

Bigshot 981

Chapter 981 Qin Hai Opens An Entertainment Company

“What can I do if they don’t want to?”

Qin Churou was angry with Li Xueyun. If it wasn’t for Li Xueyun’s ability, she would have left her behind.

Since when was it Li Xueyun’s turn to point at her?

Li Xueyun also didn’t expect Qin Churou to speak to her like that.

“I’m doing this for your own good,” she said unhappily. “Isn’t it because I want you to become famous? That’s why I’m worried about this.”

In the end, she didn’t want to fall out with Qin Churou so early. After saying this, Li Xueyun softened her tone and said, “Churou, Jiaxun Entertainment was indeed an entertainment company that was only second to Star Creator Entertainment, but the momentum of its development has stopped these years. In four years, there hasn’t been a single celebrity who has become popular. So, Shenghe Entertainment is the most suitable choice for you.”

Qin Churou gritted her teeth. “Even if I sign with Shenghe Entertainment,” she said, “Shenghe Entertainment won’t give me any resources.”

Li Xueyun frowned.

Qin Churou continued. “I have a grudge with the boss of Shenghe Entertainment. When I submitted my resume in the first round, he didn’t reject me. He only wanted to humiliate me through the interview.”

“The boss of Shenghe Entertainment?” Li Xueyun was very surprised. “Who are they?”

Qin Churou did not tell Li Xueyun that Qin Sheng was the boss.

She did not want others to know how amazing Qin Sheng was.

Qin Churou rolled her eyes. “If it really doesn’t work out, I’ll ask my father to start his own entertainment company.”

Qin Real Estate was not doing well.

It shouldn’t be too difficult to convince Qin Hai.

If Qin Hai started a company and poured all his resources into her, she did not have to worry about not being popular.

—

After returning to the rental house, Qin Churou repeatedly looked at the mirror to check the injured side of her face.

She still couldn’t take it lying down.

She picked up a Weibo post, thought for a moment, and then wrote a post.

[Qin Churou V: I was auditioning at Shenghe Entertainment today. It's a pity that I was really beaten up and got injured during my performance, but I still can't pass the interview at Shenghe Entertainment, but it's good to be a little stricter.]

Qin Churou's fans were all indignant for Qin Churou on Weibo.

[Rou Rou, it's just an interview and you're already covered in injuries. Shenghe Entertainment did this to you on purpose, didn't they? Could it be that Shenghe Entertainment doesn't like artistes from Star Creator Entertainment and is taking revenge on them?]

[Shenghe Entertainment, hehe. I was just praising them a few days ago. I didn't expect them to be such a dog who takes advantage of their position.]

[At that time, many artists expressed their support for Star Creator Entertainment regarding Lin Haocheng's incident, but I didn't say anything. Later, I even attacked Star Creator Entertainment. I don't ask you to thank me, but there's no need to target others.]

[No matter where my sister goes, she can make a name for herself. Shenghe Entertainment doesn't have anything now, yet they dare to be so arrogant?]

[Shenghe Entertainment, get lost!]

This Weibo post originally didn't cause much of a stir, but after the marketing accounts spread it and Su Yixiu's intentional promotion, it became one of the top ten most searched.

She had also successfully gained a wave of fans for Qin Churou.

Many people went to Shenghe Entertainment's Weibo to question him.

Li Xueyun saw the Weibo post and frowned. She immediately contacted Qin Churou.

"Churou, what's going on on Weibo?"

Qin Churou did not say anything.

Li Xueyun was furious. "Churou, I know you're angry. No matter what, you can't go and mess with Shenghe Entertainment. Shenghe Entertainment can even bring down Yu Jiafei, Gu Qinyue, and Star Creator Entertainment. Now that you've barely gotten rid of the eighteenth-tier, you actually want to go and cause trouble for Shenghe Entertainment?"

Chapter 982 She Wants To Go Back To the Lin Family

At first, Qin Churou was just unwilling to give up. She had posted this Weibo just to vent her anger and had not considered these things at all.

When she heard Li Xueyun's words, she panicked. "Sister Yun, what should I do now?"

"It's too late to delete your Weibo post now. It'll make you look guilty. All you have to do now is play dead." Li Xueyun analyzed, "We can only hope that Shenghe Entertainment doesn't come out to clarify."

Of course, this hope was small.

Shenghe Entertainment was a vengeful company, and Qin Churou's Weibo post had pushed Shenghe Entertainment to the forefront of the storm.

