### Chapter 971 Who Did You Offend?

Just as he was thinking about this, Li Haiyang's voice was heard again. He kindly reminded him, "Chairman Wu, I think you've offended someone recently. Think about it carefully. I'm afraid that person's background is not simple."

Wu Yongli finally realized the seriousness of the matter.

He didn't give up and called someone else.

Without exception, none of them were willing to help.

Wu Yongli's phone fell from his hand, and his face turned pale.

By the time he returned to his office, the police had already copied a copy of the information from his computer.

They had also gone to the Finance Department and other departments to search.

Seeing Wu Yongli, a police officer ordered, "Take him away,"

Wu Yongli was cuffed, and so was his assistant.

The two of them were taken out of the company by the police. Along the way, many artistes and staff members saw them and couldn't help but whisper.

"Did the Chairman commit any crime?"

"I feel like this is Shenghe Entertainment's doing again. What's wrong with the Chairman? Of all people to mess with, why did he have to mess with Lin Haocheng and Shenghe Entertainment? Can't he see what the Lin family's status is?"

"We're done for. Our company won't be seized, right?"

"Ha, I do hope that the company will be seized. Because I don't want to submit, the company has always been unwilling to give me resources. I've already been signed for six years, and the number of shows I've acted in can be counted on one hand. It's better to close down this kind of company that relies on its body to get to the top."

The artiste behind her had a lot of resentment toward Star Creator Entertainment.

There were also artistes who had been poached from Shenghe Entertainment by Wu Yongli. Hearing their discussion, they regretted it very much.

They should not have jumped ship in the first place.

Now the decline of Star Creator Entertainment was obvious, and Wu Yongli had been taken away by the police.

In the future, the development of Star Creator Entertainment would definitely not be as good as Shenghe Entertainment, and the treatment of Shenghe's employees would also be far better than that of Star Creator Entertainment.

Now, if they went back, Shenghe Entertainment would probably not welcome them.

Because of the recent exposé about Gu Qinyue and Yu Jiafei by Shenghe Entertainment, many paparazzi and media were waiting near the company.

When the police car appeared in front of the gate of Star Creator Entertainment, he was the first to notice it.

He was very curious about what the people from Star Creator Entertainment had done.

In a short 20 minutes, many media reporters came after hearing the news.

After three hours, they finally came out.

Seeing Wu Yongli, the reporters were all stunned.

They couldn't believe that the person who was arrested was Wu Yongli, the chairman of Star Creator Entertainment.

When they came back to their senses, the reporters completely exploded.

One by one, they pointed their microphones at him. "Chairman Wu, can you tell us the reason for your arrest?"

"Chairman Wu, after you dealt with Shenghe Entertainment and Lin Haocheng, they discovered a series of things. Was this arrest also part of Shenghe Entertainment's actions?"

"Chairman Wu, do you regret what you did to Shenghe Entertainment? If it wasn't for Shenghe Entertainment, your company would still be fine."

"Chairman Wu, can you explain...?"

Wu Yongli didn't say anything.

His eyes were listless, and his ears were buzzing.

He only felt that his head was hurting badly.

Because there were too many people around, the police sped up and stuffed Wu Yongli into the police car.

Chapter 972 In the End, The Company Was Shut Down

n

Gu Qinyue and Yu Jiafei's popularity had yet to die down.

A Weibo blogger posted another Weibo, and the content was very simple.

[Qingfeng Mingyue: The chairman of Star Creator Entertainment, Wu Yongli, has been arrested. The specific reason is still unknown. I will continue to update if there is any follow-up (picture). photo.jpg]

There were two pictures attached, one of the police car parked in front of the building of Star Creator Entertainment, and the other of the police pushing Wu Yongli into the police car.

When this Weibo post appeared, it blew up.

Three topics appeared on Weibo's hot search in a row, occupying the top three hot searches in a short 20 minutes.

#Wu Yongli Arrested#

#Shenghe Entertainment's Background#

#Star Creator Entertainment Regrets#

The comments below were very lively.

[Energetic Girl: It's over, it's over. Star Creator Entertainment is going to be over. I feel like I'm floating. What's going on?]

[Dog Food Tycoon: This Star Creator Entertainment has encountered a tough opponent. Of all the people they could offend, why did they have to offend Shenghe Entertainment?]

