

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 210-214

Chapter 210: Lin Fan and Xia Wanqiu, Please Get Married On The Spot!

When they heard Lin Fan's voice,

All the security guards of the Bugatti Corporation stopped Pittman.

Pittman's father was unhappy. He looked at Lin Fan. "Boss Lin, it's my son who's injured. My son is the victim. What do you mean by leaving him here?"

After Pittman knew Lin Fan's identity, his aura weakened.

Lin Fan smiled and looked at Pittman's father.

"First, at the launch, Pittman has harassed China's big star, Su Xiaoyu, many times. This already constitutes sexual harassment."

"Second, at the end of the launch, Pittman asked his security guards to attack me and hit me in the head with a beer bottle. It was only reasonable for me to hit him in self-defense. However, Pittman wanted to attack me from behind, so I suspect that Pittman has a motive to kill."

"Third, after I finished defending myself, as his father, the first thing you did was to threaten me to apologize."

"After you're all done, without saying or doing anything, you just want to leave this place directly."

"Today, you met me. You have no choice. If you meet an ordinary person, what will happen to him?"

"So, it's no longer a matter of whether you sue me or not. I'm... going to officially sue you!"

Lin Fan said as he looked at Pittman's father.

Of course, Lin Fan knew that the few words he said weren't enough to convict Pittman.

But could Pittman withstand an investigation? He would find out all about his private life and convict him completely.

Lin Fan had never met such a person before, so he naturally had no choice.

Now that he had met him, Lin Fan definitely wouldn't let Pittman bully others again.

Since the other party wanted to attack first...

Then, Lin Fan wouldn't stand on ceremony.

If this was only on the surface, Lin Fan would join forces with the three companies to attack the Pitt family.

It was because of what Pittman's father had just said.

If Pittman's father had apologized to Lin Fan the moment he arrived, perhaps Lin Fan wouldn't have been so ruthless.

Lin Fan wanted the Pitt Company to go bankrupt completely!

In terms of business competition, as long as all the giants joined forces to attack a company, it was impossible for this company to go far.

The Pitt Company was usually so arrogant and domineering. Who knew what else this company did?

In that case... he would eliminate them in one go.

After hearing Lin Fan's words, Pittman panicked.

Pittman's father looked grim.

Pittman's father could already tell what Lin Fan meant.

Once the Pitt Company was attacked by three companies at the same time, what kind of fate would they face?

At this thought, Pittman's father walked in front of Lin Fan. He bowed slightly and said, "Boss Lin, we were wrong about what happened previously."

"We are willing to fork out 300 million dollars to compensate for your loss. I am also willing to educate my son from now on and let him apologize to Miss Su. At the same time, our company will contribute to society."

Pittman's father was already very sincere.

He would use 300 million to compensate Lin Fan.

300 million was a sky-high price.

After hearing this 300 million, the surrounding tycoons were a little envious.

Lin Fan could earn 300 million again.

Lin Fan would definitely accept such benefits, right?

He could get 300 million with a nod. Who wouldn't agree?

Lin Fan just smiled and grabbed Su Xiaoyu's arm. "Do you think I'm someone who lacks this 300 million?"

"After reaching this position with your company, you should know that some things can be done and some things can't."

"Since you've already done some things and got caught by me, there won't be any more chances." After Lin Fan said that, he pulled Su Xiaoyu's arm and left.

After hearing Lin Fan's words, Pittman's father sighed and looked at Pittman angrily.

Next... the Pitt Company was probably going to face a calamity!

Because they had offended someone they shouldn't have.

Lin Qianwei followed beside Lin Fan, her eyes filled with admiration.

This was her boss, Lin Fan.

Everything he did today made Lin Qianwei feel some admiration.

All of a sudden, Lin Fan became more important in Lin Qianwei's heart.

Her boss, Lin Fan, was just that different.

To get a company to that position was not to let the company bully the weak and ordinary people.

Instead, he wanted companies to truly create value for society and wealth for society and the people.

If a company only knew how to profit and oppress and bully the people, what was the point of this company's existence?

The Pitt Company wanted to bribe Lin Fan with 300 million and they even showed a sincere attitude. However, Lin Fan rejected them.

