

## Bigshot 661

### Chapter 661: Qin Sheng Was a Goddess

Hong Yuan patted Su Yixiu's shoulder. "Relax."

Su Yixiu retracted his gaze and clenched his fists. His eyes were filled with an unconcealable loneliness.

He said bitterly, "I know."

That was why he never dared to harbor any fantasies.

That man was very nice and he was extremely protective of Qin Sheng. He knew that he could not compare to him.

Moreover, Qin Sheng obviously liked him very much.

Between the two of them, outsiders weren't allowed to step in.

Therefore, Su Yixiu wouldn't have such unrealistic fantasies. The first time he fell in love with a girl, it was destined to be fruitless.

Hong Yuan felt bad for Su Yixiu when he heard Su Yixiu say this, but this didn't change anything.

He didn't say anything else and returned to his desk to sit down.

Su Yixiu also sorted out his emotions and started to help Hong Yuan organize the documents.

—

Fu Hanchuan brought Qin Sheng back to the villa and he came to the garage.

He pointed at a white car.

"Sheng Sheng, I prepared this for you. It's more convenient with a car."

Qin Sheng heaved a sigh of relief. Fortunately, Fu Hanchuan didn't buy her a pink car. At that time, Fu Hanchuan had mentioned that to Qin Sheng and she had suggested her own idea of not wanting a pink car.

Fu Hanchuan, Old Master Lu, and Mother Lu seemed to like pink very much.

1

Qin Sheng had a headache.

Fu Hanchuan indeed intended to buy a pink car, but seeing Qin Sheng's firm attitude, he was quite helpless and could only let her be.

The car that Fu Hanchuan gave Qin Sheng was a custom-made model.

It looked very ordinary on the outside, and it was at most 300,000 yuan per car.

However, the car's configuration and the interior design were all top-notch.

He had spent 30 million yuan on this car.

It was obvious that Qin Sheng liked this car very much. A smile appeared on her face.

She was also moved by Fu Hanchuan.

Fu Hanchuan must have spent a lot of effort on this car.

Qin Sheng's mind moved slightly.

She tiptoed and quickly planted a kiss on Fu Hanchuan's right cheek.

Her red lips parted slightly. "Brother Fu, thank you. I like it very much."

Fu Hanchuan did not expect Qin Sheng to make such a move. The soft touch on his face made him freeze on the spot.

Qin Sheng left in less than two seconds.

There was still some redness left on her face.

By the time Fu Hanchuan reacted, Qin Sheng had already entered the villa.

Fu Hanchuan's hand touched his own face, the place where Qin Sheng had just kissed him.

He could not help but chuckle, feeling very happy.

He said in a low and hoarse voice, "Sheng Sheng, don't even think about running away next time."

Qin Sheng was always like this. She would kiss him and run away as soon as they touched. She did not give Fu Hanchuan any chance to react at all.

—

Three days later, it was the start of school in the capital.

Fu Hanchuan sent Qin Sheng to school.

Imperial Capital University was bustling with people. At this time, it was the end of the second class in the morning. Other than the first-year students, the rest of the students had already started school.

Fu Hanchuan helped Qin Sheng with her luggage. The two of them walked together, looking very pleasing to the eyes.

They attracted the attention of many students.

Some of the boys saw Qin Sheng's beautiful face and wanted to go up to her to strike up a conversation. However, when they met Fu Hanchuan's cold gaze, they stopped in their tracks.

Even so, there were still quite a number of people following them.

They walked behind Qin Sheng and Fu Hanchuan.

They were all discussing.

“F\*ck, a goddess!”

“Is she a new student? This is a goddess! Her looks and temperament are even better than Ye Yutong’s.”

“Are these two in a boyfriend-girlfriend relationship?”

As soon as these words were said...

### **Chapter 662: Fu Hanchuan’s Jealousy**

A male student retorted, “Boyfriend and girlfriend? That can’t be. A goddess like that wouldn’t have been snatched away so early.”

The other male students echoed, “I also think it’s impossible. This man looks very old. He’s at least 25 years old, and the goddess is a new student. She’s only 18 years old. There’s a difference of more than seven years. How can they be a boyfriend and girlfriend?”

A girl who had come to watch the show overheard their conversation.

She clicked her tongue and shook her head.

“You guys can’t even walk when you see a beautiful woman?”

She crossed her arms and said in disdain, “You guys are indeed guys who lust over women.”

The boys retorted, “Isn’t it normal to like beautiful women?”

The girl ignored their words and glanced at them before shaking her head. “Your tone just now was obviously very sour. You said that they’re not boyfriend and girlfriend. I think it’s very similar.”