[Your Yaoyao: What's the background of Shenghe Entertainment? A newly established company actually forced Star Creator Entertainment to this extent? You must know that Star Creator Entertainment is the leading company in the entertainment industry. It has been developing for several years and has a lot of connections and money. I can only say that I'm convinced!]

The other companies in the entertainment industry had to pay attention to Shenghe Entertainment and began to investigate.

Some companies in other industries also conducted investigations.

Although Shenghe Entertainment was just an entertainment company, the person behind the scenes was not simple. He probably had more than one company under his name.

It would only be beneficial to them if they found out.

Of course, Qin Sheng would not be easily found out by them.

Wu Yongli was arrested, and the entire Star Creator Entertainment was in a bad state. Qin Churou and Li Xueyun were also restless.

The public opinion on the internet was very strong.

They all requested the police station to announce the case.

With the evidence provided by Su Yixiu and Qin Sheng, their speed was very fast. After searching through the information taken from Star Creator Entertainment, it only took them two days to announce the case.

[Imperial Capital's Liu An District Police Station V: After investigation, we have found out that Star Creator Entertainment has committed bribery, tax evasion, money laundering, and illegal and unfair

competition. The evidence is conclusive and the situation is bad. We will sue Star Creator Entertainment as soon as possible.]

Wu Yongli arranged for someone to defend him in court in order to reduce his sentence.

However, it was of no use.

The court's verdict was out.

Star Creator Entertainment would return the amount of tax evasion and fines, freeze and investigate their assets, take them out of the market, and close down the company. In addition, Wu Yongli was sentenced to 10 years in prison.

The results did not disappoint.

Those artistes' contracts with Star Creator Entertainment were automatically void.

The media reported on the matter.

For a moment, the netizens were very surprised. They didn't expect the matter to be so serious that it would actually reach the point of seizing the company's property.

After thinking about what Star Creator Entertainment had done, they felt relieved.

Two weeks ago, Star Creator Entertainment was still at its peak.

In just over a week, the company's scandals were exposed by Shenghe Entertainment, and the company was even seized. It was really sad.

Even though Shenghe Entertainment did not respond to this, everyone guessed that it was Shenghe Entertainment's doing.

Shenghe Entertainment suddenly had many fans.

Many artistes and managers wanted to join Shenghe Entertainment, and Shenghe Entertainment was very strict in selecting their artistes.

Out of twenty people, probably not even one would be able to enter.

Many of the popular artistes at Star Creator Entertainment were eliminated.

Chapter 973 Qin Churou's Interview

Li Xueyun was also thinking about it.

With Shenghe Entertainment's strength, it could become a new leading enterprise in the future.

After she entered Shenghe Entertainment, her future development would not be bad, and she would have the opportunity to surpass Lin Haocheng and Yan Feng.

Hence, she looked for Qin Churou. "Churou, prepare to submit your resume to Shenghe Entertainment."

Qin Churou also wanted to enter Shenghe Entertainment.

She had just started to get better, and the storm at Star Creator Entertainment this time did not threaten her. Now that Star Creator Entertainment had closed down, her resources would be cut off as well.

If this continued, her popularity would inevitably drop.

That was why she was in a hurry to find her next home, and Shenghe Entertainment was undoubtedly the best choice.

Hence, Qin Churou agreed. "Okay."

That day, she prepared a resume and submitted it to Shenghe Entertainment.

Qin Churou's resume was considered brilliant. She had good looks, studied at Capital Film and Television University, and had good acting skills. In just a few months, she had millions of fans and was considered a small hit.

With such conditions, no matter which entertainment company she went to, there was no reason not to accept her.

Qin Churou was also certain that she could enter Shenghe Entertainment.

Qin Churou's resume was sent to the Human Resources Department of Shenghe Entertainment.

Usually, the Human Resources Department would first screen the artistes and managers who submitted their resumes, and then hand them over to Su Yixiu for an interview. The interviews were arranged on Friday and Saturday.

When the HR staff saw these resumes, they couldn't help but sigh. "Indeed, things change every ten years. As soon as this Star Creator Entertainment closed down, many famous artists came to our company. It's a pity that most of the first and second-tier artists in this entertainment are on the general manager's blacklist. We have no way to keep them."

Another employee chimed in, "Indeed, I heard that our boss pays a lot of attention to the character of the artiste managers. I think those artistes must have some dark spots."