Also, when Lin Fan hit those bodyguards just now, Lin Qianwei realized that her boss, Lin Fan, was actually so handsome.

Especially when he hit Pittman with a beer bottle. He was simply... too handsome.

Su Xiaoyu looked at Lin Fan with her beautiful eyes and pursed her red lips. Her face was a little red as Lin Fan held her arm.

When she was with Lin Fan, she felt extremely safe.

This feeling was really good...

It was just that... she was not the most suitable person for him.

The longer she was with him, the more uncomfortable she felt.

However, what could she do?

Such a beautiful memory would probably stay in her heart forever.

If only things could continue like this.

...

Lin Fan held Su Xiaoyu's arm, afraid that she would be bullied again.

He thought about how if he had not discovered the fat man in black in time, Su Xiaoyu would have been in danger.

Pittman wanted Su Xiaoyu so much, who knew what he would do?

In that case, the girl's innocence would be destroyed.

Of course, Lin Fan wouldn't take advantage of Su Xiaoyu. Even though he was holding her hand, he only held her arm.

Su Xiaoyu looked at Lin Fan and said softly, "Master, you can let go now."

Lin Fan let go of Su Xiaoyu. "It's good that you're fine. Xiaoyu, I promise that this won't happen again."

Su Xiaoyu smiled sweetly. "Master, it's quite safe to follow you. I don't want so many bodyguards."

Lin Fan smiled. "No, I'm worried."

"I wonder how Wanqiu's work is going. For the next three days, let's stay in this hotel. In three days, we'll be preparing to return to China," said Lin Fan with a smile.

"Master, can we destroy the entire Pitt Company in three days?" Su Xiaoyu asked.

"I can't."

"But three days is enough to dig out all of Pittman's deeds. There's no news that can definitely be hidden. Once we find out, it won't just be Pittman, but Pittman's father and this company will be affected as well."

"As long as negative news about Pittman gets out, the share price of this company will fall drastically. Then, it will affect the entire company. In less than a month, this company will go bankrupt," said Lin Fan.

He did not expect so many things to happen when he came to Paris to attend a launch event.

However, during this period of time, Lin Fan couldn't see Xia Wanqiu.

Xia Wanqiu was still working outside. He did not know when she would come back.

It was better to have his wife around.

In the past three days, Pittman had been arrested and sent to prison. Many of his past misdeeds had also been investigated.

Pittman had raped six women and done many illegal things. They were all investigated one after another.

Immediately after, the Pitt Company's share price fell drastically, and the entire company was in danger.

The fate of this company was already decided.

Of course, the bankruptcy of a small company would not cause a huge uproar.

On the Internet, a piece of news spread throughout the world!

The new sports car released by Bugatti, a sports car worth 223 million dollars, the Bugatti Veyron Ettore Bugatti was officially launched.

And this sports car was specially custom-made for Lin Fan.

Other than that, there was also a photo of the sports car.

Then, the popularity of this topic on the entire Internet reached its peak!

“Oh my god... The Bugatti Corporation actually launched a sports car worth 223 million yuan, and it's a limited edition sports car. Oh my god...”

“Isn't this sports car already out of production? 226 million. Only a true tycoon can afford this sports car. Lin Fan should be Chinese, right?”

“Bugatti Veyron Ettore Bugatti. This sports car is so cool. If only I could have one too. I'm so envious!”

“Can someone tell me who Lin Fan is? How does he look like?”

This news was extremely popular overseas.

Countless foreign forums were discussing Lin Fan's name.

Because this sports car was really too awesome!

The Bugatti Corporation specially customized a limited-edition sports car for Lin Fan!

Other than that, these fans also discovered something.

That was Lin Fan's Bugatti La Voiture Noire sports car. It was also out of production worldwide.

Not long after, this news spread back to China.

"Ah ah ah, I saw a photo of Lin Fan and Su Xiaoyu overseas. How can Lin Fan be so handsome?"

"I heard that at Bugatti's launch event, there was someone called Pittman who wanted to bully Su Xiaoyu. This Pittman even wanted to hit Lin Fan and was educated by Brother Fan. Haha, guess where this Pittman went? He's in jail."

