Chapter 901: There Were Surveillance Cameras

Qin Sheng's red lips parted slightly. "You've offended me."

Wang Yufei was so angry that her entire body was trembling. She bit her lips. Now that Su Yixiu was protecting Qin Sheng, she couldn't go against Qin Sheng anymore.

She turned to face Su Yixiu with an aggrieved expression. "President Su, please let me stay in the company. I just want to do my best for the company. I was the one who contradicted Qin Sheng. I'll apologize to her now."

After saying that, she bowed to Qin Sheng. "I'm sorry, Qin Sheng. Please forgive me."

Wang Yufei's eyes were filled with hatred.

She had remembered today's incident. If there was a chance in the future, she would definitely seek revenge on Qin Sheng.

Wang Yufei felt even more aggrieved.

She had suffered such a serious injury, yet Su Yixiu was still standing on Qin Sheng's side.

Qin Sheng sneered and asked, "Are you saying that I pushed you down?"

Wang Yufei seemed to be panicking as she replied, "No, I fell down by accident. It has nothing to do with you."

Her words would easily make people think that Qin Sheng had threatened Wang Yufei. That was why she didn't dare to tell the truth.

Qin Sheng naturally saw through Wang Yufei's intentions. She smiled mockingly and looked in a certain direction. "Did you forget that our company has surveillance cameras?"

Wang Yufei was stunned and subconsciously looked in the direction of Qin Sheng's gaze.

As expected, she saw a surveillance camera.

Wang Yufei's palms were sweating profusely.

If Su Yixiu found out that she was lying, what would she do?

Wang Yufei was very nervous. She was afraid that Qin Sheng and Su Yixiu would go over to check the surveillance cameras.

On the surface... She still straightened her neck and said, "Qin Sheng, my body is not slanted. If you want to check, go ahead. If I'm slandering you, why would I injure myself so badly? You know that I'm an actress. I can't have scars on my body. This body is my life."

Tears kept falling from her face.

It had to be said that Wang Yufei was really ruthless to herself. Her knees were already red and swollen. There was even a cut and blood. Even her hands were clearly bruised

Qin Sheng tilted her head and looked at Su Yixiu. "Go and adjust the surveillance footage."

Hearing this, Wang Yufei was completely flustered. She could no longer maintain her composure and shouted, "You can't go over!"

After checking the surveillance cameras, Su Yixiu would know that she was the one who slandered Qin Sheng.

She didn't dare to think about the consequences..

Qin Sheng said mockingly, "Feeling guilty?"

Wang Yufei met Qin Sheng's mocking eyes and clenched her fists.

Biting her lips, her eyes reddened. "President Su, why are you protecting Qin Sheng? It's clearly her fault. Even if she's your girlfriend, you can't..."

"Girlfriend?" Su Yixiu frowned. It seemed that Wang Yufei had misunderstood Qin Sheng as his girlfriend.

He subconsciously looked in Qin Sheng's direction. Seeing that she didn't look angry at all, he heaved a sigh of relief.

He clarified, "We're not boyfriend and girlfriend. You've misunderstood."

Li Wen and Qi Xuan looked at each other. The disappointment in their eyes was self-evident.

They had thought that Su Yixiu and Qin Sheng were together and were prepared to knock them on the head. They didn't expect that they would be told that they weren't.

Wang Yufei was also stunned. Immediately, a wave of joy rose in her heart. If they weren't boyfriend and girlfriend, they would most likely be in a committed relationship.

In this way, Qin Sheng wasn't that important in Su Yixiu's heart.

However, before Wang Yufei could be happy, Su Yixiu came to Qin Sheng's side and called out respectfully, "Boss."

Chapter 902: Calling Her Boss

Wang Yufei was stunned.

Li Wen and Qi Xuan were also stunned.

Bo, boss?

Su Yixiu was only the general manager of Shenghe Entertainment and the person in charge was someone else. They were very clear about this. It was just that they had been in the company for more than a week and they had never seen the boss of Shenghe Entertainment.

Now they were told that the person in charge of Shenghe Entertainment was only a young girl, only 18 years old?

They finally understood why Su Yixiu would be so respectful to her.

Li Wen and Qi Xuan looked at Wang Yufei and felt sorry for her. No one would be so unlucky to use this white lotus method on their own boss.

