Chapter 851: Sheng Sheng's Little Fan

They were very surprised.

Wasn't Qin Sheng the top scorer in the college entrance examination? Why did she suddenly have the skill of painting?

[This, this is painted by Campus Belle Qin? Did I see wrongly?]

[D*mn, good grades, good looks, and even knows how to paint. Are you going to give us ordinary people a chance to live?]

[I'm begging Campus Belle Qin's Weibo. A miss all-rounder, I love it.]

Previously, there had been computer science majors checking Qin Sheng's Weibo account. They had been searching for a few weeks, and it was only in these few days that they found out.

At this moment, when he saw someone asking, he told them about the account.

Qin Sheng's Weibo account name was very simple. It only had the word Sheng.

It was discovered by a Weibo big V who had a million followers. He specially sent a Weibo post to tell everyone about Qin Sheng's Weibo account.

In just a short span of ten minutes, Qin Sheng had 200,000 fans.

Among them were not only students from the Imperial Capital University, but also many students who were studying, or some people who were fans of Qin Sheng's face.

Because Qin Sheng was studying at the Imperial Capital University, Old Master Lu also downloaded a forum of Imperial Capital University.

Qin Sheng's Weibo account was also exposed on the forum.

Old Master Lu just happened to see this post.

Seeing this, he also remembered Qin Sheng's account and then went to download a Weibo. He asked the housekeeper to teach him for a long time before he knew how to use it.

He registered an account and imitated others to come up with a very silly name, Sheng Sheng's Little Fan.

After following Qin Sheng, he nodded in satisfaction.

However, after a while, he frowned and felt that he was still lacking something.

Old Master Lu quickly called Qin Sheng.

Qin Sheng was doing an experiment. When she saw that it was Old Master Lu calling her, the corners of her lips curled up into a smile. She picked up the call. "Grandpa Lu."

Old Master Lu smiled and narrowed his eyes. "Sigh, Sheng Sheng, how have you been these past few days at Imperial Capital University? How have the Lin family treated you? Did they bully you?"

She naturally told Old Master Lu about her return to the Lin family.

Old Master Lu had called Qin Sheng many times. He had also been on the forum of Imperial Capital University for a long time and was very familiar with Qin Sheng's life at Imperial Capital University.

"I'm fine. The Lin family doesn't dare to bully me." Qin Sheng wrote down some things in her notebook. "Moreover, if they dare to treat me badly, I can leave the Lin family."

Qin Sheng would no longer swallow her pride for the Lin family.

Just like how Mother Lin had spoken ill of her, Qin Sheng didn't even care about the Lin family's feelings.

Old Master Lu was very gratified. "Yes, there's no need for you to be bullied in the Lin family. Sheng Sheng should have this kind of imposing manner. With your Grandfather Lu around, you don't have to be afraid of being wronged."

Following that, Old Master Lu pulled Qin Sheng and had a bit of a ramble. Only then did he speak of his purpose.

Old Master Lu said with a smile, "Sheng Sheng, I followed you on Weibo. Please follow me too."

1

Qin Sheng was a little surprised. Old Master Lu was also on Weibo?

However, Qin Sheng didn't think too much about it. She asked, "Okay, Grandpa Lu, what's your Weibo name?"

Old Master Lu replied, "Sheng Sheng's Little Fan."

Qin Sheng: "..."

She thought she heard wrong and asked suspiciously, "Grandpa Lu, are you sure?"

Even she herself felt that this name was, uh... very shameful.

Old Master Lu nodded. "Yes, Sheng Sheng. Don't you think that my name is very good?"

Qin Sheng rubbed the space between her eyebrows. It was a headache.

How could she not say it was good?

In the end, Qin Sheng nodded with her conscience intact. "Very good."

Chapter 852: Military Training Assessment

Old Master Lu immediately smiled.

Then, he pulled Qin Sheng and talked for a few minutes. Before hanging up, he reminded her, "Sheng Sheng, don't forget to follow me."

Qin Sheng agreed helplessly.

Old Master Lu was satisfied and finally let Qin Sheng go.

The time that Old Master Lu and Qin Sheng had spent on the phone added up to 30 minutes.

Qin Sheng found Old Master Lu's ID and paid attention to it. She looked at the eye-catching name and felt a headache coming on.

She simply turned off her phone and didn't look at it again.

She continued to immerse herself in the experiment.

