

Bigshot 791

Chapter 791: Qin Churou Is a White Lotus

Fu Hanchuan placed the plate of dishes in front of Lu Ming. "You suddenly came over and I didn't prepare much food. If it's not enough, you'll have to make do with it."

Lu Ming looked at the six plates full of dishes on the table. "..."

Wasn't he lying through his teeth?

After a long time, Lu Ming finally said, "Brother, are you sure?"

Fu Hanchuan nodded seriously, "Yes."

Lu Ming picked up a vegetable and put it into his mouth, chewing it with hatred.

His eyes were full of resentment.

Lin Haocheng looked at Lu Ming and felt like they were brothers in arms.

He sat next to Lu Ming, "Do you think someone is very evil?"

Lu Ming nodded with a look of agreement, "Too evil, especially my brother who is obsessed with women every day. F*ck."

Lin Haocheng frowned and was unhappy. "You're jealous of Sheng Sheng, right? It's good to focus on her."

Lu Ming: "..."

Come on, this person was a crazy person who spoiled his younger sister. If he said anything wrong about Qin Sheng, Lin Haocheng would probably come out and scold him.

Lu Ming was jealous again.

Why were all of them doting on Qin Sheng? Was it because she was a girl?

As for him, he was the one with the lowest status at home.

Lu Ming didn't say anything.

It had to be said that Fu Hanchuan's culinary skills were really good. Even the vegetables were extremely delicious.

However, Lu Ming preferred to eat meat.

Looking at the plates of shrimp, fish, and meat on the table, he couldn't eat them. He was so sullen.

Qin Sheng thought of Lin Haocheng's gossip. She frowned and asked, "Do you know Qin Churou?"

Qin Sheng knew that Qin Churou deliberately approached Lin Haocheng.

But she didn't want the Lin family to be schemed against by Qin Churou.

"Qin Churou." Lin Haocheng frowned in disgust. "My company deliberately let her have a CP with me. The company insists on making her look like a pure goddess."

At this point, Lin Haocheng clicked his tongue and shook his head. "This woman is too pretentious. One look and you can tell she's a white lotus. All of them were bewitched by her."

A smile appeared on Qin Sheng's face.

If Lin Haocheng could not see Qin Churou clearly, her impression of Lin Haocheng would probably be lower.

Lin Haocheng said fawningly, "Sheng Sheng, you're still better. You're not pretentious and you're also more straightforward."

Although Qin Sheng's words would sometimes make him shut down, he would also hope that Qin Sheng could lie to him.

No matter what, his sister had to be pampered and he could not be angry at her.

Qin Sheng curled her lips. "You're not bad yourself."

Lin Haocheng was caught off guard by Qin Sheng's words. He could not react at all.

Suddenly, he grabbed Lu Ming's arm.

He said very excitedly, "My sister praised me."

1

Lu Ming: "..."

He was speechless.

Did he have to be so emotional?

Wasn't it just a compliment?

Qin Sheng felt a headache when she saw Lin Haocheng's expression.

Lin Haocheng said very seriously, "Sheng Sheng, I will definitely become even more outstanding in the future and be your good brother."

Lin Haocheng was now 22 years old.

Because the Lin family's company was managed by Lin Haoyu, Lin Haocheng basically just muddled along.

He never liked to study because his external conditions were good and he was very talented in acting. Therefore, Capital Film and Television University gave Lin Haocheng special permission to enter the school.

Lin Haocheng's talent was extremely good. In just a short span of four years, he became an internationally renowned Oscar Best Actor.

He felt that he should become more outstanding now so that he could earn money to support Qin Sheng.

If word got out that Qin Sheng had such an outstanding elder brother, it was also a matter of great face.

Chapter 792: Qin Sheng Lies

Hearing Lin Haocheng's words, Qin Sheng coughed lightly. She wanted to say something, but when she met Lin Haocheng's hopeful eyes, she fell silent.

Lin Haocheng said again, "Sheng Sheng, when you acknowledge me as your brother, just call me Second Brother."

Qin Sheng's heart trembled slightly.

Second Brother...

She could clearly feel that Lin Haocheng was sincerely treating her well.

She moved her lips, but she didn't say it out loud.

Fu Hanchuan frowned and reminded her, "Qin Churou is the adopted daughter of Qin Hai and Lin Shuya."

Lin Haocheng stopped picking up the food. He frowned and said, "Adopted daughter? No wonder Qin Churou's name sounds so familiar to me. By the way, neither Qin Hai nor Lin Shuya could see through her true colors?"

Lu Ming pointed at his own head. "There are always people who have problems with their brains and are blind."