She cupped her chin and looked appreciative. “Look at them. They are a good match. The man is handsome, and the woman is beautiful. Why don’t they look like it?”

Without a doubt, her words were refuted by the boys.

There were many beautiful women in Imperial Capital University, but there were not many who were as beautiful as Qin Sheng.

They did not want to believe that Qin Sheng had a boyfriend.

Such a goddess should be worshipped.

If she had a boyfriend, they would feel like they had lost their love.

“By the way, what’s her name? Which class and major is she in?”

“Can’t we just follow her and have a look? She should be a freshman, so she will definitely register there.”

They followed Qin Sheng and Fu Hanchuan all the way to the registration office of the medical major class.

“Hello. Class major, name, and ID card.”

Because there were many new students and they were very busy now, at this moment, he had just taken a break, so the Student Union member of the registration office casually asked Qin Sheng.

Fu Hanchuan helped Qin Sheng answer. "Medical major, Class 3, Qin Sheng."

At this moment, his whole body was emitting cold air. It was not that he did not notice the boys who had been following him.

He was just worried that he would bring trouble to Qin Sheng, so he had been enduring it and ignored them.

When the member of the Student Union heard the name Qin Sheng, he was stunned.

When he came to his senses, he raised his head in surprise.

Qin Sheng, the top scorer of the college entrance examination, the girl who had scored full marks?

The fact that Qin Sheng had scored full marks in the college entrance examination was known by many of the top students of Imperial Capital University.

The students of Imperial Capital University rarely paid attention to the top scorers of the college entrance examination in the past.

After all, the scores of the top scorers of the college entrance examination were not much different from theirs.

However, it was different this year. Under the circumstances where the college entrance examination papers were extremely difficult, Qin Sheng was able to get a perfect score. Moreover, she spent very little time on it. This could already be considered as a pervert among perverts.

Therefore, they paid more attention to Qin Sheng.

This member of the Student Union also knew of Qin Sheng's existence. He also knew that her wish was to major in medicine at Imperial Capital University.

Therefore, when he heard Qin Sheng's name, he immediately thought of the top scorer of the college entrance examination.

He raised his head. When he looked up, Qin Sheng's beautiful face bumped into his eyes.

The member of the Student Union was stunned.

He looked at Qin Sheng in a daze.

Fu Hanchuan's body was emitting cold air. It was so cold that the Student Union member shivered.

He retracted his gaze and coughed lightly.

His heart was beating non-stop. It was not because of Qin Sheng, but because Fu Hanchuan's gaze was too terrifying. It was as if he wanted to eat him.

The Student Union member quickly flipped through the student registration forms.

He found Qin Sheng's name.

"Sign here," he said.

### **Chapter 663: Qin Sheng, The Top Scorer In the College Entrance Examination!**

Qin Sheng picked up a pen and quickly wrote her name on the paper.

Her hands were very beautiful. They were slender and fair. Under the sunlight, they seemed to glow with a sparkling white light.

The Student Union member was stunned again.

Very beautiful.

Beautiful hands, beautiful words.

The key was that she was also beautiful!

The blush on the boy's face spread rapidly. He shifted his gaze uncomfortably. He was embarrassed.

Fu Hanchuan frowned and said impatiently, "Are you done?"

The Student Union member quickly picked up her ID card. After swiping it, he quickly typed on the computer.

This time, he was very fast. It took him less than a minute to complete the registration.

He also gave Qin Sheng the key to the dormitory and her student ID card.

Fu Hanchuan didn't want Qin Sheng to be watched by so many male students. As soon as they finished the registration, he left with Qin Sheng.

The Student Union member was still sitting there in a daze.

He did not even help with the registration procedures for the other students.

Those boys surrounded him and were all competing to ask.

"What was the name of that girl just now? Which class is she from?"

That Student Union member finally reacted and let out a heavy breath.

Those boys said anxiously, "Are you stupid? Tell us quickly."

The Student Union member finally opened his mouth, "Qin Sheng, this year's top scorer in the college entrance examination."

As soon as he said that, the entire place fell silent.

After a long while, one of the boys finally let out a curse, "F\*ck!"

"Are you serious? The top scorer in the college entrance examination?! That pervert who got a perfect score? Such a beautiful goddess, could she be the top scorer in the college entrance examination?"

This boy clearly did not see Qin Sheng's photo.

Another guy slapped his head and came to a sudden realization.

"No wonder I kept feeling that she's so familiar! So she's the top scorer in the college entrance examination."

When the other guys heard their words, they started discussing among themselves.

"D\*mn, is the top scorer in the college entrance examination so good-looking these days? I remember the year I was in, the top scorer in the college entrance examination had very little hair and dark circles under his eyes. I could even call him a panda."