No matter how much they hated Wang Yufei, they couldn't help but wipe the sweat off their forehead for Wang Yufei.

She wouldn't end up well.

Qin Sheng took out her phone and looked at the emoji that Fu Hanchuan had sent her on QQ.

Her eyes curved into a smile.

She also replied with an emoji. At this moment, her mood was obviously much better.

Su Yixiu happened to see the content on Qin Sheng's phone from the corner of his eye. His eyes darkened.

His pinched fingertips showed that he was not calm.

At this moment, Wang Yufei also reacted.

Qin Sheng was the boss of Shenghe Entertainment? How was that possible?

As for Shengshi Technology...

Thinking of this, Wang Yufei denied her original idea. Shengshi Technology and Shenghe Entertainment were definitely not under the same person. As for being in the same building and having a similar name, it was all a coincidence.

How could Qin Sheng have such a big company like Shengshi Technology?

Wang Yufei's face turned pale.

Qin Sheng took back her phone and looked at Wang Yufei. "You don't have to stay in the company anymore. We, Shenghe Entertainment, can't afford a big buddha like you."

1

Wang Yufei might become popular, but Qin Sheng wouldn't leave such a person with a bad character in the company.

She wasn't short of money.

In the future, if she developed that virtual reality game, the profits would be unimaginable. Naturally, Qin Sheng wouldn't put Wang Yufei in his eyes.

Not to mention, after Lin Haocheng entered the company, many artistes and managers would come looking for him.

Wang Yufei pointed at herself and said in a sharp voice, "Qin Sheng, are you going to fire me?"

Qin Sheng nodded. "Yes."

At this moment, Wang Yufei decided not to act anymore. She sneered. "Qin Sheng, do you know that there are many entertainment companies out there fighting to hire me, but I didn't agree to it?"

Qin Sheng played with her phone. It was rare for her to be in the mood today. That was why she watched Wang Yufei jumping up and down in front of her like a clown.

Wang Yufei turned to look at Su Yixiu, looking very hurt. "President Su, I entered an entertainment company that couldn't even be considered to have started because of you. I didn't even bother with Star Creator Entertainment. Now that Qin Sheng wants to expel me, President Su, are you going to let her do as she pleases?"

1

Because of her outstanding appearance, she was also from Capital Film and Television University. In the entrance examination for Capital Film and Television University, she was ranked third.

Many film and television companies had approached her, and Star Creator Entertainment was one of them.

Wang Yufei wanted to sign a contract with an entertainment company after she had achieved some achievements.

After all, if a person entered the company just like that, it would be difficult for her to stand out if the company didn't take her seriously.

It wasn't until Su Yixiu approached her.

When Wang Yufei first saw Su Yixiu, she fell in love with him.

It was rare for her to agree to enter Shenghe Entertainment.

Su Yixiu had become the general manager of a company at a young age. He was also ranked second in this year's college entrance examination. His future prospects would not be bad.

Chapter 903: Threatened Her

Wang Yufei wanted to be with Su Yixiu.

Later, when she found out that Shenghe Entertainment and Shengshi Technology were on the same floor, she thought that the two companies were under the same name. With Shengshi Technology in the lead, the development of Shenghe Entertainment would not be bad.

Wang Yufei was even more determined to stay in Shenghe Entertainment.

At this moment, she looked at Su Yixiu with hope, hoping that he would stand up for her.

However, Su Yixiu did not look at her and said mercilessly, "Wang Yufei, you slandered the boss and said that she pushed you down. Our company cannot tolerate such a spoiled and pretentious woman."

Wang Yufei's eyes were red as she shouted, "How did you know that I was the one who framed her?"

Su Yixiu naturally knew Qin Sheng's character. She disdained to use such a sinister method to deal with a person.

Qin Sheng wouldn't take a small character like Wang Yufei seriously. She found it troublesome. Why would she take the initiative to bring trouble upon herself?

The only possibility was that this was a show that Wang Yufei had staged herself.

Su Yixiu frowned and said, "If you admit it, we can check the surveillance cameras."

Wang Yufei choked. She didn't expect Su Yixiu to think of the surveillance cameras.

It seemed that Su Yixiu and Qin Sheng were determined to chase her out of the company.

Wang Yufei bit her lip and said, "President Su, since you can't differentiate right from wrong, I've given up on you. A man like you isn't worth my liking."

Li Wen and Qi Xuan had a new understanding of Wang Yufei's actions.

