

## I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 24-28

### Chapter 24: A School District house worth 24 million!

Yang Qing entered the room silently. When she saw Xia Wanqiu, she was a little disappointed.

Xia Wanqiu was a superstar, how could she sleep with someone else?

If someone were to take a photo of her, she would never be able to clear her name.

Yang Qing looked at Xia Wanqiu. Luckily, Xia Wanqiu had not taken off her clothes.

“Wanqiu, tell me. Do you have someone you like?” Yang Qing sat beside Xia Wanqiu and asked.

Hearing that, Xia Wanqiu blushed slightly. “Sister Yang, I don’t.”

Yang Qing looked at Xia Wanqiu and sighed. “Wanqiu, you went out alone these few days and even let another man stay at your house at night. Once it’s announced that you have a relationship, it will affect your career greatly.”

“Also, if you are with an ordinary person, it will affect your career and your work,” Yang Qing said. As Xia Wanqiu’s manager, she naturally had to care about her daily life.

“Sister Yang, no. Lin Fan is my high school deskmate. We have a good relationship.”

“Besides, the vegetable salad he makes is really delicious. There’s also braised fish. Let’s go eat some someday?” Xia Wanqiu blinked and looked at Yang Qing.

“He makes nice food? Then last night...” Yang Qing continued to ask.

“I ate too much and even ran for a while before falling asleep. Meow meow, nothing happened.” Xia Wanqiu recalled what happened last night and said.

“Are you really not in a relationship?” Yang Qing asked again.

“No.” Xia Wanqiu shook her head.

Xia Wanqiu lifted her beautiful eyes and looked at Yang Qing seriously.

“Even if I’m dating, that’s my business. It has nothing to do with the company.”

“Even if the boss comes to talk to me, I will have the same attitude,” Xia Wanqiu said. It was rare for her to be so serious.

Because of her career and the company’s reputation, did she have to distance herself from Lin Fan?

Sorry, she couldn’t.

Yang Qing looked at Xia Wanqiu’s determination and could only sigh. After all, she was only a manager.

Furthermore, she was only Xia Wanqiu’s manager. If Xia Wanqiu wanted to replace her, it would be a piece of cake.

Although Xia Wanqiu was beautiful and had good acting skills, she was stubborn when it came to principles.

She would not go act in lousy movies for money. She would not go for kissing scenes or love scenes.

If she was willing to do that, she might become even more popular, but she refused.

Even so, Xia Wanqiu was still the number one female artist under the company. She had more than 80 million fans, and there were too many people who liked her.

Xia Wanqiu had rejected many scripts because of this, but her stubbornness made the company helpless against her.

Yang Qing knew that she could not persuade Xia Wanqiu.

She finally understood why Xia Wanqiu never took up kissing scenes.

How could Xia Wanqiu, who had always been clean, let a boy spend the night in her house?

What merits did this despicable Lin Fan have to make Xia Wanqiu protect him so much?

“Wanqiu, is the food he makes really delicious? Bring me over to try it next time,” Yang Qing asked curiously.

“Of course, it’s delicious.” Xia Wanqiu nodded and made a cute expression.

...

...

“Ding!”

“Signed in successfully. Congratulations master, for obtaining a school district house in the Begonia Garden district. It has a total of 120 square meters in area and an estimated price of 24 million.”

4

“The relevant title deed has been sent to the system inventory.”

3

The system’s voice sounded. On a new day, Lin Fan signed on to another school district.

It was worth 24 million!

If he rented it out, the annual rent would be at least 900,000!

1

It would be nine million in ten years, it would be eighteen million in twenty years.

1

Lin Fan immediately sent out the rental notice and paid the listing fee.

Now he had a Lake Heart Villa, a Bugatti sports car, and two houses in the Begonia Garden school district.

Lin Fan opened his phone and looked at the balance in his bank card.

[Living balance: 875, 214 yuan]

870,000!

If he could rent out this new school district house, Lin Fan would be a millionaire.

Lin Fan immediately transferred \$500,000 to his parents in the village. Then, he made a call.

1

“Mom, I transferred 500,000 yuan to you and Dad’s bank account. Please check it carefully,” said Lin Fan on the phone. After all, 500,000 yuan was enough to build a house in the countryside.

“What? 500,000? Son, where did you get so much money from? Did you do something illegal?” Lin Fan’s mother was shocked when she heard that it was 500,000.

1

“Mom, why would I do those things? I’m currently running a company outside and I’m also one of the shareholders. I’ve received a few million yuan as dividends,” said Lin Fan with a smile.

