

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 115-119

Chapter 115 Superstar, Lin Fan

Shanghai Airport.

A few girls walked together. They were all youthful and beautiful. Most of them were girls between the ages of 19 and 20.

These girls were all good-looking and Lin Yushi was the prettiest one among them.

However, these girls did not know who Lin Yushi's brother was.

"Let's sleep at my brother's house tonight. We can save on the money we have to use to stay in a hotel. What do you guys think?" Lin Yushi suggested.

"Lin Yushi, you're already so pretty. Is your brother super handsome? What's his name?" a girl named Huang Huiling asked.

"Lin Yushi, there are four of us. If we all live in your brother's house, will there be enough rooms? The property prices in Shanghai are too high. Ordinary people can't afford houses here," another girl called Lin Qianqian said.

Lin Qianqian was the only one among the four who dressed up and put on makeup. She was wearing shorts and usually liked to show off that she was very rich. It was said that she had a boyfriend who was a rich second-generation heir.

"Sigh, it's a pity that my brother isn't here. If he was at home, we could have stayed at my brother's house," Lin Qianqian said.

"How big is your brother's house?" Lin Yushi asked, blinking

"It's more than 400 square meters. It's in the outer ring of Shanghai. Although it's not much, the house is worth 7-8 million. It's not bad," Lin Qianqian said.

"Wow, a house with more than 400 square meters in Shanghai. That's 7-8 million yuan," Huang Huiling exclaimed. "That's right. If only Lin Yushi's brother's house was this big. Unfortunately, that's impossible. Yushi's family is relatively poor. Her family is from a village and lives in a flat. No matter how awesome her brother is, I think it'll be difficult. Maybe it's even a rented house." Lin Qianqian deliberately sighed. There were fights between girls, but they wouldn't show it on the surface.

Although her words sounded unintentional, she was actually looking down on Lin Yushi, even if it was not obvious.

"What? Lin Yushi, does your brother rent a house in Shanghai? That's too tiring. What does he do for a living?" a girl named Huang Tian asked.

“He rented a small restaurant that was more than 20 square meters to be his own boss some time ago. My brother makes delicious food,” Lin Yushi said, not revealing Lin Fan’s identity as a superstar first.

“More than 20 square meters? That restaurant is so small. Shanghai doesn’t seem to have such a small restaurant,” Lin Qianqian continued.

Although Lin Yushi felt a little uncomfortable after hearing this, Lin Qianqian was telling the truth.

Three years after graduating from university, Lin Fan was working hard in Shanghai. Other than writing novels, he didn’t make a name for himself.

A small restaurant that was more than 20 square meters was rented to Lin Fan at a low price by his relatives.

“It’s okay. Even if it’s a rented house, everyone can stay for a night. My brother said that his place is very big,” Lin Yushi said.

“Alright, then let’s just stay for one night. But it’s only for one night. We’ll go play tomorrow. Go spend more time with your brother,” Lin Qianqian said.

They weren’t really willing to live in Lin Fan’s house. After all, to them, Lin Fan’s house wasn’t big. How could he rent a house that could accommodate five people?

These girls had also made up their minds to stay at most for one night and not disturb Lin Yushi’s brother anymore.

“Hehe, okay.” Lin Yushi nodded.

“Isn’t your brother picking us up? That’s normal. Let’s get a car ourselves. After all, it’s not easy to buy a car,” Lin Qianqian said.

In the taxi, the few girls sat together.

Huang Huiling said, “Have you guys watched the latest television drama? The male lead for Joy of Life is Lin Fan. He’s super handsome and he’s a newcomer. His acting skills are superb.”

Lin Qianqian nodded and said in admiration, “I’m a fan of Lin Fan. Lin Fan is a big star ~ His kissing scene with Xia Wanqiu was too sweet. I’m envious. How can there be such a handsome guy? It’s a pity that we can’t see Lin Fan.”

Huang Tian also said, “How can it be so easy to see a big star? We might never see a celebrity in our lives. I heard that Lin Fan cooks really well.”

Lin Yushi smiled and did not speak.

Her brother was just that outstanding.

The taxi driver stopped the car at the entrance of Blue Wave Bay.

When the girls walked down, they looked confused.

