Chapter 841: Could Not Give Birth To a Son

Qin Hai agreed. "Mom, I'll get the driver to pick you up tomorrow."

Old Madam Qin could not wait to appear at the Qin Residence immediately. If the driver went to pick her up, it would probably waste some more time.

She refused. "I'll go there myself. There's no need to pick me up. You can go back to your work."

At nine in the morning the next day, Old Madam Qin appeared at the Qin Residence.

Last night, Qin Hai didn't come back.

Qin Churou came back at around twelve in the morning.

She had been comforting Lin Shuya.

She only started to rest at three in the morning.

At this time, Qin Churou and Lin Shuya didn't get up.

The villa was very quiet. Only two maids were busy in the kitchen.

Old Madam Qin came in and called Lin Shuya's name.

One of the servants answered respectfully, "Old Madam, Madam is still taking a nap. So is Miss Churou."

Old Madam Qin frowned. Qin Churou had also returned.

It seemed that Qin Churou rushed back in such a hurry because she wanted to stop Qin Hai and Lin Shuya from divorcing.

Old Madam Qin sneered.

Qin Churou alone couldn't stir up any waves. She had waited with great difficulty for Qin Hai and Lin Shuya to divorce. She wouldn't let Qin Churou's plan succeed.

"What time is it? Hurry up and wake them up," Old Madam Qin ordered loudly.

The servants came upstairs and knocked on the door of Qin Churou and Lin Shuya's room one by one.

When they heard the servants say that Old Madam Qin had come, they were still sleepy. They were instinctively afraid of Old Madam Qin and completely woke up.

They quickly tidied up and went downstairs.

Old Madam Qin had a big appetite. She had already eaten most of the breakfast that the servant had prepared.

"Mom."

“Grandma.”

Qin Churou and Lin Shuya called out.

Old Madam Qin put down her bowl and chopsticks. She glanced at them and snorted, “Don’t call me Mom and Grandma, Lin Shuya. You’re going to divorce Ah Hai anyway.”

Lin Shuya gritted her teeth. Her eyes were full of resentment toward Old Madam Qin.

Old Madam Qin had taken a lot of credit for her divorce with Qin Hai.

If Old Madam Qin hadn’t said all kinds of bad things about her in front of Qin Hai every day and often asked Qin Hai to divorce her, Qin Hai wouldn’t have divorced her just like that.

Old Madam Qin was in a good mood. She smiled and said, “Lin Shuya, don’t have any opinions. Ah Hai divorced you because you couldn’t be a good wife. Not only that, you couldn’t even give birth to a son.”

When she heard the word ‘son’, Lin Shuya subconsciously clenched her fists.

Her heart was heaving up and down. It was obvious that she was angry.

Old Madam Qin continued, “To be honest, when you and Ah Hai were married for more than ten years, you couldn’t give birth to a son. Ah Hai even treated you so well. Don’t be unsatisfied. Since you’re going to get a divorce, get it over with. Don’t hang on to Ah Hai.”

Lin Shuya raised her voice. “I’m not getting a divorce.”

Old Madam Qin’s face darkened. “Lin Shuya, you can’t give birth to a son and still continue to dominate Ah Hai? Do you still have the face?”

Lin Shuya glanced at her.

Old Madam Qin pointed at Qin Churou. “Even your daughter isn’t biological. Lin Shuya, let me tell you, don’t even think about letting an outsider take over the Qin family’s property! I won’t even give the Qin family’s money to Qin Sheng let alone to this adopted daughter!”

When Qin Sheng was mentioned, Old Madam Qin was furious.

She didn’t expect that Qin Hai and Lin Shuya would sell their biological daughter for profit.

Because of this, Old Madam Qin’s impression of Lin Shuya was even worse.

Chapter 842: Chased Her Out

Old Madam Qin snorted coldly. “Qin Churou is an outsider, yet she dares to dream about the Qin family’s property. In your dreams! In the future, the Qin family’s property will only be left to Ah Hai’s son.”

When Old Madam Qin scolded Qin Churou, Lin Shuya was on the verge of losing control. Now, when Old Madam Qin mentioned the son...

She couldn't control herself anymore and fiercely pushed Old Madam Qin away. It was thanks to Old Madam Qin's healthy body that she didn't fall down.

Old Madam Qin didn't expect Lin Shuya to push her away. She glared at her fiercely. "Lin Shuya, you're rebelling, aren't you? How dare you push me!"