Shenghe Entertainment would retaliate.

Li Xueyun said with a headache, "Churou, let me take care of your Weibo account. You can use your side account."

Qin Churou did not dare to refuse Li Xueyun's request, so she gave her Weibo account and password to Li Xueyun.

On the other side, just as Li Xueyun had thought, Shenghe Entertainment saw that things were about to develop, so they slowly posted a Weibo.

It was a video from the interview.

[Shenghe Entertainment V: Qin Churou, you were the one who said that you wanted to fight. Don't say such ambiguous words, pretend to be wronged, and mislead everyone. Also, do you need us to tell everyone the reason why you failed the interview?@Qin Churou]

The content of Shenghe Entertainment's Weibo post did not leave Qin Churou any face.

The netizens who had criticized Shenghe Entertainment felt like they had been slapped in the face.

They felt that they had been deceived by Qin Churou and went to Qin Churou's Weibo to insult her.

Qin Churou trembled with anger when she saw Shenghe Entertainment's Weibo post.

Li Xueyun helped Qin Churou to apologize on Weibo.

Upon seeing this, the netizens believed that Qin Churou was in the wrong. Qin Churou's failure in the interview was not Shenghe Entertainment's fault.

Otherwise, how could Qin Churou not have any rebuttal?

Qin Churou had previously taken up two movies and a TV drama at Star Creator Entertainment. Although she wasn't the first female lead, she was still the second or third female lead.

Star Creator Entertainment had closed down, but Qin Churou's contracts with these films were still in effect.

That day, Qin Churou was on set. After the actors in the crew saw Shenghe Entertainment's Weibo post, they looked at Qin Churou with a strange look.

Some even mocked Qin Churou without restraint.

Previously, they were polite to Qin Churou only because she had the backing of Star Creator Entertainment.

Now that Qin Churou's backer had fallen, they naturally didn't have to worry too much.

Qin Churou's face turned red with anger when she heard their mockery, but she didn't dare to do anything to them.

Qin Churou was even more determined to return to the Lin family.

If she was the granddaughter of the Lin family, these people would have to be polite to her.

Qin Churou was also very proactive.

She found the Lin family's address on the internet and waited outside the Lin family's villa whenever she was free.

For five consecutive days, she pretended to bump into Old Master Lin when he was out for a walk.

When Old Master Lin was looking up Qin Sheng's information, he had also seen Qin Churou's photo.

He didn't have any good feelings for Qin Churou.

Qin Churou had Lin Shuya's shadow in her. Both of them were selfish and did not care about family for their own interests.

On the other hand, Qin Sheng, who was Lin Shuya's biological daughter, did not have any similarities with her at all.

Chapter 983 Call Him Grandpa

Old Master Lin didn't know why Qin Churou had come to see him, but he didn't ask. He had plenty of time to waste with Qin Churou.

Besides, teasing Qin Churou wasn't a bad idea.

Of course, Old Master Lin's main purpose was to stand up for Qin Sheng.

That morning, just as Old Master Lin walked out of the villa, Qin Churou came over again with a piece of cake in her hand and gave it to Old Master Lin.

"Grandpa, I made this for you this morning. Try it and see if it's good."

Old Master Lin took the cake and looked at it. He saw the name of the cake shop on the mat.

Old Master Lin looked away and raised his eyebrows. "Qin Churou, are you sure you did it?"

"Yes." Qin Churou nodded. "I've been preparing since five this morning."

"Is that so?" Old Master Lin directly exposed Qin Churou's words. "But, why is there a sign below that says 'Meiyi Cake Shop'?"

The smile on Qin Churou's face froze. She forced an excuse. "Oh, really? I just happened to buy a cake from this shop yesterday. When I was baking the cake this morning, I didn't have a cake box, so I used this."

Old Master Lin only laughed mockingly and did not continue the topic.

He returned the cake to Qin Churou. "You can eat it yourself. I've never liked to eat other people's saliva. I think it's dirty."

Qin Churou's lips curved into a stiff smile. "Okay, I'll bring you something else next time."

Old Master Lin put his hands behind his back. "Tell me, Qin Churou. What's your motive for coming to the Lin family's house to get close to me?"

His eyes were like torches, as if he could see through Qin Churou with one look.

"Don't tell me that you just want to accompany this old man for a walk and chat without any ulterior motives. I've lived for more than half of my life. I won't believe such a lie."