"D*mn, how dare he hit Brother Fan. This Pittman is courting death. Hurry up and sentence him to death. How dare he bully our Su Xiaoyu. Damn it!"

"A while ago, the Bugatti Corporation changed shareholders. Although I don't know who they are, I'm guessing Brother Fan is involved. Maybe Brother Fan is a major shareholder of the Bugatti Corporation!"

"Stop spouting nonsense. Then I'll say that Brother Fan is the big boss of all the brands in the world."

"But Brother Fan is really awesome. The Bugatti Corporation personally launched a sports car worth 200 million for Brother Fan. It's too cool!"

"Bugatti Veyron Ettore Bugatti. I'll remember the model of this sports car. A sports car worth 200 million is too rare!"

"When is Brother Fan going to start filming the second season of Joy of Life and the sequels to The Legend of Sword and Fairy? I can't wait anymore."

"Ah, Brother Fan is too sweet. He went out with Su Xiaoyu and protected our Xiaoyu very well. I knew that Brother Fan's character is incomparable."

"Xia Wanqiu has also gone overseas to film her endorsement. When will she be back? I want to see Lin Fan and Xia Wanqiu's new television drama. I want to see them get married on the spot!"

“That’s right. When can Lin Fan and Xia Wanqiu get married on the spot?”

There was already a lot of news online.

Lin Fan and Su Xiaoyu had gone overseas, but there wouldn’t be any scandals.

Because Lin Fan’s character in the entertainment industry was too good.

Everyone believed that Lin Fan and Su Xiaoyu wouldn’t have any scandals. Moreover, their relationship was already very good in the first place.

They went overseas for work.

As for scandals, they did not believe them.

Lin Fan and Xia Wanqiu’s relationship was simply too good.

Lin Fan and Xia Wanqiu had been deskmates since junior high until high school. The times back then were always so sweet.

Xia Wanqiu had even personally admitted that she had liked Lin Fan since high school.

Lin Fan was the same.

Such a sweet relationship was imprinted in the hearts of the fans.

These fans only hoped that Lin Fan and Xia Wanqiu would hurry back from abroad to film a new television drama.

Of course, if Lin Fan and Xia Wanqiu could get married on the spot, that would be great!

Chapter 211: How Can Lin Fan Be So Rich? Lin Yushi cried with envy

Blue Wave Bay District.

Lake Heart Villa.

When Lin Fan returned home, Xia Ranran was already waiting at the door.

The Bugatti Corporation personally sent the globally out of production sports car, the Bugatti Veyron Ettore Bugatti, to Lin Fan's house.

Of course, they had to communicate with the property management in Blue Wave Bay in advance.

Xia Ranran was dressed beautifully today. She was wearing an off-shoulder shirt and cool shorts, revealing her long legs. She was wearing sneakers and standing at the entrance of the Lake Heart Villa, waiting for Lin Fan.

"Mr. Lin, welcome home."

"In the six days that you were gone, we had someone clean your villa every day. We won't touch anything in your villa."

"Also, we took good care of the kitten Qiuqiu in the villa. The sports car you ordered yesterday has arrived and is now in your underground garage," Xia Ranran said as she bowed slightly.

Lin Fan nodded. "You've worked hard."

Xia Ranran looked up with a sunny smile and said, "It's not hard to serve Mr. Lin. Do you want to see your sports car now?"

"Okay."

Lin Fan walked to the garage.

He had just opened the garage.

And a cool sports car appeared in front of Lin Fan.

Bugatti Veyron Ettore Bugatti!

There was only one such limited edition sports car in the world, and it was priced at 223 million!

Such a sports car had an exquisite appearance. It was pitch-black, but it was extremely luxurious and high-end.

This was the symbol of a real sports car.

At the same time, Lin Fan realized something.

In the garage was a brand new Bugatti La Voiture Noire.

The Bugatti Corporation had actually helped Lin Fan repair this limited edition sports car.

Compared to the new car, Lin Fan still had more feelings for this older car.

There were a total of four luxury cars parked in the garage.

Rolls-Royce Cullinan, Koenigsegg One, Bugatti La Voiture Noire, and a Bugatti Veyron Ettore Bugatti!

The four sports cars were parked neatly together.

Xia Ranran looked at him in admiration.

