Chapter 541: One Million a Month's Pocket Money

Fu Hanchuan ignored Lin Shuya and looked at Qin Hai instead.

"President Qin, what do you think?"

Cold sweat broke out on Qin Hai's forehead.

He quickly glared at Lin Shuya. "Why don't you go back and sit down? You're just embarrassing me outside!"

If it weren't for the fact that there were outsiders present, Qin Hai would have slapped Lin Shuya.

Day after day, she only stayed at home to spend money. She did not help him at all. She did not even give birth to a son for him. Instead, she only caused trouble for him.

Qin Hai regretted it. Why did he fall for such a brainless woman back then?

1

Lin Shuya shrank her neck when Qin Hai stared at her like that.

She did not dare to speak anymore.

Qin Churou did not see any movement. No matter how unwilling she was, she could only sit back down.

1

She could not help but look at Qin Sheng with her gaze.

Fu Hanchuan comforted her in a low voice, "Sheng Sheng, don't let them affect your mood."

Qin Sheng said indifferently, "It's okay, they can't affect me. They are no longer my family."

In her previous life, the moment she decided to make a move on the Qin Real Estate, she no longer thought of Qin Hai and Lin Shuya as her parents.

It would be fine if she didn't have such familial love.

Only, it was too late for her to realize it.

She had spent her whole life to understand this principle.

Fu Hanchuan also thought of the experience Qin Sheng had told him about her previous life. Waves of pain rose in Fu Hanchuan's heart.

He did not mention it again.

He only silently picked up some food for Qin Sheng.

Lu Ming was very disappointed. Was it over just like that?

He thought there would be a big fight.

1

He did not expect Qin Hai to be so useless. He was cowed by his brother's words.

Old Master Lu looked in Qin Hai's direction from afar. As an elder, it was inappropriate for him to step up for Qin Sheng.

Fortunately, Fu Hanchuan could also help Qin Sheng.

There were a few times when he could not help but want to stand up and teach Qin Hai and the others a lesson. Fortunately, he held back.

Old Master Lu could not understand.

Qin Sheng was such a good girl, but her biological parents did not dote on her. Why must they dote on an adopted daughter?

The key point was that the adopted daughter was not as good-looking as Qin Sheng, nor was she as outstanding as Qin Sheng.

"Come, Sheng Sheng, eat more. Some people don't want you. They are blind. You can treat the Lu family as your home!"

Old Master Lu picked up a piece of fish for Qin Sheng. When he said this, his voice was deliberately raised.

Qin Hai and Lin Shuya's faces turned green with anger, but they didn't dare to retort.

Qin Sheng naturally saw through Old Master Lu's thoughts.

The corners of her lips curled up into a smile as she said to Old Master Lu, "Don't worry, even if they don't want me, it's true liberation breaking away from that kind of family."

"Hahahaha." Old Master Lu laughed, "Sheng Sheng, don't worry. Our Lu family will not mistreat you. Just ask your Grandpa Lu for whatever you want. Is one million a month's pocket money enough? What kind of clothes do you want? How about world-class brands? Your Grandpa Lu can still afford this bit of money."

One million pocket money!

Lu Ming, who was drinking water, heard Old Master Lu's words. He spat out the water and coughed a few times.

1

When did his grandfather become so generous?

Before elementary school, he had one hundred a month's pocket money?

In middle school, it was promoted a little and only had 500.

In high school, he only had 1,000 or 2,000.

Now that the college entrance examination was over, he still said that he wouldn't give him any pocket money and that he would earn it himself?

Chapter 542: Black-Bellied Together

To Qin Sheng, his grandfather had spent one million!

Lu Ming looked at Qin Sheng sourly and suddenly felt somewhat envious of Qin Sheng.

He was thinking, if he were a girl, would he also have one million pocket money?

Would it be too late for him to become a girl now?

Old Master Lu looked in the direction of Lin Shuya and Qin Hai again and said with a profound meaning, "Sheng Sheng, your Grandfather Lu wouldn't be like some people who are ignorant and blind, spoiling an adopted daughter and giving you less pocket money, right?"

"Two thousand a month." Qin Sheng answered.

"Two thousand!" Old Master Lu frowned, "Doesn't this Qin Hai own a Qin Real Estate? He is bankrupt and can only afford two thousand? He is so harsh to his own daughter?"

"However, I see that this adopted daughter is living a comfortable life. Sheng Sheng, do you know how much her pocket money is?" Old Master Lu asked again.

"Twenty thousand," Qin Sheng replied.