Lin Shuya straightened her back. "You old hag, I didn't fight back because of Qin Hai. Since I'm going to divorce your son, I don't have to give in to you anymore."

Qin Churou tugged at the corner of Lin Shuya's clothes and said in a low voice, "Mom, if you and Dad don't divorce, Grandma would have made things more difficult for us."

Lin Shuya said disdainfully, "Even if we didn't divorce, I wouldn't try to please her anymore. I've had enough of it all these years."

Qin Churou moved her lips, but she didn't say anything in the end.

Old Madam Qin often made it difficult for her.

If Lin Shuya could stand up for her, it would naturally be good.

Lin Shuya comforted her, "Rou'er, don't be afraid of her. Mom will protect you in the future."

"Okay." Qin Churou nodded obediently. "Mom, you will definitely protect me."

Lin Shuya smiled in relief.

Her eyes were even more determined.

She had to protect Qin Churou well. Previously, in her world, it was Qin Churou and Qin Hai, but now, Qin Hai was no longer reliable. Lin Shuya could only place all her hopes on Qin Churou.

Qin Churou had the ability.

In the future, if she wanted to live a good life, she would have to rely on Qin Churou.

Seeing this, Old Madam Qin's chest heaved up and down vigorously. She was angry, "Good, all of you have rebelled against the heavens, right? But that's good too. Soon, all of you will be chased out of the Qin family. Lin Shuya, after the divorce, don't even think about taking away anything from the Qin family."

Lin Shuya sneered. "After I divorce Qin Hai, at least half of the assets will be mine."

Old Madam Qin's hand, which was pointing at Lin Shuya, trembled. "Lin Shuya, you're dreaming about assets. No, you have to get a divorce tomorrow."

Lin Shuya said disdainfully, "So be it."

Then, she turned to look at the maid. "Kick her out."

Old Madam Qin couldn't believe it. "Lin Shuya, this is my son's home. You're about to get a divorce, but you want to kick me out!"

Lin Shuya appeared calm on the surface, but her long-standing fear of Old Madam Qin did not disappear. She managed to calm herself down and was worried that she would not be able to hold on any longer. She directly ordered the servants, "Chase her out immediately."

The two servants looked at each other. In the end, they decided to listen to Lin Shuya.

They walked up and grabbed Old Madam Qin's arms from both sides.

"Old Madam Qin, please."

Old Madam Qin was struggling, "This is my son's home. Lin Shuya is going to divorce Qin Hai soon. She will be an outsider tomorrow. Don't listen to her. Otherwise, once Ah Hai and Lin Shuya divorce, I will ask Ah Hai to fire you immediately."

The servants hesitated.

Lin Shuya sneered, "Old woman, don't struggle. Even if they are fired, I will make it up to them. Today, you will be kicked out of the Qin family."

With that, she raised her hand and pointed at the door. "Send her out."

Chapter 843: Should Be Tied Together

The servants who were still hesitating were relieved after hearing Lin Shuya's words. They nodded and said, "Okay, Madam, we'll do it right away."

Old Madam Qin was struggling. The two servants sent her out without caring about anything else.

When they arrived outside the villa, Old Madam Qin scolded them a few times.

She couldn't swallow her anger and called Qin Hai again.

The moment Qin Hai picked up, Old Madam Qin scolded Lin Shuya.

In the end, Old Madam Qin's anger still hadn't subsided. She warned, "Ah Hai, your wife is too evil. No matter what, you have to divorce her tomorrow. You haven't even gotten a divorce yet, and she's already kicking me out of the Qin family. There's simply no justice."

Qin Hai frowned. He said, "Mom, I'll definitely take care of this matter."

"Okay." Old Madam Qin was very gratified. "No matter what, you're finally going to divorce Lin Shuya."

Qin Hai said, "Mom, where are you now? I'll send you back."

Old Madam Qin waved her hand. "No need. I'll go back myself. The most important thing for you now is to prepare for the divorce. Oh right, we can't give Lin Shuya anything that belongs to the Qin family."

Qin Hai promised, "Mom, don't worry. I won't give her anything more."

Yesterday, Qin Hai had started to look for a lawyer to discuss how to divorce Lin Shuya without giving her half of the family's assets. Now, he had come up with a countermeasure.

Even if Lin Shuya didn't want to divorce, she had to.

When Old Madam Qin heard Qin Hai's words, she was relieved. She hung up the phone.

In the end, she glared fiercely at the villa. "I'll let you be arrogant for one more day today. Let's see if you can still laugh tomorrow."