"Yes," said the first employee. "But luckily, some artistes aren't on the blacklist, like Qin Churou and Lou Si."

"Qin Churou, the artiste who's been famous recently and has been rumored to be with Lin Haocheng?"

Su Yixiu came in at that moment. He narrowed his eyes when he heard Qin Churou's name.

"Qin Churou? Show me her resume."

Su Yixiu looked at the name and photo on the resume. It was indeed Qin Churou.

He told Qin Sheng about this.

Qin Sheng put down her textbook and chuckled. "Yixiu, you can make the arrangements yourself."

"Alright," he said. He hung up the phone and returned to the Human Resources Department.

“General Manager, is there a problem with Qin Churou?” the subordinate asked.

“No, arrange for her to come for an interview tomorrow.”

— —

The next day, Qin Churou came to the company.

There were quite a few artistes standing outside. They were all very nervous.

“I’m so nervous. I heard that very few people can enter Shenghe Entertainment. There are only about 50 artistes in the entire company. I don’t think I can get in.”

“Be more confident, maybe you can get in.”

“That’s not for sure. Haven’t you heard? Many of the artistes who used to work for Star Creator Entertainment are quite famous and have good qualifications in all aspects, but their resumes for Shenghe Entertainment have been thrown into the sea, not to mention us, who are invisible.”

“Didn’t they say that there’s a feud between Shenghe Entertainment and Star Creator Entertainment? Maybe they’re deliberately eliminating the artistes from Star Creator Entertainment.”

“That’s not for sure. I remember that a few of them have already entered.”

Chapter 974 Su Yixiu Is the Interviewer

Qin Churou had been listening to them disdainfully.

If they were strong, would they be afraid of being eliminated?

As for the people from Star Creator Entertainment, they only relied on their bodies to get to the top. They had no acting skills at all.

Shenghe Entertainment’s standards were high, so they naturally looked down on these people.

One of the artistes noticed Qin Churou.

In the two months since Qin Churou started her career, she had been involved in scandals with Lin Haocheng, acted in movies, and acted as a spokesperson. Previously, Star Creator Entertainment had been trying their best to promote Qin Churou.

This artist recognized Qin Churou.

She mumbled, “Isn’t this Qin Churou? I didn’t expect her to come for an interview.”

When another artiste heard this, she immediately looked in Qin Churou’s direction. She had a conflict with Qin Churou when she was filming the movie.

This Qin Churou had only been wronged and played the role of a white lotus for once, and everyone was already on her side.

And she suffered all kinds of criticism.

The artiste sneered, "Qin Churou, I didn't expect you to be here. Aren't you the most virtuous? How could you be interested in such a small entertainment company?"

"Yang Huijun, aren't you the same?" Qin Churou said disdainfully.

The other artistes had also noticed Qin Churou.

In the past two months, Qin Churou had been in too much of the limelight.

They were jealous of Qin Churou.

They all sneered, "Qin Churou, Yu Jiafei, and Gu Qinyue are all pillars of your company. Who knows how many men they've slept with? You should be the same. Otherwise, how could you get so many resources in just two months? Who would believe that there's nothing fishy about this?"

"Isn't it? Qin Churou, Shenghe Entertainment values the character of their artistes. You, ha, don't even think about getting in."

Qin Churou raised her chin arrogantly.

She just thought that those artistes were making sarcastic remarks.

She sneered disdainfully. "You're just jealous. I'll definitely get into Shenghe Entertainment. Don't say that grapes are sour when you can't eat them."

Then, she turned to Yang Huijun. "You'll be the same. You'll always be under my feet."

Yang Huijun's lips curved into a cold smile. "Then we'll wait and see."

Lin Haocheng was now an artiste under Shenghe Entertainment. Back then, Qin Churou had offended Lin Haocheng quite badly because she had copied the scandal.

When they were at Star Creator Entertainment, Lin Haocheng had targeted Qin Churou a lot.

No matter what, Shenghe Entertainment would not let Qin Churou enter the company for Lin Haocheng's sake.

"Ha, let's wait and see."

An employee from the Human Resources Department walked out of the interview room and shouted, "Number 19, Qin Churou."

Qin Churou tidied her clothes. After making sure that she was fine, she really wanted to go in.

Yang Huijun's voice drifted into her ears. "Qin Churou, I hope everything goes well."

