

Bigshot 931

Chapter 931 Fell From the Altar

Ever since Qin Sheng dragged Hong Yuan into the blacklist for more than half a year, she would never let him out unless it was necessary. And the number of times Qin Sheng took the initiative to look for Hong Yuan was pitifully few. It could be counted with one hand.

It was no wonder that Hong Yuan did not believe it.

Hong Yuan ignored it and continued to bury his head in processing the documents.

The ringtone of his phone continued.

Suddenly, Hong Yuan frowned. He quickly picked up his phone and looked at the words on it.

He rubbed his eyes and confirmed it again.

It was indeed Qin Sheng. There was no mistake.

Hong Yuan was happy. His hands were shaking as he picked up Qin Sheng's call. "Boss, are you looking for me for something?"

Qin Sheng's fingertips lightly tapped the table. "Help me do something."

Hong Yuan's face instantly fell. Indeed, if Qin Sheng did not have something to look for him for, she would definitely not have pulled him out of the blacklist.

After the matter was completed, Qin Sheng would probably drag him back into the blacklist.

"Can I refuse?"

Qin Sheng was looking for him, and it was probably not a work matter. Hong Yuan was extremely resentful. It was fine if Qin Sheng did not come to the company to help, but if there was anything else, he and Yu Bei would handle it. Every matter was not simple.

Qin Sheng raised her eyebrows and smiled. "No."

Hong Yuan pressed his temples weakly. "You say it."

Qin Sheng was in a hurry and did not say anything else to Hong Yuan. She said directly, "Go and investigate Star Creator Entertainment. Also, ask Yu Bei to investigate the scandals of their artists."

Hong Yuan sat up straight and said excitedly, "Boss, are you preparing to deal with Star Creator Entertainment?"

Hong Yuan could never forget how Qin Sheng dealt with Long Yue Technology.

If he was Dai Ren, he would probably have a shadow in his heart from games in the future.

However, he was on Qin Sheng's side. Seeing that Long Yue Technology was dealt with by Shengshi Technology and ended up in such a miserable state, he naturally felt very happy.

Qin Sheng had also worked with the Zhao Corporation on a few collaborations.

Of course, Qin Sheng had only given the Zhao Corporation a warning and did not go all out on them.

But at this moment, it was very obvious that Qin Sheng was going to destroy Star Creator Entertainment.

Qin Sheng nodded and did not hide anything. "Star Creator Entertainment will soon make a move on Shenghe Entertainment. Prepare these and you can counterattack at any time."

Hong Yuan was uncertain. "Only counterattack?"

Qin Sheng: "Of course not."

Hong Yuan was relieved. He agreed. "Alright, I'll do it right away."

Qin Sheng ended the call with Hong Yuan and turned on her computer.

Her slender and beautiful fingers danced on the computer keyboard as she clicked the mouse from time to time.

In less than half an hour, Qin Sheng had hacked into Star Creator Entertainment's internal system.

She made a copy of the information of the A-List artistes in Star Creator Entertainment.

Then, she quit.

Everything went on silently. Star Creator Entertainment did not discover it.

There was a lot of information, and Qin Sheng did not have the patience to read it. Therefore, she sent all the information to Hong Yuan, asking him to dig up dirt on these artistes.

Of course, Qin Sheng didn't plan to do anything to most of these artists. She just wanted to use this information to threaten Wu Yongli.

As for Star Creator Entertainment, she had her own ways to get them out of their position as the leading company.

There was also no need to keep the few people from Star Creator Entertainment who liked to go against Lin Haocheng.

In his previous life, Lin Haocheng had fallen from the altar of the entertainment industry, and these two female artists had played a great role in it.

As an international superstar, Lin Haocheng's incident broke out very seriously in the past.

Chapter 932 Finding Dirt On Them

In one day, he had gone from hundreds of millions of fans to only around 10 million fans, and most of them were still anti-fans.

Lin Haocheng was exposed by the netizens, and it was a scene where everyone shouted and attacked him.

Those original fans of Lin Haocheng felt cheated, and they attacked Lin Haocheng mercilessly.

Although there were millions of fans who defended Lin Haocheng, compared to those tens of millions, they couldn't stir up any ripples.

Lin Haocheng also withdrew from the entertainment circle because of this matter.

The Lin family naturally stepped forward to help Lin Haocheng investigate the truth of the matter. Lin Haocheng was also cleared of all wrongdoing, but Lin Haocheng had never appeared in public again.

In her previous life, even though Qin Sheng rarely paid attention to the entertainment circle, she still knew about it.

