

Bigshot 781

Chapter 781: She Also Wanted To Be Kept As a Mistress

"It must be because of the conditions that the man who kept you proposed to the Principal that you were able to move into the new dormitory," Zhao Xiang said confidently. Her tone was full of mockery. "You're lucky that I didn't chase you out of Imperial Capital University."

Zhao Xiang was unwilling to admit that it was because of Qin Sheng's grades that the Principal gave Qin Sheng such good treatment.

Qin Sheng did not explain this time. "Maybe it's like what you said. But at least I moved into a single-family apartment, and you didn't."

Zhao Xiang was so angry at Qin Sheng that her face alternated between green and white.

She glared fiercely at Qin Sheng.

A woman who was kept by a man, what right did she have to say such things about her?

Qin Sheng looked at the time. It was almost 1 o'clock.

Qin Sheng picked up the suitcase and left.

As soon as Qin Sheng left, Shen Jiayue couldn't wait to ask, "Xiang Xiang, you've already found someone to chase Qin Sheng out? It didn't work?"

"Yes," Zhao Xiang said coldly, "it could have worked, but the man who kept Qin Sheng spent billions to invest in Imperial Capital University. The shareholder my father found left Imperial Capital University and has turned against us now."

Zhao Xiang told the whole story without hiding anything.

Shen Jiayue was very confused. "That man? Is he the one who had dinner with us last time?"

Zhao Xiang denied it. "It's not him. He doesn't have the ability. It should be the man who drove a luxury car worth tens of millions to pick up Qin Sheng. Maybe it's another man."

Shen Jiayue was very jealous of Qin Sheng.

Qin Sheng could be on the list of so many outstanding men!

Even Su Yixiu liked her.

If those men were hers...

Shen Jiayue could not help but blush. Those men were very handsome and rich. She could even see that the one wearing a mask was extremely handsome.

Even if she was kept by them, she would be willing.

However, Qin Sheng was not worthy. She was an old-fashioned and cold person. She definitely did not know how to please them.

She was the right person.

Qin Sheng did not know what Shen Jiayue was thinking.

She came to the apartment that the Principal had prepared for her.

The environment here was very good.

There was a kitchen, a study, a living room, a bedroom, and furniture. Everything was complete. Looking down from the balcony, she could see a lake and flowers planted by the lake.

This apartment had two floors.

The Principal had invested a lot in Qin Sheng.

Qin Sheng walked around and was very satisfied.

She frowned slightly. So, why did she reject the Principal's offer to give her this apartment?

Of course, Qin Sheng did not know that the apartment the Principal had prepared for her was not this good. It was only because the previous apartment had been given to a new teacher that this apartment was vacated.

In the afternoon, Qin Sheng went to class for a rare occasion.

She sat in the classroom and looked down at her textbooks.

Many people were looking at her. Qin Sheng frowned and was very puzzled, so she ignored them.

A boy walked up with a bouquet of roses in his hand. "Student Qin Sheng, someone asked me to give you this."

Qin Sheng frowned and asked, "Who?"

The boy shook his head. "He didn't want me to say anything. Student Qin Sheng, please accept it."

Qin Sheng took the roses. There was a love letter in the roses.

She didn't open it.

She had received a lot of these love letters since she was young. Naturally, she understood what they meant.

Qin Sheng wanted to return the roses.

Chapter 782: Sending a Rose Love Letter

The male student noticed Qin Sheng's intentions and waved his hand repeatedly. "Campus Belle Qin, you took this and can't return it. I'm in a difficult position."

After saying that, he slipped back to his seat.

Qin Sheng frowned. She didn't force him. When she returned, she would just throw it away.

After the male student returned to his seat, he immediately sent a message to tell Xie Hen about the situation here.

He kept his phone.

The boy's face was filled with excitement.

He did not expect Xie Hen to like Qin Sheng.

This Campus Hunk and Campus Belle just happened to be a couple.

He was also a gossip, but Xie Hen had warned him not to tell others about the situation. He was the one who had stopped himself from telling others.

When Xie Hen received the message, his heart beat faster.

He held his chest and took a few deep breaths.

Fang Ke noticed Xie Hen's strange behavior and asked curiously, "Xie Hen, what's wrong with you?"

Xie Hen's lips curled into a smile. "She accepted my flowers."

Fang Ke touched his arm and goosebumps appeared on his skin. "Then, Xie Hen, why do you look like a young man in love? What's going on?"

Xie Hen was in a good mood. "You don't understand."

Fang Ke clicked his tongue. "I've had more than five girlfriends since I was young. What about you? You're just a single dog. Who do you look down on?"