"What? A difference of ten times." Old Master Lu glared, "No, Sheng Sheng, this kind of family is too ignorant. Are you blind? You treat your adopted daughter better than your own biological daughter. You just brought her back. Shouldn't Sheng Sheng be compensated twice as much? This kind of parents must be muddled in the head."

Old Master Lu and Qin Sheng echoed each other's responses.

When Lu Ming saw this, his eyes almost fell out.

He finally knew that his grandfather and Qin Sheng could be together.

They were too black-bellied.

They were too good at acting. If he didn't believe what his grandfather asked, how could he not know?

On the other side, Qin Hai's face was green and white. It was unknown whether he was angry or embarrassed.

However, he did notice the Lu family.

The Lu family was considered one of the top wealthy families in H City. Lu Zhongguo was the number one master painter in the country. The Lu family also had a multinational company that entered the top 500 in the world.

So, was the Lu family that he mentioned that Lu family?

Qin Hai looked at Qin Sheng's table again.

He noticed Lu Ming.

He knew about Lu Ming, so this family was the Lu family, and Fu Hanchuan was also related to the Lu family?

Cold sweat broke out on Qin Hai's forehead.

If he really offended the Lu family, he didn't dare to imagine the consequences...

Qin Hai didn't order much, and the dishes were served very quickly.

"Rou'er, do you know Qin Sheng's college entrance exam results?" Qin Hai asked as if he didn't mean it.

Qin Churou clenched the chopsticks in her hands. "I don't know."

If Qin Hai knew that Qin Sheng had gotten a full score and was the top scorer in the national college entrance exam, she wondered what Qin Hai would think of her.

Qin Churou knew very well that Qin Sheng's college entrance exam results could not be hidden for long. After all, it was a big matter for H City to have a national college entrance exam top scorer. The major media outlets in H City would definitely report it wantonly.

As long as she could drag it out.

Qin Churou lowered her eyes and wiped away the unwillingness in her eyes. Then, she began to eat the food in her hands.

On the other side, Old Master Lu suddenly thought of something and asked, "Sheng Sheng, does Qin Hai know about your college entrance exam results?"

Qin Sheng frowned slightly. "I'm not sure."

"If he doesn't know, it will be fun." Old Master Lu was very excited. "Later, aren't there university teachers coming to snatch people? If Qin Hai finds out that you are so outstanding, will he be so regretful that his intestines will turn green?"

"I wonder how Qin Churou scored. No, I have to call and ask."

After Old Master Lu finished speaking, he picked up his phone.

The butler was very fast. In less than three minutes, he sent the results over.

"559 points, ranking beyond 4000th nationwide?"

1

Chapter 543: Qin Sheng Got a Perfect Score?

Old Master Lu's voice was very loud. "Tsk tsk, Sheng Sheng, can get such a score even with my eyes closed."

Qin Churou bit her lower lip.

Lin Shuya wanted to rush up and argue with Old Master Lu, but she was glared at by Qin Hai again, so she could only swallow the words in her mouth.

Qin Hai and the others did not enjoy the meal very much.

“Miss, this way please.” The waiter pushed the door open, and a woman in a professional suit walked in. She looked very anxious, and there was some sweat on her face.

She rushed over quickly, afraid that Tsinghua University and Imperial Capital University would beat her to it.

After entering the private room, she looked around.

She first walked to Qin Hai’s side and asked, “Are you Qin Sheng’s parent?”

She thought that Qin Churou was Qin Sheng.

Qin Hai subconsciously wanted to answer yes. Just as he was about to nod his head, Fu Hanchuan’s threatening words rang in his mind.

Qin Hai’s face turned slightly pale. He could only shake his head. “No.”

“Sorry to disturb you.”

The teacher came directly to Qin Sheng’s table and asked again, “Is this Qin Sheng?”

“Yes,” Qin Sheng replied.

The teacher heaved a sigh of relief and extended her hand. “Hello, Student Qin Sheng. I’m a teacher from Peking University’s Admissions Office. You can call me Teacher Liu.”

“Hello, Teacher Liu.”

Qin Sheng stood up and extended her hand to shake it back.

After shaking it for a moment, Qin Sheng retracted her hand. She did not like to have too much contact with others.

“It’s like this, Student Qin Sheng. The school sent me here to invite you to enter Peking University.”

Qin Hai and the rest had been paying attention to this side. Peking University?

In the country, Peking University was also a top-notch university. It was only inferior to Imperial Capital University and Tsinghua University.

