Chapter 721: Did Not Like Qin Sheng

Lin Haocheng said again, "Grandfather, if you like her, you can bring her back to be your granddaughter."

Old Master Lin suddenly looked at Lin Haocheng. "What's her name? How old is she? Where is she from?"

Lin Haocheng thought that Old Master Lin wanted to acknowledge Qin Sheng as his god granddaughter, so he was asking about Qin Sheng.

He answered them one by one, "Qin Sheng is 18 this year. She's from H City."

Old Master Lin's eyes darkened, and he asked, "Is her mother called Lin Shuya?"

Lin Haocheng shook his head and was very puzzled. "I'm not sure, but are her parents still alive? When I first met Sheng Sheng, she lived with Hanchuan."

Lin Haocheng did not investigate Qin Sheng's family background.

It was mainly because he was tortured by Fu Hanchuan. He was busy almost every day.

Later on, he also forgot about this matter.

Old Master Lin was silent. His eyes were only fixed on Qin Sheng in the photo.

She was too similar!

Qin Sheng did not look like Lin Shuya, but like Old Madam Lin. It was as if they were carved from the same mold.

Therefore, when Old Master Lin first saw Qin Sheng, his reaction was very strong.

After hearing the news about Qin Sheng from Lin Haocheng, he was already somewhat certain in his heart.

Qin Hai's surname was Qin, and she was also from H City.

According to the time Lin Shuya married Qin Hai, her age was also suitable.

Old Master Lin suspected that Qin Sheng was Lin Shuya's daughter.

Lin Haocheng leaned over. "How about it? Do you want Sheng Sheng to be your god granddaughter? Moreover, Sheng Sheng is this year's college entrance examination top scorer."

Elder Lin returned the phone to Lin Haocheng.

He said expressionlessly, "Let's talk about this in the future."

"But, Grandpa, don't you like Sheng Sheng?"

Lin Haocheng felt that Old Master Lin's reaction was not quite right.

Old Master Lin said nonchalantly, "I don't really like her. She's just a girl. Isn't she quite normal?"

He leaned against the sofa and closed his eyes.

His heart was very complicated.

It was not that he did not like Qin Sheng, but because of Lin Shuya, there was always a knot in his heart. Even when he faced Qin Sheng, he did not want to bother with her.

After all, Old Madam Lin, who was already seriously ill, was flustered because of Lin Shuya's matter. Even if the doctor arrived in time, there was no way to save her.

Originally, there had been hope for her illness to be cured.

When Lin Haocheng heard Old Master Lin's words, his eyeballs almost fell out.

Abnormal. This was really too abnormal.

His grandfather actually didn't like Qin Sheng

Lin Haocheng's mind was filled with questions. He wanted to say something more, but Old Master Lin had already stood up from the sofa.

He said, "Let's talk about this later."

"But, Grandfather..."

Old Master Lin waved his hand. "That's enough. I'm tired."

Lin Haocheng's words were stuck in his throat.

Old Master Lin returned to his room. He took out Old Madam Lin's photo and studied it carefully.

Old Master Lin had made up his mind at that time to cut ties with Lin Shuya.

Everything about Lin Shuya had nothing to do with him.

So, what did Lin Shuya's daughter have to do with him?

With parents like Qin Hai and Lin Shuya, Qin Sheng's character wouldn't be any better.

If the Lin family really acknowledged her, they would probably bring back an ingrate, just like Lin Shuya.

Old Master Lin frowned very tightly.

He put the photo away.

Sitting on the chair, he rubbed the space between his brows, feeling very irritated.

Qin Sheng's figure kept appearing in his mind.

Chapter 722: Qin Sheng's Background

In the end, Old Master Lin picked up his phone and instructed, "Help me check the background of this year's top scorer of the college entrance examination, Qin Sheng."

He hung up the phone.

Old Master Lin entered Qin Sheng's name on Baidu, and the current Baidu Encyclopedia had already included Qin Sheng's information.

He frowned and looked down.

The top section mainly introduced Qin Sheng's identity as the top scorer of the college entrance examination with full marks. There were also some achievements that Qin Sheng had made in her studies, but there was almost no introduction of Qin Sheng's background.

Old Master Lin's brows were tightly knitted together.

According to Qin Hai's showy personality, he would definitely publicize that Qin Sheng was his daughter.

How could there be no background of Qin Sheng here?

Suddenly, Old Master Lin's gaze stopped.