"Good grades and good looks. She's definitely a goddess."

"By the way, there was a genius called Fu Hanchuan in our Imperial Capital University. Wasn't he also very handsome? He was also the top scorer in the college entrance examination."

"I think so. I saw him once when I went to Imperial Capital University. He was very handsome. If I were a girl, I would definitely be moved by him."

"..."

They had a heated discussion.

One of the girls who had been mingling among them retreated from the crowd.

She had taken a photo of Qin Sheng just now.

She flipped through it and enjoyed it for a while.

Then, she went to Weibo to find information about Qin Sheng, the top scorer in the National College Entrance Examination.

Finally, she returned to the forum to post.

On this side, Fu Hanchuan and Qin Sheng returned to their dorms.

Imperial Capital University had a rule that on the first day of school for new students, foreign males were not allowed to stay in the dorms for more than ten minutes.

Fu Hanchuan put down his luggage.

He rubbed Qin Sheng's fluffy hair and said in a low voice, "Sheng Sheng, come home more often. It's not far from Imperial Capital University."

"Okay." Qin Sheng nodded. "I'll go back tonight."

"Okay."

Fu Hanchuan's voice was filled with joy.

In the four months since Qin Sheng moved into Fu Garden, the two of them had not been apart for a single day.

If Qin Sheng moved into the dormitory at noon and stayed at night, the two of them would inevitably be separated.

Fu Hanchuan did not want to leave Qin Sheng in his heart.

Qin Sheng was the same. She was used to Fu Hanchuan, so she decided to stay in the school at noon to rest and return to the villa at night after she had classes.

#### **Chapter 664: College Roommate**

"I'm leaving. Call me if you need anything," Fu Hanchuan reminded her.

Qin Sheng agreed.

Fu Hanchuan left at the right time.

In the dormitory, there was another girl besides Qin Sheng. She had thick bangs and a pair of black-rimmed eyes on her face.

She was tidying up her things just now and looked at Qin Sheng from time to time.

When she saw Fu Hanchuan and Qin Sheng behaving intimately, she frowned but did not say anything.

1

Qin Sheng was tidying up her luggage quietly.

About half an hour later, another girl came in.

Her face was covered in heavy makeup. Her long straight hair was not tied up and fell straight to her chest.

After she dragged her luggage in alone, she looked at Qin Sheng and Meng Fangfei and took out a bag of sweets.

She placed one on Qin Sheng's table and gave it to Meng Fangfei.

She introduced herself enthusiastically, "I'm Shen Jiayue, a computer science student. I entered Imperial Capital University with a score of top 200."

After saying that, her gaze fell on Qin Sheng.

She asked, "This classmate, can you introduce yourself?"

Qin Sheng only replied with two words, "Qin Sheng."

Shen Jiayue frowned. She had a feeling that she had heard the name Qin Sheng somewhere before. However, she only thought that it was a coincidence and did not think too much about it.

"What about you?" Shen Jiayue asked Meng Fangfei.

Meng Fangfei opened her mouth to speak. Her voice was very soft. "Meng Fangfei, economics and management major, ranked 88th."

"88th?" Shen Jiayue was very surprised. "I didn't expect your results to be so good!"

At this moment, she was very serious as she sized up Meng Fangfei. When she saw Meng Fangfei's supplies and clothes, she frowned without a trace.

In her heart, she also looked down on Meng Fangfei.

No wonder her results were so good. It turned out that her family background was not good.

If she wanted to stand out, she could only rely on studying.

Shen Jiayue no longer had the intention of befriending Meng Fangfei, and Qin Sheng's attitude was very cold.

She did not talk to them anymore.

She began to tidy up her things.

Shen Jiayue had just finished tidying her blanket when another girl came in. She was very ostentatious, with three maids behind her.

She was wearing a white dress, and her face was covered with thick makeup.

She sized up the dormitory.

Then, she arrogantly instructed the servants, "Arrange these things properly for me."

Shen Jiayue saw the girl's attire and knew at a glance that she was the daughter of a rich family. Moreover, with so many servants, her family background wouldn't be too bad.

Her thoughts immediately became lively.

Walking up, her attitude was very good. "Hello, my name is Shen Jiayue. I'm in the same dormitory as you. May I know your name?"

Zhao Xiang was sitting on a chair. Hearing this, she lowered her head and buffed her nails. Without looking at Shen Jiayue, she said, "Zhao Xiang."

After saying this, she did not say anything else.

Shen Jiayue asked again, "Can you tell me how what place you got in your major and college entrance examination?"

