

## **I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 200-204**

### **Chapter 200: Lin Qianwei Was Stunned, Bugatti's Higher-ups Welcomed Lin Fan!**

The next morning, Lin Qianwei arrived at the entrance of Lin Fan's Lake Heart Villa.

She was Lin Fan's manager and the security guards knew her. She could enter the Blue Wave Bay district directly.

When Lin Fan opened the door and saw Lin Qianwei waiting for him, he smiled.

"You're here so early. Have breakfast before you leave. There's still time," said Lin Fan with a smile as he looked at Lin Qianwei.

"I've eaten a little," Lin Qianwei said. Although it was her first time being Lin Fan's manager, her work ability was outstanding and she was quite punctual. She was a very qualified manager.

"That won't do. You can't eat breakfast too casually. Come in. This is my house. You don't have to be too restrained," said Lin Fan with a smile.

"Alright." Lin Qianwei nodded and walked in. When she saw Lin Fan's villa, she was stunned.

Her boss, Lin Fan, had a huge house.

Such renovation and such luxurious decorations.

The room was filled with everything. There was a leather sofa and a central air conditioner. There were famous paintings on the wall and a luxurious crystal chandelier.

Not long after entering, there was a table. Lin Qianwei was very restrained. She sat quietly on a chair with her legs together, her eyes filled with surprise.

In the past, she knew that Lin Fan was very rich. Now, she knew exactly how rich he was.

Lin Fan's house was too big. Was this... a real villa?

Not long after, Su Xiaoyu arrived at Lin Fan's house.

Unlike Lin Qianwei, Su Xiaoyu could directly open Lin Fan's door.

"Master ~ Good morning." Su Xiaoyu smiled sweetly. She was dressed very ordinarily today. She was holding a small suitcase and wearing a baseball cap and denim shorts. She was exceptionally beautiful and her long legs were even more eye-catching.

"Come, have breakfast," said Lin Fan with a smile. Breakfast was ready.

Breakfast was very simple. There was some bread and milk. Lin Fan even made a fish soup, dried potato slices, and fish-flavored shredded pork.

He had no choice but to eat better for breakfast.

Lin Fan was just casually making breakfast. This was already considered very simple.

Especially with a little foodie like Su Xiaoyu, cooking two dishes was enough.

"Wow... delicious, delicious. Master's cooking is even better now." Su Xiaoyu took a bite of the potato and a sip of the fish soup. It was simply delicious.

"It's really... delicious." Lin Qianwei's beautiful eyes widened as she looked at Su Xiaoyu.

Although she was Lin Fan's manager, this was the first time she had eaten Lin Fan's feast.

Such a feast was too delicious.

The taste was just right. It wasn't greasy, but it was delicious.

She took a gentle bite and the delicious soup entered her throat. Then, she took a sip of the fish soup and felt that her stomach was very warm.

Furthermore, the bread in Lin Fan's house wasn't bought from the supermarket.

The bread was also super delicious.

Lin Fan knew how to make bread himself. The bread he made was ten times better than those bought in supermarkets!

Not long after, Su Xiaoyu and Lin Qianwei finished the breakfast Lin Fan made.

There was no other reason, it was just too delicious.

“If I continue eating like this, I’ll get fat,” Su Xiaoyu said aggrievedly. “It’s all your fault for cooking so well.”

Lin Qianwei nodded as well. “This is the first time I’ve eaten such a delicious feast. So what those people in the company said is true. Brother Fan’s breakfast is really delicious. It’s the first time I’ve seen someone make even bread so delicious.”

Lin Fan smiled. “Alright, there’s no need to praise me anymore. If you want to eat a feast, I’ll make you guys a feast in Paris. It’s time to leave for the airport.”

The moment he opened the door, the property agent, Xia Ranran, was already waiting at the door.

When she saw Su Xiaoyu and Lin Fan, Xia Ranran’s eyes lit up.

Lin Fan was a superstar now. Su Xiaoyu was also a superstar and she was super pretty.

Xia Ranran bowed politely. “Mr. Lin, I’ve already prepared a car for you. Get in. Let’s go to the airport now.”