Qin Sheng's eyes darkened. Since she had already acknowledged Lin Haocheng as her brother, she naturally had to protect him.

These female artistes had an extremely perfect persona.

However, Qin Sheng was clear that they were ugly beneath their skin.

Without any hesitation, she began to operate the computer.

These two female artistes were also Qin Churou's competitors. After the Lin family dug up some dirt on them, Qin Churou frequently mentioned them in front of her.

Qin Sheng also had a rough understanding of them.

Qin Sheng directly hacked into the cell phones and computers of the two female artistes' sponsors. There were many ambiguous pictures and videos, and the pictures of the two female artistes on them were very clear.

There were many such transactions under Star Creator Entertainment.

Therefore, many of the popular female artistes of Star Creator Entertainment could find a lot of dirt, and most of them were ambiguous between artistes and other people.

Qin Sheng briefly glanced at the photos on it. It was very explicit. She frowned and did not click on the photo to look at the people on it carefully.

She packed it and planned to send it to Hong Yuan and the others to deal with it.

Qin Sheng checked some other surveillance cameras.

After dinner, Qin Sheng sat back on the computer.

She was very focused on the computer.

At 7 o'clock in the evening, Fu Hanchuan came in with a glass of milk.

He put the milk on the table and saw Qin Sheng staring at the computer screen. He frowned. "Sheng Sheng, what are you doing?"

Qin Sheng finally looked away from the screen. She rubbed the space between her tired eyebrows. "I'm looking for dirt on the two artistes in Star Creator Entertainment."

Fu Hanchuan had been paying attention to Qin Sheng's company.

He also knew that Star Creator Entertainment would make a move on Shenghe Entertainment because of Lin Haocheng.

The corners of his lips curled up. "We're thinking the same thing."

Qin Sheng's hand that was massaging the space between her brows paused. She had a vague idea in her mind.

For Fu Hanchuan to be able to make Lin Haocheng the spokesperson of his company, Star Creator Entertainment must have acquiesced. And there was only one way to make Wu Yongli compromise.

And that was to use Fu Hanchuan to hold something against him or his company.

Sure enough, she heard Fu Hanchuan explain, "Back then, I sent some of Star Creator Entertainment's popular artists' dirt to his computer and some evidence of tax evasion in his company."

Before Qin Sheng could ask, he said, "I'll send that information to you. Also, there are many people in my company who are proficient in hacking technology. I'll get them to look for it."

In fact, Fu Hanchuan was worried that Qin Sheng would be tired.

With Qin Sheng's skills, it would not take her too much time to look for these things.

But with Qin Sheng's personality...

She would not go over to rest until she had finished searching.

Hearing this, Qin Sheng rejected, "No need to trouble you, Brother Fu. I only need to search for another half an hour. With your evidence, it's enough."

Chapter 933 Throwing Disgusting Things To Yu Bei

Fu Hanchuan clenched his fists by his side, his heart aching.

Qin Sheng rarely relied on others.

She would usually handle those matters by herself.

Qin Sheng trusted him, but she also kept some vigilance unconsciously.

This was all caused by the long-term living conditions.

In the end, Fu Hanchuan sighed. He was very helpless and could only let Qin Sheng do as she pleased. "Then, Sheng Sheng, you should rest early. If you can't handle it, feel free to look for me."

"Okay," Qin Sheng agreed.

Fu Hanchuan did not leave the room. Instead, he sat down on the sofa and picked up a magazine to read.

Qin Sheng threw herself back into the computer.

Fu Hanchuan's mind was mostly on Qin Sheng. From time to time, he would raise his head to look at her. His eyes were filled with an unresolvable indulgence.

Twenty minutes later, Qin Sheng found all the evidence.

She sent those ambiguous pictures and videos to Hong Yuan.

[Qin Sheng: Find out the videos and pictures related to Gu Qinyue and Yu Jiafei.]

Hong Yuan brought a glass of water to the desk and prepared to handle the task Qin Sheng gave him.

When he saw the message from QQ, he opened the computer screen and saw the word 'Boss'.

The veins on Hong Yuan's forehead were throbbing, and he had a very bad premonition.

He struggled for a long time before he clicked on it.

Bad?

When he saw these two words, Hong Yuan could already predict what kind of scene was inside.

Sure enough, Qin Sheng had no good reason to look for him.

Hong Yuan opened the file bag, and what entered his eyes were all very explicit photos.

Hong Yuan: "..."