Qin Churou had brought a cake for Old Master Lin because she wanted to get closer to him and settle their relationship as soon as possible.

Tomorrow, she was going to shoot a movie somewhere else, and she wouldn't be back for at least two weeks.

Qin Churou was worried that Qin Sheng would slander her in front of Old Master Lin. If that happened, it would be difficult for her to enter the Lin family again.

Qin Churou didn't hide anything and said what she had wanted to say.

"Grandpa, I'm actually Lin Shuya's daughter."

Old Master Lin narrowed his eyes. "Doesn't Lin Shuya only have one daughter? Her name is Qin Sheng."

Qin Churou gritted her teeth. "Sister has already cut off all ties with the Qin family for her own sake. She won't call Mom her mother anymore."

"Oh?"

Qin Churou continued, "All these years, I didn't know about the Lin family's existence. It was just that all these years, Mom had been talking about you. I only found out that you were my grandfather a month ago."

Old Master Lin did not interrupt. He wanted to see what else Qin Churou would say.

What kind of daughter did Lin Shuya and Qin Hai raise?

He looked like he was watching a good show.

Qin Churou continued. "I've been hiding nearby to watch you for the past month. I'm afraid I'll disturb you. So, I didn't dare to appear in front of you."

Old Master Lin sat on the long stone bench. "Then why did you come to get close to me for five days in a row?"

Qin Churou deliberated over her words. "That's because I couldn't take it anymore. Grandpa, I want to be filial to you."

Old Master Lin raised his hand. "Don't, I'm not your grandfather."

Chapter 984 The Domineering Old Master Lin

Qin Churou's body stiffened.

Old Master Lin exposed Qin Churou mercilessly once again. "Qin Churou, you have nothing to do with the Lin family. You're not even related by blood. You're only Lin Shuya and Qin Hai's daughter, and Lin Shuya has already cut off all ties with the Lin family."

Qin Churou bit her lip and stood rooted to the ground. She had not expected Old Master Lin to say that.

"Qin Churou, do you know why we want to acknowledge Sheng Sheng?" Old Master Lin continued.

Qin Churou felt that Qin Sheng was able to enter the Lin family mainly because the Lin family was sending a signal to Lin Shuya, wanting her to come back on her own.

Of course, she didn't dare to tell Old Master Lin about this.

Old Master Lin continued, "That's because Sheng Sheng was so pitiful. She was bullied by the Qin family, and the Lin family couldn't just stand by and do nothing. Another reason was that Sheng Sheng is pure and innocent. She isn't as scheming as the Qin family. In the end, Qin Sheng cut off all ties with the Qin family."

Qin Churou bit her lip and said pitifully, "G-grandpa, did you misunderstand me?"

"Alright, I've misunderstood you. Then, Qin Churou, tell me, why did you, an adopted daughter, remain there after Sheng Sheng returned? Why did you accept everything that Qin Hai and his wife gave you with a calm heart?"

"Mom and Dad have raised me for more than ten years. I just can't bear to leave them."

Old Master Lin sneered. "You'd better not say these things to an old man like me. You can only lie to Qin Hai and Lin Shuya, those two muddle-headed guys."

"I..."

Just as Qin Churou said a word, she was interrupted by Old Master Lin. "Fine, you may be able to quibble about this, but what about all the things you did to Sheng Sheng in school and on the forum?"

Back then, Old Master Lin had investigated the things that Qin Churou had done to Qin Sheng very thoroughly.

He did understand that Qin Churou was a person who didn't mean what she said. She looked soft and weak on the outside, but her heart was black.

Old Master Lin had never been nice to people like this.

Therefore, he did not show any mercy when he fought.

Qin Churou stood rooted to the ground, her face extremely pale.

She had never thought that Old Master Lin would even know about this.

Qin Hai had clearly spent quite a bit of money to help her hide those things.

Then, she could go back to the Lin family to take a walk.

Hearing Old Master Lin's words, Qin Churou couldn't wait to leave.

However, if she missed this opportunity, she would probably never have the chance to enter the Lin family again.

She was not willing to give up the Lin family's assets and connections.

"Qin Churou," Old Master Lin said again, "wouldn't I be causing trouble for the Lin family if I acknowledge someone like you? Not to mention, you don't have any blood relations with the Lin family."

Qin Churou's eyes were red. "Grandpa, I really just want to help Mom show you respect. I won't touch anything in the Lin family, please believe me."

It had to be said that Qin Churou's acting was very good.