"They have problems, but I don't." Lin Haocheng's eyes were eager to give it a try. "Qin Churou and I are in the same company. How can I not deal with her?"

Qin Sheng frowned slightly. "Leave Qin Churou to me."

Lin Haocheng knew that Qin Sheng would have her own arrangements when she said this, so he didn't disobey Qin Sheng.

He nodded. "Okay, but I can teach her a little lesson."

1

Because Star Creator Entertainment had deliberately disguised Qin Churou as Lin Haocheng's girlfriend, she had gained a lot of fans. Now, she had 2 million fans.

Then, he could expose this matter.

This way, many of his fans would run over and scold Qin Churou.

Qin Churou would have to suffer.

At least for the time being, Qin Churou did not dare to appear.

Hearing this, Qin Sheng did not stop Lin Haocheng.

Lu Ming rubbed his chin. "Qin Churou offended the three of you. She will definitely suffer. I suddenly feel a little sympathy for Qin Churou."

It could be said that he would sympathize with anyone who offended Qin Sheng and Fu Hanchuan.

The consequences would be too tragic.

Lin Haocheng agreed with Lu Ming's words. "It's Qin Churou's misfortune. She doesn't even look at our Lin family's background. Is Sheng Sheng someone she can offend?"

1

Moreover, the Lin family was on good terms with the number one wealthy family, the Xie family.

1

Even those who were stronger than the Lin family didn't dare to go up against the Lin family.

Lu Ming muttered, "Even if Qin Sheng doesn't have the Lin family, even if she's alone, she can still kill the person who offended her."

Qin Sheng's hacking skills could be said to be second to none.

Who didn't she have dirt on?

Moreover, Qin Sheng's hacking of the company was enough to make them suffer.

Lin Haocheng was very puzzled. "Lu Ming, why do you say that?"

Lu Ming looked at Qin Sheng and leaned over. He lowered his voice and said to Lin Haocheng, "Singer Lin, don't be fooled by your sister's obedient sister look. She's a very bad person and likes to torture people."

1

Lin Haocheng looked very dotting. "This is her true nature. No matter what, she's very cute."

Lu Ming: "..."

Hopeless. All of them were hopeless.

Lu Ming didn't want to talk anymore. He took out his phone.

Fu Hanchuan's hearing was very good. Lu Ming's words didn't miss a single word. They reached Fu Hanchuan's ears very clearly.

He narrowed his eyes dangerously. "Lu Ming, you don't have to take the money."

Hearing the word money, Lu Ming's spirits rose a little. "What money?"

Fu Hanchuan said, "I'm going to ask Lin Yuan not to give you the 30 thousand yuan."

"F*ck!"

Lu Ming almost fell from his chair. He barely sat still and complained, "Brother, what's wrong with you this time?"

His eyes were filled with resentment.

Was it easy for him to get this news?

Unexpectedly, Fu Hanchuan detained the money again.

Chapter 793: Called Him Second Brother

Fu Hanchuan said expressionlessly, "You said bad things about Sheng Sheng."

"Bad things?" Lu Ming choked.

Could it be that Fu Hanchuan had heard his words just now?

Lu Ming looked at Lin Haocheng and gave him a look, wanting Lin Haocheng to plead for him.

Lin Haocheng ignored Lu Ming.

He said that his sister had a bad temper and still wanted him to plead for him? Wasn't this a joke?

1

Moreover, even if he did plead for mercy, Fu Hanchuan would definitely not listen to him.

Lin Haocheng raised his head to look at the sky. Lu Ming's heart was filled with pent-up frustration.

30,000 yuan had flown away just like that. No one would feel good about it.

Even the food did not smell good anymore.

Lu Ming did not want to stay any longer. He was worried that he would be angered to the point of having a heart attack.

He stood up and said gloomily, "I'll be leaving first."

He thought of something and took out his phone. "Superstar Lin, let's leave a number so that we can contact each other in the future."

"Okay."

Lin Haocheng and Lu Ming exchanged phone numbers.

"Thank you for your autograph. This should be able to sell for quite a lot of money."

Lin Haocheng: "..."

Sell for money?

It turned out that Lu Ming was not his fan. Instead, he wanted to use his autograph to exchange for money.

When he came to his senses, Lu Ming had already left.

Lu Ming treasured Lin Haocheng's autograph very much. These dozen autographs should be able to earn quite a lot of money, more than 30,000 yuan.

Thinking of this, Lu Ming's mood improved a lot. When he returned, he hummed a song along the way.

On this side, Lin Haocheng sat back in his chair. He was very helpless. "Fu Hanchuan, your younger brother's personality is really different from yours."

