

## **I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 265-269**

### **Chapter 265: Lin Fan Appears, The Official Battle Begins!**

When they saw Lin Fan's appearance, Young Master Zhao and Young Master Li shook their heads, the contempt in their eyes deepening.

They were the eldest sons of big families in Shanghai. They were all rich second-generation heirs and came from rich families. They had returned from studying abroad.

In their eyes, Lin Fan was just an actor.

Lin Fan was handsome, but in the eyes of these two people, he was just a gigolo.

Was a mere actor worthy enough to gamble with them?

When Lin Fan arrived, Huo Xinyu did not even look back at him.

She was proud, confident and aloof. She sat there, her cold face impassive.

She had never been defeated at the casino and had the title of Invincible Queen in the casino.

Of course, she rarely played at the casino either.

But as long as she played, she could win at least a few hundred million each time.

Even some famous gods of gamblers were a little frightened when they saw Huo Xinyu.

She didn't know what failure was.

Any prey she targeted had already been instantly killed.

Lin Fan sat at the head of the table and smiled calmly. He saw Huo Xinyu and the young masters of the Zhao and Li families.

Lin Fan was also very confident in his gambling skills. He had learned all kinds of gambling skills.

But here today, the most important thing was a contest of intelligence.

And acting skills, reactions, fluctuations in expression, and so on.

Gambling wasn't just about luck. It was about strength.

If one's observation ability was very strong, one could guess the other party's cards from their microexpressions.

Coupled with each round of raising, different people would have different psychological fluctuations.

Gambling placed great importance on skill and ability.

The most important thing was to understand your opponents first.

Lin Fan didn't know much about Huo Xinyu, Young Master Zhao, and Young Master Li.

When Lin Fan sat down, he had already begun to observe the three of them.

Especially today's main opponent, Huo Xinyu!

She was known as a legend in business and an undefeated legend in the casino.

Such a queen did not respect anyone.

This was also the first time Lin Fan took Huo Xinyu seriously.

If he lost today, he would become the laughing stock of the entire Shanghai.

"Young Master Zhao, Young Master Li, Miss Huo, I'm Lin Fan. You should know me." Lin Fan smiled.

From the moment he walked into the casino, Lin Fan's godly acting skills were activated. All his pores opened. He focused, locked onto all the information around him, and performed accordingly.

When he spoke, his voice trembled slightly, a sign of nervousness.

Ordinary people could not sense it, but someone like Huo Xinyu could definitely sense it.

Lin Fan wanted to disguise himself as a newbie and deal a fatal blow to these three people!

In terms of gambling skills, Lin Fan might not be Huo Xinyu's match.

But in a casino, gambling wasn't the only thing they competed in.

Here, every fight was a contest of hearts and details.

Other than his trembling voice, even Lin Fan's sitting posture was a little awkward. Even though he looked calm on the surface, it still showed that he was flustered and curious.

This was how newcomers looked like when they came to the casino. Lin Fan displayed it vividly.

When Young Master Zhao and Young Master Li saw Lin Fan like this, their smiles deepened.

It looked like this was Lin Fan's first time in a casino.

In their opinion, no matter how calm Lin Fan pretended to be, it was difficult to hide his nervousness.

Today, they could win against Lin Fan here!

If they could win a few hundred million back, they would be rich!

To a rich second-generation heir, a few hundred million in cash was already a lot.

The two of them also knew that Huo Xinyu and Lin Fan were enemies.

If they could crush Lin Fan in front of Huo Xinyu, they might even be able to gain her favor.

They looked at each other, and a smile curved their lips.

Seeing this, Lin Fan knew that Young Master Zhao and Young Master Li had taken the bait.

Meanwhile, Huo Xinyu remained expressionless.

This made Lin Fan even warier of Huo Xinyu.

Huo Xinyu was an undefeated legend in the casino.

It was difficult to fool Huo Xinyu with ordinary acting skills.

“I’m on a tight schedule. The minimum bet per round shall be a million yuan.” Huo Xinyu said.

“No problem. Whatever you say.” Young Master Li smiled.

“Sure, sure. One million yuan per round. Lin Fan shouldn’t mind, right?” Young Master Zhao said calmly.

“Sure.” Lin smiled.

Such a gamble was already very big.

The minimum bet per round was a million yuan. If one’s acting skills were not good, one could reveal flaws at any time.

To Lin Fan, a million was a lot.

He only had a little more than 100 million in cash in his bank account. He was still a little poor.

“Let’s play Five-card stud. I understand how to play that,” Lin Fan said with a smile. Five-card stud was a game that appeared in the movies God of Gamblers, All for the Winner and God of Gamblers 2.

The traditional rules of Five-card stud dictated that each player would be dealt a maximum of five cards. The first card was a hidden card. From the moment the second card was dealt, the player with the highest-ranking card would place their bets first. If a player felt that their cards were good, they could also place a bet. In the movie God of Gamblers 2, Stephen Chow had a special skill and would always choose to showhand in the end. In the end, they would compare the ranks of their cards and the person with the highest-ranking cards would win all the chips.

Halfway through the game, if a player felt that their cards were not good, they could choose to fold. However, they could not take back their bets on the table.

Comparison of suit patterns in Five-card stud: Straight Flush, Four of a kind, Full house, Flush, Straight, Three of a kind, Two pair, Pair & High cards.