This seemed to be a high-end district.

Shanghai's high-end district had ridiculously high housing prices.

When Lin Qianqian saw the name of the district, she exclaimed, "Oh my god, this is Shanghai's Blue Wave Bay district. It's a real high-end district. The average property price is at least 100,000 yuan. We're not coming to the wrong place, are we? Lin Yushi, your brother really lives here? That's impossible."

Huang Huiling added, "The property prices are 100,000 yuan per square meter. I don't even dare to think about it. We won't be able to afford a house here in our lifetime. Blue Wave Bay is a famous high-end district with many villas."

Lin Yushi did not speak for a moment. She was also a little confused. But she believed in Lin Fan.

She knew that Lin Fan's work hadn't been smooth for the past few years. In reality, she was very grateful to Lin Fan. When she was in university, Lin Fan would give her living expenses every month.

Even if Lin Fan was a big star now, he had only just started filming his first television drama. He would probably only get a salary of a few million dollars at most. Unless Lin Fan became a real big-name celebrity, his salary would only be able to reach tens of millions.

It was almost impossible to buy a high-end house in Shanghai's Blue Wave Bay district with just a few million.

Furthermore, the property owners of the Blue Wave Bay district would not rent out their properties to others. The rent was also ridiculously high.

At this moment, a Rolls-Royce Cullinan drove over from afar.

The Rolls-Royce Cullinan was a luxury car worth 6.8 million yuan!

"Wow, a Rolls-Royce Cullinan SUV. Such a good luxury car. Indeed, the people living in the Blue Wave Bay district are all rich."

"Lin Yushi, does your brother really live here? Could we have gone to the wrong place? Why isn't your brother here to pick us up?" The girls said. Just as they were about to say something else, Lin Fan got out of the car.

Today, Lin Fan was wearing a suit and looked exceptionally handsome. When he stood there, everything around him dimmed.

Just Lin Fan's face alone was enough to charm many girls.

Now that Lin Fan was a superstar...

When Lin Yushi looked at Lin Fan, her eyes were filled with shock.

When did her brother become so amazing...

Her brother was actually driving a Rolls-Royce luxury car and living in Shanghai's Blue Wave Bay district...

So her brother was actually so rich.

"Brother!" Lin Yushi pounced over and gave Lin Fan a simple hug.

"You're here. Are these all your classmates?" Lin Fan smiled and greeted them.

"Yes, yes." Lin Yushi nodded.

"Then let's go home together." Lin Fan smiled.

At this moment, the surrounding girls were enlightened. They looked at Lin Fan with shock and surprise in their eyes.

In the past, they could only see Lin Fan on the Internet. But today... they met Lin Fan in reality.

Lin Fan drove his Rolls-Royce luxury car and stood in front of everyone. Lin Fan lived in a high-end district in Blue Wave Bay.

The girls were completely stunned.

They had actually met a superstar here!

And this superstar was Lin Yushi's brother, Lin Fan!

Chapter 116 Lake Heart Villa, A Billion-Dollar sports car, Lin Yushi was Stunned

"Wow... it's really Lin Fan, a superstar!"

"Lin Yushi, why didn't you say so earlier? Your brother is a big star. How can Lin Fan be so handsome in person? I feel that he's much more handsome than on television."

"Oh my god, Lin Fan drives such a good car. A Rolls-Royce Cullinan worth millions..."

"I saw the superstar in person. Oh my God... this isn't a dream, is it?"

The girls said with infatuation.

They were Lin Fan's fans and Lin Yushi's classmates.

Lin Yushi actually had such an awesome brother.

Huang Huiling, Yun Qianqian, and Huang Tian were shocked.

A superstar was standing right in front of them.

They didn't even know what to say to Lin Fan.

They also saw Lin Fan's luxury car clearly. Not only was Lin Fan a big star, he was also super rich!

The girls screamed with excitement.

"Aiya, I didn't tell you guys before because I wanted to give you guys a surprise now," Lin Yushi said. Beside Lin Fan, her face was filled with surprise.

Lin Fan gave her a surprise too.

She did not expect her brother to be so amazing

Lin Fan drove a luxury car and lived in a high-end district. Lin Yushi was genuinely happy for him.