Fu Hanchuan placed a prawn into Qin Sheng's bowl. "He's just a cousin."

Lin Haocheng was speechless. He could only say, "Yes, this is indeed different."

He picked up a prawn, peeled it, and tried to put it into Qin Sheng's bowl. "Sheng Sheng, come."

However, Fu Hanchuan stopped him. "Sheng Sheng doesn't eat other men's food."

Lin Haocheng stared at him. "I'm her brother, her biological brother!"

He emphasized the last two words.

Fu Hanchuan said expressionlessly, "You're still a man."

"Sheng Sheng, please judge..."

Lin Haocheng suddenly stopped. He recalled how she had defended Fu Hanchuan time and time again. He guessed that even if Fu Hanchuan was making trouble for no reason, Qin Sheng would still side with Fu Hanchuan.

Sure enough, in the next second, he heard Qin Sheng say, "I really don't other men's dishes."

Lin Haocheng: "..."

He stuffed the lobster into his mouth and bit down hard, as if the lobster was Fu Hanchuan.

Qin Sheng smiled helplessly.

He still had to shoot an advertisement in the evening. After dinner, Lin Haocheng did not stay in the villa for long.

Lin Haocheng was very reluctant to leave. "Sheng Sheng, remember to think of Big Brother. I might not be able to come and look for you for a while."

After this, Fu Hanchuan would definitely arrange a lot of work for him.

Qin Sheng's brows were tightly knitted. She wanted to speak a few times, but she stopped in the end.

Lin Haocheng walked out of the villa.

Suddenly, a very soft voice came out. "Second Brother."

Lin Haocheng suddenly stopped in his tracks.

He turned around, thinking that he had heard wrongly. He asked uncertainly, "Sheng Sheng, did you call me just now?"

Qin Sheng called him Second Brother again.

After that, she turned her head and did not look at Lin Haocheng anymore.

She could feel from Lin Haocheng that he was genuinely good to her. She did not resist Lin Haocheng being her brother, so she might as well follow her heart.

However, after experiencing Qin Hai and Lin Shuya, Qin Sheng did not dare to invest too much emotion now.

Chapter 794: Earning Money To Raise a Younger Sister

Lin Haocheng was sure that he had not misheard. There was a visible joy in his eyes.

He was so excited that his heart was beating wildly. If it were not for his image, he would have jumped up on the spot.

"Sheng Sheng, I didn't expect you to accept me so quickly. No, I'm too happy."

Lin Haocheng took a few deep breaths before he managed to calm his beating heart.

He reached out and rubbed the top of Qin Sheng's hair. Yes, it was very soft and very comfortable.

Lin Haocheng had wanted to do this for a long time, but he did not dare to do it since Fu Hanchuan was staring at him.

Fu Hanchuan, who was standing beside Qin Sheng, looked at Lin Haocheng's hand with a frown.

He held back his thoughts of pulling Lin Haocheng away.

Lin Haocheng smiled until his eyes narrowed. "Little Sister, I want to work hard to earn money. I'll support you, buy you clothes and food. I'll buy you anything you want."

He could support Qin Sheng until she was white and chubby.

It would be best to give her everything.

He had 2 billion in his hands now. He now had 15% of the company's shares, and his annual dividend was at least 3 billion.

This little money should be enough to support Qin Sheng, right?

Fu Hanchuan, who had been silent all this time, could not hold it in anymore. He said, "You don't have to support her."

Lin Haocheng glared at Fu Hanchuan. "If it wasn't for my older brother, would it be time for you, a boyfriend, to take care of her? You don't have a status yet."

Fu Hanchuan frowned.

Shouldn't he bring Qin Sheng to get a marriage certificate earlier so that this status could be decided?

1

However, the legal age for marriage was not yet up.

He could wait until Qin Sheng's 20th birthday to bring her to the Civil Affairs Bureau to get married and get a marriage certificate.

When Lin Haocheng faced Qin Sheng, his voice became very gentle. "Sheng Sheng, when are you coming back to the Lin family with me? This weekend?"

Qin Sheng rejected him. "There's no rush. Let's wait first."

"Okay."

Lin Haocheng did not say anything else.

It was fine if she did not go back to the Lin family. After all, Qin Sheng already regarded him as her older brother.

If he went back, his older brother would definitely snatch his younger sister away from her.

Seeing that it was about time, Lin Haocheng didn't stay any longer.

He returned to the car.

Lin Haocheng turned on his phone and posted a Weibo post.