Hearing that Lin Fan wanted to play Five-card stud, the others had no objections.

Then the first game began.

There were a total of 52 cards in the Five-card stud. Before the game began, anyone at the casino table could choose to check the cards and shuffle them. After the shuffle, the other players could choose to cut the cards and ensure the fairness of the game.

“Give me the cards first. I want to shuffle them,” Lin Fan said. He asked the dealer for a deck.

Everyone’s eyes were on Lin Fan.

Lin Fan started shuffling the cards.

He did not shuffle the cards like Gao Jin in God of Gamblers. The ways he shuffled cards were all fancy and cool.

Lin Fan shuffled the cards in the most ordinary way. He even accidentally scattered the poker cards in the middle.

The playing cards scattered and fell to the table and floor.

Seeing Lin Fan shuffle the cards, many people around couldn't help but laugh.

Young Master Zhao and Young Master Li also laughed.

Damn, they thought Lin Fan knew a thing or two about gambling.

However, Lin Fan didn't even know how to shuffle the cards.

Was there any rookie in the gambling world who didn't know how to shuffle cards like Lin Fan?

Even the usually calm Huo Xinyu shook her head.

Who would have thought that Lin Fan wouldn't even know how to shuffle cards?

And Lin Fan didn't look like he was acting at all.

"Would Lin Fan be ok..." Yan Xue asked.

"I don't know... Brother Lin doesn't seem to have gambled before. If he loses, then we lose. Without Brother Lin, our two companies would have already gone bankrupt." Yun Qian sighed.

For some reason, seeing Lin Fan like this, even Yun Qian and Yan Xue sighed.

This was no ordinary game of poker. Opposite Lin Fan was a woman who was an undefeated legend in the casino. A true business legend.

Lin Fan probably wouldn't be able to win today's bet!

"Dealer, give me another deck of cards," Lin Fan said. "Hey, those cards are a little old. I just want a new deck."

Huo Xinyu said, "The poker cards were new."

Young Master Zhao was speechless.

Young Master Li was speechless.

They had not expected Lin Fan to find such an outrageous reason to cover up the embarrassment he felt from just now.

It seemed like they could at least win a few hundred million from Lin Fan tonight!

### **Chapter 266: Lin Fan's Acting Skills, Consolidating at every step**

After shuffling the cards, it was officially time to deal.

The four of them each had a hidden card.

Lin Fan's second card was the ace of spades.

Huo Xinyu's second card was the King of Hearts.

Young Master Zhao and Young Master Li's second cards were eight of clubs and nine of diamonds.

Everyone turned to look at Lin Fan. It was his turn to speak.

The person with the highest card in the second card dealt could choose how much to bet. The others could choose to call or not.

Lin Fan looked at Huo Xinyu. "You've the king of hearts. You're the one with the highest card. You bet first."

Huo Xinyu was speechless.

Young Master Zhao: “???”

Young Master Li: “???”

Yan Xue and Yun Qian were also dumbfounded.

The dealer looked at Lin and said, “Mr. Lin, you’ve the ace of spades. In the game of Five-card stud, the ace is the biggest and the two is the smallest.”

Lin Fan nodded as if enlightened. “Oh, oh.”

Lin Fan was just pretending that he didn’t know the rules. Pretending that he didn’t know how to shuffle the cards. From the beginning, he’d already been setting things up.

Not only was Lin Fan playing dumb, but he was also trying his best to observe the expressions of everyone around him.

m将能够得到的信息全部记在心里,判断这些人的习惯.

赵少笑道:“林凡,你会玩梭哈吗?不会玩的话要不要教教你?”

Lin Fan shook his head. “It’s just poker. What’s so difficult about it? I know how to play just after reading the rules for a while. I just read the rulebook when I came.”

The disdain in Young Master Li’s eyes deepened.

Lin Fan was really a newbie. How could gambling in a casino be as easy as casual poker?

They were naturally happy to see someone like Lin Fan give them money for nothing.

Seeing Young Master Li and Young Master Zhao’s expressions, Lin Fan’s gaze did not waver.

Even though Huo Xinyu was still expressionless, she looked a little impatient.

This was like when you were already Challenger rank in Honor of Kings, and a newbie asked you if Daji should buy Endless blade or Army crusher.

Lin Fan said, "A million."

When they heard Lin Fan bet a million, Young Master Zhao and Young Master Li shook their heads.

Lin Fan was indeed a newbie.

Only newbies would place such a low bet when they were playing.

In today's rules, the minimum bet was a million.

Lin Fan only bet a million yuan, which meant that he was careful not to bet too much.

Huo Xinyu did not say anything and placed a million yuan worth of chips on the table as well.

Young Master Zhao and Young Master Li chose to call at the same time.

Then came the third card, the fourth...

Lin Fan's four cards were: hole card, ace of spades, three of hearts, and ace of diamonds.

Huo Xinyu's cards were: hole card, king of hearts, king of spades, and four of spades.

Young Master Zhao's cards were: hole card, eight of clubs, eight of hearts, and three of spades.

Young Master Li's cards were: hole card, nine of diamonds, nine of hearts, and seven of spades.

By the fourth round, everyone's fifth card had been dealt.