This Friday, it was the day of the military training.

Qin Sheng also put on her military training uniform and appeared in the team. They walked into the assessment field together.

Not only were the medical students here, but the computer science students were also present.

Zhao Xiang sneered when she saw Qin Sheng's back.

Did Qin Sheng think that she was invincible?

She could pass the military training without any training? Heh.

The other medical students did not think that Qin Sheng could not pass the military training. Instead, they thought that Qin Sheng would definitely pass if she did not come to the military training.

In their eyes, Qin Sheng was already an omnipotent existence.

The first few assessment items were carried out by the students of the class together. There were rows and rows of students practicing military boxing.

Among them, Qin Sheng was very good at keeping up with the rhythm of the team. There were no mistakes at all.

On the other hand, Zhao Xiang often could not keep up because she was observing Qin Sheng from time to time.

The military training instructor frowned.

He coldly glanced at Zhao Xiang. Zhao Xiang had noticed him.

This instructor was very strict. He would not show any mercy just because the other party was a girl. Zhao Xiang was very afraid of him.

Zhao Xiang quickly retracted her attention after being stared at by him like this.

She was very unwilling.

Why didn't Qin Sheng make any mistakes? Even if Qin Sheng had trained herself, how could she still keep up with the pace of the class?

Zhao Xiang bit her lip secretly.

Qin Sheng was lucky. Even if Qin Sheng escaped this time's assessment, she did not believe that Qin Sheng could still be lucky in the following individual events.

She was just waiting for Qin Sheng to make a fool of herself.

Once the class assessment was over, the instructor announced that they would be free to move around for a period of time to watch the other classes' assessment.

Many students surrounded Qin Sheng.

"Student Qin Sheng, you are too amazing. Didn't you not train with us before?"

"You are indeed an all-rounded goddess. You are too amazing. To think that I was worried that you wouldn't be able to pass the assessment. It seems that I was thinking too much."

These students spoke a lot.

Qin Sheng felt a headache when she heard this. She nodded and replied politely, "I have trained before."

In her previous life, she had already undergone military training.

She had applied with the principal not to undergo military training. She was confident that she would be able to pass the assessments.

Military training was troublesome and required a lot of time. Naturally, Qin Sheng would not go over.

When she heard Qin Sheng's words, a female student was very puzzled. "Student Qin Sheng, since you have trained, why don't you come with us?"

When the male student heard her words, he rolled his eyes. "Are you stupid? Can Qin Sheng's speed be the same as ours? We have been training for two weeks, but she probably completed it in less than a day."

This male student had obviously already treated Qin Sheng as omnipotent.

He did not forget what the internet said. Qin Sheng had only used less than four days to revise in her third year of high school. Even so, she could still become the top scorer in the college entrance examination.

The female student suddenly realized, "That's right, that makes sense."

Chapter 853: Zhao Xiang Was First

Qin Sheng facepalmed.

She wouldn't be able to train well in a day's time.

However, Qin Sheng didn't go over to explain. Even if she did, they might not believe her.

The female student asked again, "Student Qin Sheng, there's still a competition for the next round of shooting. Can you do it?"

Her tone was filled with worry.

It was very difficult to train well alone.

Could Qin Sheng really do it?

Qin Sheng curled her lips. "It's no problem. These aren't difficult."

This female student was also a fan of Qin Sheng. She trusted Qin Sheng very much. After hearing what Qin Sheng said, she also felt relieved.

Shen Jiayue was a computer science student. While she was resting, she came over to look for Zhao Xiang.

The students surrounding Qin Sheng were discussing quite loudly. It was very clear to Shen Jiayue and Zhao Xiang's ears.

Shen Jiayue's tone was very disdainful. "Xiang Xiang, this Qin Sheng really thinks highly of herself. She hasn't practiced before, and she still wants to pass?"

Zhao Xiang also looked at Qin Sheng's side and said in a strange tone, "This Qin Sheng thinks she's very powerful, right? Of course, even if she doesn't pass these tests. The school will still protect her."

Shen Jiayue frowned. "This Qin Sheng is the top scorer in the college entrance exam. Not only has her sugar daddy become one of the school board, even the principal is on her side. This Qin Sheng really can do whatever she wants in the school."

The other students did not notice Shen Jiayue and Zhao Xiang and did not realize that they were discussing Qin Sheng.

