

## Bigshot 831

### Chapter 831: Tea Made By Lin Haocheng

Fu Hanchuan did not wait for Qin Sheng to agree. He picked up his cup of tea and gave it to Qin Sheng. "Drink more water."

Fu Hanchuan successfully diverted Qin Sheng's attention.

Lin Haoyu stared at Fu Hanchuan. This little trick of his, was he not clear about it?

However, Lin Haoyu did not want to appear aggressive in front of Qin Sheng.

He did not mention this matter for the time being.

There was still more than a year before Qin Sheng turned 20. He could find time to mention this matter to Qin Sheng in the future.

Moreover, he could also send people to the Civil Affairs Bureau to keep an eye on it.

Lin Haoyu thought for a moment. He then raised it again. "Shengshi Technology has moved to Imperial City. Also, you want to open an entertainment company. Imperial City is different from H City. You might face a lot of resistance. Our Lin family can still speak up in this aspect. If you have any problems, you can come and look for Big Brother."

Lin Haocheng had already made tea and came over.

His forehead was covered in sweat.

This tea made him suffer. This was the first time he made this tea. Before this, Aunty had prepared it for him.

He walked over and just happened to hear Lin Haoyu's words.

Alarm bells rang in his heart.

What was his brother doing?

Was he trying to use this method to improve the relationship between him and Qin Sheng?

F\*ck! He could no longer compare to Fu Hanchuan. He definitely could not be inferior to Lin Haoyu, this blockhead Big Brother, in Qin Sheng's heart.

Lin Haocheng quickened his pace. "Big Brother, Fu Hanchuan is involved in the company's matters. It's not like you don't know Hanchuan's abilities. If Sheng Sheng has something to do, she will naturally look for her boyfriend."

Lin Haoyu could see through Lin Haocheng's thoughts.

He frowned and said, "HD Group has just moved to the capital. In terms of connections and influence, they can't compare to the Lin Corporation."

“Big Brother, are you sure?” Lin Haocheng questioned, “Have you forgotten that I was taught a lesson by Fu Hanchuan at that time? His backing is huge, and HD Group’s development prospects are extremely good. How many companies want to curry favor with HD Group?”

Lin Haoyu was silent.

When he faced Fu Hanchuan, his mind was not flexible. He had not thought of this.

Lin Haocheng said with a smile, “So, Big Brother, you should go to bed. It’s getting late. You should go back early.”

Lin Haoyu did not listen to Lin Haocheng. He sat on the sofa, very quiet.

He did not want to think about how he should talk to Qin Sheng.

Lin Haoyu was very good at talking to others in the business world.

However, when he was facing Qin Sheng, his mind seemed to be controlled. He had to think twice before he spoke.

There were many times when he could not find a topic to talk about.

Lin Haocheng poured a cup of tea for Qin Sheng. “Sheng Sheng, try it. This is the first time my Second Brother brewed tea. Try it. Does it taste good?”

He looked at Qin Sheng with hope.

Fu Hanchuan frowned when he heard Lin Haocheng’s words.

When Qin Sheng was about to put the teacup to her lips, Fu Hanchuan stopped her. “Sheng Sheng, don’t drink it.”

Lin Haocheng was unhappy. “Fu Hanchuan, what do you mean?”

Fu Hanchuan glanced at him and said directly, “It tastes bad.”

“Bad?” Lin Haocheng was unhappy. When he made tea, he followed the steps on the internet. How could it taste bad?

He also poured himself a cup of tea. “Fu Hanchuan, don’t look down on me. Sheng Sheng, your Second Brother is omnipotent. The small matter of making tea is not difficult for me.”

When Qin Sheng heard Fu Hanchuan’s words, she also felt that it would be disgusting.

She had always made dark dishes, so she knew how disgusting these dishes were.

Qin Sheng put down the teacup.

### **Chapter 832: Set a Trap For Him**

Meanwhile, Lin Haocheng placed the cup of tea that he poured for himself next to his lips.

Just as he drank a little, his hand suddenly stopped.

His head spun a few times.

Why did this taste wrong? It shouldn't be.

It really tasted f\*cking awful.

However, he had already boasted in front of Qin Sheng. Lin Haocheng did not want Qin Sheng to know about the tea that he brewed... Even he himself could not drink it.

Lin Haocheng braced himself and drank the entire cup of tea.

When he was done, he wiped his mouth and said, "Not bad."

"Not bad?" Fu Hanchuan chuckled.