Xie Hen glanced at him and did not argue with him.

Throughout the entire class, Xie Hen was absent-minded.

Xie Hen had Qin Sheng's class schedule. After this class, Qin Sheng did not have any more classes.

He tidied up his textbooks.

Fang Ke, who was twirling the pen in his hand, had a puzzled look on his face. "Hey, you want to go back? Don't you still have classes?"

Coincidentally today, these two classes were held in the same classroom.

Xie Hen replied, "Skipping class."

He left his schoolbag behind him.

Fang Ke thought for a moment and could guess that Xie Hen was going to look for Qin Sheng.

"I'm going too."

Fang Ke casually stuffed the textbook into his bag.

Xie Hen had already walked to the classroom door. Fang Ke quickly chased after him.

The two girls sitting in the two rows in front of Xie Hen heard Xie Hen's words and were very puzzled.

"What, what did I hear?"

"You shouldn't have heard wrongly. Xie Hen said that he sent her flowers. Does Xie Hen have a girlfriend?"

One of the girls guessed, "I don't think so. If he has a girlfriend, there would be rumors. I think Xie Hen is courting her, but she hasn't agreed yet."

"I think so. I wonder what kind of girl Xie Hen would like?"

She was really curious. She had never heard of Xie Hen approaching any girl. Every time, he wanted the girls to be at least three feet away from him.

She never thought that one day, he would actually pursue a girl.

Another girl gossiped, "I've heard of it. Xie Hen went to look for Qin Sheng, the new campus belle."

"Qin Sheng? I've seen her. She's very beautiful. She's also the top scorer in the college entrance exam. If her family background is good, the two of them would definitely be a good match."

"Xie Hen should be able to catch up to her. After all, Xie Hen is very outstanding in all aspects. It's hard for a girl not to be tempted."

"I feel like we should ship this couple."

"Yes, yes, yes."

Both of them loved to ship CPs. Now that they had met Qin Sheng and Xie Hen, they naturally would not let it go.

Xie Hen came to Qin Sheng's teaching building and took a few deep breaths. He was nervous.

Fang Ke crossed his arms in front of his chest and said with a smile, "Xie Hen, I didn't expect you to be a coward."

Xie Hen ignored Fang Ke and stared at the exit of the teaching building.

Three minutes later, Qin Sheng came down from upstairs with the bouquet of roses that Xie Hen had given her.

Chapter 783: Was Thrown Into the Trash Can

When Xie Hen saw this, he hid behind a tree.

Fang Ke teased, "Don't be afraid. Didn't you want to go up and look for her?"

Xie Hen adjusted his beating heart for a while. He wanted to go up and look for Qin Sheng.

Suddenly, his footsteps stopped.

Qin Sheng threw the roses into the trash can. All of this fell into Xie Hen's eyes.

1

Fang Ke looked at Xie Hen and frowned. "This..."

In the end, Xie Hen did not look for Qin Sheng. He leaned against the tree, his eyes dim.

Fang Ke hesitated for a while and comforted him. "You didn't tell Qin Sheng that the flowers were from you. It's normal for her to toss them."

Xie Hen's brows gradually relaxed.

However, he started to doubt. "Fang Ke, will your method work?"

Fang Ke was very confident. "Don't worry, I've used this method to chase my girlfriends. It works every time. If it doesn't work once, we'll use it twice. If it doesn't work again, we'll use it a third time."

Xie Hen watched Qin Sheng leave from afar.

He was wondering if Qin Sheng had seen his love letter.

Hearing Fang Ke's words, he was relieved.

He put one hand in his pocket. "Let's go back to class."

Qin Sheng did not know that Xie Hen had come to look for her, nor did she know that the roses were a gift from Xie Hen. She returned to the laboratory to do research.

After lunch, she went to the Painting Association.

Ye Yutong was in the Association's office when Qin Sheng walked in.

Ye Yutong's face darkened when she saw Qin Sheng. She could not forget that Qin Sheng had snatched Fu Hanchuan away and snatched her position as the campus belle when she arrived at Imperial Capital University.

She quickly adjusted her expression.

Ye Yutong walked over and extended her hand. "Qin Sheng, welcome to the Painting Association. I am the president of the Painting Association, Ye Yutong."

Qin Sheng frowned.

Ye Yutong was the president of the Association?

Qin Sheng had never paid attention to the matters of the Painting Association. She had also joined a QQ group of the Painting Association. However, other than the announcement, she did not read anything else in that group.