A teacher from Peking University actually came to invite Qin Sheng.

Could it be that Qin Sheng’s results could not be compared to Imperial Capital University and Tsinghua University?

It seemed that Qin Sheng did not do very well in the exams either.

Half of the students in Class 1 of H City High School were usually able to go to Imperial Capital University and Tsinghua University. It seemed that Qin Sheng's results this time were not at the top of H City High School.

Thinking of this, Qin Hai heaved a sigh of relief.

Who knew that the teacher from Peking University would say again, "Uh, I know. As the top scorer in the National College Entrance Examination, you even got full marks. You might even want to go to Imperial Capital University and Tsinghua University."

When he heard that Qin Sheng was the top scorer in the National College Entrance Examination, Qin Hai was stunned for a moment.

All he could think about was that Qin Sheng was the top scorer in the National College Entrance Examination. Full marks!

Impossible! How could Qin Sheng's results be so good?!

Qin Hai did not expect Qin Sheng to get full marks. Even back then, Qin Churou often got third place in the mock National College Entrance Examination. If Qin Churou could get into the top 100 in the National College Entrance Examination, he would be very satisfied.

"Qin Sheng, you got full marks?!" Qin Hai stood up and asked loudly.

Fu Hanchuan glanced at Qin Hai, his eyes seemed to be mixed with ice.

Qin Hai's voice stopped immediately. He quickly said, "Sorry, I was too surprised."

Qin Hai did not dare to speak anymore. He sat back down.

The teacher from Peking University continued, "Student Qin Sheng, but if you can come to Peking University, we will give you a two million bonus. Also, all of your fees at Peking University will be free. I will arrange a separate room for you in the dormitory and lab. What do you think? If it's not enough, we can add more. As long as you come to our school, everything will be easy to talk about."

"That's not nice, Teacher Liu. Peking University actually wants to snatch students from me?"

A male voice came from the door.

Chapter 544: The Three Schools' Competition

He was wearing a black suit, and there was some sweat on his forehead. It was obvious that he had rushed over in a hurry.

The man glared at Teacher Liu.

He knew Teacher Liu, and it could be said that they were very good friends. They often discussed how to compete for a student.

Who would have thought that Teacher Liu would one day compete with him for a student!

Teacher Liu made an inviting gesture. She smiled and said, "Teacher Wu, it's a fair competition. This Student Qin Sheng hasn't agreed to go to Tsinghua University yet. It's understandable that I'm here to fight for her."

"No, no, no. Your Peking University's ranking in the country and internationally is behind our school. I believe that Student Qin Sheng will not give up on attending Tsinghua University and go to a university that is slightly behind."

Teacher Wu could no longer care that Teacher Liu was his friend and directly retorted.

When it came to snatching students, there were no friends to speak of.

Teacher Liu no longer paid attention to Teacher Wu. When she looked at Qin Sheng, a smile appeared on her face. She was very amiable.

"Student Qin Sheng, I wonder what you think about the conditions our school has given you? Think about it. Although our school's ranking is not as good as Tsinghua University and Imperial Capital University, our teacher qualifications are also very good. Do you know Ding Xiu? He is a great academic. If you enter our school, we will arrange for you to work under him."

Teacher Wu was not convinced. "There's only one Ding Xiu. What's there to be proud of? There are quite a few people like Ding Xiu in our school."

Then, he took out a business card and handed it to Qin Sheng. "Student Qin Sheng, hello. I'm the teacher from the Admissions Office of Tsinghua University, Wu Fang."

Qin Sheng did not take it.

Teacher Wu was not angry.

Generally speaking, it was normal for the god of learning to have a small temper.

He kept the business card without any embarrassment on his face.

When Teacher Liu saw it, she was very excited.

Could it be that Qin Sheng did not want to go to Tsinghua University?

Then, Peking University would have more hope.

Teacher Wu threw out the reward they gave to Qin Sheng. "Student Qin Sheng, we strongly invite you to come to our Tsinghua University. The conditions we gave you were very generous. If you join us, you definitely won't regret it..."

"Wait."

Another male voice sounded.

Teacher Wu's heart skipped a beat. Could it be that the people from Imperial Capital University had come?

When he thought of Imperial Capital University, Teacher Wu's head hurt.

In China, it was very difficult for Peking University to compete with Tsinghua university.

But Imperial Capital University was different.

Imperial Capital University was ranked the same as Tsinghua University in China. It was just that the rankings of the various subjects were not consistent.

Every year, Imperial Capital University and Tsinghua University would compete for students. It was a bloody battle.