It was obvious that Yang Huijun was being sarcastic.

"Then I'll do as you wish."

Qin Churou walked into Shenghe Entertainment confidently. When she saw Su Yixiu sitting in the middle, she was stunned.

Then, she remembered that Li Xueyun had said that the person who was the general manager of Shenghe Entertainment was called Su Yixiu.

At first, she didn't pay much attention to it, thinking that they had the same name.

Su Yixiu had just entered university this year, and he was already the general manager of a company?

Qin Churou did not believe it.

But now, seeing Su Yixiu among these subordinates, one of whom had great power, Qin Churou had to believe it no matter how unwilling she was.

Her palms were sweating.

There were rumors that Shenghe Entertainment regarded character as a major factor.

What about the things that happened at school?

Chapter 975 A Crying Scene, A Real Fight

Qin Churou was very nervous.

However, she also felt a little lucky. Su Yixiu usually only focused on his studies and would not care about gossip.

Su Yixiu raised his eyes. "Qin Churou."

"Su, President Su."

Su Yixiu arranged for the human resources manager next to him. "You can start now."

"Alright," he said. After the HR manager agreed, he began to ask questions.

"Qin Churou, briefly introduce yourself."

Qin Churou said what she had prepared in advance, "My name is Qin Churou. I'm 18 years old this year. I'm currently a first-year student at the Capital Film and Television University."

The introduction at the front was normal.

However, at the end, Qin Churou specifically emphasized her own achievements and listed which companies were the spokespersons for her.

"My introduction ends here." Qin Churou bowed.

She was very polite, and the HR manager couldn't help but nod. Obviously, he was very satisfied with Qin Churou.

Qin Churou carefully looked at Su Yixiu.

Su Yixiu flipped through the documents, his face expressionless. Qin Churou couldn't understand what he was thinking.

The human resources manager picked a scene for Qin Churou to act out. It was a crying scene with white lotus and green tea.

Qin Churou was very confident in her acting skills.

After receiving the script, Qin Churou started to memorize her lines.

Su Yixiu asked, "What is she going to act as? Let me see."

The human resources manager handed the script to Su Yixiu. "President Su, this is the part."

Su Yixiu looked through it seriously, his eyes narrowing.

Thinking of what Qin Churou had done to Qin Sheng back then, he could not help but mock, "It is indeed very suitable for her."

Very quickly, Qin Churou was ready.

Su Yixiu asked two artistes from Shenghe Entertainment to cooperate with Qin Churou.

"There's a face-smacking scene starting from here. Qin Churou, is it a real smacking or is it just a fake?"

Su Yixiu asked, raising his eyebrows.

Qin Churou gritted her teeth. "For real, President Su. You have to pursue something when filming. If it's real, you can achieve a realistic effect. This is what we actors should do."

"It's good to have such an idea," the manager praised.

Su Yixiu closed the document. "Okay, let's start."

Upon hearing this, Qin Churou adjusted her expression in an instant. She pressed the side of her face against the man's chest in an ambiguous manner.

"Ah Huai, are you going to the hotel with me today?"

As soon as she finished speaking, a woman rushed up, pulled Qin Churou away, and gave her a heavy slap on the face.

"You b\*tch, you actually seduced my boyfriend? I treated you as my best friend and this is how you treat me?!"

The artiste who played the role of the woman was Li Wen.

She had never liked Qin Churou's pretentious face. Li Wen had been ridiculed by Qin Churou when she was playing an extra in the movie.

Now that she had the chance to beat Qin Churou up in public, she naturally wouldn't let it go.

Therefore, she did not go easy on her.

Qin Churou's face immediately turned to the side. She could feel the sharp pain on her face.

She was very dissatisfied with Li Wen.

Wasn't it just one filming? Was there a need to be so ruthless?

Qin Churou was very good at adjusting her expression and didn't show her anger.

The moment she turned her head, she was stunned for a moment, and then her lips curled into a smug smile.

However, in front of the woman, she covered her red and swollen face and said, "I'm sorry, Yi Qing. I didn't do it on purpose. I just couldn't help myself. I really like Ah Huai too, and I really can't control my heart."

Chapter 976 Exposed, Creating a Scandal

"Can't control it? Is this the reason you stole my boyfriend?"

Qin Churou grabbed the woman's hand and said pitifully, "Yi Qing, don't blame me. I had no choice. We're good friends. Can't you be more understanding?"

