

Bigshot 531

Chapter 531: There Were Four People Who Were Better Than You

He Manyun's results were extremely good. She had been in first place most of the time in G City High School.

At this moment, those students saw her and one by one, they came forward and asked, "Manyun, how many points did you get?"

"Your results must be pretty good, right? Will you get into the top 100 in the country?"

"Manyun, you're too amazing. I only got 560 points. This result, if I take it back, I'll definitely be scolded again. If I had a smart mind like yours, my parents wouldn't despise me every day."

"That's right, Manyun. You're beautiful and your results are good. I'm really envious."

"..."

When He Manyun heard this, she also felt that she was very amazing.

In this exam, she could be considered to have performed exceptionally.

She didn't expect that she could actually get the 84th place in the country.

He Manyun looked down on those people with poor results, but she had always been a goddess in school.

No matter how disdainful she was in her heart, she still maintained her elegance. She nodded. "I only got 705 points, ranked 84th in the country."

When they heard He Manyun's words, their mouths were wide open. She was too amazing.

When they came to their senses, they all went forward to congratulate her. "Manyun, with your results, you will be in the top five in our province. You are too amazing!"

"Your results are too amazing. You might even be higher than Su Yixiu from H City High School."

He Manyun maintained a very elegant smile on her face. "His results are very good. I can't compete with him."

In his heart, He Manyun also felt that she could surpass all the people from H City High School, including Qin Sheng and Su Yixiu.

Thinking of Qin Sheng, He Manyun bit her lip angrily.

If it weren't for Qin Sheng, she wouldn't have lost so much face in the National High School Mathematics Competition and even have it broadcast on the Internet.

She had been ridiculed for a long time in school.

It was all because of Qin Sheng.

She had worked hard for a long time before she was able to regain everyone's original opinion of her.

This time, it was impossible for Qin Sheng to surpass her.

The principal of G City High School, Qi Feng, walked downstairs and happened to bump into He Manyun.

He Manyun went forward to greet him. "Principal."

She was thinking that she had done well in the exam this time. If Qi Feng praised her, the other students would definitely admire her even more.

Who knew that Qi Feng, who had a dark face, would have such a dark expression on his face?

"Manyun, your exam this time is not very ideal."

He Manyun's face stiffened. She could not help but ask, "Why? Principal, I think that I have improved a lot compared to the usual exam. You also know that the exam this time is very difficult, but I only got ten points less than usual."

"H City High School, there are four students whose results are higher than yours."

He Manyun gritted her teeth. She vaguely had a guess in her heart.

Could it be that Qin Sheng was pressing on her head again?

The other students began to discuss in low voices.

"Four students are doing better than He Manyun? When did H City High School become so powerful?"

"Since the principal has said so, then maybe He Manyun's results are not enough in front of the four students of H City High School. I am very curious what place they got."

"Isn't there a Su Yixiu and Qin Sheng in H City High School? I heard that they're all very good. Su Yixiu basically won first place in every math competition he participated in. As for Qin Sheng, didn't she participate in the National High School Mathematics Competition last time? She got full marks in both the written test and the answering department, and her speed was also very fast. So, would there be two of them among the four?"

Chapter 532: Rou'er, How Many Points Did You Get

The more they talked about it, the more they felt that it was possible.

"Then what will their ranking be? I feel that geniuses like them will be ranked very high."

"It can't be ten or twenty, right?"

"I have a feeling that it will be in the top five."

"Top five? That's impossible! Don't the top five always appear among the top students in the capital? We have people ranked in the top 100 here, which is already considered pretty good."

"..."

He Manyun's eyes were filled with unwillingness.

How could Qin Sheng be able to ride on her head? She was clearly the most outstanding one.

1

She bit her lip and asked again, "Principal, I want to know their results."

Qi Feng glanced at her, but his expression did not ease up.

He clasped his hands behind his back. "Qin Sheng has full marks, first in the country, Su Yixiu 744, second in the country, Lu Ming 728, eleventh in the country, Li Zhun 711, and 46th in the country."

After saying that, he no longer had the mood to care about He Manyun.

This time, G City High School was far behind H City High School, and he had lost all face.

Without comparison, there would be no harm.

The students just now all thought that He Manyun was very powerful, but after hearing the principal's words, they felt that He Manyun's results were very average.

The truly powerful people were Qin Sheng and Su Yixiu. One of them was first in the country, and the other was second in the country.