He snapped the laptop cover close and didn't look at it again.

It was really as he had thought.

Qin Sheng felt that it was too eye-catching, so she pushed these things to him to handle.

Hong Yuan gritted his teeth, took out his phone, and quickly tapped on the computer screen with his fingertips.

Three seconds later, he sent the message.

[Hong Yuan: Boss, I'm married.]

The implication was that he had to keep himself as a jade, and he couldn't look at these things.

Qin Sheng quickly replied, [I'm not married yet. I can't watch these things either.]

Hong Yuan had a headache. [Can I refuse?]

Qin Sheng: [No, but maybe you can leave it to Yu Bei to handle.]

Hong Yuan's eyes lit up.

He quickly typed a row of 'good'.

He immediately contacted Yu Bei.

[Hong Yuan: Yu Bei, I'll give you something good to watch.]

Yu Bei's curiosity was piqued.

Hong Yuan continued to bluff, [Yu Bei, you must like this. Don't you like watching those kinds of movies the most?]

Yu Bei was moved by Hong Yuan's words, thinking that Hong Yuan was hiding something good.

He immediately replied, [Okay, send it over right away.]

Hong Yuan forwarded the compressed package that Qin Sheng had sent to him to Yu Bei.

Yu Bei opened the compressed package excitedly.

When he saw the videos and photos inside...

Yu Bei: "..."

His expression was complicated.

He asked sullenly, [Brother Yuan, is this your taste?]

Although he often looked at these things, he was still very picky.

Could he look at these things?

When Yu Bei saw these photos and videos, it was the first time he felt that these things were extremely disgusting.

Hong Yuan told Yu Bei his purpose. [This is the mission that Boss asked me to arrange for you to find something related to Gu Qinyue and Yu Jiafei.]

Yu Bei: [So you don't want to see these things, so you asked me to come.]

Hong Yuan denied it. [Your phone number and penguin were blocked by Boss, so she asked me to transfer it to you.]

Yu Bei: [Do you think I'm that gullible?]

Wasn't Hong Yuan's phone number also blocked by Qin Sheng?

As expected, treacherous!

Chapter 934 Jumped To Shenghe Entertainment, Ingrate

Hong Yuan narrowed his eyes and continued tapping on the phone screen with his fingertips. [Yu Bei, there's still a lot of things that haven't been dealt with in the company...]

As soon as he sent the message, Yu Bei replied, [Sure!]

He looked like he was ready to die.

Hong Yuan's eyes were filled with satisfaction. He asked, [Is there a problem?]

Yu Bei gritted his teeth and glared at his phone.

But when he sent it over, he still replied respectfully, [No, no problem.]

If he dared to say that there was a problem...

Hong Yuan would definitely arrange many tasks for him to do.

Who asked Hong Yuan to be his superior?

Hong Yuan was satisfied. After sending Yu Bei the photos of Gu Qinyue and Yu Jiafei, he exited QQ.

On the other side, Yu Bei gritted his teeth and started to search through the photos.

An hour later.

Yu Bei lay on his computer chair. His expression was very ugly, as if he was disgusted.

He had a feeling that in the future, he would not be able to appreciate these kinds of things anymore.

—

Star Creator Entertainment was very fast.

They arranged a large group of internet trolls and marketing accounts to start the tempo.

At the beginning, it was just for a relatively famous paparazzi to expose.

This paparazzi also knew about Lin Haocheng's background, and they usually didn't dare to casually provoke Lin Haocheng.

But Star Creator Entertainment gave him a lot of money, enough for the money he could earn in ten years.

So, the paparazzi agreed without any hesitation.

Everything was done according to Star Creator Entertainment's arrangements.

In the evening, he posted a Weibo post.

[Big News: Recently, I discovered the whereabouts of a certain popular actor. Lin Haocheng is a member of Star Creator Entertainment, but he appears in Shenghe Entertainment frequently. Lin Haocheng's contract with Star Creator Entertainment expires on the 20th of this month. I've asked around and the higher-ups of Star Creator Entertainment said that Lin Haocheng isn't willing to renew his contract with Star Creator Entertainment. Is Lin Haocheng planning to jump to Shenghe Entertainment? @Lin Haocheng.]

Attached was a photo of Lin Haocheng entering and leaving Shenghe Entertainment. There was also a video of Lin Haocheng saying that he wanted to enter Shenghe Entertainment.

This paparazzi also had 6 million followers on Weibo.

Not long after this post was posted, it was noticed by many of Lin Haocheng's fans.