“Company shareholder? Millions? Really?”

“When did my son become so outstanding? He already has a few million dollars. If your dad finds out, he’ll have to drink a few bottles of wine to cheer himself up. As long as you don’t break the law, it’ll be fine. I’ll help you save these five hundred thousand dollars so that you can marry a girl in the future.” Lin Fan’s mother sounded a little happy. Which parents didn’t hope for their children to become dragons and phoenixes?

“Mom, you don’t have to save it for me to marry a wife. You and Dad can improve our lives. I don’t lack money. Shanghai makes money very quickly,” said Lin Fan.

His parents were like that. He wanted to improve the family’s life, but his parents could not bear to spend his money.

“By the way, son, do you have a girlfriend? When are you bringing her back for me to take a look?” His mother’s voice came from the other end of the phone.

1

Lin Fan was helpless.

Fine, every time he called his mother, she would ask about his love life.

Was it that easy to find a girlfriend?

Furthermore, Lin Fan didn’t have a girlfriend yet.

Moreover, even if he had a girlfriend, he had to have a strong relationship before he could bring her home.

“Mom, things haven’t even started yet,” said Lin Fan.

“Alright, it’s good that you don’t have a girlfriend. My neighbor’s daughter is quite pretty. Her name is Xie Tingting,” said Lin Fan’s mother.

1

“Mom, I don’t need a blind date...” Lin Fan rejected her.

“You can’t refuse. You’re already 25 years old, and I’ve already made an appointment for you. I was just about to call you. It’s at 4:30 pm. It’s at the restaurant next to yours. Remember to go.”

“You have to go. I’ve already arranged everything. If you don’t go, I’ll lose face. The girl said she was coming. Give me some face,” Lin Fan’s mother said and hung up.

1

Lin Fan:” ...”

Lin Fan didn't want to go on a blind date at all. He had no intention of dating.

However, his mother had already made an appointment for him. They were all neighbors. If Lin Fan didn't go, his mother would be embarrassed.

“Alright, let's go then. Let's just say that we didn't manage to get anything done,” said Lin Fan. He looked at the time. It was already four in the afternoon. It was just right to leave now.

Driving the Bugatti that cost over a hundred million dollars, Lin Fan went straight to the Xiang Yunyan Restaurant for his first blind date.

He really didn't want to go on a blind date, but his mother kept urging him to just come here and have a seat. It was a matter of courtesy.

Lin Fan didn't care if they could get together. He didn't want to rely on blind dates to find a girlfriend.

If she was prettier and cuter than Xia Wanqiu, he could still consider it.

When should he bring Xia Wanqiu home to pretend to be his girlfriend?

1

Driving the Bugatti, Lin Fan became the most eye-catching scenery on the road.

The passers-by exclaimed.

“Ahhhh, Bugatti La Voiture Noire, damn it, isn't this a sports car worth hundreds of millions?”

“Did you guys see that? The hunk driving the sports car is so handsome.”

“I saw it too. That hunk is even more handsome than a superstar, but I didn't take any photos.”

...

## **Chapter 25: My Cat Was Bullied, Hit Him!**

When Lin Fan drove the Bugatti to the Xiang Yunyan Restaurant, the restaurant's service staff immediately welcomed him.

The two waitresses looked at Lin Fan in shock.

Because... Lin Fan was way too cool!

Furthermore, Lin Fan was driving a sports car. Although the two waitresses didn't recognize the model of the sports car, they knew that such a sports car was worth at least a few million dollars!

Lin Fan was a rich second-generation heir. When he arrived at the restaurant in his sports car, he was immediately sent to the VIP room.

"Hello, is there anything I can help you with?" The waitress asked with a smile.

"I'll have a coffee. I'm waiting for someone," said Lin Fan.

This blind date was mainly to give his mother face.

Otherwise, he would not have come for the blind date.

Furthermore, Lin Fan had driven a Bugatti over this time. He didn't really want to go on a blind date with her.

Otherwise, Xia Wanqiu would probably bite him.

Opening Xia Wanqiu's WeChat, Lin Fan sent a message.

Lin Fan: "I'm on a blind date."

[Xia Wanqiu: “?”]

[Xia Wanqiu: “Fierce!!!”]

Lin Fan: “My Mom introduced her. She’s the neighbor’s daughter. I’m showing my Mom face.”

[Xia Wanqiu: Angry.jpg]

[Xia Wanqiu: Furious.jpg]

Lin Fan: “I’m just carrying out a mission. Mom has been urging me to find a girlfriend. Why don’t you come home with me and lie to my mom?”