Lin Fan's fifth card was a four of hearts.

Huo Xinyu, Young Master Zhao, and Young Master Li's fifth cards were four of diamonds, jack of spades, and ten of hearts respectively.

In other words, a delicate situation had now formed on the field.

Lin Fan's revealed cards included two aces.

Huo Xinyu's revealed cards included two kings.

Young Master Zhao's revealed cards included two 8s and Young Master Li's cards included two 9s. The four of them each had a pair.

And whether they could win in the end depended on what their hole cards were.

If three cards of the same rank appeared, whoever had the highest-ranking card would win the bet.

Lin Fan had the highest-ranking card out of all the fifth cards dealt.

Lin looked at his cards and smiled. He was shaking all over.

This was a sign of great excitement!

"Twenty million." Lin Fan chose to raise.

His hole card was an ace, which meant that no matter what, he had three aces. This meant that Lin Fan would definitely win this round.

Even if the others had a three-of-a-kind, they wouldn't be able to win against Lin Fan.

Lin sighed inwardly. He didn't want to win the first round.

After losing a few rounds first, Lin Fan could see everyone's habitual movements and microexpressions when they received good cards.

However, Lin Fan would definitely win this round. This was also a matter of luck. He had no choice.

Lin Fan could only pretend to be slightly excited.

After all, other than him, Huo Xinyu, Young Master Zhao, and Young Master Li were also observing him.

Young Master Zhao had three nines. Seeing that Lin Fan had bet 20 million, Young Master Zhao also chose to call. "I'll bet 20 million too. Lin Fan, I don't believe that your hole card is also an ace."

When Young Master Zhao chose to place his bet, Lin Fan could no longer hide his smile.

Even though he was still trying his best to hide it, even ordinary passersby could see how happy Lin Fan was.

There were now 52 million yuan in the pot in total!

Excluding the 23 million that Lin Fan had offered, Lin Fan could earn a net profit of 29 million.

If Young Master Li and Huo Xinyu chose to call, Lin Fan could earn 69 million yuan.

Anyone else would have had an expression like that.

Young Master Li had three eights and chose to fold.

Everyone turned to look at Huo Xinyu.

It was Huo Xinyu's turn to choose whether to call or not.

"I fold."

Huo Xinyu said casually. She had three kings and was destined to not have higher ranking cards than Lin Fan.

Huo Xinyu was a perceptive person. She immediately saw through Lin Fan's microexpression and guessed what his cards were.

Lin Fan was a newcomer, so his expression was very obvious. This was also the reason why Huo Xinyu did not fall for it.

Of course, Lin Fan had deliberately acted like this.

After Huo Xinyu folded, Lin Fan revealed a disappointed expression.

Seeing Lin Fan's reaction, the onlookers shook their heads.

Lin Fan had made it so obvious. So he really was a newbie.

Lin Fan could only rely on luck to win one round.

"Young Master Zhao, I have three aces." Lin Fan smiled. When Young Master Zhao's face darkened, he took back all the chips on the table.

He immediately earned 29 million yuan.

It wasn't much, but it was only the beginning.

What Lin Fan wanted was for everyone to misjudge his strength.

They played another ten rounds.

Lin Fan won and lost. He didn't bet much.

Every time his cards were bad, Lin Fan would fold. If his cards were good, Lin Fan would show traces of it.

Huo Xinyu, Young Master Zhao, and Young Master Li were all very unhappy.

When could they win more money from Lin Fan? It would be best if they could win hundreds of millions in one go.

Finally, when it came to the thirteenth round, Lin Fan made his move.

In the first round, Lin Fan placed a bet of ten million.

Seeing this, Huo Xinyu, Young Master Zhao, and Young Master Li chose to call.

In the second and third rounds, the chips in the pot had already reached 320 million!

No one in the casino dared to breathe loudly.

The chips on this gambling table were more than 300 million yuan.

If he won, he would win more than three hundred million yuan.

Such a gamble was no longer a small matter of millions or tens of millions.

Lin Fan and the other three finally took a big gamble.

This bet could also show everyone's true standard!

### **Chapter 267: Lin Fan Wins, Everyone Is Shocked**

At this moment,

Lin Fan's cards were: Hole card, King of Spades, 10 of Spades, Jack of Spades, and Queen of Spades.

There were a total of four cards, all of which were of the same suit. If the hole card was the nine of spades, it would form a straight flush.

In Five-card stud, a straight flush was even bigger than a four-of-a-kind.

Huo Xinyu's cards were: hole card, eight of hearts, eight of spades, three of hearts, and eight of diamonds.

Young Master Li's cards were: hole card, seven of hearts, seven of diamonds, king of diamonds, and seven of clubs.

Young Master Zhao had already chosen to fold.

Before the hole cards were revealed, it could not be confirmed who would win.

If Huo Xinyu had four eights and Young Master Li had four sevens, Lin Fan would definitely lose if he didn't have a straight flush.

If Young Master Li had four sevens and Huo Xinyu only had three eights, Young Master Li would win.

Now, it was time for the final gamble.

The bets on the table had already reached more than 300 million. It was time for Lin Fan to place his bet.

After Lin Fan looked at the fifth card, he smiled again.

It was still the same as in the first round. Lin Fan couldn't hide his smile anymore.