Lin Fan nodded. “Mmm, sure. Get in.”

The service attitude of the property agent of Blue Wave Bay was also very good. Furthermore, Xia Ranran was Lin Fan’s fan.

After arriving at the airport, they finally arrived in Paris after a twelve-hour flight.

For the past twelve hours, Lin Fan had a good sleep.

After leaving the airport, Lin Fan, Su Xiaoyu, and Lin Qianwei formed a scenery on the road.

Even the passers-by in Paris were shocked when they saw Lin Fan and Su Xiaoyu.

“Is he from China? He’s really handsome.”

“Especially this boy. He’s super handsome. Ahhh, I’m already tempted. His complexion is really good and his figure is superb. Most importantly, he’s so tall.”

“This girl is too pretty. Are they a couple?”

Then, a bunch of passers-by picked up their phones and took photos.

Paris was rich in beauties and handsome men, but when these passers-by saw Lin Fan and Su Xiaoyu, they couldn’t help but exclaim.

Although Lin Qianwei was beautiful, she was still inferior to Su Xiaoyu. It was difficult to compare their figures and temperament.

There was no need to mention Lin Fan’s looks. The moment he came out, he had already defeated everything.

“Um, the one in front, move aside. I want to take a photo too,” a girl said.

“Don’t block me. I want to go up and take a photo with them. Don’t leave. Why are you leaving?” another girl said.

Lin Fan sweated.

It was really amazing.

When he was in China and rode his tricycle to buy groceries, he was often chased by a group of aunties who wanted Lin Fan's contact details.

When he drove the Bugatti out, there was always a group of girls screaming.

When Lin Fan became a celebrity, he became even more popular. Lin Fan didn't even dare to go out to buy groceries.

If he went out to buy groceries, he would definitely be surrounded.

When he arrived in Paris, he thought that he could be quiet. Who would have thought that the passers-by here would take photos of him too?

He was too handsome. There was nothing he could do.

If Xia Wanqiu were to walk here, many people would probably want to take photos of her too.

Just as they reached the entrance of the airport, a black super luxury car stopped at the entrance.

There was a long red carpet at the entrance of the airport.

There were more than twenty security guards around. They were wearing black suits and standing respectfully on both sides.

This place seemed to have formed an aura, high-end and luxurious.

Only when a real big boss appeared could there be such a scene.

It was dignified and poised, as if it was welcoming an important person.

Many passers-by at the airport automatically avoided this scene.

Then, Lin Fan walked out. Behind him were Lin Qianwei and Su Xiaoyu.

Everyone looked at Lin Fan, who was walking in the middle.

All the attention in the world was on Lin Fan.

Lin Fan was handsome, suave, and had an unparalleled aura. When he walked out, everyone in the airport seemed to dim in comparison.

A woman with white skin stood at the entrance of the airport. The company had already obtained Lin Fan's photo, so she was waiting for him.

When the woman saw Lin Fan, she walked forward warmly. "Welcome to Paris, Boss Lin. I've already prepared a car for you."

The surrounding twenty-odd security guards bowed to Lin Fan at the same time and spoke in Chinese in unison.

"Welcome, Boss Lin!"

"Welcome, Boss Lin!!"

### **Chapter 201: The 200-million-yuan sports car launch begins, Lin Fan's Home Field!**

"Hello, Boss Lin. I'm Shirley, the manager of the Bugatti Corporation. I'm here to receive you." Shirley smiled respectfully.

When she saw Lin Fan's photo, she was surprised at first.

Because the third-largest shareholder of the Bugatti Corporation was actually so young and handsome.

When Shirley saw Lin Fan in person, the surprise in her eyes was indescribable.

Lin Fan was way too handsome.

Furthermore, the two female companions beside Lin Fan looked super pretty.

“Hello, this is my manager, Lin Qianwei. This is my good friend, Su Xiaoyu.” Lin Fan introduced the two girls beside him.

“Hello, Miss Lin and Miss Su.” Shirley shook hands with the two girls warmly and led everyone into the black luxury car.

When they got into the car, Su Xiaoyu looked at Lin Fan with her beautiful eyes.

She hadn't expected Lin Fan to be so amazing.

