Chapter 991 He Was Jealous

The movie at Shenghe Entertainment had just been handled.

At night, just as Qin Sheng was about to get into Fu Hanchuan's car, Lu Ming ran over to look for Qin Sheng. He looked very anxious. "Sister-in-law, no, Sheng Sheng, help me."

"Speak," Fu Hanchuan said with a frown.

Lu Ming wiped his sweat. It was really uncomfortable to be stared at by his brother like this.

He tried his best to calm himself down. "Sheng Sheng, our school and Fenghua University have both entered the finals of the National University Computer Science Competition, but we lost to Fenghua University for two years in a row."

"Fenghua University."

Qin Sheng felt that the name was very familiar.

"Yes, Fenghua University." Lu Ming nodded and said angrily, "Those people from Fenghua university are especially arrogant. They look down on other universities in the country just because they have many foreign students. They've ridiculed Imperial Capital University a lot."

"Imperial Capital University has already lost to them in the National University Computer Science Competition for two years. If we lose again this year, they will definitely mock us."

They were also participating in Lu Ming's National University Computer Science Competition this year.

In the semi-final, they did not compete with Fenghua University, but now they encountered Fenghua University.

In Fenghua University, several of the participants were from G Country. They had always looked down on the Chinese, and when they saw the Imperial Capital University's computer team uniform, they were very disdainful.

They even ridiculed them.

They said that Imperial Capital University would also be trampled on by them this year.

Even the best university in China was trash!

Lu Ming was really angry. Although he had a certain level of strength and was ranked in the top nine of the Black Emperor, the computer science competition was a three-on-three competition between two teams.

It was difficult for him to control it alone.

For the past few days, their team had been thinking about countermeasures.

In the afternoon, Lu Ming suddenly had an idea and thought of Qin Sheng. Qin Sheng was ranked first in Black Emperor ranking and could be compared to Fu Hanchuan.

With Qin Sheng around, they would definitely win. Lu Ming immediately came over to look for Qin Sheng.

Qin Sheng narrowed her eyes. "I can help, but if we win the competition, I have a condition."

"What condition?" Lu Ming asked.

Qin Sheng smirked. "I'll ask the principal when the competition is over."

If the principal heard Qin Sheng's words, he would definitely be speechless. D*mn it, he had been shot even without doing anything.

"The day after tomorrow," Lu Ming replied. "Sheng Sheng, the main purpose of this competition is to overcome the difficult programming questions. This shouldn't be difficult for you."

"Alright, I'll be there on time," Qin Sheng smiled and agreed.

Lu Ming was elated. "I'll tell my teammates right away. Sheng Sheng, I'll bring you the team uniform tomorrow. If a beautiful girl comes to our team, I'm sure they'll be very excited."

There were very few female students in the Computer Science Department of Imperial Capital University, not to mention that there would be female students participating.

Therefore, if a girl like Qin Sheng, who was also the campus belle, joined their team, Lu Ming felt that the guys in their team would definitely not be able to move.

Hearing this, Fu Hanchuan narrowed his eyes and looked at Lu Ming's silly look with disdain.

"Tomorrow afternoon, deliver the clothes to HD Group," he said.

Lu Ming, "..."

He seemed to have smelled a pungent smell of jealousy.

No way. How could he be jealous over this? Did his brother grow up in a vinegar tank?

He was just teasing her.

Moreover, based on Qin Sheng's cold and powerful aura, no matter how much they admired her, they would not dare to pursue her.

Lu Ming was afraid that Fu Hanchuan would have other means to deal with him.

He did not dare to stay any longer.

Chapter 992 The Meeting Can Be Brought Forward

Qin Sheng sat in the passenger's seat. Fu Hanchuan bent down and fastened Qin Sheng's seat belt.

Fu Hanchuan's hand was on the steering wheel. "Sheng Sheng, I'll go with you the day after tomorrow."

"The day after tomorrow?" Qin Sheng tilted her head. She was very confused. "The day after tomorrow is a Friday. Brother Fu, don't you have to work?"

Fu Hanchuan's expression didn't change. "There's little work and it's not important. It's fine."

He was thinking that he could let Assistant Lin talk about the billion-dollar cooperation alone.

Also, the meeting scheduled for Friday could be held a day in advance.