Shen Jiayue seemed to have thought of something. She moved closer to Zhao Xiang and asked in a low voice, "Xiang Xiang, when will you reveal that Qin Sheng is being kept by a man?"

If it was revealed that Qin Sheng was being kept by a man, even if her sugar daddy was the school board member, he would not be able to protect her.

Imperial Capital University placed great importance on the character of its students. Qin Sheng would be punished no matter what.

Shen Jiayue had wanted to chase Qin Sheng out of Imperial Capital University since a long time ago.

She could not wait to tell everyone that Qin Sheng was being kept by a man. She also wanted to see how depressed Qin Sheng looked.

Zhao Xiang's gaze was gloomy. The corners of her lips curled into a cold smile. Her words were filled with a chill. "Soon."

Shen Jiayue was delighted. She wanted to say something else, but the military training instructor whistled.

She could only return to her own class.

The next assessment was shooting.

Qin Sheng, Zhao Xiang, and the other four students, six of them held guns and aimed at the target.

The military training instructor let them warm up for two minutes before the official assessment began.

The instructor paid special attention to Qin Sheng.

All the freshmen of Imperial Capital University had come for military training, except for Qin Sheng.

This instructor did not like people like Qin Sheng who were special.

If Qin Sheng could not pass the assessment, then he would have a reason to train Qin Sheng. When that time came, she would suffer a lot more than usual during military training.

Zhao Xiang's eyes were fixed on the target. She pulled her gun and fired a bullet, hitting the six-ringed position.

The second time, she hit the eight-ringed position.

This result was considered very good compared to the other students.

The students at the back were very surprised. "God, this Zhao Xiang shoots too well. It's my turn. I'm really afraid that I won't even hit the target."

"This is the result of Zhao Xiang making a mistake. Usually, when she trains, she will hit either eight or nine rings. She has even shot ten rings. She's too amazing. This time, Zhao Xiang will definitely be number one in the shooting assessment."

"No, why do I feel like when there's Campus Belle Qin here, Zhao Xiang won't have anything to do with being number one?"

When Zhao Xiang heard their words, she was very pleased with herself.

She looked at Qin Sheng.

Chapter 854: Did Not Hit a Single Bullet

The other students had already fired their two bullets, while Qin Sheng was still observing the gun.

Zhao Xiang smiled mockingly when she saw this.

Sure enough, Qin Sheng had never come into contact with a gun before and did not know how to use it, let alone shoot it in a better position.

Zhao Xiang's heart, which was originally worried, was slightly relieved.

With Qin Sheng like this, there was no way she could surpass her, so she naturally didn't have to worry too much.

The other students began to discuss in low voices, and voices came from all directions.

"What's going on? Campus Belle Qin looks like she has never touched a gun before."

“Campus Belle Qin has never participated in shooting training and has never touched a gun before. This is very normal.”

“It’s over, I’m very nervous. Don’t be like what I think.”

“...”

These students all broke out in a cold sweat for Qin Sheng, as if they were going to start their own competition.

Feeling the gazes on her, Qin Sheng tilted her head. As expected, she saw the nervousness on the students’ faces.

She said helplessly, “I’m fine. Don’t worry.”

The instructor saw Qin Sheng’s actions and frowned. He walked up and asked, “You don’t know how to use it?”

She looked as if she had never touched a gun before, let alone used it.

Qin Sheng did not say anything. She loaded the bullets.

The instructor reminded her, “There’s not much time left. There’s only thirty seconds left.”

Qin Sheng nodded. “I know.”

After she said that, she lifted the gun in a very agile manner. She looked at the target and pressed her fingertips together.

She fired two bullets in a row.

Zhao Xiang looked in the direction of the target. There was not a single hole on Qin Sheng’s target. It was obvious that she had missed the target.

Zhao Xiang sneered. She could not help but say, “Student Qin Sheng, aren’t you worried that you will fail the test? With such a standard, you are not participating in the military training? Aren’t you looking down on the military training?”

The other students in the class were also observing Qin Sheng’s movements.

Seeing that Qin Sheng did not even manage to hit the target with a single bullet, their hearts were raised.

They discussed in a low voice, “This, am I seeing things? Campus Belle Qin did not even manage to hit a single bullet?”

“What’s going on? Tell me it’s not true.”

“Oh my god, Campus Belle Qin, you have to pass the military training test.”