Although Lin Fan didn't say the reason why he came to Paris to participate in the Bugatti sports car launch, Su Xiaoyu didn't ask. When she arrived, Su Xiaoyu understood everything.

The manager of the Bugatti Corporation called Lin Fan, Boss Lin.

In other words, Lin Fan had a high status in the Bugatti Corporation.

If she called him Boss Lin, it meant that Lin Fan had a high status in the Bugatti Corporation!

At least... he was at the level of a big boss.

He was a major shareholder!

Only the top three shareholders of the Bugatti Corporation could receive such treatment.

Su Xiaoyu had already checked. 51% of the Bugatti Corporation's shares were held by a car company, and 16% were in the hands of a foreigner. The company was usually handled by this foreigner.

Lin Fan was very likely the third-largest shareholder of the Bugatti Corporation.

When did her master become so amazing?

He was even a major shareholder of the Bugatti Corporation now.

Su Xiaoyu thought of a terrifying fact. Lin Fan might even be a shareholder of LV and Chanel. Otherwise, why would these two companies sign an endorsement contract with Xia Wanqiu at the same time?

Other than being a superstar, Su Xiaoyu was usually very cute and smart.

At this thought, Su Xiaoyu looked at Lin Fan and said, "Master, how are you so awesome? You're the third-largest shareholder of the Bugatti Corporation and a major shareholder of LV and Chanel. Master is too rich."

Lin Fan looked at Su Xiaoyu in surprise and smiled. "How did you know?"

Su Xiaoyu smiled at Lin Fan. "Dogs have very sharp noses. Master is too awesome. Even my father might have to respect you."

Lin Fan looked at Su Xiaoyu and said, "Actually, I'm not that rich. Don't think so highly of me."

Su Xiaoyu shook her head. "Whether Master is rich or not, you're still the best!"

Lin Qianwei was already stunned. This was too exaggerated...

Her boss, Lin Fan, was a major shareholder of the Bugatti Corporation. He was actually a shareholder of LV and Chanel as well.

Lin Qianwei suddenly understood why Lin Fan didn't accept so many endorsements.

There was only one reason, he didn't need them!

As they were speaking in Chinese, the driver did not understand.

Lin Fan said, "Don't tell Wanqiu. I don't want her to know so much yet. I just want to be a celebrity and act with her."

Su Xiaoyu nodded. "Master, don't you believe me?"

Lin Qianwei immediately said, "I'm Boss's subordinate. I definitely won't betray him."

Looking at the two girls, Lin Fan smiled and said, "The highlight of my trip to Paris this time is to participate in this launch event. Follow me closely and don't get lost. I brought you out and I don't want you to be bullied. If anyone bullies you, don't be afraid."

Even if he was overseas, Lin Fan wasn't afraid.

Su Xiaoyu and Lin Qianwei were both too beautiful. It was safer for them to follow him.

Unknowingly, the car had stopped.

After stopping, there was another grand welcoming ceremony.

There was another long red carpet on the ground.

At a glance, this was a golden hotel with 72 floors.

The decorations were luxurious and had the symbol of high-end luxury. The surrounding scenery was beautiful and the greenery was very good. There was also a park and the air was quite fresh.

And the cars parked in this hotel were all luxury cars.

Not only did the Bugatti Corporation send luxury cars to welcome them, but they also arranged a famous hotel for them.

The name of the hotel was Hotel Rafael. It was one of the most luxurious hotels in Paris.

And in this hotel, one could look down at the Eiffel Tower.

There was also a great restaurant on the roof that provided delicious food.

“Boss Lin, I’ll arrange for you to rest here. The launch event will begin tomorrow night. Please be prepared. A car will pick you up tomorrow night.”

“Your sports car, the Bugatti Veyron Ettore Bugatti, will appear at the finale of the launch. At that time, it will be announced that the sports car belongs to you alone. Of course, there will be many tycoons coming for the launch. You can also get to know each other and expand your connections.” After Shirley said that, she left.

Then, the manager of the Rafael Hotel took the initiative to welcome them.

The waiters in the hotel were all very polite.