If Old Master Lin hadn't known Qin Churou's character from the start, he would have been deceived by her.

Old Master Lin did not waver. "The Lin family is not a shelter for trash. I, Lin Zhengtao, only have one granddaughter, Sheng Sheng. You should give up on this idea."

Qin Churou's hands clenched the corners of her clothes.

Her face also turned green and white, which was quite interesting.

She stood rooted to the ground, not knowing what to do.

A row of flashy red sports cars stopped beside them.

Chapter 985 Threatened To Leave the Lin Family

The car window rolled down, and a handsome face wearing sunglasses appeared.

Lin Haocheng took off his sunglasses. "Qin Churou?"

He frowned. What was Qin Churou's motive for coming to the Lin family to find his grandfather?

Lin Haocheng was thinking about what he had said to Qin Churou the last time, that Qin Sheng was his sister.

It couldn't be that Qin Churou also wanted to come to the Lin family, right?

Lin Haocheng felt that he had guessed correctly.

This Qin Churou would really do such a shameless thing. After all, Qin Churou valued money and fame the most. The Lin family was a rich and powerful family in the Imperial Capital, so it was not surprising that Qin Churou wanted to be listed in the Lin family.

Lin Haocheng was afraid that Old Master Lin would be bewitched by Qin Churou and hurt Qin Sheng's feelings.

He quickly got out of the car and asked, "Qin Churou, what are you doing here at the Lin family?"

"Brother Haocheng..."

As soon as Qin Churou said these words, Lin Haocheng glared at her fiercely.

Qin Churou bit her lip and had no choice but to change her words. "Senior Lin, I'm here to accompany the old man."

Lin Haocheng's tone was very bad. "My grandfather doesn't need you to accompany him. Who do you think you are? Are you even worthy?"

Qin Churou was embarrassed.

"I...!"

Qin Churou wanted to explain, but Lin Haocheng ignored her. He turned to Old Master Lin and said, "Grandpa, it's better if you don't hang out with these strangers in the future, in case you're deceived by people with bad intentions."

Afraid that Old Master Lin would argue with him, Lin Haocheng added, "Grandpa, this is Qin Churou, the one who took over Sheng Sheng's identity. She mistreated Sheng Sheng in the Qin family of H City. In the end, she even made Sheng Sheng cut off all ties with Lin Shuya and Qin Hai."

'Grandpa, Sheng Sheng hates Qin Churou. If you accept Qin Churou and let her enter the Lin family, I'm afraid you'll have to break up with Sheng Sheng. After all, Sheng Sheng doesn't covet anything from the Lin family. She can leave the Lin family anytime she wants."

Lin Haocheng knew very well that Qin Sheng could now be considered Old Master Lin's soft spot.

What Old Master Lin was most afraid of was Qin Sheng leaving the lin family.

Therefore, he used Qin Sheng to pressure Old Master Lin. Old Master Lin would not disobey him.

Old Master Lin blew at his beard and glared at him. "You little brat, do you really think I'm senile? I am just playing along with Qin Churou for fun. What are you thinking?"

Lin Haocheng heaved a heavy sigh of relief, "That's good, Grandpa. It means you're still awake."

Qin Churou was too good at lying. No one could compare to her ability to deceive people with her words alone. She was a white lotus.

Lin Haocheng was worried that Old Master Lin's mind would be muddled for a moment and he would be fooled by Qin Churou.

Hearing their conversation, Qin Churou was on the verge of collapse.

She put on a hurt expression. "Grandpa, I've been with you for the past few days and I've had a good time chatting with you. I thought you'd accepted me. I didn't expect you to only treat me as a pastime."

Lin Haocheng turned the car key in his hand and watched the show.

His grandfather was in trouble.

He would suffer if he was pestered by a woman like Qin Churou.

“Stop, stop, stop.” Old Master Lin was speechless. “Qin Churou, when did I ever have a good chat with you? I’ve always been mocking you both openly and secretly. It’s just that you’re not smart enough to see it.”

Qin Churou’s face stiffened.

She recalled the words that Old Master Lin had said to her. At first, she didn’t think much of it, but now that she thought about it, he was indeed mocking her.

Chapter 986 Qin Sheng’s Two-Faced

Lin Haocheng said sarcastically, “Qin Churou, Sheng Sheng is my sister. Who do you think you are?! It’s fine if I don’t settle scores with you, but you still dare to send yourself to my door? How thick is your face? No wonder you’re the daughter of Lin Shuya and Qin Hai.”