In the villa.

As soon as Old Madam Qin left, Lin Shuya heaved a sigh of relief. She sat on the sofa, her face still slightly pale.

The way she had contradicted Old Madam Qin just now was only because she was blinded by anger.

If Old Madam Qin was still standing there, she wouldn't have dared to do such a thing to Old Madam Qin.

Qin Churou sat at the side and comforted her, "Mom, are you really planning to divorce Dad after treating Grandma like this?"

Lin Shuya grabbed Qin Churou's hand. "Rou'er, Mom doesn't want a divorce."

According to Qin Hai's personality, Qin Hai would definitely not give her too much of the family assets after the divorce. She didn't have the ability to work, so her life would definitely be very difficult.

Although Qin Hai promised to give her 7 million yuan, with Lin Shuya's speed of spending money, she wouldn't be able to last for long.

Therefore, Lin Shuya didn't want to divorce Qin Hai.

Qin Churou frowned and comforted her, "Mom, everything will be fine. I will try to persuade Dad."

Even though she said that, Qin Churou wasn't sure if she could persuade Qin Hai.

"Okay." Lin Shuya's tears fell again. "Rou'er, Mom has you to thank for this."

—

Imperial City.

Qin Sheng arranged for people to keep an eye on Qin Hai and his family.

Qin Sheng also knew that Qin Hai and Lin Shuya were going to get a divorce. Her fingertips tapped lightly on the table.

The corners of her lips slowly lifted into a smile.

Qin Hai and Lin Shuya should be tied together. They couldn't get a divorce.

1

Qin Sheng picked up her phone. "Uncle Fang, help me do something."

That day, Fang You found Li Yan.

The two of them sat in the café. Qin Real Estate and Fang Real Estate were sworn enemies. Li Yan was Qin Hai's secretary, so she naturally recognized Fang You.

Li Yan frowned. "Chairman Fang, why are you looking for me?"

Fang You said straightforwardly, "Qin Hai and Lin Shuya are getting a divorce. Are you going to marry Qin Hai?"

Li Yan instantly became vigilant. "What's your purpose?"

Fang You smiled. "I came here today because I want you to take your son abroad and leave Qin Hai."

Chapter 844: Take His Son and Leave

Li Yan's mind moved slightly.

She sat up straight. "You must be joking. How could I leave him?"

Fang You drank a mouthful of coffee. He said casually: "You also know that sooner or later, Qin Real Estate will go bankrupt. Leaving him is the best choice for you. Qin Hai is more than ten years older than you. I think you don't want to spend your life with this kind of man."

Li Yan narrowed her eyes and asked: "Why do you care about my matters? These family matters have nothing to do with you, right?"

Fang You did not hide anything, "Because Qin Sheng is the boss of Shenghua Real Estate."

Li Yan could not believe it, "Qin Sheng is your boss!"

Li Yan only thought that Qin Sheng's boyfriend, Fu Hanchuan, was the boss of Shenghua Real Estate. She did not expect that the person behind the scenes of Shenghua Real Estate was Qin Sheng herself.

"Yes." Fang You nodded, "Therefore, if you marry Qin Hai, you will end up with nothing. Perhaps you will even take on some debts."

Li Yan squeezed her hands. She was hesitating.

Indeed, she would leave Qin Hai. However, her plan was still a little late.

She had not transferred much of the Qin Real Estate's funds.

Seeing Li Yan's hesitation, Fang You took out a bank card and pushed it in front of Li Yan. "There's 7 million in here. Once you leave Qin Hai, all the money will belong to you. Also, we will help you go abroad without being discovered by Qin Hai."

Li Yan stared at the bank card in front of her. She was wavering.

If someone helped her cover, it would naturally be good. She didn't have to worry about being found by Qin Hai.

Fang You wasn't in a hurry. He picked up a cup of coffee and drank it slowly.

He was waiting for Li Yan to agree.

Time passed quickly. Soon, five minutes had passed.

Fang You put down the coffee cup and raised his eyebrows. "Secretary Li, have you thought about it?"

Li Yan clenched her fists. Finally, she nodded. "Okay, I agree."

That day, Li Yan returned to the apartment and began to pack her things

Qin Hai called her.

"Brother Hai." There was nothing unusual in Li Yan's voice.

Qin Hai's voice carried a hint of drunkenness. It was obvious that he had drunk quite a lot. "Yan'er, I'm going to divorce Lin Shuya soon. From now on, the three of us will live together as a family."