In the past, it was still fine. The number of students that the two schools managed to win over was not much different.

But seven years ago, a pervert came to Imperial Capital University. He was a grade-skipping student who went to university at the age of sixteen.

In less than a year, he completed all the courses in the university. In each course, he either got full marks or nearly full marks.

He even wrote an international sensational thesis. The research in it solved many years of management problems in the academic world.

The most infuriating thing was that Fu Hanchuan only used a month to complete that thesis.

In the end, he used less than four years to graduate with a doctorate degree.

This person was Fu Hanchuan.

1

Later, when Imperial Capital University was competing for the top ten students, they used Fu Hanchuan's name.

Many students targeted Fu Hanchuan, a former student of Imperial Capital University.

Chapter 545: Fell Into Qin Sheng's Trap

In these three years, three out of the top ten students in the country had entered Tsinghua University, which was already considered good.

But the problem was that in one year, only one student had entered, and in the other year, there were two students.

It was urgent to recruit students to enter Tsinghua University, but there was nothing they could do. Their school did not have a student like Fu Hanchuan.

Seeing Qin Sheng's results, they felt that their chance had come.

To be able to get full marks on such a difficult test paper, and they had also heard that other than Chinese, which required a lot of writing, Qin Sheng only used less than forty minutes to complete all the other subjects.

They could predict that Qin Sheng would be able to achieve results that were not inferior to Fu Hanchuan's.

Therefore, they had to win Qin Sheng over to Tsinghua University.

Teacher Wu looked over and saw that the person who entered was also a man.

This man was wearing a pair of sports shoes and a very simple outfit. He was wearing a shirt and a pair of shorts that had just reached his knees.

The veins on Teacher Wu's forehead bulged.

It was really him!

He did not expect that the people from Imperial Capital University would come so quickly.

"Teacher Wu, you didn't wait for me. You just started snatching the students. That's not nice."

This teacher and Teacher Wu were in charge of fighting over the locations of the top ten students. They were fated to meet each other every time they snatched a student.

Speaking of which, they had been fighting over the students for five years.

Teacher Wu glared at him. "Chen Wei, can't you come over later?"

Teacher Chen smiled and said, "I'm a little late, aren't I?"

Then, he looked at Qin Sheng. "Student Qin Sheng."

He was the same as Teacher Wu when he first came over. He took out a business card and gave it to Qin Sheng. "I'm Chen Wei, a teacher from the Imperial Capital University's Admissions Office."

Teacher Wu laughed mockingly. Qin Sheng probably wouldn't take Chen Wei's business card. After all, he had just been rejected.

Who knew that Qin Sheng would actually take it this time.

Teacher Wu stared in disbelief. Qin Sheng actually took Chen Wei's business card.

Could it be that Qin Sheng intended to go to Imperial Capital University?!

"Wait, let's go out and talk."

Teacher Wu dragged Teacher Chen out. Before leaving, he did not forget to remind her, "Student Qin Sheng, wait for me to come back. It'll be very soon."

As for the teacher from Peking University who was still in the private room, he was not too worried that Qin Sheng would be abducted by her.

Peking University was not as good as these two schools. Qin Sheng would usually not choose Peking University.

Right now, his main opponent was Imperial Capital University.

Just like that, he dragged Teacher Chen outside.

Lu Ming watched with his mouth agape. So this was the scene of fighting for students. It was too intense.

However, he did well in the exam. How come no one came to snatch him as the eleventh place?

Although Lu Ming had made up his mind to go to Imperial Capital University to study...

He also wanted to experience the joy of being snatched. Moreover, he also took a fancy to, uh... those bonuses.

On Qin Hai's side, he clenched the chopsticks in his hands and his mind was in a mess.

He was thinking that if Qin Sheng was still his daughter and the matter of Qin Sheng being the top scorer in the college entrance examination was spread out, many people would be envious of him.

This would also be very useful for the company's stock and cooperation.

If it were any other time, even if Qin Sheng signed a disengagement letter with the Qin family, Qin Hai would not take it seriously. He would openly announce that Qin Sheng was his daughter.

However, with Fu Hanchuan's warning, Qin Hai did not dare to make any small moves.

He regretted it. Why did he fall into Qin Sheng's trap and disown her?

1

Chapter 546: Did Not Dare To Provoke Him

Of course, Qin Hai had forgotten.

Initially, he still wanted to extract benefits from Qin Sheng. He did not want to sever his relationship with Qin Sheng.