She could suck up to her brother in the future.

"Get in," said Lin Fan with a smile.

Luckily, he did not bring Xia Wanqiu and Su Xiaoyu home today. Otherwise, these fans would have bumped into them.

It would be difficult to explain when the time came.

It wouldn't be good if Lin Fan became a trending topic one day because of that.

Lin Yushi sat in the front passenger seat while the girls sat in the back.

The few of them looked at Lin Fan in disbelief. They passed through the Blue Wave Bay district's residential area and high-level districts and entered the villa district.

The girls were pleasantly surprised.

For some reason, they wanted to stay here forever.

Lin Fan lived in a villa...

A villa in Blue Wave Bay!

The Rolls-Royce Cullinan was walking through the villas all the way to the center.

In the middle of the villa district was the most luxurious Lake Heart Villa in the entire Blue Wave Bay district.

The scenery here was very good. When the sun set, the setting sun and wild birds flew together, and the autumn waters were the same color.

Many people were playing by the sea and basking in the sun.

The greenery here, the security, the scenery, everything was done too well. Only the truly rich could afford to live in this villa.

Living in the villa here was the symbol of a tycoon. This was the first time the girls had seen such a scene.

The real villa district was so big.

It had everything from football fields to swimming pools and barbecue pits.

Lin Fan's villa was three floors high. It was already more than a thousand square meters.

Furthermore, it was one of the most expensive villas in Shanghai.

e

-1

In comparison, Lin Qianqian's brother had a 500-square-meter house in Shanghai's outer ring. It was nothing. He had been killed instantly.

The property prices in Shanghai's outer and inner ring were completely different. This was not only reflected in Shanghai but also in various cities.

were

In the city center of every city, the property prices were much higher than in the suburbs. Unless the suburbs were turned into villa districts, that was the only way they could exceed the property prices in the city center. However, even if the suburbs were turned into villa districts, they were still villas.

Ordinary people could not afford to live in them. When Lin Fan drove the car into the garage, the girls screamed again.

If the Rolls-Royce Cullinan just now was just the beginning, the luxury cars in the garage shocked the girls.

Although they didn't recognize luxury cars, they had seen what luxury cars looked like. They could roughly tell that these sports cars were worth at least tens of millions.

The luxury cars in the garage were all symbols of high-end people. These were sports cars that only the rich could afford to drive. Ordinary people could not afford to rent them.

A Bugatti La Voiture Noire and a sports car named Koenigsegg One.

“These are Bugatti and Koenigsegg, right? They seem to be sports cars worth millions or even tens of millions,” Huang Huiling said excitedly.

“They should be worth tens of millions. Such a sports car is so handsome. Lin Fan actually drives such a handsome sports car. I’m envious that you have such a good brother,” Huang Tian said.

At this moment, Lin Qianqian opened her mouth and said, “No, let me tell you... These two sports cars are both limited edition sports cars. I checked online just now. These two sports cars are worth hundreds of millions!” “Lin Fan drives a sports car worth hundreds of millions and lives in a villa worth hundreds of millions. He’s also so handsome...” Lin Qianqian looked at Lin Fan with her beautiful eyes. Which girl wouldn’t like such a person?

If she could become Lin Fan’s girlfriend, it meant that she could also have such a sports car and a mansion. She could also live here legally.

Most importantly, how many girls would be envious of her if she became Lin Fan’s girlfriend? Among the ten million fans on Weibo, eight million were girls. These eight million fans would probably die of envy. The three girls couldn’t help but envy Lin Yushi. No matter who could become Lin Fan’s girlfriend, Lin Yushi was his biological sister.

With such a good brother, who wouldn’t be envious?

Was this the difference in life?

Being Lin Fan’s biological sister meant that Lin Yushi could meet big stars in the future. She could even get Xia Wanqiu and Su Xiaoyu’s WeChat numbers...

She didn’t know how blissful such a life could

be.

“Brother, since when did you have three luxury cars? Two of them are even sports cars. Are they really worth hundreds of millions?” Lin Yushi held Lin Fan’s arm and asked.

