Chapter 571: The School's Bonus

Teacher Lin distributed these books to every student.

Then she said, "Student Lu Ming, Student Qin Sheng, the principal wants you to go to his office."

Lu Ming was confused.

What was the matter?

A thought suddenly popped up in his mind. Could it be that the school wanted to give him a bonus because he had done well in his exams?

Thinking of this, Lu Ming felt a burst of excitement in his heart.

He began to look forward to it.

He dashed out of the classroom and did not wait for Qin Sheng to go over with him.

Qin Sheng walked slowly on the campus alone. The class was a long distance away from the principal's office.

When she went over, she bumped into Su Yixiu.

Qin Sheng nodded and greeted, "Yixiu."

Su Yixiu also called out to Qin Sheng.

The two of them had a quiet personality. Apart from greeting each other, they did not say anything else.

They walked towards the principal's office together.

There was a long distance between the two of them.

Qin Sheng entered the principal's office first.

Su Yixiu looked at Qin Sheng's slender and weak figure and paused in his footsteps. Then, a faint, bitter smile flashed across his lips.

He suppressed his thoughts and walked into the principal's office.

Lu Ming had arrived early in the morning.

After waiting for five minutes, Qin Sheng and Su Yixiu finally arrived.

Lu Ming complained softly, "Why are you so late?"

He could not wait to receive the bonus, but he did not expect that the principal would only tell him when Qin Sheng and Su Yixiu arrived.

As for the bonus, it was all Lu Ming's guess.

The principal looked at Qin Sheng with satisfaction. He was glad that he did not listen to Liang Hua's words back then and indiscriminately convict Qin Sheng of cheating.

Now that Qin Sheng had become the top scorer in the college entrance examination, their school could also have a great reputation.

Even if he, the principal, walked out, the other principals would have to be respectful to him.

Those people didn't dare to ridicule him like before in order to curry favor with the principal of G City.

"All three of you did well in the exam. Now, our school has specially prepared a bonus for you as a reward."

With that, the principal took out three red packets and stuffed them into the hands of Qin Sheng and the others one by one.

Lu Ming squeezed the red packets. He didn't feel that much.

He frowned.

He was so stingy. He was still hoping to use this money to get through this period of time.

The look of disdain on Lu Ming's face was very obvious, and it fell into the eyes of the principal.

The principal put his hands behind his back and snorted coldly, "Lu Ming, look at your expression."

Lu Ming wasn't afraid of him. "Principal, you're too stingy."

"Stingy?" The principal glared at Lu Ming. "Then your bonus, 100,000 yuan, I'll take it back."

"100,000 yuan?" Lu Ming's eyes widened in disbelief.

"What else?" the principal asked.

Lu Ming covered his mouth. "It's not stingy, it's not stingy. Principal, you're the most generous."

The principal was very kind to Qin Sheng and Su Yixiu.

"Qin Sheng, your bonus is 300,000 yuan."

"Su Yixiu, your bonus is 200,000 yuan."

Lu Ming: "..."

He originally thought that it would be considered pretty good if he could get 100,000 yuan.

However, he did not expect that Qin Sheng and Su Yixiu, one of them was 300,000 yuan and the other was 200,000 yuan. They were two to three times higher than him.

If he could also get 300,000 yuan as a bonus, then it would not be a problem for him to survive until his third year and not earn money.

Lu Ming looked at the principal eagerly. "Principal, how about you raise my bonus and Su Yixiu's to 300,000 yuan?"

Chapter 572: Su Yixiu's Thoughts

The principal was very stingy to begin with. Giving the three of them a total of 600,000 yuan was the result of him cutting off his own flesh.

At this moment, when he heard Lu Ming's words, the principal's eyes widened. "Scram, scram, don't even think about it. Lu Ming, if you can get a perfect score like Qin Sheng, I'll even support you."

Lu Ming could only rest his thoughts.

1

As expected, it was about the same as his grandfather.

If he got first place, he would get a perfect score.

Lu Ming thought to himself. His score was not bad either. If it was in other schools, he would be supported.

He was ranked eleventh in the country. If it was in other provinces, he would be the provincial champion.

Even in H City, if he did not meet the two perverts, Qin Sheng and Su Yixiu, he could still be the provincial champion.

Lu Ming looked at Qin Sheng and Su Yixiu with resentment in his small eyes.

1

It was his bad luck to meet them.

The principal smiled. "The city and the province should also give you bonuses and certificates of honor. Congratulations."