In just ten minutes, there were more than 600 comments, most of which were defending Lin Haocheng.

[Lin Haocheng's Wife: What's wrong with my husband jumping to Shenghe Entertainment? He can go wherever he wants, as long as he's happy.]

[Lin Haocheng's Sister: My brother's actions are always right, and I support him unconditionally!]

[Lin Haocheng's Mother: Well, son, I support you too.]

Of course, there were also some people who said that Lin Haocheng was an ingrate.

Of course, these bad comments all sank.

Wu Yongli sat on the sofa and sneered when he saw these comments.

Lin Haocheng wanted to jump into Shenghe Entertainment. It was a done deal. He didn't believe that Lin Haocheng could clear his name.

Many entertainment stars terminated their contracts with their original companies. As long as they did well, these stars could easily be called ingrates.

An hour after the paparazzi's Weibo post was posted, many marketing accounts forwarded the paparazzi's Weibo post and started to vilify Lin Haocheng.

[Big Shot In the Industry: Hehe, a certain artiste is probably not arrogant because of his popularity, right? Let me give you a piece of advice. Don't forget who it was that made you so popular! Without Star Creator Entertainment, you're nothing. Now that you're popular, you can just kick Star Creator Entertainment aside?]

Chapter 935 Pity For Star Creator Entertainment

[Dig Up Those Things In the Entertainment Circle: The drama of the year! I thought Lin Haocheng wouldn't be an ingrate, but I didn't expect it to be the same.]

[Lin Xiaoju: Shenghe Entertainment? A newly established company? There aren't any works yet? Even the artistes in the company are all university students. There are some minor celebrities who have been popular before, but have fallen from grace? Companies like Shenghe Entertainment usually needed very popular celebrities to help them quickly raise their fame and attract other artistes. It seemed that they were all eyeing Lin Haocheng.]

[However, what I didn't expect was that Lin Haocheng would actually agree to it? So, how much money did they give Lin Haocheng to leave the old company that has been grooming him?]

[The Best Place to Eat Melons: Star Creator Entertainment is really miserable. They spent a lot of manpower and material resources to train Lin Haocheng. Lin Haocheng might have gone to another company before they could even earn back their capital. Star Creator Entertainment had a conscience and only signed a three to four-year contract with Lin Haocheng.]

In short, these marketing efforts were all paid by Star Creator Entertainment.

The public opinion was led in one direction, and that was that Lin Haocheng was bribed by Shenghe Entertainment. He did not care about cultivating his own company and jumped into Shenghe Entertainment.

After this, the impression that Li Haocheng was an ingrate was that Shenghe Entertainment was unscrupulous and vicious in their competition.

And Star Creator Entertainment was very pitiful.

Many passers-by and the masses believed in these marketing accounts. There were even some weak-willed fans who began to abandon Lin Haocheng.

[Anger Soaring To the Sky: Hehe, this kind of ingrate, even if he leaves Star Creator Entertainment, it's still good. It's hard to guarantee that one day it will bite back.]

[You're a Trash: Isn't this kind of artist harming minors? It's better to leave the entertainment industry as soon as possible.]

[Are you stupid? Lin Haocheng, get out of the entertainment industry! Don't think that just because you're popular, you can do whatever you want!]

Of course, many of the people who slandered Lin Haocheng were just trolls.

There were also many fans who were defending Lin Haocheng.

[Sister Lin: If my brother didn't enter Star Creator Entertainment, would Star Creator Entertainment have its current glory? Please make it clear that it was my brother who made Star Creator Entertainment, and not Star Creator Entertainment who made him. I remember that four years ago, Star Creator Entertainment was just an unknown entertainment company.]

[Little Fangirl: Hehe, so many marketing accounts came out to slander my brother. Tell me, how much money is Star Creator Entertainment giving you? I also want to earn some money.]

[I Spoil You: My brother is a member of the Lin family. The Lin Corporation is one of the top ten companies in Imperial City. Does he have anything he wants? Does he need to be bribed by Shenghe Entertainment? My brother jumping to Shenghe Entertainment must be a matter of your Star Creator Entertainment. Moreover, after the contract expires, where my brother goes is his freedom. There's no need for you to interfere. Do you have to resort to moral kidnapping?]

[Trash-Slapping: I support my son unconditionally! You even said that the money my brother earned was far less than the money the company spent on grooming him? Do you really think we're stupid? My brother is only twenty-two years old. The money he earned as a spokesperson is more than a hundred million in endorsement fees? How could it not be enough?]