[Lin Haocheng V: Don't tie me up in sales. I have nothing to do with you. You're ugly and pretentious. I don't like you. I have 300 to 400 million Weibo fans. Even if you call yourself my girlfriend, the number of people who become your fans is only 2 million. I have to say, you're trash. @Qin Churou V]

1

Lin Haocheng usually did whatever he wanted.

At this moment, Qin Churou had offended Qin Sheng. Lin Haocheng's words did not leave any face.

As soon as Lin Haocheng posted on Weibo, there were a lot of comments.

Lin Haocheng's girlfriend and mom fans were especially active.

[Brother, you're too miserable. I knew you wouldn't have a girlfriend.]

[This Qin Churou is really disgusting. She's an internet celebrity. My idol likes her? What a joke!]

[Calm down, calm down. I knew Qin Churou couldn't be Brother's girlfriend. Ever since Brother debuted, many female celebrities wanted to ride on Brother's popularity. It's normal for them to do so. Brother is good-looking, has a good family background, and is popular. I can only say that she's overestimating herself when it comes to those female celebrities who ride on Brother's popularity.]

[You've been slapped in the face, right? I think she's just a white lotus. She really thinks that everyone loves her.]

[Brother is right. Qin Churou is ugly and only knows how to act. She's disgusting.]

[Cheng Cheng, this kind of woman is too disgusting. We don't want her. Wait for me to teach her a lesson.]

[Cheng Cheng, Mom will get justice for you.]

Among them, many people said that Lin Haocheng's words were unpleasant, but they were all ignored.

Chapter 795: Qin White Lotus Has Been Overturned

Many of Qin Churou's fans stopped being her fans.

Most of her fans only paid attention to her because they revealed that she was Lin Haocheng's girlfriend.

Now that they realized that it was a publicity stunt, they naturally stopped paying attention to her.

Many of Lin Haocheng's fans went to Qin Churou's Weibo to curse her.

[Tsk tsk, Qin White Lotus, is it fun to ride on my brother's popularity? You must have been turned over.]

[I thought you were really my brother's girlfriend. So it's all for popularity. Hehe, I've unfollowed. From now on, I'll be your anti-fan. Be careful not to let me catch you.]

[Qin Churou, with that internet celebrity face of yours and that flirtatious look on your face, do you still want to be popular? Dream on.]

[Qin Churou, burn, burn through the core of the Earth!!!]

[Trash, get lost!!!]

Qin Churou had angered the public this time.

In less than an hour, there were 700,000 comments under her Weibo.

The topic of Lin Haocheng refuting the rumors that Qin Churou was his girlfriend also quickly went up on Weibo's hot searches and exploded!

Qin Churou was in class at school when her manager called her. "Churou, something big has happened. Take a look at Weibo."

Qin Churou's heart skipped a beat.

She immediately opened Weibo. The first thing she saw was the top trending Weibo post.

Her pupils constricted.

He refuted the rumor?

How was that possible? Didn't the company say that she and Lin Haocheng would have a scandal?

Qin Churou's hands trembled as she clicked on Lin Haocheng's Weibo post. She panicked immediately.

Even her voice was trembling. "Sister Li, what should we do now?"

Li Xueyun knew that this was not because of Qin Churou, so she did not throw a tantrum. "I'm just here to tell you about this matter. As for the specifics, I'll look for the company to settle it."

"Okay."

Li Xueyun thought for a moment and advised, "Don't worry, the company will handle it well. You don't have to worry too much. Focus on your lessons and come to the company tonight."

Qin Churou agreed.

After hanging up, Qin Churou took out her phone and looked at the comments under her Weibo.

Originally, there were 2 million fans, but now there were only 200,000 left.

The comments were all abusive and rarely encouraged her to support her.

She hadn't experienced this kind of experience for more than two months.

Last time, it was because of Qin Sheng that she was attacked by all the students of H City High School.

This time, Qin Churou couldn't blame Qin Sheng. However, if she knew that Lin Haocheng had said such harsh words on Weibo because of Qin Sheng, Qin Churou would probably vomit blood in anger.

Li Xueyun reported the matter of Qin Churou and Lin Haocheng to the President of Star Creator Entertainment, Wu Yongli.

Wu Yongli was so angry that his chest heaved up and down vigorously. "This is really too outrageous."

Wu Yongli had long disliked Lin Haocheng. Lin Haocheng often disobeyed him.

If not for Lin Haocheng's explosive temper and the fact that he had a big backer like the Lin family, he would have long banned Lin Haocheng.

This time, he had warned Lin Haocheng countless times not to clarify things.

Unexpectedly, he still went against his wishes.