Those students stopped surrounding He Manyun.

They were discussing Qin Sheng and Su Yixiu.

"F*ck, it's really in the top five. Is that Qin Sheng a pervert? She actually managed to get full marks in such a difficult exam. There's no deduction for English and no deduction for Chinese?"

"Let me slow down. I didn't expect that one day, the top one and two in the country would appear in our neighboring city."

"I suddenly feel a little regretful. Why didn't I go to H City to study? With so many top students around, my results would definitely be better. Among the high schools in G City, only He Manyun is considered very strong. Who knew that compared to Qin Sheng and Su Yixiu, He Manyun is nothing."

"Right, right, right. No wonder she lost so miserably in the last competition. It turns out that her strength is too weak!"

"..."

Listening to their discussions, He Manyun clenched her fists. Her chest was filled with anger. If she did not care about her image, she would definitely go up and tear them apart.

He Manyun did not want to stay here anymore. She left quickly.

She must be more outstanding than Qin Sheng. Who was Qin Sheng?!

1

—

Qin Family.

Qin Churou did not dare to check her results. She had already failed the art exam. Although she could enter Capital Film and Television University, she wanted to get into the top three in her class.

She did not expect it to be the last place!

If she failed the college entrance examination again, who knew what Qin Hai would think of her?!

On the school forum, someone had already posted Qin Sheng's results.

Qin Churou often scrolled through the forum, so she naturally saw it. When she saw Qin Sheng's score, she was stunned for a while.

Qin Sheng actually got the first place in the country!!

And it was a full score!!!

Qin Churou's first reaction was not to let Qin Hai know Qin Sheng's results.

However, if she got a perfect score in the college entrance examination, it would definitely be publicized by the media in H City and even the whole country.

She couldn't hide it for long.

Qin Churou's face was extremely pale.

It was already 12:30 pm and Qin Churou still hadn't gone to check her results.

Qin Hai came back from the company.

Because the results of the college entrance examination were out today, Qin Hai came back early.

He changed into his slippers and walked into the living room.

He asked Qin Churou, "Rou'er, how many points did you get?"

Qin Churou pinched the corner of her shirt. "Dad, I forgot to check."

1

Chapter 533: Only Knew How To Cry Every Day

"Then hurry up and check it," Qin Hai ordered.

He was also in a hurry to show off Qin Churou's results to others.

Qin Churou had always been third place in her school, and Qin Hai had always been showing off to them.

Not long after the results of the college entrance exam were out today, they asked him about Qin Churou's results. Qin Hai felt that Qin Churou could do well in the exam, so he pretended to be modest and said a few words.

"Okay."

Qin Churou nodded and replied. She took out her phone and started to check.

Qin Churou's movements were very slow, and her forehead could not help but break out in fine cold sweat.

Qin Hai had been watching her the whole time. Qin Churou was worried that he would notice her abnormality, so she quickened her movements.

By now, those examinees had basically finished checking their own results. At this moment, the website was not blocked. Qin Churou pressed the confirm button, and in less than a second, she saw her own results.

The dazzling 559 points entered her eyes. She was ranked over 5000th in the country!

Qin Churou was stunned. It was even worse than she had imagined!

She no longer dared to look at Qin Hai's gaze.

At this moment, Qin Hai's gaze also landed on the scores. Seeing the data on it, he couldn't believe it.

This was Qin Churou's results?!

Over 5000th place?

"What's going on? Didn't you stay at home every day to study? How did you get such a result?!" Qin Hai questioned in a deep voice.

Qin Churou didn't know how to refute.

Her eyes were red as she lowered her head.

Qin Hai didn't like Qin Churou. "Every day, you will cry. Other than feeling wronged, what else can you do?"

Qin Hai compared Qin Churou with Qin Sheng. He discovered that in many aspects, Qin Churou was inferior to Qin Sheng.

Qin Churou was not as beautiful as Qin Sheng.

Qin Sheng's results were good. As for Qin Churou, she had shown him such results!

Qin Sheng would also be a big shot with status on the ranking.

Qin Churou had even been eliminated from the selection for the Youth Painting Competition. She had also offended the HD Group time and time again. She had made the HD Group deal with Qin Real Estate many times.

Only at this time did Qin Hai realize that other than coaxing them, Qin Churou was useless. Instead, she had caused trouble for him time and time again.

Hearing this, Qin Churou's tears fell even more.

Lin Shuya came down from upstairs.

