Chapter 861: Qin Sheng Was a Sweet Girl

The Principal said in a serious tone, "This Qin Sheng is a sweet little girl. If you let her go to the base, wouldn't she lose a layer of skin? I can't agree to that."

The instructor said, "When did you become so tender?"

Who was it that made them train these freshmen so hard that they couldn't show mercy?

The Principal snorted coldly and didn't say anything.

The instructor continued to persuade, "Principal, you can't delay the girl. Her future as a soldier is very good."

The Principal was unmoved. "She is the top scorer in the college entrance examination, and the only one who has a full score since the college entrance examination was held. Her various abilities are not bad, and she can make a name for herself wherever she goes. There is no need for her to go to your place and suffer."

"But Principal, didn't you say that you would do everything in your power to help me? Are you going back on your word now?"

The Principal lied through his teeth. "I didn't say that. Don't spread rumors."

This time, it was the instructor's turn to be speechless.

The Principal's tone could not be rejected, and his voice was very serious. "Instructor Yan, in short, this matter is not negotiable. You'd better give up on this idea."

The instructor wanted to persuade him again, but the Principal had already hung up the phone.

The Principal was furious. What was going on? Everyone's attention was focused on Qin Sheng. They were all here to pry the corner of his Imperial Capital University.

It was not easy for him to meet a good seedling. He had spent a great price to let her stay in Imperial Capital University. How could he let her go?

And Qin Sheng, she actually performed so well outside?

The Principal's heart was secretly somewhat proud. After all, as long as he did not agree, with Qin Sheng's character, she would basically not leave Imperial Capital University.

Those people could only watch and do nothing.

The Principal knew that Qin Sheng was doing this to save trouble, so she had Instructor Yan come to find him.

In the future, it would not matter if more people came, as long as Qin Sheng continued to stay in Imperial Capital University.

On this side, after the instructor was rejected by the principal, he thought of looking for Qin Sheng, but Qin Sheng had already left early.

Qin Sheng walked in the school, and Xie Hen appeared beside Qin Sheng at some point in time.

A pair of rippling peach blossom eyes were filled with infatuation.

He had been watching Qin Sheng fight all this time. Although he was quite far away, he could still clearly see the appearance of the fight between Qin Sheng and the instructor.

When she was young, Qin Sheng was like this. She stood up and fought with those hooligans.

It was at that time that Xie Hen fell in love with Qin Sheng.

And this time, the fight between Qin Sheng and the instructor once again brought back those memories.

Qin Sheng nodded. There was a sense of alienation in her politeness. "Xie Hen."

"Xiao Sheng." Xie Hen had one hand in his pocket. He looked sideways at Qin Sheng. "I saw your assessment. You're very good."

Qin Sheng did not answer. At this moment, her attention was attracted by a car that was approaching from afar. It was Fu Hanchuan's car.

The corners of Qin Sheng's lips curled up into a smile. That smile was especially glaring in Xie Hen's eyes.

She did not stay any longer. "My boyfriend is here to pick me up. I'm going back first."

Xie Hen stood in his original spot. He watched Qin Sheng's back as she walked toward Fu Hanchuan. Fu Hanchuan intimately held Qin Sheng's hand.

He lowered his head. The two of them seemed to be talking about something. Soon, Fu Hanchuan escorted Qin Sheng to the car.

Qin Sheng's figure also disappeared from Xie Hen's sight.

Xie Hen retracted his gaze and walked alone.

Fu Hanchuan seemed to have sensed something and looked in the direction where Xie Hen had just stood.

Chapter 862: They Could Not Interfere

However, Xie Hen had already left.

Fu Hanchuan frowned and did not hesitate anymore. He opened the car door and sat in the driver's seat.

The car quickly disappeared.

Xie Hen turned around and saw that Qin Sheng was nowhere to be seen.

His mouth was filled with bitterness.

Suddenly, a pair of white sports shoes appeared in front of him.

Xie Hen frowned.

When he looked up, it was a boy dressed very simply.

Su Yixiu's gaze fell on Xie Hen. "You like Sheng Sheng."

It was a statement.

Xie Hen narrowed his eyes. "Is it related to you?"

He could smell the scent of someone like him. This man also liked Qin Sheng.

Xie Hen felt that Su Yixiu was very familiar with him.

After a long while, he finally remembered that Su Yixiu was the second place in this year's college entrance exam. He and Qin Sheng had been in the same frame in the media.

Su Yixiu's gaze was deep. "No one can get between her and Fu Hanchuan."