There were quite a few fans who stood up and spoke up for Lin Haocheng.

However, because there were too many trolls, those trolls all liked the comments that slandered Lin Haocheng.

Many of the comments that Lin Haocheng's fans defended sank.

Some internet trolls even ran out to scold Lin Haocheng's fans for being brainless fans.

The more timid fans did not dare to stand out.

After this operation, many people who did not know the truth stood on Star Creator Entertainment's side and also joined in to slander Lin Haocheng.

Chapter 936 Follow the Trend and Slander

The topic of Lin Haocheng's plan to jump ship to Shenghe Entertainment quickly became the top trending topic after those marketing posts.

Lin Haocheng's incident had caused quite a stir, not to mention that Lin Haocheng was now the world's most famous actor and had even won an Oscar for Best Actor.

Some of the acting stars had always been paying attention to Lin Haocheng. Looking at the situation, many of them thought that Lin Haocheng could not be washed clean and would fall in the future.

But in the end, Lin Haocheng's fame and family background were all there.

Even if they wanted to take advantage of Lin v's popularity, they would not dare.

What if this storm passed, and Lin Haocheng was fine?

They did not dare to gamble, and could only wait and see.

Of course, if a popular artiste stood out, they would follow suit.

Among them, Gu Qinyue jumped the most.

She had tried to seduce Lin Haocheng, but Lin Haocheng called her disgusting.

Later, Wu Yongli asked her to have a scandal with Lin Haocheng to create hype, but Lin Haocheng refused. He said that she was not worthy of him, and he also felt disgusted to be with her to create hype.

It was the first time that someone had said this to Gu Qinyue.

She hated Lin Haocheng to the extreme.

Seeing that Lin Haocheng's Weibo fans were decreasing at a speed visible to the naked eye, she immediately sneered.

Ignoring her manager's obstruction, she also posted a Weibo message.

[Gu Qinyue V: I'm in the same Star Creator Entertainment as Senior Lin. To be honest, the chairman treats Senior Lin very well. Back then, most of the good resources were given to Senior Lin. They even let a gold-medal manager like Yan Feng take Senior Lin.]

[Now, Senior Lin doesn't want to renew the contract with the company. I really can't understand it. And Star Creator Entertainment? Such a small entertainment company isn't suitable for Senior Lin. Also, without Star Creator Entertainment, there would be no me now. I won't leave so easily.]

Gu Qinyue was implying that Lin Haocheng was an ingrate.

Star Creator Entertainment took care of Lin Haocheng everywhere, but the result was that Lin Haocheng jumped into another company.

In this Weibo post, she had also expressed her loyalty and established a good image in front of her fans.

Although Gu Qinyue did not have any scandals with Lin Haocheng as she had hoped, she had borrowed Lin Haocheng's fame quite a lot. Because of Lin Haocheng, she had obtained a lot of resources.

Now, she had 20 million fans.

Moreover, a popular drama was currently being broadcast, and her fans were growing rapidly.

Gu Qinyue was also a popular little flower.

She had quite a number of fans on Weibo. Once this Weibo was posted, many fans would scold Lin Haocheng for being an ingrate, saying that Gu Qinyue was the one who was worthy of being nurtured in Star Creator Entertainment.

She was the first celebrity to stand out and speak, and many people had noticed her.

Wu Yongli also saw her, and was very pleased. He also had the intention of flattering Gu Qinyue. He had several marketing accounts with tens of millions of fans forward Gu Qinyue's Weibo.

Gu Qinyue's fans had increased by 6 million in just an hour.

Seeing this, Yu Jiafei's eyes turned red. She also posted on Weibo to speak up for Star Creator Entertainment. The other celebrities followed closely.

On this day, most of the Weibo posts were about Lin Haocheng. Even though some of Lin Haocheng's fans were defending him, they all sank.

Qin Churou sat in the company. Seeing that Gu Qinyue and Yu Jiafei's fans were growing, she was tempted.

She picked up her phone and edited a Weibo post.

Chapter 937 Being a World-Class Movie Queen

However, before she could send it out, she was discovered by Li Xueyun. She frowned as she took Qin Churou's phone and saw the contents.

Her frown deepened.

She said unhappily, "Qin Churou, didn't I say that you shouldn't get involved in this matter?"

Li Xueyun had high hopes for Qin Churou. Naturally, she didn't want Qin Churou to get involved in this muddy water.

If this matter hadn't been reversed, there was still a chance, but what if?

If that were the case, Qin Churou would have a hard time in the entertainment industry.