Qin Sheng transferred from a very ordinary county to H City High School in the second semester of her third year of high school?

Shouldn't Qin Sheng always stay by Qin Hai and Lin Shuya's side?

Old Master Lin turned off his phone.

He leaned against the back of his chair, unable to calm down.

—

The next day at noon, it was Monday again.

Professor Gao Yongliang looked at Qin Sheng and Zhao Xiang's class schedules. There were no classes during the first or second period in the morning, so he called them to the laboratory.

He looked serious. "You are all my students. I hope that you can all achieve something. If this gets out in the future, it won't be a disgrace to me."

He looked at Qin Sheng.

Qin Sheng lowered her eyes and pretended not to hear Gao Yongliang's words. She said calmly, "Okay."

Zhao Xiang, on the other hand, bowed. "Professor, I will work hard."

Gao Yongliang did not hear Zhao Xiang's words clearly. He was angered by Qin Sheng. How could she be so perfunctory?

If not for the fact that Qin Sheng was the top scorer in the college entrance examination, he would have really quit.

He forcefully suppressed the anger in his heart.

However, his face didn't look good, and even the tone he used to speak to Qin Sheng was very unpleasant. "Qin Sheng, the school has arranged for a separate laboratory for you. However, at the beginning of this phase, you will still be doing experiments in the same laboratory as me."

Qin Sheng nodded. "Okay."

Zhao Xiang listened and was very unwilling.

Qin Sheng actually had a separate laboratory?

In Imperial Capital University, other than Fu Hanchuan from a few years ago, the other top scorers in the college entrance examination did not receive such treatment.

A hint of jealousy flashed across Zhao Xiang's eyes.

What right did Qin Sheng have to receive such treatment?

Gao Yongliang gave Qin Sheng and Zhao Xiang each a copy of the documents that he had originally printed.

"This is the content that we will be researching this semester. It will increase the resistance of the immune cells so that they will not be easily destroyed by the virus."

Zhao Xiang was excited. "Professor, if this research is done, it will cause a sensation all over the world."

Furthermore, she was also involved.

She would definitely be able to get a lot of benefits from this. Just her popularity alone would be able to increase by one level.

Gao Yongliang looked at her and mercilessly exposed her. "I've never had the idea of success in this research. The success rate is 5%."

Zhao Xiang frowned. "Professor, then what are you doing?"

"I'm only doing this research to train your abilities. I'll provide you with some guidance, but I basically won't participate in the research."

Gao Yongliang had once spent three years researching methods to improve the immune cell resistance, but he had failed halfway through.

He had searched for a long time for a solution, but he still couldn't find it.

In the end, he gave up.

After all, this was a difficult problem in the world. It would be a waste of time if he continued to research.

Chapter 723: No Notes

Gao Yongliang had asked Zhao Xiang and Qin Sheng to do this research. Training their abilities was one of the reasons.

His main purpose was to put down Qin Sheng's arrogance.

Qin Sheng was a good seedling, but she was too arrogant.

Gao Yongliang wanted to train Qin Sheng well and remove Qin Sheng's arrogance, so he brought up this research.

Zhao Xiang was a little dissatisfied.

So, this semester was to waste time on this kind of impossible research?

Zhao Xiang didn't control her expression and it fell into Professor Gao's eyes.

He shook his head in disappointment.

Then he asked Qin sheng, "Student Qin, are you willing to do this research?"

Qin Sheng nodded. "I will work hard to complete it."

Gao Yongliang frowned. "There's no need to complete it. Just try your best."

No matter how powerful Qin Sheng was, it was impossible for her to complete this research in a short semester.

"Okay." Qin Sheng nodded obediently. She then said, "Professor Gao, if I complete this research, can you guide me to do research?"

Gao Yongliang agreed without thinking. "Okay, I promise you."

Qin Sheng would not complete this research either.

There were many people in the world who carried out research on immune cells, but they all failed in the end.

Qin Sheng nodded. "Thank you, Professor."

Gao Yongliang waved his hand. "We'll talk about it after you complete it."

His expression was very serious. He then said, "Student Qin Sheng, I hope you won't set your goals too high. It's not that I'm discouraging your confidence, but this research is very difficult. If you can complete a quarter of the process, you're already better than most medical professors."

Qin Sheng's beautiful brows furrowed slightly. "I still prefer to set the highest goal, regardless of whether I can complete it or not."