Qin Hai often stayed in the office or went to Li Yan's apartment. He often found excuses not to come back.

Seeing Qin Hai, she was delighted and walked over. "Brother Hai, you're back."

Qin Hai looked at her the same way and his expression was very ugly.

Lin Shuya frowned and asked, "Brother Hai, what happened?"

Qin Hai pointed at Qin Churou. "Ask her."

Lin Shuya turned her head in confusion. "Rou'er, what's wrong?"

Qin Churou pinched the corner of her shirt and said with a choked voice, "Mom, I did badly on the exam. I only got 559 points."

"What?" Lin Shuya's voice rose. Her tone was filled with disbelief. "Don't you usually get around 700 points? What's going on now?"

"I'm sorry." Qin Churou lowered her head. "I did badly on the exam. I couldn't concentrate on my revision and went to the exam. Many people pointed fingers at me in front of me."

She raised her head, her eyes red.

Lin Shuya's words were stuck in her throat, and her heart ached.

She comforted her, "Rou'er, it's not your fault. It's because of Qin Sheng's methods that you were forced to quit school. Otherwise, that wouldn't have happened. If you continued to stay in school, you would definitely get good grades."

Qin Hai snorted coldly, "You can't study if you stay at home? A loving mother is a waste of children!"

Chapter 534: Celebrated Qin Churou's College Entrance Exam

Lin Shuya wanted to say something, but Qin Churou tugged at the corner of her clothes and said in a low voice, "Mom, it's my fault. Don't anger Dad just to protect me."

Lin Shuya originally didn't want to stand up for Qin Churou too much, but after Qin Churou said that, her motherly love overflowed.

She protected Qin Churou behind her back and didn't care about being afraid of Qin Hai anymore.

"Qin Hai, how can you talk like that? Isn't it just that she didn't do well in the college entrance examination? Who hasn't made mistakes?" Lin Shuya shouted at Qin Hai.

Qin Hai's face was solemn. "Dropping forty to fifty points was just a mistake?"

Lin Shuya was very stubborn, "You might as well blame Qin Sheng. If Qin Sheng did not slander Rou'er, would she be like this? First, her face was disfigured, and then her reputation was damaged. Under such circumstances, who could calm down and revise? This delay will take one or two months. Can she do well in the exam?"

Qin Hai waved his hand and didn't look at Lin Shuya anymore.

Lin Shuya's current shrew-like appearance annoyed him even if he took another look.

At this time, Lin Shuya had also recovered some of her rationality.

She could clearly see the impatience on Qin Hai's face.

Her heart skipped a beat.

Qin Hai had been staying in the company for the past few days. It was not easy for him to come back.

She could not let Qin Hai get angry and run away.

Lin Shuya softened her tone.

"Brother Hai, I didn't mean to throw a tantrum with you. I was just in a hurry. It was Qin Sheng who caused the trouble. Rou'er was only harmed by Qin Sheng."

"Think about it, Brother Hai. If it wasn't for Qin Sheng, would all these bad things have happened to our family? Before Qin Sheng came back, our family had a smooth journey. If it wasn't for Qin Sheng, Rou'er, and our company, would it have happened?"

Lin Shuya was regretting that she didn't strangle Qin Sheng when she was born.

Qin Hai frowned.

Lin Shuya said again, "Brother Hai, don't forget what the master said. Rou'er is blessed. She was born to be a phoenix."

"Didn't our family not encounter any difficulties before? I think it was because of Rou'er. Later, Qin Sheng must have suppressed Rou'er's luck."

Qin Hai's brows relaxed.

"Brother Hai, didn't you say that you wanted to celebrate Rou'er's exam?" Lin Shuya asked.

Qin Hai subconsciously wanted to reject her. With Qin Churou's results, he had no intention of bringing her over to celebrate.

Even if he celebrated, it would only be a loss of face.

However, what he did just now would inevitably make Qin Churou feel disgusted with him. Qin Churou's status as a lucky star could not be lost.

1

Therefore, Qin Hai nodded. "Alright, then we'll go to the restaurant tonight."

—

Fu Garden.

After having lunch, Old Master Lu stayed in Fu Garden and didn't go back. He took a nap in Fu Garden directly.

Qin Sheng also returned to her room.

Just as she was about to lie down for a nap, her cell phone rang for a while.

Qin Sheng opened her eyes. It was Huang Xiaoyan's call.