Lin Fan's sports cars were way too cool.

Every sports car was an extremely luxurious brand.

This brand new Bugatti Veyron Ettore Bugatti broadened Xia Ranran's horizons.

She had just seen the news of the launch a few days ago and knew the price of this Bugatti Veyron Ettore Bugatti.

Lin Fan had actually bought another expensive sports car.

An ordinary girl like her could only be envious for the rest of her life.

It would be great if she could be Lin Fan's girlfriend. However, she was just a property agent. Furthermore, Lin Fan had a girlfriend now.

"It's alright. I could barely afford them." Lin Fan smiled and said.

"..." Xia Ranran.

He could barely afford those four sports cars?

Many people would never be able to afford such sports cars.

Even some rich second-generation heirs could only sigh.

To be able to customize such a sports car for Lin Fan, it meant that Lin Fan's status was not ordinary.

"Brother ~" Lin Yushi had just returned and saw Lin Fan.

"Wow... how can my brother's sports car be so beautiful? Did he buy another sports car?" Lin Yushi ran to Lin Fan's side and looked at the brand new Bugatti Veyron Ettore Bugatti.

Such a sports car was too handsome.

It was simply a visual feast.

When one looked at the photos of these sports cars online, he might not have felt anything, but when he saw such sports cars in reality, he would be extremely surprised.

If a sports car worth 226 million yuan was placed on the road, which car in front and behind would dare to approach it?

If they touched it, they would never be able to afford the compensation.

“Mmm, a sports car that costs 226 million was specially customized for me,” said Lin Fan as he looked at Lin Yushi.

“Ah ah ah, Brother, how can you be so rich? Is it too late for me to suck up to you now?” Lin Yushi was stunned when she heard the price.

Not everyone knew the brands and prices of these sports cars, but Lin Yushi was shocked.

If Lin Fan had bought a Bugatti worth hundreds of millions and a Rolls-Royce Cullinan worth millions previously, Lin Yushi could still accept it. After all, her brother was a big star and was so awesome.

Now, Lin Yushi was a little surprised. A sports car worth 226 million yuan. Not to mention these 200 million yuan, even the next 26 million yuan was something that ordinary people could not afford.

Lin Yushi worked very hard in university, working hard and studying. She also received various scholarships. Coupled with some of her usual livestream income, she could only earn about 20,000 a month.

She thought that she was already very outstanding, but compared to her brother, she was simply insta-killed.

Of course, ever since Lin Yushi's last livestream where Lin Fan had appeared on screen once, Lin Yushi's monthly income from livestreaming had also increased greatly. It had gone from 20,000 a month to 80,000 a month now. This was even before Lin Yushi started livestreaming seriously.

Lin Fan smiled and rubbed Lin Yushi's head. “I'm your brother. It's never too late for you to suck up to me.”

Lin Yushi smiled happily. “Brother, I love you to death. With such a good brother, who will find a boyfriend in the future?”

Lin Fan frowned. "Of course you have to find a boyfriend. However, you have to judge the other party's character properly when you date him. Don't date casually. Also, you can't have sex before you get married. You have to be responsible for yourself."

In front of his sister, Lin Fan would always start nagging.

Chapter 212: How Can Lin Fan Be So Rich? Lin Yushi cried with envy

After all, men understood men the best.

Lin Fan and Xia Wanqiu weren't engaged yet. They had just been together for a few days and Lin Fan couldn't hold it in anymore.

If Xia Wanqiu couldn't hold it in either, Lin Fan wouldn't be able to hold it in either.

Luckily, his wife could take it and Lin Fan could restrain himself.

Lin Fan felt that his character was not bad. If it was another scumbag, he might have bullied Lin Yushi and run away.

Lin Yushi pouted. "I know, I know. I'm not in a relationship. Those guys are not as outstanding as my brother. Besides, it's so tiring to have a boyfriend. I'm still a student. I have to study hard and contribute to the country in the future!"

Looking at Lin Yushi, Lin Fan couldn't help but smile.

When he was in university, he did not get into a good university. This was probably the fate of an ordinary person. He would live an ordinary life. He would work hard to get into a university in high school, find a job after graduating, get married and have children. That would be how he spent his life.