Since Qin Sheng had married Feng Shuo, he could let the Feng Entertainment develop Qin Real Estate.

1

Only, Feng Shuo had made it clear that if he wanted to get that money, he had to sign a disengagement letter with Qin Sheng.

Qin Hai could only sign it. If he didn't sign it, without that investment, the company would go bankrupt. Qin Hai had no other choice.

Qin Churou lowered her head. She couldn't wait to leave immediately. She didn't want to hear about those university teachers snatching Qin Sheng anymore.

As soon as she saw these, she remembered her unsightly results.

She had failed the college entrance exam, and her art exam results were also not good!

Qin Churou did not expect Qin Hai to know Qin Sheng's results so quickly. She could feel Qin Hai's dissatisfied gaze on her.

Qin Churou was unwilling. How could Qin Sheng, who came back from the countryside, be so good in the exam?

And she, Qin Churou, had always been in the top three in the exam, yet she only got 569 points in the college entrance exam?

Qin Sheng must have taken away her luck!

1

No matter how unwilling Qin Churou was, she didn't dare to go up and provoke Qin Sheng. Qin Churou was very good at reading people's expressions. It was obvious that Qin Hai was afraid of Fu Hanchuan. He didn't even dare to go up and cause trouble for Qin Sheng.

If she provoked Fu Hanchuan, Fu Hanchuan would take revenge on Qin Real Estate.

Qin Hai wouldn't let her off.

Qin Hai was already very dissatisfied with her. It was only because of her status as a lucky star that he didn't chase her out of the Qin family.

If Qin Real Estate went bankrupt because of her, she would have no way out. It was not that Qin Churou could not bear to part with Qin Hai and Lin Shuya, but she could not bear to part with the comfortable life of the Qin family.

She did not want to go to the countryside to live that kind of hard life.

Lin Shuya also could not believe that Qin Sheng would get full marks.

She frowned unhappily. Qin Sheng had gotten full marks, yet she did not tell her.

1

In the past, she would have questioned Qin Sheng, but with Qin Hai's warning, she didn't dare to go over.

Outside the private room.

"Chen Wei," Teacher Wu said straightforwardly, "how about you give Qin Sheng to me?"

Teacher Chen raised his eyebrows. "Why?"

Teacher Wu choked for a moment.

If he didn't state a condition, Chen Wei might not agree.

He gritted his teeth and said, "As long as you give Qin Sheng to me, I won't snatch students away from you as long as we bump into each other in the future. How about that?"

Teacher Chen crossed his arms.

He smiled and said, "Wu Fang, you should save your effort. I won't give Qin Sheng away. Even if many students are added up, they might not even be a match for her. Do you think I don't know about your little scheme?"

Teacher Wu's thoughts were revealed. His face was slightly red and he was embarrassed.

He clenched his fists and covered his lips. He coughed lightly and said, "Then what conditions do you have so that you won't fight with me?"

"No! Can! Do! Wu Fang, you better not dream about it." Teacher Chen did not back down.

The leader of Imperial Capital University had said that if Qin Sheng went to their school in the end, he would give him a bonus of 200,000 yuan.

Teacher Chen naturally did not want to miss out on Qin Sheng.

Moreover, if Qin Sheng were to achieve great success in Imperial Capital University in the future, with Qin Sheng and Fu Hanchuan around, he would not have to face such difficulties in recruiting students.

Teacher Wu could understand Chen Wei.

However, he was still angry. He glared at him and said, "If you don't want to let me go, I can fight for it myself. Qin Sheng might not even go to your school."

Teacher Chen smiled politely and said, "Whatever."

"Alright then. How about we have a fair competition?" Another idea popped up in Teacher Wu's mind.

"Go ahead."

Chapter 547: Six Million Dollars

"Since we want a fair competition, then every place must be fair, right? If your school has a Fu Hanchuan, but our school doesn't, then it can't be considered fair."

Teacher Chen could almost guess Wu Fang's thoughts. He raised his eyebrows. "Oh?"

"I have a suggestion. You can't use Fu Hanchuan as a gimmick to attract Qin Sheng."

Teacher Wu was very nervous. He was afraid that Teacher Chen would not agree, but he did not dare to show it on the surface.

Teacher Chen agreed without hesitation. "Sure."

"You agree?"

Teacher Wu widened his eyes in disbelief. He did not expect Teacher Chen to be so straightforward.

He did not need to say any more of the long speech he had just prepared.

Unfortunately, he had missed the scheming in Teacher Chen's eyes.

"Chen Wei, you said it yourself."