If someone didn’t know better, they might have thought that Lin Fan and Lin Yushi were a couple. Lin Yushi was already 19 years old. She was currently in her second year of university and had already matured very well. She was also very pretty. Just like that, she held Lin Fan’s arm. When they walked on the streets, they would all envy Lin Fan. He was an old cow eating young grass. “Mmm, it’s just over a hundred million dollars. It’s nothing much. Go rest in your room,” said Lin Fan. He walked towards the door and prepared to open it. “It’s just over 100 million...” Lin Yushi felt a little loveless after hearing that.

She had studied hard in university because she wanted to go into society in the future and have a good job. She wanted to earn money and be financially independent. Then, she could support her family and repay Lin Fan for all the selfless help he had given her over the years.

But now, no matter how good she was in her studies, she couldn’t compare to Lin Fan.

One sports car was worth more than 100 million yuan, and two sports cars were worth more than 200 million yuan.

In Lin Fan's eyes, this was just nothing...

Even the top students in Tsinghua and Beijing University would never earn 200 million yuan!

Chapter 117 Brother, Do I Have A Sister-In-Law?

Lin Yushi felt as if she had suddenly entered a rich family.

Initially, her family was indeed poor, but not long after, she was already a billionaire!

And all of this was because of Lin Fan.

Lin Yushi felt blessed to have such a powerful brother.

At least she wouldn't have to worry about her brother's life anymore.

She had her own life as well. She was also a university student and would work hard to learn. It was impossible for her to not do anything just because Lin Fan was rich and become an elder.

Her brother was so outstanding, so she had to work hard and strive to become an even more outstanding girl!

"It's just over 100 million... This is probably the world of tycoons?" Lin Qianqian said, the admiration in her eyes deepening. She knew more than other girls and she knew what it meant to have two sports cars worth hundreds of millions.

In other words, Lin Fan had at least a billion dollars.

Lin Fan's net worth was at least one billion, or even two billion!

Even if she was given 100 million, she would never be able to spend it all in this lifetime.

However, Lin Fan was willing to spend 200 million on two sports cars and park there.

He thought about what kind of tycoon would buy such a sports car.

Even people with a net worth of one billion might not buy two sports cars at the same time.

If someone bought it like that, that could only prove one thing.

Lin Fan could afford this sports car and the hundred million dollars he spent was nothing to him.

The rich bought sports cars not because of the price but because of the performance of the sports car and its appearance.

As for the price, since Lin Fan could afford such a sports car, it meant that he didn't care about such a price at all. After entering the villa, the girls were stunned again.

Was this Lin Fan's house?

The moment they entered, they were stunned by the luxurious decorations.

The decorations were grand, luxurious, and had all sorts of famous paintings. There was also a lot of high-end furniture.

Moreover, the villa was divided into three floors. When the three girls walked into their rooms, they realized that this was another world!

The size of a room alone was more than 1,000 square meters. In the room, there were other areas that were not rooms, such as the badminton court, football field, golf course, swimming pool, and places to place barbecue grills.

This was completely a paradise. The cobblestone path and the marble statues symbolized luxury.

The girls were like Granny Liu walking into the Grand View Garden as they exclaimed.

Lin Yushi, Huang Huiling, Huang Tian, and Lin Qianqian were all stunned by the scene before them.

Lin Fan's family was too rich...

At the airport, Lin Qianqian looked down on Lin Yushi's family background.

Now that she saw it, Lin Qianqian only felt admiration.

This was the world of the rich.

The wealth of the world of the rich was something that they would never be able to imagine.

"Sit as you please. You can choose your rooms first. Of course, you can't choose any of these three rooms. Other than these three rooms, you can choose any room to stay in." "By the way, there's a refrigerator, snacks, a game hall, a cinema, a gym, and a small KTV for you to sing. The bedrooms have all been renovated and have different styles. You can play anything you want as long as you don't break anything."

"There's one more thing. You're not allowed to take photos at home. After all, this is a private place. If you want to take photos, you can only take selfies. You can't take photos of this place," said Lin Fan with a smile.

"Okay. Brother, your house is really big. Every place is so nice and the bedrooms are so big. Then I have to choose one too. I'll stay here this summer," Lin Yushi said.

"Then let's all choose one," Huang Huiling said. There was envy in her beautiful eyes, but there was nothing she could do.

