Okay, okay, okay."

Lin Shuya felt that Qin Churou was extremely considerate, unlike Qin Sheng. Although Qin Sheng was related to her by blood, she did not look like her daughter at all.

When Qin Hai saw this scene, the depressed feeling in his heart slowly dissipated.

After breakfast, he went to the HD Group and stood in front of the HD Group. When he looked at this company, he felt an inexplicable fear in his heart and his legs trembled slightly.

Qin Hai had some ability to develop the Qin Real Estate to this point. He had seen the world.

However, when facing the HD Group, he could not be arrogant anymore.

Walking into the company and arriving at the front desk, Qin Hai took out his business card and said, "Hello, Can I meet your CEO?"

The front desk lady looked at Qin Hai. There were many people who came to look for the CEO every day, but the CEO had never agreed to meet anyone.

If it weren't for Assistant Lin's special instructions, she would have rejected him directly.

At this moment, she took Qin Hai's business card. "Wait a moment, I need to make a call."

The receptionist asked for Assistant Lin's instructions.

After Assistant Lin heard it, he nodded. "The CEO is not free right now. Tell him to wait."

The receptionist was a little surprised. The CEO was going to meet him? Even she had never met the CEO before, so very few people knew who the CEO of HD Group was.

Putting down the phone, the receptionist brought Qin Hai to the reception area. "The CEO will come to see you, but he is not free now."

Hearing that the CEO of HD Group wanted to see him, Qin Hai was a little excited.

The CEO of HD Group would not meet people easily. He did not have much hope when he came over, but he did not expect him to agree.

Qin Hai held a glass of water and sat on the sofa in the reception area. His palms were sweating.

Assistant Lin also called Fu Hanchuan to tell him about this. "President, Qin Hai is at the company."

Fu Hanchuan narrowed his eyes and looked at his watch. The corners of his lips curled up. "Tell him that I have something to do in five hours."

Just like that, Qin Hai waited in the reception area for a full five hours.

After three hours, he couldn't sit still anymore. He couldn't help but ask the receptionist, "Is your President done?"

After the receptionist made a phone call, she said apologetically, "I'm sorry, but the CEO is still busy."

"It's okay, it's okay. They can come when they're done." Qin Hai was very magnanimous.

However, another hour passed, and he still didn't see the CEO of HD Group.

When he asked the receptionist, the answer was the same.

Five hours later, Qin Hai was already a little impatient.

He really wanted to leave just like that, but this was a rare opportunity to meet the legendary president of HD Group, and he didn't want to give up.

If he could build a relationship with him, he could get countless benefits. It was his dream to be able to make friends with the powerful through the chairman of HD Group.

Qin Hai took a big gulp of water. This was already the eighth glass of water.

The receptionist walked over.

Qin Hai hurriedly stood up, thinking that he was going to see him. He tidied his clothes and made sure that there was no problem. He was ready to see Fu Hanchuan.

#### **Chapter 47: Qin Sheng Offended Someone?**

Unexpectedly, the receptionist said apologetically, "Chairman Qin, I'm sorry. The President has something on at the last minute and couldn't come over. Why don't you come back tomorrow?"

Qin Hai's expression froze.

He had waited for five hours, and all he could do was say that he had something on at the last minute and dismiss him?

However, Qin Hai didn't think that Fu Hanchuan was playing him.

He could only say with a stiff expression, "Alright, since they're not free, I'll come back tomorrow."

The receptionist sent Qin Hai off with a smile on her face. Her attitude was no different from before.

However, she already had a thought in her heart. She could already tell that the CEO did not like this Qin Hai and was deliberately toying with him. However, this Qin Hai did not seem to notice.

After the receptionist went back, she also probed Assistant Lin's tone. It was just as she had thought.

The next day, when Qin Hai came over, the receptionist had already lost her good attitude towards him. She sent him away impatiently. "The President has something on today, so he won't come over."

Qin Hai choked. He had a vague guess in his heart, but he still didn't give up.

"Can you give me his number? I'll come over again when they're free."

The receptionist smiled sarcastically. "I don't have the President's number either."

Qin Hai could only leave first.

The next day, he still did not see Fu Hanchuan.

On the third day, Qin Hai was already very impatient. If he still did not know that the other party was playing him, he would not be able to develop the Qin Group to this stage. If the other party still did not see him, he would not send his face up to be trampled on by him.