Gao Yongliang choked, but he could not refute.

He really wanted to persuade Qin Sheng not to aim too high, but he thought about it. Perhaps through this research, it would be good for Qin Sheng to suffer a setback.

Zhao Xiang watched as Gao Yongliang and Qin Sheng kept talking and ignored her.

She felt very uncomfortable.

It was obvious that Gao Yongliang valued Qin Sheng very much, but he rarely paid attention to her.

Zhao Xiang couldn't help but say, "Professor, then how high should we set our goal?"

Gao Yongliang finally remembered that there was another person in the experiment. "This will depend on your own ability. Those with strong abilities will be defenseless even if you set a higher goal."

It was a very vague sentence.

Zhao Xiang's face stiffened.

Gao Yongliang asked again, "Student Zhao Xiang, do you have any other questions?"

Zhao Xiang shook her head. "No."

Gao Yongliang nodded. "I will now tell you about the rules and various equipment in the laboratory. In addition, I will also tell you about the use of various reagents in the laboratory."

Because the equipment was available on the internet, Gao Yongliang's introduction was very simple.

He began to introduce the reagents.

"It's very important to understand these reagents. Every time we do experiments, we will encounter them. Each type of reagent has its own uses..."

Zhao Xiang picked up her notebook and wrote down some of the important content that Gao Yongliang said.

Only Qin Sheng did not seem to be serious.

Although she was listening to the class, she had never taken out her notebook.

Gao Yongliang suddenly stopped and looked at Qin Sheng. "Student Qin Sheng, do you want to take notes?"

Qin Sheng shook her head. "No need, I can remember."

The things that Qin Sheng could remember, she wouldn't use a pen to write it down. It was troublesome.

"Remember?" Gao Yongliang frowned. There was a lot of content, and he only said it once, but she could remember it?

Chapter 724: Was Completely Correct

Gao Yongliang did not believe Qin Sheng's words. "Then tell me about the use of these reagents and the methods to pay attention to them."

He thought that it was good that Qin Sheng could remember half of the content.

However, even if Qin Sheng could remember two-thirds of the content, he still wanted to teach her a good lesson.

She was too careless!

Zhao Xiang was also gloating.

She was waiting for Qin Sheng to make a fool of herself, and also waiting for Gao Yongliang to teach Qin Sheng a lesson.

He only said it once, and she could completely remember it?

Zhao Xiang did not believe that Qin Sheng would be so powerful.

She sneered, "Qin Sheng, don't try to make a fool out of yourself. You'd better take notes."

Qin Sheng ignored her gaze and looked at the first reagent. She said slowly, "This is a nucleic acid reagent..."

Qin Sheng repeated what Gao Yongliang had said without any pause.

Gao Yongliang's brows were tightly knitted together.

Did Qin Sheng really remember it all?

In the end, Qin Sheng nodded and said, "Professor Gao, that's about it."

Finally, she blinked. "Did I say anything wrong?"

Gao Yongliang said sullenly, "No, everything is correct."

Zhao Xiang gritted her teeth when she heard that.

She really did remember it all. Why Qin Sheng was so lucky?

She could clearly see the approval in Gao Yongliang's eyes for Qin Sheng.

Zhao Xiang spoke up. Her voice was obviously questioning, "Qin Sheng, did you read the contents of these in advance?"

Qin Sheng raised her eyebrows. She did not hide it. "I did."

These were the contents of the third-year experimental class. Qin Sheng had already reviewed the fourth-year curriculum, so she naturally had learned them.

Gao Yongliang was a little disappointed, but at the same time, he heaved a sigh of relief.

Fortunately, she had read them in advance. Otherwise, if she had memorized the contents of the entire morning, and Qin Sheng had memorized them in less than thirty minutes, how devastating would that be?

Gao Yongliang did not bother about whether Qin Sheng was taking notes or not.

He began to introduce the rest of the reagents.

Another twenty minutes passed. Gao Yongliang looked at the time. "You still have classes after this. That's all for today. Now that you have a basic understanding of the things in the laboratory, you can think about it yourselves in the future and do your own experiments. I will come over from time to time to check on the progress. If there's anything you don't understand, contact me on Penguin."

Gao Yongliang still had a meeting at noon. He had to go make preparations and did not stay any longer.

Zhao Xiang capped her pen and sneered. "Qin Sheng, don't be so smug. Don't think that you can keep stepping on my head."

Qin Sheng asked with great interest, "What do you want to do?"