How confident was Wang Yufei that the whole world would revolve around her?

Su Yixiu was very capable, so his future would definitely be very bright.

Even if Wang Yufei managed to make a name for herself in the entertainment industry in the future, she would not be able to match up to Su Yixiu.

Qin Sheng did not say anything. She only looked at Wang Yufei mockingly.

Wang Yufei sneered. "Ha, this Shenghe Entertainment is just a small company. It's not worth my attention. Qin Sheng, even if you are the boss of Shenghe Entertainment, do you think that Shenghe Entertainment will be able to develop?"

Qin Sheng's tone was cold. "You don't have to worry about that."

Wang Yufei said again, "After the contract is terminated, many companies want me. I just want to see how good your company will be without me."

Wang Yufei felt that Shenghe Entertainment could not develop.

There were pitifully few artistes in Shenghe Entertainment now, let alone excellent artistes.

Li Wen and Qi Xuan's conditions were considered good, but they were still far inferior to her.

Shenghe Entertainment had just been established not long ago. Those who were willing to join were usually university students. Those who were slightly famous would never join such a small company.

Originally, Shenghe Entertainment still had some hope, but now, they had chased her away...

Wang Yufei wanted to see how long Shenghe Entertainment could last.

Qin Sheng curled her lips and ignored Wang Yufei. She said, "Yixiu, you can take out the contract termination and sign it for Wang Yufei."

Wang Yufei sneered. "Pay the contract termination fee first."

Su Yixiu frowned. "There's no contract termination fee. Before the filming starts, if you're not satisfied, both parties can terminate the contract at any time."

Wang Yufei paused. She had originally wanted to obtain a large amount of termination fee from Shenghe Entertainment, but she had forgotten about this matter.

However, she had already wasted a week here.

Wang Yufei felt very uncomfortable that she hadn't received any compensation.

Perhaps, she could threaten Shenghe Entertainment and force them to compensate her.

Chapter 904: Shengshi Technology Was Also Qin Sheng's

Qin Sheng could tell what Wang Yufei was thinking. She raised her eyebrows and said, "Of course, you don't have to cancel the contract."

Wang Yufei's eyes were alert. How could Qin Sheng be so kind?

Qin Sheng continued, "If you stay in the company, we can give you the basic monthly salary. However, whether you give us the resources or not, it's up to us."

Qin Sheng's words clearly told Wang Yufei that if she didn't terminate the contract, Shenghe Entertainment could put Wang Yufei on ice.

Without the resources, the artistes wouldn't have the chance to be exposed, let alone become an A-List celebrity.

Wang Yufei was so angry that her entire body was trembling. She gritted her teeth and said, "Alright, I'll sign it. Qin Sheng, I'll remember this humiliation today. I'll return it to you one day."

At this moment, Su Yixiu came over with a document.

He happened to hear Wang Yufei's words. He looked at Wang Yufei with ice in his eyes.

When Wang Yufei saw this, a chill suddenly rose from the bottom of her feet.

Qin Sheng took a look and said, "Sign it."

Wang Yufei bit her lip and took the pen. She signed her name without hesitation.

"Qin Sheng, I hope your Shenghe Entertainment can last longer and that it won't just last for two months before it goes bankrupt."

Qin Sheng replied, "It won't close down. You don't have to worry about that. Please go ahead."

Qin Sheng pointed at the door.

She was trying to chase Wang Yufei out of the company.

Wang Yufei's face alternated between green and white. It was unknown whether she was embarrassed or angry.

She picked up her bag and raised her chin, looking very arrogant. "Fine, I'll leave. Do you think I care about this lousy company of yours?"

Wang Yufei left the company without looking back.

When she arrived at the entrance of the company, she turned around and looked at the building. Her expression was gloomy as she squeezed out every word from between her teeth. "Qin Sheng, I'll make you regret chasing me out one day."

She took out her phone. "I want to sign a contract with you."

At the company.

Su Yixiu said apologetically, "Sheng Sheng, I'm sorry. I didn't know Wang Yufei's character. I let her offend you."

Shengshi Technology rarely schemed against each other. One of the reasons was that Hong Yuan had strict checks on the quality of its employees.

Those who caused trouble and played petty tricks had already been chased out of the company.

Su Yixiu naturally knew how important Qin Sheng treated aspect. However, he had been busy with the company's matters during this period of time, so he had been delayed.