Qin Sheng did not doubt Fu Hanchuan's words. "Okay."

The meeting at HD Group was mainly to discuss a project.

They were still in the examination stage, so Fu Hanchuan asked Assistant Lin to inform the meeting to be held at two in the afternoon.

The two teams in charge of the project planning panicked when they heard that. They were afraid that something had gone wrong with the project and that Fu Hanchuan would definitely not let them off.

Hence, they started working overtime to check and only went to bed at four in the morning.

The next day, these employees all had two eye-catching dark circles under their eyes.

If they knew that Fu Hanchuan had brought the meeting forward because he wanted to accompany his little girlfriend to the exam, they would definitely vomit blood.

At 3 o'clock in the afternoon, Qin Sheng was done with his experiment. Seeing that it was still early, he took a taxi to the HD Group.

This was Qin Sheng's first time at the HD Group in this life.

Qin Sheng knew that Fu Hanchuan was still hiding his identity as the president of the HD Group, so she was wearing a black mask.

Qin Sheng's dressing was very simple. She wore a white top, a pair of jeans, and a long jacket, which made her legs look even more straight and slender. Qin Sheng looked like she was wearing a formal dress.

She was born with a noble temperament.

Qin Sheng went straight to the front desk. The lady at the front desk stood up and politely asked, "Who are you looking for?"

"Your president."

The front desk lady's gaze suddenly changed.

She had been working at HD Group for two months now. During this time, many people had come to see Fu Hanchuan, and some scantily dressed women had even come to seduce Fu Hanchuan.

Of course, these women couldn't get close to Fu Hanchuan, and it was Assistant Lin who had asked people to kick them out of the company.

The lady at the front desk thought that Qin Sheng was this kind of person.

"Miss, do you have an appointment?"

"An appointment?" Qin Sheng frowned. She answered honestly, "No."

The lady at the front desk still had a professional fake smile on her face. "Miss, our company has a rule. Without an appointment, you can't see the president."

"Alright," she said.

Qin Sheng walked away and did not make things difficult for the lady at the front desk. She did not have an appointment, and the lady at the front desk did not know her identity.

Qin Sheng would not be unreasonable.

She took out her phone and called Fu Hanchuan.

Fu Hanchuan was still in the meeting room listening to the staff's description of the project. He had set Qin Sheng's phone number to follow him closely. When he heard Qin Sheng's unique phone ring, a doting look flashed across his eyes. He raised his hand and interrupted the staff. "Wait."

He picked up the phone and said in a low and deep voice, "Sheng Sheng."

Qin Sheng was worried that she would disturb Fu Hanchuan's work, so she did not say anything else. "Brother Fu, I'm in the lobby on the first floor of your company."

Fu Hanchuan was very surprised. Qin Sheng had come to his company?

There was a smile in his eyes. "I'll get Lin Yuan to pick you up."

After everything was settled, Fu Hanchuan put away his phone, a faint smile still on his lips.

Moreover, Fu Hanchuan's voice was so gentle when he spoke.

These higher-ups almost thought that Fu Hanchuan had been replaced.

Chapter 993 Seducing Their President

Among the company's higher-ups, there had been rumors that Fu Hanchuan already had a girlfriend, but it was just a guess and had not been confirmed.

One of the higher-ups couldn't suppress his curiosity and asked boldly, "President, was the person you were talking to your girlfriend?"

The other senior executives looked at Fu Hanchuan, waiting for his answer.

Fu Hanchuan glanced at him.

Cold sweat broke out on the senior manager's forehead. He regretted asking Fu Hanchuan that question.

He had simply eaten a bear's heart and a leopard's gall.

However, Fu Hanchuan did not blame him. Instead, he replied, "Yes, girlfriend."

The higher-ups thought they had heard wrong.

Then he heard Fu Hanchuan say, "She'll also be your president's wife in the future."

Upon hearing this, the higher-ups were speechless.

They were all stunned, unable to believe that Fu Hanchuan would say such a thing.

Such a flirtatious person could not be their CEO!

However, the higher-ups finally understood that Fu Hanchuan must have said those words because he liked his little girlfriend very much.

People like Fu Hanchuan were the most loyal and usually stayed away from women, but when he met someone he liked, he would not let go.

After coming to their senses, they started to flatter him.