Finally, she added, "When I saw you, I felt that you were very impressive, Xiang Xiang. Your college entrance examination results must be very good."

Zhao Xiang was used to being adored by others.

However, she was still very pleased with Shen Jiayue's words.

She finally gave Shen Jiayue a look. "I'm a medical major. I got 18th place in the college entrance exam."

"Oh my god!" Shen Jiayue covered her mouth. "Xiang Xiang, your results are too good. You might be the best student in the medical major."

"I didn't expect you to be so beautiful. Your grades are not bad either."

## Chapter 665: Qin Sheng Is the Top Scorer In the College Entrance Examination

Flattering words kept coming out of Shen Jiayue's mouth.

Zhao Xiang was in a good mood when she heard this.

Meng Fangfei listened for a long time and said, "Zhao Xiang, your results are really good."

At this time, only Qin Sheng had not spoken well of Zhao Xiang.

Zhao Xiang frowned and her gaze fell on Qin Sheng.

From the moment Zhao Xiang entered, Qin Sheng had been swiping her phone at the side. She was very quiet.

Zhao Xiang frowned unhappily.

So cold and aloof?

Why didn't she greet her when she saw her?

Shen Jiayue saw through Zhao Xiang's thoughts. She said, "Her name is Qin Sheng."

"Qin Sheng?"

Zhao Xiang's brows were tightly knitted. "The college entrance examination's top scorer, Qin Sheng?"

Shen Jiayue was very puzzled. "What college entrance examination's top scorer?"

At this point, Shen Jiayue also remembered. "The name of this year's top scorer of the National College Entrance Examination is also called Qin Sheng."

Zhao Xiang was very hostile towards Qin Sheng. Previously, she was not hostile toward Qin Sheng. After all, they did not know each other.

But now, if Qin Sheng was really the top scorer of the National College Entrance Examination, Zhao Xiang would be very uncomfortable.

She did not want to be in the same dormitory with someone whose results were better than hers.

Shen Jiayue denied her own thoughts. "Xiang Xiang, it should be the same name. If she was the top student in the National College Entrance Examination, the school would have arranged for her to stay in a separate dormitory. Why would she stay with us?"

Zhao Xiang's brows relaxed. She also felt that it made sense.

However, Qin Sheng ignored her the entire time, which made Zhao Xiang very unhappy. This was the first time someone had ignored her like this.

Zhao Xiang stood up from her seat and came to Qin Sheng. "Qin Sheng, right? The three of us in the dormitory are already familiar with each other, and you're the only one who doesn't say a word. Are you looking down on us?"

Shen Jiayue also echoed, "Yes, Qin Sheng, we're all roommates. We'll have to spend four years together in the future. It's not appropriate for you to not talk to us with such an aloof attitude."

Qin Sheng turned off her phone and looked up. Her gaze was cold.

Her red lips slowly spat out three words, "I like silence."

She was very sensitive to other people's emotions. Since Shen Jiayue and Zhao Xiang did not like her, there was no need for her to be polite to them.

Shen Jiayue choked.

Now that Qin Sheng had said that, she was embarrassed to say anything more about Qin Sheng.

At this moment, Meng Fangfei suddenly said in surprise, "Qin Sheng, you're the top scorer in the college entrance examination?"

From Meng Fangfei's angle, she could see Qin Sheng's profile.

The picture attached to the forum post was of Qin Sheng bending over to sign her name at the freshmen registration office. It was also a profile picture.

So Meng Fangfei recognized Qin Sheng.

Hearing this, Zhao Xiang looked over. "What top scorer of the college entrance examination?"

Meng Fangfei replied, "It's on the forum of Imperial Capital University. Our classmate Qin Sheng from our dorm is the top scorer of this year's college entrance examination, the one who got a full score."

Zhao Xiang's heart sank as she looked in Qin Sheng's direction.

There was some questioning in her voice. "Qin Sheng, are you also a medical student?"

Hearing Meng Fangfei's words, Shen Jiayue immediately took out her phone and started to check.

She opened the forum of Imperial Capital University. It was a post about Qin Sheng, the one at the top of the forum.

Shen Jiayue saw it at first glance.

She opened it to take a look.

It was full of introductions about Qin Sheng.

Qin Sheng, the top scorer in the National College Entrance Examination, was a great beauty and a goddess. She was estimated to be 1.7 meters tall and had a good figure...

The rest was full of praises for Qin Sheng.

#### **Chapter 666: The Street Vendor Qin Sheng Used**

Shen Jiayue frowned and immediately pulled down.

When she flipped to the last page, she saw a photo of Qin Sheng. She was stunned and then looked at Qin Sheng in disbelief.