“Ah! Ah! Ah! Ah!” Just picked up, Huang Xiaoyan a burst of excited cry, “Sheng Sheng, you took the full score, national champion!”

“Sheng Sheng, Sheng Sheng, you’re amazing! The national champion!”

At this moment, Huang Xiaoyan had turned into a little fan of Qin Sheng.

Her voice could not help but be excited. “Oh my god, I actually have a friend who is the national champion. If word got out, I could brag about it for years.”

“Sheng Sheng, your national champion is really amazing.”

Qin Sheng was very helpless. “Xiao Yan, you called me because of this?”

Chapter 535: Stop Living Expenses

Huang Xiaoyan’s mouth was dry from what she had just said. She had just taken a sip of water when she heard Qin Sheng’s words.

She retorted, “Sheng Sheng, this is just one of the reasons why I came to look for you. To worship the god of learning. Another reason is that, Sheng Sheng, I will be able to get into a key university.”

“I actually got 540 points. Ahhh, I will definitely get into Imperial Media University. Sheng Sheng, I am so happy.”

Huang Xiaoyan was so excited that she kept talking.

Qin Sheng leaned against the headboard and listened quietly.

She didn’t have much to say to begin with, not to mention that there was no way for her to interrupt.

“I actually got the chance to go to Media University.” Huang Xiaoyan covered her mouth and was very excited. “Also, my dad has agreed to let me study as a manager.”

Qin Sheng smiled and said, “Xiao Yan, congratulations.”

“Sheng Sheng, this is all thanks to you. If it weren’t for you, I wouldn’t have studied so hard in the last semester. If it weren’t for your notes, my grades wouldn’t have been enough to go to Imperial Media University.”

Huang Xiaoyan felt that the luckiest thing she had done in the past few years was to have a friend like Qin Sheng.

First, she helped her solve her family’s problems, and then she helped her get into Imperial Media University.

After that, Huang Xiaoyan held Qin Sheng’s hand and talked on the phone for twenty minutes before hanging up.

Qin Sheng woke up after taking a half-hour nap.

Lu Ming did not take a nap in the afternoon. He just played games. Old Master Lu sat on the sofa and looked at Lu Ming with disdain.

“You only know how to play games all day!” Old Master Lu reprimanded.

Lu Ming’s eyes did not leave the phone screen. When he heard this, he muttered, “Isn’t the college entrance exam over? Playing games shouldn’t be a problem, right?”

“Lu Ming, the university’s living expenses have been suspended. You can earn it yourself,” Old Master Lu snorted coldly.

Lu Ming: “...”

He was stunned.

With a ‘pa’ sound, the phone fell to the ground.

Lu Ming’s body shook as well.

Immediately after, he wailed, “Grandpa, you can’t play like this!”

Old Master Lu rolled his eyes at Lu Ming.

Little actor.

“Grandpa Lu.” Qin Sheng came downstairs.

Old Master Lu looked over and saw Qin Sheng. His attitude changed very quickly.

“Sigh, Sheng Sheng, you’re up? Why don’t you sleep a little more?”

Qin Sheng walked to the sofa and sat down. “I’m not tired anymore.”

Qin Sheng did not have the habit of taking an afternoon nap. She only slept occasionally.

“Oh right, Sheng Sheng, we’re going to celebrate you getting full marks tonight. This is the top scorer in the country.” Old Master Lu’s tone was extremely proud.

Lu Ming muttered, “Didn’t I also get the top scorer in the country back then? I didn’t see you celebrating either.”

Old Master Lu glared at Lu Ming. “How can you compare? Sheng Sheng got a perfect score.”

Lu Ming rubbed his nose.

Alright, his grandfather would always quibble and make no sense. He had already made sense of everything.

When Old Master Lu faced Qin Sheng again, his attitude was extremely good.

He frowned. “Where should we go to celebrate? Let’s see which hotel is more suitable.”

Fu Hanchuan walked over and happened to hear Old Master Lu’s words.

He took out his cell phone. “I’ll contact the Luxury Hotel.”

Elder Lu stopped Fu Hanchuan. “Don’t think about the Luxury Hotel all day. I’ll decide where to celebrate.”

The Luxury Hotel was good, but it was Fu Hanchuan's place.

Elder Lu felt suffocated when he thought about how Qin Sheng would be kidnapped by Fu Hanchuan.

Chapter 536: Reserve the Passenger Seat

Because of the results of today's college entrance exam, many parents celebrated for their children.