"It's alright. I gave you this list. Moreover, if we let her go now, there won't be any losses to the company."

Qin Sheng saw that it was almost time. "I'll go somewhere else first."

This time, Su Yixiu didn't mention to accompany Qin Sheng. He nodded and said, "Okay."

After Qin Sheng left, Li Wen and Qi Xuan, who had been hesitating and didn't dare to say anything, went up to ask Su Yixiu.

"President Su, is Qin Sheng really the boss of our company?"

Su Yixiu frowned and said, "Sheng Sheng thinks it's troublesome. This matter is only known to the people in the company."

Usually, Qin Sheng did not deliberately hide her identity. It was only to prevent the reporters from secretly taking photos and chatting with some people so as to avoid exposing her identity. Of course, if it was accidentally leaked... She would also let nature take its course.

Li Wen and Qi Xuan zipped their mouths. "It's absolutely confidential."

Li Wen asked carefully, "President Su, what about Shengshi Technology?"

Li Wen also noticed that outside this building, the words 'Shengshi Technology' was written in large letters, while Shenghe Entertainment was on the fourth and fifth floors. The rest were all Shengshi Technology employees.

There was only one possibility.

Chapter 905: The Genius Girl Who Created a Miracle

Su Yixiu did not answer this time, but it was obvious that Shengshi Technology was also Qin Sheng's.

He walked away.

Qi Xuan still did not understand what Li Wen meant. She asked curiously, "What's wrong with Shengshi Technology?"

Li Wen looked excited. "This Shengshi technology belongs to the same person as Shenghe Entertainment."

Qi Xuan's eyes widened in surprise. "You mean Qin Sheng is the boss of Shengshi Technology and Shenghe Entertainment?"

"That must be it." Li Wen nodded with certainty.

Qi Xuan clutched her chest. She hadn't recovered yet. "Wait, why do I keep feeling like this is a little dreamy? Qin Sheng is only eighteen years old and is still in her first year of university. It was one thing for her to be the boss of Shenghe Entertainment, but now there's Shengshi Technology. This 'Three Realms' is from Shengshi Technology, isn't it?"

"That's right. I've played 'Three Realms' as well. 'Three Realms' is very popular on the internet. Its revenue is at least tens of millions a day."

Qi Xuan suddenly remembered what Qin Sheng had said. She was not short of money.

As expected, only someone with confidence could say that.

Li Wen stroked her chin. "Shengshi Technology only took less than half a year to register and become one of the top gaming companies in the country. Then, I still feel that Shenghe Entertainment is not simple."

After a pause, she said, "Qi Xuan, we're here for the entertainment company. Shenghe Entertainment has a lot of potential. No matter what, it has Shengshi Technology as its backing."

Qi Xuan nodded in agreement. "Let's not talk about other things. Just the contract with Shenghe Entertainment alone is enough to move people's hearts."

The company did not need to arrange for the 6-4 of the profits to accompany the guests and arrange resources with their bodies.

Even if they were kept by a sugar daddy, once they were discovered, they would be frozen.

With such a good contract, even if Shenghe Entertainment did not develop well in the future, she would still be willing to sign it.

However...

Qi Xuan frowned and said, "An entertainment company is not like a gaming company. The company has just started and very few famous artists are willing to enter the company. How can we talk about development?"

Li Wen raised her eyebrows. "Do you want to make a bet?"

Although everything was full of uncertainty, Li Wen inexplicably believed that Qin Sheng could do it, this genius girl who could create miracles.

She had initially doubted her decision.

After all, after becoming an official employee of Shenghe Entertainment, she had to spend the most precious seven years of her life on Shenghe Entertainment. If she could not become famous, she basically would not have a chance later on.

This was a huge gamble.

However, after Li Wen found out that Qin Sheng was the boss of Shenghe Entertainment, she was relieved.

Qin Sheng was able to create a miracle like Shengshi Technology. She believed that Shenghe Entertainment would not be bad either. It was very likely that she would become a leading company in the future.

Hearing this, Qi Xuan shook her head. "I don't think so. With the pervert that our boss is, maybe she can really do it. I don't want to bet on something that has a small chance of winning."

A hint of disappointment could be seen in Li Wen's eyes. It seemed like she couldn't trick Qi Xuan anymore.