Lu Ming was excited again.

The bonuses in the province and the city shouldn't be less than those of the high schools in H City.

Qin Sheng did not care about the money.

The money she had now was more than a billion.

When the game came online in the future, she would earn even more.

However, Qin Sheng was a little money-grubber. If the money was given to her, she would naturally not let it go.

If Lu Ming knew what Qin Sheng was thinking, he would probably vomit blood.

Lu Ming felt that these hundreds of thousands were enough for him to use for two or three years, and Qin Sheng had more than a billion in her small treasury. The money in this small treasury would also continue to increase.

The principal explained everything clearly. Su Yixiu and Qin Sheng did not stay in the principal's office for too long.

Only Lu Ming remained there, pestering the principal to find out how much the provincial and city bonuses would be.

He walked out of the principal's office.

Su Yixiu stopped in his tracks. "Sheng Sheng, I owe you a million dollars. I'll return it to you when I get the bonuses."

At that time, when Su Yixiu's grandmother was sick, Qin Sheng had lent Su Yixiu a million dollars.

Su Yixiu had only spent 700,000 dollars in this million dollars.

If he added in the bonuses other than Imperial Capital University, it should be enough.

Su Yixiu did not want to owe Qin Sheng money.

Qin Sheng said indifferently, "It's not too late to return it when you have sufficient funds."

"Okay," Su Yixiu replied.

Fu Hanchuan had already finished dealing with the company's matters. He had parked his car at the school ten minutes ago.

Leaning against the car door, he was waiting for Qin Sheng.

When he saw Qin Sheng, he stood up straight.

However, when his gaze landed on Su Yixiu, he paused.

A hint of coldness flashed in his eyes.

He walked to Qin Sheng.

"Brother Fu." A bright smile appeared on Qin Sheng's face.

Fu Hanchuan placed his hand on the top of Qin Sheng's hair and rubbed it. "It's getting late. Let's go back."

"Okay."

Qin Sheng nodded and bid farewell to Su Yixiu before returning to the car with Fu Hanchuan.

Fu Hanchuan had some enmity towards Su Yixiu.

Su Yixiu was also very handsome. His age matched Qin Sheng's and he had become Qin Sheng's subordinate. He had many opportunities to interact with Qin Sheng.

Fu Hanchuan would not allow anyone to snatch Qin Sheng away from him.

The car slowly drove away.

Su Yixiu retracted his gaze and suppressed the little secret in his heart.

Qin Sheng was really beautiful, and probably only this man was worthy of him.

It was not something he could dream of.

Chapter 573: To Make Up the Numbers

In the evening, reports about Qin Sheng flew all over H City.

There was even a Weibo post that was trending. The title was very simple, only ten words — Qin Sheng, The Top Scorer in the National College Entrance Examination.

There was also a photo attached.

It was taken by a reporter at H City High School.

The girl sat at the desk, her eyes drooping, holding a pen in her hand, and writing something.

She did not tie her hair. It was still draped over her shoulders.

The girl used her other hand to push her hair behind her ear.

The photo was very clear. The girl's hand was slender and fair. It was very beautiful.

The netizens on Weibo originally saw that she had broken the top scorer of the National College Entrance Examination, so they clicked on it.

They wanted to worship the top scorer of the college entrance examination, but they were attracted by the photo on it.

[F*ck, f*ck, f*ck, are you sure this isn't some celebrity?]

[Ah, ah, ah, I want to lick her face. I've licked it several times, but it's still not enough. She's too beautiful!]

[I thought that the top scorer of the college entrance examination is usually a bald little brother. I didn't expect it to be such a beautiful young lady. I'm shocked.]

[Heavens! Whose family's young lady is this!]

[This picture, are you sure it's not photoshopped? Photoshopped the ugly top scorer of the college entrance examination into a fairy?]

[In this day and age, are all the top scorers of the National College Entrance Examination so good-looking? How can I, who have poor grades and ugly looks, live?]

This Weibo post only briefly introduced Qin Sheng's information.

However, everyone was focused on Qin Sheng's appearance and did not notice the content inside.

They waited for a long time before they separated from the picture.

Only then did they flip through the other Weibo posts under this topic.

The popularity of the post dropped a little, and then once again, it turned into an explosion!

The comments under the first few Weibo posts were all above 500,000.

Other than the face that was amazed at Qin Sheng, the rest were lamenting about Qin Sheng's studies.