The Imperial Capital University’s assessment was very strict. If they didn’t pass, they would be sent to the base to undergo new training. Only after passing would they be able to return to Imperial Capital University to study. Otherwise, they would always stay in the base.

The conditions in the base were very tough.

Therefore, the students of Imperial Capital University worked very hard during the military training. They were afraid that if they were careless, they would fail the assessment and be thrown into the base.

Xie Hen was also at the scene. He had no way to approach and could only watch from afar. His eyes were filled with worry.

If not for the fact that he did not allow it, it would also affect Qin Sheng. He would have rushed up to instruct Qin Sheng.

Xie Hen clenched his fists and forcefully suppressed this impulse.

When the instructor saw this, he also frowned. "Student Qin Sheng, you have to work hard later. Even if you can use the backdoor and not come to the military training, if you fail the assessment and are thrown into the base for training, even the principal of Imperial Capital University will not be able to stop that."

Qin Sheng's expression did not change at all. She nodded calmly. "I know."

Seeing that it was almost time, the instructor did not pay any more attention to Qin Sheng.

He blew on his mask and pressed the timer at the same time, "Five bullets per minute, begin!"

As he said that, gunshots rang out one after another.

Chapter 855: Qin Sheng, 10th Ring

Very soon, a minute had passed. Qin Sheng put down her gun, stood up, and stood up straight.

Zhao Xiang deliberately looked at Qin Sheng's target.

There was a hole in the middle of the 10th ring.

Zhao Xiang was stunned. It was impossible. With Qin Sheng's level, how could she shoot to the middle of the 10th ring?

Zhao Xiang quickly looked elsewhere.

She heaved a sigh of relief.

There was only one hole on the tenth ring, and the rest were gone.

It seemed that Qin Sheng was lucky to hit the tenth ring. The other four bullets missed the target.

This time, she wanted to see how Qin Sheng would pass.

The instructor walked over and began to register the students' shooting results.

His voice was very loud and clearly reached the ears of every student in the class.

"Ye Fangming, 35 points."

“Li Jinhao, 33 points.”

“...”

The instructor walked over to Zhao Xiang’s target. When he saw Zhao Xiang’s results, he was very surprised and raised his voice. “Zhao Xiang, 43 points.”

As soon as he finished speaking, there was a round of applause.

“That’s amazing. 43 points, an average of nine points per target. That’s the best result right now, right?”

“It’s only been two or three days, and she’s already got such a result. That’s really amazing.”

“If I can get 35 points, I’ll be able to laugh even in my dreams, not to mention 43 points.”

Hearing that, Zhao Xiang raised her head proudly.

In fact, she had not only studied for three days. In the past four weeks, she had asked Father Zhao to arrange special teachers to teach her these things every night.

Zhao Xiang wanted to surpass Qin Sheng and get first place in the Medical Department’s military training results.

After recording Zhao Xiang’s results, the instructor came to Qin Sheng’s target.

Seeing that there was only one hole, he frowned and shouted, “Qin Sheng, 10 points.”

Hearing this, Zhao Xiang looked at Qin Sheng mockingly.

Heh, as expected, she couldn’t even hit the target.

Other than the Medical Department students, there were also the computer science students who had finished the shooting program’s assessment who came to watch Qin Sheng compete. Hearing the instructor’s words, they couldn’t believe it. Qin Sheng only had 10 points?

They began to discuss, “It’s fake, it must be fake. Campus Belle Qin is so powerful, how could she only have a score of 10 points?”

“I looked at the target. That’s right, it’s a score of 10 points.”

“It’s over. Campus Belle Qin is so delicate and tender, yet she is thrown into the base to train. It’s too miserable.”

“...”

Shen Jiayue crossed her arms across her chest and sneered as she watched this scene. Her heart was filled with joy.

She could finally see Qin Sheng make a fool of herself.

The surroundings were noisy, but the young girl standing in the middle was not affected by this at all.

Shen Jiayue said loudly in a mocking tone, "Qin Sheng, you still have the nerve to not participate in the military training with your results? Don't tell me that you failed and even dragged down the entire class!"

Shooting was not only an individual assessment, but the results were also included in the overall grade of the class.

Hearing this, some of the students in the class could not help but have some complaints against Qin Sheng.

Qin Sheng glanced at Shen Jiayue. The ridicule in her eyes made Shen Jiayue furious.

Qin Sheng dared to make fun of her?