"Oh, then what do you want to do?" the woman said sarcastically.

Qin Churou quickly said, "I know it's hard for you to give Ah Huai to me. but we can be together with Ah Huai. Yi Qing, isn't this good for the three of us? "

The woman shook Qin Churou off in disgust. "How thick is your skin to make such a request?"

This time, Li Wen did not go easy on her either.

Qin Churou's knee hit the floor, breaking and bleeding.

Qin Churou frowned. Li Huai walked over and pulled Qin Churou up from the ground, carefully examining her wound. "After this, I'll immediately send you to the hospital for a checkup."

"Su Yiqing, you're too jealous!" He turned to the woman.

The woman said sarcastically, "Yes, I'm jealous and I'm not considerate enough. Then you can live with her from now on. I wish you two a happy life together."

She left without any hesitation.

Li Huai still had feelings for her, so he subconsciously wanted to chase after her.

"Hiss." Qin Churou cried out in pain.

Li Huai couldn't care less about the other woman. He said with heartache, "I'll send you to the hospital immediately."

"Ah Huai, I'm fine." Qin Churou shook her head. "Yi Qing only did such an irrational thing because she couldn't control her anger. Ah Huai, don't misunderstand her."

"But..." Qin Churou frowned. "Yi Qing won't empathize with you, and she won't think from your point of view."

Hearing Qin Churou's words, Li Huai felt angry. "It's okay to break up with that kind of woman. Rou'er, I'm fine as long as I have you."

Qin Churou hugged Li Huai.

"Yes," she replied, blushing.

A round of enthusiastic applause rang out around them.

“Good, this is really good.”

The human resources manager was stunned. He didn’t expect Qin Churou’s acting skills to be so good.

Su Yixiu glanced at the human resources manager, who quickly retracted his expression.

“President Su,” she said with a smile.

Qin Churou looked at the human resources manager’s expression and knew that she had a high chance of entering Shenghe Entertainment.

She let out a heavy breath.

She said very politely, “President Su, I’m done acting.”

Su Yixiu said expressionlessly, “Qin Churou, your acting skills are not bad. I think you act like this often.”

Qin Churou couldn’t understand the deeper meaning in Su Yixiu’s words.

She thought that Su Yixiu was complimenting her, so she smiled and said, “Because I wanted to be an actress since I was a child, so I often practice.”

Su Yixiu replied indifferently.

“Qin Churou,” he said directly, “you know that we were in the same high school in H City. You’ve been involved in a lot of scandals.”

Su Yixiu began to point them out one by one. “You used Zhao Jia to deal with Qin Sheng, ridiculed your classmates, and spread rumors that Qin Sheng is a kept woman.”

“That’s all fake!” Before Su Yixiu could finish, he was interrupted by Qin Churou’s agitated voice.

If Su Yixiu hadn’t mentioned it, Qin Churou would have almost forgotten about it.

Before coming to the Capital Film and Television University, she had already asked Qin Hai to help her cover up everything.

Therefore, when the media reporters investigated Qin Churou’s identity and background, they didn’t manage to find out about the things on the forum.

Chapter 977 She Had Plastic Surgery

Her face turned white.

Qin Churou didn’t expect Su Yixiu to bring this up again.

Didn’t he only care about his studies and never pay attention to the gossip in school?

Why was he so clear about it?

The human resources manager wiped the cold sweat off his forehead.

He didn’t expect Qin Churou to offend his boss like this.

And he had praised her like that before.

He finally knew why Su Yixiu looked at him like that.

“Fake?” Su Yixiu sneered. “Okay, you said that those were fake. Then, the various ugly things you did on the forum and those on your secondary account, they were all dug out. Are those also fake?”

Qin Churou was speechless and could not refute Su Yixiu.

Her face turned green and white, and it was unknown if it was from embarrassment or anger.

She was standing in the middle and being stared at by the interviewers made her want to leave immediately.

Su Yixiu continued. “Our company can’t even accept people like this. Qin Churou, you’re a two-faced person. Not to mention, you’ve had plastic surgery.”

Su Yixiu didn’t show any mercy to Qin Churou just because she was a girl.

Qin Sheng had left the whole matter to him to handle. In fact, Su Yixiu could have just brushed Qin Churou off when he received her resume.