However, on this day, Assistant Lin came down to see him personally. Assistant Lin was Fu Hanchuan's assistant. To the outside world, he was the silent representative of Fu Hanchuan.

Assistant Lin came to see him. Did it mean that he wanted to bring him to Fu Hanchuan?

Thinking of this, Qin Hai quickly went up to him.

Assistant Lin was wearing a pair of glasses and a black suit. He had an indescribable aura.

Qin Hai showed more respect to Assistant Lin. He reached out his hand and said, "Assistant Lin, hello."

Assistant Lin adjusted his glasses but did not hold it.

Qin Hai's hand froze in mid-air. A hint of embarrassment flashed across his face as he withdrew his hand.

"Are you taking me to see your president?"

Assistant Lin embarrassed him, but his tone was still very respectful.

"The President is very busy. He arranged for me to see you. What do you want to talk about?"

Qin Hai looked around and frowned slightly. "Why don't we talk somewhere else?"

Assistant Lin rejected, "I still have to report to the CEO later. I don't have enough time."

Qin Hai could only say, "You see, our Qin Group needs that piece of land in the north of the city. Can you give it to me? You can ask for as much as you want."

"Chairman Qin, I won't beat around the bush with you." Assistant Lin told the truth. "Our CEO asked for that piece of land on purpose. The reason is that your daughter offended our CEO."

Qin Hai's face stiffened. She had actually offended the president of HD Group?

Sure enough, Qin Sheng was born to be his nemesis. She had only been back for a few days, but she had already caused so much trouble for him?

Those small fights were easy to solve. She had offended the president of HD Group. He couldn't even see him even if he wanted to. He had wanted to suck up to him even in his dreams. Qin Sheng had actually offended him!

Qin Hai's first thought was Qin Sheng. He had never thought that Qin Churou had offended him.

Cold sweat broke out on his forehead, and his back bent a little.

"I don't know what Qin Sheng did. Why don't I bring her here and let you vent your anger?"

Qin Hai pushed Qin Sheng out. He only wanted to let the anger of the CEO of the HD Group dissipate so that he could give him the land.

#### **Chapter 48: Misunderstanding**

Assistant Lin looked at Qin Hai strangely. "Did I say it was Qin Sheng?"

Qin Hai couldn't believe it. "You mean, Rou'er did it?"

Assistant Lin nodded and didn't waste any more time talking to Qin Hai. He returned to his office.

After leaving the HD Group building, Qin Hai's mind was a mess. How did Qin Churou offend the CEO of the HD Group? She treated people very well outside. Almost everyone who came into contact with her praised her endlessly. She was not someone who would offend others, not to mention that this person was the CEO of the HD Group.

If he acted like how he was with Qin Sheng and pushed Qin Churou out, he would not be able to do it. Qin Churou was his hope.

Qin Hai returned to the Qin family home. In the evening, Qin Sheng and Qin Churou returned one after another.

Sitting at the dining table, Qin Hai started to talk about this matter. "HD Group snatched a piece of land from me. They said that my daughter offended the president of HD Group."

The corners of Qin Churou's lips curled up as she looked meaningfully at Qin Sheng. "Sister has been hanging out with the most delinquent students in school. Did you accidentally offend someone?"

Qin Sheng was used to being invisible in the Qin family. At this moment, she did not speak.

Qin Hai looked a little embarrassed. "Rou'er, his assistant said that you offended him. Think about it. Have you done anything recently?"

Qin Churou's face froze. Before she could say anything, Lin Shuya stood up and defended Qin Churou. "Qin Hai, are you saying that Rou'er is insensible?"

Qin Hai pressed his forehead with a headache. "If we offend the president of HD Group, the Qin family will have a hard time. Isn't this robbing us of a piece of land? That piece of land is very important to the development of the company."

"Could it be that the company is more important than your daughter?" Lin Shuya was ungrateful. Qin Churou was her life. She trusted Qin Churou. How could she offend that kind of person?

She directed the fire at Qin Sheng again. "Qin Sheng, did you do it?"

Qin Sheng put down her chopsticks. Her eyes were mocking. "They already said that it was Qin Churou who did it. She is your daughter. I am not your daughter. Do you want to pin this on me?"