“You really are Qin Sheng, the top scorer in the college entrance examination!”

Zhao Xiang’s eyes were also questioning. It seemed that if Qin Sheng really was the top scorer in the college entrance examination, she would be letting her down.

Qin Sheng raised her eyebrows. “Yes, is there a problem?”

Shen Jiayue could see that Zhao Xiang did not like Qin Sheng. Since she wanted to curry favor with Zhao Xiang, she naturally spoke up for Zhao Xiang.

She said rudely, “Of course there’s a problem. Qin Sheng, you heard us talking about the top scorer in the college entrance examination just now. Why didn’t you stand up and tell us? Why didn’t you just sit there and watch the show? Is it fun to play with us like this?”

Qin Sheng curled her lips and said sarcastically, “I’m afraid that if I stood up, you would think that I was showing off.”

Therefore, no matter how she did it, these people would always find fault with her.

It was better not to say it.

Shen Jiayue avoided looking at her. Obviously, she did have such thoughts.

However, she still denied it. “Qin Sheng, don’t think that you can see through my thoughts. Am I the kind of person that you say I am?”

Qin Sheng smiled and ignored her.

Zhao Xiang gritted her teeth. She did not expect that there was someone in the dormitory who had better grades than her and was also a medical major.

However, this person’s family background was definitely not as good as hers.

Thinking of this, Zhao Xiang’s heart relaxed a little.

Qin Sheng was still not as good as her. Her family background was far more important than her grades.

Zhao Xiang glanced at Qin Sheng proudly and then asked the maid, “Where are the skincare products I brought?”

The maid quickly found them and gave them to her. “Miss, they’re all here.”

The maid took out three sets of skincare products.

Zhao Xiang looked at Shen Jiayue. “Pick one.”

“Okay.”

Shen Jiayue picked up a set of skincare products and looked at them seriously. After a while, her eyes widened.

She said in surprise, “Oh my god, isn’t this the Lanya brand’s skincare products? Each set costs 20,000 yuan.”

Shen Jiayue held the skincare products and could not put them down.

"I've always wanted to buy it, but it was too expensive and I couldn't bear to. Xiang Xiang, you're too generous."

Zhao Xiang clasped her nails and said carelessly, "This is just a small amount of money."

Shen Jiayue nodded repeatedly. "Xiang Xiang, I'm so envious of you. Not only are you good at your grades, you're beautiful, and you have a good personality, but you also have a good family background."

She felt very sour in her heart.

Why did Zhao Xiang take everything?

She thought so in her heart but did not show it on the surface.

Zhao Xiang said again, "Meng Fangfei, you should take a set too."

Meng Fangfei had just heard Shen Jiayue say 20,000 yuan for a set, but she rejected it. "I don't need skincare products."

Shen Jiayue walked over and sized up Meng Fangfei.

Then she frowned and said, "Fangfei, your image isn't good. It's very old-fashioned. Moreover, you have a lot of acne on your face. How can you not use skincare products? You'd better take it."

As she said that, she stuffed the skincare products in her hands into Meng Fangfei's hands.

Meng Fangfei hesitated for a moment before taking it.

There was still one set left.

This time, Zhao Xiang personally delivered it to Qin Sheng.

Qin Sheng was sitting on the bed. Zhao Xiang looked down at Qin Sheng from above and placed the skincare product on Qin Sheng's bed as if she was giving alms.

"Here, this skincare product is very expensive. Most people wouldn't be willing to buy it."

Qin Sheng looked away from the phone and said, "I have it myself."

Zhao Xiang frowned. How could she not know what was good for her?

"Qin Sheng, this set of skincare products is an internationally famous brand. It's different from the ones you buy from street vendors on the side of the road."

Qin Sheng raised her eyebrows. "Street vendors?"

## **Chapter 667: Embarrassed Her**

She pointed at a set of skincare products that she had just placed on the table and tilted her head. "Is that from a street stall?"

"Of course."

Zhao Xiang picked up a small bottle of samples, wanting to prove her words so that she could mock Qin Sheng.

Suddenly, her gaze paused, and then her eyes widened. "Feng Yu brand?"

"Feng Yu? Isn't that the top brand in the current cosmetics and skincare industry? A set costs at least two million yuan," Shen Jiayue said.

Zhao Xiang asked, "Qin Sheng, is your family background very good?"

However, she had heard that Qin Sheng had studied in the countryside before moving to H City High School.

What kind of family background could Qin Sheng have?

Not to mention, she could afford several million yuan worth of cosmetics?

Even though the Zhao family was a wealthy family in the capital, she couldn't just buy Feng Yu brand casually.

Qin Sheng didn't say anything.