"President, what should we do? Haocheng is so hot, should we just let him be?" Li Xueyun asked with a frown.

Seeing that Wu Yongli did not answer, Li Xueyun continued, "President, Churou is someone that we're focusing on nurturing. You've already greeted him, yet he still dares to do this. Isn't this a slap in your face?"

Li Xueyun was the top manager of Star Creator Entertainment.

Previously, Yan Feng's status was lower than hers.

Later, there was Lin Haocheng, and Yan Feng became the top manager in one leap, suppressing her.

Chapter 796: Her Days Would Not Be Easy

Li Xueyun was very displeased with Yan Feng and Lin Haocheng.

Now, she seized the opportunity to start slandering them.

When he heard this, Wu Yongli's face darkened.

He took out his phone in front of Li Xueyun and called Yan Feng.

"President."

Yan Feng's voice came from the phone.

Wu Yongli said in a deep voice, "Get Lin Haocheng to come to the company immediately."

Yan Feng frowned. "He's going to the HD Group to shoot an advertisement now."

Wu Yongli's words were stuck in his throat. He had a bad impression of the HD Group. The HD Group had almost all the dirt on his company's artists.

He had no choice but to listen to that man.

Yan Feng asked again, "Then, does the President still want Haocheng to come back?"

"Come back! Why not? He's an artiste under Star Creator Entertainment. Does he still have to listen to HD Group?"

"Yes."

Yan Feng hung up the phone. His instincts were good.

If Lin Haocheng had not gotten into trouble, Wu Yongli would not have called him.

He frowned and opened Weibo.

When he saw the top trending topic, his frown deepened.

Lin Haocheng was indeed not a well-behaved person. He should have taken over his Weibo.

Lin Haocheng was resting.

Yan Feng directly walked over.

Lin Haocheng drank a mouthful of mineral water. "Brother Feng."

Yan Feng directly showed his phone to Lin Haocheng. "Why are you refuting the rumors?"

"About that." Lin Haocheng stretched out his hand and scratched his head. "She's not my girlfriend at all. Why should I spoil her? Moreover, she offended my sister."

Yan Feng's voice was very cold. "Go back to the company and explain to the President yourself."

After saying that, he left immediately. He rubbed the space between his brows, feeling a headache.

He really couldn't control Lin Haocheng anymore.

If this continued, he would probably live for a few years less.

Lin Haocheng changed his clothes at a leisurely pace.

He really had nothing to be afraid of with Wu Yongli.

If he was banned, Wu Yongli still had to consider whether he would be killed by the Lin family.

Lin Haocheng returned to the company.

Li Xueyun had just left the President's office when she bumped into Lin Haocheng.

She paused in her footsteps. "Lin Haocheng, even if you are the most powerful artiste in our company, you can't just casually bully my artiste. Is this how Yan Feng taught you?"

Her tone was full of mockery.

Lin Haocheng glanced at her with an unruly look. "I can do whatever I want. It's none of your business. Qin Churou dared to take advantage of my popularity and didn't even consider her own abilities."

Li Xueyun's face darkened. She sneered and said, "Aren't you afraid that the company will ban you?"

"Whatever. If Wu Yongli isn't afraid of the Lin Corporation," Lin Haicheng said nonchalantly. "Moreover, I can still afford to pay that little penalty fee. After leaving Star Creator Entertainment, with my reputation, I'll still be able to do well. If I really can't, I'll just be a rice worm. With a bonus of a few billion a year, it's enough for me to eat."

Li Xueyun choked. She was blocked by Lin Haocheng and could not say a word.

Lin Haocheng smiled and said, "So, what I do has nothing to do with you. You'd better control your artistes."

Lin Haocheng did not leave any face for Li Xueyun.

Li Xueyun often mocked him and he could not be bothered to care about her. However, she was Qin Churou's manager, so he could not be blamed.

The Lin family was protective of their own.

Moreover, Qin Sheng was the younger sister that he had just recognized, so he had to protect her.

"Oh, right, to tell you the truth, I have a grudge against Qin Churou. In the future, as long as I'm at Star Creator Entertainment, her life will not be easy."

Chapter 797: Threat, Banned

"Lin Haocheng, you!!"

Li Xueyun's face alternated between green and white. She was angry.

Lin Haocheng ignored Li Xueyun and went to the President's office. He did not knock on the door and directly pushed it open.

Wu Yongli, who was processing the documents, glanced at Lin Haocheng and said in a deep voice, "You're here."

"Yes."

Lin Haocheng came to a sofa and sat down.