Ye Yutong reached out her hand. When she saw that Qin Sheng did not return the handshake, she narrowed her eyes and said, "Student Qin Sheng."

Ye Yutong's sidekick, Wang Xiaoli, said in a very unpleasant tone, "Student Qin Sheng, the President is shaking hands with you. What's wrong with you?"

Qin Sheng retracted her gaze and said nonchalantly, "I'm sorry, I'm not used to shaking hands with outsiders."

Ye Yutong could only withdraw her hand.

Wang Xiaoli was very displeased. "Yutong already wanted to shake hands with you personally, yet you dare to reject her? Who do you think you are? Who are you looking down on?"

Ye Yutong showed a graceful and unconcerned look. "It's alright, Student Qin Sheng has quite a personality."

Qin Sheng took out her phone to look at it, but she did not hear what Ye Yutong said.

Xie Hen had also come over. These few days, he had specially hired a teacher to teach him how to draw and paint. After learning for a few days, Xie Hen's talent was not bad and he was already able to barely paint a picture.

When he saw Qin Sheng, he walked straight over. "Xiao Sheng."

Qin Sheng nodded. "Hello."

Her attitude was distant.

Xie Hen's gaze dimmed a little.

He had already told Qin Sheng the reason why he had left when he was young, but Qin Sheng still had a grudge against him?

Xie Hen really did not like Qin Sheng being so distant to him.

He continued to find some topics to talk about, but he did not know what to talk about. He could only say, "Xiao Sheng, I see that you're often alone. Don't you feel lonely?"

Qin Sheng answered casually, "No."

Xie Hen asked again, "Why do you spend the whole day in the laboratory?"

Qin Sheng replied, "I like it."

Qin Sheng's words were hard to expand on. Xie Hen could not find anything to talk about.

He could only stand by Qin Sheng's side and did not say anything else.

Ye Yutong had seen the interaction between Xie Hen and Qin Sheng. She did not miss Xie Hen's expression.

Chapter 784: Xie Hen Likes Qin Sheng

The corners of her lips curled into a mocking smile.

Xiao Sheng?

What a close way of calling.

It seemed that Xie Hen had fallen in love with Qin Sheng.

A thought formed in Ye Yutong's mind. She gave Qin Sheng a meaningful look.

She hoped that Qin Sheng would not be caught by her.

If she and Xie Hen showed any signs of intimacy, then don't blame her.

No matter how much Fu Hanchuan liked Qin Sheng, he would not allow her to be intimate with another man.

The meeting began.

There were a total of thirty-five people in the Painting Association, and only four or five people were not present.

Ye Yutong's main objective today was Qin Sheng. She did not care about the others.

She scanned the students who were present, then, she said, "Recently, our Association is going to hold a small art exhibition. Everyone has to take out a painting. Five days should be enough time. If you can't take it out, and you fail to produce a painting, you must voluntarily withdraw from the Association."

At this point, Ye Yutong looked at Qin Sheng.

She thought that even if Qin Sheng joined the Association, it would be difficult for her to draw a good painting.

Qin Sheng's results were good, but in terms of painting, she definitely could not compare to her.

Ye Yutong said, "Qin Sheng, you entered the Association without an interview, and your results are also good. I think that your results are also very good. Just draw two paintings. This should not be difficult for you. Qin Sheng, is there a problem?"

Even Xie Hen, who had just learned how to paint, knew that it would take a few days to draw a painting.

And she only gave Qin Sheng five days.

It was obvious that she was making things difficult for Qin Sheng.

Xie Hen was about to speak when Qin Sheng said, "No problem."

If she drew two paintings more simply, it would only take her about an hour.

It was indeed as Ye Yutong had said. This was not difficult for her.

Ye Yutong was satisfied. "Alright, Qin Sheng. I hope you can keep your promise. Otherwise, it would be bad for the Association if you delay the art exhibition."

Xie Hen frowned and said, "I did not need an interview to enter the Association either. President Ye, do I need to draw two paintings as well?"

Ye Yutong nodded. "Alright, you can paint them as well."

Ye Yutong did not need Xie Hen to paint initially. After all, she wanted to target Qin Sheng. However, since Xie Hen had spoken, she would not reject him.

After saying that, Ye Yutong continued, "We will choose the best one and compare it with the other students' paintings in the school. We will choose the best one to represent the school in the competition."

The members of the Association were whispering.

There was not much surprise on the faces of the old members. Ye Yutong was usually the one to participate in those high-level competitions. It was not up to them.

Ye Yutong was already quite famous in the painting industry.

She was not famous, but they did not participate.