Shen Jiayue was very puzzled. "How can a college student afford such expensive skincare products?"

Her gaze landed on Qin Sheng's cosmetics, and she was even more puzzled. "These cosmetics and skincare products are all from the Feng Yu brand. In total, they will cost at least four million."

When Qin Sheng heard this, her beautiful brows furrowed.

Just this little amount of cosmetics was already so expensive?

Fu Hanchuan had prepared this for her. Qin Sheng took it and casually used it.

As she thought of something, Shen Jiayue said loudly, "Could it be that these are all fake?"

When she heard this, Zhao Xiang's brows relaxed.

They must be fake.

Shen Jiayue advised, "Student Qin Sheng, using fake skincare products and cosmetics is especially bad for your skin. It will cause allergies and damage your skin. Take this cosmetics that Xiang Xiang gave you."

Qin Sheng smiled. "I like to use fake products."

When Qin Sheng said that, Shen Jiayue was furious.

She said angrily, "I'm trying to persuade you out of kindness. Since you don't appreciate it, there's no need for me to treat you well."

Meng Fangfei, who had been silent, said, "Let's forget about this matter. If she doesn't want it, there's no need to make things difficult for Student Qin."

Shen Jiayue glared at Meng Fangfei.

Meng Fangfei's head shrunk. She didn't understand what she had done to offend Shen Jiayue.

Zhao Xiang returned to her seat.

On the other side, the maid had already packed up everything and asked respectfully, "Miss, do you have any other instructions?"

Zhao Xiang waved her hand impatiently. "All of you can go back."

After the maid left, she looked in Qin Sheng's direction from time to time, her eyes filled with unwillingness and resentment.

Ever since she was born, Qin Sheng was the first person to ignore her and embarrass her.

Shen Jiayue was very good at reading people's expressions.

At this moment, seeing that Zhao Xiang was in a bad mood, she did not go up to look for Zhao Xiang.

She returned to her desk, opened the skincare product that Zhao Xiang gave her, and tried it out.

—

On the Imperial Capital University's forum, the post where Qin Sheng was the top scorer in the college entrance examination had already received over a thousand replies.

[This is the top scorer in the college entrance examination? This is the first time I've noticed it. I didn't expect her to be so beautiful. F\*ck, f\*ck, f\*ck, I've missed a lot. If I knew she looked like this, I would have been waiting at the school gate.]

[Are you sure you didn't use a beauty filter?]

[The one above, she didn't use a beauty filter. I've seen Qin Sheng in the media before, and I thought she used a beauty filter too. But when I saw her in person today, f\*ck, it blinded my eyes. That skin, that figure, that face, she's definitely a goddess. She didn't even put on makeup.]

[Right, I saw it too. She's so f\*cking beautiful. It's such a pity not to be a celebrity.]

[Big celebrity? Forget it. She's this year's top scorer in the college entrance exam and got a full score. Does she need to be a celebrity?]

[I want to know her contact information. I want to know her Weibo. Which genius calculator in our school is going to dig it up?]

[I also want to know her phone number and Weibo.]

[...]

## **Chapter 668: Selection of the Campus Belle**

The students of Imperial Capital University were quite good at computer science. When they saw the replies, they immediately went to look for them.

The replies at the end of the post were led by someone, and some of them were also discussing Ye Yutong.

[I have a feeling that the campus belle is going to be replaced.]

[I also feel that Senior Sister Ye's appearance is not as good as Qin Sheng's, and her grades are not as good as Qin Sheng's. The campus belle title should belong to Qin Sheng.]

Their words were refuted by some students.

[Senior Sister Ye can become the school belle not only because of her beauty, but also because of her noble temperament. How can Qin Sheng have such a temperament?]

[I still feel that Senior Sister Ye is good. In my heart, Senior Sister Ye is the only person who can be the school belle of our school.]

[Moreover, Senior Sister Ye is good at playing the piano and painting. Does Qin Sheng have the talent like Senior Sister Ye?]

Naturally, their words were refuted by the students who were on Qin Sheng's side.

[In my opinion, Qin Sheng's temperament is not inferior to Ye Yutong's. Qin Sheng has good looks, good grades, and a high temperament. I think Qin Sheng is the more suitable candidate for the school belle. Moreover, how do you know that Qin Sheng doesn't have talent?]

The people who defended Ye Yutong and those who defended Qin Sheng had different opinions.

Seeing this, the president of the Student Union called for a meeting to discuss whether to carry out a new round of the selection of the school belle.

The result was naturally passed.

On the same day, a new round of the selection of the school belle began. They were very efficient and only gave three hours for the students to register before they started voting.