Lin Haocheng had a bad feeling that Fu Hanchuan was going to make fun of him again.

Sure enough, the next second, he heard Fu Hanchuan say, "Sheng Sheng, since it's not bad, you can drink it."

Lin Haocheng quickly took the teacup that was already filled in front of Qin Sheng and drank it in one gulp.

He had a look of enjoyment on his face. "Not bad. I didn't expect that I had such talent."

At this moment, Lin Haocheng's mouth was filled with bitterness.

He forcefully suppressed the urge to spit out the tea. However, his expression sometimes looked like he was crying. Sometimes it was distorted, and sometimes it was enjoyable.

When Lin Haoyu saw Lin Haocheng's expression, the anger in his heart from Lin Haocheng's rebuke also dissipated a little.

Qin Sheng's eyes were full of smiles.

Everyone knew that the tea Lin Haocheng brewed was not ordinary, but Lin Haocheng was the only one who did not know.

Qin Sheng's gaze fell on the pot of tea. "Second Brother, pour me a cup. I want to drink it too."

Lin Haocheng looked at the pot of tea. "..."

He gulped. Was he supposed to drink all of it?

This teapot was not small. The tea in it could be poured into more than ten cups of tea.

He could not stand just two cups of tea, let alone ten cups.

Lin Haocheng did not move. Fu Hanchuan reached out to take it. "Sheng Sheng, I'll pour it for you."

Lin Haocheng moved very quickly. The moment Fu Hanchuan was about to pour the tea, he snatched the teapot over.

Fu Hanchuan raised his eyebrows and asked, "What's wrong?"

Lin Haicheng's lips curled into a smile. His mind spun quickly and he quickly found an excuse. "Hanchuan, where did you buy this teapot? The more I look at it, the more I like it. Hanchuan, can you give this teapot to me?"

Fu Hanchuan nodded. "Sure, but Sheng Sheng and I want to try the tea in it."

Qin Sheng saw that Fu Hanchuan was trying to trick Lin Haocheng, and the corners of her lips curled up slightly.

She didn't expose Fu Hanchuan.

"Wait." Lin Haocheng stood up with the teapot in his hand. "I suddenly remembered that I have something to find my manager. Wait, I'll go out and make a call first."

After saying that, he walked a little further away and put the phone to his ear.

Fu Hanchuan looked at Lin Haocheng who was standing at the entrance with the phone in his hand, and then said in a low voice, "Sheng Sheng, Lin Haocheng will definitely say that his manager told him to go back immediately and take the teapot with him."

Fu Hanchuan could not stand that Lin Haocheng had always wanted to separate him and Qin Sheng.

He even came to look for Qin Sheng every day.

So he wanted to teach Lin Haocheng a lesson.

Thinking about it, if Lin Haocheng knew that Qin Sheng knew everything, he might not dare to appear in front of Qin Sheng again for a period of time.

Qin Sheng smiled. "I thought of that too."

Sure enough, in the next second, they heard Lin Haocheng say, "Brother Feng, I'm still in Fu Hanchuan's villa."

Suddenly, Lin Haocheng's voice rose. "What? So urgent? Okay, okay, okay. Brother Feng, I'll be there right away."

### **Chapter 833: Went To Their Painting Department**

Lin Haocheng took back his phone. "Sheng Sheng, I have something urgent to attend to, so I'll leave first. Big Brother, let's hurry up and leave."

Lin Haoyu saw that it was getting late and he was sitting here alone. He could not find a topic to chat with Qin Sheng, and he felt awkward, so he also left with Lin Haocheng.

Back in the car, Lin Haocheng heaved a sigh of relief.

Lin Haoyu looked at the teapot in Lin Haocheng's hand and asked with raised eyebrows, "Is it very delicious?"

Lin Haocheng said stubbornly, "Of course."

Lin Haoyu directly opened a video and showed it to Lin Haocheng.

It was the video of Lin Haocheng in the villa just now. In the video, Lin Haocheng's expression was very rich. He would cry at times and laugh at times. It was very interesting.

Lin Haocheng's face stiffened and asked suspiciously, "This is me?"

He was an Oscar Best Actor. These acting skills were nothing to him.

Why would he show such an expression?

"What do you think?" Lin Haoyu asked back.

Lin Haocheng's face was bitter. He thought of something and a glimmer of hope rose in his heart. "Maybe Sheng Sheng didn't realize it."

Fu Hanchuan and Lin Haoyu didn't matter. The key was Qin Sheng.

He couldn't lose his lofty image in front of Qin Sheng.