These few days, Li Wen and Qi Xuan would go to the company to train every day. Even when they lived together, they would live together in the company's dormitory.

Their personalities were very compatible, and they got along very well.

The two of them would often joke around.

Qi Xuan had been tricked by Li Wen many times to bet. Of course, every time, she would always lose.

At this moment, Qi Xuan's IQ was on the line.

Qi Xuan sat on the sofa. She had a fangirl expression on her face. "I always feel that our boss is too handsome. By the way, she owns two companies at the age of eighteen. One of them has already become one of the best companies in the gaming world. How did she do it?"

Chapter 906: Qin Sheng Won the First Prize

She took out her phone and checked Qin Sheng. The information on Qin Sheng's encyclopedia was relatively complete on the internet.

Qi Xuan was stunned after reading Qin Sheng's information. She didn't react for a long time.

"My god, starting a company, being an expert in painting, and being the top scorer in the National College Entrance Examination, is there anything our boss doesn't know? Qin Sheng is 18 years old and I'm 20 years old. Even now, I still rely on my family to make ends meet. Comparing people is simply infuriating."

Qi Xuan muttered again, "I wonder which man is worthy of our boss?"

Li Wen was also very impressed with Qin Sheng.

Perhaps this was how life's winners were like.

—

On Monday, the results of the National University Student Painting Competition were out.

Imperial Capital University didn't have much of a reaction to this.

After all, their school didn't have a major in painting. In every year's competition, their school would rarely win an award, at most a third-class award.

Therefore, most of the leaders of Imperial Capital University didn't expect the results.

Only the principal sat in his office, waiting for the results of the competition to be announced early.

At 2 o'clock in the afternoon, the principal logged onto the website punctually to check the rankings announced by the National Painting Association.

The principal took a few deep breaths. He was still nervous. Those who did not know would have thought that he was the one participating in the painting competition.

This time, the teachers who knew a little about painting were all full of praise for Qin Sheng's painting. The principal was also full of anticipation for Qin Sheng's painting.

Imperial Capital University did not specialize in painting. However, if they were to be ranked in the top two of the competition, it would be a matter of great prestige if word got out, especially if they could show off in front of Peking University.

The image on the computer finished loading, and the results of the competition appeared.

The principal was wearing a pair of glasses. He did not dare to start searching from the top, starting from the bottom row of words, one by one.

The principal read half of it, but did not see Qin Sheng's name.

He took off his glasses, feeling complicated.

He did not know whether to be happy or disappointed.

Qin Sheng might get into the top few, but there was also a possibility that Qin Sheng did not get into the top few.

The principal adjusted his emotions and picked up his glasses.

The further he looked, the more worried he became.

Finally, the principal found Qin Sheng and the name of her painting in the front seat.

First prize, Qin Sheng's "Waterfall."

The principal was stunned. He thought that he had seen wrongly.

Qin Sheng's painting was indeed outstanding, but could she get first place?

The principal took off his glasses again, rubbed his eyes, and finally put them on. He looked at them very seriously.

After repeatedly confirming it a few times, the principal began to laugh loudly. "Good, good. I didn't expect Qin Sheng to receive such a big honor for Imperial Capital University in just a month. As expected, that money wasn't wasted!"

At that time, Imperial Capital University had given Qin Sheng a bonus of 10 million and agreed to all kinds of humiliating conditions.

Because of this, the principal's heart ached for a long time.

He did not expect Qin Sheng to be able to paint so well apart from being a strong student.

The principal began to be curious about how much joy Qin Sheng would bring him next.

The dean knocked on the door and entered. He placed a document on the table.

When he saw the principal's beaming face, he asked curiously, "Principal, did you encounter something happy?"

The principal glanced at him and said in a good mood, "Qin Sheng, she won the first prize in this painting competition."

Finally, he added, "Only one student won the first prize."

Chapter 907: The Battle Between the Principals of the Two Universities

The dean of the Academic Affairs Office was stunned. He was very surprised. "First place? Student Qin Sheng is ranked first in all subjects in the college entrance examination. Does she have such a strong ability in painting?"

The painting competition was to select a painting from all the universities in the country and send it to the Capital Painting Association for selection.

Only after going through many stages of selection would one have a chance to enter the finals. Those paintings were naturally very powerful.

And Qin Sheng was actually able to get first place?