[Xia Wanqiu: “Dream on!”]

[Xia Wanqiu: “Is she... pretty?”]

Lin Fan: “I don’t know. I haven’t seen her yet. No matter how pretty she is, she can’t compare to you.”

Xia Wanqiu: “~~~~”

[Xia Wanqiu: “You’re so good at talking? I’ll reward you one candy.”]

Lin Fan: “Actually, I don’t want to go against my conscience. But I accepted your money.”

[Xia Wanqiu: “Angry!!!”]

[Xia Wanqiu has activated friend verification. You are not her friend yet. Please send a friend verification request first. You can only chat after the other party has verified it.]

Lin Fan: “...”

Why was he blocked?

He immediately added her as a friend again.

Lin Fan: "I'll make you two vegetable salads next time."

[Xia Wanqiu: "Hmph." ]

Lin Fan: "Three vegetable salads."

[Xia Wanqiu: "And braised fish!!"]

Lin Fan: "Alright."

Xia Wanqiu: "~~~~"

....

Looking at Xia Wanqiu's WeChat, Lin Fan smiled.

When he was with Xia Wanqiu, she felt completely different from other girls.

As for this blind date, Lin Fan was even more indifferent.

If his mother forced him again, he would bring Xia Wanqiu home and see what else his mother had to say.

It was already 4.30 p.m.

The other party had not arrived yet.

Lin Fan drank a cup of coffee and waited patiently.

It was 5 in the afternoon. They were already half an hour late, and the other party had yet to arrive.

Lin Fan could not wait any longer. His time was precious.

He didn't know how many girls wanted to see him. Zhao Lele and Xie Yutong had sent him many WeChat messages. They wanted to ask him out for a meal but Lin Fan rejected them.

Lin Fan immediately sent a message to Xie Tingting.

Lin Fan: "Why are you half an hour late?"

Xie Tingting: "Oh, I have something to attend to, but I don't think there's a need for me to come. I'll get straight to the point and ask you a few questions."

Lin Fan: "Alright."

[Xie Tingting: "You know that people who want to get married are very interested in houses and cars. I'm not materialistic. Do you have a house in the outer ring of Shanghai?"]

Lin Fan: "No."

[Xie Tingting: You should have a car. Do you have an Audi A7?]

Lin Fan: "No..."

[Xie Tingting: How much is your monthly salary? Do you have insurance and money?]

Lin Fan: "I... don't have a salary, nor do I have insurance and money."

Lin Fan: "Where is she?"

[Xie Tingting has activated friend verification. You are not her friend yet. Please send a friend verification request first. You can only chat after the other party has verified it.]

Lin Fan: "..."

What Xie Tingting said was indeed true. Nowadays, which girl wouldn't want a car and house after getting married? The questions she asked were also very normal. The main thing was that Lin Fan didn't even have time to speak.

He really did not have a house in the outer ring, nor did he have an Audi A7, nor did anyone give him a salary. Naturally, he did not have insurance or money.

But the main thing is...

Lin Fan had a Lake Heart Villa that was worth over a hundred million dollars. He had a sports car that was worth over a hundred million dollars and two houses in the Begonia Garden school district.

The total assets alone were close to four hundred million yuan.

Furthermore, Lin Fan was the second-largest shareholder of the five-star hotel, New Era Lisheng Hotel!

Before he could say anything, he was removed as a friend?

Lin Fan had originally thought that since he had driven the Bugatti over, the other party would at least not resort to some old-fashioned face-slapping tactics.

But now, the other party didn't even give him a chance to speak.

But it was just as well. Lin Fan couldn't be bothered to explain. I've completed the mission!

After paying, Lin Fan sent the chat record to Xia Wanqiu.

[Xia Wanqiu: Meow ~ ~]

[Xia Wanqiu: "My cat is being bullied again. Hit her!"]

Lin Fan: "Why do you seem so happy?"

Xia Wanqiu:“~~~~”

At this moment, Lin Fan thought of the school district house he had just received.

It was a good opportunity to visit the school district house and rent it out.

Lin Fan drove the Bugatti straight to Begonia Garden.

...

On the other hand.

Xie Tingting, who was working in the estate, complained to Xia Ranran, “Do you know that I went on a blind date with someone today? Not only did he not have a car or a house, but he didn’t even have a salary, insurance, or any money. Then, I blocked him. How can there be such a ridiculous person in this day and age? He doesn’t have a car, a house, or a salary. How can a girl marry him and starve?”

Xia Ranran’s eyes widened. “Huh?”