[What did I see?! The college entrance examination top scorer only used her free time to study for four to five days in a semester. Usually, she's only reading medical books and stock books?!]

[I'm salty, I'm salty, I'm salty! I'm hugging the textbooks and examination papers day after day, my eyes are ruined from reading, and I can only barely make it into a key university. Don't ask, just ask that I'm a lemon sprite.]

[F*ck, is this still a human? I suspect that I'm here to make up the numbers in this world.]

[Upstairs, don't doubt, you're indeed here to make up the numbers.]

1

[Haven't you all noticed that the top scorer of the college entrance exam only took forty minutes to complete her math, science, and English? As for Chinese, if it weren't for the fact that there were more words, I'm afraid it would be the same amount.]

[I don't understand the world of the god of learning.]

[She has good looks and studies. She has both of them. Comparing people is infuriating!]

[I wonder if anyone knows about the Weibo of this top scorer of the college entrance examination? If some big shot digs it up, I will follow it, while at the same time go over to take a breath?]

[...]

Qin Churou often scrolled through Weibo, and she soon saw this Weibo post.

At this moment, she had just finished her lunch.

When she saw the first trending post on Weibo, she gritted her teeth and clicked on it.

The comments below were indeed full of praise for Qin Sheng.

There were many comments, and Qin Churou patiently read through them one by one.

Qin Churou's chest was filled with jealousy and more hatred.

If it weren't for Qin Sheng, she would definitely not have failed her college entrance exam.

These people shouldn't be flattering Qin Sheng!

Qin Churou read through hundreds of comments, but in the end, she couldn't take it anymore.

She threw her phone aside.

When she had the ability, she would definitely not let Qin Sheng have it easy!

Chapter 574: Mother Lu's Return

Naturally, Lin Shuya also saw this Weibo post.

She furrowed her brows tightly.

She did not understand why Qin Sheng had such ability. Could it be that she had inherited that man's genes?

Lin Shuya immediately denied her own thoughts.

That man was blind. What good genes could he have?

That most likely meant that she had inherited the Lin family's genes.

1

When she thought of the Lin family, Lin Shuya gritted her teeth.

Now that Qin Real Estate was in decline, even the money Qin Hai gave her was pitifully little. Recently, she did not dare to go shopping with those wealthy ladies.

On the contrary, the Lin family was at its peak.

Lin Shuya often wanted to go back, but she did not dare to go back.

She was a proud person. If she took the initiative to go back, wouldn't that mean that she had admitted defeat?

At that time, she had sworn that she would never enter the Lin family for the rest of her life.

Lin Shuya suppressed the thought of going back to the Lin family.

—

On the next day.

Old Master Lu had Qin Sheng and Fu Hanchuan go to the Lu Residence.

It seemed that someone had come to the Lu family. Waves of laughter and voices could be heard continuously from inside.

Qin Sheng's brows were tightly knitted, and she was somewhat puzzled.

Fu Hanchuan explained, "It's probably Uncle and the others."

Qin Sheng stopped in her tracks. "It won't be appropriate for me to go over."

Fu Hanchuan smiled dotingly. "Grandfather naturally has his reasons for calling you over. Aunt should also want to see you."

Qin Sheng was relieved and walked into the living room with Fu Hanchuan.

Old Master Lu saw Qin Sheng immediately and shouted, "Sheng Sheng, you came so quickly."

"Grandpa Lu," Qin Sheng called out obediently.

A woman dressed like a noble lady was wearing a fiery red dress. Her lips were also painted with eye-catching lipstick. She looked very dignified and noble.

She had been sizing up Qin Sheng ever since Old Master Lu called out to her. A satisfied expression appeared on her face.

Standing up, Mother Lu pulled Qin Sheng's hand in a very friendly manner.

Qin Sheng really wanted to pull her hand away.

However, Mother Lu held her hand very tightly. If she did not use a lot of strength, it would be very difficult to break free.

Qin Sheng hesitated for a moment and allowed Mother Lu to hold her hand.

"You are Sheng Sheng? I often hear Father mention you on the phone. I have always wanted to see you. I originally planned to come back in a month, but it was forcefully brought forward by us."

Mother Lu smiled and said, "Dad said that you're very outstanding, beautiful, and kind. You were the one who saved him back then. Sheng Sheng, thank you."

Qin Sheng declined, "That's just a small matter."

Old Master Lu retorted, "Sheng Sheng, if it weren't for you, I would have died back then."

"Yes, yes, yes." Mother Lu nodded in agreement. "Sheng Sheng, don't be modest."