“President, your girlfriend must be an outstanding person.”

“President, I wish you two a happy marriage.”

“President...”

Fu Hanchuan was obviously in a good mood after hearing their conversation.

He raised his hand. “Continue with the meeting.”

After that, the higher-ups realized that Fu Hanchuan rarely reprimanded them. Even if there was something wrong, Fu Hanchuan would only give them a few pointers.

They understood that this was Qin Sheng’s doing. They secretly made up their minds to cling to the CEO’s wife.

At this moment, Qin Sheng was still standing in the hall on the first floor.

The lady at the front desk who had been serving Qin Sheng just now looked at her back.

The other receptionist came over after washing her hands. She asked curiously, “What are you looking at?”

“Yes.” The lady at the front desk pointed at Qin Sheng. “Another person who wants to seduce the president. Perhaps she hasn’t given up and is waiting for the president to come down.”

It was obvious that the lady at the front desk was very familiar with this.

“Our president is too outstanding. It’s inevitable that some girls will throw themselves at him.” The other receptionist supported her chin with her hand and sighed. “But our president is quite mysterious. I’ve been working here for two months and I haven’t seen him even once. I heard that he’s handsome. I wonder what kind of girl he likes?”

“I don’t think so. I think Manager Fu is very handsome.”

“Manager Fu?” The lady at the front desk frowned. “Forget it. This Manager Fu is also someone who can’t wait to stay away from women. Although I admire his looks, I don’t dare to get close to him. His aura is strong and cold.”

The other receptionist nodded in agreement.

Their voices were not loud, but Qin Sheng could barely hear them, so she ignored them.

She was looking down at the financial reports when Assistant Lin came down from the elevator.

The lady at the front desk, who had been chatting, stood up straight and greeted respectfully, "Assistant Lin."

Assistant Lin went straight to Qin Sheng's side. "Miss Qin, the president is still in the meeting room. He asked me to come and pick you up to his office first."

The two front desk ladies looked at each other.

Wasn't she here to seduce their president? Why did Assistant Lin personally come down to pick her up to the president's office?

They had a bad feeling in their hearts.

A front desk lady couldn't help but ask, "Assistant Lin, who is this?"

Chapter 994 The President Has a Girlfriend

Assistant Lin did not hide anything and replied, "She's the president's girlfriend. If Miss Qin comes over in the future, please inform me immediately and treat her well."

After that, Assistant Lin brought Qin Sheng to Fu Hanchuan's exclusive elevator.

G-girlfriend?

The two front desk ladies were stunned and didn't react.

The person they thought wanted to seduce their president was actually their president's girlfriend?

Most importantly, their president actually had a girlfriend.

The girl looked like she was not even twenty years old.

"F*ck, did I hear that right? The president, he has a girlfriend?"

The other receptionist also turned her head. "You didn't hear wrong. By the way, did you offend her just now?"

"No, absolutely not. I just followed the procedure and asked her if she had an appointment. She said she didn't, so I stopped her. But..."

The receptionist's expression changed slightly. "I just told you that she's the woman who came to seduce our president. She was standing not far away. I don't know if she heard me."

"Good luck." The other receptionist patted her on the shoulder sympathetically.

In the end, the receptionist was an optimistic person. She quickly forgot about offending Qin Sheng.

She held her chin and said, "By the way, president's girlfriend is really young. That figure, those eyes, and that face. Although she's wearing a mask, she must be very beautiful."

The other receptionist nodded in agreement. "The president's girlfriend looks like she's not even 20 years old. Our president must be extremely young too."

“No, I have to tell the employees in the company that the president has a girlfriend.”

After speaking, the receptionist turned on her phone and told everyone in the company’s group chat on QQ.

[No, no, no, no, our president has a girlfriend! A very pretty little sister.]

The company group chat was silent for a few seconds, and there were no new messages.

The front desk lady frowned. This was very unusual.

Shouldn’t they be very excited?

She sent an emoji that said, [Where is everyone?]

A minute later, a message popped up in the group. [Shirley, this is fake. Our president has a girlfriend? Who would believe this joke? If you say anything else, we can still believe you.]

Her words attracted the agreement of many employees.

The lady at the front desk tapped on her phone screen angrily. [It’s true. I swear, I’m not lying to you. The president does have a girlfriend. Assistant Lin even came down to pick her up to the president’s office just now. I asked Assistant Lin and he admitted it himself.]