The voting time was two days later.

In the afternoon, Qin Sheng went to the classroom after taking a nap.

Qin Sheng had always liked to go to class on time.

It was the same at this moment.

When she arrived at the classroom, there were already many students in the classroom. There were thirty students in a class.

Zhao Xiang had already arrived early.

At this moment, she was surrounded by a few girls. Those girls were all saying nice things about Zhao Xiang.

Zhao Xiang's appearance could be considered extremely good.

She attracted the gazes of many boys. They would look at Zhao Xiang from time to time.

Zhao Xiang enjoyed the attention of the crowd. Her gaze was filled with disdain and arrogance.

Qin Sheng walked in.

The classroom seemed to have been pressed for a pause. Instantly, it became quiet.

Those boys were stunned.

They could not move their eyes away.

They could hear the sound of swallowing their saliva.

They thought that Zhao Xiang was already beautiful enough, but who knew that another one had come. Compared to Zhao Xiang, she was many times more beautiful!!

Too beautiful!

The unusual situation in the classroom caught Zhao Xiang's attention.

She looked at the classroom door.

When she saw Qin Sheng, she frowned.

She clenched her fists beside her. She didn't expect that not only was Qin Sheng in the same major as her, but they were also in the same class!

She thought that she was the best in the class.

Now that Qin Sheng, the top scorer in the college entrance examination, had arrived, her results were nothing.

Qin Sheng glanced at the seats in the class and happened to see Zhao Xiang's resentful gaze. She withdrew her gaze without caring.

She went straight to a seat at the back and sat near the window.

There was no one around her.

Some of the boys had the intention to strike up a conversation and wanted to sit near Qin Sheng.

However, as soon as they stood up, the professor came over.

They could only return to their original seats and sit down.

The professor looked very young, only in his forties.

He stood on the podium, adjusted his glasses on the bridge of his nose, and began to introduce himself. "My surname is Gao, Gao Yongliang. I'll be your class teacher for the next four years."

### **Chapter 669: Are You Very Good?**

Gao Yongliang placed his hands on the podium and said in a very serious tone, "You are all students of Imperial Capital University. Those who are able to enter are all outstanding people from all over the world. I hope that your university is not here to dawdle. In the past four years of university, everyone has to give me some results."

"In addition, after this class ends, many of you may not be able to see me for the rest of the year. I don't give extra tuition. If you have any problems, you can look for a counselor. I won't keep your phone number."

All the students in the class were listening attentively.

There was nothing they could do. Gao Yongliang was too serious. They didn't dare to be absent-minded.

Of course, Qin Sheng wasn't one of them.

She propped up her chin with one hand and looked at the scenery outside the window in boredom.

It wasn't that she didn't want to listen. It was just that she hadn't attended the class for three months. She hadn't gotten used to it yet.

So, she could only shift her attention to the outside.

Otherwise, she would definitely fall asleep in class.

Gao Yongliang quickly swept his gaze across the students seated below. Finally, his gaze landed on Qin Sheng and he frowned.

Then, he said, "This year, I will bring two students and let these two students enter the laboratory ahead of time. I will be the instructor."

Upon hearing this, almost all the students in the class sat up straight.

They were all very nervous and hoped that Gao Yongliang would choose them.

After choosing a medical major, many of them were professors who had gotten to know the medical major of Imperial Capital University, not to mention people at Gao Yongliang's level.

Gao Yongliang himself was a person with great achievements in medicine and was very famous internationally.

He had done research at Imperial Capital University. Sometimes, he would even go out for surgery.

It had been five years since Gao Yongliang had taken a student.

If they were selected by Gao Yongliang this year, it would be a matter of pride if word got out.

Moreover, with Gao Yongliang conducting experiments, they could learn a lot. If he did any good research, they could add a very bright stroke to their resume.

Zhao Xiang was also very nervous.

Gao Yongliang looked at the name list in his hand.

He said, "Zhao Xiang, you're one of them."

Zhao Xiang was delighted. She quickly stood up. "Thank you, Professor."

"Okay." Gao Yongliang nodded.

Zhao Xiang sat back in her seat. She even deliberately glanced at Qin Sheng, who was sitting by the window. She was very pleased.

Qin Sheng happened to look at Zhao Xiang and met her gaze.

She had some doubts in her heart.

What was Zhao Xiang showing off?

Qin Sheng did not think about it anymore. It was too taxing on her brain.

"There's another student," Gao Yongliang said.

The hands of the students in the classroom were covered in sweat. They were nervous.

Gao Yongliang's gaze swept across the classroom and finally landed on Qin Sheng.

He said, "Qin Sheng."