Now that he saw how outstanding his sister was, Lin Fan really felt proud of her.

Lin Yushi said again, "Brother, don't buy such an expensive sports car in the future. It's more than 200 million yuan. One is enough."

Lin Fan was a little helpless. He didn't want to buy such an expensive sports car.

Lin Fan only had a total of 100 million in his bank account. He could barely live. This was considered relatively poor.

How could he afford a sports car worth more than 200 million with so little savings?

The main thing was that he had accidentally become the third-largest shareholder of the Bugatti Corporation. Lin Fan felt a little helpless.

Looking at his sister persuading him, Lin Fan could only smile bitterly and nod.

Lin Fan looked at Lin Yushi and said, "I'll give you two gifts. One is an LV bag, and the other is Chanel perfume and Chanel skincare products. They're all authentic and very useful."

Initially, Lin Fan didn't know much about the products of LV and Chanel. However, when the CEOs of LV and Chanel found out that Lin Fan had a beautiful sister, they got someone to give Lin Fan some.

LV bags, Chanel perfume, and skincare products were all products from top luxury brands. Ordinary people could not afford them.

After entering the villa, Lin Yushi saw the gifts Lin Fan gave her and was touched to tears.

"Ah ah ah, my favorite LV bag, Chanel perfume, and skincare products. Brother, you're too good to me. I'm crying," Lin Yushi said.

"Brother, these are all famous brands. It must cost a lot to buy these things," Lin Yushi said as she looked at Lin Fan.

"They didn't cost much. As long as you like them." Lin Fan smiled.

"Brother, but these are too precious. I can't bear to use them. I'd better treasure them all ~" Lin Yushi smiled at Lin Fan. Even though she was already very rich, she was still very thrifty.

"Brother, I just came back from home these few days. Dad and Mom even asked me to bring some potatoes and apples from home. They said that the potatoes and apples grown at home are safer and they're afraid that you'll starve," Lin Yushi said.

“You went back to see Dad and Mom? Are they doing well?” Lin Fan smiled. He hadn’t been home for a long time.

“They’re doing just fine~”

“It’s just that Mom keeps urging you to bring Sister-in-law back. Sister Wanqiu is super beautiful. I’m so happy to have such a good sister-in-law,” Lin Yushi said.

“Alright, then I’ll bring Wanqiu home for the new year this year.” Lin Fan smiled.

“Really?” Lin Yushi looked at Lin Fan.

“Brother, then you have to get Sister-in-law first ~ Do you want me to help you get her?” Lin Yushi smiled, her cheeks slightly red.

“Go away and play. Am I that kind of person? Even if I want to get her, she has to be willing,” said Lin Fan.

“Hehehe, I didn’t expect you to be so upright,” Lin Yushi praised.

Lin Fan knocked Lin Yushi’s head. Not only was he criticized by some haters on the Internet, but his sister was also doubting his character.

Of course, whether it was celebrities or authors, they were easily criticized. For example, a few days ago, a very handsome author named Young Master wrote a novel that was so well written that many people criticized it.

1

Lin Fan was a little helpless. Even a handsome author like Young Master was criticized. It was normal for a big star like him to be criticized.

While chatting, the security guard at the door moved the potatoes and apples sent by his parents into the villa.

After everything was settled, Lin Yushi looked at Lin Fan. "Brother, why don't we go out for a drive? You bought such a good car, of course you have to go out and drive it."

Lin Fan nodded. "Alright, then let's go for a drive. It's a pity Wanqiu isn't around. If she was, you wouldn't be sitting in the front passenger seat."

Lin Yushi was a little angry. "Brother, I'm your biological sister."

Lin Fan laughed. His biological sister was meant to be bullied. As for doting on his sister, that didn't exist.

Taking out his special car keys, Lin Fan gently pressed them. The doors of the Bugatti Veyron Ettore Bugatti opened like butterfly wings spreading.

Lin Yushi jogged all the way and sat in the front passenger seat of the sports car.

The soft backrest was comfortable. There was also a special air conditioner in the car. It was luxurious and grand. After sitting in it, she felt different.

Lin Fan got into the car and closed the door.

Looking at Lin Yushi sitting in the front passenger seat, he smiled brightly. "Buckle your seatbelt and prepare to leave."

