Chapter 431: Top-Tier VIP Card

Lin Shuya looked at the general manager of the hotel. Qin Hai's forehead twitched when he saw Lin Shuya's action. He had a bad feeling about it.

He hesitated for a moment and didn't have time to stop Lin Shuya.

Lin Shuya said, "Are you the general manager of the Luxury Hotel?"

"Yes." The general manager of the hotel smiled.

Lin Shuya pointed at Qin Sheng, "She seduced a man and entered this hotel with a man. Your Luxury Hotel is the best in H City. The people who entered are all from the upper-class circles. Can you tolerate a girl who is kept by a man?"

Lin Shuya didn't treat Qin Sheng as her daughter. She couldn't stand Qin Sheng.

At this moment, Qin Sheng humiliated her in front of so many people. Lin Shuya couldn't stand it.

She had to teach Qin Sheng a good lesson.

Now, she had reported Qin Sheng being kept by a man in public.

Lin Shuya thought that she was doing this for Qin Sheng's own good. She wanted to teach her a lesson. Otherwise, she would only use those seductive methods to seduce men. One day, she would not even know that she had rolled over.¹

The hotel manager frowned. "Miss Qin was ordered by our President to receive her. Do you mean that our President has kept Miss Qin?"

This accusation was a little too much.

Everyone in H City knew that the Luxury Hotel was under the name of HD Group.

No one in HD Group dared to provoke them.

'When Qin Hai heard the hotel general manager's words, his expression changed drastically. He glared at Lin Shuya. "Why aren't you apologizing to Manager Li?"

Qin Hai did not dare to provoke HD Group.

Because Qin Churou had offended HD Group, HD Group took revenge on Qin Real Estate. Because of this, he had suffered a lot of losses.

This was the result of the HD Group showing mercy.

If the HD Group really wanted to deal with Qin Real Estate, it would not be long before they would go bankrupt.

Lin Shuya was really an idiot. She was only causing trouble for him!

Now it was obvious that this general manager was leaning towards Qin Sheng's side. If Lin Shuya still dared to say this, wasn't she be sending herself up to be slapped in the face?

1

Being stared at by Qin Hai like this, Lin Shuya gritted her teeth and could only apologize to the general manager of the hotel.

"I'm sorry, I misspoke." Lin Shuya said these words reluctantly.

Qin Hai also quickly said, "Manager Li, it's my wife's problem. I'm sorry, she's not sensible. When we go back, I'll definitely discipline her properly."

Qin Hai could clearly see that the Luxury Hotel was a hotel of the HD Group.

Moreover, the people who entered and left the Luxury Hotel were usually people from the upper class.

He could not afford to offend the Luxury Hotel.

The general manager of the hotel sneered and ignored Qin Hai. Instead, he took out a black card with a few big words in gold on it.

He respectfully handed the card to Qin Sheng. "Miss Qin, this is the top VIP card of our hotel. It's specially prepared for you."

Qin Hai was stunned when he heard about the top VIP card.

He had heard of this card before.

However, wasn't there a total of three top-notch VIP cards? They were all given to people who had a good relationship with the HD Group.

Even if they had money, they couldn't buy it.

Now, the general manager of the Luxury Hotel actually gave one of the cards to Qin Sheng?!

How was that possible?

Even his Qin family didn't have such an expensive thing. How could Qin Sheng, a student who had just finished the college entrance examination, be given such an expensive card?

Qin Hai couldn't believe it.

However, in the next second... He heard the general manager of the hotel say again, "Miss Qin, with this card, you can enter the hotel at any time. The hotel will provide you with a private room. Moreover, all your expenses in the Luxury Hotel will be free.."

Chapter 432: Give Me the Private Room

Qin Sheng knew that Fu Hanchuan had prepared this for her.

Qin Sheng was not a shy person, so she took it without hesitation.

Of course, Fu Hanchuan had given her such a precious gift, and she would repay him in the future.

Huang Xiaoyan stood at the side, her mouth wide open.

A top-tier VIP card?

It had actually been given to Qin Sheng. What kind of honor was this?

Huang Xiaoyan gulped. "Sheng Sheng, can I take a look at this legendary top-tier VIP card?"

Don't blame Huang Xiaoyan for being surprised, looking like she had never seen the world before.

The people in the upper circles of H City all wanted to get a top-tier VIP card from the Luxury Hotel. If word got out, it would be a very honorable thing for them. They might also use it to build a relationship with HD Group.

Even Father Huang tried to look for it through his connections, but he didn't succeed.