Li Yan patiently comforted him, "Brother Hai, you're drunk. Hurry up and go back."

"I'm at our door now. Hurry up and come out."

Li Yan walked out and opened the apartment door. A strong smell of alcohol assaulted her nose.

She frowned in disgust.

After helping Qin Hai into the bedroom, Qin Hai couldn't wait to kiss Li Yan.

Li Yan dodged and then casually threw him onto the bed. Qin Hai immediately fell asleep.

She continued to pack her things. By 3 o'clock in the afternoon, Li Yan had arrived at the airport.

Fang You was already waiting for her.

Li Yan asked worriedly, "Will Qin Hai really not find out?"

Qin Real Estate was considered a relatively good company in H City. it would not be difficult for him to find out who had escaped from H City.

Fang You said with certainty, "Don't worry, Qin Hai doesn't have this kind of ability."

Li Yan was relieved and carried her child onto the plane.

In the apartment, Qin Hai slept until 9 o'clock at night.

He didn't see Li Yan. Qin Hai frowned. He searched the apartment but didn't see Li Yan or their son.

He made a phone call and was informed that her phone was off.

Qin Hai suddenly had a bad premonition.

Could it be that Li Yan left with his son?

1

Chapter 845: Vomiting Blood and Fainting

Qin Hai clenched his fists. This thought was thrown away by him.

Li Yan had been by his side for many years. He understood her. She was not such a person.

Qin Hai thought that Li Yan liked him very much. Naturally, she would not leave him.

Qin Hai sat on the bed, his mind in a mess.

Suddenly, he glanced at a piece of paper on the table.

When Qin Hai saw the contents, he clenched his fists and pulled the paper into a circle.

His eyes were red.

Li Yan actually dared to!

He never thought that Li Yan would leave with his son!

On the paper, Li Yan bluntly said that she got close to Qin Hai for money. Now that Qin Real Estate was defeated and Qin Hai was older than her by more than ten years, she would not marry him.

As for her son, she took him with her.

Qin Hai took out his phone and ordered, "Find Li Yan's tracks immediately. Even if you have to search H City, you have to find her."

"Yes," the subordinate replied.

As he thought of something, Qin Hai immediately ordered, "See how much money is left in the company's account. Can you reconcile it?"

Because Qin Hai trusted Li Yan, he basically handed over the company's finances to Li Yan. He would never ask about it.

He was worried that Li Yan would transfer the money away.

His subordinate quickly came back to report, "Sorry, 30 million is missing. There's only 50 million left in the company's accounts."

"It's alright."

Qin Hai fell onto the bed.

Obviously, this 30 million had fallen into Li Yan's hands. The rest of the company did not have this kind of ability.

Qin Hai's lips gradually turned red.

Not only did Li Yan take away his son, but she also took away the company's funds.

Qin Hai always felt that Li Yan had left him with a deliberate plan. It was just that he and Lin Shuya wanted a divorce, and Li Yan was worried that he would propose marriage. The two of them would be tied together, so she left.

Qin Hai's mind was blank.

Suddenly, a fishy sweetness welled up in his mouth and he fell to the ground.

Before he fainted, he called the ambulance.

That night, the doctor informed Lin Shuya to go to the hospital to take care of Qin Hai.

Lin Shuya saw Qin Hai lying weakly on the hospital bed and sneered, "Why didn't he let that vixen Li Yan take care of him?"

Qin Churou frowned and said, "Mom, the doctor said that Dad vomited blood and fainted because of anger. Did something happen?"

"Ha, he collapsed in Li Yan's house. Could it be that Li Yan abandoned him and ran away with her son?"

Lin Shuya's words, which had not gone through her brain, stunned Qin Churou.

Her eyes lit up and she guessed, "Mom, it can't be like what you said, right? Li Yan really ran away."

Lin Shuya frowned. "Li Yan's goal is to become Qin Hai's wife so that she can replace me. Now that the opportunity has finally come, why would she give up such a good opportunity?"

Qin Real Estate was considered one of the better companies in H City.

Even she didn't want a divorce, so how could Li Yan be willing to let go?

When Qin Churou heard what Lin Shuya said, her eyes darkened.

She bit her lip. "If Li Yan leaves, Dad won't divorce you."

Li Yan's son, who she secretly gave birth to, was not around, so she didn't have to worry about someone snatching the family property from her.

"Rou'er, don't worry. Qin Hai wants to divorce me? No way." Lin Shuya's gaze was firm.