How could she dare? She had shot 33 points. As for Qin Sheng, she had only shot 10 points!

The instructor frowned and asked, "Student Qin Sheng, what's wrong with you? Since you applied for exemption from military training, you should have this kind of ability. Why are your results still in a mess?"

This instructor directly questioned, not giving Qin Sheng any face.

Qin Sheng's red lips parted slightly. "My result should be 50 points."

Chapter 856: She Got a Perfect Score

As soon as she finished speaking, the surroundings instantly quieted down.

Shen Jiayue also didn't expect Qin Sheng to say this. She was stunned. When she came back to her senses, she immediately sneered. She said loudly, "Qin Sheng, you clearly only have one hole. You shot 50 points? Who are you kidding? Don't tell me that all your bullets were shot into the same hole. You don't even know when to lie."

Many other students didn't believe Qin Sheng's words.

After all, they had seen with their own eyes that there was only one hole.

However, there were still some students who stood on Qin Sheng's side. "It must be 50 points. Campus Belle Qin, I believe you."

"I have a feeling that Campus Belle Qin did indeed shoot all her bullets into one place. Unfortunately, the speed was too fast, so I didn't see clearly."

"I also feel that Campus Belle Qin's words are true. She has the ability to do so. Don't ask. If you ask me, I'm her hardcore fan. I'll stand on her side unconditionally. Even if it's fake, as long as it's said by her, I'll believe her."

"..."

These students were all talking at once, but Qin Sheng didn't hear them clearly.

Hearing Shen Jiayue's words, Qin Sheng narrowed her eyes and nodded. "Indeed, all of them shot to the middle of the tenth ring."

Shen Jiayue burst out laughing. "Qin Sheng, do you really think we are fools?"

The instructor did not believe Qin Sheng's words either.

All of them were shot at the same place. What kind of concept was that?

There was no lack of geniuses in the base, but no one could shoot five bullets in a row at the same place.

Qin Sheng was only an eighteen-year-old girl. This was even rarer. She had never even touched a gun before.

It was impossible for her to have such a standard.

Otherwise, such a genius would be fought over in any military base.

Qin Sheng ignored Shen Jiayue and looked at the instructor. "I can prove my words."

The instructor frowned. Seeing how confident Qin Sheng was, he became suspicious. Could it be that Qin Sheng really had such an ability?

If it was fake, such a lie would be easily exposed. There was no need for Qin Sheng to lie.

In the end, he nodded his head. "Alright, I hope what you said is true. This time, I won't ask you to shoot at the same place, but you have to ensure that every bullet can hit a ten-ringed target. How about it?"

Qin Sheng's eyes were filled with confidence. "Sure."

The instructor brought Qin Sheng to a new target. "Student Qin Sheng, if you don't get full marks, I will cancel all your military training results. The conditions of the base are not something an ordinary person can withstand. Are you ready?"

Qin Sheng dug her ears. She did not want to listen to the instructor's nagging.

She nodded casually. "Sure."

She raised her leg and kicked the gun under her feet. After spinning in the air for a circle, Qin Sheng raised her slender and fair hand and caught it. She loaded the gun and loaded it. Her movements were smooth and agile.

Many female students saw Qin Sheng's movements and their eyes were filled with red hearts.

Even the male students thought that Qin Sheng was handsome.

Shen Jiayue crossed her arms and smiled disdainfully. "She only knows how to play these fancy tricks. She'll be crying later. Xiang Xiang, your results are real. As for Qin Sheng, huh, 50 points? She hasn't undergone military training. She's not even familiar with using a gun. How dare she say that she shot 50 points? Only a fool would believe it."

Zhao Xiang's lips were filled with mockery. "Not to mention Qin Sheng, even my uncle can't do it."

"Right, Qin Sheng is overestimating herself."

Chapter 857: Hit the Tenth Ring

Qin Sheng did not care about what the two of them said.

The instructor looked at Qin Sheng with a frown. "Are you ready?"

Qin Sheng looked at the target seriously. She pulled the gun with her fingertip and a bullet pierced through the air, landing steadily on the tenth ring. However, this time, the hole did not land in the middle, but appeared near the ninth ring. It was just a little bit more than the line.

The instructor walked up.

Seeing this, a hint of surprise flashed in his eyes.

Qin Sheng really hit the target?

Moreover, looking at Qin Sheng's expression, she was not surprised that she hit the tenth ring. It was as if it was within her expectations.