Qin Sheng liked Fu Hanchuan. She had always been estranged from other men and would not give them any fantasies. He and Qin Sheng could be said to be friends, but Qin Sheng had always maintained this distance very well.

Unless Fu Hanchuan betrayed Qin Sheng, Qin Sheng would never leave him.

However, Fu Hanchuan would never have any other intentions. A man who doted on Qin Sheng like this must love Qin Sheng to the extreme.

No one could interfere between them.

Su Yixiu's words fell on Xie Hen's heart. His pupils constricted, and soon, the expression in his eyes disappeared.

Xie Hen narrowed his eyes and said, "You like her too."

Su Yixiu did not avoid it. "Yes."

The corners of his lips curled up into a bitter smile. "How could I not like her beauty?"

Back then, because of his grandmother's illness, he fell into despair. It was Qin Sheng who stood up and gave him a sum of money.

Although Qin Sheng was talking about an exchange of benefits, Su Yixiu knew that she was also helping him.

If it was really for the sake of benefits, she did not need to give him such good treatment.

Xie Hen chuckled. "Haven't you ever thought of pursuing her?"

Su Yixiu only said, "I'm not worthy. Moreover, she and Fu Hanchuan will never be separated. Pursuing her has no result at all. Why should I bother her and make the relationship sour? It's better to maintain the current relationship."

No, perhaps, Qin Sheng would not be bothered at all.

After all, he was just an insignificant friend to her.

Qin Sheng was an indifferent person. If he interfered in her relationship with Fu Hanchuan and did something bad, Qin Sheng would probably not bother with him anymore.

Xie Hen clenched his fists by his side.

Su Yixiu did not stay any longer and left, leaving only Xie Hen standing under the tree.

Xie Hen's eyes were red as he smashed the tree trunk to the side.

His hands were bruised and fresh blood dripped from the back of his hands.

Xie Hen could not feel the pain coming from his hands at all.

Was it really impossible for him to get Xiao Sheng forever?

—

Qin Sheng's performance in the military training this time quickly spread throughout Imperial Capital University.

Even the media was reporting on this matter wantonly.

The video of Qin Sheng's military training assessment appeared on Weibo. In just a short hour, he had become the top trending topic on Weibo. Her popularity instantly overshadowed many A-List celebrities.

Qin Sheng's looks were astonishingly beautiful. She was the top scorer in this year's college entrance examination.

At this moment, it was also revealed that she was extremely talented in shooting. In the world, those who could do what she did could be counted on one hand.

Many people had become Qin Sheng's fans.

Qin Sheng's Weibo fans instantly soared to 1 million.

Moreover, this number was continuously increasing.

Chapter 863: Don't Call Qin Sheng Your Wife

They also noticed that Qin Sheng would sometimes share some paintings on Weibo.

Some fans asked curiously, [Which big shot can tell me how my idol's painting is?]

A student who happened to be learning painting replied, [This painting, even if it doesn't have top-notch standards, is considered very difficult. Don't tell me you don't know that my idol's painting was sent by Imperial Capital University to participate in the National University Student Painting Competition. Every school can only send one painting to participate.]

Although Imperial Capital University did not have a painting department, many students had the talent to paint and would usually practice on their own.

Naturally, Imperial Capital University did not lack good paintings. For Qin Sheng's painting to stand out among so many paintings, it must be extremely good.

When that fan saw this reply, he was very excited. [My idol is really f*cking amazing. She's all-rounded.]

The reply was quickly trending.

There was another comment below. [How many skills does my idol have? List them all.]

Some Weibo fans went to dig.

Qin Sheng's loyal fan, Zhou Ruoyang, who had been blocked by Fu Hanchuan on Weibo for a period of time, had been following Qin Sheng's matter. He listed everything he knew.

[My Wife Is Qin Sheng: I'll do it! College entrance exam champion, painting genius, shooting expert, and fighting expert. I know all of these at the moment. There should be a lot more, but Campus Belle Qin shouldn't have exposed it yet.]

Once this reply was posted, many people liked it and appeared in front of the comments.

Fu Hanchuan saw Zhou Ruoyang's Weibo name and narrowed his eyes dangerously. He couldn't help but emit a cold air.

He picked up his phone and ordered, "Permanently block 'My Wife Is Qin Sheng's' Weibo account, Qin Sheng. Also, delete all his comments about Sheng Sheng."

Now, many Weibo accounts with names like Qin Sheng was their girlfriend and wife had been blocked by Fu Hanchuan.

Thinking about it, this account had just been unblocked.