Teacher Wu was relieved. With his understanding of Wu Fang, he should not go back on his words.

The two of them returned to the private room. By this time, three minutes had already passed.

Old Master Lu, Lu Ming, and the others had already finished eating.

They were all prepared to watch them fight over Qin Sheng.

Old Master Lu and Fu Hanchuan had the same thoughts. They didn't tell them that Qin Sheng was ready to go to Imperial Capital University for the time being.

Only then would they be able to fight for the greatest benefits for Qin Sheng.

"Student Qin Sheng, the conditions we gave you if you come to Tsinghua University are very generous." Teacher Wu smiled very ingratiatingly.

He took the initiative to strike first. "Our school is prepared to give you a two million bonus."

Teacher Chen crossed his arms and said softly, "Three million dollars from Imperial Capital University."

Teacher Wu glared at Teacher Chen. He must have known that Chen Wei was here and that nothing good was going to happen.

He retracted his gaze and said, "Four million dollars from Tsinghua University."

"Five million dollars."

Teacher Wu: "..."

"Stop, stop, stop." Teacher Wu was speechless. "Chen Wei, are you that rich and overbearing?"

Teacher Chen's gaze was dark. "You don't know this from time to time. Our school has over a hundred million dollars in donations from our alumni every year, not to mention all sorts of research bonuses. Why? You guys are poor at Tsinghua University, and you can't even take out a few million?"

Teacher Wu was furious. "Five million."

Teacher Chen: "Six million."

Teacher Wu knew that Chen Wei would continue to compete with him.

He said directly, "The prize money that we gave to Qin Sheng should be six million."

Teacher Chen raised his eyebrows.

When Teacher Liu from Peking University saw their lineup, she did not dare to say anything. She knew that it would be very difficult for her to win Qin Sheng over.

Six million. She had to admit that they were really ruthless.

The last time at the National High School Mathematics Competition, when Imperial Capital University and Tsinghua University wanted to win Qin Sheng over to their school, they only said that they would give one million.

This time, it had risen to six million yuan!

And Peking University had only offered two million yuan to Qin Sheng. It was far from being comparable to them.

Teacher Liu thought for a moment, then stepped out of the private room in her high heels and went to seek guidance from the leader.

On the other side, Teacher Wu and Teacher Chen's competition was still in full swing.

Teacher Wu said, "Student Qin Sheng, we will arrange an independent dormitory for you."

Teacher Chen said, "The same goes for Imperial Capital University. Furthermore, it will be an independent apartment."

Teacher Wu said, "Tsinghua University will arrange for you to have a laboratory."

Teacher Chen said, "The same."

Teacher Wu said, "We will arrange for you to have the best teachers. Our school has quite a few doctoral supervisors. They are all international academic giants. They can help you write your thesis and do experiments."

Teacher Chen: "The teachers in our school are not bad either."

Chapter 548: Same School As Fu Hanchuan

No matter how big-hearted Teacher Wu was, he could tell that Chen Wei had been going against him all along.

If he stated a condition, he would follow it.

Teacher Wu stared at him. "Chen Wei, are you following the trend?"

Teacher Chen said nonchalantly, "I'm not following the trend. I just want to say that the conditions that Tsinghua University offers can be given by Imperial Capital University. However, some of the conditions that Imperial Capital University has, you might not be able to do it when you go to Tsinghua University."

The veins on Teacher Wu's forehead were throbbing. He had a bad feeling about this.

He asked, "What do you have that we can't give to Student Qin Sheng if she attends Tsinghua University?"

Teacher Wu had a vague idea in his heart.

They had almost everything that the Imperial Capital University had compared to Tsinghua University, except for... students like Fu Hanchuan.

However, this idea was quickly dismissed by him.

Chen Wei had already promised him not to use Fu Hanchuan's name to attract Qin Sheng into the university.

He had known Chen Wei for so many years, and Chen Wei was a man of his word.

Teacher Chen's smile was filled with, er... treachery. "Fu Hanchuan."

Teacher Wu's eyes widened. "Chen Wei, didn't you promise me?"

Teacher Chen smiled. "I did promise you, but I didn't go back on my word."

"You still say you didn't go back on your word?!" Teacher Wu's voice couldn't help but rise.

Teacher Chen ignored Teacher Wu.

Instead, he walked over to Fu Hanchuan's side. "Hello, Mr. Fu."

After Teacher Chen called Fu Hanchuan, he felt that Fu Hanchuan's voice was very familiar. After all, Fu Hanchuan's voice was very recognizable. It was very pleasant to hear, and it also carried a cold and deep tone.