However, this time, Lin Fan immediately retracted his smile.

In the eyes of others, Lin Fan had learned to be smart and was trying his best to hide his expression.

It was this microexpression that still caught Huo Xinyu and Young Master Li's attention.

Lin Fan's fifth card was the biggest and it was also time for Lin Fan to bet.

Lin Fan pushed out all his chips with a victorious attitude.

“Showhand!”

Lin Fan was clearly very excited and happy.

He showhanded directly.

When they saw Lin Fan like this, the entire venue reached its climax.

This was the first time someone showhanded tonight, and it pushed the atmosphere towards its climax.

Lin Fan still had 300 million yuan worth of chips on the table. He took them all out to showhand.

If Huo Xinyu and Young Master Li chose to call, the chips in the pot would reach 1.2 billion!

Young Master Li was deep in thought.

Huo Xinyu was also deep in thought.

1.2 billion was a huge sum for Young Master Li and Huo Xinyu.

Even Huo Xinyu could not ignore so much cash.

Her hole card was the eight of clubs, which meant that she had a total of four eights.

Young Master Li had four sevens.

Such cards were already very high-ranking, but they still had a possibility of losing.

That was if Lin Fan’s cards happened to make a straight flush.

If they folded now, everyone would lose at most 70 to 80 million.

If they joined Lin Fan and showhanded, everyone would lose more than 300 million!

After some thought, Huo Xinyu chose to fold.

In her opinion, Lin Fan was a newcomer.

After so many rounds, she had already figured out Lin Fan's tricks.

Lin Fan was already trying his best to hide his excitement at obtaining good cards. With Huo Xinyu's observation skills, she still noticed it.

In other words, Lin Fan must have a straight flush.

If she called, she would definitely lose.

After weighing the pros and cons for a long time, Huo Xinyu did not speak and just flipped all her cards over.

This meant that Huo Xinyu had folded.

Seeing Huo Xinyu fold, Young Master Li sighed and folded as well.

Gambling in a casino was not child's play.

Once they followed Lin Fan and showhanded, if they lost, they would lose more than 300 million. Their hearts would ache.

Other than Lin Fan, everyone else chose to fold.

The 320 million yuan worth of chips on the table all belonged to Lin Fan.

Everyone offered 80 million yuan for the 320 million yuan pot. In other words, Lin Fan had earned 240 million yuan!

Lin Fan flipped his hole card over and said, "Actually, my hole card in this round is only a two of hearts. What straight flush? My highest-ranking card is only a king of spades. The three of you have much higher-ranking cards than me."

When Lin Fan's hole card appeared in front of everyone, everyone gasped.

Lin Fan didn't have good cards at all.

The so-called straight flush did not exist at all.

Lin Fan had the smallest hole card from the start.

Lin Fan's cards were the lowest ranking.

How could a single high card compare to Huo Xinyu's four 8s?

But with such lousy cards, Lin Fan earned 240 million!

"How is that possible..."

"Your hole card was only the two of hearts. F\*ck..." Young Master Li looked at Lin Fan in disbelief and anger.

He had been fooled by Lin Fan.

If he had chosen to follow Lin Fan and showhand back then, he could have earned at least 500 million!

At the same time, he could defeat Huo Xinyu head-on. Now, he didn't seize this opportunity and was tricked by Lin Fan.

Looking at Lin Fan's hole card, Huo Xinyu's beautiful eyes wavered.

Her chest heaved up and down. She had not expected Lin Fan's hole card to be the two of hearts.

This was the first time Huo Xinyu had been defeated at the gambling table.

The crowd exclaimed.

Huo Xinyu quickly calmed down, feeling extremely shocked.

This was the first time she was shocked by someone.

Thinking back to when she first sat down at the gambling table, from the first time she saw Lin Fan until now, she had made a huge mistake.

Not only did Lin Fan know how to gamble, he was also an expert.

From the moment he entered, every detail Lin Fan displayed was acted out.

From the start to the end, Lin Fan had been acting.

All of them had been deceived by Lin Fan.

When everyone thought that they had seen through Lin Fan's lousy acting skills, that was what Lin Fan wanted them to see.

They were still on the second level, but Lin Fan was already on the fifth level.

He lured them into his trap step by step and then attacked decisively.

Lin Fan executed every step of the plan perfectly. There were no flaws.

So, Lin Fan was a gambling master.

From the moment she looked down on Lin Fan, she had already lost.

So Lin Fan was so good at gambling...

Huo Xinyu looked at Lin Fan and took off her coat.

This time, Huo Xinyu was serious!

She had been defeated by Lin Fan once and would never be defeated by him again!

She would not lose tonight's bet until the end.

Huo Xinyu opened her eyes again and looked at Lin Fan. She had regained her queen-level aura.

This was the first time she had been defeated by someone head-on.

Her brother's limbs had been broken by Lin Fan.

Now, even she had lost to Lin Fan.

It was precisely because of this that Huo Xinyu wanted to really get back at him!

Seeing that Huo Xinyu had become so serious, the surrounding people could feel her killing intent.

Yun Qian and Yan Xue, who were watching the bet backstage, looked at each other.

"D\*mn..."

"Lin Fan knows how to gamble and is an expert. He deceived us. How can Lin Fan be so amazing?"