If they didn't have a good relationship with Lin Yushi, they wouldn't have been able to come here, much less see Lin Fan.

Lin Yushi could stay here forever, but not them. After all, they had nothing to do with Lin Fan.

After spending a few minutes with Lin Fan, the girls were very happy. Lin Fan was really easy to get along with.

As for why the girls were not allowed to choose the three rooms upstairs, the reason was simple.

Those three houses were all once occupied by Xia Wanqiu, Su Xiaoyu, and Lin Jingjing. Sometimes, these girls would come to Lin Fan's house to rest.

Although they didn't live here, Lin Fan wouldn't destroy the place they had lived in. Lin Fan would only occasionally clean the rooms that the girls used to stay in. As for letting other girls stay in the same room, Lin Fan felt that there was no need.

His villa was very big. If someone could stay in it from time to time, it could liven up the atmosphere. It was better than being alone here.

The girls went to choose their rooms. They were like Granny Liu walking into the Grand View Garden, their eyes filled with surprise.

Huang Huiling, Huang Tian, and Lin Qianqian all chose three rooms in Lin Fan's villa. They were staying here tonight. Of course, they would have to leave after tonight. It would not be convenient for them to stay here forever.

But Lin Yushi was completely different. She could live here every day. Who asked her to be Lin Fan's biological sister?

"Wow, this is a great room. I'm staying here tonight."

"This room is not bad. I want to stay here too." "Ah, it's so lucky to be Lin Fan's younger sister. If only I were his younger sister."

"Although you can't become Lin Fan's sister, you can try to become his girlfriend."

The girls said as they all found the rooms they liked.

These girls were Lin Yushi's friends, so Lin Fan would give them face.

In that case, Lin Yushi could get along better with her classmates in the future.

As for peeking at these girls' long legs, Lin Fan wasn't interested at all.

Only Xia Wanqiu's long legs could make Lin Fan a little overwhelmed. Occasionally, Su Xiaoyu's long legs were also very pretty.

As for other girls, Lin Fan couldn't be bothered to look at them.

Although Lin Jingjing wasn't bad, Lin Fan had already seen two girls' long legs. The cat would definitely be angry.

"Brother, this place is amazing!"

"I'm super happy to have such a brother. I feel like I'm living in heaven." Lin Yushi sighed and ran to Lin Fan's side.

"Then stay here for a few more days. Stay here until school reopens. I'll cook for you every day." Lin Fan smiled.

"Tell me honestly, do you have a boyfriend in university?" Lin Fan asked. He was very concerned about his sister's relationship life.

"No, I won't have a boyfriend in the future. Why would I want a boyfriend? I'll just rely on my brother. Hehehe..." Lin Yushi said righteously. "Who asked me to be your sister? You have to pamper me. Hmph." Lin Yushi smiled at Lin Fan. Her relationship with Lin Fan was too good. They had grown up together and helped each other.

"Alright, I'll pamper you. Anyway, I'm rich. It won't be a problem for me to support you forever," said Lin Fan with a smile. "That's great!"

"Mua ~ ~ Brother, you're too good." Lin Yushi kissed Lin Fan without any worries.

"You can't kiss me anymore in the future. How old are you already?" Lin Fan frowned. He remembered that when he was young, Lin Yushi liked to stick to his side. Until now, she hadn't even had a boyfriend. Lin Fan was still a little anxious. What if she couldn't get married in the future?

"Why can't I kiss you?"

"Brother, do you mean... I have a sister-in-law? Is it Sister Xia Wanqiu? She's super pretty, super pretty!" Lin Yushi said excitedly.

Lin Fan looked at Lin Yushi.

Fine, this girl was simply Xia Wanqiu's crazy fan. As for whether Lin Yushi had a sister-in-law,

Lin Fan sighed.

His biological sister was extremely smart. How could she guess everything?

Even if he had not confirmed his relationship with Xia Wanqiu yet,

But sooner or later, he and Xia Wanqiu would confirm their relationship.

In other words...

Lin Yushi's sister-in-law was Xia Wanqiu, she definitely could not escape from that!

Chapter 118 God-level Culinary Skills, Culinary Skills Shocking Everyone

Seeing that Lin Fan didn't reply,

Lin Yushi was a little surprised. "Brother, really?"