Fu Hanchuan was very narrow-minded. He could not allow anyone to say that his Sheng Sheng was their girlfriend and wife.

She could only be his alone.

Assistant Lin was very fast. In less than five minutes, he finished.

Fu Hanchuan saw that Zhou Ruoyang's comments had disappeared. He was satisfied. He turned off his phone and focused on work again.

Fu Hanchuan would spend a lot of time with Qin Sheng in a day.

He had a lot of things to do in the company, so he spent most of his time at work when he was not with Qin Sheng.

He lived a fulfilling life like this.

On the other side, Zhou Ruoyang also received the news that his Weibo account was permanently blocked.

The reason he gave was similar to the last time. "You can't call Qin Sheng your wife on Weibo."

"F*ck!" Zhou Ruoyang cursed.

This was too detestable, using his money and power to do whatever he wanted!

Unfortunately, he had no way to stop it.

Zhou Ruoyang messed up his hair and said angrily, "You must like Campus Belle Qin. Then I curse you, Campus Belle Qin will never fall in love with you."

However, what he didn't know was that Fu Hanchuan was already with Qin Sheng.

On Saturday night, the Lin family arranged a family recognition banquet for Qin Sheng at the Qin Hotel.

Almost all the families from the upper-class circles of the capital were present.

The Lin family had an extremely high status in the capital and had connections with the Qin family, the number one wealthy class. Naturally, the Lin family invited them over.

Chapter 864: Threats: Divorce

In the hotel, people were coming and going.

Many men in suits were clinking glasses. Many of them were discussing business matters.

But most of them were curious about Qin Sheng.

"Where did this granddaughter come from? It seems that the Lin family doesn't have a daughter."

"You don't know about that, do you? The Lin family had a daughter named Lin Shuya before, but she broke off her relationship with the Lin family. This granddaughter is most likely Lin Shuya's daughter."

"Then, did Lin Shuya also return to the Lin family?"

"I don't think so. They don't have to repair their relationship with Lin Shuya to acknowledge her as her granddaughter."

"Then, what ability does she have to make the Lin family recognize her?"

Old Master Lin happened to hear their conversation as he passed by.

He stopped and said seriously, "She is my granddaughter. I didn't recognize her because I want to gain something from her."

If Qin Sheng heard them talking, she might have wild thoughts.

Old Master Lin was afraid that Qin Sheng would go back on her words and leave the Lin family.

After all, the Lin family was not particularly important to Qin Sheng. She did not need to use the Lin family to do anything.

Therefore, he could only protect Qin Sheng very carefully.

He did not want Qin Sheng to be too dissatisfied with the Lin family.

As for Mother Lin, Old Master Lin's face darkened. No matter how much he scolded her, she was like a dead pig that was not afraid of boiling water.

If it were not for Lin Haocheng and Lin Haoyu, he would have chased Mother Lin out long ago.

And Lin Chengye could not control her.

When those men heard Old Master Lin's words, their legs instantly went weak, thinking that they had offended v.

They quickly said, "Old Master Lin, you're right. You didn't bring her back for benefits. It was mainly because of family ties. Yes, family ties!"

Old Master Lin glanced at them and ignored them as he walked past them.

These men heaved a sigh of relief.

They looked at each other and understood that the Lin family valued Qin Sheng greatly.

This banquet had invited all the upper-class people. This scale was enough to show how much the Lin family valued Qin Sheng. Not to mention, Old Master Lin's words of defending Qin Sheng just now.

After they understood, they did not dare to discuss Qin Sheng anymore and changed the topic.

Mother Lin walked in and saw the scale of the banquet. She was filled with anger and her expression was very ugly.

A granddaughter and the daughter of Lin Shuya, who had severed all ties, was valued by the Lin family. She wondered if Qin Sheng had bewitched them.

This banquet was extremely luxurious.

Even the paintings on the wall and the vases were antiques worth millions.

The cost of such a banquet was probably not less than 100 million.

Mother Lin felt that it was a waste of money to spend on Qin Sheng. Qin Sheng would be like Lin Shuya in the future, an ingrate.

Father Lin, who was holding Mother Lin's arm, saw through Mother Lin's thoughts.

He warned, "Behave yourself. If you dare to cause trouble at the banquet today, I'll divorce you."

Mother Lin widened her eyes in disbelief. "Lin Chengye, you want to divorce me?"

Mother Lin's voice was not soft, but the banquet was very noisy, so the others did not hear her clearly.

Otherwise, those people would have definitely looked over.