She had made up her mind. No matter what, she would not agree to a divorce with Qin Hai.

Qin Churou's gaze flickered.

Chapter 846: Could Not Find Li Yan

The next morning, Qin Churou brought breakfast over for Lin Shuya.

They were still eating breakfast when Qin Hai woke up.

His first sentence was, "Where's Yan'er? Where's my son?"

Lin Shuya's hand that was spooning the porridge paused, and she said in a strange tone, "Qin Hai, don't you like Li Yan the most? You want to marry her, but unfortunately, you were unconscious in her house. From yesterday until today, she hasn't appeared once. Could it be that she doesn't want to marry you, so she ran away?"

Qin Hai shook his head, unwilling to believe the fact that Li Yan had left. "How can that be? She can't take my son away. He's my flesh and blood!"

When Qin Churou heard Qin Hai's words, a wave of suspicion rose in her heart once again.

She picked up a bowl of porridge and came in front of Qin Hai, wanting to pass it to him. "Dad, you must be hungry. I asked the auntie at home to make this for you. This is your favorite seafood porridge."

Qin Hai waved it away impatiently and the hot porridge spilled onto the back of Qin Churou's hand.

Qin Churou frowned.

Lin Shuya immediately picked up Qin Churou's hand and looked at it. The back of Qin Churou's hand was already red.

Lin Shuya felt sorry for Qin Churou and called the doctor to treat the burn on the back of her hand.

Qin Churou did not stop her.

In the future, she would become a movie queen in the entertainment industry. She would not allow such a flaw to appear on her body.

1

While the doctor was treating her wound, Lin Shuya pointed at Qin Hai and said angrily, "Qin Hai, don't be ungrateful. Rou'er gave you porridge out of kindness, but you didn't appreciate it. You even spilled it all over Rou'er!"

Lin Shuya did not expect Qin Hai to give her a good life in the future. At this moment, she was not afraid of Qin Hai at all.

The guilt in Qin Hai's eyes disappeared in a flash.

However, his mind was in a mess now. He did not say anything else and shouted in a deep voice, "Shut up!"

"Qin Hai, you have the nerve to tell me to shut up? Do you dare to say that you did not burn Rou'er?"

Lin Shuya's voice was very loud and sharp.

Qin Hai was annoyed by the noise. Just as he was about to scold her, the doctor also frowned. "You can't make a racket in the hospital."

Only then did Lin Shuya shut her mouth and stop talking loudly.

She watched the doctor apply medicine to Qin Churou and asked with concern, "Doctor, will Rou'er have a scar?"

The doctor replied, "I don't think so. Be more careful these days. Don't let the wound touch water."

Lin Shuya was relieved.

On the other side, Qin Hai took out his phone and called his subordinate. "How is it? Have you found Li Yan?"

The subordinate answered truthfully, "Not yet. I've looked everywhere for Secretary Li, but I still can't find her. During the period of time you mentioned, there was no trace of Secretary Li on the surveillance cameras. It was as if she had disappeared into thin air."

Qin Hai gripped his phone tightly. "Then did she escape overseas by plane?"

The subordinate shook his head. "I can't find any information about Secretary Li's flight for the past two days. She shouldn't have taken a plane."

Qin Hai's face turned pale. He said in a deep voice, "Keep looking. Even if we have to search through H City, we have to find her. I definitely can't let her leave with my son."

Qin Hai's voice was very loud. Lin Shuya and Qin Churou heard Qin Hai's words clearly.

The corners of Qin Churou's lips curled up without a trace. She was also relieved in her heart.

Li Yan had left with her son back then. No one would snatch the Qin family's property from her again.

1

Qin Churou prayed in her heart that Qin Hai could not find Li Yan.

Since she was going to leave, she could not come back.

Chapter 847: Lin Shuya Falling Out

Qin Churou was still very worried.

She was afraid that even if Li Yan left now, when her son grew up, it was inevitable that he would return to the Qin family and ask Qin Hai for the Qin family's property.

According to Qin Hai's preference for sons, since she was not Qin Hai's biological daughter, Qin Hai would definitely leave all his property to his son.

Qin Churou's heart sank. She must get all the Qin family's property before he returned.

The doctor had already taken care of the wound on the back of Qin Churou's hand.

He packed up his tools and reminded Qin Churou and Qin Hai of some precautions before he left.

Lin Shuya stood up and came to Qin Hai's bed. She crossed her arms and sneered, "Qin Hai, did that little b*tch Li Yan leave with your precious son?"