Lin Haocheng’s mouth was also ruthless. For people he hated, he would not give them any face.

At this moment, he didn’t hide his disgust for Qin Churou.

After saying this, Lin Haocheng turned his head. “Grandpa, you’re too much. You can actually stay with this kind of person for several days. Aren’t you looking for trouble?”

This time, Old Master Lin did not refute Lin Haocheng. “Indeed, it’s quite a torture. If it wasn’t for the sake of avenging Sheng Sheng, no one would be willing to bother with her. If she insists on coming, I’ll ask the security guards to drive her away.”

The two of them echoed each other.

Qin Churou’s face was extremely red, and the last bit of hope in her heart to enter the Lin family had disappeared.

She hated Qin Sheng even more now.

It seemed like Qin Sheng had brainwashed the Lin family a long time ago. She had really thought that Qin Sheng was a straightforward person and that she was just someone with deep thoughts.

Qin Churou threw the cake on the ground in front of Old Master Lin.

Since the Lin family treated her like this, she was not a masochist and had to come forward.

Even without the Lin family, she could still do well in the entertainment industry.

Lin Haocheng saw Qin Churou’s actions and raised his eyebrows. He was curious about what Qin Churou would say next.

Qin Churou’s eyes were red. “Qin Sheng isn’t as innocent as you think. I’m just giving you a kind reminder. Don’t be fooled by Qin Sheng’s appearance. Also, Grandpa, since you don’t care about my filial piety, I don’t need to give any face to you.”

After that, Qin Churou ran away.

Lin Haocheng immediately called Qin Sheng to take credit.

He told Qin Sheng everything that had happened.

Qin Sheng raised her eyebrows. She did not expect Qin Churou to be so thick-skinned.

Would the Lin family acknowledge someone who was not related by blood as their granddaughter?

Qin Sheng was a little impressed with Qin Churou's way of thinking.

A warm current flowed through her heart. She was rarely protected by her family like this.

Lin Haocheng said proudly, "Sister, Second Brother did a good job, didn't he? I had sharp eyes and saw through Qin Churou's intentions at one glance. I wasn't bewitched by her."

"Yes," Qin Sheng played along. "You're amazing."

Lin Haocheng was happy. It was rare for Qin Sheng to praise him.

"Although your second brother doesn't have any other abilities, he is still very accurate in judging people. Don't worry, if anyone dares to slander you in front of me, I will definitely not let them off."

"You little brat! What are you saying?"

Old Master Lin glared and snatched Lin Haocheng's phone.

"Sheng Sheng."

"Grandpa," Qin Sheng greeted him obediently.

"Ai." When Old Master Lin faced Qin Sheng, his voice was very loving. "Sheng Sheng, I didn't come into contact with Qin Churou because I was bewitched by her. I just wanted to tease her and teach her a lesson. Don't worry, although your grandfather is old, he's not senile."

Qin Sheng leaned back in her chair, a smile in her eyes. "Grandpa, I believe you."

Of course, if the Lin family failed to live up to her trust, she would leave without hesitation.

She would no longer accommodate anyone for the so-called family.

The phone was on speaker mode and the volume was very loud. Lin Haocheng could clearly hear Qin Sheng's voice on the phone.

Chapter 987 Black-Bellied Lin Haoyu

Old Master Lin couldn't help but look at Lin Haocheng smugly.

It was obvious that Old Master Lin was showing off that Qin Sheng believed him.

Lin Haocheng tutted.

Qin Sheng even said that he was amazing.

Qin Sheng was in the middle of an experiment. Now that it was reacting, she needed to start recording the experiment.

"Grandpa, I'm busy."

“Alright, you can go and do your work first. Don’t tire yourself out. The Lin family will take care of you. Even if you drop out of school, it’ll be fine.”

After ending the call with Qin Sheng, Old Master Lin returned the phone to Lin Haocheng.

“Lin Haocheng,” he warned, “you’re a junior. You have to listen to me. Don’t even think about snatching Sheng Sheng from me.”

Lin Haocheng put one hand in his pocket. “Grandpa, I can agree to anything else, but not this.”

Old Master Lin was so angry that he blew at his beard and glared at him. “Lin Haocheng, don’t you know how to respect your elders?”

Lin Haocheng, “You also have to care for the young.”

Lin Haocheng thought of something and continued, “Grandpa, don’t just look at me. You have to pay attention to Big Brother.”