She pulled Qin Sheng to her side and sat down.

Then, she opened the gift bag in front of her.

Lu Ming was very curious about what was inside. He wanted to open it just now, but when Mother Lu saw him open it, she hit his hand.

Lu Ming was very afraid of Mother Lu.

When she was angry, she didn't recognize her family.

At this moment, Lu Ming's small eyes kept looking at the gift.

Mother Lu opened a bag and took out a bracelet.

"I heard from Father that you're very thin. I don't know if it's suitable."

Mother Lu took Qin Sheng's right hand and put it on her.

A silver-white bracelet was worn on Qin Sheng's wrist. Under the light, it glowed.

Mother Lu looked at it for a while and nodded in satisfaction. "Sure enough, it looks good on Sheng Sheng. I told you it would look good, but you didn't believe me."

She looked at Father Lu.

Chapter 575: Deep Pockets

Father Lu, who was drinking tea, quickly put down the teacup in his hand and raised his hand in surrender.

"I was wrong. It does look good."

Lu Ming asked curiously, "Mom, how much is this?"

"Eight million." Mother Lu did not hesitate at all and told him the price. "How is it? Doesn't it look good?"

Lu Ming coughed and said, "Mom, you're really rich."

Qin Sheng also felt that this gift was too expensive. After all, this was the first time she and Mother Lu had met.

In her previous life, Qin Sheng had never met Mother Lu.

She rarely came to the Lu family. When she came, Mother Lu was often busy overseas and had never met her.

Mother Lu said indifferently, "This is the first time I'm meeting Sheng Sheng. We can't be careless."

Mother Lu took out another necklace.

"Sheng Sheng, let me put it on for you."

Mother Lu put it on Qin Sheng without any hesitation.

Qin Sheng rarely wore such accessories. Other than the watch given to her by Fu Hanchuan, there was nothing else on her.

Qin Sheng frowned. She was not used to it.

Mother Lu touched her chin with a satisfied look on her face.

"As expected, good-looking people always look good in whatever they wear."

Lu Ming asked again, "Mom, how much is this?"

Mother Lu waved her hand. "Not much, 10 million. This necklace is one of a kind. It's worth it."

Lu Ming: "..."

His mother was actually so rich and generous, but the money she gave him was so stingy.

Every time he asked for money...

Either she didn't have any money, or she only gave him one or two thousand yuan.

Lu Ming could feel the deep malice in this world.

"Wait, there's more." Mother Lu picked up another gift bag.

Qin Sheng: "..."

It was a headache.

She really couldn't stand Mother Lu's enthusiasm. She wanted to reject it, but she couldn't bring herself to do so.

Mother Lu took out a princess dress.

It was very pink, and there were several bows embedded in it.

Qin Sheng wanted to escape for a moment.

1

However, Mother Lu felt that this was very suitable for Qin Sheng. Her eyes were filled with eagerness. "Sheng Sheng, when you wear it, you will definitely look like a princess."

Qin Sheng's face was stiff. She nodded her head and said, "Auntie, it's very nice."

Mother Lu suggested with a smile, "Sheng Sheng, why don't you go over and try it out now?"

Mother Lu really wanted a daughter, but unfortunately, after giving birth to Lu Ming, she couldn't get pregnant anymore.

After Old Master Lu sent her Qin Sheng's photo for the first time, Mother Lu had fallen in love with Qin Sheng.

She really wanted to acknowledge Qin Sheng as her daughter.

Unfortunately, Old Master Lu said that Qin Sheng was the person that Fu Hanchuan had fallen in love with, so she could only give up on this thought.

If she really acknowledged Qin Sheng as her daughter, Fu Hanchuan would probably not let her off.

Old Master Lu had a look of agreement. "Yes, give it a try."

Qin Sheng looked at Fu Hanchuan as if she was asking for help.

Fu Hanchuan's eyes were smiling.

He put down the teacup in his hand. "Aunt, let's try it on again in the future. Sheng Sheng is a little tired today."

"Alright." Mother Lu did not want to force her.

There were only two gift bags on the table.

Lu Ming had been staring at them. One of these two should be his.

If his gift was worth 200,000 yuan, he could sell it and earn a lot of money.

Mother Lu picked up one of the gift bags.

Lu Ming looked at it eagerly.

Mother Lu gave it to Old Master Lu. "Dad, this is the ginseng I picked for you. Let the maid cook it some other day. I'll give it to you to take care of your body."