An employee who had just come down from the 14th floor to deliver the documents to Assistant Lin saw the front desk lady’s words.

He added, [I did see a girl with Assistant Lin just now. She was very tall and elegant. She was wearing a black mask. Could she be the president’s girlfriend?]

Some people who worked on the 14th floor also echoed.

At this moment, the employees had no choice but to believe that Qin Sheng was Fu Hanchuan’s girlfriend.

The company’s group chat was in an uproar.

[Do you have any photos? Whoever took a photo, quickly post it.]

[I didn’t take any photos. If I knew that she was the president’s girlfriend, I would definitely take some photos. However, I think that she really has a good temperament and her looks must be very good. How bad can she be to be the president’s girlfriend?]

[I’ll definitely wait for her to come out and take a good look.]

Chapter 995 Place It At the Heart

Therefore, most of the employees on the 14th floor were not in the mood to work.

From time to time, they would look at the door of the president’s office through the glass door.

Qin Sheng was sitting in his office. She looked around the office and when she saw the photo on Fu Hanchuan’s desk, she could not help but smile.

It was a picture of the two of them. Fu Hanchuan hugged Qin Sheng's slender waist from behind and held her in his arms. The two of them looked at each other and smiled sweetly.

Qin Sheng was very tall, but she looked very petite in Fu Hanchuan's arms.

It looked like the two of them were a natural match.

Qin Sheng picked up the photo and looked at it carefully. She did not expect Fu Hanchuan to have taken this picture.

After a long while, Qin Sheng put it back in its original position.

She sat down on the sofa.

On Fu Hanchuan's side, he was in a hurry to go back to his office to accompany Qin Sheng. He did not pursue perfection too much in the project.

The meeting ended quickly.

He quickly returned to his office.

The higher-ups couldn't help but tease him. "This President really has his girlfriend in his heart."

"Anyway, we have to cozy up to the President's wife. That way, we can suffer less from the President's cold air."

"..."

Fu Hanchuan was not aware of the discussion among the higher-ups, and at this moment, his heart was completely on Qin Sheng.

He opened the door to his office.

His eyes were filled with love when he saw the figure on the sofa.

He walked over and sat beside Qin Sheng.

He poured Qin Sheng a cup of tea. "Sheng Sheng, you can ask me to pick you up."

Qin Sheng shook her head. "I can get a taxi as soon as I leave school."

Fu Hanchuan flicked Qin Sheng's nose lovingly. "Sheng Sheng, you're always reluctant to trouble others."

In fact, she could rely on him wholeheartedly.

Of course, Fu Hanchuan did not tell Qin Sheng this.

Qin Sheng had experienced too much deception and coldness since she was young. She had also gone through all that in her previous life. She had automatically set up a layer of protection for her heart.

She would not let down her guard so early.

When Qin Sheng was with Fu Hanchuan, she would sometimes be very careful.

Fu Hanchuan sometimes felt that Qin Sheng had agreed to be with him not only because she liked him, but also because she felt guilty.

Fu Hanchuan could only help Qin Sheng lower her guard step by step.

Hearing that, Qin Sheng did not refute. She was indeed as Fu Hanchuan had said.

She changed the topic. "Brother Fu, you can go ahead with your work."

Fu Hanchuan squeezed Qin Sheng's hand. Qin Sheng's fingers were fair and slender, and in Fu Hanchuan's eyes, they were indescribably beautiful.

He nodded. "Okay."

In the office, one was working while the other was reading a magazine. The atmosphere was indescribably good.

Fu Hanchuan would look up from work from time to time and look in Qin Sheng's direction. He could not help but smile. He wanted to continue living like this.

He did not want to experience the dream where he could only hide in a corner and watch her alone.

It was very painful.

Fu Hanchuan had finished his work at 4:30.

Qin Sheng helped him put on his suit jacket.

Fu Hanchuan's eyes darkened as he looked at Qin Sheng, who was tidying his clothes.

Qin Sheng lowered her eyes, her long, curly eyelashes casting a shadow on her eyelids.

Qin Sheng helped Fu Hanchuan adjust his suit and was about to leave when Fu Hanchuan put his arm around her waist.