Then, Lin Haoyu said, "Wrong. When you were pretending to be on the phone with your manager, Sheng Sheng and Fu Hanchuan were discussing what you would do next."

Lin Haocheng: "..."

His face alternated between red and white. He was embarrassed.

He still did not want to believe it. "Brother, you must be lying to me. It's fake!"

Lin Haoyu glanced at him. "Think about it. Fu Hanchuan and Sheng Sheng first let you drink Sheng Sheng's cup of tea and then set your mind on that teapot. I wonder if this is possible?"

After Lin Haoyu's reminder, Lin Haocheng finally understood.

This was completely a trick!

No matter how unwilling he was to believe it, he had no choice but to believe it.

Lin Haocheng was suddenly stunned.

He felt that he was too ashamed to see Qin Sheng.

As Fu Hanchuan had said, Lin Haocheng had been hiding. He did not dare to come and look for Qin Sheng for a week.

On Monday.

The first-year students were still in military training, while Qin Sheng was doing research alone.

Qin Sheng was very serious.

In addition to her talent, her research progress was already one-third.

Qin Sheng's research sequence was different from Gao Yongliang's.

Therefore, Gao Yongliang thought that Qin Sheng was still studying the beginning part.

At noon, Qin Sheng closed her notebook.

Just as she walked out of the laboratory, she bumped into a professor whose surname was Chen.

He walked up and asked, "Excuse me, are you Student Qin Sheng?"

Qin Sheng nodded. "Yes."

Professor Chen's face was filled with joy. "That's good. Student Qin Sheng, let me introduce myself. I'm the president of the Painting Department at Peking University. I came to look for you today because I want to invite you to our Painting Department."

Professor Chen happened to be at the scene when Imperial Capital University was discussing the selection of the participating paintings.

He had taken a liking to Qin Sheng's paintings at first sight.

He could tell that Qin Sheng was a good talent for drawing. Moreover, Imperial Capital University did not have a major in painting. Perhaps Qin Sheng was very interested in painting, so he wanted to win Qin Sheng over to Peking University.

He had a premonition that if Qin Sheng came to Peking University, she would definitely bring glory to the Painting Department.

Afraid that Qin Sheng would not agree, Professor Chen said, "Student Qin Sheng, your ability is very strong. Come to our department. You will have great attainments in painting."

#### **Chapter 834: She Had the Talent To Paint**

Qin Sheng rejected without even thinking, "No need, I'm not thinking of going over."

Back then, Old Master Lu had thought of coming to Imperial Capital University to teach painting, but he had forgotten that there was no painting department in Imperial Capital University.

Of course, if Old Master Lu came over to teach Qin Sheng, Qin Sheng would consider taking a double degree.

Professor Chen was unwilling to give up. "Student Qin Sheng, come to our Painting Department. Whatever conditions you want, if they aren't too much, you can meet them."

Qin Sheng knew that as long as she didn't give up, Professor Chen wouldn't give up so easily.

She rubbed the space between her eyebrows and felt a headache. "You can ask the Principal."

Professor Chen thought that Qin Sheng had agreed, but she hadn't passed the Principal's test yet. The corners of his mouth curled up into a smile. "Okay, I'll go and look for him right away."

"Can I leave now?" Qin Sheng asked.

Professor Chen nodded. "Yes, yes."

The moment Qin Sheng left, Professor Chen immediately called the principal of Imperial Capital University.

The Principal was having lunch. He frowned and asked, "What's the matter?"

Professor Chen said with a smile, "Principal Li, I found a good talent for painting in your school."

"So..." The Principal frowned.

"So I want her to come to our school to learn how to paint. Principal, her talent for painting is very good. Even without someone to teach her, she can still draw such a good painting. When she comes to Peking University, her strength will not be underestimated."

The Principal asked, "Who is that student?"

As he spoke, he picked up a piece of braised pork and put it into his mouth

Professor Chen's voice came from the phone, "Qin Sheng."

"Cough, cough."

When the Principal swallowed the braised pork, he heard Professor Chen's words and could not stop choking.

"Principal Li, what do you think? Such a good seedling can't bury her talent," Professor Chen continued. He naturally knew that Qin Sheng was this year's top scorer in the college entrance examination. He also knew that Principal Li would not easily let Qin Sheng enter Peking University.

However, he had finally passed Qin Sheng's test with great difficulty. He did not want to give up just like that.

Hearing this, the Principal's face turned cold. He gritted his teeth and said, "I don't agree."