There was one last gift.

Lu Ming was waiting for Mother Lu to give him the gift.

Chapter 576: Be Her Goddaughter

Mother Lu picked up the last gift bag, and Lu Ming's gaze followed her movements.

Mother Lu stood up and walked over to him.

Lu Ming also stood up, and he extended his hand with a face full of joy. "Thank you, Mom."

Mother Lu looked at him in confusion, and then handed the gift bag to Fu Hanchuan.

"Hanchuan, this is for you. It's the latest Houston watch, a unique one."

Fu Hanchuan took it.

Houston was a brand that he often wore, but he did not plan to change his watch.

The reason was simple. It was obvious that the watch he was wearing now was a couple's watch with Qin Sheng's.

However, Qin Sheng had never noticed it.

Lu Ming's hand, which was about to take the gift, froze in mid-air.

He watched helplessly as Mother Lu passed the gift to Fu Hanchuan.

After a long while, he came back to his senses and could not help but ask, "Mom, are there any more gifts?"

"No."

Mother Lu sat back down on the sofa.

Lu Ming squeezed himself next to Mother Lu and sat down. "Mom, where's mine?"

Mother Lu frowned. "Didn't you receive any?"

Lu Ming shook his head. "No."

Only then did Mother Lu remember that she had forgotten to pick out a gift for Lu Ming because she was in a hurry to come back.

She told him the truth.

Lu Ming was stunned. Then, he asked hopefully, "Then Mom, when are you going to make it up to me?"

Mother Lu waved her hand impatiently. "No need to make it up. You're my son. There's no need to be so formal."

Lu Ming: "..."

He needed to be formal!

The whole family had gifts, but he didn't!

Lu Ming was like a salted fish.

Finally, Mother Lu took out a red packet and stuffed it into Qin Sheng's hand.

The red packet was very thick.

It was at least 10,000 yuan.

Qin Sheng didn't know how to reject it. The necklace and bracelet alone had already cost 18 million yuan. That princess dress was probably not cheap.

Qin Sheng wanted to reject it.

Mother Lu was the first to say, "Sheng Sheng, I also heard that you got first place in the country. This is my reward for you. It's not much, just 10,000 yuan."

"You can't reject it. Otherwise, you're looking down on me."

Qin Sheng's rejection was stuck in the middle of her rant.

Lu Ming could not help but come forward to remind her, "Mom, I got 11th place in the country."

"Okay," Mother Lu replied calmly

Lu Ming: "Third place in the entire province."

Mother Lu: "Oh."

Lu Ming rubbed his hands. "Mom, aren't you going to show me?"

Mother Lu was very confused. "Show me what?"

Lu Ming said straightforwardly, "You gave Sheng Sheng a big red packet. Where's mine?"

Mother Lu finally understood what Lu Ming was talking about.

She rolled her eyes. "You're ranked 11th, and you still have the nerve to ask me for it? When you get the top scorer, we can talk about it again."

Lu Ming: "..."

It was the same sentence again.

His grandfather said so, the principal said so, and now his mother said so again?

When did the national ranking 11th become so worthless?

In other places, it would still be the provincial top scorer.

Qin Sheng saw how Lu Ming and Mother Lu were getting along. She lowered her eyes and wiped away the envy in her eyes.

Mother Lu did not want to bother with Lu Ming anymore.

She started to pull Qin Sheng to talk.

Mother Lu liked Qin Sheng very much. Although Qin Sheng rarely spoke, Mother Lu still had a good impression of Qin Sheng.

This little girl looked obedient and well-behaved. She was also very clean.

She was a hundred times better than those girls outside who were full of schemes and so pretentious.

The more Mother Lu looked at Qin Sheng, the more she liked her.

For a moment, she said without thinking, "Sheng Sheng, why don't you be my goddaughter?"

Chapter 577: Tough and Resistant

"Cough, cough." Fu Hanchuan put his hand to his mouth and coughed a few times.

Mother Lu's face stiffened.

What was going on? She had forgotten that Qin Sheng was Fu Hanchuan's chosen one.

Thinking of this, Mother Lu glared at Lu Ming.

How useless!

Mother Lu wanted Lu Ming to kidnap Qin Sheng. Qin Sheng couldn't be her goddaughter, so it was good for her to be her daughter-in-law.

However, Mother Lu knew that it was impossible.

Not to mention, Lu Ming definitely couldn't compete with Fu Hanchuan, and Lu Ming wasn't good enough for Qin Sheng.