Father Lin's expression was serious. "I'm just warning you. This banquet is very important. If you really don't understand the gravity of the situation, don't blame me."

Almost the entire upper-class circle had come to the banquet.

If they made a joke, it would be bad luck. Moreover, the Lin family would become the laughing stock of the upper-class circle.

Chapter 865: He Could See It Now

He could turn a blind eye to what Mother Lin did at home, but if she dared to embarrass the Lin family in front of outsiders, Father Lin would not let her off.

Mother Lin understood that Father Lin was not joking.

He would really divorce her.

Mother Lin gritted her teeth and did not speak.

Suddenly, there was a commotion at the banquet. It was the Qin family.

Many people instantly surrounded them. Their tone was very respectful.

“Old Master Qin, you’re here. It seems that your body is still very healthy. You will definitely live to be a hundred years old.”

Old Master Qin ignored the flattery of the crowd.

He walked toward Old Master Lin and said with a sour tone, “Old Man Lin, where did you kidnap this granddaughter of yours?”

Old Master Lin glared at him. “What kidnapping? Sheng Sheng was originally a descendant of our Lin family.”

Old Master Qin’s eyes lit up and he asked, “Where’s your granddaughter? Do I get to know her?”

Over the past few days, Old Master Lin had been showing off Qin Sheng in front of him and praising Qin Sheng in all sorts of ways.

Old Master Qin also had some thoughts. To be able to receive such praise from Old Master Lin, she was naturally a very good person.

Perhaps, he could treat Qin Sheng as his godgranddaughter.

Old Master Lin and Old Master Qin had been good friends for decades. How could he not know what Old Master Qin was thinking?

He blew his beard and stared straight at him. “Take back your evil thoughts. Sheng Sheng is my granddaughter! If she’s not from your Qin family, don’t think about kidnapping her.”

Old Master Qin muttered, “Don’t you still not have a grandfather?”

Old Master Qin had always hoped to have a granddaughter. Unfortunately, Qin Yufei was a disappointing person. He had never seen him get close to any woman, let alone having a granddaughter to hug.

It was not that he had never thought of adopting one, but Old Master Qin had gone to quite a number of orphanages. There were still quite a number of people who knew his thoughts. One after another, they sent their daughter into the Qin family and proposed to give their daughter to the Qin family.

After all, the Qin family was the number one wealthy family.

If it was on the list, there would definitely be a lot of benefits.

However, Old Master Qin did not take a fancy to any of them, so the matter of adopting a granddaughter was put on hold just like that.

Old Master Lin snorted coldly. "Don't even think about it. Moreover, Sheng Sheng will definitely not agree."

He was confident. After all, Qin Sheng was someone who could not be bothered to return to the Lin family, let alone acknowledge someone who had no connections as her grandfather.

Old Master Qin stroked his nonexistent beard. "How would we know if we don't try?"

At this moment, he suddenly patted the back of Qin Yufei's hand. "Why aren't you calling for help? Look, what are you standing here for?"

Qin Yufei felt helpless in his heart. Didn't he see that they were chatting enthusiastically, so he didn't disturb them?

"Uncle Lin." Qin Yufei did as he was told.

Only then did Old Master Lin notice Qin Yufei. He was very surprised, "When did you come back?"

"I just came back yesterday."

"Wait."

Suddenly, Old Master Lin stared at Qin Yufei's eyes seriously. His eyes were no longer as lifeless as before.

He was stunned, "Yufei, you can see?"

Qin Yufei nodded. "I went abroad some time ago because I found a cure. Now I am in the stage of recovery and can barely see clearly. In another month, I will be able to fully recover."

"Good, good." Old Master Lin's face was full of joy.

He turned his head and said to Old Master Qin: "Before Yufei could see anything, he was able to deal with the company's matters well. Now that he has seen clearly, the Qin Corporation will definitely develop extremely well in the future."

Chapter 866: Coveting His Granddaughter

Old Master Qin was also very satisfied with Qin Yufei. Other than the fact that he was already in his forties and that he had not married anyone, let alone given birth to a granddaughter for him.

He said resentfully, "What's the use of just having talent at work? You don't even have a daughter."

Qin Yufei had a headache. "Dad, this matter is not urgent."

Old Master Qin often whispered about his granddaughter in his ear. Qin Yufei had heard enough. However, he was focused on his work and had never thought of marrying a woman.

After the incident eighteen years ago, Qin Yufei avoided women as much as possible.

Old Master Qin was angered to death by Qin Yufei's words. He blew his beard and glared at him. "You're already forty years old. Other men already have two or three children. As for you, you don't even have a wife."