One had to know that in the previous three years, Ye Yutong had represented Imperial Capital University in the painting competition. The best ranking she had ever gotten was only the third-class prize.

The principal was laughing so hard that he could not close his mouth. "That's right. Fortunately, Qin Sheng is from our school. This is a great bargain for us. When that Old Man Li finds out about this, he will definitely regret not being able to lure Qin Sheng to Peking University."

Thinking of this, he couldn't wait to let the President of Peking University know about this.

After letting the dean of the academic affairs office leave, he picked up his phone and started to show off to the President of Peking University.

“Old Man Li, the results of the National University Student Painting Competition are out. I took a look and saw that your university’s ranking in this National University Student Painting Competition is only at the third-class prize.”

The principal of Peking University frowned and said, “Tell me, why did you call here today?”

The principal of Imperial Capital University was smiling and his tone was very annoying, “Our school’s Qin Sheng won the first-class prize in this competition. Old Li, you have a major in painting, but Imperial Capital University doesn’t. Your place is not as high as our school’s. This really doesn’t make sense.”

“Meng Changli!” The principal of Peking University gritted his teeth and said, “What’s there to be proud of? If it wasn’t for your school’s sinister methods, Qin Sheng would have come to our university.”

Speaking of this, he got angry.

Because of Fu Hanchuan, for several years, the students who went to Peking University were not as good as those from Imperial Capital University.

Now, there was another Qin Sheng from Imperial Capital University.

He could already imagine that next year, none of the top ten students would go to their university.

“How can you say that? Old Man Li, blame yourself for not having the ability to let Qin Sheng go to your school.”

“Meng Changli, Fu Hanchuan is related to Qin Sheng. Qin Sheng went to your school because of Fu Hanchuan. What kind of ability is that?”

He had heard from the teacher in the Admissions Office that Fu Hanchuan was Qin Sheng’s brother.

Qin Sheng chose Imperial Capital University mainly because Fu Hanchuan had also studied at Imperial Capital University in the past.

The principal of Peking University was very regretful. At that time, he should have not been disdainful of dragging Fu Hanchuan to Peking University at all costs.

Of course, there was no medicine for regret in this world.

The principal of Imperial Capital University snorted coldly. “If you have the ability, then you can also produce a Fu Hanchuan.”

“Meng Changli, you still think highly of Qin Sheng. As long as Qin Sheng wants to come, we at Peking University welcome her at any time. Don’t be careless and let Qin Sheng leave your school,” the principal of Peking University said through gritted teeth.

What he did not tell the principal of Imperial Capital University was that Peking University had contacted Qin Sheng many times, trying to persuade Qin Sheng to go to Peking University. They even offered a very rich bonus. Imperial Capital University had given Qin Sheng everything, and on top of that... They even offered her a bonus of ten million.

This was an unprecedented rich bonus for a domestic university.

However, despite this, Qin Sheng still didn't agree to it.

Later on, she even felt annoyed and directly blocked their cell phone numbers.

Chapter 908: How Do I Torture Her?

When he heard this, the principal of Imperial Capital University sat up straight and said in a vigilant voice, "Old Man Li, what do you want to do?"

The principal of Peking University replied, "I mean it literally. In short, Meng Changli, you better not let me take advantage of this loophole."

After saying that, he hung up the phone.

The principal of Imperial Capital University was extremely uneasy, afraid that Qin Sheng would leave Imperial Capital University.

Why were all of them trying to kidnap Qin Sheng?

No, as long as Qin Sheng did not break the law, he would try his best to fulfill her requests in the future.

He had to properly honor such a little ancestor.

—

In the office of the president of the Painting Association.

"AH—"

Ye Yutong swept all the things on the table onto the ground.

"Qin! Sheng!"

Ye Yutong's eyes were bloodshot as she stared at the notification on the QQ group. Her expression was frighteningly dark.

Ye Yutong did not want to go over and see the results of the competition.

However, the principal was happy. After he ended the call with the principal of Peking University, he arranged for someone to send this news to the notification groups of the various classes.

Ye Yutong saw it on the notification group.

At this moment, she clenched her fists tightly by her side.

She was very unwilling.

How did Qin Sheng get first place?

It was not that Ye Yutong did not expect Qin Sheng to get a good ranking, but she did not expect Qin Sheng to get first place directly.

At this moment, Wang Xiaoli walked in with her phone in her hand. It was obvious that she was also here for Qin Sheng's matter.