Li Xueyun didn't want to see a good seedling that she had chosen with great difficulty be ruined just like that.

Qin Churou lowered her head. She pinched the corner of her clothes and said uneasily, "I'm sorry, Sister Yun. I, I didn't mean to disobey you. I just wanted to protect the company..."

Li Xueyun interrupted Qin Churou impatiently. "Enough. How can I not know what you're thinking? There's no need to pretend in front of me, Qin Churou. I just need you to understand one thing. If you

want to be popular and become a movie queen, you have to listen to me. Don't have any other thoughts."

Li Xueyun was used to seeing people like Qin Churou.

She knew what Qin Churou was thinking, but she didn't care, as long as Qin Churou could be obedient.

Moreover, she also admired Qin Churou's character.

Qin Churou was good at pretending. For her own purposes, she was willing to go all out.

Her acting skills and looks were also excellent.

People like Qin Churou were very popular in the entertainment industry.

Li Xueyun admired her very much.

Perhaps, Qin Churou listened to her on the surface, but in her heart, she was unsatisfied with her. However, Li Xueyun didn't care about this.

She and Qin Churou had a relationship of interest to begin with.

Li Xueyun was also starting to collect dirt on Qin Churou.

She was afraid that one day, when Qin Churou became popular, she would kick her aside.

Hearing this, Qin Churou started to feel resentful toward Li Xueyun. She was also very unwilling to let such a good opportunity to increase her popularity go to waste.

Although she thought so in her heart, on the surface, she was still respectful toward Li Xueyun. "Okay, Sister Yun, I will remember it."

Only then did Li Xueyun's expression ease up. "Churou, it's not that I'm deliberately looking for trouble. I'm your manager. Everything I've done is for your benefit. Anyone can get involved in this muddy water, but you don't need to. The risk is extremely high. Moreover, when you were ridiculed by Lin Haocheng on Weibo the last time. If you stand out, people will spread rumors that you're adding insult to injury. This is not good for your reputation."

Hearing this, Qin Churou's anger toward Li Xueyun dissipated a little.

Li Xueyun, on the other hand, could see through it very clearly. She continued to analyze, "But if there's a reversal in Lin Haocheng's matter, you can send a congratulatory Weibo post to Lin Haocheng. You'll get a good reputation for being magnanimous and rational."

Qin Churou's mind moved. "But Sister Yun, the chairman's side..."

Li Xueyun smiled and said, "You don't have to worry about that. After this matter is over, I will talk to the chairman."

Qin Churou was very grateful. "Thank you, Sister Yun."

Li Xueyun continued, "These few months, your main task is to film a good show. Another thing is to improve your academic results in Capital Film and Television University. Having a good result will be very helpful to your development in the entertainment industry in the future."

Qin Churou obediently agreed.

Her goal had always been very clear. To become a world-class movie queen and make everyone look up to her.

She had dreamed that she could achieve this in the future.

She would even become a top-notch master painter.

Her future was very bright.

Chapter 938 Enhancing the Reputation of Shenghe Entertainment

After one night, Lin Haocheng jumped to the topic of Shenghe Entertainment, but the popularity did not decrease in the slightest.

Because Lin Haocheng's fan base was too large, more and more fans turned to passersby or anti-fans, but most of them were still on Lin Haocheng's side.

There were also quite a number of entertainment stars involved, not to mention a large group of internet trolls.

Therefore, this topic had always been explosive.

Lin Haocheng's manager, Yan Feng, furrowed his brows.

Last night, he had gone to bed earlier and did not notice this.

After Yan Feng scrolled through Weibo, he found Lin Haocheng and told him about this matter.

Lin Haocheng was lying on the sofa playing Three Realms. He was very satisfied.

Yan Feng's call came. He could only let the game character go home.

He picked up a grape, stuffed it into his mouth, and asked, "Brother Feng, is there something you need me for?"

Yan Feng asked, "Have you seen what happened on Weibo?"

"Weibo?" Lin Haocheng frowned. He opened Weibo and immediately saw the topic that was the top trending topic.

The veins on Lin Haocheng's forehead twitched. This Wu Yongli was so fast?

But when he thought of Qin Sheng's words, he was completely relieved.

He took a quick look at the contents.

Then, he put the phone to his ear and said casually, "Brother Feng, you don't have to worry about this. Sheng Sheng will take care of it. If not, my brother and Fu Hanchuan will take care of it."

Initially, Yan Feng doubted Qin Sheng's ability. He felt that if Qin Sheng couldn't take care of this matter, it would be very harmful to Shenghe Entertainment and Lin Haocheng.