Lu Ming, who was eating an apple, was speechless

His face was full of confusion.

What did he do to offend his mother?

Qin Sheng was dragged by Mother Lu to talk for an hour and a half.

It was already 4:30 pm.

Fu Hanchuan looked at his watch and couldn't help but say, "It's time for dinner."

Only then did Mother Lu stop.

After dinner, Fu Hanchuan and Qin Sheng were going back.

Mother Lu held onto Qin Sheng's hand with a reluctant look on her face. Her appearance could not be compared to Old Master Lu.

"Sheng Sheng, in a few days, let's go shopping. How about it?"

Mother Lu looked at Qin Sheng with hope in her eyes.

Although Qin Sheng did not like shopping, she knew that she could not refuse. She nodded and said, "Okay."

Mother Lu was happy.

She thought of something and took out her phone. "Let's save our phone numbers."

The two of them exchanged phone numbers before Mother Lu let Qin Sheng leave.

After Qin Sheng and Fu Hanchuan left, Mother Lu returned to the sofa in the living room and sat down.

Lu Ming looked up from his phone and said with a sour tone, "Mom, with your attitude, people who don't know would think that Qin Sheng is your daughter. This gift given out is already more than 20 million yuan."

This son of hers seemed like an outsider.

Of course, Lu Ming did not dare to say the last sentence.

Otherwise, he would definitely be taught a lesson by Mother Lu. Although Mother Lu was a woman, she was not light-handed.

Mother Lu said righteously, "A girl needs to be pampered. Look at Sheng Sheng's delicate skin and tender flesh. How can she not be pampered? She is so beautiful. Without a gift worth tens of millions, how can it be worthy of her?"

Then, she looked at Lu Ming with disdain.

"If you were a girl, I would pamper you too. Unfortunately, you're a brat. Your skin is rough and your flesh is thick. You can take a beating."

Father Lu nodded in agreement. "Yes."

Lu Ming could not help but ask, "Dad, aren't you a boy as well? Do you think Mom's words are right?"

"So, I was beaten up by your grandfather until I grew up," Father Lu said.

Lu Ming: "..."

Would it be too late if he returned to his mother's womb and turned into a girl?

Lu Ming couldn't figure it out. Many families prioritized boys over girls, but for him, it had turned into a preference for girls over boys.

He was despised in all sorts of ways at home.

If there was one person who could dote on him, he wouldn't have to worry about money.

When he was young, he would receive 100 yuan a month for his pocket money and 1000 yuan a month for high school. After the college entrance exam, he wouldn't be given any money.

Was this the life of a young master from a wealthy family?

His life was even worse than that of an ordinary family!

Lu Ming's gaze was filled with resentment. Father Lu walked over with a sympathetic expression and patted his shoulder. "I used to be like you. I was very resentful, but when I grew up, I still felt that a daughter is good. I believe that you will also feel the same way in the future."

Lu Ming: "..."

Forget it. He would go to the underworld if he wanted to compete with others.

Lu Ming ran upstairs.

On the other side, Qin Sheng looked at the bracelet on her hand and frowned. "Brother Fu, isn't this gift too expensive?"

Fu Hanchuan parked his car in front of the zebra crossing and waited for the red light.

Chapter 578: Slandered Plagiarism

Hearing this, he tilted his head and smiled. "This bit of money is not a problem. Uncle, Aunt, and the others are rich, and..."

"Sheng Sheng, the funds in your hands should be around one or two billion."

The implication was that this 20 million was not a lot.

Qin Sheng did not deliberately hide the fact from Fu Hanchuan that she would run to the stock market and invest from time to time. Fu Hanchuan naturally knew where Qin Sheng's money came from. He was worried that Qin Sheng would be targeted, so he even provided some cover for Qin Sheng.

Hearing this, Qin Sheng was relieved. It was indeed not much.

If Lu Ming knew what Qin Sheng was thinking, he would probably be sad for a long time.

He was happy about the 100,000 yuan bonus. He even wanted Mother Lu to give him ten thousand yuan.

He did not expect Qin Sheng to think that tens of millions was not much!

—

Long Yue Technology's game, the Three Realms Competition, had already ended the closed beta.

Most of the problems that the users reacted to were ignored by Long Yue Technology, and only those that were more serious would be taken note of by Long Yue Technology.

However, they were only collected and did not change it immediately.

Long Yue Technology was busy with the release of the game, so they did not have time to deal with those problems for the time being.