“That shut-up guy?” Old Master Lin frowned.

“Yes,” Lin Haocheng nodded. “You don’t know, but Big Brother is so two-faced. He usually doesn’t say a word, but in front of Sheng Sheng, he often pretends to be wronged. He even collected many precious gifts from Sheng Sheng as if they were free.”

At this point, Lin Haocheng couldn’t help but grind his teeth.

He had not expected Lin Haoyu to be so two-faced, that whenever Qin Sheng had something to settle, Lin Haoyu would rush over to help at the first possible moment.

He had also played his usual trick of being wronged very well. He had often used this to trick Qin Sheng’s sympathy!

Old Master Lin frowned. “Is that so?”

It looked like he would have to give Lin Haoyu a piece of his mind.

When he looked at Lin Haocheng, Old Master Lin was as disdainful as he could be.

These two grandsons of his, neither of them were free from worry!

He was already a bunch of old bones that were about to enter the earth, yet they still wanted to compete with him!

— —

Shenghe Entertainment also announced on the internet that they would be shooting their first movie.

The adapted work was called ‘She Came From the Heart,’ written by Sheng.

It could be said that everyone had been paying attention to Shenghe Entertainment. As soon as this Weibo post was posted, many marketing accounts reposted it.

At that time, this work had caused a lot of sensation, and the sales were very high.

A lot of people wanted to buy the rights other than the electronic ones, but the author had never agreed.

Some people even offered 20 million to buy the film rights, but they were all rejected.

At this moment, they were surprised to hear that Shenghe Entertainment was going to shoot this work.

Many fans of this novel also appeared.

They all replied.

[Wait, I'm not mistaken? She Came From the Heart? And Shenghe Entertainment bought the film rights to shoot it? Sheng actually agreed?]

[This Shenghe Entertainment is too capable. They actually managed to get Sheng to sell the copyright to them. This Shenghe Entertainment has simply refreshed my knowledge. I'm very curious. Who is the boss behind this?]

[It's over, it's over. The light in my heart is going to be destroyed again. I only ask the scriptwriter not to change the novel into something that doesn't look like it.]

Su Yixiu selected a few replies and used Shenghe Entertainment's account to reply.

[Don't worry, Sheng will be in charge of the entire adaptation of this book. The company won't be involved. The plot will be highly restored.]

Su Yixiu's reply was quickly pushed up.

[I've taken a screenshot as proof. If there's a big discrepancy, be careful of the book's fans ganging up on you.]

[Ditto. I hope you can keep your word and not ruin your company's reputation.]

[I'm actually looking forward to the release of this movie. Usually, it's the movies that destroy the original work. I hope this movie is an exception. I just want to say, don't ruin this novel.]

Chapter 988 They Are Strong

This Weibo post also made it to the top three most searched.

She Came From the Heart. Although it was only a novel, it was already out of the industry. Hundreds of millions of people had read this novel. It was called a classic.

Moreover, many film companies had wanted to buy the copyright, but Sheng had not agreed.

These book fans had never thought that there would be a day when they would be able to watch the film.

In just a few minutes after it was exposed, there were hundreds of replies.

With Shenghe Entertainment's reply, many people were relieved.

Of course, there were also many voices of doubt.

[This is the first movie that Shenghe Entertainment will shoot. Are you sure it'll be good? From the way Shenghe Entertainment dealt with Star Creator Entertainment, we can see that Shenghe Entertainment is very capable, but can they really make a good movie?]

[Ditto. I just hope that Shenghe Entertainment will act within their means and not ruin this classic novel just to attract attention.]

Su Yixiu only looked at these comments and did not reply.

Shenghe Entertainment naturally wanted to do the best. In the future, they would shut these people's mouths.

When Qin Sheng saw this Weibo post, she contacted Feng Shuo.

Feng Shuo was in the meeting room scolding the higher-ups when his phone rang. Feng Shuo was very impatient and wanted to hang it up.

But he saw Qin Sheng's name.

His gaze paused, and he quickly picked up the phone to confirm that it was Qin Sheng's name. He was not mistaken.

Feng Shuo had originally wanted to wait outside the meeting room, but he was afraid of wasting time.

He immediately picked up the call and laughed. "Sheng Sheng, why are you so free to call me today?"

When the other upper echelons saw that Feng Shuo's attitude had a 180-degree change, they were starting to get curious about who was on the phone with Feng Shuo.

It was rare for them to see Feng Shuo suck up to someone.