Fu Hanchuan's tall body bent down slowly.

His cold lips landed on Qin Sheng's.

Qin Sheng's nose was filled with Fu Hanchuan's unique scent.

Qin Sheng was only stunned for a second before she closed her eyes.

Chapter 996 Announcing Qin Sheng's Ownership

Fu Hanchuan only let go of Qin Sheng helplessly after a long while.

He pressed his forehead against Qin Sheng's and chuckled. "Sheng Sheng, we've been together for four months, but you still don't know how to breathe."

Qin Sheng coughed lightly and did not answer Fu Hanchuan.

Qin Sheng was very cold to everything, and very few things could affect her. But when it came to Fu Hanchuan, her heart would always be disturbed by him.

She was naturally shy when it came to relationships.

She rarely took the initiative.

Fu Hanchuan let go of Qin Sheng's waist and tidied her slightly messy hair.

He sighed. "There's still one year, four months, and twenty days."

By then, he would be able to bring Qin Sheng over to register their marriage. No one would be able to separate them.

Qin Sheng frowned, not understanding what Fu Hanchuan meant. "What's wrong, Brother Fu?"

Fu Hanchuan chuckled. "It's fine."

Qin Sheng did not pursue the matter further. Fu Hanchuan put on a mask, and since he was the manager of the HD Group, Qin Sheng was worried that someone would recognize him if he was with her.

She then took a cap from the office and put it on Fu Hanchuan, who was wrapped up tightly.

The blue peaked cap didn't match the black suit.

Fu Hanchuan did not stop Qin Sheng.

He even commented seriously, "Yes, this is very suitable."

Qin Sheng could not help but chuckle.

She and Fu Hanchuan left the office together.

Fu Hanchuan used to be a famous overtime freak in the company and never left the company early.

However, after living with Qin Sheng, Fu Hanchuan could not wait to free up all his time to accompany Qin Sheng. It was a common thing for him to leave early.

Therefore, they did not find it strange that Fu Hanchuan and Qin Sheng were about to leave the company 40 minutes before they got off work.

All the employees on the 14th floor knew Fu Hanchuan's identity.

However, at this moment, they did not pay attention to Fu Hanchuan. Instead, they all turned their eyes to Qin Sheng.

Fu Hanchuan frowned unhappily. Many of these employees were single.

He wrapped his arm around Qin Sheng's waist, as if he was announcing to them that he was Qin Sheng's.

Qin Sheng naturally knew Fu Hanchuan's motive, and she could not help but smile.

Fu Hanchuan's behavior was really childish.

The employees were even happier when they saw Fu Hanchuan and Qin Sheng's ambiguous actions. If it were not for the fact that they behaved they were in a relationship, they would not have believed it at all.

Some of the employees even took out their phones to take pictures.

Fu Hanchuan did not stop them. He wanted to announce to the world that Qin Sheng was his girlfriend.

“Hello, Mrs. President,” an employee greeted.

The other employees also followed suit and shouted.

Fu Hanchuan’s furrowed brows gradually relaxed. He was in a good mood and was particularly generous. “Your department has done a good job this month. You’re very serious. I’ll increase your bonus by 50%.”

The employees were stunned. HD Group’s employees were treated very well. If they did a good job, even the lowest-level employees would be rewarded with a bonus of 50,000 yuan. A 50% bonus was a huge reward.

They did not expect that Fu Hanchuan would one day give them a bonus.

These employees were so excited that they kept saying nice things for free.

Fu Hanchuan nodded in satisfaction and left with Qin Sheng in his arms.

Chapter 997 The Competition Was Pulled Down By Qin Sheng

Qin Sheng and Fu Hanchuan walked down the stairs together. The lady at the front desk and some of the staff were staring at the two of them, and the excitement in their eyes obvious.

The front desk lady also secretly took a photo of the two of them.

At this moment, there were already quite a few photos circulating in the group.

The group was very lively. [F*ck, they are really together.]

[Motherf*cker. Looking at them, I feel like I can do it again. No, I have to go and find a new boyfriend.]

[I didn’t expect our president to have a girlfriend without saying a word. I’m jealous. I’m already 27 years old and I’m still single.]

At this moment, Assistant Lin interrupted, [Let’s get to work.]

Seeing that Assistant Lin had come out, they had no choice but to stop chatting on QQ.