Wu Yongli saw that Lin Haocheng did not put him in his eyes, so he put down his pen heavily. "Lin Haocheng, you're an artist in my company, and I'm your boss. What do you think you're doing?"

Lin Haocheng smiled and said, "What's the matter?"

"Lin Haocheng, you should know why I'm looking for you. That Weibo post of yours, you really don't put me in your eyes? Didn't I say that I would let you and Qin Churou spread rumors? Even if you don't take the initiative to act with Qin Churou, don't go and refute the rumors, right?"

Wu Yongli's voice was full of questions.

Lin Haocheng replied, "I hate Qin Churou. Having a scandal with her is disgusting."

Most importantly, he couldn't offend his sister.

Qin Sheng didn't like Qin Churou. If he dared to spread rumors with Qin Churou, wouldn't he be courting death?

Wu Yongli frowned and asked, "You haven't seen her many times. It's obvious that Churou is well-behaved. How could she offend you?"

Even if Qin Churou was restless, Lin Haocheng was a top-notch celebrity in China or even internationally. As long as she was not stupid, Qin Churou would not offend Lin Haocheng.

Lin Haocheng answered, "She offended the person I want to protect."

"Who?" Wu Yongli asked.

Lin Haocheng did not answer.

Wu Yongli suddenly stood up from his seat. "Lin Haocheng, you have a girlfriend!"

Lin Haocheng leaned against the sofa, but he did not explain.

Wu Yongli was very anxious. "Lin Haocheng, are you complaining that your popularity is too high? Don't forget that most of your fans are girlfriend fans."

"Whatever. I still have a large number of older brother, younger brother, and mom fans."

Wu Yongli was so angry that he almost died. He did not really want to talk to Lin Haocheng anymore.

He said directly, "Go over and apologize to Qin Churou immediately. Also, explain the situation online."

Qin Churou was a good seedling. He wanted to elevate Qin Churou to the same height as Lin Haocheng.

Now, the company was mainly relying on Lin Haocheng. He did not want to be controlled by Lin Haocheng alone, nor did he want to do things by looking at his expression every day.

Lin Haocheng naturally knew Wu Yongli's intentions, but he did not express it.

He took out his phone and looked at it, ignoring Wu Yongli.

Wu Yongli slammed the table fiercely. "Lin Haocheng, aren't you afraid of being banned?"

Lin Haocheng sneered. "Then ban me. I won't starve to death anyway."

Wu Yongli was so angry that his entire body was trembling.

Lin Haocheng said again, "Right, our contract expires in two months. Even if you ban me, it's useless.."

After saying that, he left the office.

Wu Yongli stood where he was, his face alternated between green and white.

He slammed his fist onto the table.

At that time, in order to curry favor with the Lin Corporation, he had only signed a four-and-a-half-year contract with Lin Haocheng.

He did not expect Lin Haocheng to be so popular.

It looked like Lin Haocheng would not renew the contract.

He did not dare to imagine the consequences of Lin Haocheng leaving the company.

With Lin Haocheng's reputation, it would be fine if he started his own company, but if he went to an entertainment company, he was worried that the entertainment company would take off because of that.

On the other side, Qin Churou did not receive any results for a long time before she took the initiative to contact her manager.

She asked nervously, "Sister Li, what's the result now?"

Chapter 798: 70 Million a Day

"Lin Haocheng refuses to apologize. He's famous and has a good family background. Even the President can't do anything to him."

Qin Churou gripped her phone tightly. She was very unwilling to accept this.

She didn't understand why Lin Haocheng would treat her like this. She was also a fan of Lin Haocheng. She had followed Lin Haocheng for a long time, but she had never seen him talk to any female celebrity who wanted to hype him up like this.

Li Xueyun frowned and asked, "Churou, Lin Haocheng said that you've offended the person he wanted to protect. Have you offended anyone during this period of time?"

Qin Churou was puzzled. "Sister Li, you know my character. I wouldn't casually offend someone. Moreover, I've only been in the capital for three weeks. Why would I offend someone else?"

Li Xueyun asked suspiciously, "Are you sure?"

"Sister Li, could it be that he simply found an excuse to embarrass me?" Qin Churou guessed.

Li Xueyun's brows were tightly knitted. After hearing what Qin Churou said, she also became suspicious.

This Lin Haocheng might have exposed the fact that Qin Churou was not Lin Haocheng's girlfriend on Weibo because of Yan Feng's arrangements.

Yan Feng must have been worried that Qin Churou would threaten his position once she developed well.

Li Xueyun sneered.

Since he was afraid, she would train Qin Churou well so that she could stand higher and farther than Lin Haocheng in the future.