Qin Sheng replied, "Uncle Feng, my company is preparing to film a movie."

At this moment, Feng Shuo had already walked out of the meeting room. Hearing this, he was very surprised. "Sheng Sheng, you've opened an entertainment company?"

Qin Sheng hummed.

Feng Shuo was shocked. "First, you opened Shengshi Technology, then Shenghua Real Estate, and now an entertainment company. Are you sure you can manage it?"

Moreover, Qin Sheng already owned three companies at such a young age.

In particular, Shengshi Technology had a daily income of tens of millions.

She was indeed a little pervert.

Fortunately, he had good judgment and clung to Qin Sheng's thigh.

Upon hearing this, Qin Sheng said calmly, "I have subordinates. I don't need to worry."

"You rarely care about the company's affairs?"

"Yes." Qin Sheng nodded. "They're very capable."

If Yu Bei and Hong Yuan were here, they would definitely be speechless and would even say that Qin Sheng was shameless.

In front of other companies, their abilities might indeed be quite good.

However, the game that Qin Sheng asked them to develop was almost beyond the era.

Artificial intelligence mobile game, full-dive virtual reality online game.

No matter which one it was, it had never appeared before they developed it, let alone this technology.

It was completely out of thin air.

Even if they were strong, it was useless. It was only a simple matter to a genius like Qin Sheng.

Feng Shuo did not doubt Qin Sheng's words. He asked curiously, "Sheng Sheng, which movie do you want to shoot?"

"Sheng's 'She Came From the Heart'."

"F*ck."

Feng Shuo couldn't help but curse. If he had drunk water, he would have spat it out.

Chapter 989 Won't Provoke Them

Qin Sheng was not in a hurry. She spun the pen in her hand.

It took Feng Shuo a long time to recover. He still couldn't believe it. "Sheng, Shenghe Entertainment is under your name?"

Feng Shuo's main business was a movie theater, so he paid more attention to the entertainment industry.

The conflict between Shenghe Entertainment and Star Creator Entertainment was not small.

Even many companies outside of the entertainment industry knew about it, and Feng Shuo naturally knew about it.

He had even marveled at the power of the person behind Shenghe Entertainment.

He did not expect this person to be Qin Sheng.

Qin Sheng nodded. "En."

Feng Shuo couldn't help but sigh. "Sheng Sheng, first it's Longyue Technology, and now it's Star Creator Entertainment. I'm afraid everyone will take a detour when they see your company."

It was Qin Sheng who had helped his company back then.

If it had not been for Qin Sheng, the Feng Corporation would have gone bankrupt by now. And now, Fei Long Film was the one going downhill. They would not be able to last more than a year.

Feng Shuo had rejoiced countless times that he had chosen to listen to Qin Sheng.

Qin Sheng's fingers tapped the table lightly. "If they don't provoke me, I naturally won't lay a hand on them."

Feng Shuo, "..."

Why did he feel that if Qin Sheng had her eyes on something, she would lure them to lay their hands on her and then mess with them openly?

This way, Qin Sheng would not have a bad reputation. Instead, others would think that she was a victim.

Of course, Feng Shuo did not dare to let Qin Sheng know of his thoughts.

Feng Shuo rubbed his hands and pressed his bluetooth earphone. "Sheng Sheng, can I discuss something with you?"

Feng Shuo laughed in a wretched manner. Those who didn't know would think that he was a human trafficker.

Qin Sheng could roughly guess Feng Shuo's motive. She nodded. "Okay."

Feng Shuo: "Then, your company's future movies will be a collaboration with our movie theater. How about it?"

The things that Qin Sheng did had always been extraordinary.

He had always felt that Shenghe Entertainment would surprise him, so he would not lose out by working with Qin Sheng.

"Sure."

Feng Shuo was happy to hear that. He asked, "So, Sheng Sheng, what are you looking for me for?"

"Chang Ping hasn't signed with any company yet, right? Help me contact Chang Ping. I wonder if he's interested in joining our company. I'll send you the contract. Also, I'm preparing to let Chang Ping direct 'She Came From the Heart'.

It was Shenghe Entertainment's first movie, and Qin Sheng did not want to be sloppy.

Feng Shuo agreed, "Alright, I will go and ask him. You are Chang Ping's benefactor, and he has asked me to thank you. Sheng Sheng, if nothing goes wrong, he should agree to it."

After the two ended the call, Qin Sheng sent the sample contract to Feng Shuo.