Almost all the better hotels in H City were full.

The butler called Old Master Lu. "Master, there's only one private room left. Moreover, there are two sets of tables inside. Besides you, there will be other people."

Old Master Lu said generously, "Then give them an extra set of money."

The butler said respectfully, "I've asked, but the hotel isn't willing."

Old Master Lu frowned. "Then give them 500,000."

The butler said, "I've asked. I raised the price to 1 million, but they're still not willing."

Old Master Lu frowned deeply. He didn't want to mess up this matter.

How about going to the Luxury Hotel?

Thinking of this, Old Master Lu shook his head. Didn't he just reject it? If he brought it up again, wouldn't that be slapping his own face?

If that was the case, his image in Qin Sheng's heart would probably be lowered by a notch.

Old Master Lu gritted his teeth. "Book it."

At night, Fu Hanchuan didn't cook. Instead, he accompanied them to the hotel.

As for Lu Ming, he was also carried to the hotel by Old Master Lu.

Lu Ming didn't want to go over. After he went over, he saw his grandfather praising Qin Sheng. wasn't he asking for a beating?

It was better to show off at home, act cool, and play games.

However, Lu Ming didn't dare to disobey Old Master Lu.

He could only grit his teeth and follow him.

Before going to the hotel, Qin Sheng did not sit in the front passenger seat. Instead, she sat in the back seat with Old Master Lu.

Lu Ming opened the door to the front passenger seat.

"Brother."

Lu Ming called out and wanted to get into the car.

However, he received a cold glare from Fu Hanchuan the moment he stepped into the car.

Lu Ming's feet froze.

He was very puzzled. "What's the matter?"

"Let the other driver take you there," Fu Hanchuan said expressionlessly.

Lu Ming muttered, "Isn't there still a seat?"

Fu Hanchuan glanced at him but didn't say anything.

Lu Ming silently retracted his leg.

Forget it. For the sake of his own life, he'd better not sit in it.

However, Lu Ming didn't want to sit in a car alone. He opened the door of the backseat.

The backseat could seat three people, which was just right.

Lu Ming didn't even step on it when Old Master Lu's words came. "Lu Ming, you go to the other car. It's too crowded for three people."

Lu Ming: "..."

Fine, he was despised again.

Moreover, was it crowded? It was originally a three-person seat.

Lu Ming didn't dare to refute Old Master Lu, so he could only silently walk to the other car.

He could not understand why Fu Hanchuan did not let him sit in the front passenger seat. Wasn't it empty?

The distance to the hotel was a little far, and it would take thirty minutes to get there. Lu Ming sat in the car, frowning all the time. He was really too curious as to why Fu Hanchuan would stop him from sitting in the front passenger seat.

Suddenly, an idea flashed through Lu Ming's mind.

His mouth was wide open.

Could it be that Fu Hanchuan had specifically reserved that seat for Qin Sheng and would not give it to anyone else?

The more Lu Ming thought about it, the more he felt that it was possible.

Based on Fu Hanchuan's character, he would do such a thing.

Lu Ming swallowed his saliva silently.

He should stay away from Qin Sheng in the future. His brother was too jealous. If he ever got jealous, he wouldn't even know how he died.

1

Half an hour later, the car stopped at the entrance of a hotel.

Lu Ming stood in front of the hotel and looked at the tall buildings. He clicked his tongue and shook his head.

“This hotel is far inferior to the Luxury Hotel. Why don’t we go to the Luxury Hotel?”

Chapter 537: Admissions Office Came Again

When Old Master Lu came over, he happened to hear Lu Ming’s words.

Old Master Lu: “...”

He raised his hand and knocked on Lu Ming’s head.

“Who is it?”

Lu Ming turned around. Just as he was about to scold him, he met Old Master Lu’s angry eyes.

He immediately cowered. He raised his hand and made a sign of surrender.

“Grandpa, I didn’t say anything. Nothing.”

“At least you’re sensible.”

Old Master Lu snorted and brought Qin Sheng to the hotel.

They came to the private room that they had booked in advance.

The other family hadn’t come yet.

They came to their seats and sat down. Fu Hanchuan and Old Master Lu sat near Qin Sheng, and only Lu Ming sat alone in a place.

This was a seat that Lu Ming had specially chosen to sit at a distance.

Sitting alone was pretty good.

At least he didn’t have to be scolded by Old Master Lu.