It was not easy for him to abduct Qin Sheng to Imperial Capital University. He had even made a lot of concessions for this. He would never allow Qin Sheng to go to Peking University midway.

"But Principal Li, Qin Sheng's talent in painting is really good. You are also a person who loves talent. You wouldn't want to see her talent buried just like that, right?" Professor Chen was still struggling.

The Principal sneered, "You also know that she is the top scorer in the college entrance examination with full marks. Her other subjects are not bad either. You should just give up on this idea."

Professor Chen was still struggling. "President Li, Student Qin Sheng will continue to study at Imperial Capital University. At the same time, she can also go to Peking University to major in painting. What do you think?"

1

"Forget it."

The Principal dropped these two words and directly hung up the phone.

Did he really think he was stupid?

If Qin Sheng went to Peking University to study painting, wouldn't that cut off Qin Sheng's study time at Imperial Capital University?

—

H City.

Lin Shuya was shopping with a group of rich ladies.

A woman dressed elegantly took down a piece of clothing. Seeing that Lin Shuya was just casually looking at it and had no intention of buying it, she smiled and walked up. "Mrs. Qin, aren't you going to buy it?"

Lin Shuya was very poor. Qin Hai only gave her 200,000 yuan a month. She didn't have enough money to spend, let alone buy clothes.

The cheapest piece of clothing here was at least 30,000 yuan.

### **Chapter 835: Qin Hai's Betrayal**

Lin Shuya could afford 30,000 yuan, but she was more proud of herself. She wouldn't buy clothes that cost tens of thousands of yuan in front of so many rich wives.

Therefore, Lin Shuya shook her head. "No, I have enough clothes at home. I don't need to buy them yet."

The woman frowned and said suspiciously, "Mrs. Qin, how can a woman complain about having too many clothes? Besides, I rarely see you buying clothes these few months. Didn't you pick out several sets of clothes every time you came to the shop?"

Lin Shuya's lips curled into a smile. Her mind was racing as she was looking for an excuse.

Of course, Lin Shuya wouldn't tell them that she didn't buy clothes because she was short of money.

The woman quickly guessed, "Mrs. Qin, it can't be that your husband didn't give you any money, right?"

Lin Shuya hurriedly denied, "No, he did."

The woman didn't believe Lin Shuya's words at all. "Mrs. Qin, Qin Hai gave you a lot of money in the past month, but now he's not giving you any money. Do you know the reason?"

Before Lin Shuya could reply... The woman said again, "A man's lower body is the most difficult to control. He is easily influenced by the seductive women outside. Naturally, he will not give you much money since he is tired of you. Mrs. Qin, I think you should think about whether Qin Hai has been close to any woman recently."

Lin Shuya denied subconsciously, "Brother Hai will not betray me. The main reason he won't give me money is that the company has encountered a crisis recently and is short of funds."

“But why did I hear that Qin Real Estate has almost recovered and does not look like it is still in a crisis?” The woman said suspiciously, “Besides, no matter how Qin Real Estate is, it is still a big company. It can at least take out 1 million a month.”

Hearing this, Lin Shuya frowned and could not help but become suspicious.

Previously, she also thought that Qin Hai only gave her 200,000 because he did not have enough funds.

But now...

Lin Shuya’s brows tightly knitted together. Thinking of how Qin Hai often did not come home at night, she could not help but sink her face and clenched her fists by her side.

The woman finally said: “Mrs. Qin, I am just reminding you that Qin Hai may be very suspicious. Be careful, or one day you will be chased out of the Qin family, and you won’t even know.”

Lin Shuya was suspicious. Soon, she adjusted her emotions. “I believe in Brother Hai.”

The woman looked at Lin Shuya meaningfully and didn’t say anything else.

She put the clothes in the hands of the attendant standing at the side. “Wrap this up. I’ll pick out a few more pieces.”

They walked around for another half an hour.

Lin Shuya had been absent-minded the whole time.

When they went back, Lin Shuya did not get into their car. “I have something to do at another place. You guys can go back first.”

“Be careful,” one of the noblewomen reminded her before closing the car door.

In the car, the noblewoman who was persuading Lin Shuya earlier spoke first. “Do you guys think Qin Hai will cheat?”

Another noblewoman added, “I think it’s most likely because there are so many beautiful young women outside. How could he not cheat on her? Only Lin Shuya believes in Qin Hai.”

“I think the secretary beside Qin Hai, Li Yan, is pretty good. I think she might be having an affair with Qin Hai.”