However, when he heard Lin Haocheng's words, he was relieved.

Not to mention Lin Haocheng, just the companies that Fu Hanchuan had threatened Wu Yongli could make Wu Yongli compromise.

Yan Feng nodded. "Alright. However, Lin Haocheng, you still have to be careful. I have a feeling that Wu Yongli's methods will not be limited to these."

Lin Haocheng wanted to rush over to play the game, but he said perfunctorily, "Alright, I'll be careful. Brother Feng, I have something to do, so I'll hang up."

Hearing the busy tone from his phone, Yan Feng rubbed the space between his eyebrows with a headache.

He really couldn't control this Lin Haocheng.

He hoped that Lin Haocheng would mind Qin Sheng when he entered Shenghe Entertainment and restrain himself a little.

—

Qin Sheng was also paying attention to the things happening on the internet.

But she didn't pay too much attention to it. After a simple glance, she logged out of Weibo.

Hong Yuan's call came in.

Qin Sheng picked it up.

Hong Yuan asked very respectfully, "Boss, Lin Haocheng's matter has already been over for a night. Do you need to deal with it immediately now?"

Qin Sheng replied, "No need. Let's wait a little longer. Star Creator Entertainment should make other moves. This matter won't be so simple."

Hong Yuan had a feeling that Qin Sheng's goal wouldn't be so simple.

He thought of Qin Sheng's methods to deal with Long Yue Technology.

Hong Yuan asked carefully, "Then Boss, do you want to wait until this matter completely erupts and causes a sensation before you start attacking Star Creator Entertainment?"

Qin Sheng held her chin with one hand. Hearing this, she did not hide anything. "This can quickly increase the reputation of Shenghe Entertainment, right?"

Hong Yuan wiped the sweat off his forehead for Star Creator Entertainment.

Who did this Wu Yongli offend that he had to offend Qin Sheng?

Qin Sheng's background was extremely good. The Lin Corporation or HD Group, Wu Yongli could not afford to offend either of these two.

Not to mention, Qin Sheng herself was also extremely cunning and black-bellied.

Anyone who provoked her would not have a good ending.

Chapter 939 Hard Work

Hong Yuan was looking forward to the day when Qin Sheng would start dealing with Star Creator Entertainment. It would definitely be exciting.

Hong Yuan nodded and flattered, "Boss, you are indeed amazing. You can completely make Shenghe Entertainment famous, but the effect is far better than when Lin Haocheng joined the company. Moreover, you can even defeat a strong competitor. Excellent, really excellent!"

Hong Yuan wanted to continue, but Qin Sheng interrupted him. "Uncle Hong, go check the dirt on Star Creator Entertainment first."

Hong Yuan: "..."

He could tell that Qin Sheng didn't want to talk to him.

"Boss, you..."

Hong Yuan wanted to say something more, but a busy tone came from his phone. Qin Sheng had already hung up.

His face turned black.

An employee who had just entered saw Hong Yuan's ugly expression. He looked around the office and saw that he was the only one there.

He was very nervous. Did he offend him?

He took small steps and came to the desk. "General Manager, you... You're looking for me?"

He couldn't even speak clearly.

Hong Yuan was usually very serious in front of his subordinates. If they did something wrong, the punishment would be very severe.

Only after work would he appear amiable.

This subordinate now thought that Hong Yuan was dissatisfied with his work.

He lowered his head and was waiting for Hong Yuan to reprimand him, but who knew... He heard Hong Yuan say, "Do you think our boss is very irresponsible, being a completely hands-off manager? Forget it, she doesn't even pick up the phone calls of us subordinates, and even blacklists us. Only when she needs something from you will you have the honor to jump out of her blacklist."

He could not find the right words to criticize Qin Sheng for three days and three nights.

However, Qin Sheng's appearance was very confusing.

His first reaction was that Qin Sheng was very obedient.

However, only Qin Sheng's subordinates knew that Qin Sheng had a bad temper.

She was lazy, found it troublesome, and was black belly. She liked to torment people.

Logically speaking, Qin Sheng's actions would easily cause resistance and dissatisfaction from her subordinates.

However, Qin Sheng seemed to have some kind of magic power. Hong Yuan, Yu Bei, and the others did not have any complaints about this and continued to work hard for Qin Sheng.

The two of them even treated Qin Sheng's blacklisting of them as something that they could show off to the other party.

Hong Yuan was extremely resentful.

He was simply asking for trouble.