When the waiter came over, he asked, “What do you want to order?”

Old Master Lu took a glance at the menu and pushed it to Qin Sheng.

“Sheng Sheng, you order.”

Fu Hanchuan cut it off. He took the menu and said in a deep and pleasant voice, “I’ll order.”

“Okay,” Qin Sheng answered obediently.

Old Master Lu sat at the side and glared at Fu Hanchuan, who was reading the menu. He was so angry that he gritted his teeth.

This kid was too good at courting!

Why didn’t he know that Fu Hanchuan could be so black-bellied?

Old Master Lu regretted it. If he had known earlier, he would have let Fu Hanchuan get to know Qin Sheng later.

With Fu Hanchuan's methods, he didn't have to worry that Qin Sheng would run away with another man.

Fu Hanchuan ordered eight dishes that were all for Qin Sheng. Then, he helped Old Master Lu order four dishes and a serving of fruit.

He did not order any dishes for himself.

Left and right, whatever Qin Sheng liked, he would follow her preferences.

The waiter was taking notes.

When he saw Fu Hanchuan stop, he asked respectfully, "Sir, do you have anything else to order?"

Fu Hanchuan closed the menu.

"No need."

"Okay." The waiter left.

Lu Ming put down his phone and asked expectantly, "Brother, did you order anything for me?"

Fu Hanchuan glanced at him and said flatly, "No."

Lu Ming: "..."

He still didn't give up and asked, "You just ordered a few of Grandpa's favorite dishes, and you didn't order anything for me?"

Fu Hanchuan's gaze was very disdainful. "What do you like to eat? How would I know?"

Lu Ming: "..."

Well, he was the one who had the least sense of presence in the family.

If the family had pets or something, Lu Ming could imagine his status in the Lu family. He couldn't even be compared to a pet.

1

Lu Ming was speechless.

He lowered his head.

A cell phone rang. It was Fu Hanchuan's cell phone.

Fu Hanchuan took it out and took a look. It was a cell phone number from Imperial Capital again.

Fu Hanchuan frowned. "I'm going out for a while."

He went outside and picked up the call.

A male voice came from the phone. "Hello, Qin Sheng's parents. I'm a teacher from Imperial Capital University's Admissions Office."

"Yes," Fu Hanchuan replied calmly.

"It's like this. Our school values Qin Sheng very much, so they sent me here. I don't know when you're free, but maybe we can meet and have a good talk. If Qin Sheng is interested in coming to our school, we can also fight for the greatest benefits for you, right?"

This teacher from Imperial Capital University's Admissions Office was sent by Imperial Capital University. They really wanted to fight for a genius student like Qin Sheng.

Chapter 538: Was Sent To the Address

After all, no one had ever gotten full marks in the college entrance examination, let alone for such a difficult exam. Even the teachers of the various majors could not guarantee that they would get full marks for those questions.

If Qin Sheng went to another school, it would be a great loss to them.

It was not difficult to nurture a good seedling like Qin Sheng and make an international research institute in the future.

Therefore, when Imperial Capital University found out about Qin Sheng's score, they asked a teacher from the Admissions Office to contact Fu Hanchuan. They also asked a teacher from Imperial Capital University to come personally.

They were afraid that if they came too late, they would be intercepted by Tsinghua University.

Every year, Imperial Capital University and Tsinghua University fought over the top ten students.

However, it was not as intense as this.

Qin Sheng was an exception.

The teacher from the Admissions Office of Imperial Capital University was afraid that Fu Hanchuan would not agree. He immediately said, "Qin Sheng's parent, I will definitely not waste your time. If it is inconvenient for you, we can find another time. When you are free, we can talk."

Fu Hanchuan raised his hand and looked at his watch. Then he said, "Come over now. I will send you the address."

"Okay, okay, okay." The teacher from the Admissions Office was happy. He nodded repeatedly. "I'm still at the airport. I'll go over now. It'll take about 45 minutes. No, I'll be there in 40 minutes."

Fu Hanchuan hung up the phone and walked back.

Just as he arrived at the door of the private room, another phone rang.

Fu Hanchuan turned on his phone. This call was still from the capital, but the phone number was different from the previous one.

“Hello, Qin Sheng’s parent. I’m a teacher from Tsinghua University. I’m looking for you today to talk to you about Qin Sheng.”

The teacher continued to talk for a long time.