Only the new members were eager to participate.

"I must work hard to participate in the painting competition this time. This is a rare opportunity."

"That's right. I didn't expect to have such an opportunity not long after I joined the Association."

Most of the people who joined the Painting Association were carefully selected. Only about ten new members joined each year. Their painting skills were among the best among the students who had signed up.

They were very confident that they would be the only student in the school to participate in the painting competition this time.

Hearing their words, Ye Yutong's lips curled up slowly.

Her eyes were filled with disdain and they were people who overestimated themselves.

Ye Yutong finally said, "All of you should prepare yourselves well and fight for the chance to participate in this painting competition. Moreover, this art exhibition will be open to all the students in the school. There will even be some people from other schools who will come to visit. If you paint well, you will be able to gain the limelight. If you don't, you will lose face."

Having said that, she looked at Qin Sheng specially.

Chapter 785: She Was Fu Hanchuan's Fiancée

She was just waiting for Qin Sheng to lose face.

Even if Qin Sheng hired someone to paint for her, she would be able to expose her.

Qin Sheng lowered her eyes and did not pay too much attention to Ye Yutong's words.

After she finished explaining everything, Ye Yutong announced, "The meeting is adjourned."

There were many people who had left, so Qin Sheng did not want to squeeze in with them. After almost everyone had left, Qin Sheng stood up from her seat.

At this moment, only Qin Sheng, Xie Hen, Ye Yutong, and Xiao Li were left in the meeting room.

Ye Yutong walked up, she said sarcastically, "Qin Sheng, the Vice President of our Association has invited you in. I don't know how strong you are, but I hope that you won't embarrass our Association. After all, good grades don't mean that your painting skills will be good."

Qin Sheng smiled faintly. "You don't have to worry about that. Besides," she paused for a moment, "Ye Yutong, don't you realize that you're being too nosy?"

Ye Yutong narrowed her eyes. "Qin Sheng, if it wasn't for..."

She suddenly stopped when she caught a glimpse of Xie Hen from the corner of her eye.

She changed her words. "If it wasn't for someone, I wouldn't have bothered with you. Who do you think you are to deserve my attention?"

Actually, Ye Yutong was just about to mention Fu Hanchuan.

However, Xie Hen was here and she did not want him to know about Qin Sheng and Fu Hanchuan.

Hearing that, Xie Hen's peach blossom eyes turned cold. "It seems that the former campus belle knows how to act. She's a two-faced person."

Ye Yutong did not comment on this.

She smiled and said meaningfully, "Student Xie Hen, I hope you can catch up to Qin Sheng."

Ye Yutong was very happy to see Xie Hen and Qin Sheng together.

After all, they were together, and Qin Sheng would not dominate Fu Hanchuan anymore.

Xie Hen subconsciously looked at Qin Sheng and panicked. He was worried that Qin Sheng would notice his thoughts and alienate him.

Seeing that Qin Sheng's expression did not change much, he heaved a sigh of relief.

"It has nothing to do with you," Xie Hen said with a frown.

Ye Yutong curled her lips. "No, it has something to do with me."

Qin Sheng's eyes were filled with coldness. She understood what Ye Yutong meant.

She knew that Ye Yutong liked Fu Hanchuan.

This was also the reason why she did not like Ye Yutong. She would not allow other women to covet her man.

Qin Sheng sneered. "Ye Yutong, it's a pity that your hopes are destined to be disappointed."

Qin Sheng had confidence in Fu Hanchuan.

He would never betray her.

In their relationship, the most important thing was the mutual trust between the two of them.

Fu Hanchuan trusted her, and she trusted Fu Hanchuan as well.

Ye Yutong clenched her fists. "Qin Sheng, don't be too smug."

Qin Sheng did not stay in the conference room anymore, and Ye Yutong did not stop her.

Wang Xiaoli was very puzzled. "Yutong, did you know Qin Sheng before?"

She did not understand the conversation between the two of them.

It was obvious that they had known each other before the campus belle election. Ye Yutong had also come from H City, so it was very easy for her to get out.

Ye Yutong sneered. "Yes, we are... enemies."

"Enemies?" Wang Xiaoli's hand that was organizing the documents paused.

Ye Yutong nodded. "Yes, Qin Sheng seduced my fiancé with her good looks."

1

Wang Xiaoli was stunned for a moment. "Your fiancé? Yutong, why haven't I heard you mention this before? Also, who is your fiancé?"

Ye Yutong gritted her teeth, "Qin Sheng seduced him and now he is bewitched by Qin Sheng. I have no way to separate them. I was thinking of telling you about this after they split up. If not for today's incident, I would not have brought it up."