“Lin Fan is too strong. We’ve all forgotten that he’s also an actor. Any normal person would have thought of it. How can Lin Fan not know how to shuffle cards at such a big age? How can he not know the rules of Five-card stud? He’s just acting for others to see.”

“In just a short period of time, Lin Fan has already won more than 300 million. That’s 300 million!”

### **Chapter 268: Defeating Huo Xinyu, What Is A True God of Gamblers!**

After playing another 20-odd rounds,

Lin Fan and Huo Xinyu both had their wins and losses.

In the past 20-odd rounds, Huo Xinyu had clearly won more times.

She became very serious.

Once the cards were bad, she would fold.

She used all her brilliant gambling skills.

The scene had already reached its climax.

Finally, when it came to the thirtieth round, the situation changed.

Lin Fan’s first open card was an A, and Huo Xinyu’s first open card was a K.

Young Master Li and Young Master Zhao’s first open cards were Q and J.

After a few rounds.

Everyone was in an uproar.

“D\*mn... This time, it’s even more intense than last time. The chips in the pot have already reached 400 million!”

“This is 400 million, and Young Master Li and Young Master Zhao didn’t choose to fold. Are their cards so good?”

“If Huo Xinyu wins this round, she might be able to bankrupt the casino!”

...

At this moment.

Everyone’s breathing turned heavy.

Even Huo Xinyu was no exception.

This time, the stakes were higher than before.

Lin Fan’s cards: Hole card, Ace of Spades, Ace of Hearts, Two of Spades and Ace of Diamonds.

Huo Xinyu’s cards: Hole card, King of Spades, King of Hearts, Nine of Diamonds, King of Diamonds.

Young Master Li’s cards: Hole card, Queen of Spades, Queen of Diamonds, Ten of Clubs, Queen of Hearts.

Young Master Zhao’s cards: Hole card, Jack of Spades, Jack of Clubs, Jack of Diamonds, 4 of Diamonds.

The four of them each had very good cards.

Among the revealed cards, Lin Fan had three aces, Huo Xinyu had three kings, Young Master Li had three queens, and Young Master Zhao had three jacks.

Whether or not one could win depended on their hole card.

Lin Fan had the highest-ranking cards, so Lin Fan spoke.

When the bet reached this point, no one could remain completely calm.

Lin Fan looked at the cards on the table and observed everyone.

His fingers were trembling, and so were his lips.

Unconcealable joy appeared on his face.

Lin Fan pushed out all his chips on the table like a king.

“Showhand!”

“400 million!”

Lin Fan had chosen to showhand again!!

It was also the second showhand tonight!

The chips in the pot instantly increased to 800 million!

If the others didn't call, Lin Fan would win again.

“To be honest, my hole card is an A, so I have four As. You guys must have lost. Why don't you fold?” Lin Fan smiled and looked at everyone.

Hearing Lin Fan say that, Young Master Li and Young Master Zhao couldn't help but smile.

Even Huo Xinyu shook her head gently.

At the gambling table, who would tell others their hole cards?

Lin Fan had deliberately told them his hole card because he wanted others to think that his hole card was an ace.

In that case, everyone would fold like the last time he showhanded.

Then, Lin Fan could win again.

They had already been tricked by Lin Fan once and wouldn't be tricked again.

"Showhand!" Young Master Li also pushed out all his chips.

"Showhand!" Young Master Zhao was the same.

When the two of them showhanded at the same time, Lin Fan's expression froze.

His face turned ashen and his fists clenched.

Although he didn't show it, Lin Fan's expression was as ugly as it could be.

Huo Xinyu immediately pushed out all her chips.

"Showhand!"

After adding up all the chips in the pot, it had reached two billion!

Everyone present gasped.

Everyone had showhanded.

Lin Fan's previous acting skills were no longer effective.

No one would be frightened by Lin Fan anymore.

Even Yun Qian and Yan Xue ran out and watched as the hole cards were revealed.

“Lin Fan, you’re definitely going to lose. My hole card is a Jack. Now, I have four Jacks. Lin Fan, show us your hole card. Tonight, you’ll lose until you’re left with nothing!” Young Master Zhao said and showed his hole card.

“Brother Zhao, I’m sorry. My hole card is a Queen, so I have four Queens. I won this bet. I’m the biggest winner tonight!” Young Master Wang smiled excitedly.

Anyone would be very happy to receive these two billion yuan.

A hundred billion yuan company might not even be able to take out two billion yuan in cash.

Although two billion yuan was not a lot, it was already a lot to have two billion yuan in cash!

At this moment.

Huo Xinyu walked out.

She turned over her hole card.

“Four kings.”

Huo Xinyu said domineeringly like a queen.

When they saw that Huo Xinyu had four kings, Young Master Zhao and Young Master Li’s faces turned pale.

Who would have thought that Huo Xinyu’s hole card was so amazing?

“Lin Fan, you hurt my brother. Today, I’ll win two billion here. You’ll personally apologize to my brother and give him another one billion. Then, this matter will be over,” Huo Xinyu looked at Lin Fan and said calmly.

It was as if she had already won this bet.

She, who was an undefeated legend in the casino, still defended her status.

It was fine to lose a few small rounds occasionally, but the biggest winner tonight was Huo Xinyu.