The most luxurious presidential suite in this top-notch hotel was booked for the launch event.

There was only one presidential suite, but it was very big.

After arriving at the presidential suite, Lin Fan saw the true luxury of this hotel.

In the hotel, one could see the charming scenery of Paris on the roof. It had an amazing interior with brocade wallpaper and grand antiques. The hotel retained some luxurious antiques, such as large closets and high windows.

Needless to say, the presidential suite was luxurious.

It was not bad to enjoy life here, and Lin Fan didn’t need to spend money.

When they arrived at the hotel, Su Xiaoyu stretched and said, “Master, the scenery here is really good. I can even see the Eiffel Tower.”

Lin Fan nodded. “Have a good rest. Tomorrow night, we’ll go to the launch event. I suddenly understand why I had to bring you guys here. This way, it won’t be too boring.”

Su Xiaoyu stuck out her tongue. “Master, so we’re here to accompany you to relieve your boredom?”

Lin Fan smiled and said, "I guess so. With you guys around, it won't be too boring to go out."

Su Xiaoyu was angry. "Ahwooh, Master, the dog wants to bite you."

Finally, the next day arrived.

When Lin Fan saw Su Xiaoyu and Lin Qianwei, he was shocked.

Su Xiaoyu was too beautiful tonight.

Lin Qianwei was dressed well too.

The two girls followed beside him. Lin Fan smiled.

Su Xiaoyu and Lin Qianwei probably didn't want him to be inferior to others.

After all, this sales event was equivalent to a large banquet. If they were beaten by the female companions of other rich people, it would be embarrassing.

Looking at how beautifully the two girls were dressed, Lin Fan smiled.

Unfortunately, Xia Wanqiu could not come here.

If Xia Wanqiu were to accompany him to the banquet, his wife would probably be even more beautiful!

Lin Fan missed Xia Wanqiu a little after attending a large banquet in a foreign country.

Most importantly, when he was with Xia Wanqiu, he could hold her hand and show off his love for her.

When it was time for the launch, a male manager from Bugatti, called Blake, personally came out to welcome Lin Fan.

When Blake saw Su Xiaoyu and Lin Qianwei, he smiled respectfully.

“Boss Lin, your female companion is really beautiful. Is this your girlfriend?” Blake bowed slightly and looked at Lin Fan.

“No, they’re my good friends. My girlfriend is still working,” said Lin Fan with a smile as he followed Blake to the venue.

“Then your girlfriend must be pretty too,” Blake said with a smile.

“Boss Lin, tonight’s launch event might take longer, about an hour and a half.”

“And the most important goal of this launch event is to launch your Bugatti Veyron Ettore Bugatti, a sports car worth more than 200 million yuan.”

“So...”

“Today’s launch event is actually your home ground!”

### **Chapter 202: Mua ~ Master Is So Nice**

Today was the launch of the Bugatti’s new car.

As a top luxury goods company, the launch of the new car attracted the attention of countless people.

Only true tycoons were qualified to participate in this sales event.

Therefore, this sales meeting was equivalent to a large-scale gathering.

At Blake’s invitation, Lin Fan, Su Xiaoyu, and Lin Qianwei walked in.

There were many VIP seats in the exhibition. The environment was beautiful and the decorations were luxurious. There was a gorgeous crystal chandelier on the roof.

On the high platform in the center, there was a red curtain covering the new car that the Bugatti was preparing to launch.

Many people were already sitting in the VIP seats.

When Lin Fan walked in, many people's gazes gathered on Lin Fan and Su Xiaoyu.

The main thing was... Lin Fan was too handsome.

Also, Su Xiaoyu was very pretty.

"Wow, there's actually such a handsome Chinese man, and he's so young."

"His name is Lin Fan. I've checked and he's a Chinese celebrity. He's very famous and he's so handsome."

"Lin Fan is also a rich man. Those who can come here are all rich."

"Lin Fan's two female companions are also super beautiful. Oh right, the girl beside Lin Fan is called Su Xiaoyu. She's indeed very beautiful."

Everyone exclaimed. Just as Lin Fan sat down, a few tycoons walked over with smiles on their faces.