Therefore, he called back to the school and asked them to tell him the name of Qin Sheng's parent.

Before he rushed to the hotel, the school sent him the name.

It was Fu Hanchuan's name.

After coming to the hotel, Teacher Chen paid special attention to Fu Hanchuan.

As expected, it was him. He graduated early as a doctoral student in Imperial Capital University and even produced an international sensational thesis!

Teacher Chen felt that there was a high probability that Qin Sheng would come to their school.

After all, Fu Hanchuan had appeared as Qin Sheng's parent, so their relationship must be extremely close.

Fu Hanchuan graduated from Imperial Capital University, so Qin Sheng should also be studying at Imperial Capital University like Fu Hanchuan.

When Teacher Wu heard Fu Hanchuan's name, his first reaction was that he felt that it was very familiar, as if he had heard it somewhere before.

"Hello," Fu Hanchuan replied in a flat tone.

"Hahaha, I remember a genius student like you very clearly. Hanchuan, I didn't expect to see you again after you graduated. Back then, I was the one who recruited you into the school. It is really fate," Teacher Chen said with a smile, and his gaze shifted to Qin Sheng.

"Qin Sheng is your sister, right?"

Teacher Chen noticed that Fu Hanchuan and Qin Sheng did not share the same personality, but that did not stop him from spouting nonsense.

"They are indeed not a family. I was wondering why Student Qin Sheng is so powerful. I didn't expect you to be Hanchuan's younger sister. Both of them are top scorers in the college entrance examination. No wonder."

Teacher Chen nodded in realization.

He asked again, "Student Qin Sheng, do you know that Hanchuan graduated from our Imperial Capital University?"

Qin Sheng nodded. "Yes."

"Hahahaha, then Student Qin Sheng, do you want to go to the same school as your brother?" Teacher Chen promised, "Your ability is very strong. We will definitely train you well. I believe that you will also achieve the same achievements as your brother."

Chapter 549: Want 10 Million

Teacher Wu's mouth was wide open. He did not expect this man to be a pervert who only spent four years to graduate from Imperial Capital University.

His heart was cold.

He felt that he did not have much hope.

He still did not give up. "Student Qin Sheng, don't listen to Chen Wei. If you come to our school, you can also become the second Fu Hanchuan. Imperial Capital University already has a Fu Hanchuan, so it won't be rare anymore. But our school is different. We haven't had a person like Fu Hanchuan before. Our school will definitely treat you well."

It had to be said that Imperial Capital University and Tsinghua University used all sorts of methods to compete for students.

Teacher Chen retorted, "Student Qin Sheng, we will definitely take you seriously. If we didn't take you seriously, the school wouldn't have let me rush to H City so early."

"Tsk." Teacher Wu sneered, "Once you get it, you won't cherish it. The importance you place on Student Qin Sheng is only temporary."

Teacher Chen smiled. "If that's the case, then so is your school."

At this moment, Peking University's Teacher Liu came in.

She went straight to Qin Sheng's side. "Qin Sheng, we'll give you a prize of ten million dollars. Why don't you come to our school?"

As soon as she said that, Teacher Wu and Teacher Chen both glared at Teacher Liu.

Teacher Liu shrugged.

"If you're so capable, why did you offer so much?"

Teacher Chen quickly felt relieved. Fu Hanchuan was capable and extremely rich. His family was well-off.

Qin Sheng would not go to Peking University just because of this ten million.

This was the first time in history that a prize of ten million had appeared.

The highest prize given to the top scorer of the college entrance examination in the past was two million, which increased by five times.

It could be said that they had invested a lot for Qin Sheng.

Hearing this ten million, Old Master Lu smiled and said, "Sheng Sheng, how about I make the decision for you?"

"Okay."

Qin Sheng didn't care about this. Old Master Lu knew which school she wanted to go to.

Old Master Lu coughed lightly and said, "Sheng Sheng has already decided which school she wants to go to."

When he said this, the three teachers' gazes landed on Old Master Lu.

They were very nervous.

Old Master Lu looked at the three teachers one by one.

Finally, his gaze landed on Teacher Chen. "Imperial Capital University. However, there is one condition."

The other two teachers looked at Teacher Chen with jealousy.

Teacher Chen was also excited. He pretended to be calm and said, "Please speak."

"The reward is 10 million."

Old Master Lu could tell that Qin Sheng was a money-grubber. He was trying his best to fight for the greatest benefit for Qin Sheng.