At this moment, Huang Xiaoyan looked curiously at the VIP card in Qin Sheng's hand.

Qin Sheng gave the card to Huang Xiaoyan as soon as Huang Xiaoyan asked.

Huang Xiaoyan flipped through it and looked at the large, gilded words on it.

She clicked her tongue and shook her head.

'As expected, it was rich and imposing. The golden words on it should be made of gold.

'The Luxury Hotel was really rich. Qin Sheng wondered what relationship Fu Hanchuan had with Luxury Hotel. He was able to get such a card and even asked the general manager of the hotel to protect Qin Sheng.

On the other side, Qin Hai was stunned when he heard the general manager of the hotel.

It was really a top-tier VIP card of the Luxury Hotel.

It was difficult for him to enter the Luxury Hotel. Why did Qin Sheng not only receive the hospitality of the general manager of the hotel, but also get a top-tier VIP card that countless wealthy families could not get?

Qin Hai could not understand.

However, he did not think that Qin Sheng had a relationship with Fu Hanchuan.

Last time, Qin Hai took Qin Sheng's photo to Fu Hanchuan and wanted to give Qin Sheng to Fu Hanchuan, but Fu Hanchuan did not accept it.

Qin Hai did not think that Fu Hanchuan would take a fancy to Qin Sheng.

Qin Churou stood at the side and looked at the top-tier VIP card in Huang Xiaoyan's hand with hatred in her eyes.

She secretly clenched her fists.

A vague idea emerged in her mind.

Was Qin Sheng related to HD Group?

Qin Sheng didn't know many people, and Fu Hanchuan was one of them. Then, did Fu Hanchuan hold an important position in the HD Group?

Previously, Qin Hai mentioned that she had offended the HD Group. Could it be this reason?

It was because Fu Hanchuan was related to the HD Group. Under Qin Sheng's instigation, Fu Hanchuan took revenge on Qin Real Estate.

He even told Qin Hai that she had offended the HD Group.

At that time, she could not understand how she had offended such a big shot.

Qin Churou felt indignant. Fu Hanchuan should have been hers, yet he insisted on helping Qin Sheng. He was deceived by Qin Sheng and turned against her.

Why couldn't Fu Hanchuan take a good look at her?

Qin Churou bit her lower lip hard.

The unwillingness in her eyes was obvious.

'When Qin Hai reacted, a fawning smile immediately appeared on his face.

Since Qin Sheng had a relationship with the HD Group, could he use this to climb up to the HD Group?

1

Although Qin Real Estate had Feng Shuo's hundreds of millions of funds injected into it, it was difficult to develop now. It also had competitors like the Chen Corporation.

Qin Hai was worried. Now, dozens of his hair had turned white.

Qin Hai took a step forward and walked in front of Qin Sheng, "Sheng'er, your mother, your sister, and I have all come to the hotel. Aren't you with your friends? Give us your private room. You and your classmates can go to the private room I booked."

2

Chapter 433: Embarrassment

Qin Hai no longer had the time to hide the fact that Qin Sheng was his daughter.

Qin Hai had been hiding this matter all this while because he was worried that Qin Sheng would embarrass him.

Now that Qin Sheng had developed a relationship with the HD Group and even obtained a top-notch VIP card from the Luxury Hotel, it would be a matter of great face if it were to be leaked. Qin Hai was no longer worried that others would laugh at him after knowing that Qin Sheng was his daughter.

1

Lin Shuya was also feeling vain for a moment.

She echoed, "Yes, Sheng'er, it's a waste for you and your classmates to be in such a nice private room. Just give it to your father and me."

A trace of disgust flashed in Qin Sheng's eyes.

She had also expected that as long as she was still of value to the Qin family, Qin Hai and Lin Shuya would not put the disconnection agreement in their eyes.

However, with that agreement, they could not do anything to her.

Qin Sheng said mercilessly, "Mr. Qin, Ms. Lin, where does your face come from?"

Qin Hai originally thought that Qin Sheng would give him face in front of so many people.

'When he heard Qin Sheng's words, his face stiffened.

Qin Sheng continued, "Just now, someone kept saying that I snuck in and asked the hotel manager to chase me out. Now, they are here again and want me to give the private room to them. Qin Hai, do you really think that I am a pushover?"

Qin Hai's face turned green and red from Qin Sheng's words. No one knew if he was embarrassed or angry.

The surrounding people also started to discuss in low voices.

"Who is this person? His expression has changed quite a lot."