"Hello, Mr. Lin. I'm Louis. I work at LV. It's my honor to see you today." Louis smiled and looked at Lin Fan.

Others didn't know Lin Fan's identity, but Louis did.

If most of the people here were tycoons, no one could compare to Lin Fan.

Lin Fan was the second-largest shareholder of LV Company and the big boss of their company.

Just this identity alone had already crushed many rich people present.

"Hello." Lin Fan smiled and shook hands.

“Hello, Mr. Lin. I’m Jeffrey. I run a company...”

“Hello, Mr. Lin. You’re really handsome. Can I have a drink with you?”

“This Miss Su is also very pretty. Is she Mr. Lin’s girlfriend?”

....

Many tycoons came to Lin Fan’s side and greeted him.

After all, those who could come here were all rich people. They might even have some business dealings in the future.

Su Xiaoyu was by Lin Fan’s side and could handle the event easily. With her by his side, many rich people valued Lin Fan even more.

Su Xiaoyu attracted the attention of many tycoons.

Most importantly, Su Xiaoyu was too beautiful.

Su Xiaoyu was Lin Fan’s female companion and had already crushed countless girls present.

Lin Fan sat down. Su Xiaoyu and Lin Qianwei were beside him.

With these two girls by Lin Fan’s side, he had some face.

Unfortunately, Xia Wanqiu was not around.

If Xia Wanqiu was here, she would probably be able to beat everyone.

“Master, I want to eat ~” Su Xiaoyu looked at Lin Fan and raised her beautiful eyes, revealing a pitiful gaze. She had drunk some red wine but she hadn’t eaten yet.

“Then I’ll go get you some fruits.” Lin Fan smiled brightly and looked at Su Xiaoyu.

“Boss, I want fruits too.” Lin Qianwei looked at Lin Fan. She was a little nervous here, but fortunately, Su Xiaoyu was around and she wasn’t afraid.

“Alright, the two of you are not allowed to run around.” Lin Fan smiled. There were many people here and Lin Fan didn’t want to lose sight of Su Xiaoyu and Lin Qianwei.

This was a grand banquet, so there would be a lot of fruits and some delicious food.

The feasts held here were all very luxurious.

However, he had to get these fruits himself.

After Lin Fan left, a young man walked in front of Su Xiaoyu and Lin Qianwei. He held half a bottle of wine and smiled.

“Miss Su, my name is Pittman. I’m from the Pitt family. We own a jewelry business. Miss Su, you’re so pretty. Can I have a drink with you?” Pittman said. He looked at Su Xiaoyu with a hint of fondness in his eyes.

Su Xiaoyu had a slender waist, long legs, a good figure, and an outstanding appearance. When she was outside, Su Xiaoyu was natural and unrestrained. She was very appropriate and would only show some cuteness in front of Lin Fan.

Such a girl made people feel that she was very pure and beautiful. Coupled with such a beautiful face, it was difficult for others not to like her.

“Hello.” Su Xiaoyu smiled and looked at Pittman. She would not offend anyone here. She gently took a sip of the red wine in the bottle and was very polite.

“Miss Su, you’re so pretty. Can we take a photo together?”

“When we take a photo together, can I hug your shoulder? It’s my honor to be able to take a photo with Miss Su.” Pittman smiled and took out his phone.

In his opinion, he was a member of the Pitt family. The Pitt family was considered a noble family in Paris. Furthermore, their jewelry business had already achieved tens of billions in assets.

The Pitt family was very rich. Pittman usually liked to flirt with girls. He was used to flirting with European girls. When he saw Su Xiaoyu today, he was naturally tempted.

"I'm sorry, you can't," Su Xiaoyu shook her head and said politely. However, her expression had already changed.

### **Chapter 203: Mua ~ Master Is So Nice**

She was a big star, so how could she let others hug her shoulders and take photos with her? Although she was overseas, there were many media outlets overseas and many people knew her.

She was an artiste in the country. When she walked out of the country, she represented China's image.

Even if she wasn't a superstar, she wouldn't let this Pittman hug her shoulders casually.

However, Pittman did not show any hostility, so Su Xiaoyu was very polite.