—

In the next few days, Lin Haocheng was busy every day because Fu Hanchuan had arranged some work for him. He did not have time to look for Qin Sheng.

Qin Sheng made a trip to the company on Saturday.

The employees of Shengshi Technology were on holiday on Sunday.

Not long after Qin Sheng arrived at the company, Yu Bei and Hong Yuan followed by her side.

Qin Sheng had a headache. She could not escape from either side. She just went over to help Yu Bei and Hong Yuan process the documents and answer the procedural questions.

In the General Manager's Office.

Qin Sheng put down her pen, raised her eyebrows, and asked, "Are there any more?"

She had already processed a lot of documents. It had only been a week, so there should not be so many left.

However, Qin Sheng was soon slapped in the face.

Hong Yuan was delighted when he heard Qin Sheng's words. She didn't know where he got another stack of documents. There were more than 40 pages. "Boss, and these are all."

Qin Sheng: "..."

She regretted what she had asked just now.

She stretched out her slender and fair fingers and rubbed her temples. Her eyes were tightly shut, and she had a headache. "Uncle Hong, where did you get so many documents?"

She wondered if Hong Yuan had been slacking off in the company, and these documents were only processed when she arrived.

Hong Yuan's eyes were filled with resentment. "Boss, do you really think that we're still the same small company that we were when we were founded?"

Now, because of the all-intelligent game, Three Realms, Shengshi Technology had become the third-ranked gaming company in the country.

Its daily profit was more than 50 million.

And this was before the game had been fully promoted.

Now, Shengshi Technology was preparing to further promote the game worldwide. When that time came, the profits brought by Three Realms would be unimaginable.

Including the other two small games it had developed, now, Shengshi Technology's daily income was at least 60 million.

Qin Sheng frowned. When she thought of the documents she had handled in her previous life, she fell silent.

When Hong Yuan saw Qin Sheng's expression, he thought that Qin Sheng was feeling guilty and would understand his hard work. Then, he said, "Boss, look, I handle the documents every day. It's so hard. Can you come to the company more often? Come every week and spend an hour to process it."

With Qin Sheng's speed, an hour was enough.

Chapter 799: Developing An Online Game

Qin Sheng nodded in agreement. "It's indeed hard work."

"Boss, then..."

Qin Sheng could tell what Hong Yuan was thinking at a glance. She curled her lips into a smile. "I'll give you a raise from 600,000 to 1 million a month."

Money, to Qin Sheng, was just a number.

Although she was stingy in many things, she was very generous to her employees.

Hong Yuan choked. Money was not a problem.

Was it so difficult for him to get Qin Sheng to come to the company a few more times?

Hong Yuan was resentful. He should not have expected Qin Sheng to be so lazy. She was a person who was afraid of trouble and would not volunteer to help in the company.

Qin Sheng thought for a moment and said, "Give Yu Bei's salary an additional 70,000 yuan. Yi Xiu's salary will also be increased by 70,000 yuan. For the other department managers, each of them will be given an additional 20,000 yuan for a month. For the other employees in the company, each of them will be given an additional 7,000 yuan."

Just the salary paid by the employees in a single day would cost several million yuan.

However, among the 70,000 yuan per day, this amount of salary was a small proportion.

Hong Yuan agreed. "Alright, Boss. I'll thank you on their behalf."

Although he regretted that Qin Sheng did not come to the company, he was happy that all the employees had received a raise.

This time, he did not stop Qin Sheng from giving the employees a raise.

After all, they were earning at least 70 million a day now. After the full promotion, they would earn even more money in the next day.

Qin Sheng's fingertips tapped on the table. "Uncle Hong, is the company still developing any games?"

Hong Yuan shook his head. "No."

Qin Sheng curled her lips. "I'm preparing to develop a new game."

Hong Yuan perked up. "What game?"

He had a hunch that the game Qin Sheng was talking about wouldn't be simple.

Hong Yuan couldn't forget the shock he felt when he first heard of an all-intelligent game.

"The game we're developing this time is an online game, a VR game."

"VR game?" Hong Yuan frowned. He thought he had heard wrong.

It wasn't that Hong Yuan didn't know about VR games, but the current game was just an idea. No one had developed it yet.

"Yes, it's a VR game." Qin Sheng narrowed her eyes. "A virtual reality game that allows people to immerse themselves in an interactive virtual game scene and experience the feelings of the people in the game in all aspects."

Hong Yuan was stunned and very shocked. "Boss, are you sure you want to develop this game?"

With that being said, he knew that since Qin Sheng said it, she must have had such a plan.

Hong Yuan was excited.