Feng Shuo scanned through the contract and nodded.

He and Chang Ping were already very good friends, and he knew Chang Ping's situation very well.

Chang Ping was very famous because of Floating Cloud Atlas.

He also directed a few movies after that, and the box office sales were all very good.

Chang Ping lacked background and connections in the entertainment industry, and he wasn't signed to any entertainment company, so he couldn't last long.

Many entertainment companies had approached Chang Ping, but there were too many restrictions in the contract, so Chang Ping had rejected them all.

And in the contract Qin Sheng had given him, the company and Chang Ping would split the profits 30 – 70. The script could be modified according to the circumstances, and the director could also decide what kind of shows he wanted to direct. The company would not get involved.

Shenghe Entertainment was located in the capital, and Chang Ping happened to want to develop his career in the capital. Signing a contract with Shenghe Entertainment was the best choice for Chang Ping.

Chapter 990 Shenghe Entertainment Will Rise In a Year

Feng Shuo contacted Chang Ping and told him about Qin Sheng looking for him and about the contract.

In the end, he took a sip of tea to relieve the dryness in his mouth. “Chang Ping, Sheng Sheng helped you earlier, and now she’s giving you such a good opportunity. You should think about it.”

Chang Ping had not agreed yet, and Feng Shuo was worried that he would be suspicious, so he said, “Don’t be fooled by the fact that Shenghe Entertainment is just starting out. I can guarantee that within a year, Shenghe Entertainment will be able to rise. You won’t see the terms in this contract with other companies.”

Of course, what Feng Shuo did not expect was that many of Shenghe’s artistes had become a or B-List artistes just because of ‘She Came From the Heart’.

And this was the first movie produced by Shenghe Entertainment, which was unprecedented in the entertainment industry.

Chang Ping only thought for a while before agreeing. “Okay, I’ll sign it.”

He had to take a gamble.

He owed Qin Sheng a debt of gratitude. Without Qin Sheng, he would not be who he was now.

Chang Ping was not an ungrateful person. Even if the contract had many restrictions, he would probably agree.

Chang Ping was still shooting a movie in the Imperial Capital. Su Yixiu had sent someone over to sign a contract with Chang Ping that day.

The next day, Chang Ping went to the company to pick out the actors for the movie.

Su Yixiu told Chang Ping about the movie’s reservation.

Chang Ping had also read that novel, so he had a rough idea of the characters in it.

Lin Haocheng’s acting skills were beyond comparison, and his image was also in line. As for Li Wen, he was also extremely satisfied.

On the same day, Shenghe Entertainment announced the name list of the director and the main cast of the movie.

[Director: Chang Ping]

[Male Lead: Lin Haocheng]

[Female Lead: Li Wen]

There were also some other important characters on the list.

When the list was released, the book fans were once again in an uproar.

Although other than the male lead, the others were all unknown actors, Chang Ping was famous for his ability to make actors popular.

It was once again a hot topic on Weibo, and Shenghe Entertainment was now a regular on the hot topic list.

There was also news that Chang Ping and Shenghe Entertainment had signed a contract.

[Director Chang Ping? This Shenghe Entertainment is really awesome, they can even invite Chang Ping. Chang Ping is the most carefree, I'm really curious what benefits Shenghe Entertainment has offered to let Chang Ping direct a movie and sign a contract.]

[Seeing Lin Haocheng and Chang Ping, I'm relieved. With an Oscar-winning Best Actor and a well-known director here, do we still need to worry about ruining the show?]

[I'll wait for the screening.]

Most of the main characters in the movie were cast by the artists from Shenghe Entertainment. Many of them who had not entered Shenghe Entertainment were jealous.

This novel was read by hundreds of millions of people, and there were also Chang Ping and Lin Haocheng. After it was made into a movie, even if it didn't go viral, it wouldn't be too bad.

The popularity of the main actors would also rise.

Who would have thought that the actors would get such a good opportunity as soon as they entered Shenghe Entertainment?

Qin Churou bit her lip when she saw this Weibo hot search.

Qin Churou also recognized her. Li Wen was the woman who had looked her in the eye during the interview. Li Wen had slapped her hard back then, and her wound had not healed yet.

And Li Wen was actually the female lead of the movie!

Qin Churou was dissatisfied with the role she was playing now. This was also a major play, but she was playing a vicious female supporting character who was called for a beating.

It seemed that after filming this drama, she would have to go back and persuade Qin Hai to open an entertainment company.