Xie Tingting stretched lazily. “I knew it. His family is quite poor, so I didn’t even go on the blind date. There’s no need. It’s not that I’m looking down on him. It’s just that I knew he didn’t have a car or a house. I asked him on WeChat to confirm.”

Xia Ranran looked at Xie Tingting. “That’s not right of you. You’ve already agreed to it, so how can you not go? Aren’t you standing him up like this?”

Xie Tingting thought for a while and said, “You’re right. I can just apologize to him the next time. However, he doesn’t have a car, a house, or a job. No one would marry him.”

Xie Tingting picked up a glass of water and looked at Xia Ranran. “I’m so envious of you. I heard that a tycoon recently bought a house here for over twenty million yuan. You can even help him manage the property. I think that tycoon even praised you. The company even gave you a raise. If you manage to woo him, you’ll have nothing to worry about for the rest of your life.”

Xia Ranran thought of Lin Fan and blushed. “He’s very handsome and rich. How can I be worthy of him? Do you know that he has two school district houses? The total value of both houses is more than 40 million.”

“Also... he has a Lake Heart Villa that’s worth over two hundred million yuan, and a sports car that’s worth over a hundred million yuan. Most importantly... he’s very handsome, super handsome!”

## **Chapter 26: So Lin Fan Is So Outstanding**

Translator: Atlas Studios Editor: Atlas Studios

Seeing how infatuated Xia Ranran was, Xie Tingting asked, “Is he really that handsome? This is the first time I’ve seen you so infatuated with someone.”

Xia Ranran nodded her head and said excitedly, “He’s really handsome and he’s a good person. Every time I’m in front of him, I don’t dare to raise my head to look at him. I feel that if I look at him a few more times... I’ll fall for him.”

Xie Tingting complained, “I think you’ve already fallen for him.”

Xia Ranran hit Xie Tingting and beamed. “You know, the first time I saw him, he rode a tricycle into the district of Blue Wave Bay. I thought I was wrong, but he was riding a tricycle.”

Xie Tingting widened her eyes and asked, “Riding a tricycle to Blue Wave Bay? Will the security let him in?”

Xia Ranran nodded. “He’s a property owner. His Lake Heart Villa is the best in the entire Blue Wave Bay district. No one can compare to him.”

Xie Tingting was stunned. Other than being rich, the most important thing was Xia Ranran’s attitude.

All along, Xie Tingting had felt that this kind of rich person was very far away from her. This way, there wouldn’t be any psychological disparity.

For example, Alibaba’s Boss Ma and JD’s Boss Wang. All of them were very rich people. Other than envy, she didn’t feel anything else because the gap between them was too great.

But what kind of person was Xia Ranran? She had nice breasts, a nice butt, and was as pretty as a flower. Moreover, she was also very pretty. There were too many people wooing her, including some rich second-generation heirs.

Beautiful women were all sought after by rich second-generation heirs. Among them, there were even rich second-generation heirs who were worth tens of millions. Xie Tingting had also seen them before.

Xia Ranran rejected the grand confession.

However, when Xia Ranran faced that property owner, she felt like she had completely fallen for him.

Xie Tingting asked, "He sounds so mysterious. What's his name?"

Xia Ranran snorted. "It's a secret!"

Xia Ranran continued, "He's so handsome. Although I like him a lot, I know that he doesn't like me either. If he liked me, I wouldn't be single until now."

Xie Tingting was even more excited when she heard that. She even kept it a secret. "If he wants to woo you, you'll agree?"

Xia Ranran blushed. "Aiya, that's impossible."

This was a tacit agreement.

If Lin Fan would woo her... she would definitely agree.

Xie Tingting shrugged and said, "What if he wants you to sleep with him?"

Xia Ranran's face turned even redder. "Then I'll give birth to a child for him. Maybe the child will be super handsome too!"

Xie Tingting: "..."

This woman was hopeless.

She had completely fallen for him.

Wasn't he just a handsome guy? She had never chased stars like this before.

She even said it so mysteriously.

However, she was a little envious. Xie Tingting looked at the WeChat in her hand. If only her family could let her go on a blind date with someone reliable.

No matter who it was, they would definitely be more outstanding than Lin Fan, who had no car, house, or job right?

Just then, Xia Ranran's phone rang.

Xia Ranran was pleasantly surprised after the call.

"Prince Charming is here. I'll go out and welcome him first," Xia Ranran said. She immediately put her phone into her bag and checked herself in the mirror. After confirming that she was pretty, she walked out the door.