Assistant Lin was usually an expressionless person. He did not smile or speak, and the employees were all afraid of him.

On Friday, Qin Sheng and Fu Hanchuan went to the competition venue.

Before the competition even started, Lu Ming explained the rules to Qin Sheng. Qin Sheng had a good memory, so she could remember them after hearing them once.

“Sheng Sheng, are you sure you’ve remembered it?” Lu Ming asked, worried.

There were many rules and regulations in the competition, and even he had use three times to remember them.

No matter how good Qin Sheng was, she had to memorize it twice.

Qin Sheng nodded. "En."

Lu Ming really valued this match. He was worried that the people from Fenghua University would catch him in the act. Although he heard Qin Sheng's words, he still looked carefully at Fu Hanchuan, who was standing next to Qin Sheng, and said, "Then why don't you repeat it?"

Qin Sheng was helpless. She could only repeat Lu Ming's words.

Lu Ming's mouth was wide open in shock.

After a long while, he finally said, "Sheng Sheng, I shouldn't have doubted you, you pervert."

Lu Ming was devastated. He returned to the group.

Qin Sheng, on the other hand, was standing with Fu Hanchuan, some distance away from the team.

"Lu Ming, are you sure Qin Sheng can do it?" Feng Ping questioned. "You know how important this competition is to Imperial Capital University. You actually called a girl over to help us with the competition at the last minute. Don't tell me you're causing trouble for us, and the competition that we could've won is ruined by Qin Sheng alone."

Feng Ping was originally the strongest in the team.

However, when Lu Ming came, he was outdone.

Feng Ping was very hostile to Lu Ming.

As a matter of fact, Feng Ping was the first one to stand up and object when Lu Ming suggested for Qin Sheng to help in the competition.

He also did not believe that Qin Sheng could win against the contestants from Fenghua University.

How could a woman win?

What a joke!

Lu Ming said with certainty, "I can say that Qin Sheng will definitely not lose that round. I won't do something I'm not confident in."

Feng Ping sneered. "Qin Sheng is the top scorer in the National College Entrance Examination. She scored full marks in physics and other subjects, but that doesn't mean that she's good in computer science. Besides, she majored in medicine. Would she know computer programming? Don't embarrass our school by not knowing how to do anything on stage."

The other team members also interjected, "Feng Ping, Fenghua University has poached a few very strong students to their school. Other than Lu Ming, the others' level may not be comparable to them. The chances of winning are almost zero. Now that there is hope, why don't we take a gamble?"

Back then, Lu Ming had also sworn that there would be no problem with Qin Sheng around.

Everyone chose to believe in Lu Ming.

Since they were destined to lose, they might as well give it a try.

Chapter 998 To Be His Girlfriend

“Ha.” Feng Ping was still disdainful. “Without Qin Sheng, at least we wouldn’t lose so badly. With Qin Sheng around, we might be ridiculed by everyone.”

“Feng Ping, let’s make a bet,” Lu Ming raised his eyebrows.

Feng Ping frowned. “What are we betting on?”

“If Qin Sheng can win, post an apology on the forum and Weibo to Qin Sheng. If Qin Sheng loses, I’ll apologize to you.”

Feng Ping agreed without thinking. “Sure.”

He was certain that Qin Sheng would not win.

The teacher-in-charge looked at his watch and said, “It’s almost time. Let’s all go in.”

Qin Sheng, Lu Ming, and the rest entered the competition venue.

Fu Hanchuan came to the audience.

Fu Hanchuan was not worried that Qin Sheng would lose. Qin Sheng’s computer skills could be said to be among the best in the world. It was impossible for her to lose.

In the same lounge, there were people from another team, Fenghua University.

The moment they came up, they started to mock them. “Oh, you’re from Imperial Capital University. Look at your clothes. You’re quite energetic. It’s a pity that you’re destined to be defeated by us.”

Lu Ming’s face did not show the slightest hint of carefreeness. He said disdainfully, “Then we’ll wait and see.”

The leading teacher of Fenghua University recognized Lu Ming. “You’re the Lu Ming who has never lost in any competition?”

Lu Ming ignored him.

The leading teacher continued, “Lu Ming, I’ve seen a lot of your competition videos. I find that you’re very good in this area. Imperial Capital University’s computer science is behind Fenghua University. Coming to Fenghua University is the most suitable way for you. We will also focus on training you.”