Qin Yufei pressed the space between his brows. "Dad, since you want to hold a granddaughter, you can adopt one."

Old Master Qin snorted coldly. "Do you think it's that easy to take in an adopted granddaughter?"

Didn't he look down on them?

Old Master Lin mocked from the side, "Old Man Qin, I know you're coveting my granddaughter. However, you can't force Yufei. He just saw her and you want him to marry a daughter-in-law."

The more Old Master Qin heard, the more uncomfortable he felt.

He glared fiercely at Old Master Lin.

His heart became even more determined. If Qin Sheng was as good as he thought, he would definitely kidnap Qin Sheng and make her his godgranddaughter, infuriating Lin Zhengtao to death.

Old Master Lin didn't know what Old Master Qin was thinking. Otherwise, he would definitely laugh at Old Master Qin's whimsical imagination.

The sound of their discussion was not small, and the movements here were also noticed by many people.

When they heard that Qin Yufei could already see, they looked at Qin Yufei with astonishment.

When Qin Yufei was twenty years old, he had lost his sight due to a car accident.

Even so, his talent in business was still astonishingly great.

In more than twenty years, he had developed the Qin Corporation from an unremarkable company into the largest company in the imperial capital. Even internationally, it could squeeze into the top ten.

This kind of ability made many people want to curry favor with Qin Yufei.

After all, they were related to the Qin family. Even if the Qin family did not help them, they would still have a lot of work to cooperate with them.

Although Qin Yufei could not see, his appearance, personality, and ability were all excellent.

Therefore, many people pushed their daughters to Qin Yufei. They even gathered good-looking women and sent them to Qin Yufei's bed. They even drugged Qin Yufei and did everything they could.

Naturally, none of them succeeded.

In order to save trouble, Qin Yufei found these companies and withdrew their biggest partners.

After a long time, very few people dared to target Qin Yufei again.

Qin Yufei also heaved a heavy sigh of relief.

Ever since that incident, he had been disgusted by the women who got close to him.

Therefore, he was very resistant to marriage. Every day, he spent almost all his time on work.

The guests looked at Qin Yufei. Qin Yufei's eyes were very lively, and he didn't look like he was blind.

It seemed that it was really good.

They wanted to go up and congratulate Qin Yufei, but seeing that they were discussing happily with the Lin family, they didn't dare to go up and disturb him.

They could only discuss in low voices.

"This Qin Yufei developed the company so well before he was blind, let alone being able to see it. I'm afraid that the capital is going to change again."

"It's a pity that Qin Yufei doesn't get close to women. Otherwise, I would really like to introduce my daughter to him."

"The Lin family is really lucky to have such a good relationship with the Qin family. I'm afraid that they have received a lot of help from the Qin family over the years."

Chapter 867: Came From a Small City

When they said this, they were sour.

Their words were filled with jealousy.

Of course, they couldn't do anything about it. The Qin family really wasn't that easy to get close to.

Zhao Xiang also held Father Zhao's arm and entered.

Seeing the decorations in the hotel, she could tell at a glance that the value was extraordinary. Even the guests that were invited were mostly of extremely high status.

Many of the people that Father Zhao wanted to curry favor with were here.

Zhao Xiang often attended all kinds of banquets with Father Zhao, so she naturally knew that many people did not want to bother with Father Zhao. And now, these people actually came to attend the Lin family's family identification banquet.

Zhao Xiang felt very uncomfortable. Why was there such a big difference between her and the granddaughter that the Lin family had just recognized?

"Dad, why do you have to make me come over to attend such a banquet? I want to go back and study."

Zhao Xiang could not bear to see others being better than her, but she did not dare to deal with a wealthy family like the Lin family. She might as well go back and not look at it. That way, her heart would not feel so stifled.

Father Zhao frowned. "You're already in university, yet you've been studying all day. You have to come out and get to know more people."

Zhao Xiang was silent.

Father Zhao looked around the banquet. From this banquet, it could be seen that the Lin family valued their granddaughter very much.

He had brought Zhao Xiang here today mainly because he wanted to go through Qin Sheng to the Lin family.

Father Zhao exhorted, "Xiang Xiang, I heard that the granddaughter that the Lin family recognized is the same age as you. You have to think of a way to get to know her. Don't throw a tantrum again, understand?"

Zhao Xiang's face stiffened. "Dad, I'm not going. I'm not going to curry favor with someone."

A woman who had just come from a small city was only the granddaughter of the Lin family. Her own mother had even been kicked out of the Lin family. What was there to curry favor with?