“Yutong, have you read the notice?”

Ye Yutong did not reply. It was only then that Wang Xiaoli noticed the ugly expression on Ye Yutong’s face. She knew that Ye Yutong had read the notice.

She asked very carefully, “Yutong, when are you going to tell everyone that Fu Hanchuan is your fiancé and Qin Sheng is the mistress?”

Ye Yutong’s eyes darkened. “There’s no rush. Let’s wait first.”

It was not that she had not thought of announcing it as soon as possible. She wanted to make Qin Sheng’s reputation stink.

However, it was hard to guarantee that Fu Hanchuan would step forward to clarify the matter.

If that happened, it would only damage her own reputation. Ye Yutong did not want to gamble.

What she wanted was to be absolutely safe.

It seemed that she had to quickly get the Ye family and the Fu family to settle this matter.

She really did not like to see Qin Sheng and Fu Hanchuan spending the entire day together, flaunting their affection in front of her.

She would find it ironic.

Ever since Ye Yutong bumped into Fu Hanchuan to pick up Qin Sheng, she would hide behind a tree every Monday to Friday after school, watching them.

Jealousy and unwillingness had almost eroded her rationality.

She was the one who had met Fu Hanchuan first, and both parents had agreed that they should be together. Why would Qin Sheng, who had only known Fu Hanchuan for half a year, interfere in their relationship?

She had had enough of this kind of life!

She had to break them up and snatch Fu Hanchuan back!

Fu Hanchuan was hers!

She would never allow anyone to snatch her things away.

Wang Xiaoli knew that Ye Yutong had her own plans and did not continue asking.

She thought of something. She frowned and asked again, “Yutong, do you really want Qin Sheng to continue staying in the Association? Most of the people in the Association only speak based on works. Now that Qin Sheng has won the first place in the painting competition, it is inevitable that she will threaten your position.”

Ye Yutong let out a mocking laugh. Her eyes were filled with scheming. “Why not? The Painting Association is my territory. If Qin Sheng doesn’t stay here, how am I going to torture her?”

Chapter 909: Playing With the Woman Outside

Her tone was cold and her face was even a little twisted.

Wang Xiaoli was frightened by Ye Yutong.

She did not dare to stay in the office anymore for fear that Ye Yutong would vent her anger on her.

Others would think that Ye Yutong was very kind and generous and did not even know how to speak harshly.

This was just her disguise.

Only people like Wang Xiaoli who were always by Ye Yutong's side knew how unpredictable Ye Yutong was.

Wang Xiaoli's voice was trembling. "Yutong, I still have something to do. I will be leaving first."

Ye Yutong did not stop Wang Xiaoli.

When Wang Xiaoli left the office, she heaved a sigh of relief. She was afraid that Ye Yutong would go back on her words and call her back. She quickened her pace and returned to the dormitory.

On the other side, Ye Yutong returned to the chair in front of her desk and sat down.

There was no clear expression on her face.

At this moment, Fu Mingxu called her.

These days, Fu Mingxu often contacted Ye Yutong and would send her all sorts of gifts. It was obvious that he was wooing Ye Yutong.

Fu Mingxu went to a trashy university and even his appearance was rather ordinary.

Ye Yutong naturally looked down on Fu Mingxu, but she still needed him for something, so she kept him hanging and did not reject his gift.

Ye Yutong picked up her phone and saw the note on it. A look of disdain flashed across her eyes.

She picked up the call and put the phone close to her ear.

Fu Mingxu's fawning voice came through the phone. "Yutong, are you busy right now?"

Ye Yutong replied casually, "Yes."

"Then are you free tonight? Let's go over for dinner together. How about it?"

Ye Yutong rejected him. "I still have a lot of work to do tonight. Let's do it another time."

Fu Mingxu did not insist. "Alright, then. When are you free to contact me? I am free anytime."

After he hung up, he casually threw his phone on the table in front of him.

He picked up a glass of wine and drank it.

His friend, who was sitting beside him and had red hair, saw him and fed a grape to the beauty in his arms. He smiled and said, "Mingxu, are you contacting your childhood sweetheart again?"

Fu Mingxu did not say anything.

His friend knew that he had guessed correctly. He frowned and said, "Mingxu, with your family background, you can have any woman you want. Why are you so obsessed with a woman?"