“Your school?” Lu Ming tutted. “I’m sorry. You’re not from a school in China. It’s disgusting that you’re helping outsiders.”

Fenghua University was famous for treating students from other countries well and mistreating students from their own country.

Lu Ming had been disgusted with it for a long time. Otherwise, he would not have placed so much importance on this competition.

The leading teacher of Fenghua University did not think much of it. "Our school values the talents of the school the most. The students from G Country are stronger, so we naturally have to take care of them."

"Teacher Li, isn't it inappropriate for you to recruit people in front of me?" The leader of the team from Imperial Capital University sneered.

Hearing this, the leading teacher of Fenghua University sneered, "Maybe. I hope you don't lose so badly this time."

A few students from G Country had their hands behind their backs and their chins were raised high. They were disdainful of the students from Imperial Capital University.

Qin Sheng narrowed her eyes. "Really?"

It seemed that she had to make her opponents lose more miserably.

She wanted them to have mental trauma about computers for at least three months.

Qin Sheng's voice had attracted the attention of the people on the other side. It was only then that they realized that there was a girl in Imperial Capital University.

Fojack was an international student from G Country. He was also the strongest participant from Fenghua University in this competition.

He immediately fell in love with Qin Sheng the moment he saw her. It was the first time he had seen such a good-looking woman.

He had always been more carefree. At this moment, he didn't care about the fact that there were other people present. "Little beauty, are you here to participate in the competition too?"

Qin Sheng took out her phone and looked at it, ignoring him.

"You and I are on the same page," said Fojack. "If you become my girlfriend, I'll give you a chance. How about that?"

The other students of Fenghua University also joined in the jeering.

Chapter 999 His Knees Hit the Floor

Qin Sheng's red lips parted slightly. "No need."

Fojack walked over and wanted to hold Qin Sheng's hand. "Little beauty, you have a hot temper, but I like it."

Standing near Qin Sheng was Feng Ping. He stood at the side with his hands in his pockets.

He did not help Qin Sheng.

There were two people in between Lu Ming and Fojack, so it was difficult for him to stop Fojack.

“Be careful, Sheng Sheng,” Lu Ming shouted loudly. He was so anxious that cold sweat was dripping from his forehead.

If Qin Sheng was bullied by other men, Fu Hanchuan might punish him.

Just as Fojack was about to touch Qin Sheng’s hand, Qin Sheng dodged it with a flash. At the same time, she kicked Fojack’s knee.

Fojack was caught off guard and kneeled heavily on the ground with one knee.

He was screaming in pain.

The sound of his knee hitting the floor was so loud that even Lu Ming felt the pain.

If Qin Sheng did not have any skills, she could not do this at all.

He did not expect Qin Sheng to be so good at fighting.

Lu Ming could not help but rejoice that he had not offended Qin Sheng.

If the two perverts, Fu Hanchuan and Qin Sheng, were to play a mixed doubles on him, he would probably lose his life.

“Don’t you dare!” Fojack gritted his teeth.

Qin Sheng took a few steps back and raised an eyebrow. “Actually, you don’t have to bow to me like this.”

The people from Imperial Capital University, except for Feng Ping, could not help but laugh.

The team members of Fenghua University hurriedly went over to help Fojack up.

The leading teacher of Fenghua University had an ugly expression on his face. “Are all the people from Imperial Capital University of this quality?”

Qin Sheng smiled. “I’m sorry, I was just defending myself. I’ve never been merciful to hooligans.”

“Aren’t you afraid I’ll tell the competition committee and have them disqualify you?”

Qin Sheng said nonchalantly, “Go ahead and report me then. But...”

She looked at the surveillance camera on the wall and continued, “There’s a surveillance camera there. It recorded everything that happened just now. I wonder if it’s me who’s withdrawing from the competition or him?”

The leading teacher of Fenghua University choked. He had no way to refute.

This was the first time that he had suffered such a grievance in China. He said angrily, “Don’t blame me for not showing mercy to your Imperial Capital University in the competition later. I was still thinking of saving some face for you, but it seems that there’s no need for that now.”

“And you!” Fojack pointed at Qin Sheng. “Just you wait.”