Ever since Zhao Xiang was young, it had always been others who came over to curry favor with her.

She had never put in any effort to be friends with others.

Zhao Xiang did not want to do such a shameful thing.

Father Zhao's face turned cold, and he reprimanded her, "Be good! The Zhao family has a collaboration recently, and they need the Lin family's help. This is very important to the Zhao family. If you still want to live a luxurious life, go over and be friends with her."

Zhao Xiang felt wronged. In the past eighteen years, Father Zhao had reprimanded her countless times.

She did not expect him to scold her today for an outsider whom she had never met before.

Zhao Xiang's heart was filled with resentment toward this so-called lady from the Lin family whom she had never met before.

"Dad, I will work hard," Zhao Xiang reluctantly agreed.

Father Zhao nodded in satisfaction and brought Zhao Xiang over to talk to the other company bosses.

Not long after, Ye Yutong and Father Ye arrived.

He had the same idea as Father Zhao.

Over the years, Ye Yutong had gotten to know the daughters of many wealthy families and had become good friends with them. As a result, the Ye family had benefited greatly.

Hence, after Father Ye received the Lin family's invitation, he brought Ye Yutong over.

Father Ye asked with concern, "Yutong, is there a problem?"

Ye Yutong nodded confidently. "No problem."

She had also heard that the granddaughter of the Lin family had come from a small city and had never seen the outside world. If she were to approach her, she would be extremely grateful, not to mention rejecting her.

Hearing that, Father Ye was relieved.

Among the people attending the banquet, there were many daughters of wealthy families who knew Ye Yutong.

It had to be said that Ye Yutong's ability to bribe people was very strong.

It was just that she had no way to get close to Fu Hanchuan.

Chapter 868: Had a Very Good Family Background

When they saw Ye Yutong, they all walked up to her and started chatting with her.

"Yutong, I haven't seen you for a few days. You look even more elegant and beautiful."

"I wonder how this granddaughter of the Lin family is. My father wants me to be friends with her. How annoying. If I have the time, why not go shopping with Yutong?"

"Right, right, right. A person who just came back from the Lin family must have come from a poor family background. Her temperament and upbringing are also extremely poor. It's really embarrassing to be friends with such a person."

Ye Yutong frowned and said, "You guys better keep your voices down. If someone with ulterior motives hears you, they might report you to the Lin family."

Hearing this, the girls all shut their mouths.

They really could not afford to offend the Lin family, not to mention that the Lin family had the Qin family backing them up.

Huang Xiaoyan, Lin Feng, and the others also arrived.

Su Yixiu, Hong Yuan, and Yu Bei came together.

Huang Xiaoyan picked up a piece of cake and sighed, "I didn't expect Sheng Sheng to be the granddaughter of the Lin family. With her status, let's see who dares to look down on Sheng Sheng."

Huang Xiaoyan did not expect Qin Sheng to have such a noble status.

She was happy, and even her appetite had improved a lot. After eating a piece of cake, she picked up a bunch of grapes.

Lin Feng looked disgusted. "Huang Xiaoyan, are you a pig?"

Huang Xiaoyan stuffed a grape into her mouth and did not care. "I'm not fat anyway."

Lin Feng sized up Huang Xiaoyan. There was indeed quite a bit of flesh on her body, and there was a bit of baby fat on her face.

He squeezed his hand.

It must feel very good.

With that thought in mind, he pinched the flesh on Huang Xiaoyan's face.

Huang Xiaoyan frowned and slapped him away. "Lin Feng, are you itching?"

Huang Xiaoyan had used quite a bit of force. A red patch appeared on the back of Lin Feng's hand, and he could feel the pain.

Lin Feng had no choice but to withdraw his hand and muttered, "Isn't this very comfortable? Can't I control myself?"

Huang Xiaoyan did not hear those words clearly.

At this moment, she had already picked up a piece of cake and was chewing on it.

In the blink of an eye, there were only ten minutes left until the start of the banquet.

Qin Sheng and the others arrived at the venue. She wore a blue evening gown and walked in leisurely, holding Fu Hanchuan's arm in her hand.

At the banquet, almost everyone's eyes were attracted by Qin Sheng and Fu Hanchuan.

Qin Sheng's long hair was casually draped over her shoulders. The hair accessories inlaid with tiny bricks on her head were particularly dazzling under the light.

The long dress on her body was just right, perfectly reflecting Qin Sheng's figure.

Qin Sheng only wore light makeup. It was a very simple outfit, but it made people unable to shift their eyes away.