"I know him. He is the boss of the Qin Corporation, Qin Hai. Previously, there was a crisis in the Qin Corporation. Although it has passed, the company is not having a good time now."

"Doesn't Qin Hai only have one daughter, Qin Churou? What's going on? Moreover, Qin Hai's wife said that she sneaked in. Didn't Qin Hai also come in? Can't his daughter come in?"

"I know. This person doesn't like his daughter. When he saw that she got a top-tier VIP card from the Luxury Hotel, he wanted to go up and take advantage of his daughter. After all, with Qin Hai's identity, he is not qualified to enter the Luxury Hotel."

"This is too shameless."

There were many dirty things in the upper-class circle, but most people still thought that Qin Hai's way of doing things was very shameless.

After all, she was his daughter. A tiger would not eat its own son.

They would not use those methods on their daughter.

Their voices were not loud, nor could they be considered soft. Every word fell into Qin Hai's ears.

He was embarrassed and angry. He didn't want to stay here any longer.

"Let's go." Qin Hai looked at Lin Shuya and Qin Churou.

The general manager of the hotel was good at reading people's expressions. Otherwise, he wouldn't have been able to climb to his current position.

He sensed Qin Sheng's displeasure toward Qin Hai.

He just happened to have a chance to make up for his mistakes. When Fu Hanchuan punished him, it wouldn't be too serious.

"Wait." The general manager of the hotel called out to Qin Hai.

Qin Hai stopped in his tracks and smiled fawningly. "Manager Li, what's the matter?"

The general manager of the hotel asked, "Qin Hai, are you the boss of Qin Real Estate?"

Qin Hai was overjoyed. He thought that the general manager of the hotel had remembered him.

Although Qin Hai owned a real estate company, his status was not comparable to the general manager of the Luxury Hotel.

The Luxury Hotel was a hotel under the HD Group, and the people who entered and left the Luxury Hotel were prominent figures in H City. Even the reception of foreign guests was held at the Luxury Hotel.

Not to mention the HD Group, no one dared to provoke the Luxury Hotel alone..

Chapter 434: Don't Try To Make Connections

Qin Hai thought that if he had a relationship with the general manager of the hotel, he would be able to gain a lot of connections.

Qin Hai nodded. "I am."

The general manager of the hotel smiled. "President Qin, if I remember correctly, you don't seem to have the qualifications to enter the Luxury Hotel."

Qin Hai's face stiffened. "Chairman Li, what do you mean?"

"Rather than saying that Miss Qin sneaked in, it's more accurate to say that you sneaked in."

The general manager of the hotel still had a very polite smile on his face, but that smile was very cold and very mocking.

Qin Hai's expression changed slightly, but he couldn't refute it.

He had indeed found a connection to get in, and the private room he booked wasn't under his name.

Lin Shuya stood out. "We didn't sneak in, but someone helped us. According to what you said, shouldn't they be kicked out of the hotel as well?"

Lin Shuya pointed at the students of Class 4 who came to watch.

Qin Hai also said, "Yes, Manager Li. Isn't there a rule in your hotel? People can invite others into the Luxury Hotel. The one who invited us is President Cheng, the chairman of the Cheng Corporation. Don't you think so?"

"Really? President Cheng?" The general manager of the hotel raised his eyebrows.

"Yes, yes, yes."

Qin Hai had a bad feeling in his heart, but now he couldn't think of anything else?

"Okay, I'll ask."

The general manager of the hotel took out his phone and called the president of the Cheng Corporation in front of Qin Hai.

The veins on Qin Hai's forehead were throbbing.

But he comforted himself in his heart. It was okay to call him. After all, he did enter the Luxury Hotel through the president of the Cheng Corporation.

The call was quickly connected.

The president of the Cheng Corporation said respectfully, "Manager Li, what's the matter?"

"You booked a private room in the hotel a few days ago. Is it for Qin Hai?"

The president of the Cheng Corporation was about to answer when he heard the general manager's voice again. "President Cheng, you'd better think it through before you answer."

After the general manager said that, he turned up the volume of the call. In addition to the silence, the people around could clearly hear the voice on the phone.

The president of the Cheng Corporation was also a smart person. He could hear the warning in the general manager's words.

He quickly denied, "Qin Hai? I didn't give it to him. Tonight, I was thinking of having dinner with my wife and daughter at the Luxury Hotel. Didn't my daughter just finish her college entrance exam? That's why I booked this private room."

Hearing this, Qin Hai's expression changed drastically. He went forward and took the hotel general manager's phone.

The hotel general manager raised his eyebrows and didn't stop him.