“It’s over...” Yun Qian’s face was pale.

“It’s completely over.” Yan Xue sighed.

Was tonight’s fate destined?

Was there still no way to defeat the eldest daughter of the Huo family, Huo Xinyu?

“Huo Xinyu!”

“Huo Xinyu!”

“Huo Xinyu!”

The entire casino was shouting Huo Xinyu’s name.

All the spotlights were on her.

She was the main character today.

“Wait.”

“This bet doesn’t seem to be over yet.”

Lin Fan’s voice rang out.

The casino, which was already filled with cheers, fell silent again.

Everyone looked at Lin Fan in unison.

Lin Fan picked up his hole card and flipped it over.

And Lin Fan's last hole card was the Ace of Clubs!

Lin Fan had four aces!!!

"Everyone, my hole card is an ace."

"Miss Huo, I won this bet."

When Lin Fan finished speaking,

Everyone present stood rooted to the ground.

Huo Xinyu, Young Master Li, and Young Master Zhao looked at everything in disbelief.

In the final bet, Lin Fan tricked everyone again!

Today, the final winner in the casino was Lin Fan!

Huo Xinyu took two steps back, her face pale.

Young Master Li and Young Master Zhao were both stunned.

Everyone was deeply shocked.

"He won, he won. Ahhh, Lin Fan won!"

"Lin Fan!"

“Lin Fan!!”

“Lin Fan!!!”

Yun Qian and Yan Xue were cheering crazily.

They had thought that tonight would be a sure-death situation.

But Lin Fan’s appearance saved them.

Lin Fan had defeated the current queen and the eldest daughter of the Huo family, Huo Xinyu!!

Huo Xinyu’s face was pale as she took two steps back.

“How is that possible...”

“How is that possible...” Huo Xinyu muttered to herself, unable to accept the outcome before her. Her confidence and pride were shattered at the same time.

She had actually... lost.

The current business legend, the God of Gamblers, Huo Xinyu, had been defeated by a person called Lin Fan!

From then on,

The title of God of Gamblers no longer belonged to her, Huo Xinyu.

It belonged to Lin Fan!!!

“If Huo Xinyu wins this round, she might be able to bankrupt the casino!”

...

At this moment.

Everyone’s breathing turned heavy.

Even Huo Xinyu was no exception.

This time, the stakes were higher than before.

Lin Fan’s cards: Hole card, Ace of Spades, Ace of Hearts, Two of Spades and Ace of Diamonds.

Huo Xinyu’s cards: Hole card, King of Spades, King of Hearts, Nine of Diamonds, King of Diamonds.

Young Master Li’s cards: Hole card, Queen of Spades, Queen of Diamonds, Ten of Clubs, Queen of Hearts.

Young Master Zhao’s cards: Hole card, Jack of Spades, Jack of Clubs, Jack of Diamonds, 4 of Diamonds.

The four of them each had very good cards.

Among the revealed cards, Lin Fan had three aces, Huo Xinyu had three kings, Young Master Li had three queens, and Young Master Zhao had three jacks.

Whether or not one could win depended on their hole card.

Lin Fan had the highest-ranking cards, so Lin Fan spoke.

When the bet reached this point, no one could remain completely calm.

Lin Fan looked at the cards on the table and observed everyone.

His fingers were trembling, and so were his lips.

Unconcealable joy appeared on his face.

Lin Fan pushed out all his chips on the table like a king.

“Showhand!”

“400 million!”

Lin Fan had chosen to showhand again!!

It was also the second showhand tonight!

The chips in the pot instantly increased to 800 million!

If the others didn't call, Lin Fan would win again.

“To be honest, my hole card is an A, so I have four As. You guys must have lost. Why don't you fold?” Lin Fan smiled and looked at everyone.

Hearing Lin Fan say that, Young Master Li and Young Master Zhao couldn't help but smile.

Even Huo Xinyu shook her head gently.

At the gambling table, who would tell others their hole cards?

Lin Fan had deliberately told them his hole card because he wanted others to think that his hole card was an ace.

In that case, everyone would fold like the last time he showhanded.

Then, Lin Fan could win again.

They had already been tricked by Lin Fan once and wouldn't be tricked again.

"Showhand!" Young Master Li also pushed out all his chips.

"Showhand!" Young Master Zhao was the same.

When the two of them showhanded at the same time, Lin Fan's expression froze.

His face turned ashen and his fists clenched.

Although he didn't show it, Lin Fan's expression was as ugly as it could be.

Huo Xinyu immediately pushed out all her chips.

"Showhand!"

After adding up all the chips in the pot, it had reached two billion!

Everyone present gasped.

Everyone had showhanded.

Lin Fan's previous acting skills were no longer effective.

No one would be frightened by Lin Fan anymore.

Even Yun Qian and Yan Xue ran out and watched as the hole cards were revealed.

“Lin Fan, you’re definitely going to lose. My hole card is a Jack. Now, I have four Jacks. Lin Fan, show us your hole card. Tonight, you’ll lose until you’re left with nothing!” Young Master Zhao said and showed his hole card.

“Brother Zhao, I’m sorry. My hole card is a Queen, so I have four Queens. I won this bet. I’m the biggest winner tonight!” Young Master Wang smiled excitedly.

Anyone would be very happy to receive these two billion yuan.