Fu Hanchuan interrupted impatiently, “Come over now. The address will be sent over later.”

Thus, the teacher from Tsinghua University hung up with satisfaction.

Then, another teacher from another school called. It was from Peking University.

Peking University was also very famous internationally. In China, it was second only to Imperial Capital University and Tsinghua University.

It knew that it could not compete with Imperial Capital University and Tsinghua University.

Usually, they did not dare to compete with those two universities for the top ten students in the country. They only went to look for the students who were ranked in the top ten or twenty.

However, when they saw Qin Sheng’s score, they were shocked.

They made an exception and fought with the Imperial Capital University.

What if they were lucky and Qin Sheng came to Peking University? After all, Peking University and H City were relatively close.

Without a doubt, Fu Hanchuan gave him the address and asked him to come.

Other than these three universities, the other schools did not come.

As for those famous universities abroad, they also intended to have Qin Sheng come to their schools. However, the distance was too far, so they did not send anyone over.

Another reason was that they did not know the extent of the competition among the universities in the country for students.

Fu Hanchuan waited for a while. After no one called him again, he returned to the private room.

The dishes had not been served yet.

Old Master Lu was holding Qin Sheng’s hand and talking.

Seeing Fu Hanchuan come in, Old Master Lu only took a glance and then looked away.

Chapter 539: Ran Into the Qin Family

“No.”

Fu Hanchuan sat beside Qin Sheng and said, “A few university teachers want to come and look for Sheng Sheng. I’ve already told them the address. They’ll be here in about 30 minutes.”

Old Master Lu looked pleased. “Look, these people are all here to snatch Sheng Sheng. Sheng Sheng is the best.”

Lu Ming was speechless when he heard Old Master Lu praising Qin Sheng.

He silently picked up his phone to check.

Not long after Fu Hanchuan returned, the dishes were served.

Fu Hanchuan put on his gloves and picked up a prawn to peel.

Lu Ming saw that there was indeed not a single dish on the table that he liked. He felt that there was no love left.

He picked up a piece of pork and put it into his mouth, biting it with hatred.

His eyes kept glancing at Fu Hanchuan's direction.

He really hoped that Qin Sheng could be together with Fu Hanchuan only after graduation. At that time, Qin Sheng was only 22 years old, and Fu Hanchuan was already 27 years old. He could be considered an old man.

1

Fu Hanchuan did not know Lu Ming's thoughts. If he knew, Lu Ming would probably suffer again.

Fu Hanchuan put the peeled shrimp into Qin Sheng's bowl.

Qin Sheng was obviously used to Fu Hanchuan peeling shrimp for her. She also found it troublesome. If no one was peeling shrimp for her, she would not eat shrimp.

Qin Sheng ate it obediently.

Fu Hanchuan's lips curled into a doting smile as he picked up another shrimp.

Old Master Lu watched the whole scene. He really wanted to go up and interrupt them.

Look, wasn't Fu Hanchuan, this big bad wolf, abducting his granddaughter in front of him?

However, when Old Master Lu thought of Fu Hanchuan's methods, he didn't dare to say anything else.

Lu Ming also saw Fu Hanchuan's actions and silently withdrew his gaze.

Come on, another bowl of dog food!

In the following period of time, Old Master Lu would look at Qin Sheng from time to time. Seeing Fu Hanchuan's considerate and caring manner towards Qin Sheng, he dared to be angry but didn't dare to speak.

When they were halfway through their meal, Qin Churou also came to the private room.

The waiter opened the door for Qin Hai. "Mr. Qin, the private room you booked is right here. Because the private room in the hotel is tight today, we can only trouble you to stay with someone else."

Qin Hai frowned. "With someone else? No, I want a private room."

The waiter was in a difficult position. "Sir, the private rooms in our hotel are already full. We can't spare any other private rooms."

Before Qin Hai could speak, Lin Shuya said gently, "It's okay. It doesn't matter if there are others."

“Yes, I’ll get someone to order for you immediately.”

Qin Hai and Lin Shuya entered the private room.

Old Master Lu frowned and looked over. When he saw the familiar people, he was stunned for a while.

Lu Ming was eating. When he saw Old Master Lu looking in the direction of the door, he also looked over.

“F*ck.”

1

Lu Ming cursed, “Could it be that the people at the other table are Qin Hai and the others?”

He looked behind Qin Hai and the others. There was no one else.

“Looks like it’s true. The world is really small. We can even bump into each other!”