The man beside Qin Sheng was also exceptionally handsome. His figure was tall and straight. His perfect face shape and exquisite facial features gave off a cold aura. He wore a black suit from top to bottom, and it accentuated his tall and straight figure.

The man would only show a gentle expression on his face when he spoke to the girl he was holding.

Both of them had extraordinary temperaments and the clothes they wore were extremely expensive.

The guests present could not help but suspect their identities.

"Who are they? Why haven't I seen them before?"

"That doesn't make sense. These two people should have extraordinary backgrounds. Why haven't I seen them before?"

“That’s right. The people who can appear at the Lin family’s banquet are all people from the upper circles. No one would even bring an ordinary female companion.”

“The Lin brothers seem to know them. Since that’s the case, their family background must be extremely good. We’ll go over and chat with them later.”

Chapter 869: She Was a Pitiful Wretch

There was a lot of discussion over here.

Normally, the two of them would not attract too much attention.

However, Qin Sheng and Fu Hanchuan were too dazzling.

They could not help but pay attention to them.

A portion of the words reached Qin Sheng and Fu Hanchuan’s ears, but they ignored it.

“Sheng Sheng, be careful. You rarely wear such a long dress. Don’t fall.”

Ever since Qin Sheng had changed into this evening dress and put on the high heels, Fu Hanchuan had kept reminding her, afraid that she would not notice and fall.

In Fu Hanchuan’s impression, this was the first time Qin Sheng had dressed like this.

Of course, he had forgotten that in her previous life, Qin Sheng had often appeared at banquets to help Qin Real Estate.

Initially, the Lin family had already prepared an evening gown for Qin Sheng.

It was a strapless gown.

Fu Hanchuan felt that it was too revealing. Moreover, when it was worn, Qin Sheng was extremely dazzling.

He did not want other men to see Qin Sheng’s appearance.

Thus, he arranged for someone to rush a gown for Qin Sheng.

Once Qin Sheng changed into it, he regretted it again.

The design of this evening gown was also excellent. It was only a little simpler than the previous one. However, it did not hide Qin Sheng’s figure. Instead, it made her appear even more charming.

If it weren’t for the fact that there wasn’t enough time, Fu Hanchuan would have really changed Qin Sheng into another one.

From the moment Fu Hanchuan left the house, his heart was filled with jealousy.

In order to prevent others from targeting Qin Sheng, Fu Hanchuan let Qin Sheng hold his hand and walk into the hotel.

He was declaring his sovereignty.

Qin Sheng already had a boyfriend.

Old Master Lu was also present. When he learned that the Lin family was holding a family recognition banquet, he boarded a plane and came over.

He was the one who brought Qin Sheng in, but Fu Hanchuan intercepted him.

Old Master Lu was furious.

He couldn't do anything to Fu Hanchuan. Who asked Qin Sheng to side with Fu Hanchuan?

Lin Haocheng and Lin Haoyu followed Fu Hanchuan and Qin Sheng as they stretched out their hands. They stared at the arm that the two of them were holding, and it was still that extremely intimate action. They felt very uncomfortable in their hearts.

They wanted to be the person who walked in with Qin Sheng's arm.

The two brothers argued about this matter in front of Qin Sheng. They did not take Fu Hanchuan into consideration. After all, it was very inappropriate for her boyfriend to bring her into the banquet. Fu Hanchuan probably would not do that.

They did not expect Fu Hanchuan to be so shameless.

Hearing Fu Hanchuan's concerned words, Qin Sheng was very helpless. "Brother Fu, you have already said this more than ten times."

Fu Hanchuan chuckled softly, his voice tinged with affection. "Sheng Sheng, are you feeling annoyed?"

Qin Sheng shook her head. "Why would I be?"

Fu Hanchuan could not help but reach out and scratch Qin Sheng's nose. "Alright, let's not talk about it anymore."

He could be more careful. He would not let Qin Sheng fall.

The two of them moved very intimately.

Many people at the scene had already guessed the relationship between the two of them.

In the crowd, Ye Yutong's hands that were hanging by her side had already tightened. Qin Sheng and Fu Hanchuan were walking together and it was very eye-catching.

She wished that she could go up and separate them.

Fu Hanchuan was hers.

He should not appear in public with Qin Sheng like this and still act so intimate.

When she saw Lin Haocheng and Lin Haoyu behind Qin Sheng, Ye Yutong was stunned and her eyes were filled with disbelief.

Why were the two members of the Lin family following behind Qin Sheng?