Chapter 786: She Has a Boyfriend

Wang Xiaoli said angrily, "Qin Sheng is indeed a vixen who seduces men. She's so restless."

Ye Yutong also sneered, "I look down on people like Qin Sheng who live on men. I believe that my fiancé will see her true colors one day."

"Right." Wang Xiaoli agreed, "Qin Sheng is not as good as you, Yutong. Men with good taste would not fall for her. A woman like Qin Sheng can be played with, but as a wife, they have to worry about being cuckolded by her."

"Xiaoli, don't tell anyone about Qin Sheng's boyfriend being my fiancé. I'm afraid that if this gets out, he'll misunderstand."

After saying that, Ye Yutong didn't say anything else.

She looked out of the window with a determined look in her eyes.

No matter what, she had to be the one to marry Fu Hanchuan.

If she had no choice, she would use some necessary means to make Fu Hanchuan have no choice but to marry her.

—

On the other side, Qin Sheng and Xie Hen left the meeting room.

Qin Sheng was silent. Xie Hen followed beside Qin Sheng. He sensed that something was wrong and wanted to say something, but he hesitated. He didn't dare to say anything, afraid that he would upset Qin Sheng.

Qin Sheng suddenly stopped and said, "I have a boyfriend. I like him."

1

Xie Hen's heart trembled. He forcefully suppressed himself so that he didn't act strange. "What, what's wrong? Why are you telling me this?"

Xie Hen's voice could not help but tremble slightly.

Qin Sheng looked at Xie Hen very seriously. "I will not betray him. So, we can only be friends at most."

Qin Sheng was also worried that Xie Hen would have feelings for her after Ye Yutong reminded him.

Although she was not enlightened about her feelings, she could sense that Xie Hen was treating her differently.

Even if he did not, she could put an end to Xie Hen's thoughts in time.

She did not like to owe others feelings.

She could not give a response, so she would not drag others along.

Xie Hen could not understand Qin Sheng's thoughts. He hid the darkness in his eyes and said, "Yes, I only treat you as a friend."

Qin Sheng was relieved. She nodded and said, "I'm going to do some research."

Xie Hen stood where he was. He looked at Qin Sheng's back as she left, his gaze dim.

He could not see Qin Sheng's figure, but he still did not look away.

He muttered, "Xiao Sheng, do you really have a boyfriend?"

Xie Hen had previously thought that even if Qin Sheng had a boyfriend, he could still steal her away.

But now that she had said this, he was not sure anymore.

Xie Hen had never thought that Qin Sheng would have a boyfriend, and that she would also say it so straightforwardly.

It was not difficult for him to sense that Qin Sheng wanted to break his thoughts.

Was he really going to give up just like that?

Xie Hen's hand touched his heart. It hurt.

Thinking of Qin Sheng being with another man, getting married, and having children, he could not help but feel a throbbing pain in his heart.

He did not want to give up.

Xie Hen picked up his phone and instructed, "Help me check if Qin Sheng has a boyfriend. If so, who is he?"

There was a hint of bitterness in Xie Hen's voice.

There was still hope in his heart.

Was Qin Sheng lying to him? Did she only claim that she had a boyfriend because she wanted him to stop pestering her?

Even if she did, would he treat her well?

Xie Hen was filled with thoughts.

His subordinate replied, "Alright, I'll get right on it."

Father Xie's special assistant happened to pass by him and asked curiously, "Are you on the phone with the Young Master?"

The subordinate nodded. "Yes."

The assistant asked again, "Then why is he looking for you?"

"The Young Master seems to be pursuing a girl. He asked me to inquire about her." The subordinate did not hide anything and told him everything.

It seemed that Xie Hen would not stop him.

Chapter 787: Xie Hen Likes Boys?

The assistant was stunned for a moment. He was so surprised that he couldn't even speak properly. "Are you sure that the Young Master really likes that girl and wants to chase her?"

"I'm sure. This is the first time I've seen the Young Master ask me to investigate a girl. Moreover, she's a student at Imperial Capital University. It's strange to say that she used to study at the same primary school as the Young Master when they were young."

The assistant rubbed his chin and said excitedly, "It looks like they're childhood sweethearts. I never thought that Young Master would like a girl one day. No, I have to tell the President."

After saying that, he quickly walked to the chairman's office.

Father Xie was handling the documents.

When he saw the assistant, he frowned and asked, "What's the matter?"

"It's about Young Master."

Father Xie put down his pen. "Oh?"