Zhao Xiang said confidently, "Surpass you in terms of results."

There was also the man who snatched Qin Sheng away.

Qin Sheng narrowed her eyes and said nonchalantly, "Whatever, but..."

Her voice paused and Qin Sheng sneered, "I'm afraid you'll never be able to achieve that."

Zhao Xiang clenched her fists. "Qin Sheng, don't be too confident!"

Qin Sheng had never listened to class seriously in class. After class, she would often play with her phone.

Zhao Xiang thought that Qin Sheng's grades would definitely drop.

Qin Sheng smiled mockingly. She did not talk to Zhao Xiang anymore and walked out of the laboratory.

Zhao Xiang's expression was very ugly.

In all her life, Qin Sheng was the first person who dared to oppose her like this!

—

At noon, Old Master Lin appeared at Imperial Capital University.

Although he was very repulsed by Qin Sheng, he still could not control himself and came to Imperial Capital University.

He sat on the long stone bench on the section of the road from the teaching building to the cafeteria, waiting for Qin Sheng to appear.

Chapter 725: Old Master Lin Faking Illness

Fifteen minutes had passed since the end of the class. Old Master Lin looked at his watch and frowned.

She hadn't come over for lunch yet.

Could it be that Qin Sheng wasn't eating lunch?

Old Master Lin's brows were tightly knitted together. How could she not eat lunch? Wasn't she afraid of starving?

Old Master Lin stood up from the long stone bench.

He was prepared to look for Qin Sheng directly in the classroom. He had Qin Sheng's class schedule.

However, he did not walk too far before Qin Sheng appeared.

She would occasionally look down at her phone.

Old Master Lin's eyes lit up. He sat on the ground and beat his knees.

"Aiyo, this person is too old. I can't even walk."

Many students from Imperial Capital University passed by and wanted to go up to help. However, they thought of something and stopped themselves.

They walked past Old Master Lin one after another.

When Old Master Lin saw that Qin Sheng was looking at her phone seriously and did not notice him, he howled loudly, "Aiyo, it hurts so much. There are so many people here but none of them came to help me up. They don't respect the elderly and love the young."

It had been more than ten minutes since the end of class and only a few people passed by.

Hearing this, they did not dare to go over to help Old Master Lin.

It was obvious that he was faking it. Old Master Lin's acting was not good.

At this moment, Qin Sheng heard Old Master Lin's voice. She stopped in her tracks and looked over.

Seeing this, Old Master Lin quickly retracted his gaze.

His brows were tightly knitted, and he looked like he was in great pain.

Qin Sheng put her phone into her bag and walked over.

Old Master Lin could see the sports shoes Qin Sheng was wearing. He was delighted that she finally came over.

"Are you okay?" Qin Sheng asked with a frown.

Old Master Lin looked up and saw Qin Sheng's face. He was momentarily stunned.

Seeing that Old Master Lin did not respond, Qin Sheng squatted down and her gaze fell on Old Master Lin's knees.

Old Master Lin came to his senses and glared at Qin Sheng. "Do I look fine sitting here?"

A few of the students from Imperial Capital University stopped. "Campus Belle Qin, this old man is obviously faking it. Look at his ruddy face. Even his voice is full of energy. You'd better leave him alone."

"Yes, Campus Belle Qin. I don't want him to extort you."

Old Master Lin blew his beard and glared at them. "Why would I extort you? What's in it for me? All of you don't know how to respect the elderly and love the young."

His goal was only Qin Sheng.

He didn't care whether the others helped him or not.

Qin Sheng replied, "It's fine."

Old Master Lin was faking it. She could tell at a glance.

Normally, she wouldn't have paid him any attention.

However, when she faced Old Master Lin, she could not control her footsteps and walked over.

She helped Old Master Lin up. "Let me bring you over to sit down."

Old Master Lin did not play any tricks this time. He allowed Qin Sheng to bring him to sit down on the long stone bench.

He sized Qin Sheng up and then frowned.

"Dressed like this, you're too unreserved."

Qin Sheng was wearing a short-sleeved shirt and a pair of wide-legged pants. It was a simple outfit and very conservative.

Old Master Lin was obviously picking on her on purpose.

Qin Sheng ignored Old Master Lin's words. "Do you need your family to come and pick you up?"

Old Master Lin snorted. "I don't have their cell phone number."

"Then where is your home? I'll send you back," Qin Sheng said patiently.