A guess faintly emerged.

However, Ye Yutong shook off this thought as soon as it appeared.

That was impossible. How could Qin Sheng have such a family background?

She was just a pitiful wretch that no one wanted.

As for the fact that Lin Haocheng and Lin Haoyu knew her, it must be because of Fu Hanchuan.

Chapter 870: Qin Sheng Was Not Qualified

Even though Ye Yutong thought so, she was still unwilling to accept it. What qualifications did Qin Sheng have to enter the Lin family's banquet and even go with Fu Hanchuan?

She wanted to rush up and embarrass Qin Sheng.

However, Ye Yutong still retained some rationality. If she went up like this, she would easily leave a bad impression on the upper-class circles and might very well offend the Lin family.

Ye Yutong also suppressed her impulse.

However, the gaze that landed on Qin Sheng was filled with hostility.

However, Zhao Xiang did not have such concerns like Ye Yutong. She directly rushed up and asked in an obvious tone, "Qin Sheng, why are you here?"

Qin Sheng narrowed her eyes. "Is it related to you?"

Lin Haocheng frowned unhappily. He wanted to go up and scold Zhao Xiang, but was stopped by Qin Sheng.

Qin Sheng gave him a reassuring look.

Qin Sheng's ability was very strong, and Lin Haocheng believed that Qin Sheng could solve it.

If Qin Sheng was at a disadvantage, it would not be too late for him to make a move.

With this thought, Lin Haocheng was relieved.

However, he felt very stifled. Qin Sheng was too powerful, which made her brother seem useless.

Qin Sheng did not lack money.

Qin Sheng could perfectly solve all kinds of troublesome matters.

Lin Haocheng's face fell. He began to ponder in his heart how he could please Qin Sheng so that his position in her heart would surpass Lin Haoyu's.

Qin Sheng naturally did not know what Lin Haocheng was thinking.

Lin Haoyu also frowned thoughtfully.

When Zhao Xiang heard Qin Sheng's words, she sneered, "Of course it's related. This is a banquet of the upper-class circles. What right do you, a woman who is kept by a man, have to appear here? Even I feel disgusted to be in the same hotel as you."

Fu Hanchuan frowned. "You're the one who's disgusting."

Zhao Xiang's gaze fell on Fu Hanchuan. She did not forget how Fu Hanchuan had embarrassed her when she wanted to get close to him.

Zhao Xiang stopped thinking about Fu Hanchuan after that.

In her opinion, Fu Hanchuan's family was only of average family background.

This kind of man who had a lover was not worthy of her putting down her face to let him be her boyfriend.

She immediately said in a strange tone, "Oh, isn't this the sugar daddy of Qin Sheng? You actually brought her to such a banquet? Ha, you really don't understand the Lin family's status in the capital? As expected, she came from a small family."

Zhao Xiang did not deliberately lower her voice. She also had the intention of letting everyone present hear her words. Her voice was very loud, and it clearly reached the ears of the guests standing nearby.

They did not doubt Zhao Xiang's words.

If there was no concrete evidence, Zhao Xiang would not casually say such words at the banquet.

Of course, they did not know that Zhao Xiang was a brainless person.

The way they looked at Qin Sheng was a little strange.

There were even a few hedonistic sons who had gathered together and had their eyes set on Qin Sheng.

They looked at Qin Sheng.

The expression in their eyes had changed.

Just now, they had thought that Qin Sheng was the daughter of some wealthy family. No matter how beautiful Qin Sheng was, they did not dare to have any thoughts.

But if Qin Sheng was a kept woman...

Then wouldn't they be able to get laid just by spending money?

What people like them didn't lack the most was money.

Qin Sheng's appearance and temperament couldn't be matched by any woman in the entertainment industry.

They all had thoughts about her and didn't have any scruples about what they said.

"I'm willing to die for such a beautiful woman."

“Don’t even think about it. She doesn’t like us either. Didn’t you meet her financier? Even if she chooses a financier, she would still ask for a high-quality one.”

“You’re thinking too much. A woman like her likes money the most. As long as she has enough money, wouldn’t she stick to us with a wave of a hand? If worst comes to worst, the old master will give her more money.”

“Hahaha, that makes sense. When she’s alone, I’ll go up and ask her for her phone number.”

This was a banquet hosted by the Lin family. Even they didn’t dare to casually go up and offend anyone.

They didn’t know Fu Hanchuan’s identity, so they didn’t dare to snatch a woman in front of him.

Suddenly, Fu Hanchuan’s sharp gaze swept over.