However, Su Yixiu still let her stay, just to teach Qin Churou a lesson.

There were very few things he could help Qin Sheng with.

Qin Churou was completely infuriated.

If she still didn’t understand Su Yixiu’s goal, she would be a fool.

“Su Yixiu,” Qin Churou said in a low voice, “You did it on purpose. You deliberately let me enter the interview and then humiliate me.”

Su Yixiu only smiled. Although he didn’t answer Qin Churou, it was obvious that he had agreed.

“You!” Qin Churou suddenly pointed at Li Wen. “You made her hit me on purpose.”

“Su Yixiu, have I ever offended you? You want me to be so embarrassed? Even if there’s a stain on my resume, you could have just brushed it off in the first round of resume submission, right?”

Su Yixiu ignored Qin Churou.

“Qin Churou failed the interview,” he said directly. “She didn’t get into Shenghe Entertainment.”

Qin Churou flung her hand away, not wanting to stay in the office any longer.

The door of the interview room was closed.

“Don’t tell anyone about what happened to Qin Churou today,” Su Yixiu ordered.

His subordinate didn’t know the reason, but he still agreed.

When Qin Churou walked out of the meeting room, she looked very upset.

The artistes waiting outside could tell at a glance that Qin Churou had failed her interview.

“She failed. I thought Qin Churou would succeed. Look at how confident she was just now. I didn’t expect her to only be putting on a tiger’s skin.”

“Right, let’s see how Qin Churou can still be so proud!”

Qin Churou gritted her teeth. “Shut up, all of you. If I can’t succeed, that doesn’t mean you can either. You’ll only have the right to criticize me after you enter Shenghe Entertainment.”

A few artistes sneered.

They looked at Qin Churou sarcastically.

Qin Churou’s expression was dark. One day, she would make these people look up to her.

She wanted to return the humiliation she had suffered today.

Yang Huijun crossed her arms and sized Qin Churou up with a mocking look. “Qin Churou, I didn’t expect you to fail the interview. I remember you were very confident back then.”

“Don’t think you can pass!” Qin Churou gritted her teeth.

Yang Huijun only sneered and ignored Qin Churou.

What they did not know was that there was a surveillance camera in the interview room, and they could see the scene outside.

Chapter 978 Meeting Qin Sheng

Su Yixiu had already noticed Yang Huijun.

He searched for Yang Huijun’s information.

He narrowed his eyes.

Yang Huijun’s acting skills had been acknowledged by veteran actors. Other than her straightforward personality and the fact that she had offended many people, she did not have any bad news.

He might be able to get Yang Huijun to slap Qin Churou in the face.

Yang Huijun was the third last to come in for an interview.

The human resources manager couldn’t help but nod after watching Yang Huijun’s acting.

But after what had happened with Qin Churou, he didn’t dare to say anything for the time being. He waited for Su Yixiu to speak.

After Su Yixiu raised a few points, Yang Huijun answered honestly.

Su Yixiu nodded at the human resources manager.

The human resources manager was surprised. He ticked Yang Huijun’s name on the list.

Yang Huijun was apprehensive. She did not have much hope for this interview. She was just giving it a try and did not think of succeeding.

None of the interviewees passed Shenghe Entertainment's interview.

However, she still hoped that she could enter Shenghe Entertainment.

After all, it was her only chance to catch Shenghe Entertainment.

Moreover, Shenghe Entertainment's recruitment of artistes was obviously not for some random people to make up the numbers. Their purpose was to create first and second-tier artistes.

The artistes who entered Shenghe Entertainment would have a lot of resources in the future.

Yang Huijun's palms were covered in cold sweat. She was nervous.

The human resources manager smiled. "Congratulations, you've passed the interview. The company will train you for a period of time, about one or two months. If you perform well, the company will let you sign the contract."

Yang Huijun's eyes brightened as she expressed her gratitude.

When she walked out of the interview room, Qin Churou hadn't left yet. She sneered at Yang Huijun and said, "Yang Huijun, what's the result?"

Without waiting for Yang Huijun to speak, Qin Churou immediately sneered, "You must not have passed, right? You should take a good look at yourself. You dare to mock me? I have more fans than you do."

Yang Huijun was obviously in a good mood. "Qin Churou, I'm sorry, but I passed. I can come to the company tomorrow."

Qin Churou was stunned and subconsciously said, "How is that possible? You must be lying."