"Tsk, I want to see how mysterious your Prince Charming is." Xie Tingting stood by the window and looked.

After all, her Prince Charming was a property owner here, so she was curious about what he looked like.

Speaking of which, that Prince Charming was very handsome. Xie Tingting thought of the photo her mother had given her before the blind date. It was Lin Fan's photo.

He did look handsome. Unfortunately, he didn't have a car, a house, or money. She wasn't interested anymore.

...

After the call, Lin Fan drove the Bugatti to the entrance of the district.

Xia Ranran was waiting for him.

Xia Ranran was dressed exceptionally beautifully today. Her snow-white legs were alluring, and her aura was not bad. There were not many beauties who were more than 9/10 in looks.

“I’ll have to trouble you to come and see the house with me again.” Lin Fan got off the car and smiled.

“It’s no trouble at all. You, on the other hand, bought another house here? I’m so envious. I don’t know when I’ll be able to afford a house.” Xia Ranran looked a little aggrieved.

For ordinary workers, they would never be able to afford a house worth 20 million yuan.

It would be nice to earn a few hundred thousand and buy a county house.

Although Xia Ranran was pretty, how much could she earn from the property industry? She was still very capable and had become a property agent in the Blue Wave Bay and Begonia Garden districts. Her salary had increased a lot, but even so, there was still a long way to go before she could buy a house.

“Work hard, you can do it” Lin Fan encouraged.

“I will!!” Xia Ranran made a cute face.

Xie Tingting was stunned.

This person was indeed handsome.

Furthermore, why did he look a little familiar?

Suddenly, she remembered the photo on her phone. Xie Tingting took a look. It did look a little similar.

Could it be...

“Could it really be him?” Xie Tingting went to check on the name of the owner of the two properties Xia Ranran was in charge of.

Lin Fan!!!

It was really Lin Fan!

Xie Tingting suddenly felt that she had made a huge mistake.

Lin Fan was so rich. He had a Bugatti sports car worth hundreds of millions and a lake heart villa in the Blue Wave Bay district. He even had two houses in the Begonia Garden district.

“Oh my god... Lin Fan, you’re so rich, how dare you lie to me.” Xie Tingting remembered when she asked Lin Fan.

She first asked Lin Fan if he had a house in the outer ring, an Audi A7, a job, insurance, and money.

But Lin Fan said no to all her questions.

That was because...

Whether it was the two houses in the Begonia Garden school district or the Lake Heart Villa, they were not in the outer ring. The houses in these two districts were ridiculously expensive.

As for the Audi A7, it was only a few hundred thousand dollars. However, Lin Fan was driving a sports car that was worth hundreds of millions.

As for work, insurance, and money, Lin Fan didn’t need them at all.

If he rented out both of his villas, he would have a rental income of about two million a year!

1

Xie Tingting thought about how she had blocked Lin Fan and felt guilty.

Initially, she didn't look down on Lin Fan. She just felt that since Lin Fan didn't have a car, a house or a job, there was no need to continue the conversation.

Although Xie Tingting felt a little regretful, she knew that some things could not be forced.

Although she was considered pretty, she could not compare to Xia Ranran. Xia Ranran's breasts were bigger than hers and her temper was better than hers.

Even if she went after Lin Fan now, it would make her seem like a gold digger. She wasn't a gold digger.

5

She only felt that Lin Fan's image in her heart had suddenly become much bigger.

She felt that she had done something wrong during the blind date. She had to apologize to Lin Fan.

"It's all my fault. Everything that happened today is my fault."

"But who would have known that Lin Fan had become so outstanding and so handsome? I'm going to apologize to you. You'll give me face right?" Xie Tingting was a little surprised.

She wouldn't go after Lin Fan like a gold-digger and chase after him. She wouldn't wait for Lin Fan in bed either. That would be too fake. Instead, she would happily apologize.

But if Lin Fan didn't give her face, she would bite him!

Such an outstanding person was right in front of her. He might even become her friend in the future.

Xie Tingting was elated to have such a low-key, humble, rich, and handsome friend.

She might even be able to suck up to Lin Fan in the future!

It was worth it to have such an outstanding friend!

## Chapter 27: My Motive Of Opening A Restaurant Isn't To Make Money

After Lin Fan finished looking at the house and left the house with Xia Ranran.

Xie Tingting stood at the entrance of the district, waiting for Lin Fan.

“Lin Fan, you liar. Hmph, you lied. Didn't you tell me that you don't have a car or a house?” Xie Tingting looked at Lin Fan and said.