Lin Fan knocked Lin Yushi's head. "Children shouldn't care about so much stuff."

Lin Yushi felt wronged. "Brother, you're bullying me. I'm going to tell Mom. Also, I'm not a child. You have to look at your sister's breasts. They're not small anymore."

Lin Fan frowned. "Alright, stop."

Lin Fan continued, "You don't have a sister-in-law yet. Even if you do, that's something for the future."

When Lin Yushi heard that, she sighed. "Brother, you have to work hard. Sister Xia Wanqiu is super beautiful, good-looking, and pretty. You have to woo her in the future. That way, I can ask her for her autograph and take a photo with her. Hehe, I can see her in the future."

Lin Fan: "..."

Lin Fan said, "So you just want her autograph and a photo with her? You don't even care about me."

Lin Yushi pouted and said, "No, Brother, you're the most handsome. I'm saying this from the bottom of my heart. You must win Sister Xia Wanqiu's heart. You can't let others do so."

Lin Fan patted Lin Yushi's head again and said, "That's something for the future. Let's not talk about it now. Also, don't make such intimate gestures with me in front of her. Otherwise, she'll be angry. By the way, even if you're not in front of her, you can't make such intimate gestures, understand?" "Otherwise, one day, I'll be trending with you. I've even thought of the title of the trending topic. Shocking. Lin Fan actually flirted with his own sister!" Lin Fan smiled and rubbed Lin Yushi's head.

"Brother, I won't. I just like to stick to my brother. Who asked you to have such a clingy sister?"

"And it's just a kiss. It's not like I've never kissed you before when I was young. Brother, are you overthinking things? Hmph, so my brother is a pervert," Lin Yushi said with a pout.

Lin Fan said, "Alright, I won't argue with you anymore. Remember what I said. Otherwise, I'll send you home."

Lin Yushi sighed and said, "Okay. You only know how to bully your own sister."

With such a sister, Lin Fan had no choice.

He just couldn't let his wife misunderstand.

Otherwise, if his wife got angry, she would be as angry as a cat. She would be very fierce and he would not be able to withstand it.

"I don't know how you've been. Tell me what you want to eat tonight. I'll make it for you," said Lin Fan with a smile.

"I almost forgot. My brother is a chef! Brother, you can cook anything. Your sister isn't picky about food." After saying that, Lin Yushi went to the sofa to watch television.

"Such a glib tongue." Lin Fan smiled and started cooking dinner.

His current ability as a chef had become more proficient.

With master-level culinary skills, Lin Fan could cook even better dinner.

After cooking for a long time, Lin Fan's ability to cook had improved a lot.

He had to practice cooking often. If he didn't practice, it would be useless to have theories.

Not long after, Lin Fan had already prepared dinner for the day.

There were a total of four girls at home. Together with him, Lin Fan made a total of six dishes and a soup.

There were dried potato slices, fish-flavored shredded pork, braised fish, fish soup, stinky tofu, century eggs, and smashed cucumbers.

Coupled with some rice, they made up dinner for the night.

When Lin Fan placed all the dishes on the table, the fragrance of the dinner wafted over and the four girls were completely stunned.

Especially Huang Huiling, Lin Qianqian, and Huang Tian, they were pleasantly surprised.

The three of them could actually eat the dinner Lin Fan made for them.

"Wow, Fish-flavored Shredded Pork, dried potato slices, and braised fish. Why do the dishes look so delicious and smell so delicious?"

"Yeah, these dishes are simply amazing. I want to try it. Just looking at it makes me feel that it's very delicious. Previously, Lin Fan was on the hot search list because everyone felt that Lin Fan's dishes were super delicious."

"Other than his acting skills, my Prince Charming is also good at cooking. Moreover, he has so many styles of cooking. Although they're all home-cooked dishes, I feel that they're completely different from the dishes served in other restaurants."

The three girls were already stunned by Lin Fan's feast. Lin Yushi was the same.

She had never eaten such delicious food before.

It turned out that after graduating from university for three years, Lin Fan's feast had already become so delicious.

"Brother, I really don't want to leave. I just want to stay here with you and eat the dinner you make," Lin Yushi said happily. After she took a bite of the Fish-flavored Shredded Pork, she made a decision.