Lin Shuya's face stiffened, her eyes avoiding her gaze.

Qin Sheng was born by her. However, after knowing that Qin Sheng was her daughter, she did not want to recognize her.

It was enough that she had Qin Churou as her daughter. She did not want Qin Sheng to come back and share Qin Churou's things.

Qin Hai saw that his wife was getting more and more ridiculous, and his face darkened. He was also biased towards Qin Churou. However, he was not blind in this matter. It was obvious that it had nothing to do with Qin Sheng. The other party was the CEO of the HD Group. He could not have mistaken her for the wrong person.

"This matter has nothing to do with Sheng'er. You should stop making trouble without reason."

Lin Shuya knew that she was in the wrong and did not dare to say anything more.

Qin Hai looked at Qin Churou again. "Rou'er, go ahead."

Ever since Qin Hai said that Qin Churou had offended the CEO of HD Group, Qin Churou's mind had been blank. The only thing she had done recently was spreading rumors that Qin Sheng was being kept by an old man. What did it have to do with him?

Thinking of a possibility, Qin Churou quickly shook her head. How could that man be the CEO of HD Group? How Could Qin Sheng know such a big shot?

At this moment, when Qin Hai asked, her face looked a little aggrieved and her eyes were red. "Dad, I'm not sure. Is there a misunderstanding?"

"Forget it. Now that you've offended him, there's no way to fix it."

Qin Hai had a headache. He couldn't even see Fu Hanchuan's face, so there was nothing he could do.

However...

## Chapter 49: Competition

Qin Churou had caused him to lose a piece of land. An ordinary piece of land was not a big deal, but this piece of land was related to the future development of his company. Qin Hai's anger had not subsided, and he was complaining about Qin Churou.

His expression was very bad. "Rou'er, you have to be careful in the future. You can't be reckless anymore."

Qin Churou nodded stiffly and looked at Qin Sheng again. Qin Sheng was expressionless, but she could still see that Qin Sheng was mocking her.

She secretly clenched her fists, her nails almost digging into her flesh.

As she lowered her head to eat, a scheme slowly appeared in Qin Churou's eyes. She raised her head to look at Qin Hai. "Dad, we can cater to the likes of the president of HD Group and give something to him. I don't mean anything by it, but I made a mistake and want to make up for it."

Qin Hai's eyes lit up, but quickly dimmed again. "In the past two years, there have been many people who wanted to give him things to curry favor with him, but none of them succeeded."

He had also tried and failed.

"Don't all men like women?" Qin Churou glanced at Qin Sheng. Qin Sheng did not miss the scheming in her eyes.

Qin Hai also liked young and beautiful women, but at this moment, he still shook his head. "Those people have given more than a hundred women, but he hasn't taken a fancy to any of them."

"Maybe those women are not beautiful enough."

Qin Churou thought that since that man could be the president of HD Group, he must not be old. At the very least, he must be a middle-aged man who was already married. If Qin Sheng followed him, she could only be his lover and would never be able to turn over a new leaf in her life.

Hearing this, Qin Hai's gaze also fell on Qin Sheng. Qin Sheng was very beautiful. Any man would be tempted, but he quickly dismissed this idea.

No matter how much he disliked Qin Sheng, he would not send her to be someone else's lover. He was the boss of a large company. He was not in such a dire state.

However, this had left a seed in his heart.

Qin Churou saw that Qin Hai did not follow her plan. She could not help but clench her chopsticks.

Everyone was not in the mood to eat. They simply took a few bites and left. The dinner ended unhappily just like that.

Qin Sheng was not affected. However, she was calculating in her heart that she had to leave the Qin family as soon as possible. She did not want to live in the calculations of this family every day.

After returning to the bedroom, Qin Sheng turned on the computer.

A game company needed talents. Talents were hard to come by. She knew a computer genius who was somewhat arrogant and not easy to recruit. Many people had approached him, but they were all rejected.

Qin Sheng had dealt with him before, so she naturally knew his personality.

Qin Sheng hacked into his computer and typed a line. "Our company is preparing to develop an all-intelligent game. Are you interested in coming to our company?"

Yu Bei, who was drinking water, saw that his computer had been hacked, and before he realized it, he almost spat out a mouthful of water.

He typed in disdain, "I want to see if you have the ability to do that."