However, this time's result was still a distance away from the middle. If Qin Sheng had hit the fifth ring last time, then her result this time was far worse.

Those students were far away and couldn't see clearly. They were all waiting for the instructor to announce the result.

The instructor's expression was complicated as he shouted loudly, "Qin Sheng, the first bullet, ten-ring."

The instructor's words instantly caused a huge explosion among the students.

"F*ck, what did I hear? Campus Belle Qin really hit the ten-ringed bullet? That's too amazing, let me slow down."

"I have a feeling that Campus Belle Qin will continue to hit the tenth ring. She's my girl, and she's omnipotent."

"Campus Belle Qin hit the tenth ring probably because she was lucky. Let's take a look, don't get slapped in the face."

"..."

Shen Jiayue turned her head in disbelief. "Xiang Xiang, this..."

Zhao Xiang was also shocked by the instructor's words at first. Now that Shen Jiayue mentioned it, her eyes were very cold. "What's the rush? This is only the first time she's fired a bullet and it hit the tenth ring. Consider Qin Sheng lucky. Next time, Qin Sheng won't have such good luck."

Shen Jiayue's face was full of agreement. "Yes, Qin Sheng was just lucky."

However, Zhao Xiang clenched her fists by her side, and her palms were already sweating.

She said so. However, she knew in her heart that it was very difficult to hit the tenth ring target. Even if she was lucky, she might not be able to do it.

Qin Sheng had already hit the tenth ring once, and now she had hit it again?

Zhao Xiang was worried. Was indeed as Qin Sheng had said, that all five of her bullets had hit the same hole?

Qin Sheng was about to pull the gun when she suddenly stopped.

The instructor frowned and asked, "Student Qin Sheng, do you have any questions?"

Qin Sheng replied, "I'll fire four shots in a row."

One shot after another, there was no guarantee that she would be able to hit all the tenth ring, let alone four shots in a row.

The instructor wanted to persuade Qin Sheng to reconsider, but when he thought of the five bullets that Qin Sheng had fired, he nodded. "If you don't think you have any questions, it's up to you."

Qin Sheng nodded. "Okay."

Because they were very far away, their voices were not soft and could clearly be heard by the students in the class.

"F*ck, she's so cool and domineering!"

"Campus Belle Qin must be very confident to dare to say such words."

"If I had a cell phone, I would definitely record it. Campus Belle Qin will definitely give us a surprise."

"..."

Shen Jiayue said disdainfully, "Does Qin Sheng really think she's a green onion? She even fired four bullets in a row? Heh, isn't she afraid that the strong wind will flash her tongue?"

After saying that, she turned to Zhao Xiang and said, "Xiang Xiang, let's just wait and see. Qin Sheng will definitely not get full points."

"Shut up!"

Zhao Xiang scolded impatiently.

Shen Jiayue did not dare to speak anymore.

Zhao Xiang's gaze was heavy as she looked in the direction of Qin Sheng, her fists clenched. Qin Sheng definitely could not hit all bullets in the tenth ring.

Chapter 858: Qin Sheng's Strength

At the scene, everyone was nervous.

Bang! Bang! Bang! Bang!!

Gunshots tore through the sky.

After Qin Sheng finished firing, she casually tossed the gun, and the gun steadily landed on its original position.

The instructor saw the bullet holes and did not move for a long time.

His eyes were filled with shock.

These holes neatly formed a circle around the ten rings. It was obvious that Qin Sheng had done this on purpose.

He had no choice but to believe that Qin Sheng had such strength.

There was no one in the base who could compare to Qin Sheng. Qin Sheng's talent in this area was shocking.

"Instructor, how many points does Campus Belle Qin have?"

The instructor didn't react at all.

Some students couldn't wait any longer and walked up. When they saw the holes on the target, they were stunned.

From afar, when Shen Jiayue and Zhao Xiang saw their reactions, their hearts skipped a beat. They had a very bad premonition.

They rushed up.

Shen Jiayue and Zhao Xiang were stunned.

Zhao Xiang's face turned pale.

How could it be?

How could Qin Sheng have such strength?

Shen Jiayue was the first to react. She widened her eyes in disbelief and said loudly, "Impossible. Qin Sheng must have been lucky or cheated."

Shen Jiayue's voice was very loud, pulling the other students back to their senses.