On the first day after the closed beta ended.

Three Realms Competition was officially launched on various major platforms.

In the past few days, Long Yue Technology had spent a lot of money to promote the game.

On the day of the official launch, Long Yue Technology had spent more than 10 million and even hired a popular celebrity to be their spokesperson.

As a result, Long Yue Technology had spent tens of millions just to promote and hire celebrities.

Fang Xuelin could be said to be ruthless.

With the title of an all-intelligent game, the publicity effect was very good.

It was very popular.

On the first day of the official launch of the game, the game had 12 million downloads.

Moreover, this number was still increasing at an astonishing speed.

In Long Yue Technology's office.

Fang Xuelin sat on his office chair and looked at the downloads of the Three Realms Competition on the computer. The corners of his lips curled up into a smug smile.

No matter what, Shengshi Technology had lost to him.

If Shengshi Technology had the guts to publish the game, then don't blame him for saying that they had plagiarized it.

"Heh." Fang Xuelin sneered.

They just had to fight with Fang Xuelin. Why didn't they see if they had the ability to do so?

Du Kaifeng pushed open the door and entered.

He said very respectfully, "Chairman, Liu Cheng revealed the news to us. They will release the game four days later."

Fang Xuelin's eyes narrowed dangerously.

Four days later?

Du Kaifeng asked again, "Chairman, are we going to do something?"

Fang Xuelin raised his hand. "No need. When the matter blows up, we will label Shengshi Technology as plagiarists."

Fang Xuelin's eyes were filled with calculation. "When that time comes, Shengshi Technology will be either dead or lose a layer of skin."

Du Kaifeng seemed to have come to a sudden realization.

He gave Fang Xuelin a thumbs up. "Chairman, you're too smart! If they dare to provoke you, Shengshi Technology will be considered unlucky."

"Mm." Fang Xuelin picked up his coffee. It was obvious that he was very satisfied with what Du Kaifeng said.

Du Kaifeng's ability was not high, and he liked to play tricks.

Fang Xuelin could have dismissed him.

However, Du Kaifeng would put in good words. This was what Fang Xuelin was extremely satisfied with.

“Then, we’ll just let Shengshi Technology release the game like this?” Du Kaifeng asked with a frown.

Fang Xuelin said in a good mood, “I’ve already informed those big platforms about them. They won’t let the Three Realms go on the shelves. As for those small platforms that we haven’t taken into consideration, we don’t need to pay too much attention to them.”

Du Kaifeng flattered, “Chairman, you’re really thoughtful.”

Chapter 579: Set a Trap For Them

“However, one more thing we need to do is to set the pace and let those users think that Shengshi Technology copied our company’s game from the beginning.” Fang Xuelin’s eyes were full of calculations.

He would make Shengshi Technology completely unable to turn the tables!

—

Shengshi Technology.

Although those large platforms would most likely not cooperate with Shengshi Technology, Hong Yuan still tried to call and ask them.

“Hello, I’m the General Manager of Shengshi Technology, Hong Yuan,” Hong Yuan said very politely.

When the other party heard the words ‘Shengshi Technology’, his face revealed impatience. “What’s the matter?”

“Our company’s game wants to cooperate with your platform to be put on the shelves.”

“There’s no need. Our platform cannot be accessed by just any cat or dog. You can find another platform to cooperate with.”

After saying that, he directly hung up the phone.

Hong Yuan’s brows were tightly knitted. Looking at his reaction, someone must have instructed him.

This person was undoubtedly Fang Xuelin.

Hong Yuan tried to contact the other two platforms again.

In the end, he was rejected.

Hong Yuan hung up the phone with a solemn expression.

Yu Bei happened to be in the general manager’s office. When he saw Hong Yuan’s expression, he felt that something was not right.

“General Manager, they were really bribed by Long Yue Technology?”

“Yes.” Hong Yuan nodded.

Yu Bei slammed the table heavily. "B*stard, our company's game is ten times, a hundred times better than Long Yue Technology's. They actually dare to look down on us!"

"When the time comes, there will be something they will regret."

Yu Bei's face was full of anger. "General Manager, when the time comes, even if they come to beg us to put the game on their platform, we still won't agree."

Hong Yuan, on the other hand, was not in a mood to get too excited.

He had already expected this outcome. He was just trying his luck.

These platforms would be worse than the ones they created themselves.

Hong Yuan said confidently, "Don't worry, they will come and beg us."