Qin Sheng did not take Fojack’s threat to heart. She only smiled faintly. “As you wish.”

The people from Fenghua University took Fojack to treat his wounds.

“Qin Sheng,” Feng Ping said unhappily, “do you know that Fenghua University will easily get a hold of you if you do that just now? It will easily have a bad impact on Imperial Capital University’s reputation!”

In fact, anyone with a discerning eye could tell that Qin Sheng’s method of handling this matter was correct.

However, Feng Ping was very prejudiced against Qin Sheng, so he did not like her in every way and liked to find fault with Qin Sheng.

Now that he had the opportunity, he was naturally not willing to let it go.

“Feng Ping, don’t you have eyes?” Lu Ming stood up and said unhappily. “It’s obvious that Fojack was looking for trouble on purpose. If Qin Sheng didn’t fight back, she would have been bullied by him.”

Feng Ping was stubborn. “She could have dodged it, but was there a need to make Fojack kneel?”

Lu Ming sneered and retorted, “Aren’t you next to Qin Sheng? Then why didn’t you pull Fojack away?”

Chapter 1000 His Knees Hit the Floor

When Lu Ming said that, the other people from Imperial Capital University also noticed. Feng Ping was the one closest to Qin Sheng, but when Fojack came up, he did not do anything.

Under such circumstances, anyone with a bit of conscience would help.

As a result, the Imperial Capital University team members looked at Feng Ping with a strange look.

“I just didn’t react in time,” Feng Ping said, straightening his neck.

“Heh,” Lu Ming sneered. “you can only lie to yourself.”

Feng Ping was at a loss for words.

He shifted all his anger onto Qin Sheng. “No matter what, Qin Sheng’s actions today were wrong. She could have dodged it. Did he need to do what happened next? If it weren’t for the surveillance cameras, Imperial Capital University would be in deep trouble.”

Feng Ping’s words had completely changed the impression the students of Imperial Capital University had of him.

Feng Ping was usually a high and mighty person, but they did not expect him to be so unreasonable.

The teacher-in-charge couldn’t stand it anymore. He scolded, “Feng Ping, shut up, or get the h*ll back to school.”

After he finished speaking, he turned to Qin Sheng. “Qin Sheng, you don’t have to take this to heart. You did the right thing.”

Qin Sheng nodded indifferently.

She looked at Feng Ping and said, “I hope you can perform well in the game later. Don’t drag the team down.”

After she finished speaking, Qin Sheng sat on the sofa in the lounge.

Lu Ming had told her about the arrangement of the competition. Feng Ping was the first to go, and Lu Ming followed closely behind.

Feng Ping had never thought that he would one day be ridiculed by a woman for his computer skills.

He was so angry that he laughed. "Qin Sheng, you'd better think about yourself. What right do you have to say that?"

Lu Ming touched his chin. He was looking forward to seeing Feng Ping's expression after Qin Sheng won. It would definitely be interesting.

The match was about to start.

The audience was already full. There were many supporters from both Imperial Capital University and Fenghua University. However, compared to those from Imperial Capital University, the supporters of Fenghua University were more excited because they all felt that Imperial Capital University had a high probability of losing this game.

Both Fenghua University and Imperial Capital University would compete for the first or second place in the final.

Imperial Capital University had lost two years in a row, not to mention that Fenghua University had poached two very powerful students this year.

It was almost impossible for Imperial Capital University to win.

The two teams stood on both sides of the host. The host introduced them and then specially interviewed Fenghua University.

"Teacher Li, what do you think the chances of your school winning are?" she asked.

The leading teacher of Fenghua University said confidently, "At least 90%."

"You're that confident?" the host laughed.

"I'm the one who has confidence in my students." Then, he continued in a seemingly joking tone, "Imperial Capital University has lost to our school for two years in a row. I think it will be the same this year."

"Hahaha, then I'm looking forward to Fenghua University's next performance. It's almost time now, so I'd like to invite the players from both teams to stay and prepare for the competition. The rest of you, please sit on both sides of the stage."

Feng Ping and a contestant from Fenghua University stayed behind.

After the host explained the rules of the competition, the competition officially began.

Feng Ping started to operate the computer with confidence.

He had fought five to six matches before this and had not lost a single one. This time, he also felt that he could beat Fenghua University.