"President Cheng, I'm Qin Hai. Didn't you say to come to your private room?" Qin Hai asked anxiously.

"President Qin, I'm sorry. That private room was prepared to celebrate the end of the college entrance examination for my daughter. Why would I give it to you? You'd better not carelessly climb up to me." The president of the Cheng Corporation did not take Qin Hai seriously.

At that time, he had agreed to book a private room for Qin Hai. It was only because Qin Hai had given him some benefits.¹

Qin Hai and the general manager of the Luxury Hotel. Of course, he favored the latter.

After all, Qin Real Estate was far inferior to the HD Group.

"President Cheng, President Cheng." Qin Hai still wanted to explain.

Today, he could not be kicked out by the Luxury Hotel. Now, there were many people from wealthy families watching, if he was kicked out, not only would he lose face, it would also bring him a lot of resistance to enter the upper-class circle.

The president of the Cheng Corporation said impatiently, "Qin Hai, don't try to make connections. Or else, don't blame me for being rude.."

Chapter 435: Dragged Out

Qin Hai kept quiet and didn't dare to speak anymore.

His face alternated between green and white. It was a wonderful scene.

The general manager of the hotel took back his phone. The two of them hung up after saying something on the other side of the phone.

Holding the phone in his hand, the general manager of the hotel raised his eyebrows and asked, "Qin Hai, do you have anything else to say? Do you want to go out alone, or do you want the hotel security to drag you out?"

Qin Churou, who had been hiding behind Lin Shuya the whole time, thought about it a few times. If they were to leave the hotel today, Qin Hai would definitely blame her for everything.

Qin Hai would become more and more displeased with her.

These days, she had put in a lot of effort to improve Qin Hai's attitude. All of this could not be wasted.

Qin Churou gritted her teeth and could only stand up.

"Sister, aren't you close to the Luxury Hotel? You even have a top-tier VIP card. The general manager of the hotel will definitely listen to you. Sister, you can't just watch your family being chased out of the hotel."

Qin Churou looked as if she was thinking of Qin Sheng. "Sister, if this gets out, others will say that you are unfilial. This is not good for your reputation."

If Qin Sheng agreed, they wouldn't have to be kicked out of the hotel.

If she didn't agree, Qin Sheng would stir up Qin Hai's anger, and he wouldn't vent all his anger on her.

No matter what the outcome was, it would be beneficial to her.

Qin Churou was making calculations in her heart.

Hearing this, Qin Hai looked at Qin Sheng and ordered in a deep voice, "Qin Sheng, immediately tell Manager Li that I'm your father. Then ask him to give us a private room. It doesn't matter if it's not your room, as long as the specifications are similar to yours."

Qin Hai said it as if it was a matter of course.

In Qin Hai's opinion, this was just a matter of one sentence for Qin Sheng. The general manager of the Luxury Hotel was so respectful to Qin Sheng. As long as Qin Sheng said it, he would definitely do it.

Qin Sheng's gaze was indifferent. "Chase him out."

Qin Hai widened his eyes in disbelief. "Qin Sheng, you asked him to chase me out? Don't forget, I'm your father."

Qin Sheng sneered. "Qin Hai, have you forgotten about the declaration of severance? I have no relationship with your Qin family anymore. Don't come up here and try to make connections."

Qin Hai straightened his neck and said, "We are related by blood. Even if we disown our relationship, it won't change the fact that you are my daughter."

Qin Churou echoed, "Sister, just agree to it, Don't make your relationship with Mom and Dad too ugly. If anything happens to you in the future, Dad will also help you. How can there be a feud between father and daughter?"

Qin Churou's words sounded like they were all for Qin Sheng's own good, but in reality, she was also helping Qin Hai.

Qin Hai looked at Qin Churou with a hint of satisfaction in his eyes.

Qin Churou was still sensible.

Although she was only an adopted daughter, when something happened, she would still side with him. She was not like Qin Sheng, his biological daughter. From the moment she returned to the Qin family, she had been against him.

He had also treated Qin Sheng extremely well. He had given her pocket money, food, and clothes. There was a lot of everything.

How did Qin Sheng repay him?1

She had publicly humiliated him outside!

It was better not to have such a daughter.

1

Qin Sheng's eyes were very cold. She had long known that the members of the Qin family were thick-skinned. For the sake of benefits, they would not take that statement of severing ties seriously.

However, with that statement, as long as it was something she did not want to do, Qin Hai could not force her..