A hundred billion yuan company might not even be able to take out two billion yuan in cash.

Although two billion yuan was not a lot, it was already a lot to have two billion yuan in cash!

At this moment.

Huo Xinyu walked out.

She turned over her hole card.

“Four kings.”

Huo Xinyu said domineeringly like a queen.

When they saw that Huo Xinyu had four kings, Young Master Zhao and Young Master Li’s faces turned pale.

Who would have thought that Huo Xinyu’s hole card was so amazing?

“Lin Fan, you hurt my brother. Today, I’ll win two billion here. You’ll personally apologize to my brother and give him another one billion. Then, this matter will be over,” Huo Xinyu looked at Lin Fan and said calmly.

It was as if she had already won this bet.

She, who was an undefeated legend in the casino, still defended her status.

It was fine to lose a few small rounds occasionally, but the biggest winner tonight was Huo Xinyu.

“It’s over...” Yun Qian’s face was pale.

“It’s completely over.” Yan Xue sighed.

Was tonight’s fate destined?

Was there still no way to defeat the eldest daughter of the Huo family, Huo Xinyu?

“Huo Xinyu!”

“Huo Xinyu!”

“Huo Xinyu!”

The entire casino was shouting Huo Xinyu’s name.

All the spotlights were on her.

She was the main character today.

“Wait.”

“This bet doesn’t seem to be over yet.”

Lin Fan’s voice rang out.

The casino, which was already filled with cheers, fell silent again.

Everyone looked at Lin Fan in unison.

Lin Fan picked up his hole card and flipped it over.

And Lin Fan's last hole card was the Ace of Clubs!

Lin Fan had four aces!!!

"Everyone, my hole card is an ace."

"Miss Huo, I won this bet."

When Lin Fan finished speaking,

Everyone present stood rooted to the ground.

Huo Xinyu, Young Master Li, and Young Master Zhao looked at everything in disbelief.

In the final bet, Lin Fan tricked everyone again!

Today, the final winner in the casino was Lin Fan!

Huo Xinyu took two steps back, her face pale.

Young Master Li and Young Master Zhao were both stunned.

Everyone was deeply shocked.

"He won, he won. Ahhh, Lin Fan won!"

"Lin Fan!"

“Lin Fan!!”

“Lin Fan!!!”

Yun Qian and Yan Xue were cheering crazily.

They had thought that tonight would be a sure-death situation.

But Lin Fan’s appearance saved them.

Lin Fan had defeated the current queen and the eldest daughter of the Huo family, Huo Xinyu!!

Huo Xinyu’s face was pale as she took two steps back.

“How is that possible...”

“How is that possible...” Huo Xinyu muttered to herself, unable to accept the outcome before her. Her confidence and pride were shattered at the same time.

She had actually... lost.

The current business legend, the God of Gamblers, Huo Xinyu, had been defeated by a person called Lin Fan!

From then on,

The title of God of Gamblers no longer belonged to her, Huo Xinyu.

It belonged to Lin Fan!!!

### **Chapter 269: Su Xiaoyu Takes Action, Huo Family’s Doomsday**

Huo Xinyu no longer knew how she left this place.

She had wanted Lin Fan to go bankrupt completely.

Coming to this casino was her sharpest method.

As long as she could win tonight, she could make all the companies under Lin Fan go bankrupt.

This was Huo Xinyu's method.

However, when Lin Fan appeared, everything changed.

All of Huo Xinyu's plans had been broken.

Even her title of invincible legend was broken by Lin Fan.

Lin Fan had completely defeated her in the casino.

Young Master Zhao and Young Master Li's expressions were abnormally ugly.

The two of them had lost almost 500 million each!

At the start, they were extremely disdainful of Lin Fan. They even felt that Lin Fan didn't even know how to shuffle cards.

The current outcome made Young Master Zhao and Young Master Li feel deep disbelief.

Both of them had lost to Lin Fan.

After the three of them left, Yun Qian and Yan Xue looked at Lin Fan with deep admiration.

"Brother Lin, you're too awesome. You actually defeated Huo Xinyu."

"Even the two young masters of the Zhao and Li families were defeated by you. We've earned a net profit of 1.5 billion!"

“Lin Fan, you earned 1.5 billion tonight. You’re already completely famous.”

Yun Qian and Yan Xue praised Lin Fan.

There was deep joy in their eyes.

The biggest winner tonight was Lin Fan!

Lin Fan stood up and smiled brightly. “It’s nothing. Actually, my gambling skills aren’t good. I just used a psychological strategy to win against Huo Xinyu.”

Yun Qian shook his head and said, “Brother Lin, being able to win is enough to prove your ability. Huo Xinyu is known as the undefeated legend in the casino and a legend in the business world. These titles did not come from nowhere. Everything depends on the outcome. The final outcome is that you won.”

Lin Fan looked at the 1.5 billion.

Anyone else would be tempted by 1.5 billion.

Of the two billion dollars he had earned, 500 million were his chips in the casino. He had earned a net profit of 1.5 billion.

If he could get this 1.5 billion, Lin Fan’s assets would immediately surpass Xia Wanqiu’s.

In that case, wouldn’t he be able to lie on top of his wife in the future?