Qin Hai's face darkened and he didn't say anything.

Lin Shuya said in a strange tone again, "Tsk tsk, how pitiful. Didn't you divorce me just to marry Li Yan? I didn't expect that she didn't want it. Qin Hai, you're such a failure. That woman simply took a fancy to your money. She doesn't want to marry you."

The veins on the back of Qin Hai's hands bulged.

His face was full of forbearance.

Lin Shuya didn't let Qin Hai off easily. She continued to sneer, "Qin Hai, you're already over forty years old. Don't think that your charm is that great. Now, your little lover has run away and even brought your son with him."

Lin Shuya was very happy in her heart.

She was also certain that Qin Hai wouldn't divorce her again.

Li Yan took Qin Hai's flesh and blood and ran away. Other than Qin Churou, Qin Hai had no other daughter and son.

Qin Hai could only count on Qin Churou in the future.

If they divorced, Qin Churou would definitely go with her, and Qin Hai would have no hope at all.

As long as Qin Hai was not stupid, he would know how to make a choice.

Qin Hai had been enduring patiently. Lin Shuya kept saying sarcastic words in his ear, and in the end, Qin Hai could not hold it in any longer.

He gritted his teeth and squeezed out each word, "Lin Shuya, shut up!"

Qin Churou was afraid that Lin Shuya would upset Qin Hai, so she stood up. She advised, "Dad, it's better if you don't divorce Mom. Isn't it good for the three of us to live together? Dad, I know that you were muddle-headed when you were with other women. If you can turn back in time, Mom and I won't blame you."

Qin Hai's mind was in a mess. If Li Yan left, it wouldn't be a good choice for him to divorce Lin Shuya.

If he found his son in the future, it wouldn't be too late for him to propose a divorce.

Qin Churou's words gave Qin Hai a way out.

He frowned and thought for a long time.

Then, he closed his eyes and said regretfully, "Rou'er, Shuya, I'm sorry. I did go down the wrong path for a moment. I'm sorry."

Qin Churou smiled. "Dad, it's fine. It's fine as long as you guys don't get a divorce. Our family will still be like before."

Lin Shuya sneered and said mockingly, "Who was the one who said yesterday that we have to get a divorce? Now that Li Yan has run away, he only remembered not to get a divorce. Qin Hai, how could I not know your wishful thinking?"

Lin Shuya could be considered to be throwing caution to the wind at this moment.

She did not think about fawning over Qin Hai anymore.

Qin Hai explained helplessly, "I don't have such thoughts."

"Heh, you don't?" Lin Shuya's tone was very disdainful. "Qin Hai, can I believe your words? I heard your conversation with your subordinate just now."

Chapter 848: Entry For the Competition

Qin Hai's heart was filled with anger.

But at this time, he was in the wrong, and he didn't dare to show it.

Qin Churou was worried that Lin Shuya would ruin the matter, so she tugged at Lin Shuya's clothes.

Lin Shuya understood what Qin Churou meant.

She turned her face away and finally didn't say anything more.

Qin Churou comforted her, "Mom, don't be angry anymore. Dad just didn't think it through."

When Lin Shuya left the ward, Qin Hai called his subordinate again.

The subordinate still gave the same answer. There was no trace of Li Yan.

Qin Hai was destined to never find Li Yan again.

1

—

Imperial Capital University.

Qin Sheng was doing an experiment. She received a message from Fang You.

[Fang You: Boss, everything has been arranged. Li Yan has followed your instructions and boarded a plane to G Country. Qin Hai won't find any trace of her.]

Qin Sheng replied with a [Okay].

Then she put away her phone.

She had known about the relationship between Qin Hai and Li Yan since a long time ago. She also knew that Qin Hai would divorce Lin Shuya sooner or later.

Qin Sheng would not let Qin Hai have a son by his side.

Didn't Qin Hai have a son? Then she would let Qin Hai never see him again.

She wanted Qin Hai, Lin Shuya, and Qin Churou to be tied together.

Everything was going according to her plan.

Qin Sheng curled her lips and returned to the experiment.

That afternoon, Imperial Capital University also announced the names of the participants in the National University Student Painting Competition.

Ye Yutong was dealing with matters at the Painting Association.

After Wang Xiaoli handed a document to Ye Yutong, she took out her phone and said, "Yutong, there are only five minutes left before the name list of the participants from the National University Student Painting Competition is announced."