Chapter 436: Exposed

Qin Sheng sneered, "

in Hai, at that time, Qin Real Estate was in a crisis and was on the verge of bankruptcy. Even if you sold part of the shares of Qin Real Estate at a very low price, no one was willing to sell them."

"Later, President Feng of Feng Entertainment injected several hundred million into you, but he didn't take a single cent of those shares. Why?"

Qin Hai's expression completely changed as he berated, "Qin Sheng, shut up!"

Qin Hai had never dared to let outsiders know that he sold his daughter to Feng Shuo for the sake of those hundreds of millions of dollars.

If word got out, where would his face go?

No matter where he went, he would be criticized.

Qin Hai had always kept this matter a secret because he cared about his face. He didn't expect that Qin Sheng would actually say it out loud.

Instantly, he was so angry that his face turned ashen. He tried to stop Qin Sheng from continuing.

He turned his head and said to Qin Churou and Lin Shuya: "Let's go."

Qin Hai agreed to leave, but Qin Sheng would not let him go just like that, "You have signed an agreement. Qin Real Estate will receive the hundreds of millions of funds from Feng Shuo. One of the conditions in the agreement is that I will sever my relationship with the Qin family. Only then will Feng Shuo transfer the funds into your account."

As soon as Qin Sheng's words came out, a wave of low-pitched discussions immediately erupted around them.

“Sell his daughter? This Qin Hai is really blinded by benefits. If this gets out, is he not afraid of being laughed at?”

“Qin Sheng is his biological daughter. Qin Churou and Qin Sheng are both in the third year of high school. Then, Qin Churou should be his adopted daughter. Protecting his adopted daughter and selling his own daughter, his brain is really muddled.”

“With Qin Hai’s character, it’s better for us to not associate with him. The company should also try to work less with Qin Real Estate.”

“Yes, Qin Real Estate is not a big company. Qin Hai has also offended the HD Group. If we don’t work with Qin Hai, it won’t affect anything.”

Qin Hai was so angry that his entire body was trembling. “Qin Sheng, don’t spread rumors!”

Qin Sheng smiled. “Qin Hai, do you need me to take out that contract?”

‘As she spoke, Qin Sheng took out her phone and flipped through it before opening the photo album.

Qin Sheng took a photo of the contract that Qin Hai and Feng Shuo had signed.

She pointed the phone screen at Qin Hai. It was a little far away, but Qin Hai could still clearly see the title of the contract.

Qin Hai’s expression changed again and again. He didn’t dare to admit it. “Qin Sheng, this is a fake photo!”

The general manager of the hotel ordered the security guards. “Take these people away.”

Qin Hai, Lin Shuya, and Qin Churou were chased out of the hotel in the end.

‘As soon as they left, the general manager of the hotel immediately put on a fawning smile. “Miss Qin, are all your classmates here?”

Qin Sheng looked around. It only took her a few seconds to count how many students had arrived at the Luxury Hotel.

‘Twenty-nine, two more to go.

“Wait a minute,” Qin Sheng said.

“Okay, okay, okay.” The general manager of the hotel nodded repeatedly. “Miss Qin, when everyone is here, I will take you to the private room.”

Lu Ming stood at the side and watched the whole process of the face-slapping.

He almost clapped his hands in approval.

It was so satisfying.

Lu Ming also had a clear understanding of Qin Hai’s family. He did not expect there to be such a shameless person.

At first, he said that Qin Sheng had sneaked in. Later, when he saw that Qin Sheng had a top-tier VIP card, he wanted to take advantage of Qin Sheng.

Qin Hai and the others really wanted to take all the benefits.

However, this series of face slaps was really ruthless. It made his blood boil..

Chapter 437: Valuing Women Over Brothers

Lu Ming also remembered that Fu Hanchuan had instructed the general manager of the Luxury Hotel to protect Qin Sheng like this.

He knew that Fu Hanchuan had a close relationship with the HD Group.

Fu Hanchuan had given his grandfather the top-tier VIP card.

‘That had made him so greedy.

With a top-tier VIP card, he could enjoy the highest treatment of the Luxury Hotel.

Of course, the most important thing was that everything in the Luxury Hotel was free.

Lu Ming took a fancy to the temptation of free.

His pocket money was pitifully little. Lu Ming also wanted a top-tier VIP card to come to the Luxury Hotel to cheat for food and drinks.

He had been torturing Fu Hanchuan for a long time, but Fu Hanchuan still didn’t agree.

What did he say at that time?

There were only three cards in total, and there were no more.

Lu Ming had now discovered that the quality of the Luxury Hotel’s top-tier VIP card depended on the person.