He picked up a glass of water. "Tell me, what's the matter?"

Father Xie was very assured of Xie Hen. He had rarely gotten into trouble since he was young. Other than sometimes injuring others, it was not difficult to resolve.

The only thing that gave him a headache was that Xie Hen had always been single.

He ignored all the women who were pursuing him.

He said that women were troublesome.

At one point, Father Xie even regretted that he held onto Xie Hen and ask him not to look for a girlfriend.

Before high school, Father Xie didn't want him to get close to any woman in order to get Xie Hen into a good university. However, after university, he mentioned looking for a girlfriend several times, but Xie Hen avoided it.

Father Xie was anxious, but he couldn't do anything about it.

The assistant answered excitedly, "Young Master has someone he likes. He is currently pursuing..."

Before the assistant could say anything, Father Xie, who was drinking water, spat out a mouthful of water.

"Pursuing someone." The assistant's face was stained with water.

He first pulled out a few pieces of tissue paper for Father Xie, then took a piece of tissue paper to wipe his face.

Father Xie took the tissue paper and did not bother to wipe the water stains on his mouth.

He asked in disbelief, "Wait, what did you say just now? Did I hear wrongly?"

The assistant repeated what he had just said.

"Okay!" Father Xie slammed the table and stood up, very excited.

The assistant looked at Father Xie's cup.

He was secretly glad that he did not drink any more water, or else he would be in trouble again.

Wasn't it just the Young Master finding a girlfriend? Was there a need to be so excited?

He thought of his own son who was so terrible.

Well, his son found a girlfriend, and he was indeed very proud.

Father Xie thought of something and asked suspiciously, "Is the person that Hen'er chasing after a boy or a girl?"

The assistant was stunned.

Father Xie's intuition wasn't good. Could it be that his son really liked boys?

No wonder Xie Hen had never been willing to get close to those girls and even despised them for being troublesome.

When he thought of other things, Father Xie's worried heart relaxed a little.

He said, "It's good that he's a boy. At least in the future, he won't be single. As for the child, he can just adopt one in the future."

1

The assistant: "..."

He was speechless.

He said weakly, "President, Young Master likes girls, not boys."

When Father Xie heard this, he was stunned. Then, there was a visible joy in his eyes.

He also heaved a sigh of relief.

"Boys are okay, but girls are better."

After saying that, Father Xie said excitedly, "What's the name of that girl? How old is she?"

The assistant answered truthfully, "President, I didn't ask about that. However, if she's a student from Imperial Capital University, she should only be eighteen or nineteen."

Chapter 788: Getting the Girl Back

"Not bad." Father Xie nodded in satisfaction. "This age is just right. No, I have to call Hen'er and ask him to bring the girl back home."

As he spoke, he took out his phone.

The assistant stopped Father Xie. "Wait, President, the Young Master is chasing after that girl. He hasn't caught up yet."

Father Xie's hand paused. He said regretfully, "He hasn't caught up yet?"

The assistant comforted him. "President, don't worry. The Young Master is excellent. No girl would be unmoved. Moreover, the Young Master is very serious this time. He should be very aggressive. I believe that he will bring that girl home soon."

"That's right. I can't scare the girl away."

Father Xie listened to his assistant's words.

However, he still called Xie Hen. He said to his assistant, "I have to teach Hen'er how to chase girls."

This time, the assistant did not stop Father Xie.

Not long after, the call connected.

Father Xie asked with a smile, "Hen'er, do you have a girl you like?"

Xie Hen did not hide anything. He nodded. "Yes."

"You haven't caught up yet, right? Hen'er, you mustn't scare her away. When chasing a girl, you must be patient. Do you know? Let me teach you. When I chased your mother back then, it took a lot of effort on my part. Although she was hard to chase, I still managed to catch up to her in the end. Trust Dad."

Father Xie began to share his experience with Xie Hen.

Xie Hen listened very seriously.

After half an hour, Father Xie still hadn't finished.

The assistant looked at the time and reminded him, "President, our company has a regular meeting in five minutes."

Father Xie finally stopped sharing his experience.

"Hen'er, when you come back, I'll tell you in detail. In short, you have to remember that when treating a girl, you have to follow her wishes, understand? You have to be a gentleman, don't annoy her."

Father Xie repeated over and over again.

Xie Hen's temper was very bad. He often struck out at the slightest disagreement. No matter which school he was in, he always had the reputation of being a tyrant.

Father Xie was afraid that Xie Hen would scare Qin Sheng away.

Xie Hen replied, "Yes, I will."