Ye Yutong's hand that was holding the pen paused for a moment before she said nonchalantly, "It doesn't matter who goes as long as it brings glory to our school."

Wang Xiaoli nodded. "That's right. However, Yutong, your painting is so good. This time, it will definitely be you. Qin Sheng is just a student who has just arrived at the school. Who does she think she is?"

Actually, Wang Xiaoli also felt that Qin Sheng was very likely to be the one participating in the National University Student Painting Competition this time.

After all, Ye Yutong's paintings were not as good as Qin Sheng's.

However, in order to please Ye Yutong, she could only say so.

When Ye Yutong heard Qin Sheng's name, she clenched her pen tightly.

Her gaze was dark.

It was Qin Sheng again!

It was not enough for Qin Sheng to snatch Fu Hanchuan and her position as the campus belle. Now, she had come to snatch her position in the painting competition!

Ye Yutong's face turned gloomy, and this caught Wang Xiaoli's attention.

Wang Xiaoli did not dare to say anything.

She had been by Ye Yutong's side for more than three years. She knew Ye Yutong's character very well. Although she usually looked like she was easy to talk to, if she was provoked, others would usually end up in a bad situation.

Five minutes later.

Imperial Capital University announced the spot for the competition. Wang Xiaoli opened it the moment it was time to take a look.

When she saw the name on it, Wang Xiaoli's gaze froze.

Ye Yutong was also waiting for the announcement of the quota.

When she saw Wang Xiaoli's expression, she had a very bad feeling.

She asked in a deep voice, "Who is it?"

Wang Xiaoli said hesitantly, "Yes, yes..."

"Say it quickly!"

Wang Xiaoli mustered up her courage and quickly said, "It's Qin Sheng."

As she said that, she started to observe Ye Yutong's expression.

As expected, Ye Yutong's expression was dark and extremely ugly.

Wang Xiaoli retreated to the side and tried her best to reduce her presence.

Chapter 849: Asked Him To Snatch Qin Sheng

The paper in Ye Yutong's hand was poked open by Ye Yutong. She suddenly threw the pen heavily on the table.

Wang Xiaoli's heart trembled as well. She was afraid.

"Ha." A sneer escaped from Ye Yutong's mouth. "Qin Sheng, are you only willing to take everything away from me?"

Fu Hanchuan, she would snatch him back sooner or later.

Ye Yutong liked Fu Hanchuan so much that she had almost fallen ill.

1

Even though Fu Hanchuan had not looked at her once, she still liked him.

Perhaps this was a form of persistence. The more she could not get something, the more she wanted to get it by hook or by crook.

Wang Xiaoli held back the fear in her heart. "Yutong, it must be because those school leaders don't have good taste. How can Qin Sheng's words compare to yours? Qin Sheng is inferior to you in every aspect. I wonder how she has the face to snatch it from you?"

Ye Yutong sneered. "Indeed, she can't compete with me."

At this moment, Ye Yutong did not have the mood to deal with the documents anymore. She picked up her bag and left the Association.

When she passed by the medical faculty building, she saw Xie Hen leaning against the tree.

Ye Yutong thought for a moment.

The corners of her lips curled up as she walked over. She deliberately looked at the teaching building. "Student Xie, who are you waiting for?"

Xie Hen glanced at her but did not say a word.

Ye Yutong said meaningfully, "You're waiting for Qin Sheng. You like Qin Sheng, right?"

"Is it related to you?" Xie Hen asked back.

"It is." Ye Yutong's lips curled up into a cold smile. If Xie Hen snatched Qin Sheng away from Fu Hanchuan, no one would snatch Fu Hanchuan away from her.

1

Xie Hen was very good in all aspects.

It was also possible for Qin Sheng to fall in love with Xie Hen.

Xie Hen did not bother with Ye Yutong. He did not bother with such a two-faced woman.

Ye Yutong smiled and said, "It's normal for many people to like an outstanding student like Qin Sheng. However, since you like her, why don't you go after her?"

Xie Hen said, "Your motive."

"It's nothing. I just feel that you and Qin Sheng are a good match," Ye Yutong replied.

Xie Hen sneered, "You and Xiao Sheng are not on good terms. You must have a motive for making me pursue her."

Ye Yutong did not comment. "That's right. I do have my own considerations. If you pursue her, it won't hurt her. On the contrary, there's a high chance that you'll end up with the beauty. Isn't that a good thing?"

Xie Hen was very smart. He quickly guessed Ye Yutong's intentions. "You've taken a liking to Xiao Sheng's boyfriend."