Old Master Lin: "I forgot."

Qin Sheng looked seriously at Old Master Lin's attire. His home should not be simple. If he went out alone, it was impossible for him not to bring bodyguards.

Chapter 726: Wooing a Girl

She stood up. "Grandpa, I'm waiting for your bodyguard to come and pick you up. I'm a medical student, so I can tell that your body is fine."

Old Master Lin was very displeased. "If I had a bodyguard, could I have just sat there? Wouldn't they have come to help me a long time ago?"

Qin Sheng's eyes flashed with a smile.

Her red lips parted slightly. "Is that so?"

Old Master Lin did not like Qin Sheng's reaction. It made him feel as if his thoughts were completely exposed.

He glared at Qin Sheng. "How could I lie to you? Does this classmate not even know how to respect her elders?"

Qin Sheng smiled. She came to a nearby tree. "Come out and bring him back."

Qin Sheng did not spoil Old Master Lin.

A bodyguard in a suit walked out from behind the tree. The veins on Old Master Lin's forehead were throbbing. How did Qin Sheng know?

Qin Sheng nodded and said to Old Master Lin, "I still have something to do. I'll leave first."

Old Master Lin stood up from his seat.

The bodyguard came to him and said nervously, "Master."

Old Master Lin's expression was complicated. He did not punish the bodyguard and only said, "Go back."

The main purpose of his visit today was to see if Qin Sheng was as evil as Qin Hai and Lin Shuya.

However, Qin Sheng's eyes were clear and bright. She did not look like a scheming person.

Even though Qin Sheng knew that he had an extraordinary background, she would not deliberately curry favor with him.

How did Qin Hai and Lin Shuya raise such a daughter? Could it be a coincidence?

Qin Sheng had nothing to do with them?

Old Master Lin frowned and picked up his phone. "Arrange for a few more people to investigate Qin Sheng. Send the results to me as soon as possible."

—

Imperial Capital University Gymnasium.

"Go for it!"

The voices were very loud. All the girls were cheering for Xie Hen's side.

As the last basketball entered the box.

The game officially ended.

The referee announced the result: "41:40, the Red Team wins!"

The girls in the audience were all discouraged.

Xie Hen did not care too much about this result.

He walked to the resting area and picked up a towel to wipe the sweat off his face and neck.

Fang Ke walked over and grinned. "Xie Hen, you've lost. You have to fulfill one of our requirements."

Xie Hen glanced at him. "What's the requirement?"

Fang Ke frowned. "Wait, we haven't thought of it yet. Let's discuss it first."

They had never thought that they would win against Xie Hen. Xie Hen was a basketball prince from Imperial Capital University. In the past three years, he had lost countless times.

Therefore, they had never thought that Xie Hen would lose in today's competition. Not to mention, they had thought of the requirement beforehand.

They had never thought that Xie Hen would be in a bad state today and lose the competition.

Fang Ke and the others gathered together and discussed excitedly.

This was the first time they had asked Xie Hen for anything. They had to think about it carefully.

Five minutes later, they finally came to the conclusion of their discussion.

"Xie Hen, will you agree to any of our requests?"

Xie Hen drank a mouthful of mineral water. When he heard this, he nodded. "Yes."

"Okay then." Fang Ke rubbed his hands together and smiled... very wretchedly. "Our request is to pursue a girl and be her boyfriend for a week."

Xie Hen was a bachelor for ten thousand years. He couldn't be more than a hundred meters away from those women.

They were worried about Xie Hen's future marriage.

Hearing this, Xie Hen frowned. He didn't expect them to make such a request. He subconsciously rejected them. "Change your request."

Chapter 727: Being Qin Sheng's Boyfriend

Fang Ke's tone did not allow him to refuse. "Xie Hen, you've said before that any request is fine. You're trying to change your mind, but we brothers won't agree to it."

Xie Hen felt a headache coming on. "Are you sure you're not messing with me?"

Xie Hen did not have much feelings toward those women. He had always followed his heart. If he did not like them, he would not be able to date them.

Because of Xie Hen's handsome face and his family background, there were many women who pursued him.

But he did not like any of them.

He was already twenty years old, but Xie Hen had never had a girlfriend before.

Fang Ke retorted, "How can this be a prank? Isn't it good to have a girlfriend? How enjoyable is that?"

Xie Hen did not agree. It was really difficult for him to fulfill this request, and he did not want to do it.