Chapter 213: How Can Lin Fan Be So Rich? Lin Yushi cried with envy

Even if he was driving a sports car, he had to fasten his seatbelt.

It was worth mentioning that this sports car's license plate and other procedures had already been completed. It was the kind that could be driven directly.

This brand new sports car gave Lin Fan a completely different feeling.

Lin Yushi silently took out her phone and looked at Lin Fan. "Brother, can I livestream? I don't even have pocket money anymore. I'm sorry."

Lin Fan smiled. "If you don't have pocket money, I'll give you 300,000 yuan. It's fine to livestream. Do whatever you want. As long as it's not illegal, I'll support you."

Lin Yushi nodded and looked touched. "Brother, you're too good ~"

Lin Yushi was extremely happy to have such a biological brother.

Then, Lin Fan started the Bugatti Veyron Ettore Bugatti. The engine roared and there was a strong recoil.

The sports car started.

Lin Fan drove his latest sports car, the Bugatti Veyron Ettore Bugatti, out of the entrance of the Blue Wave Bay district.

The security guards at the entrance of Blue Wave Bay were also shocked.

"D*mn... This is Brother Fan's fourth luxury car, right?"

"Another Bugatti sports car. Could it be that the Bugatti Corporation personally sent it over yesterday?"

"Do you know the name of this Bugatti sports car? And how much does it cost?"

"I don't know. I don't know this sports car either, but it looks so cool. It should be worth at least tens of millions."

"Brother Fan is too rich. He's too rich. If you ask me, this sports car is worth hundreds of millions at least. Have you forgotten? Previously, Brother Fan drove a Bugatti La Voiture Noire. It's a sports car worth hundreds of millions. Oh, and that Koenigsegg One is also a sports car worth hundreds of millions. When did Brother Fan drive a sports car worth tens of millions?"

"Yeah, that Rolls-Royce Cullinan SUV is a luxury car worth millions. That's an SUV, not a sports car. Brother Fan is really... too enviable."

"It's fine if Brother Fan is richer than us, but look at Brother Fan's girlfriend. Such a beautiful Xia Wanqiu. Ahhh, the goddess in my heart is Brother Fan's girlfriend. The two of them are so sweet together."

...

When Lin Fan drove the Bugatti Veyron Ettore Bugatti to the road, it attracted the attention of many people.

There were many rich people in Shanghai, but that did not mean that every rich person could afford to drive such a sports car.

Sports cars were not often seen on the streets of Shanghai.

This Bugatti was even rarer. Usually, there were many cars in Shanghai, but there were very few sports cars like this. Once a sports car appeared, it would become the center of attention.

Especially the front passenger seat of the sports car. It was usually filled with beautiful girls who could attract more attention.

“D*mn, look, this is a Bugatti sports car!”

“It’s another sports car. The owner looks very handsome. I love it.”

“Does anyone know what brand this Bugatti is? I don’t know it either.”

“It’s fine, bro. I don’t know this car either. No matter what, it’s fine as long as it’s awesome.”

“I know, I know! You bunch of country bumpkins, didn’t you see the new Bugatti car launch a few days ago? This sports car is the Bugatti Veyron Ettore Bugatti. It’s a brand new sports car. Guess how much this sports car is worth?”

“Let me tell you. This sports car is worth 226 million!”

Chapter 214: Mr. Lin Fan, Can I Add You On WeChat?

“Wow, what did you say? This sports car is actually worth 226 million?”

“Oh my god, this is a sports car worth 226 million!”

“D*mn, it’s actually so expensive. Then this sports car is too luxurious. Let alone 220 million, I can’t even afford the six million behind it.”

“You’re all so awesome. I don’t even have six dollars, let alone six million. What kind of big boss can buy such a sports car?”

“I’m so envious, what should I do?”

“I’m already stunned by this sports car. The Bugatti Veyron Ettore Bugatti seems to be a limited edition sports car. It’s out of print worldwide. It was personally designed by the chief designer of the Bugatti Corporation!”

“Do any of you know who this sports car belongs to? Do any of you know?”

Many onlookers gathered together, their eyes filled with surprise.

As a limited edition sports car, such a thing would definitely be on the news.