She was very smart and would give Pittman a way out. After all, it was better not to offend anyone outside.

Anyone with EQ would probably understand what Su Xiaoyu meant and would not hug her or take a photo with her.

But what kind of person was Pittman?

As a top young master, Pittman actually suffered a setback when flirting with girls for the first time.

The main thing was that Su Xiaoyu was too beautiful. He had seen many Parisian girls before. Today, after seeing Su Xiaoyu, Pittman felt exceptionally excited.

"Miss Su, is it really impossible? That's too disappointing."

“Miss Su, you’re so pretty. Do you have a boyfriend?” Pittman continued to ask.

Su Xiaoyu just smiled and replied, “This is my personal matter. It’s not convenient for me to reveal it.”

Seeing Su Xiaoyu reply like this, Pittman smiled brightly, his expression still unchanged.

Pittman usually flirted with too many girls and had already understood these subtexts of girls.

Su Xiaoyu’s words meant that... she did not have a boyfriend.

In other words, Su Xiaoyu might be a virgin.

After being rejected, Pittman smiled even more happily. “Miss Su, actually, being a big star in China and having to film is very tiring. Our Pitt family has been in the jewelry business for more than 200 years and it has been passed down for a long time. Every year, we have tens of billions in profits and the company’s development is also thriving.”

“And the future assets of the Pitt family will all be passed on to me. I don’t want to inherit the tens of billions of assets of the family, but there’s nothing I can do.” Pittman smiled and secretly showed off.

What he meant was to let Su Xiaoyu know how rich his family was.

He was also hinting to Su Xiaoyu that if she was his woman, there was no need to worry about her future.

Su Xiaoyu immediately understood.

This Pittman wanted to flirt with her!

Su Xiaoyu looked around for Lin Fan. If only he was here.

She was willing to be flirted with by Lin Fan but she wasn’t willing to be flirted with by Pittman.

“Yes.” Su Xiaoyu did not have any doubts and just replied simply, making Pittman unable to continue showing off.

Seeing that Su Xiaoyu did not react to his family conditions, Pittman’s face tensed up and he was a little unhappy.

Normally, when he threw out so many benefits, which woman would not obey?

There was usually no woman the young master of the Pitt family could not get.

So what if Su Xiaoyu was a big star in China?

To people like Pittman, money was omnipotent.

If he could not flirt with Su Xiaoyu, it must be because he did not have enough money.

“Miss Su, Lin Fan is also a big star in China, right?” Pittman smiled.

“Yes, that’s right,” Su Xiaoyu replied. She was already starting to brush him off. She didn’t really want to talk to this Pittman anymore, but she had no choice. Su Xiaoyu didn’t want to fall out with this person. After all, he hadn’t done anything too out of line.

At banquets, if a friend showed off to you how rich his family was, you usually wouldn’t directly fall out with him. At most, you would laugh at this person in your heart.

“That’s not bad, but the income of a big star is very limited. It’s still far from a commercial company like ours,” Pittman continued.

“Our superstar’s income naturally can’t compare to that of a jewelry company, but may I ask if you have anything else to say?” Su Xiaoyu asked as she looked at Pittman.

“Miss Su, I’m sorry to talk to you so much today.”

“Today, I have a small request.”

“Are you willing to be my female companion? Dance with me twice. As long as you’re willing to dance with me twice, I’m willing to buy you a Bugatti sports car today and give it to you as a gift. I don’t need you to do anything else,” Pittman said with a smile. It seemed that if he didn’t take out something practical, he wouldn’t be able to get Su Xiaoyu.

It was because of Su Xiaoyu’s attitude that Pittman was even more curious about her.

The more he couldn’t have her, the more he wanted her.

If he wanted to woo Su Xiaoyu, it would not be easy to woo her with money.

Therefore, Pittman decided to fish for bigger fish step by step.

This was equivalent to if you went to the main road, found a beautiful girl and asked if she was willing to dance with you or have dinner with you. If she said yes, you would give her a sports car worth tens of millions.

Many girls naturally wouldn’t refuse because the other party didn’t make any excessive requests and didn’t ask the girl to sleep with him. If that happened, it would be selling their body.