1

Ye Yutong was stunned. She did not expect Xie Hen to guess so quickly.

She also did not expect him to know that Qin Sheng had a boyfriend.

Ye Yutong did not hide anything. She nodded her head, "Hanchuan and I grew up together when we were young. Later on, the elders of the two families even betrothed us to each other. We are engaged to be married. Sooner or later, we will get married. However, I did not expect Qin Sheng to appear. Now, Fu Hanchuan is completely captivated by Qin Sheng. He is my fiancé, after all."

This fiancé and fiancée were made up by Ye Yutong.

The parents of both families had the same idea, but Fu Hanchuan did not agree to it, so there was no formal ceremony.

Xie Hen raised his peach blossom eyes slightly. "So, you want me to snatch Xiao Sheng away from Fu Hanchuan."

Ye Yutong smiled, "This is a good thing for both of us. You can get the beauty back, and my fiancé can return to my side. If Qin Sheng continues to be with Fu Hanchuan, it will inevitably spread the news that Qin Sheng is a mistress."

Xie Hen listened to Ye Yutong's words very seriously. His pair of rippling peach blossom eyes were filled with coldness. "Your wishful thinking is really good. You used me to break up Xiao Sheng and her boyfriend, heh."

Ye Yutong frowned.

She could not understand Xie Hen's thoughts. Logically speaking, Xie Hen should not have rejected her.

Xie Hen stood up straight. "If you want to be with Fu Hanchuan, then fight for it yourself. If you want to use me, I'm sorry. You've got the wrong person."

He had indeed thought of snatching Qin Sheng away from Fu Hanchuan.

However, he did not want to force Qin Sheng.

He did not want Qin Sheng to hate him.

Even if the person who ended up with Qin Sheng was not him.

Xie Hen did not stay any longer. He left.

Ye Yutong watched Xie Hen leave with a frown on her face. Xie Hen had really rejected her suggestion.

She could tell that Xie Hen liked Qin Sheng.

Why would he reject her?

Since Xie Hen did not agree to her suggestion, Ye Yutong could only leave.

Following the announcement of the quota for Imperial Capital University's participation in the painting competition, the Principal also found Qin Sheng to help her with her ideological work.

He was worried that Qin Sheng would be tricked by Professor Chen into attending Peking University.

"Sheng Sheng," the Principal said with a smile and a friendly tone, "The quota for the painting competition has been decided. It's the ink painting that you drew."

Qin Sheng didn't know about this. She frowned and asked, "Has it been announced?"

The Principal: "..."

Don't tell him that Qin Sheng did not know that her paintings could participate in the painting competition?

But since Qin Sheng asked, it was most likely that she did not know.

The Principal changed the topic. "Sheng Sheng, you are very talented in painting, but you should not waste too much time on painting. Your major is medicine, right?"

Qin Sheng narrowed her eyes. "Uncle Principal, did Professor Chen from Peking University go to look for you?"

The Principal did not expect Qin Sheng to guess it. He was a little stunned and asked, "How did you know?"

Qin Sheng replied, "He came to look for me?"

The Principal's heart tightened and he asked very carefully, "Did you agree to it?"

Qin Sheng answered very straightforwardly, "No, I asked him to go to look for you."

The Principal heaved a sigh of relief. However, why did he feel that Qin Sheng was throwing trouble at him?

The Principal frowned and asked, "Can't you just reject him yourself? Why did you need him to look for me?"

Qin Sheng thought for a moment before replying, "It's convenient."

The Principal: "..."

It was as if he had slapped himself a few times and had to ask!

The Principal could not understand how a lazy person like Qin Sheng could get a perfect score in the college entrance examination?

Just as this thought popped up in his mind...

The Principal thought of a report on Qin Sheng in the media. When Qin Sheng was in her third year of high school, she had spent less than five days to review.

The Principal did not want to talk to Qin Sheng anymore. He said with a headache, "Sheng Sheng, I hope you can pass the military training test on Friday."

After saying that, he hung up the phone.

Qin Sheng also took back her phone. She was very confident about the military training this time.

Qin Sheng's painting was announced on Imperial Capital University's Weibo. It also stated that the painting was a work sent by Imperial Capital University to participate in the National University Student Painting Competition.

The moment it was announced, it caused quite a stir.

When it was revealed that Ye Yutong was participating, everyone's reaction was not intense.

But now, everyone had left comments on Weibo. Within half an hour, there were thousands of comments.