Fang Ke was a little anxious. "Let me recommend a girl to you. You should like her."

Xie Hen glanced at him. "Who?"

"The campus belle of our school," Fang Ke answered immediately.

“Ye Yutong.” Xie Hen frowned. It was not that he had never seen Ye Yutong before, but the first time he saw her, he felt that she was very pretentious.

Fang Ke denied it. “It’s not her. She is already one year older than you. You are my good brother. I will never let you pursue her. She is our new campus belle, Qin Sheng.”

Xie Hen felt that this name was very familiar.

Fang Ke took out his phone and took out Qin Sheng’s photos from the album.

He had saved Qin Sheng’s photos. It could be said that many boys would do the same.

Who wouldn’t love a beauty?

“Hey, it’s her!” Fang Ke handed the phone to Xie Hen.

Xie Hen’s brows were tightly knitted together. The more he looked at Qin Sheng, the more familiar he felt. “Are there any more photos?”

Fang Ke raised his brows. He knew that Xie Hen would be interested in Qin Sheng.

His finger swiped on the phone screen. Soon, Qin Sheng’s photos appeared on the phone screen. There were seven photos in total, and he had collected them all.

Fang Ke handed the phone to Xie Hen. “All of them are here.”

Xie Hen looked at the photos on the phone very seriously. He furrowed his brows. He had a feeling that she resembled the girl he had met when he was young.

However, she should not appear at Imperial Capital University.

Fang Ke came over. “How is it, Xie Hen? Isn’t she very beautiful? She can make you fall in love with her with just one look. If you can catch up to her, just by looking at her appearance, it would definitely not be a loss.”

It was very difficult for Xie Hen not to reject a woman other than his mother.

If he were to be Qin Sheng’s boyfriend for a week, it would probably not be too bad.

Xie Hen returned Fang Ke’s phone.

Fang Ke could not understand Xie Hen’s thoughts. He asked, “Xie Hen, are you going to fulfill our request or not? I have to tell you, if you dare not pursue a woman to be your girlfriend...”

“I agree!” Xie Hen suddenly said.

Fang Ke was stunned. He thought he had heard wrongly. “What are you talking about?”

Xie Hen said, “Pursue Qin Sheng.”

He picked up a towel to wipe the sweat off his face and left.

Fang Ke still could not react in time. He asked in a daze, “He said that he agreed to pursue Qin Sheng? Tell me, I didn’t hear wrongly, right?”

One of his friends pinched his arm.

Fang Ke cried out in pain and glared at his friend. "Lin Tian, what are you doing? Are you trying to murder me?"

Lin Tian said innocently, "Does it hurt? If it hurts, then it's not a dream."

Chapter 728: They Were Brother and Sister

Fang Ke nodded and said emotionally, "Then there's no mistake. I never thought that I would see Xie Hen pursue a woman in my lifetime. As expected, Campus Belle Qin is still the most charming."

Lin Tian agreed, "It's not that Xie Hen wasn't interested in women before. It's mainly because he didn't meet a woman he liked."

Fang Ke rubbed his chin. "Do you think this Xie Hen can catch up to Campus Belle Qin?"

Lin Tian answered without thinking. "...Definitely. Xie Hen is handsome, clean, and comes from a wealthy family. Where can she find such a boyfriend? How can she not agree?"

Fang Ke shook his head. "I don't think so."

Lin Tian was very puzzled. "Why? Don't those girls like Xie Hen's type? Just like those girls in our school. Although Xie Hen doesn't care about them, they still chase him every day."

Fang Ke still denied it. "I have a feeling that Qin Sheng is different. She's not that easy to chase. Moreover, with her good looks and temperament, isn't it suspicious that she doesn't have a boyfriend?"

Lin Tian scratched the back of his head. "I remember that on the day when the new students started school, didn't a guy register with Campus Belle Qin? Could they be boyfriend and girlfriend?"

That day, the news of Qin Sheng and Fu Hanchuan coming to school together spread. Many people were discussing their relationship.

Lin Tian also found out about their relationship.

Fang Ke frowned and said, "That shouldn't be her boyfriend. It can only be her brother. I heard that the man is at least 25 years old. How old is Campus Belle Qin?"

Lin Tian felt that it made sense.

He nodded. "They do look like brother and sister."

Fang Ke suddenly looked at Lin Tian. "Let's make a bet."

"Bet on what?" Lin Tian was very curious.