He did not have one in front of his younger brother, but he had one in front of his sweetheart.

Lu Ming had already vaguely guessed that Fu Hanchuan was the president of the HD Group.

Huang Xiaoyan had already returned the top-tier VIP card that Fu Hanchuan had given Qin Sheng.

At this moment, Lu Ming’s gaze was fixated on the VIP card in Qin Sheng’s hand. He muttered, “Sheng Sheng, he’s really good to you.”

This was a guy who valued his lover over his younger brother!

He had begged for many years, but he had not been able to get a single card.

Qin Sheng did not say anything. In fact, the two of them had not even confirmed their relationship yet. His brother had just come forward to give Qin Sheng such an expensive gift.

Qin Sheng naturally understood who ‘he’ Lu Ming was referring to. The corners of her lips curled up into a smile.

Soon, the last two students arrived. One of them was Lin Feng.

Huang Xiaoyan glared at Lin Feng. "D*mn you, Lin Feng. Aren't you embarrassed to have so many people waiting for you here?"

Lin Feng rubbed the back of his head and felt rather embarrassed. "My dad saw that the college entrance exam was over. He was so happy that he drove me to a restaurant. He was drunk, so I carried him home before I came over."

Huang Xiaoyan snorted coldly and did not say anything else.

Seeing that everyone had arrived, Qin Sheng nodded at the general manager of the hotel who was standing at the side.

The general manager of the hotel understood what Qin Sheng meant. He said very respectfully, "Miss Qin, and everyone else, please follow me."

Many of the students in Class 4 had gathered to watch the farce. They understood in their hearts that Qin Sheng was a member of the Qin family, while Qin Churou and Qin Sheng were sisters. However, one was an adopted daughter, while the other was an authentic eldest daughter of the Qin family. They finally understood why Qin Churou would target Qin Sheng.

Although the students in Class 4 already knew Qin Sheng's general identity, they tacitly did not ask about Qin Sheng's background.

They chatted and laughed along the way, avoiding this topic.

'The private room Fu Hanchuan arranged for Qin Sheng was on the top floor of the Luxury Hotel. They all took the elevator to the private room in batches.

'When they entered the private room, everyone except Qin Sheng was stunned.

This was the treatment of a top VIP customer?

The private room was exquisitely decorated, exuding the air of a nouveau riche.

It was just a private room in the hotel, and there were several antiques placed inside.

In short, it was just one word: rich!

Even Lu Ming, Huang Xiaoyan, Lin Feng, and the others who had been to the Luxury Hotel were shocked, not to mention the others.

Huang Xiaoyan hugged Qin Sheng's arm and exclaimed, "Sheng Sheng, this is Teacher Fu's handiwork, right? He treats you really well!"

Chapter 438: Little Daughter-In-Law

Hearing this, Lu Ming whispered, "How could it not be good? They haven't even established a relationship yet, and she's already taken care of like a little daughter-in-law."

Naturally, the others did not hear this.

Lu Ming cursed in his heart.

Tsk, tsk, his brother's operation was really flirtatious. He seized the opportunity to express his goodwill to Qin Sheng.

He thought that he would be a bachelor for the rest of his life. Usually, not to mention women, even a female fly would not be able to get close to him.

He did not expect him to fall in love with Qin Sheng not long after they got to know each other.

It was a pity that a little white rabbit like Qin Sheng had long been targeted by Fu Hanchuan, the big bad wolf.

Lu Ming could only pray that Qin Sheng would agree to be with Fu Hanchuan later.

Lu Ming admired Fu Hanchuan very much, but he had been tricked by him many times, so he did not want his relationship to be smooth sailing.

At least, Qin Sheng should be a little slower to get together with him.

Thinking about the pocket money that Fu Hanchuan had deducted, Lu Ming felt his heart ache.

Although most of the students in Class 4 had rich families, they were acting as if they had never seen the world before.

After a while, they finally relaxed.

They sat around the dining table, chatting and laughing.

This private room was specially arranged by the hotel manager after Fu Hanchuan learned that Qin Sheng and her classmates were having a meal together. Originally, this private room could accommodate 31 people, but it was very crowded.

Therefore, in a short two days, the private room next to it was merged together with it.

Now, it could accommodate 31 people, which was more than enough.

It was divided into two tables, with 15 people sitting around one table.

The dishes were not served, so they were discussing the exam.

Although the exam was difficult, they did not show any frustration on their faces. Instead, they were very excited.

"For this exam, I feel that it's no problem for me to get into a university. In the past, I didn't even dare to dream of getting into a second-class university."