“You are... Xie Tingting?” Lin Fan looked at the girl in front of him and asked.

“Yes, I'm sorry about today. I shouldn't have been late, and I shouldn't have blocked you on WeChat.”

“But Lin Fan, you're so outstanding and rich. Which girl would dare to woo you in the future?” Xie Tingting said, apologizing sincerely to Lin Fan.

“Haha, I've been single for so long. Otherwise, why would I go on a blind date?” Lin Fan laughed. He didn't really care that Xie Tingting was late.

After all, he was still flirting on WeChat.

“You're so good, why would you need a blind date? What do you think of Ranran?” Xie Tingting held her arm and blinked.

“Tingting, why are you...” Xia Ranran blushed.

“Pretty good.” Lin Fan nodded.

“Then why don't you... go get a room now? I won't hold you up,” Xie Tingting said deliberately.

“Ah... Tingting, don't talk nonsense.” Xia Ranran lowered her head. She was already blushing in front of Lin Fan, yet Xie Tingting still said such things.

“I went to my room just now,” Lin Fan said. He didn't understand what Xie Tingting meant at all.

“Tsk, boring.” Xie Tingting snorted.

“Lin Fan, I’m sorry for what happened today. You’re so outstanding. In the future, I’ll look for you to suck up to. If you don’t let me, I’ll tell your mom. You’re my neighbor,” said Xie Tingting.

Lin Fan was amused by the girl in front of him but he nodded.

At least Xie Tingting was alright.

“So, do you accept my apology?” Xie Tingting asked as she looked at Lin Fan.

“How would I dare to not accept it? Otherwise, you would go tell my parents.” Lin Fan smiled and joked.

“Lin Fan, you’re asking for a beating.” Xie Tingting waved her little fist, her mood much better now.

“Since you’ve accepted my apology, I’ll treat you to another meal. You must come,” Xie Tingting said righteously.

“But when can Ranran and I visit your house? Your house is a villa.” Xie Tingting’s eyes widened.

“Contact me when you want to come. I’ll arrange for transport for you guys,” Lin Fan said with a smile. Xie Tingting and Xia Ranran were the same as his high school classmates and wanted to visit his house.

“Tsk, I still have to make an appointment.” Xie Tingting grumbled before pulling Xia Ranran away.

Lin Fan drove the Bugatti home.

It was worth mentioning that Lin Fan had rented out his second house in Begonia Garden too.

The annual rent was as high as 1.2 million!

In Lin Fan's bank account, other than the 500,000 he gave to his parents, he already had 1.6 million in savings!

...

The next day, Lin Fan woke up and signed in.

"Ding—Congratulations, Master, on signing in successfully. You have received a Koenigsegg One sports car!"

"The vehicle and the related property rights certificate have been issued to the system inventory. You can retrieve them at any time," the system said.

He received another sports car.

Lin Fan went online to check. It was fine if he didn't check, but once he did, he got a shock.

Koenigsegg one was also a sports car worth hundreds of millions!

The car was decorated with silver lines, with 19-inch and 20-inch carbon fiber wheel rims at the front and back and four Michelin tires that provide plenty of downward pressure at high speed.

The Koenigsegg One was carrying a 5.0L double turbo-charging compression engine. Its maximum output would be 1,400 horsepower! The peak torque was 1371Nm, and the transmission was equipped with a specially developed 7-speed dual clutch.

Overall, it was very cool and very high-end!

And there were only six such sports cars in the world.

During the day, Lin Fan found a place with no one and no surveillance cameras. He retrieved the sports car and was completely stunned.

Pressing the button to open the doors, the doors on either side of the Koenigsegg one opened like a butterfly's wings spreading.

Lin Fan sat in the car and felt a comfortable backrest and a push.

He stepped on the accelerator and drove on the streets of Shanghai, causing another round of exclamations.

“Holy shit... isn’t this a Koenigsegg one? It’s also a sports car worth hundreds of millions!”

“Oh my god, two sports cars worth hundreds of millions have appeared in Shanghai recently. Oh my god, are sports cars worth hundreds of millions so cheap now?”

“I think that hunk is still very handsome. Could it be that the hunk driving the Bugatti is the same person as the hunk driving the Koenigsegg?”

“Is this the life of a rich second-generation heir? All the sports cars he drives are worth hundreds of millions. We can’t compare to him.”

“Hunk, wait for me, let’s take a picture together!”

....

Lin Fan was already used to this kind of life, mainly because he was too handsome.

When they arrived at the entrance of the district, the security guard at the entrance stared blankly at Lin Fan’s sports car.