There were many companies that wanted to hire Yu Bei. Yu Bei was getting impatient from the harassment. He said that he would only go over if someone could beat him. Otherwise, there was no deal.

This fight was naturally about computer technology.

As for the all-intelligent games that Qin Sheng mentioned, Yu Bei was not interested at all.

Many companies claimed that they were all-intelligent. In fact, they were just a layer of skin on the surface, but in reality, they were all mechanized.

"Okay, see you in the hacker competition later." Qin Sheng typed a sentence and sent it over.

In the hacker competition, experts gathered. The current highest record-holder was from Country G, and the record for clearing the level was 80 levels.

Yu Bei narrowed his eyes and knocked on it. "You sure talk big."

Qin Sheng just smiled. She never did things that she was not sure of.

The two of them entered the hacker competition together. Tonight, it was destined to not be peaceful.

## **Chapter 50: Scammed**

Qin Sheng's fingers were tapping rapidly on the computer. Yu Bei had originally been disdainful, but seeing that Qin Sheng had passed one level after another, he began to take Qin Sheng's strength seriously.

Yu Bei was focused on the computer, and he had no time to care about Qin Sheng's pass count.

They passed the levels extremely quickly. The passersby and hackers who were watching their competition could not help but widen their eyes.

This speed... could it be that they were going to break the record?

"Who are these two people? They're too amazing!"

"Their IDs are from China. They should be Chinese."

"China actually has such an expert hidden!"

“With their speed, they should be going up to the 90th level.”

“...”

Many people sighed. They were not jealous of such an expert, only envious.

The match lasted for a total of two hours.

During these two hours, the two of them had always been at high hand speed. Those without physical strength would not be able to hold on.

Many hackers were watching the match and could not help but sigh. It was too exciting.

The final record was 93 levels and 89 levels, both breaking records.

“Exciting!”

“I really want to get to know these two awesome people! I thought the record of 80 levels was already hard to break. I did not expect there to be someone even more amazing!”

“China is indeed China! There are crouching tigers and hidden dragons.”

All the hackers online were discussing. Qin Sheng exited the platform and once again hacked into Yu Bei’s computer.

“You are very amazing.” She said it very politely.

Yu Bei also recovered from his shock. When he saw these four words, the corner of his mouth twitched slightly. What kind of mentality did they have to say these words?

“You are even more amazing.” Yu Bei’s hand paused for a moment and then knocked again. “I lost. I am completely convinced.”

Yu Bei had to admit that she was very powerful. Even he could not compare to her.

He was very arrogant. However, he would not go back on his word if someone beat him.

“The company is in the midst of preparation. You don’t have to rush over.” Qin Sheng sent another message very quickly.

Yu Bei had a look of deep hatred on his face. He did not want to go to work. The promise he made was just an excuse to think that no one other than Hacker C could defeat him and save him some trouble.

No matter what, he had lost in the end. He had to keep his word. He still had this bit of credibility.

“Okay, I don’t think I need to give you my contact number. You can find it.”

When he said this, his tone was full of resentment.

As a top-notch hacker, the protection system on his computer was naturally excellent. He did not expect Qin Sheng to hack into his computer and even avoid his alarm.

“Yes.” Qin Sheng sent a word in a cold tone.

Yu Bei stared at the ‘yes’ word, as if he was staring at a hole.

She really dared to accept it?

His fingers rapidly tapped on the keyboard. "I have to know who you are."

"QS."

QS!

Wasn't this the guy who was once a hot topic and also very arrogant?

She was ranked eighth on the Black Emperor list.

However, he himself was ranked second. Back then, he did not think much of QS. He did not expect to be slapped in the face so quickly.

Yu Bei was speechless for a moment. A minute later, he sent another message over. "Can you show me your so-called all-intelligent game?"

In less than a minute, Qin Sheng sent the document over.

Qin Sheng was not afraid that it would be leaked. Without the core technology, no one would be able to develop it.

Yu Bei also did not have many expectations for this all-intelligent game. He only wanted to take a cursory look, but very quickly, he became addicted.

Qin Sheng took out the textbook and looked at it, patiently waiting for Yu Bei's reply.

Half an hour later, Yu Bei replied. His hands were trembling with excitement. "Do you have this technology?"

"Yes."