—

Seven days of closed beta testing had passed.

The game players asked in the chat group, [Manager Hong, Brother Bei, when will this game be released? I can't wait to play it. We only have 1,000 people, and we can already enjoy it so much, not to mention more people joining this game.]

[Right, right, right. Brother Bei, when will it be released? We'll go over and support it.]

[The graphics are high-definition, and there are no pauses. The design of any character's game scene is very meticulous. I can't find any flaws at all. This is the most perfect game I've ever seen.]

[Yes, after this game is released, it will definitely attract a large number of players.]

These game players were professional trial players.

Their foresight was naturally good. For ordinary games, they could pick out a lot of mistakes.

For this game, especially when they saw the words 'all-intelligent', they planned to find out all the mistakes of Shengshi Technology and give it a good shot.

Unexpectedly, they didn't manage to get anything, and instead, they were addicted to the game.

Hong Yuan didn't hide anything. [It will be released on the self-created platform tomorrow.]

When those game players heard this, they were stunned.

A game with such capabilities would be released on the self-created platform?

A player couldn't help but ask, [Other than the self-created platform, will it be released on other platforms?]

[No,] Hong Yuan answered.

The player continued to ask, [Why?]

Hong Yuan narrowed his eyes and sent his words to the chat group with a mocking tone, [There's a company trying to trip us up so that those platforms won't be able to host our game.]

Chapter 580: Three Realms Competition Plagiarized

[Manager Hong, we will definitely go over and support you.]

Those players promised.

[Thank you.] Hong Yuan thanked them.

These players had been playing games, eating and sleeping, and chatting on the QQ group for the past seven days. They basically didn't do anything else.

Therefore, after they finished the game's internal testing, they discovered Three Realms Competition.

The introduction above also said that it was an all-intelligent game.

They became suspicious and downloaded the game.

After playing the Three Realms, they couldn't bear the Three Realms Competition anymore.

As an all-intelligent game, the settings of the two were the three realms of human, immortal, and demon, but the difference between the two was huge.

It could be said that there was a difference between heaven and earth.

The quality of the Three Realms Competition was rough, and the characters and other aspects were very low-quality. The game would often be stuck.

The game experience was very bad.

If it was someone who had never played Shengshi Technology's game before, they might have endured it, but after playing it, they could not accept the game.

They appeared again in the QQ group to discuss.

[What kind of game is the Three Realms Competition? It's too trashy!]

[This Three Realms Competition is very similar in the settings, technology, and name of Three Realms. What's going on? Plagiarism?]

[Plagiarism. Long Yue Technology must be a plagiarist. Can an original be worse than a plagiarist?]

[Anyway, I can't play this Three Realms Competition anymore.]

[I can't play it anymore either. Compared to the Three Realms, it's terrible!]

[...]

They were certain that Long Yue Technology had copied Shengshi Technology.

The next day, the Three Realms appeared on the self-created platform.

Those players immediately went over and downloaded the game. After commenting below, they went to the game's friends group to promote it.

[I found a particularly interesting game. It's an all-intelligent mobile game. It's very excellent. I suggest you download it.]

Their friends thought that they were talking about the Three Realms Competition.

They all responded.

[I'll go over when the Three Realms Competition is completed. I've played it for a while. The plot and technology in it are very attractive to me, but there are still many problems with the quality of the characters and other aspects. For a perfectionist like me, I really can't stand it.]

[It's not too bad. Although there are many problems, this all-intelligent game is a brand-new experience for me. I'm addicted to it.]

[Old Wang, have you only discovered this game now? It's already been on the market for four to five days, and the publicity for the game is still flying everywhere. Did you just get Internet access in the village?]

[...]

Seeing the reply, Old Wang quickly sent out the message.

[I'm talking about the Three Realms, not the Three Realms Competition. That game was released on the self-created platform. You guys go and take a look. I promise I won't let you guys down.]

[Old Chen, you perfectionist, you should go and take a look too. After all, that game doesn't have any flaws.]

Seeing Old Wang praising the Three Realms, his friends became curious.

They all went to the self-created platform to download the Three Realms.

They also thought that if it wasn't as good as he said, they would definitely mock him.

There were 100 people in the group, 60 of them were online, and all of them were on the self-created platform.

This disappearance...

Lasted for an hour.

Old Wang returned to the group, but no one appeared.

He raised his eyebrows.

Wasn't this the scene when he first played this game?

Everyone was immersed in it.

Another 20 minutes passed before a person appeared.