Her words were despised by everyone.

"Just because you can't do it doesn't mean that others can't. Shen Jiayue, you're targeting Campus Belle Qin every day. What did Campus Belle Qin do to offend you?"

"Cheating? Heh, we're all watching. If she's cheating, how could we not know? Shen Jiayue, watch your mouth."

"The first five bullets of Campus Belle Qin all hit the same hole. This time, the five holes were arranged around the ten rings. It's obvious that Qin Sheng did this on purpose. Tell me, do you think your luck can do this?"

"Shen Jiayue, you're a computer science student. Since you're in our class, watch your mouth. And Zhao Xiang, control your dog."

1

Zhao Xiang had also targeted Qin Sheng many times. These students all saw this.

And Shen Jiayue was Zhao Xiang's sidekick. Most of the time, what Shen Jiayue did was on Zhao Xiang's orders.

These students did not treat Zhao Xiang well either.

Zhao Xiang was usually high and mighty in class, looking down on others. Her popularity was not good.

On the contrary, Qin Sheng had been in class for less than a week since the start of school. However, these students had always been on Qin Sheng's side. It was obvious that they regarded Qin Sheng as their class pet.

When Zhao Xiang heard their criticism, her eyes darkened.

She clenched her fists and her expression was very ugly.

She gritted her teeth and said, "Shut up!"

However, those students ignored Zhao Xiang and criticized her even more.

Shen Jiayue said stubbornly, "You guys are Qin Sheng's dogs, right? You're protecting Qin Sheng indiscriminately."

After saying that, she comforted Zhao Xiang, "Xiang Xiang, don't bother about them. They are all Qin Sheng's lap dogs. Naturally, they will stand on Qin Sheng's side."

Zhao Xiang's face was gloomy. She was now filled with anger.

At this moment, she vented all her anger on Shen Jiayue. "Scram."

After Shen Jiayue left, Qin Sheng came to Zhao Xiang's side. She curled her lips. "I'm sorry to have disappointed you."

Zhao Xiang glared at Qin Sheng. "Don't be so smug. There will be another battle later. I will definitely win against you."

Although she said that, she was not sure in her heart.

She could not beat Qin Sheng in shooting, let alone a battle.

Chapter 859: You've Lost

"Then we'll wait and see." Qin Sheng smiled, her eyes filled with confidence.

She often fought when she was young, and with her great strength, she didn't think much of the fight later.

On the other side, the instructor also began to announce the results. "Qin Sheng, five bullets are all 10 points, full marks!"

The applause was very intense.

The instructor looked at Qin Sheng with a burning gaze. He had to win this kind of genius over to the base!

1

Staying in the school was a waste of talent.

This instructor held a considerable position in the base. He was also a person who loved talent. Now that he had met a genius like Qin Sheng, he naturally would not let her go.

This instructor did not immediately go to look for Qin Sheng.

He wanted to see if Qin Sheng would give him a surprise in the upcoming combat competition.

After the shooting competition, there was the last military training assessment, which was martial arts.

“Student Qin Sheng, I’ll test you alone later.”

The instructor always felt that Qin Sheng’s performance in this combat competition would be beyond his expectations.

Qin Sheng understood what the instructor meant, so she did not reject him. “Okay.”

Next, the instructor arranged for the students in the class to fight. He observed the strength and movements of the students while recording the results.

Zhao Xiang did not have much strength. Although her movements were standard, she only got 75 points in the end.

After all the students except Qin Sheng had finished the assessment, the students formed a circle.

Qin Sheng and the instructor stood in the middle of them.

“Student Qin Sheng, don’t be afraid. I will be gentle.” This instructor had trained in the base for many years and was a big man. He always felt that fighting with a little girl was a little bullying.

Qin Sheng said indifferently, “No need. Just try your best.”

“Okay.”

The instructor agreed, but he still gave Qin Sheng some leeway during the fight.

Qin Sheng frowned. She didn’t show any mercy, and her moves were fierce.

After fighting with Qin Sheng for a while, the instructor was somewhat clear about Qin Sheng’s strength. There was a faint excitement in his eyes, and he didn’t give in anymore. He directly used his full strength to fight with Qin Sheng.

Qin Sheng used the moves that she had learned in the military training in her previous life.

Her movements were agile, and every time she dodged the instructor’s fist, it was very easy for her. In just a short two minutes, the instructor actually had some difficulty.