"Okay, okay, okay. I'm going to have a meeting. Try your best to win the little girl back."

Xie Hen put away his phone, his mind absent-minded.

There were still more than ten minutes before the end of the class in the evening. Fu Hanchuan came to pick up Qin Sheng.

After he protected Qin Sheng and got into the car, someone got into the back door of the car without warning.

Qin Sheng frowned.

Fu Hanchuan looked at Lin Haocheng who was sitting in the back and rubbed his forehead. He felt a headache and said in a deep voice, "Get out."

Lin Haocheng straightened his neck. "I'm not going. I'm here to look for my sister, not you."

Lin Haocheng had made up his mind not to get off the car.

Fu Hanchuan also returned to the car and sat down.

He narrowed his eyes. "Lin Haocheng, you don't have to do any commercials?"

Lin Haocheng's body trembled subconsciously. He was afraid, but he quickly shook his head. "There's not much content today. We've already finished work early."

Fu Hanchuan raised his eyebrows.

Lin Haocheng noticed Fu Hanchuan's actions through the mirror at the front of the car.

He cursed the capitalist in his heart.

Fu Hanchuan must be thinking of arranging more jobs for him.

He was a top celebrity in the country with hundreds of millions of fans, but Fu Hanchuan actually treated him as free labor.

"Fu Hanchuan, I'm Sheng Sheng's brother. If you marry Sheng Sheng, I'm also your brother. It's fine if you don't please me, but you've been trying to squeeze me all day."

Chapter 789: Exchanging Autographs For Money

Qin Sheng frowned and said, "Brother Fu doesn't need to please you."

Lin Haocheng: "..."

His heart ached.

If anyone else had dared to say that, he would have retorted. But this person was Qin Sheng, his younger sister. He could not hit her, he could not scold her, and he could not be angry at her.

Lin Haocheng could only transfer this anger onto Fu Hanchuan.

He glared at Fu Hanchuan.

It was all because of him that his sister was mesmerized.

Of course, Lin Haocheng did not dare to say this out loud.

Lin Haocheng hesitated for a moment. He sat in the back seat of the car and asked carefully, "Sheng Sheng, have you thought about the matter of returning to the Lin family?"

Qin Sheng's eyelashes trembled slightly.

She said slowly, "I'll think about it."

Qin Sheng hoped that she could have real family members, but she was afraid that the Lin family would be like the Qin family.

She listened to Fu Hanchuan's words.

Perhaps, she could try to get along with the Lin family without putting any feelings into it.

Hearing Qin Sheng's words, Lin Haocheng heaved a sigh of relief.

At least, Qin Sheng did not reject him immediately like last time.

Back at the villa.

Fu Hanchuan walked into the kitchen. Lin Haocheng sat in the living room and kept talking to Qin Sheng.

Of course, Qin Sheng did not pay much attention to him.

Fortunately, Lin Haocheng was a talkative person and knew how to find topics to talk about. The atmosphere was not very awkward.

Lin Haocheng mainly introduced the Lin family to Qin Sheng.

Qin Sheng seemed to be focused on her phone, but she kept listening.

“Brother, Brother.”

Lu Ming’s voice was very loud. He started calling Fu Hanchuan before he even entered the villa.

He entered the villa.

He saw Qin Sheng at a glance and greeted her, “Sheng Sheng.”

After he said that, he sat on the sofa and casually picked up an apple on the table.

Qin Sheng raised her eyebrows. “Aren’t you here to look for Brother Fu?”

“Yes, I’m here to look for him,” Lu Ming lowered his voice. “But it’s not anything important. It’s not too late to talk about it later.”

In fact, Lu Ming was mainly here to freeload.

He simply found an excuse.

Qin Sheng saw through Lu Ming’s thoughts and did not expose him.

Lu Ming had just taken a bite of an apple when he saw Lin Haocheng sitting on the sofa from the corner of his eye. He casually said, “There’s a guest?”

“Wait.”

His gaze paused. He turned his head and sized up Lin Haocheng.

Why did this person look so familiar?

Lu Ming swallowed the apple in his mouth and asked, “Brother, have we met before?”

Lin Haocheng entered his name on the Baidu and opened the encyclopedia. Lin Haocheng showed his phone to Lu Ming.

Lu Ming was looking at his phone. From time to time, he raised his head and compared Lin Haocheng with his phone photo.

His mouth was wide open in shock.

Suddenly, he pointed at Lin Haocheng. “You, you’re that big star, Lin Haocheng.”

Lin Haocheng sat up straight. Finally, there was someone who was surprised by his identity.