When the other artistes heard Yang Huijun's words, they immediately sneered. "This is really a slap in the face. This Qin Churou is jumping up and down like a clown. Does she really think she's that great?"

"Yeah, she's always pretending to be pitiful. Only her fans and some people with poor judgment would be fooled by her."

Qin Churou's eyes turned red with anger, but she didn't dare to refute.

She left immediately.

Shenghe Entertainment was just a small company, and she didn't care about it.

One day, she would make Shenghe Entertainment beg her to enter.

Qin Churou's footsteps were very fast. When she reached the first-floor hall of Shenghe Entertainment, she suddenly stopped.

She turned around.

She had not seen wrongly. It was indeed Qin Sheng. Qin Sheng had actually come to Shenghe Entertainment?

Was Qin Sheng also here for an interview?

Qin Churou's vigilance rose.

Even she had to admit that Qin Sheng's looks were the type that both boys and girls liked, and she also had an extremely good temperament.

She was also the top scorer in the National College Entrance Examination and had many more Weibo fans than her. If Qin Sheng really became a celebrity, she would pose a lot of threats to her in the future.

No, she would not allow Qin Sheng to threaten her!

"Qin Sheng," Qin Churou shouted.

Chapter 979 How Many Artists Did the Company Recruit?

Qin Sheng recognized Qin Churou's voice. She had been looking at her phone and did not notice Qin Churou.

She had a headache.

She had something to deal with at Shengshi Technology today, so she came over.

She had just left Shengshi Technology and wanted to visit Shenghe Entertainment. She didn't expect to meet Qin Churou, so she had to spend some time on her.

Qin Sheng stopped in her tracks.

Qin Churou went up to Qin Sheng and said warily, "Qin Sheng, why did you appear here? Shenghe Entertainment is an entertainment company. Are you going to be an artiste?"

Qin Sheng tilted her head and asked in confusion, "Do I have to be an artiste to come here?"

Qin Churou sneered. "No? Qin Sheng, don't tell me you have a job here."

"I can't?" Qin Sheng retorted.

Qin Churou stubbornly believed that Qin Sheng was here to be an actor. After all, if an actor became popular, the income would be higher than other jobs.

She sneered. "Qin Sheng, let me tell you. From now on, don't even think about staying in the entertainment industry. I won't let you have an easy life."

With Qin Sheng's straightforward personality, she would not have an easy time in the entertainment industry.

As long as she used some tricks, she would be scolded by everyone.

"Is that so?" Qin Sheng chuckled softly.

Her eyes were curved, and her smile made Qin Churou feel like a clown in front of Qin Sheng.

Qin Churou gritted her teeth and was very unconvinced. Other than Lin Shuya, who was slightly better looking, Qin Hai's looks could only be considered average.

What right did the two of them have to give birth to such a good-looking person like Qin Sheng?

The front desk had already called Su Yixiu to inform him when Qin Sheng arrived.

Su Yixiu had left the interview to the human resources manager to look for Qin Sheng.

When he saw Qin Churou, who was blocking Qin Sheng's way, he frowned.

He walked straight over. "Sheng Sheng."

Qin Sheng nodded. "En."

Qin Churou narrowed her eyes. Since when did Su Yixiu and Qin Sheng have such a good relationship?

And he called her Sheng Sheng?

A thought rose in his mind.

"Su Yixiu," Qin Churou immediately questioned, "You're not thinking of letting Qin Sheng in through the back door, are you?"

Qin Sheng raised an eyebrow. Why didn't she realize that Qin Churou's brain circuit was so strange?

Su Yixiu frowned. "Qin Churou, mind your words."

Hearing this, Qin Churou thought that she had hit Su Yixiu's nail on the head.

She crossed her arms and sneered. "Su Yixiu, Qin Sheng doesn't have a good reputation in H City High School. Aren't you afraid that your boss will find out if you let her join Shenghe Entertainment?"

Qin Sheng played with her phone and said nonchalantly, "Qin Churou, you should talk with your brain. When have you ever taken advantage of me? Every time you attack me, doesn't the retribution return to you?"

Qin Churou choked.

Qin Sheng's words reminded her of her time in H City High School.

It was indeed as Qin Sheng had said. She was not affected. Instead, she had been reduced from being the campus belle to being the target of the entire school's attack.