"Let's bet on whether Xie Hen can catch up to Campus Belle Qin."

Hearing that, Lin Tian felt that he could win. He agreed without saying anything else. "Bet!"

Fang Ke felt that it would be very difficult for Xie Hen to catch up to Qin Sheng.

Of course, if he didn't catch up, Fang Ke also felt that it wouldn't be a problem. After all, Xie Hen wouldn't fall in love with her.

After Xie Hen left the stadium, he spent the entire afternoon looking for information on Qin Sheng.

The more he looked at Qin Sheng, the more familiar she felt. Especially that pair of clear eyes. There was an unyielding look in them.

Xie Hen picked up his phone. "Uncle Li, help me check on someone."

—

That night, Qin Sheng returned to the villa. She drove her own car back. It was only a five-minute drive from Imperial Capital University to the villa where she and Fu Hanchuan were staying.

Fu Hanchuan had already prepared dinner.

He heard noises coming from the living room.

He walked out of the dining room and took Qin Sheng's bag. "Sheng Sheng, come over for dinner."

Fu Hanchuan hadn't taken off his apron yet.

Qin Sheng couldn't help but say, "Brother Fu, you cook every day. I feel like our roles have changed."

She hadn't thought much of it before.

Recently, she had seen a lot on the internet. Usually, it was the girls who cooked and did the housework. Those guys would never touch these things.

Fu Hanchuan laughed softly and said helplessly, "Sheng Sheng, what are you thinking about? There's no such rule."

Qin Sheng told Fu Hanchuan what she had seen on the internet.

Fu Hanchuan frowned as if he was thinking. "They don't dote on their wives and girlfriends. Otherwise, they wouldn't be unwilling to do a little housework."

Qin Sheng nodded. That should be the reason.

Her brows relaxed.

Chapter 729: Black Emperor's Provocation

However, she still felt that she was too delicate. In the Feng family, she had done a lot of hard work. Before she was reborn, Qin Churou and the others would often order her around.

However, after she was reborn, she had not touched any of these.

Living in Fu Garden, Fu Hanchuan would always take care of everything. She did not have the chance to make a move.

Qin Sheng had also seen it on the internet. A relationship could not be a one-man affair.

“Brother Fu, I feel that I can take care of some of the things at home.”

Fu Hanchuan tapped Qin Sheng’s nose and could not help but laugh. “Sheng Sheng, what are you thinking about this time?”

Qin Sheng frowned again. This time, she did not tell Fu Hanchuan, but Fu Hanchuan had already guessed that the things on the internet must have misled Qin Sheng.

He was wondering if he should ban all those things.

Of course, Fu Hanchuan knew that he could not do that, so he could only give up on the idea.

Fu Hanchuan suddenly reached out and hugged Qin Sheng’s waist. “Sheng Sheng, as long as you stay by my side, you don’t have to do anything. Just don’t leave me. I will love you and dote on you. I will never be bored.”

This sudden confession made Qin Sheng’s ears turn red.

Her eyes flickered, and she didn’t dare to look at Fu Hanchuan.

Fu Hanchuan... This didn’t seem like the first time he was in a relationship.

Fu Hanchuan saw that Qin Sheng was shy, and his eyes were full of smiles.

During this period of time, he had been watching the way other people got along with their girlfriends online. He had also seen some confessions and learned a lot.

Seeing Qin Sheng’s shy look...

He felt that he could continue to learn.

Fu Hanchuan let go of Qin Sheng. “Let’s go and have dinner. Otherwise, the food will be cold later.”

“Okay.”

Qin Sheng agreed and walked into the dining room with her head lowered.

Her back view was very flustered.

When Fu Hanchuan saw her, the corners of his lips could not help but curl up. He shook his head and followed her into the restaurant.

During this dinner, Qin Sheng rarely spoke to Fu Hanchuan.

Fu Hanchuan was very considerate and did not tease her anymore.

After dinner, Qin Sheng returned to her room.

She turned on her computer and logged into Black Emperor.

She had not logged into Black Emperor for three days.

This time, there was no doubt that Fu Hanchuan had logged in as well.

Perhaps it was because the two of them did not meet face to face, so Qin Sheng did not feel uncomfortable anymore.

The two of them wanted to enter the trial ground to compete.

There were many people sending them private messages.

[QS, you are finally online. We have been looking for you all this time.]