“Now that you put it that way, I think it’s more like this. Lin Shuya can’t give birth to a son. It’s most likely that Li Yan has a son with Qin Hai.”

“...”

The discussion was very intense. They were all suspecting that Qin Hai was having an affair.

### **Chapter 836: Lin Shuya Discovered**

On the other side, Lin Shuya got into a taxi and arrived at Qin Corporation’s real estate.

She went straight to the chairman's office. The receptionist happened to be playing with her phone at this time and did not notice that Lin Shuya had come over. Otherwise, she would have immediately notified Qin Hai.

In the chairman's office.

Li Yan knocked on the door and entered. She pushed a document in front of Qin Hai. "Chairman, this is the financial report for this month. Take a look."

This afternoon, Li Yan was wearing a black business suit. Her skirt was very tight, just reaching her legs. The black business suit displayed Li Yan's beautiful figure very well. Li Yan also put on very s\*xy makeup today.

Seeing this, Qin Hai's eyes darkened.

He suppressed his romantic thoughts and finished reading the financial report. "There's no problem."

"Okay."

Li Yan took the documents. Qin Hai suddenly grabbed Li Yan's wrist. "Yan'er, wait."

Li Yan understood what Qin Hai meant. She smiled and sat down on Qin Hai's lap. She hugged Qin Hai's neck with both hands.

The two of them started kissing.

The office door was not closed tightly. Lin Shuya pushed open the office door and happened to see the two of them kissing.

The office was very quiet, and the ambiguous sound clearly entered Lin Shuya's ears.

She was stunned on the spot as if she had been struck by lightning.

She looked at this scene in disbelief.

It deeply stung her eyes.

With a 'pa' sound, the bag in her hand fell to the ground and hit the floor, making a very clear sound.

It also woke up the two of them who were inseparable from the kiss.

Li Yan hurriedly stood up and tidied up her messy clothes.

Qin Hai was also in a panic.

He didn't expect Lin Shuya to come to the company so suddenly.

After all, the number of times Lin Shuya came to the company in a year could be counted with two hands.

At this moment, Lin Shuya also reacted. Her anger had eroded her rationality.

She rushed up, pulled Li Yan, and then slapped Li Yan's face hard. Li Yan's right face began to swell at a visible speed.

Lin Shuya went crazy and slapped Li Yan's face again.

Her hair was messy, and her eyes were scarlet, "How dare you seduce my husband? I'll beat you to death, you little b\*tch! I said that you were having an affair with Qin Hai! Finally, I caught you. You guys usually hide it really well."

Lin Shuya did her best to hit Li Yan's body.

Li Yan didn't fight back. She just hid everywhere.

Qin Hai also reacted at this time. The panic in his eyes disappeared. Wasn't it normal for a successful man to mess with a few women outside?

It wasn't Lin Shuya's place to point fingers at him.

Lin Shuya had always been pampered at home. She never helped him share the pressure. She couldn't even give birth to a son. Every month, he would give Lin Shuya a lot of money. He thought that he was already good enough to Lin Shuya.

Lin Shuya didn't have the right to care about whether he had a woman or not.

1

Thinking of this, Qin Hai felt at ease that he had cheated on her.

He strode forward, pulled Li Yan over, and protected her behind him.

Lin Shuya turned to hit Qin Hai's body, tears streaming down her face. "Qin Hai, when I left the Lin family, I took the Lin family's money to open a company for you when the Lin family was in its most difficult time. Because of you, I broke off my relationship with the Lin family. Even now, I don't dare to go back to them. Do you think you can treat me like this? Ah!"

### **Chapter 837: Their Divorce**

Lin Shuya's voice was questioning.

She was somewhat regretful. Why did she marry Qin Hai at all costs back then?

Otherwise, she would still be the eldest daughter of the Lin family. The Lin Corporation was the tenth-ranked company in China. Wherever she went, those people would treat her respectfully.

Why would she need to suffer such grievance?

Qin Hai looked coldly at Lin Shuya who was tearing him apart in front of him. At this moment, Lin Shuya was like a shrew. Qin Hai's eyes were filled with disgust.

Hearing Lin Shuya's words, he was even more furious.

What he hated the most was people mentioning in front of him that he used the Lin family's money to open a company. This reminded him of his cowardly self at that time and how he was treated coldly by the Lin family.

Lin Shuya was still crying her eyes out. "Qin Hai, how can you let me down? I gave up so much for you, and now you're actually hanging out with another woman!"