Even the security guards were stunned.

They were already very familiar with Lin Fan. However, Lin Fan was driving a brand new sports car. This made the security guards question their lives.

“When did Brother Fan buy a new sports car?”

“I’ve checked. This sports car is worth hundreds of millions too. D\*mn, a tycoon is indeed a tycoon. They don’t even buy sports cars that are worth less than 100 million.”

“Not only is Brother Fan driving a sports car, his character is also very good. Until now, I haven’t seen any girl who can sit in Brother Fan’s front passenger seat.”

“Sigh, I wonder which girl would be so lucky to be able to win Brother Fan’s heart. She won’t have to worry about food or clothing in the future.”

Then, Lin Fan drove his sports car home and rode his tricycle out.

The security guards started to doubt their lives even more.

Damn!

Lin Fan had two sports cars worth hundreds of millions but he was riding a tricycle?

They dared not imagine the life of a rich second-generation heir.

He was riding the tricycle mainly because he had to open a restaurant. He couldn’t possibly put fish, prawns, meat, and a bunch of other things in the sports car.

It was better to do this kind of work. It was okay to get a tricycle dirty.

Not to mention that it would not be convenient for the Bugatti and Koenigsegg to do such work.

“Brother Fan, are you going to work at the restaurant again?”

“Heh, if I were you, I would drive the sports car and store these things in the trunk. At that time, who knows how many young ladies would chase after and intercept me. They would even want to eat at your restaurant,” the security guard said.

“That’s right, Brother Fan. If you drive this cool sports car, who knows how many people will turn around to look at you? By then, the restaurant’s business will be booming,” another security guard said.

After Lin Fan heard what the two security guards said, he smiled.

“Actually, there’s nothing wrong with what you said, but...”

“My purpose for opening a restaurant is not to earn money.”

“It’s because of her, that’s all.”

## **Chapter 28: She Likes You**

After Lin Fan left,

The remaining security guards were dumbfounded.

Lin Fan opened a restaurant not because of money but because of a person?

Maybe it was a pretty girl?

...

In a car.

Xia Wanqiu and another girl were sitting together.

“Sister Wanqiu, is that restaurant you mentioned really delicious?” the girl asked.

“Of course.” Xia Wanqiu nodded.

“Hehe, then I’m looking forward to it. Isn’t the owner of that small restaurant a handsome hunk?” The girl blinked.

“Xiaoyu, we’re going to eat,” Xia Wanqiu said with a blush.

“I know, I know. You’re going to see your little lover,” the girl continued.

“Meowmeow, you’re the one who’s going to see your little lover.” Xia Wanqiu snorted.

“Humph. Don’t think I don’t know. Recently, you have been going to that little restaurant frequently. I can smell the delicious food from far away.” The girl stuck her head forward cutely.

“To be able to charm our Sister Wanqiu to such an extent, how handsome must he be?” The girl smiled sweetly and was a little cute.

“Xiaoyu, I’m going to scratch you.” Xia Wanqiu scratched Xiaoyu’s waist.

“Boohoo, Sister Wanqiu, you’re bullying me.” The girl looked very wronged, as if she was about to cry.

“When did I?” Xia Wanqiu waved her hand.

At this moment, the girl took the chance to rub Xia Wanqiu’s face.

“Hehe, so many fans’ goddess has been rubbed by me.” The girl smiled and her acting was perfect.

This girl was Yuehua Entertainment’s second-largest female artist.

Su Xiaoyu was cute and sweet. Most importantly, she could act and liked dressing up as a Lolita.

She had more than 50 million fans and often acted in movies and dramas. The key was that Su Xiaoyu’s singing was very good, and she also had a special characteristic, which was that she was a foodie.

The two girls were both actresses from Yuehua Entertainment. Without exception, they were superstars.

In the company, the two girls should be competing with each other.

However, Xia Wanqiu and Su Xiaoyu's relationship was very good. Basically, there were no secrets between them. The two of them helped each other in the entertainment industry and developed together.

The two girls' words made the driver perspire.

You two are big celebrities, two big celebrities, take note of your image.

However, the driver was also Su Xiaoyu's subordinate, so he didn't say anything.

When the two girls arrived at the restaurant, they did not attract much attention.

"Meow ~" A gentle girl's voice sounded.

Lin Fan didn't even need to turn around to know that Xia Wanqiu was here.

This detestable woman was here to eat his vegetable salad again.

"Am I not welcome?" Xia Wanqiu walked forward and sat down.

"How could I not welcome you?" Lin Fan turned around and saw Xia Wanqiu.