Fu Mingxu could not understand why Ye Yutong looked down on him and why he still liked her.

When Ye Yutong was young, she was very outstanding in that villa area. Many children fought to play with Ye Yutong, including him.

However, Ye Yutong never paid attention to him. She often followed behind Fu Hanchuan.

Fu Hanchuan also did not pay any attention to Ye Yutong.

Up until now, Ye Yutong had always wanted to be Fu Hanchuan's wife.

Fu Mingxu did not understand. What was so good about Fu Hanchuan that Ye Yutong wanted to marry him wholeheartedly?

The Fu family's wealth did not fall into his hands. The Lu family was rich, but would the Lu family give money to a grandson like Fu Hanchuan?

Just because Fu Hanchuan was a small manager of HD Group?

Although HD Group was a company with huge potential for development, Fu Hanchuan only worked for HD Group. His salary was not that high.

His friend said again, "Mingxu, listen to my advice. Don't give up a large area of the forest for a woman. Even if you like her, you can still play with other women outside."

Chapter 910: Personally Went Over To Invite Qin Sheng

Fu Mingxu drank a glass of wine and took the opportunity to hug a scantily clad woman beside him.

The corners of his lips curled into a disdainful smile. "Ye Yutong's heart is not in me, and I have no need to be loyal to her. Of course, if she becomes my wife, I will treat her well."

Fu Mingxu had been fooling around with women since he was eighteen years old.

His girlfriend had changed month after month.

He did like Ye Yutong, but he would not keep his virginity for her.

His friend was relieved. "That's good."

He raised a glass of wine and said, "Come, Mingxu, drink."

Qin Sheng's painting was selected by the people from the Capital Painting Association.

They immediately sent someone to contact Qin Sheng.

Qin Sheng and Sheng's painting styles were similar, and they were equally outstanding.

Previously, they had contacted Sheng and asked her to enter the Imperial City's Painting Association. In the end, Qin Sheng entered H City's.

This time, they didn't want to miss out on this genius girl no matter what.

The president of the Capital Painting Association looked at the information on the table.

He was very surprised. "I didn't expect Qin Sheng to be the top scorer in the college entrance examination. No wonder I feel that her name was very familiar. Such a talent must be won over by our association. Old Liu, go and make the arrangements."

"Okay." His assistant agreed. He had just reached the office door when he was stopped by the association president. "Wait, I'll go over myself. This will show more sincerity."

Most of the members of the Capital Painting Association were already famous painters. They were all over 25 years old.

Qin Sheng was only 18 years old. There was no such person.

The president of the Association knew very well that Qin Sheng had such standards at such a young age. In the future, her abilities would be unimaginable.

The president of Capital Painting Association moved very quickly. Half an hour later, he appeared at Imperial Capital University.

He found the principal.

The principal looked at him with hostility. Although Qin Sheng had entered the Association not to leave Imperial Capital University, this would still reduce her study time.

The association's president, Wei Zhang, asked, "Principal, may I know where Qin Sheng is?"

The principal stared at him for a long time. Wei Zhang felt a chill run down his spine. "What, what's wrong?"

The principal was actually thinking about the possibility of Qin Sheng going to the Association. Based on Qin Sheng's personality, she probably wouldn't join.

Thinking of this, the principal felt relieved.

The principal had been worried sick the whole month since Qin Sheng came to the school.

Qin Sheng was too high-profile and ostentatious outside. In the past, there was Peking University eyeing her like a tiger, and then there was a military base.

These days, the military base had called him quite a few times.

They had offered a lot of good conditions to tempt him and make him agree to let Qin Sheng go to the base.

Fortunately, he was a determined person and did not agree.

He still had a sour expression on his face. He did not look good to those who coveted Qin Sheng. "I'll bring you there now."

The principal contacted Qin Sheng and made it clear that she was still in the laboratory.

Ten minutes later, the two of them appeared at the entrance of the laboratory.

Wei Zhang wanted to push the door open and enter, but was stopped by the principal. "Qin Sheng is someone that our school has high hopes for. Time is like money. If she is unwilling, don't waste her time."

Wei Zhang agreed without thinking. "Okay."

Only then did the principal call Qin Sheng out and not let Wei Zhang enter the laboratory.

He had his own thoughts.

If he were to sit in the laboratory, wouldn't he stay for a very long time?

Only by standing outside would he be able to speak less.