"Me too." Lin Feng echoed, "I feel that there's hope for the car and bonus that my dad promised me."

"This is all thanks to Sister Sheng, Without her, I would have been wasting my time before the college entrance exam."

“Right, right, right. Little fatty, I agree with what you said. I’m suddenly quite grateful to Liang Hua. If Liang Hua didn’t want Sister Sheng, would Sister Sheng come to our Class 42?”

“Liang Hua finally did a good deed.”

They were talking about each other. Almost all of them were talking about how their results were obtained by Qin Sheng, They didn’t mention their own contributions.

Qin Sheng sat in her seat and rubbed her forehead. She had a headache.

“Sheng Sheng.”

Huang Xiaoyan thought of something and turned to look at Qin Sheng. Her eyes were sparkling, “Didn’t you give me some notes before the exam? F*ck, many of the questions are the same, but there are some changes in the data or the method. Otherwise, I would really suspect that you have seen the exam papers.”

“These are just the contents of the regular exam,” Qin Sheng said.

In her previous life, Qin Sheng did take the college entrance exam, but she only did a small part of the questions. She didn’t even look at most of the questions.

‘When she was taking notes for the students in Class 4, she deliberately bypassed the questions she had done in the college entrance exam.

Huang Xiaoyan’s eyes lit up. “Sheng Sheng, did you come up with this conclusion yourself? It’s amazing. Even the teachers couldn’t do it, but you did it. Let me tell you, if you buy a lottery ticket, you will definitely win the lottery.”

No matter how Qin Sheng answered, Huang Xiaoyan could find words to praise Qin Sheng.

Qin Sheng was helpless. She could only let Huang Xiaoyan praise her to the sky..

Chapter 439: Manager

Huang Xiaoyan’s words were quickly heard by the other students.

They were stunned.

If Huang Xiaoyan had not mentioned it, they would have forgotten it.

No wonder those questions were so familiar. It turned out that many of them were not much different from the notes given by Qin Sheng.

“D*mn, Sister Sheng, you are too awesome. You can even guess the college entrance exam questions? You are too awesome.”

Lin Feng was also excited. He admired Qin Sheng a lot. Qin Sheng was awesome in fighting, had good grades, and most importantly, was a good person. She didn’t hide anything at all.

Most of the questions that the other top students summarized were hidden and unwilling to share.

As for Qin Sheng, she didn't need to summarize these questions herself. After all, with Qin Sheng's ability, she could write them out with her eyes closed. Spending time to prepare these notes was just for them.

Qin Sheng only smiled and did not say anything.

The dishes were quickly served. They ordered a few bottles of wine. They rarely drank, but now that the college entrance examination was over, they wanted to have a good time. However, the alcohol content was not high, so they generally would not get drunk.

"Come, students, cheers," Lin Feng stood up and shouted.

The other students also stood up and raised their glasses. Everyone clinked their glasses and drank the wine in the glass.

Those who did not know how to drink only drank a little.

In her previous life, Qin Sheng often had to help the Qin family socialize, so she had also cultivated a good alcohol tolerance.

However, Qin Sheng had forgotten that when she drank for the first time, she did not drink much, but she was completely drunk.

And this time, it was the first time she had drunk since her rebirth.

Qin Sheng drank all the wine in the cup.

Huang Xiaoyan saw that Qin Sheng had drunk so much and was very worried. "Sheng Sheng, drink less."

Qin Sheng gave Huang Xiaoyan a comforting look. "It's fine."

Huang Xiaoyan now had blind trust in Qin Sheng, so she believed what Qin Sheng said.

After drinking, they ate and chatted.

Soon, they talked about applying for a major.

"Sheng Sheng, did you really apply for a medical major?" Huang Xiaoyan asked.

"Yes." Qin Sheng nodded lightly.

Lin Feng was sitting next to Huang Xiaoyan. He came over and asked, "Huang Xiaoyan, what about you? Don't tell me you want to eat and laze around?"

Huang Xiaoyan glared at Lin Feng and said, "Am I the type of person who has no ambition? I've thought it through. I want to be a manager."

As she said that, she suddenly said, "Maybe I can't be a manager. My dad definitely won't be willing."

Father Huang had always wanted Huang Xiaoyan to work in his family's company after graduation.

Huang Xiaoyan knew what Father Huang was thinking.

When Lin Feng heard this, he did not know what to say because his father also wanted him to enter the company.

Lin Feng did not have the job that he wanted to do, so he let Father Lin arrange it.

Qin Sheng smiled. "You can try asking."