She pointed at Li Yan who was hiding behind Qin Hai. "Qin Hai, no wonder you don't go home often at night, and you rarely touch me. It turns out that you're mesmerized by this vixen! This vixen's methods are really good! She can actually keep you mesmerized."

"Qin Hai, Li Yan, how long have you two been hanging out together?"

Qin Hai was impatient. He directly grabbed Lin Shuya's wrist and threw her to the ground.

Lin Shuya sat on the ground and raised her head. She could not believe that Qin Hai would do such a thing to her.

Qin Hai often scolded her, but in the ten to twenty years since they got married, he had not hit her more than three times.

She did not expect Qin Hai to hit her for the sake of Li Yan, this little b\*tch.

Qin Hai stood before Lin Shuya and looked down at her. "Lin Shuya, if it weren't for the fact that you broke off your relationship with the Lin family for me and brought the start-up capital to the Qin Real Estate, I would have divorced you long ago."

Lin Shuya's hands that were propped up on the floor clenched into fists.

She gritted her teeth and questioned, "Qin Hai, when you were with me, did you take a fancy to the Lin family's money? It wasn't because of our relationship?"

Qin Hai did not hide anything. "Yes."

Lin Shuya's heart sank and she asked again, "Did you ever like me?"

Qin Hai sneered, "No, with your arrogant and despotic appearance back then, you don't have any ability at all. I would like you? Ha, that's impossible. If it weren't for the fact that you are the eldest daughter of the Lin Corporation, I wouldn't have bothered with you at all."

1

Lin Shuya's heart turned completely cold.

An overwhelming wave of regret swept over her.

In the past, Old Master Lin's words were in her ears. He had mentioned countless times that Qin Hai was approaching her for his own benefit, but she stubbornly insisted that Old Master Lin didn't understand her and purely wanted to separate her and Qin Hai.

At that time, she thought that Old Master Lin didn't care about Qin Hai's family background, so he said that.

Unexpectedly, it was true.

The tears in Lin Shuya's eyes dropped even more. She lay on the ground and cried her heart out.

Qin Hai lowered his head and looked at Lin Shuya's appearance. His eyes were not moved at all.

Qin Hai said, "Lin Shuya, if you don't expose the matter between me and Yan'er, we can live in peace. You can also continue to be the rich wife in the Qin family."

Lin Shuya was not stupid. She raised her head and her voice was trembling. "Qin Hai, what do you mean?"

"Let's get a divorce," Qin Hai said directly. "Go get a divorce certificate the day after tomorrow. As for the property, I will give you 7 million. You can save this 7 million. It's enough for you to spend your whole life."

### **Chapter 838: Her Life Could Be Very Good**

Lin Shuya felt as if she had been struck by lightning. She stood rooted to the ground, unable to believe her eyes. "Qin Hai, you actually want to divorce me! I've helped you so much, and you actually want to divorce me! If it weren't for me, you would still be a poor boy even now."

Qin Hai said with great disgust, "Lin Shuya, I don't want to talk nonsense with you anymore. The day after tomorrow, you must appear at the Civil Affairs Bureau. Otherwise, you will bear the consequences."

After saying these words, Qin Hai did not want to see Lin Shuya anymore, so he directly left the office.

Soon, only Lin Shuya and Li Yan were left in the office.

Li Yan crossed her arms across her chest. The softness on her face when Qin Hai was here just now had disappeared.

There was a smug smile on the corner of her lips.

Lin Shuya was so angry that her whole body was trembling. She gritted her teeth and said, "Li Yan, you vixen, you will die a horrible death!"

Li Yan smiled and slowly squatted down in front of Lin Shuya. "You are the one who will have a bad ending now, not me. Lin Shuya, Qin Hai is going to divorce you, and I will soon become Mrs. Qin."

Li Yan's words were very harsh to Lin Shuya's ears.

Lin Shuya's eyes were bloodshot. "Li Yan, you are only able to charm Qin Hai because of your good looks. When you are older, Qin Hai will definitely abandon you."

"I won't trouble you to worry about that. Qin Hai won't abandon me because I already have one..."

At this point, Li Yan's voice paused.

Lin Shuya had a very bad premonition.

Li Yan curled her lips. "Son."

Boom!

Lin Shuya was completely stunned. When she reacted, she said in disbelief, "Son? That's impossible. How did you have a son?"

Li Yan stood up straight. "Just because you can't give birth doesn't mean that others can't either. So, Lin Shuya, you don't have to worry about whether I can continue to stay by Qin Hai's side in the future."