Zhao Xiang was stunned. Qin Sheng was one of them?

Instantly, she felt like she was a clown who jumped up and down.

Zhao Xiang placed her hands on the table and clenched them tightly.

Qin Sheng was not listening to the lecture. At this moment, she stood up and asked in confusion, "Professor, what's the matter?"

Gao Yongliang: "..."

So, he had been talking for so long, but Qin Sheng had not heard a single word?

He had thought that Qin Sheng could multitask when she looked out the window.

Gao Yongliang's face darkened. "This semester, I'll be taking you on an experiment."

Qin Sheng frowned and asked, "Are you good?"

Qin Sheng did not forget that Imperial Capital University had promised to arrange for her to have an authoritative and knowledgeable tutor.

In addition, she had to conduct research on Grandfather Lu's illness herself.

It would be difficult for her to do so if her guidance teacher was not competent enough.

### **Chapter 670: Was Written By Her**

Hearing Qin Sheng's words, Gao Yongliang's face couldn't hold back anymore.

The top scorer of the college entrance examination was this stubborn?

It just so happened that she was someone the school had to support, so he didn't dare to get angry at Qin Sheng.

Gao Yongliang took a deep breath and forcefully suppressed the anger in his heart.

Gritting his teeth, he said word by word, "I dare say that I'm the best professor in the medical field at Imperial Capital University."

Qin Sheng was relieved. "That's good."

Gao Yongliang felt a headache coming on to Qin Sheng. He waved his hand and said, "That's all for today. Qin Sheng and Zhao Xiang, come over and leave your contact details."

"Professor." Qin Sheng came to the podium.

She stood not far from Gao Yongliang. She looked obedient and well-behaved. Qin Sheng's appearance was very deceptive.

If it weren't for the incident just now, Gao Yongliang might have really believed that Qin Sheng was an obedient student.

After Gao Yongliang, Qin Sheng, and Zhao Xiang changed their phone numbers, the three of them created a QQ group.

Putting away his phone, Gao Yongliang frowned and said, "Student Qin Sheng, you are the top scorer in this college entrance examination. The school specially arranged for me to take you. I hope you won't disappoint the school's expectations."

"Okay, I'll work hard." Qin Sheng nodded obediently.

Gao Yongliang reminded again, "Also, you have to respect your teacher, understand?"

"Understood," Qin Sheng agreed again.

Although Qin Sheng's attitude was very sincere, Gao Yongliang did not believe Qin Sheng's words.

He waved his hand and said, "I'll be leaving first. I'll start studying again in a week. You guys prepare yourselves."

Gao Yongliang really did not want to see Qin Sheng again.

Qin Sheng could still get full marks in this year's college entrance exam under such a difficult situation. Gao Yongliang was looking forward to Qin Sheng, the top scorer with full marks.

The school had arranged for him to bring Qin Sheng over. If it wasn't for Gao Yongliang's willingness, the school wouldn't have been able to do anything to him.

Gao Yongliang wanted to nurture a well-known medical expert.

All these years, he had been looking for candidates, but none of them were satisfactory.

Gao Yongliang had never seen Qin Sheng with his own eyes, but he felt that Qin Sheng's ability to get full marks was very good.

Gao Yongliang wanted to take a gamble.

So, he agreed to the school's conditions.

Before Gao Yongliang left, he gave Qin Sheng a headache.

He hoped that his choice wasn't wrong.

Zhao Xiang was dissatisfied with Gao Yongliang's disregard for her. She ran to Gao Yongliang and stopped him.

She bent down and asked respectfully, "Professor, what should we do to prepare?"

Gao Yongliang frowned and said seriously, "Think about it yourself. I won't help you with everything."

Zhao Xiang's expression froze.

She quickly adjusted herself. "Okay, thank you, Professor."

Gao Yongliang left, and Zhao Xiang's expression didn't look good.

She looked at Qin Sheng angrily.

Why did Qin Sheng want to study medicine?

If it wasn't for Qin Sheng, she would be the best in the medical department of Imperial Capital University this year.

She finally understood what Gao Yongliang meant when he said that.

It turned out that the reason he took in disciples was because of Qin Sheng, and she was just a side character.

Zhao Xiang felt humiliated.

At this moment, she didn't give Qin Sheng a good look. She also felt that she was born into a wealthy family in Imperial City, so she didn't need to care about people from a small city.

"Qin Sheng, let me tell you, don't try to steal my limelight. Our Zhao family is very powerful in Imperial City. It's very easy for us to suppress you."

Qin Sheng raised her eyebrows. "If it should be yours, it will be yours. If it's just talking..."

Her voice paused. "It will never belong to you."