The students watching the fight between the two of them were dumbfounded.

This Qin Sheng actually dared to fight with the instructor? Moreover, it had already been two minutes, but she had not lost. Moreover, from the looks of it, the instructor was about to lose.

Wasn't Qin Sheng only eighteen years old? Even her appearance was weak?

These students wiped the cold sweat off their foreheads. They could not afford to provoke Qin Sheng in the future. Not to mention her high IQ, even these fists were not something they could take.

On the other side, Qin Sheng swept across and the instructor knelt on the ground. He wanted to stand up, but Qin Sheng pressed his shoulders hard and he could not move.

Qin Sheng curled her lips, and there was a cold arrogance in her eyes. "Instructor, you've lost."

1

The instructor's forehead was covered in sweat. Although he had lost to Qin Sheng in front of so many students, he did not feel ashamed.

Instead, he was very excited.

Qin Sheng was a natural talent to be a soldier. He never thought that he would meet one in military training one day!

Qin Sheng let go of the instructor.

She felt that she could pass the military training assessment and did not stay any longer.

She wanted to leave but was stopped by the instructor.

She frowned and asked, "What's the matter?"

Chapter 860: Kidnapping Again

The instructor smiled and nodded. "Yes."

Normally, he was very serious, but now, he looked just like a human trafficker who wanted to kidnap a child. When those students saw the instructor's expression, they felt a chill in their hearts.

1

They touched the goosebumps on their arms.

They were discussing in low voices. "What's wrong with this instructor? The contrast is too great. I suspect that he has been tortured by Qin Sheng and has gone insane."

"Could it be that this instructor has some plan in mind to take revenge on Campus Belle Qin? He's acting like this."

"You've watched too many suspense movies."

On the other side, Qin Sheng's gaze was vigilant. "Speak."

She had a very bad premonition in her heart.

The instructor revealed his purpose. "Student Qin Sheng, you're very talented in shooting and fighting. Do you want to come to our base? With your ability, your future will definitely be very bright."

Qin Sheng stretched out her fair and slender fingers and rubbed the space between her eyebrows. She felt a headache coming on.

Qin Sheng despised trouble. She had always done what she could not wait for or was interested in. Naturally, she would not agree to the instructor's request.

However, if she rejected him directly, he would probably give her a good round of persuasion.

Qin Sheng was also afraid that others would nag at her ear.

Hence, she pushed this matter to the principal. "You can go to the Principal. I will listen to his opinion."

The instructor smiled and agreed.

He took out his phone and called the Principal.

The Principal was drinking water. "Instructor Yan, what's the matter?"

The instructor said, "I want to borrow someone from you to let her come to our base. Her talent is very good. She will definitely become a very good soldier in the future."

The Principal sat up straight with great interest.

Someone who could get his recognition must have very good talent.

The Principal felt that he should do his part for them. If there was really a student like what Instructor Yan said, he would also help to persuade them.

However, he was quickly slapped in the face.

The Principal smiled and said, "A student who can receive your praise must be very capable. I wonder which student you are talking about. Let's see if I can help?"

Suddenly, he thought that Instructor Yan was the instructor in Qin Sheng's class.

Could it be that he had taken a fancy to Qin Sheng?

Just as this thought appeared in his mind, the Principal shook it off. Qin Sheng had not gone to military training at all. How could Instructor Yan see that Qin Sheng's ability was good?

Thinking of this, the Principal was relieved. Other than Qin Sheng, everything else was easy to talk about.

However, in the next second, he heard, "Qin Sheng from the second class of the Medical Department."

The Principal: "..."

He dug his ears, thinking that he was talking about Qin Sheng. This was an illusion. "Who? Instructor Yan, say it again."

The instructor: "Qin Sheng."

This time, the Principal did not think that he had heard wrongly. He was silent.

The instructor talked about what had happened today. "Student Qin Sheng is very strong in the shooting and fighting competitions. All five bullets hit the same hole without any deviation. There might not be five people like her in the whole world. She is still a young student but can beat me."

The Principal continued to be silent.

The instructor said again, "Principal, there should be many surprises from this Qin Sheng. She is a good seedling to be a soldier. In time, she will definitely make a great contribution to the country. If she comes to our base, we will definitely train her well."

The Principal was holding his breath. At this moment, he could not help but say, "Impossible!"

The instructor frowned. "What do you mean?"