Let alone Fish-flavored Shredded Pork, even Lin Fan's white rice tasted so good.

Everyone could steam white rice, but the taste of the white rice made by different people was completely different.

Lin Fan's white rice was fragrant.

Was this the charm of a top chef? No matter what dish he made, it would be delicious.

"Brother Lin Fan's food is really delicious."

"This is my first time eating Brother Lin Fan's cooking... Brother Lin Fan, can we take a picture together after dinner?"

"I also want an autograph. Otherwise, we won't be able to see you outside."

The three girls looked pitiful and were looking forward to it.

Lin Fan didn't reject them and gave them his autograph.

However, Lin Fan still rejected the idea of taking a photo with them.

In the current era, any photo could be twisted by the media. If the photos were spread, he might become trending again and the news media would fabricate another story.

Although the three girls felt a little regretful, it felt pretty good to be able to get Lin Fan's autograph.

Their first celebrity chase had succeeded!

The real superstar, Lin Fan, was right in front of them.

After dinner, Lin Fan waved his hand and said, "You guys go rest first. I still have to work for a while before I sleep."

"Brother, you're already so rich now but you're still working so hard." Lin Yushi looked at Lin Fan and her heart ached. After all, she knew that Lin Fan had been busy in the company for the entire day and had to work overtime at night when he got home.

Lin Fan could have lived a carefree and happy life while flirting with girls but he didn't. Instead, he chose this monotonous but fulfilling life.

Lin Fan smiled and looked at Lin Yushi. "Even if you have money, you have to work harder. It's always like this. If you don't work hard, you'll only do nothing every day and become a cripple."

Lin Yushi nodded. She seemed to understand a lot and felt proud of Lin Fan.

She looked so sweet on the surface, acting coquettishly to Lin Fan and feeling aggrieved in front of him. That was because Lin Fan was her brother.

She was a strong girl in her heart. No matter how rich her brother was, she would work hard with her hands.

What others gave him felt completely different from the money he earned.

Lin Yushi was very happy to see Lin Fan so rich but still working hard.

She knew that her brother, Lin Fan, was just that outstanding

If he wasn't so outstanding, Lin Fan wouldn't have been able to reach such a position. He wouldn't have been able to write such an outstanding script, much less film a popular television drama online!

Chapter 119 Lin Fan Is Her Idol!

Lin Fan returned to his room to work and started writing the script for the second season of Joy of Life.

With the first season, it was more difficult to write the second season of Joy of Life.

Lin Fan wasn't too satisfied with the ending. On the other hand, Lin Fan had already written the end of the script for "The Legend of Sword and Fairy". The two scripts were just missing their endings. In that case, when Joy of Life funds were given to him, coupled with the copyright fees earned from selling two scripts, it would be enough for Lin Fan to earn quite some money.

Otherwise, no matter how rich Lin Fan was, he wouldn't be as rich as Xia Wanqiu. It wouldn't do to be suppressed by his wife.

After writing these two scripts, Lin Fan might not work with Yuehua. He wasn't Yuehua's gold medal screenwriter but Yuehua's nominal screenwriter.

As long as Lin Fan had absolute control over his scripts, any company could work with him as long as they gave him enough money.

The cooperation in the entertainment industry was very broad. Even if Yuehua won the bid for a script, the actors who acted in the drama could not all be Yuehua's celebrities.

The celebrities from various large companies could all act in this television drama.

As long as they met the director's requirements, they could basically start acting.

When it was late, Lin Fan closed his computer and prepared to rest.

At this moment, there was a knock on the door.

Lin Fan frowned and opened the door. He saw a girl standing at the door in her underwear with a shy expression.

This girl was naturally one of the girls who had come with Lin Yushi, Lin Qianqian.

A literature expert had once said that if you didn't have enough money, you would never know how proactive girls could be towards you.

Lin Fan looked over and saw Lin Qianqian's beautiful figure.

No man would have no reaction to a beautiful girl's figure.

This was a physiological reaction, and it had nothing to do with anything else.

Nowadays, even monks had a woman by their side. They could also make this woman scream under them.

Lin Fan didn't mean to see her on purpose. Who asked Lin Qianqian to come to his room dressed like this?