Today, Xia Wanqiu was dressed exceptionally beautifully. She had even put on some makeup. Her cat ears hat was still so cute, but the key thing was that her temperament was also very good.

What surprised Lin Fan was that there was a girl next to Xia Wanqiu. This girl was also very pretty. She was above 9.5 points out of 10 in looks.

This girl was even more adorable. She was born to be a pretty girl from a humble family.

Furthermore, Lin Fan was extremely familiar with this girl.

Yuehua's second-largest female artiste who had a huge fanbase, Su Xiaoyu.

Cute, sweet and good at acting.

In a movie, Su Xiaoyu acted with Xia Wanqiu and both of them became famous in this movie.

After that, Xia Wanqiu and Su Xiaoyu rarely worked together in a movie, but their development got better and better.

But today... Xia Wanqiu and Su Xiaoyu both came to his small restaurant.

Lin Fan's heart turned cold.

He kept such a low profile because he didn't want to be discovered by too many people.

Xia Wanqiu was usually alone, but today, Su Xiaoyu was here as well.

If he was discovered, he would immediately become extremely famous.

Shocking! A restaurant owner engaged in "multi-people exercise" with the superstar Xia Wanqiu and Su Xiaoyu in a small restaurant!

Thinking about such headlines, Lin Fan felt embarrassed.

But since they were already here, could he still chase them away?

"Wow... so handsome. Sister Wanqiu, you have such good taste." When Su Xiaoyu saw Lin Fan, her eyes lit up and she immediately whispered to Xia Wanqiu.

"Hello, I'm Sister Wanqiu's best friend, Su Xiaoyu." Su Xiaoyu took the initiative to extend her hand out politely.

"Hello, I'm Lin Fan." Lin Fan shook Su Xiaoyu's hand.

If an ordinary person were to see such a big star, they would definitely pick up their handphone and take photos.

But Lin Fan was very calm. He had seen many celebrities and even slept with them.

Lin Fan looked at Xia Wanqiu.

Xia Wanqiu pouted. She was a little jealous but she didn't say anything. She looked at Lin Fan with an innocent expression.

In a moment, Lin Fan and Xia Wanqiu exchanged glances.

"Sister Wanqiu, you're jealous." Su Xiaoyu retracted her hand and smiled at Xia Wanqiu.

"I'm not." Xia Wanqiu shook her head and snorted.

"Hehe, it was right to follow Sister Wanqiu here for a meal. I saw a super handsome man today," Su Xiaoyu continued.

Looking at the two girls, Lin Fan felt a little helpless.

"Xia Wanqiu, Su Xiaoyu, the two of you are Yuehua's number one and two female artistes. You're even celebrities. If the two of you come to my restaurant together, it's still broad daylight. If the paparazzi find out, I won't be able to keep my innocence." Lin Fan shrugged.

"Meow, meow, smelly Lin Fan. The two of us girls don't even care. Do you think you can't keep your innocence?" Xia Wanqiu glared at Lin Fan and got even angrier.

"Yes, yes, yes. It's fine. Sister Wanqiu and I came here secretly. If we're discovered, we'll be in trouble." Su Xiaoyu stuck out her tongue.

"But... I want to eat." Su Xiaoyu's face was filled with anticipation. She was a glutton herself, so how could she not seize this opportunity?

"I want to eat too." Xia Wanqiu touched her flat stomach.

“Lin Fan.”

Fine, two gluttons.

Lin Fan could already predict that he would be number one on Weibo’s hot search list.

Multi-people exercise, and it was even with two big celebrities. It made one’s imagination run wild.

“Are you two high school classmates? I’ve often heard Sister Wanqiu talk about you. After seeing you today, I finally realized how handsome you are.” Su Xiaoyu looked at Lin Fan curiously.

“What else did she say about me?” Lin Fan smiled and replied calmly.

Xia Wanqiu panicked and looked at Su Xiaoyu.

Su Xiaoyu pretended not to notice and said, “Hmm... Let me think about it. Sister Wanqiu said that you’re handsome and smart. She also said that you’re great. Oh right, she also said that your vegetable salad and braised fish are delicious.”

Xia Wanqiu was angry and stomped her feet.

Very angry!

Su Xiaoyu had told Lin Fan everything that she had whispered to her.

If Lin Fan knew all that, he would always be on top of her in the future. She would never be able to make a comeback.

Su Xiaoyu pretended not to see Xia Wanqiu and pouted. “Sister Wanqiu also said something...”

“She said...”

“She likes you.”