He thought that the all-intelligent game was already shocking enough. He didn't expect that there would be an even bigger surprise at this moment.

Qin Sheng nodded. "Yes."

Hong Yuan rubbed his hands. "Boss, did you prepare some specific information and technology like the last time you developed the all-intelligent mobile game?"

Qin Sheng: "No."

Hong Yuan asked again, "Then do you have any ideas?"

Qin Sheng answered again, "No."

Hong Yuan: "..."

He was doused with cold water.

He thought that Qin Sheng would prepare everything just like the last time.

“Then, Boss, this will feel very difficult. The development time will be very long, and I don’t know if it will be successful,” Hong Yuan said hesitantly.

Qin Sheng supported her chin with one hand. She had seen through Hong Yuan’s thoughts. Hong Yuan must have wanted her to help the company.

Qin Sheng did not expose him.

“It’s okay. Three Realms and the other games can earn 70 million a day. I can afford it.”

Chapter 800: Was Helped By Mr. Fu

Actually, the first game that Qin Sheng wanted to develop was a VR game.

However, due to the lack of funds, it was also full of uncertainty.

Therefore, she could only develop an all-intelligent game first.

Now, with 70 million a day, it was enough. Even if she failed, it would be fine.

Hong Yuan: “...”

Fine, you’re rich and willful.

Qin Sheng also knew that researching this game was very difficult, so she let go. “From now on, I’ll come to the company every week to help develop it.”

When she said this, Qin Sheng was unwilling.

When she came to the company, Hong Yuan and Yu Bei would definitely prepare a lot of documents and procedural problems for her.

Just thinking about it gave her a headache.

Hearing this, Hong Yuan couldn’t believe it. His boss had changed?

Qin Sheng raised her eyebrows. “You don’t believe me?”

Hong Yuan reacted and quickly shook his head. “No.”

Qin Sheng did not expose Hong Yuan. She picked up a pen and started to process the documents that Hong Yuan had just given her.

Qin Sheng was very fast. She circled out all the problematic areas in the company’s documents and added amendments.

As for some contracts, she quickly browsed through them. If there were no more problems, she would sign her name.

Otherwise, she would point out the problem and let Hong Yuan go over to amend them.

Although the number of times Qin Sheng came to the company could be counted with two hands, she still had a good understanding of the company.

It was not difficult to process these documents.

Hong Yuan was very surprised when he saw Qin Sheng's speed.

He looked at the documents Qin Sheng processed many times, but he could not help but be surprised.

Not only was Qin Sheng's reading speed fast, but every time she raised a question, it hit the nail on the head.

It had to be said that very few people could do what Qin Sheng did.

Half an hour later, Qin Sheng put down her pen.

Rubbing her wrist, she didn't dare to ask Hong Yuan if there were any more documents that needed to be processed for fear that Hong Yuan would bring out another pile.

She stood up and said, "Uncle Hong, I'm going to look for Yixiu. You continue to work."

Hong Yuan did not pester Qin Sheng this time. He nodded and said, "Okay."

Qin Sheng left Hong Yuan's office and went straight to Su Yixiu's place.

She knocked on the door.

Su Yixiu was looking at information about the entertainment industry. He did not even raise his head and said casually, "Come in."

Qin Sheng walked in. Su Yixiu frowned and asked, "What's the matter?"

As he spoke, he looked up and saw Qin Sheng. He was stunned for a second before standing up. "Sheng Sheng, why are you here?"

His palms were sweating. He was nervous.

Qin Sheng went straight to the sofa and sat down. "It's nothing. I was just looking for you. I have some matters to settle."

Su Yixiu walked over. He poured a cup of tea for Qin Sheng and handed it to Qin Sheng.

Qin Sheng took it.

Su Yixiu was very puzzled. "What's the matter?"

Qin Sheng asked, "Have the company's various licenses been issued?"

Su Yixiu nodded. "Yes, they have been approved."

He paused for a moment. "It was Mr. Fu's help."

Hearing this, the corners of Qin Sheng's lips curled up into a smile. She had only mentioned the matter of running an entertainment company once. She did not expect him to take it to heart so easily.

Su Yixiu lowered his eyes and wiped away the bitterness in his eyes.

His hands that were placed on his legs unconsciously clenched. "The preliminary preparations for the company have basically been completed. We are now preparing to recruit some managers, other employees, and some artists. I have sent people to Capital Film and Television University to look for them."

Qin Sheng nodded. "Yes, this progress is very fast."

Su Yixiu went over and took out a contract. "Sheng Sheng, take a look. This is only the preliminary draft of the contract."