He did not forget how calm Qin Sheng looked when she found out his identity.

She did not even want his autograph.

Next, Lu Ming took out a notebook and a pen from his school bag. "Big Star Lin, I'm your fan. Give me an autograph. Sign a few more, one page at a time. The more, the better."

Lin Haocheng regained his confidence from Lu Ming. He was very generous. He picked up the pen and signed ten autographs for Lu Ming.

Lu Ming asked eagerly, "Any more?"

Lin Haocheng wrote down five more names without saying a word.

Lu Ming put the notebook away with great care.

If he sold Lin Haocheng's autograph, it would definitely fetch a lot of money.

Chapter 790: The People He Provoked, He Had To Deal With Them Himself

Lin Haocheng did not know what Lu Ming was thinking, or else he would have vomited blood.

Initially, he thought that he had met a fan, but he did not expect it to be a guy who was blinded by money.

Lu Ming took another bite of the apple. "Oh right, Lin Haocheng, do you know my brother?"

Lin Haocheng replied, "I am Sheng Sheng's brother."

"Brother?" Lu Ming smiled and said, "You really know how to joke. Sheng Sheng doesn't have any brothers."

Lin Haocheng said seriously, "I'm Sheng Sheng's cousin, biologically."

He could not lose his identity as Qin Sheng's brother.

"Really?" Lu Ming asked in a daze.

"Yes."

Lu Ming looked at Qin Sheng, but Qin Sheng did not refute him. It seemed that Lin Haocheng was really Qin Sheng's brother.

"Wait."

Lu Ming took out his phone and started to investigate Lin Haocheng's background.

"Lin Corporation, top 500 in the world, ranked 10th in the country."

When he saw this introduction, Lu Ming wanted to die.

Qin Sheng's academic results were better than his, and her hacking skills were better than his. He thought that in his family background, he would be better than Qin Sheng.

He didn't expect that Qin Sheng had a relationship with the Lin family!

It was over. He was completely incomparable to Qin Sheng.

Qin Sheng was already abnormal enough, and she even had a good family background to help her!

F*ck!

Was there still a way out for him?

Lu Ming wanted to leave immediately, but when he thought of Fu Hanchuan's cooking, he decided to stay.

In the dining room.

Fu Hanchuan came out of the kitchen and saw Lu Ming at the dining table.

He frowned.

Lu Ming said fawningly, "Brother, I have something to talk to you about. I came over for a meal."

He even ran into the kitchen to help Fu Hanchuan bring out the dishes.

Lu Ming wanted to bring out the soup again, but Fu Hanchuan frowned and asked, "What is it?"

Lu Ming replied, "Sister-in-law has entered the Painting Association. The president of the Painting Association is Ye Yutong. Today, she made things difficult for Sister-in-law. She asked Sister-in-law to draw two paintings in five days."

1

Fu Hanchuan's brows relaxed. "It's alright. This small matter won't be a problem for Sheng Sheng. Sheng Sheng is an amazing painter."

Fu Hanchuan had seen Qin Sheng draw before. She had only used an hour to draw one painting. This was not a difficult matter for Qin Sheng.

Lu Ming thought of the painting that Qin Sheng had shown to Old Master Lu back then and felt relieved.

He did not need to worry too much about someone who could even win first place in the National Youth Painting Competition.

"Then, Brother, Ye Yutong, are you going to let her off just like that?" Lu Ming asked.

Fu Hanchuan's eyes darkened. "There's no rush. Take your time."

Ever since he learned that Ye Yutong had dealt with Qin Sheng the last time, he had started to get people to investigate Ye Yutong.

His little girl could not be bullied by others.

If it was anyone else, he would leave it for Qin Sheng to play with.

But this Ye Yutong was the trouble he had caused. He would solve it himself.

Seeing Fu Hanchuan's expression, Lu Ming felt that he did not need to worry anymore.

The person he should be worried about should be Ye Yutong.

It was good to provoke anyone else, yet she had to provoke Fu Hanchuan and Qin Sheng. Both of them were more scheming than the other.

However, there was one important thing that he did not mention.

He reached out his hand and smiled like a money grubber. "Brother, that money..."

"I'll ask Lin Yuan to call you."

After that, Fu Hanchuan took a plate of dishes and left the kitchen.

Lu Ming quickly followed him.

Fu Hanchuan put a plate on the table and put some food into it. Most of the dishes were vegetables, meat, shrimp, and fish. There were only a few pieces.

Lu Ming looked at it and had a bad feeling.

"Brother, what are you doing?"