1

As for Imperial Capital University, he did not have to worry that they would give up.

For a wealthy university like Imperial Capital University, 10 million was not much. Moreover, with Qin Sheng's ability, Old Master Lu felt that it was less.

Teacher Chen's face revealed a hint of embarrassment.

He did not think that Old Master Lu was greedy. After all, with their wealth, they would not put ten million in their eyes. Perhaps Old Master Lu was just testing them.

He frowned and said, "Alright. However, I need to consult the school leader."

"Okay."

Old Master Lu nodded.

Teacher Chen left the private room and dialed the school leader's number.

He reported the situation over here.

The school leader waved his hand. "Here, we can't let such a top student go to Peking University. In the future, her value will far exceed this ten million."

One could tell from Fu Hanchuan's achievements.

Just that thesis alone had brought tens of millions of benefits to Imperial Capital University.

Moreover, it had also allowed Imperial Capital University to make a name for itself internationally.

Chapter 550: Does He Have a Bonus

“Okay.”

Teacher Chen was relieved. He returned to the private room and spent less than two minutes.

Teacher Wu prayed in his heart that Imperial Capital University would not agree to Qin Sheng’s request of 10 million yuan.

That way, he would have a chance.

Tsinghua University would definitely agree to Qin Sheng’s conditions.

But Teacher Wu knew very well that it was unlikely.

When he saw Teacher Wu return to the private room with that relaxed expression, he knew that there was no hope for him.

Sure enough, Teacher Chen nodded. “Our school’s leader has already agreed to your request. Do you have anything else?”

Old Master Lu looked at Qin Sheng. “Sheng Sheng, do you have anything else?”

Qin Sheng thought for a moment and said, “I can skip classes at any time. I don’t need to apply for leave.”

“This, this.” Teacher Chen hesitated.

If Qin Sheng didn’t study at Imperial Capital University and didn’t make any achievements in scientific research, then Imperial Capital University would suffer a huge loss.

Qin Sheng raised her eyebrows. “I can guarantee that I will complete my studies. Moreover, I can also produce scientific research results for your school.”

Qin Sheng’s expression was very confident. Teacher Chen believed Qin Sheng’s words.

However, this matter was very important. He could not make the decision on his own.

Thus, he once again consulted the school leader.

The school leader agreed without any hesitation. “I agree. All geniuses have a temper. They also have their own things to do. I understand.”

Didn’t Fu Hanchuan often work on his own things back then?

He did not go to school more than three times a week.

Therefore, the school leader wasn’t surprised that Qin Sheng had made such a request.

Teacher Chen returned to the private room again. “They’ve already agreed. Student Qin Sheng, do you have any other requests?”

Teacher Chen wiped the sweat off his forehead.

He didn't want Qin Sheng to make any other requests.

After all, her requests were quite harsh.

Qin Sheng shook her head. "That's all."

Teacher Chen reached out his hand excitedly. "Student Qin, congratulations on entering Imperial Capital University."

1

"Okay." Qin Sheng replied politely.

Teacher Wu looked at them with a sour expression.

Such a genius had gone to Imperial Capital University again.

Teacher Wu felt resentful, but he was not unconvinced.

It was very likely that Qin Sheng went to Imperial Capital University because of Fu Hanchuan, but Fu Hanchuan was also one of the strengths of Imperial Capital University.

With his own strength, he could attract Qin Sheng over.

This was very normal.

It was not unfair.

After confirming that Qin Sheng would go to Imperial Capital University, the three teachers did not stay in the private room.

Teacher Wu and Teacher Liu still did not give up.

They each gave their business cards to Qin Sheng by force.

"Student Qin Sheng, if you change your mind, you are welcome to come and look for me. We can give you the same conditions as going to Imperial Capital University."

Teacher Chen did not mind. They were trying to poach him right in front of him.

He was confident that they would not be able to poach her.

"Teachers, wait," Lu Ming called out to them.

"What's the matter?"

Lu Ming stood up and rubbed his hands. "The first place in the country has a bonus. Does the eleventh place have one?"

When Lu Ming heard that they were going to give Qin Sheng six million, he was already very surprised. He did not expect that they would offer ten million later!

What kind of amount was this?

It was enough for him to waste his time for a few years.

He was thinking that if Qin Sheng's first place had a reward of ten million, then his eleventh place would have a hundred thousand, which was one percent of ten million. This was not too much, right?

Lu Ming had fallen into the lure of money.

There was nothing he could do. He was really short of money.