[Recently, there was a person from our country who settled in G Country. When he came online, he immediately called us Chinese trash, saying that no one is good.]

[Handsome was defeated. Even the second-ranked Fish lost. Now, we are counting on you and C.]

[That guy's hacker name is F. He said that the first and second ranks in Black Emperor being taken by us Chinese is because the G Country people don't want to compete with us, and we Chinese are competitive, acting like clowns. Once the strong G Country people come, we'll definitely lose badly.]

[QS, even Fish has been defeated. Now we can only count on you and C. I suspect that F was sent here to mock us on purpose.]

[...]

Qin Sheng browsed through it and frowned.

She used the Penguin to contact Fu Hanchuan.

[Brother Fu, are you going to interfere with that F?]

In less than ten seconds, Fu Hanchuan replied, [It's up to you.]

Suddenly, Lu Ming called.

Chapter 730: Blacklisting

Fu Hanchuan hung up the phone expressionlessly.

He was waiting for Qin Sheng's reply.

Another call from Lu Ming came in. Fu Hanchuan was very annoyed. After hanging up, he directly dragged Lu Ming into the blacklist.

It was finally silent.

Fu Hanchuan held his phone and poked it on the screen. He edited a paragraph and was about to send it out when Qin Sheng's message came in.

[Sheng Sheng: Brother Fu, let me do it. I was worried that there was no one for me to teach a lesson these few days. My hands are a little itchy.]

Qin Sheng did not hide her true thoughts.

If it was another man, he might think that Qin Sheng was violent.

But Fu Hanchuan was not an ordinary person, after all. Not only did he not think that Qin Sheng was violent, he actually thought that Qin Sheng was very cute.

If Qin Sheng was with him, he would definitely rub Qin Sheng's hair.

At this moment, Fu Hanchuan deleted the long paragraph that he had just typed.

He wrote a new sentence and sent it over. [Okay, if anything happens to Sheng Sheng, I can take action at any time.]

[Okay.]

After thinking for a while, the corners of Qin Sheng's lips curled up. She typed again, [Brother Fu, I'm a woman. Even if he wins, there's no way he can be arrogant.]

If other hackers were here, they would definitely look down on Qin Sheng when they saw what she said.

Now, Qin Sheng finally knew that she was a girl?

At that time, who was the one who acted like a man in the underworld, torturing all those hackers?

At one point, it was even rumored that she was a big man who dug his feet.

When Fu Hanchuan saw what Qin Sheng said, he smiled dotingly.

His little girl was very naughty.

Qin Sheng took back her phone.

She replied to a few hackers, [I'll go and compete with him.]

[Okay, QS, I believe that you'll definitely defeat him. It'll make him more aggressive. It's not like our China doesn't have people.]

[QS, you can do it, you must win!]

At this moment, the Chinese hackers were all on Qin Sheng's side, hoping that Qin Sheng could win.

Qin Sheng frowned and asked, [Where's F?]

Soon, someone replied, [He left for a while. He should be back soon.]

Qin Sheng leaned against the back of her chair and narrowed her eyes.

On the other side, Fu Hanchuan ended his chat with Qin Sheng on QQ.

He pulled Lu Ming's cell phone number out of the blacklist. In less than five seconds, Lu Ming's call came in.

Fu Hanchuan picked up.

Lu Ming questioned continuously, "Brother, you actually blacklisted your dearest brother?"

His tone was rather accusatory.

Fu Hanchuan said faintly, "You're disturbing my conversation with Sheng Sheng."

Lu Ming: "..."

No wonder!

Sure enough, with Fu Hanchuan, he had a wife and forgot about his good brother.

Lu Ming was speechless.

He didn't expect his brother to be a guy who valued his relationship over friends.

"What's the matter?" Fu Hanchuan asked.

Lu Ming was afraid that Fu Hanchuan would hang up on him, so he collected his thoughts and hurriedly replied, "Brother, I was brutally beaten up by someone tonight. Help me teach him a lesson."

Lu Ming logged into Black Emperor almost every day, so he naturally knew about F's matters.

However, he had been watching F like eating melons for the past few days.

He was thinking that if F messed around for a few more days, he would ask Fu Hanchuan to make a move. When that time came, F would definitely kneel down and cry for his parents.

At night, he could not help but compete with F for a while.

He originally thought that he would win, but he did not expect to lose miserably.

Lu Ming was not convinced. He could not stand F showing off in front of him, so he came to look for Fu Hanchuan.