However, as long as she chose to agree, she would unknowingly follow this tycoon deeper and slowly fall for him.

This was Pittman’s method.

Lin Qianwei could not stand it anymore.

Pittman actually wanted to woo Su Xiaoyu like this.

In order to woo Su Xiaoyu and sleep with her, he had even used such a method.

Lin Qianwei was very smart. She immediately picked up her phone and called Lin Fan.

Boss, your dog is being crazily flirted with by others. How can you tolerate that?!

Just as she was about to make the call, Lin Fan returned.

Lin Fan took some fruit platters and placed them on the table. When he saw Pittman standing in front of Su Xiaoyu, Lin Fan's gaze changed.

When he was not around, did someone want to bully Su Xiaoyu?

Su Xiaoyu was his dog and was usually very cute.

Furthermore, Lin Fan was the one who invited Su Xiaoyu to the launch event.

Su Xiaoyu could have chosen not to come, but she still followed Lin Fan.

He brought his dog to Paris to see the scenery and play together. Someone actually wanted to snatch his dog away?

If Su Xiaoyu was bullied, how would Lin Fan explain it to his wife?

When Su Xiaoyu saw Lin Fan, she smiled brightly. "Master, I also want a Bugatti sports car."

Lin Fan walked forward and rubbed Su Xiaoyu's head. "I'll buy you whatever you want."

Su Xiaoyu's eyes lit up and she smiled happily. She pounced into Lin Fan's arms and said, "Master is so good. Mua ~ I'll reward Master."

Lin Fan could tell at a glance that Su Xiaoyu was acting.

This Pittman was too annoying. Su Xiaoyu had already used this plan.

She wanted to take the initiative to kiss Lin Fan. This was telling Pittman that she had a good relationship with Lin Fan.

Lin Fan could bully Su Xiaoyu, but if others wanted to bully her, he would definitely not agree.

Of course, Lin Fan didn't take advantage of Su Xiaoyu. He was never that kind of person.

Pittman's face was ashen. He looked at Su Xiaoyu in Lin Fan's arms and was a little angry.

Pittman held his tongue.

He already wanted to hit someone.

Damn it, how dare a Chinese celebrity snatch his woman?

But Pittman held back.

Ha, a Chinese celebrity competing with him in wealth?

No matter what, Pittman decided to buy all the sports cars for sale today.

At least when it came to money, he had never lost.

Su Xiaoyu took the initiative to hold Lin Fan's arm and smiled at Pittman. "I'm sorry. Master has already agreed to buy me a car."

"Let's go, Master. I'm your dance partner. I want to dance well today. Do you know how to dance?" Su Xiaoyu blinked and looked at Lin Fan pitifully.

Lin Fan smiled and nodded. Since Pittman wanted to bully Su Xiaoyu, he would accompany her in acting.

He wondered if his wife would get angry and bite him.

Forget it, he would explain to his wife later.

Lin Fan was certain that if Su Xiaoyu was bullied outside, Xia Wanqiu would be really angry.

Su Xiaoyu placed her hand on Lin Fan's shoulder. She was wearing a beautiful evening gown as she walked towards the dance floor with Lin Fan.

Meanwhile, Pittman, who had been ignored, was furious!

Today, he wanted Lin Fan to not be able to buy a single car!

#### **Chapter 204: Another sports car worth hundreds of millions!**

"You're going to anger him to death like this." Lin Fan smiled brightly.

Su Xiaoyu blinked. "Who asked him to want to bully me? Just look at his lecherous gaze. I don't like it. Hmph."

Lin Fan rubbed Su Xiaoyu's head. "If I had known earlier, I wouldn't have brought you along. You're so beautiful. If I don't bring you home in one piece, I'll be bitten to death by Wanqiu or beaten to death by your father."

Su Xiaoyu giggled. "That depends on who made me incomplete. If it was Master, my father might not be angry."

Lin Fan patted Su Xiaoyu's head. "Child, don't think so much."

Su Xiaoyu rubbed her head and looked aggrieved.

Lin Fan said, "This Pittman seems to be very rich. He wants to show off in front of you and buy you a car. He wants you to dance with him and he'll buy you a Bugatti?"