Hearing this, the subordinate was stunned. He did not expect Hong Yuan to say such words and not scold him.

Since it involved Qin Sheng, it was no wonder that Hong Yuan would be in such a mood.

He heaved a sigh of relief in his heart.

He went along with Hong Yuan's words. "Boss indeed shouldn't have done this. This is her company. If it wasn't for the General Manager's loyalty, this company would have long declined."

Hong Yuan's face turned cold. "No matter what, Boss's strength is there. Even without me, the company wouldn't have gone bankrupt. Moreover, she is our boss. No matter what she does, we have to protect her. Everything will be done according to her instructions."

He didn't know whether he was speaking to himself or to his subordinate.

His subordinate: "..."

He wiped the sweat off his forehead and was speechless.

Wasn't Hong Yuan ridiculing Qin Sheng? He was just trying to pander to his words. How did it become his fault?

Of course, he didn't dare to refute Hong Yuan.

He could only nod repeatedly and say, "Yes, General Manager, you're right."

Hong Yuan's expression eased up slightly before he told them the purpose of looking for his subordinate. "Deal with these problems."

Hong Yuan threw a document to his subordinate.

His subordinate took it and quickly flipped through it. "Okay."

Chapter 940 False Evidence

Hong Yuan waved his hand and let his subordinate leave.

He sat back in his office chair and rubbed the space between his eyebrows. He had a headache.

Back then, Qin Sheng had said that she would often come to the company to develop that holographic virtual reality game.

But in the end?

The virtual reality game had been in progress for more than a month now, and Qin Sheng had only come four times.

Of course, Hong Yuan knew that even if he complained in front of Qin Sheng, Qin Sheng would not pay too much attention to him.

Two days later, the discussion about Lin Haocheng leaving Star Creator Entertainment reached a peak.

Lin Haocheng's fans also disbanded in large numbers.

There was no movement from Shenghe Entertainment's side, and Lin Haocheng did not log on to Weibo, let alone clarify things.

Some of Lin Haocheng's fans had always been protecting Lin Haocheng, but seeing Lin Haocheng's silence, they also felt that he was in the wrong.

Later on, very few people would speak up for Lin Haocheng.

There were even some fans who dropped their fan status.

Just as Qin Sheng had thought, after Wu Yongli saw that the matter was almost over, all the public opinion was directed toward Star Creator Entertainment, he called the head of the Public Relations Department to his office again.

Wu Yongli said meaningfully, "Now, the people outside are blaming Lin Haocheng. Lin Rong, what do you think?"

He was blaming the head of the Public Relations Department for questioning him for taking action against Lin Haocheng.

The head of the Public Relations Department frowned. In the end, he did not want anything to happen to Star Creator Entertainment. "But, Chairman, don't you think that Shenghe Entertainment and Lin Haocheng are eerily quiet?"

Wu Yongli did not think much of it. "They did not take action because they were in the wrong. Otherwise, why would they be so quiet?"

The director of the Public Relations Department always felt that there was something fishy about this matter. However, seeing Wu Yongli's determined expression, he was afraid that even if he raised his doubts, Wu Yongli wouldn't bother with him. In fact, he even felt that Wu Yongli didn't know what was good for him.

In the end, he didn't speak.

Wu Yongli sneered and continued, "Post the evidence that I gave you online."

"But, Chairman, that evidence is taken out of context. Moreover, some of it is fake. If it's found out, I'm afraid it will be detrimental to our company," the director of the Public Relations Department reminded Wu Yongli.

Furthermore, with the Lin family's influence, how could they not be able to find out?

Wu Yongli said disdainfully, "It has already been so long, how can they still find out? Ha, what a joke."

Wu Yongli had already made this evidence, but he did not take it out.

Now that he had completely fallen out with Lin Haocheng, there was no need for him to care about Lin Haocheng's feelings anymore.

To him, it was best if he could destroy Lin Haocheng.

What he could not get him, no one else could.

The director of the Public Relations Department could only agree. "Okay, Chairman, I'll go over and make the arrangements right away."

Wu Yongli saw the background of the director of the Public Relations Department leaving and frowned. This Lin Rong was like Yan Feng. He liked to question him everywhere.

It seemed that after Lin Haocheng's matter was settled, there was no need for him to stay.

What he wanted was a loyal subordinate, not someone who questioned him everywhere.

After the director of the Public Relations Department returned to his office, he immediately arranged for what Wu Yongli instructed.

Thus, a large number of marketing accounts started to leak the news that day.