Qin Sheng turned to ask Su Yixiu, "How many artists have the company recruited so far?"

"Currently, there are 52," Su Yixiu replied.

Qin Sheng nodded. "That's all for now. We can put the recruitment on hold for a while. Also, try to use the artistes in the company for the filming of the movie we're preparing."

Qin Churou did not understand why Qin Sheng would say that.

Su Yixiu was the general manager of Shenghe Entertainment. Did he need Qin Sheng to point fingers to direct him? Su Yixiu was also very respectful to Qin Sheng.

Su Yixiu was not angry at all when he heard Qin Sheng's words.

Chapter 980 The Lin Family's Entertainment Company

Could it be that...

A thought came to her mind, but Qin Churou quickly shook it off.

She sneered in her heart.

How could Qin Sheng have such an ability?

Shenghe Entertainment's background was obviously not small, and they had their own strategies. How could Qin Sheng be the person behind Shenghe Entertainment?

Qin Sheng was indeed capable, but she was not that capable.

Hearing this, Su Yixiu glanced at Qin Churou. He knew that Qin Sheng was not trying to hide it from Qin Churou.

"Yes, Boss," he replied respectfully.

Qin Churou was stunned when she heard the word 'boss'. She said in disbelief, "Qin Sheng, Su Yixiu called you 'boss.'"

Qin Sheng smiled. "Qin Churou, I forgot to tell you that Shenghe Entertainment is under my name. You're not going to be an artiste under Shenghe Entertainment because I'm the boss."

Qin Churou took a few steps back.

Her face was a little pale, and she kept mumbling, "Impossible, this is impossible. How can you be the boss of the person behind the scenes?"

Shenghe Entertainment was located in the center of the Imperial Capital. The building was more than ten stories high, and it was impossible to buy it without one billion yuan, not to mention other expenses.

Even the Qin Real Estate couldn't take out so much money.

It was impossible for Qin Sheng to have more than a billion in funds.

In the face of Qin Churou's doubts, Qin Sheng only smiled indifferently. "Whatever you think, it's up to you."

Qin Churou suddenly thought of something and asked, "Qin Sheng, the Lin family must have given you this company."

Qin Sheng frowned. "Lin family?"

"Yes," Qin Churou sneered. "You've already cut off all ties with Mom. How can you still have the face to enter the Lin family? And you're even accepting such a valuable gift?"

If she was the one who returned to the Lin family, then Shenghe Entertainment would be hers.

Qin Sheng narrowed her eyes and parted her red lips. "Qin Churou, don't tell me you're targeting the Lin family?"

Qin Churou didn't hide anything. "Yes, I'm Mom's daughter now. You can enter, so why can't I?"

She walked closer to Qin Sheng and lowered her voice. "Qin Sheng, I'll chase you out of the Lin family one day."

Even in the Qin family of H City, she was able to make Qin Sheng break off her relationship with Lin Shuya and Qin Hai successfully.

It would be the same in the Lin family.

Qin Sheng chuckled. "Please."

Su Yixiu let the security guard in. "Qin Churou is causing trouble in our company. Take her away."

Qin Churou shook off the security guard's hand, her expression ugly. "I don't need you to chase me away. I'll leave on my own. Su Yixiu, Qin Sheng, I'll make you regret it one day."

When Qin Churou arrived at Shenghe Entertainment building, Li Xueyun was already waiting for her.

Before Qin Churou could get into the car, Li Xueyun couldn't help but get out and ask, "Churou, how's the situation?"

Qin Churou didn't say a word. Li Xueyun saw Qin Churou's ugly expression and knew that her plan to enter Shenghe Entertainment was ruined.

Dissatisfaction toward Qin Churou rose in her heart.

"You can't even handle such a small matter."

Li Xueyun suppressed her anger and noticed the red and swollen left side of Qin Churou's face. She frowned and said, "Churou, your face..."

Qin Churou covered half of her face and said hatefully, "I'm fine."

The humiliation Su Yixiu had given her in the interview room, she must return it a thousand times.

Qin Churou and Li Xueyun got back into the car.

Li Xueyun couldn't help but say, "Churou, now that Star Creator Entertainment has fallen, Shenghe Entertainment has a great chance of becoming the new leading enterprise. If we miss out on Shenghe Entertainment, I'm afraid it will be difficult to find a suitable entertainment company in the future."