Without even thinking, Lin Fan knew that Lin Qianqian was here to scam him.

Over the years, Lin Fan had met girls who were very proactive. This was the first time he had seen a girl as proactive as Lin Qianqian.

After all, she was not even wearing any other coat except for her thin underwear.

There was one above and another below.

"Brother Lin Fan... Actually, when I saw you act in Joy of Life, I already fell in love with you."

"You're really handsome, and the dinner you make is so delicious. Can you... satisfy a small request of mine?"

"I don't need you to be responsible for anything. As long as you're willing to agree to my request, I won't tell anyone. I took the initiative."

"And... this is my first time."

Lin Qianqian said as she looked at Lin Fan pitifully. Her cheeks were slightly red.

If it was someone else, it would be almost impossible to resist such temptation.

Was Lin Qianqian really an ordinary person? No, she wasn't.

She was only saying that on the surface. In reality, as long as Lin Fan touched her, she would definitely pester him in the future.

She sincerely wanted Lin Fan to be responsible towards her. If she got pregnant, Lin Fan would never be able to leave her.

If he wanted to get rid of her, he had to give her a huge sum of money. For example... tens or even hundreds of millions!

She believed that Lin Fan would fork out so much money to protect his reputation.

When she was looking for Lin Fan, Lin Qianqian naturally wouldn't say that. She looked very innocent as if she really liked Lin Fan.

Facing such a woman, Lin Fan chuckled.

If it was ten years ago, he would have been fooled by her when he was in his youth.

Right now, Lin Fan had no interest in this girl at all.

As for what this girl wanted to do, Lin Fan wouldn't agree.

Lin Fan pointed at the camera above him. Although this was a villa, there were cameras in the villa, especially in Lin Fan's room.

The things in the camera were absolutely private. Only Lin Fan had the right to check them.

"My dear lady, I'm very grateful for your love."

"However, I'm not that kind of person. Please don't think of me as that kind of person. I suggest that you respect yourself."

"To give you face, I can pretend that what happened just now didn't happen. You'll be my sister's classmate in the future. I won't say anything."

"Now, please go back to your room and sleep. Leave this place tomorrow. Otherwise, as long as I press the button on my phone, the property management here will immediately come up. At the same time, they will contact the police. Anything you do will be recorded by cameras," said Lin Fan. "Brother Lin Fan, I really... don't need you to be responsible. I just like you..." Lin Qianqian still didn't want to give up. "Shut up," Lin Fan said. He didn't even look at Lin Qianqian. "Girls should be self-respecting." "A girl's first time should be given to the person she loves most and her future husband. It shouldn't be given to someone she likes casually," said Lin Fan.

“If you want money, you can earn it yourself. If you want fame and fortune, you can work hard on your own. Rely on yourself, I don’t want you to walk down a crooked path either. Once your life goes astray, your entire life will be destroyed.” “Only by walking on the right path can the path be bright and smooth. Do you understand?” Lin Fan’s gaze was solemn as he asked.

“Understood, Brother Lin Fan. Thank you. I was wrong... I was wrong... Please don’t tell Yushi about this and don’t tell my classmates.”

“In the future... I won’t do this again.” Lin Qianqian blushed and lowered her head.

She did have those thoughts and wanted to have some crooked thoughts.

As a girl, this was a shortcut for her.

But Lin Fan’s words had deeply touched Lin Qianqian’s heart. Was this her idol, Lin Fan?

From this moment on, Lin Fan’s status in Lin Qianqian’s heart soared.

Her idol would be Lin Fan from now on. It would never be able to change.

Even if Lin Fan rejected Lin Qianqian, she would have a better impression of him instead.

After that, Lin Qianqian went back to sleep.

She would pretend that nothing had ever happened.

After Lin Qianqian left, Lin Fan closed the door and silently opened Xia Wanqiu’s photo. Lin Fan shook his head. He didn’t know what girls were thinking nowadays.

Luckily, the person who did this was not Xia Wanqiu.

If Xia Wangiu walked in front of Lin Fan dressed like this too,

Even if Lin Fan was a true saint who never panicked, he wouldn’t be able to resist it in front of the girl he liked!