"Ah, Li Yan!"

Lin Shuya got up from the ground, raised her hand, and was about to slap Li Yan's face.

She had never thought that Qin Hai would give birth to a son with another woman.

The Qin family's assets should belong to her and Qin Churou. However, Li Yan's words had completely shattered the fantasy in Lin Shuya's heart.

"Li Yan, I'm going to kill you!"

However, before Lin Shuya's slap landed, Li Yan grabbed her wrist.

Li Yan sneered, "Lin Shuya, you dare to hit me? Don't think that you can hit me as you please. Previously, it was only because of Qin Hai that I didn't retaliate. Now, I'm going to return these two slaps to you."

As she spoke, Li Yan also raised her hand and slapped Lin Shuya on both sides.

Her strength was not light, and both sides of Lin Shuya's face turned red at a speed visible to the naked eye.

Lin Shuya covered her face. "Li Yan, you b\*tch, you actually dare to hit me!"

"So what if I hit you," Li Yan said with a sneer.

At this moment, Lin Shuya was in a sorry state. Her clothes were in a mess, and most of her hair was stuck to her face. Even people who knew her outside would find it difficult to recognize her as Lin Shuya.

When Li Yan saw her, she said meaningfully, "Lin Shuya, in fact, you can live a good life. Unfortunately, you spoiled your adopted daughter and abandoned your own daughter."

Li Yan had been following beside Qin Hai.

Qin Sheng had learned a lot about Qin Real Estate.

She also had some understanding of Qin Sheng's abilities. Qin Sheng was very strong. Not to mention, her own abilities were not bad. The man behind her seemed to be an existence that no one dared to provoke.

### **Chapter 839: They Had a Son**

If Lin Shuya had treated Qin Sheng better, she would definitely have a good life in the future.

Unfortunately, Lin Shuya and Qin Hai were both very stupid.

Before knowing Qin Sheng's capabilities, Li Yan had thought of marrying Qin Hai. After all, only by marrying him would her life be more stable and she would not have to worry about being abandoned by Qin Hai at any time.

However, at this moment, even if Qin Hai wanted to marry her, she would not marry him.

Upon hearing this, Lin Shuya was stunned. "Li Yan, what do you mean?"

Li Yan did not hide anything. "Qin Sheng's capabilities are not small. It's very stupid of you to chase her away. If you had treated her well, you would not have ended up like this."

"Heh, what capabilities does she have? She's from the countryside, yet I'm still counting on her to give me a good life? What a joke." Lin Shuya's tone was full of ridicule.

In Lin Shuya's heart, Qin Churou was the one who could give her a good life.

Li Yan said very mockingly, "If she doesn't have the ability, can she become the top scorer in the college entrance examination with full marks?"

Lin Shuya was still unwilling to admit that she had made a mistake. She gritted her teeth and argued, "Qin Sheng is just a nerd. Just because she studies well doesn't mean that she can earn money."

Seeing how stubborn Lin Shuya was, Li Yan didn't insist on talking to Lin Shuya anymore.

After all, Lin Shuya's future life didn't have much to do with her.

There was no need for her to rush to persuade her.

Li Yan only said one sentence, "Lin Shuya, I hope you won't regret it in the future."

After saying that, she left the office.

Lin Shuya sat on the ground for a long time. She didn't move and was crying bitterly. Tears filled her face. It was unknown whether it was pain or regret.

After a long time, she finally dialed Qin Churou's number with trembling hands.

Qin Churou was about to start a scene with her classmates. When she saw that Lin Shuya had called her, a hint of impatience flashed across Qin Churou's eyes. She immediately muted her phone.

It was only at five in the afternoon that Qin Churou called Lin Shuya back.

Lin Shuya's voice was still choked with sobs. "Rou'er."

At that moment, Lin Shuya treated Qin Churou as her support.

Qin Churou frowned and asked, "Mom, what's wrong?"

Lin Shuya wiped away her tears. She had been crying for two hours, and her eyes were red. "Your dad wants to divorce me. He wants me to go to the Civil Affairs Bureau the day after tomorrow."

Qin Churou frowned. Her first reaction was that Lin Shuya had provoked Qin Hai again.

Qin Churou despised Lin Shuya in her heart, but she still showed a worried look on her face. "Mom, tell me slowly what happened between you and Dad."

Lin Shuya told her everything. "He had an affair with his secretary, Li Yan. I found out and he asked for a divorce. Rou'er, what should I do? I don't want a divorce."