Father Huang felt guilty towards Huang Xiaoyan, so he probably would not reject Huang Xiaoyan's request.

Qin Sheng did not want Huang Xiaoyan to enter the Huang family's company.

Qin Sheng had helped manage Qin Real Estate in her previous life, and Huang Xiaoyan was the manager of the Huang family. She had met Huang Xiaoyan several times.

In her memory, Huang Xiaoyan had never smiled.

After her rebirth, when she saw Huang Xiaoyan, she had been unable to connect her with the Huang Xiaoyan who had been frowning all day.

Huang Xiaoyan should find a job that she liked.

She shouldn't be locked up in the company.

Huang Xiaoyan wasn't the type of person who was suitable to be a manager of the company..

Chapter 440: Getting Drunk

'When Qin Sheng said this, Huang Xiaoyan gradually felt relieved. She nodded firmly and said, "Okay, I will definitely ask him."

After Qin Sheng's encouragement, Huang Xiaoyan had made up her mind to become a manager.

Even if her father did not agree, she would still go.

Of course, Qin Sheng was not wrong. Father Huang indeed felt very guilty towards Huang Xiaoyan.

Although his relationship with Huang Xiaoyan had improved a lot after such a long time, Huang Xiaoyan still had not completely forgiven him.

The relationship between the two was still very cold.

At this moment, Huang Xiaoyan had proposed that she wanted to be a manager. Father Huang was worried that the relationship between the two would deteriorate, and out of guilt towards Huang Xiaoyan, he naturally had no reason to stop her.

Of course, this was something to be discussed later.

Lin Feng turned his head and asked Lu Ming, "Lu Ming, what major are you going to study?"

"Imperial Capital University, Computer Science Major."

'When Lin Feng heard about Imperial Capital University, which was the top university in China, he felt that he had no hope of being in the same school as Lu Ming.

He could only pat Lu Ming on the shoulder and say, "Lu Ming, you can do it. However, Imperial Capital University's computer science major is very difficult, right? Can you learn it well?"

Lu Ming puffed out his chest and said proudly, "It's not that I'm bragging, but my computer talent is natural. In terms of hacking skills, not many people can beat me."

Even in Black Emperor, in those competitions, very few people could beat Lu Ming.

Lu Ming was very rude in Black Emperor. Many people found Lu Ming very unpleasant, but in the end, it was Lu Ming who had the technological lead. They did not dare to go to Lu Ming to be abused and slapped in the face.

'Those with strong skills didn't dare to provoke Lu Ming. After all, Lu Ming and C had a close relationship.

'They weren't afraid of Lu Ming, but they were afraid of that pervert Fu Hanchuan.

If Lu Ming went to complain, then C wouldn't let them go.

Hacker Fish, Fu Hanchuan, and QS were the top in Black Emperor, and they were the rare ones who could beat Lu Ming in a competition.

Lu Ming thought that his hacking skills were very good, and he was also very proficient in programming.

Going to Imperial Capital University to study computer science could be said to be a waste of time.

Lu Ming was never willing to learn, and computer science was just right for him.

Hearing Lu Ming's words, Qin Sheng only smiled and didn't say anything. She didn't refute Lu Ming.

After discussing the choice of major, the topic of their discussion shifted to other places.

Qin Sheng took a sip of wine from time to time, and her face was obviously a little red.

She heard the discussion of the Class 4 students. Qin Sheng's eyes were a little hazy, and her mind was filled with the scenes from her previous life.

Although she had been reborn...

'The experiences from her previous life were engraved in her mind.

Qin Sheng really despised her previous life. That stupid self had been blinded by that so-called kinship.

'The wine in the glass in her hand had once again been drunk by Qin Sheng.

Qin Sheng poured another glass for herself.

Huang Xiaoyan, who was originally playing with Lin Feng, had noticed the commotion on Qin Sheng's side. Her gaze fell on Qin Sheng.

Then, she saw Qin Sheng drink the entire glass of wine.

Qin Sheng wanted to pour another glass, but Huang Xiaoyan stopped her.

"Sheng Sheng, if you get drunk, how am I going to explain it to Teacher Fu?"

Qin Sheng's eyes were already filled with hazy drunkenness. She shook her head and said, "No need, I can hold my liquor very well. Don't be afraid, I have drunk ten bottles at once."

In her previous life, Qin Real Estate had encountered a serious crisis.

At that time, Qin Sheng was still in university and her methods of handling things were not mature yet.
In order to cooperate with Qin Hai, she went to beg others.