1

Lu Ming was very excited. He was already prepared to eat melons.

Qin Hai and the others were in the same private room as Qin Sheng. There would definitely be a good show to watch.

As for whether Qin Sheng would be at a disadvantage, Lu Ming was not worried at all.

He was thinking that, based on Qin Sheng’s personality, it would be considered good enough if she didn’t teach Qin Hai a lesson.

Qin Hai and the others naturally heard the commotion on Lu Ming’s side.

Fu Hanchuan was facing them sideways, but Qin Churou still recognized Fu Hanchuan at a glance.

Chapter 540: Did Not Approve of Them Being Together

Qin Churou’s heart surged with joy. Ever since the day the college entrance examination ended, she had not seen Fu Hanchuan.

She wanted to go up, but at that moment, Fu Hanchuan placed a peeled prawn in Qin Sheng’s bowl.

Qin Churou’s footsteps paused, and she finally noticed Qin Sheng.

She bit her lip angrily.

Qin Sheng again?!

Why did she run into her everywhere?!

Qin Sheng had always dominated Fu Hanchuan!

Qin Churou stood where she was. When she saw Fu Hanchuan pass Qin Sheng a napkin, she felt even more resentful.

She clenched her fists so tightly that her nails almost dug into her flesh.

“Rou’er, aren’t you coming?” Lin Shuya asked with a frown.

Qin Churou came back to her senses. She asked in puzzlement, “Mom, isn’t that Sister, no, Qin Sheng?”

“Qin Sheng?”

Lin Shuya followed Qin Churou’s finger and looked in Qin Sheng’s direction.

As expected, she saw Qin Sheng.

Why was she here?

Qin Hai also saw Qin Sheng. He wanted to go up, but he also saw Fu Hanchuan sitting beside Qin Sheng.

Qin Hai was afraid that Fu Hanchuan would take revenge on him.

Now, the company couldn’t afford to be seriously injured.

However, Qin Hai forgot that Lin Shuya was a person who didn’t care about the occasion.

1

Lin Shuya rushed up. “Qin Sheng, why are you here?”

Qin Sheng’s hand that was picking up the food paused. She didn’t expect to bump into Lin Shuya during dinner.

She put down her chopsticks and stood up.

Looking at Lin Shuya, Qin Sheng’s gaze was calm. “I can’t come to this private room? Besides, I came earlier than you guys.”

Lin Shuya choked for a moment.

Her gaze suddenly fell on Fu Hanchuan. “Qin Sheng, is this the man who is keeping you?”

When she saw Old Master Lu again, she was even more surprised.

“You guys even met the parents?”

It wasn’t that Lin Shuya had never met Fu Hanchuan before. It was just that after so long, she thought that Qin Sheng had been abandoned by Fu Hanchuan. She didn’t expect them to still be together.

Qin Sheng narrowed her eyes. “Lin Shuya, please be careful with your words.”

The more Qin Sheng said this, the more Lin Shuya felt that her guess was right.

She frowned and wanted to pull Qin Sheng over. “Qin Sheng, look at how old this man is. You’re just a student who just finished her college entrance exam, and you already want to marry him and even met the parents?!”

Qin Sheng dodged Lin Shuya’s hand.

She said coldly, "I have nothing to do with you anymore. Lin Shuya, don't call yourself my mother. I have nothing to do with you."

"Qin Sheng, how could you say that?"

"Qin Hai." Fu Hanchuan's voice sounded.

Qin Hai's body trembled. He couldn't stop Lin Shuya from going over just now, and he didn't react to what Lin Shuya said.

At this moment, Fu Hanchuan called his name, and he finally came back to his senses.

His tone was very respectful. "President Fu."

Lin Shuya widened her eyes and looked at Qin Hai in disbelief. She didn't expect Qin Hai to be so respectful to this man.

Could it be that he had some identity that made Qin Hai afraid?

Fu Hanchuan pulled a napkin and wiped his hands.

"If Madam Qin is so tactless..." Fu Hanchuan smiled. The following words made Qin Hai's hair stand on end. "Then don't blame me. Your Qin Real Estate is not doing well now. As long as I use some tricks, none of you will be able to withstand it."

Lin Shuya had completely forgotten what she was thinking just now. She straightened her neck. "Qin Sheng is my daughter. What does it have to do with you if I discipline her? Don't you like Qin Sheng? If I don't agree, don't even think about being with her."