It had been so many years, and Lin Shuya was not still in love with Qin Hai.

She was just worried that she would have nowhere to go after the divorce.

Qin Churou was stunned when she heard Lin Shuya's words. She did not expect Qin Hai to have an affair.

"Li Yan?"

Lin Shuya nodded and gritted her teeth. She said hatefully, "Yes, it's her. She has been your father's secretary for many years. In fact, I suspected Li Yan a long time ago, but your father protected her. In addition, every time I went there, I did not see any ambiguous actions from them. I was relieved. I didn't expect them to really get together. They really hid it well."

Qin Churou also didn't want Lin Shuya and Qin Hai to divorce. After all, when she was in the Qin family, Lin Shuya would always protect her no matter what happened to her.

#### **Chapter 840: Xiao Xiang Property**

If she got divorced, she could only choose Lin Shuya or Qin Hai.

Of course, Qin Churou would follow Qin Hai. After all, Qin Hai owned a Qin Real Estate. If she followed Lin Shuya, she would lose her status as a rich daughter.

"Mom, I will persuade Dad," Qin Churou comforted her.

Lin Shuya's eyes were red. "Rou'er, Li Yan and Qin Hai have a son."

Qin Churou was stunned when she was caught off guard. It was as if she had been struck by lightning.

Son? How could they have a son?

If he had a son, wouldn't he fight with her for the Qin family's property?

Qin Churou's face turned pale. She had chased Qin Sheng away, but she did not expect another son to appear.

Old Madam Qin valued sons over daughters, and so did Qin Hai.

Qin Hai would definitely leave all of his property to his son.

Qin Churou could no longer remain calm. She looked at the time and realized that there was still time.

She said anxiously, "Mom, you stay at home. I'll book a plane ticket back now."

"Okay." Lin Shuya took a tissue to wipe away the tears on her face. She felt very gratified. She did not dote on Qin Churou for nothing. At this time, she would still rush back to comfort her.

That night, Old Madam Qin called Qin Hai. “Ah Hai, Mom has found a girl for you. When are you coming over to meet her?”

Qin Hai was about to tell Old Madam Qin that he was going to divorce Lin Shuya.

However, before he could say it out loud... He heard Old Madam Qin advise him, “Ah Hai, it’s not that I want to say it, but Lin Shuya is too outrageous. She only knows how to shop and play mahjong every day. She won’t help you with any of your work. She’s also only giving you trouble. She can’t even give birth to a son. Ah Hai, it’s better for you to divorce Lin Shuya as soon as possible.”

Old Madam Qin’s tone was full of persuasion. Almost every time she talked to Qin Hai on the phone, she would talk about this matter.

However, Qin Hai was always very impatient.

At this moment, she was afraid that Qin Hai would not agree. She continued to persuade him, “Ah Hai, I know that you feel guilty about Lin Shuya leaving the Lin family, but you’ve been good to her all these years. You’ve never let her go out to work, and you’ve even given her over 1 million dollars a month to spend. She’s been an expensive wife for so many years. You’ve already done your best to treat her. Don’t feel too guilty.”

Qin Hai suddenly said, “Mom, I’ll divorce her the day after tomorrow.”

Old Madam Qin was stunned and didn’t react.

Divorce? Divorce?

Did she hear it wrong?

Old Madam Qin asked uncertainly, “Ah Hai, do you really intend to divorce her?”

Qin Hai nodded. “Yes.”

Old Madam Qin was happy. She walked back and forth in the living room. “Ah Hai, you finally listened to Mom. That’s great. You can go meet the girl I arranged.”

“Mom, I already have a girlfriend,” Qin Hai answered. Finally, he added, “We already have a two-year-old son.”

Old Madam Qin thought she heard wrong again.

Qin Hai had a son?

Two years old?

Old Madam Qin was very confused. Wasn’t Qin Hai very loyal to Lin Shuya? She had tried to persuade Qin Hai to divorce Lin Shuya many times, but Qin Hai never agreed.

Now, a two-year-old son had appeared.

Old Madam Qin asked in surprise, “Ah Hai, you didn’t lie to me?”

“No, Mom. I’ll take you to see him another day.”

“Okay!” Old Madam Qin slapped her thigh. “You finally have a son. Ah Hai, I’ll go to your house tomorrow.”

Qin Hai frowned and thought for a while.

Coincidentally, he was worried that Lin Shuya would not want a divorce. With Old Madam Qin treating her, she would probably agree.