"You have the world's richest man as your father. Your father will buy you any car you want." Lin Fan smiled.

Others didn't know about Su Xiaoyu's family background, but Lin Fan did.

Su Xiaoyu's father was the richest man in the world.

She had a lot of pocket money every week, but she didn't want this money.

After all, after becoming a superstar, Su Xiaoyu had earned a lot of money.

It was precisely because of such a family background that not many people in the entertainment industry dared to try to sleep with Su Xiaoyu.

Whether Su Xiaoyu took on kissing scenes or relationship scenes or not, no one would affect her future development.

Su Xiaoyu smiled sweetly. After taking a bite of a cucumber, she said, "Master, that's different. A car my dad buys for me would feel different from a car I buy myself."

"It would be even more different if Master bought me one too," Su Xiaoyu said with a smile.

"How would it be different?" Lin Fan looked at Su Xiaoyu.

"Ahwooh, then I'm so happy. The first time Master bought a car for a girl, he bought it for me~~~~" Su Xiaoyu said proudly.

"If you want it, I'll buy you one. It won't cost much," said Lin Fan with a smile.

Su Xiaoyu was a superstar and had accompanied Lin Fan here. If she worked hard to earn money, she would be able to earn a lot of money in this month.

"No, I'm not driving. Wouldn't it be better if Master drives me?" Su Xiaoyu said.

"Alright, stop. It's time to go back. In a while, there will be a new car launch here. If anyone wants to buy a car, they can buy it directly."

"Since this Pittman wants to show off in front of you later, let him show off." Lin Fan smiled.

"Hehehe... Master is a major shareholder of Bugatti. The more he buys, the more Master earns," Su Xiaoyu said.

“You’re smart.” Lin Fan smiled and sat down with Su Xiaoyu.

Every time Bugatti sold a car, they could earn a lot of money.

And a certain percentage of these profits would be distributed to Lin Fan at the end of the year.

In other words, the more others wanted to buy Bugatti cars, the happier Lin Fan would be.

As for showing off, Lin Fan wasn’t interested.

He wouldn’t buy the cars here. After all, he was the main character of today’s launch event.

As a major shareholder of the company, the higher-ups of the Bugatti had long decided to give this out-of-print sports car to Lin Fan.

Lin Fan didn’t even need to spend a single cent to have such a sports car.

Don’t forget that Lin Fan and Xia Wanqiu were both outstanding actors.

After they sat down, Su Xiaoyu looked at Lin Fan and said, “Master, I want a sports car ~”

Lin Fan nodded. “Mmm, I’ll buy everything for you. I have money.”

As he was not far from Pittman, Pittman could hear him.

Pittman’s lips curled up.

He had already checked Lin Fan’s identity. He was just a big star in China. Other than that, what other specialties could he have?

Lin Fan had only become a superstar for less than three months. How much money could Lin Fan earn in these three months? How could he compare to his family?

Pittman was not a fool usually.

However, when he was in front of women, he would always feel a little overwhelmed.

This was very simple. For example, when you were running 400 meters in school, if the girl you liked was cheering for you at the side, the boy who was being shouted at would definitely feel like they were full of energy.

Wouldn't it be embarrassing to lose face in front of the woman he liked?

Pittman was already eager.

After he knew that Su Xiaoyu was still a virgin, his desire to woo her became even stronger.

Shirley, the manager of the Bugatti Corporation, walked onto the stage and smiled at everyone.

Today's launch was finally about to begin.

"Welcome to the Bugatti launch event. Here, Bugatti's latest sports cars will be released."

"And I want to tell everyone that these sports cars are all limited edition sports cars. The meaning of each sports car's existence is unique and extraordinary."

"Also, if you buy this sports car today, you will directly become the first person in the world to have this sports car. There is only one sports car of this model currently. If you want to buy it later, you will have to wait at least half a year."

Shirley said. After all, today was the venue of the car launch. For example, they only produced 15 of this sports car. Today, they could only sell one. If people wanted to buy the other 14 such cars, they had to wait for at least half a year.

Because it took a long time to produce a sports car.