As expected, not long after, someone found out.

What happened at the launch event at the Bugatti Corporation’s headquarters was also on the news.

“I found it, I really found it. I didn’t expect this. Do you know who owns the Bugatti Veyron Ettore Bugatti?”

“Today, I’ll tell everyone...”

“The name of the owner of this sports car is Lin Fan!”

“That’s right. It’s Lin Fan from Shanghai. I even saw a photo here. It’s a photo of Lin Fan, Su Xiaoyu, and Lin Fan’s manager at the launch event. Unfortunately, I can only find this photo.”

“I know. It’s a pity that Xia Wanqiu isn’t around. Otherwise, I would be able to see Lin Fan and Xia Wanqiu in the same frame. They must look super good in the same frame.”

“Needless to say, Lin Fan and Xia Wanqiu are super sweet.”

“Oh my god... the Bugatti Veyron Ettore Bugatti belongs to Lin Fan?”

“Doesn’t that mean that the chief designer of the Bugatti Corporation personally designed a sports car for Lin Fan?! And the price of this sports car is 226 million. Among all sports cars, this sports car’s price is enough to rank in the top three!”

“As you can imagine, this sports car is too luxurious...”

“Then didn’t we miss a big star just now? Lin Fan is my idol. So he lives in Shanghai like us. I want to see Lin Fan!”

“I want to eat Lin Fan’s feast and listen to his songs. Lin Fan, wait for me.”

“D*mn, let’s not talk about it anymore. I’m going to see my idol now and see where he’s going.”

After the fans finished speaking, they immediately started taking action.

If it was just a super sports car, he would at most be surrounded by people. But now, it was no longer a simple super sports car.

The owner of this sports car was Lin Fan.

Lin Fan was the idol of countless fans.

The national Prince Charming.

After getting together with Xia Wanqiu, Lin Fan’s popularity increased a lot.

These few days, there were people on the Internet begging for video resources for “The Legend of Sword and Fairy”.

On the Internet, piracy was everywhere.

This caused Lin Fan to become more and more popular.

When Lin Fan entered the entertainment industry, not only did Lin Fan help Xia Wanqiu, Xia Wanqiu also helped Lin Fan.

And now, Lin Fan had appeared on the streets of Shanghai. What did that mean...

If a superstar went out without security, they would immediately be surrounded by fans.

This was the appeal of a superstar.

Although Lin Fan's sports car was already very secretive, it was still discovered by these fans.

Immediately after, many fans drove their cars. Some fans hailed taxis, and some fans rode electric motorcycles to chase after Lin Fan.

"Lin Fan, wait for me!"

"I was wondering how this hunk in the car could be so handsome. This is the first time I've seen such a handsome person. So he's Lin Fan, my Prince Charming!"

"No matter what, I have to see my Prince Charming today."

"Prince Charming, I'm coming!"

Even the traffic police were stunned by the scene on the streets.

What the f*ck... happened?

They had seen such a scene on television and in movies before.

For example, many police officers would drive police cars and arrest thieves.

Or it could be a car chase in a movie. The scene was extremely cool.

Now... was he filming a movie?

Everything that was happening was too unbelievable.

These cars and taxis were all chasing the same car.

And this car... was the Bugatti Veyron Ettore Bugatti, a brand new sports car.

Looking at the people chasing after this sports car, there were boys, girls, aunties, and uncles. In order to chase after Lin Fan, they no longer cared.

There were even people riding bicycles. This stunned the traffic police.

For a moment, the traffic police stood in the wind in a mess.

Even if the Bugatti Veyron Ettore Bugatti was especially cool and pretty, these people did not have to be so infatuated.

Then, more and more people heard this and realized that the person sitting in front of the Bugatti Veyron Ettore Bugatti was Lin Fan.

Such a scene was really terrifying.

Even on Weibo, the Bugatti Veyron Ettore Bugatti was trending.

There were many accompanying photos below.

“D*mn, Brother Fan is actually driving this Bugatti Veyron Ettore Bugatti on the roads of Shanghai.”

“I’m crying with envy. This is a sports car worth 226 million. Brother Fan is really too awesome. The boss of the Bugatti Corporation actually personally designed a sports car for Brother Fan.”