“Brother Lin, there’s no need to look. These 1.5 billion yuan are all yours. If it wasn’t for you, our two companies would have already gone bankrupt,” Yun Qian said.

Lin Fan smiled brightly and said, “Brother Yun, Sister Yan, I’ve caused you trouble this time. If it wasn’t for me, your two companies wouldn’t have become like this.”

“Previously, I lent you a billion yuan from the Bugatti Corporation. Of course, I have to return this billion yuan to the Bugatti Corporation. As for the other 500 million yuan, I won’t be greedy. Brother Yun, Sister Yan, split these 500 million yuan,” said Lin Fan.

He had indeed earned 1.5 billion tonight, but after careful consideration, Lin Fan wouldn’t choose to be too greedy.

After all, it was because of him that these two companies were on the verge of bankruptcy.

Furthermore, Lin Fan didn’t lack money now. If he wanted to compare the money he earned in half a year with his wife, of course he had to compete in the entertainment industry.

Prostitution, gambling and drugs were things that Lin Fan subconsciously didn’t agree with. They didn’t match the core values of socialism as well.

If he wanted to compare how much money he earned with Xia Wanqiu, he had to compete with her fairly.

Otherwise, the outcome would be decided before the competition even started.

“No, Brother Lin, we can’t take your money. You have to keep this 500 million well. What kind of person do you think I am? Do you think I’m greedy for money?” Yun Qian immediately stopped Lin Fan.

“Boss Lin, you’re still a major shareholder of our company. If you give me more money, I can only let you be the boss of the company,” Yan Xue said with a smile.

“Alright, I’ll keep this 500 million,” said Lin Fan. He immediately arranged for someone to return the 1 billion to the Bugatti Corporation and kept the 500 million in savings.

Although the current Lin Fan was really rich, he only had 500 million. It was still too little.

This 500 million might not all enter Lin Fan’s bank account. After all, the Huo family hadn’t stopped targeting Lin Fan.

What was the core of business competition?

It was a competition of money.

Especially a hundred-billion-dollar corporation like the Huo Corporation and a powerful opponent like Huo Xinyu.

This matter was not over yet.

Lin Fan only had this 500 million in his pocket for now. Who knew when all 500 million would run out.

...

Huo Xinyu sat in the car and prepared to go home.

Along the way, she thought about how she had failed.

Even Huo Xinyu couldn't help but sigh. Lin Fan's acting skills and gambling skills were undoubtedly brilliant.

"He acted from the start to the last moment."

"I have to say that Lin Fan is quite capable."

"But you broke my brother's limbs. This matter hasn't stopped yet. The Huo family won't let you off easily. Even if I lose 500 million tonight, I'll be able to earn it back soon," Huo Xinyu said. She didn't care about the 500 million she lost.

At this moment, a call came in.

When Huo Xinyu picked up the phone, her expression changed.

Huo Xinyu immediately turned around and sped towards the company.

Something had happened to the Huo family!!

When she arrived at the company, the higher-ups of the Huo family were together with ugly expressions.

“What exactly happened?” Huo Xinyu asked.

“CEO Huo, the share price of our Huo Corporation has decreased by 10% in one night!”

“In other words, in just one night, our company lost 10 billion in market value!”

“Many companies have started to compete with our company. Some of our company’s channel vendors have already chosen to give up on working with us. The company is doing its best to handle the situation.”

“Miss, our company... suffered a huge loss!”

“10 billion is enough to hurt our company’s backbone. If this continues, our company will be the first to go bankrupt!” the higher-ups of the Huo family said.

Hearing this news, everyone in the Huo family panicked.

It was obvious that a more powerful faction had attacked the Huo family!

Then, another call came in.

“CEO Huo, a girl won two billion yuan from our company’s casino. We can’t take it anymore,” the person in charge of the casino said.

After hearing this news, it was even more shocking.

A girl had actually won two billion yuan from the Huo Corporation’s Casino!

Even if Huo Xinyu lost to Lin Fan twice, she only lost 500 million.

Today, the Huo family's businesses and casinos had been severely damaged!

When she arrived at the casino, Huo Xinyu's face was ashen.

The scene made Huo Xinyu extremely angry.

Her skills in the casino were only Huo Xinyu's simplest abilities.

The best thing about her was that she was called a legendary queen in business.

In business, Huo Xinyu was the existence that countless people respected and feared.

But in the casino, there would be some luck involved.

In business, people fought with their true skills.

The front door opened.

Huo Xinyu walked in.

She was the eldest daughter of the Huo family and the protagonist of tonight.

Even though she had lost to Lin Fan, the glow on Huo Xinyu's body didn't fade at all.

The Huo family's businesses had suffered a huge blow. Of course, Huo Xinyu was not afraid. Instead, she was a little excited.

After so many years, had she finally met her match?

When Huo Xinyu walked in, she saw the back of the girl in front of her.

The girl did not turn around.

She was sitting there, wearing beautiful clothes. The breeze blew her soft hair, revealing her perfect jawline. The beautiful lines of her face made her facial features even more exquisite. Her fair and weak neck made one fantasize.

The girl's eyes were as bright as sapphires, unique and stunning. The light reflected in her clear eyes seemed to be even more dazzling than the entire city's neon lights.

She sat there quietly like an innocent girl. Her eyes were clear, pure, and flawless.

She was only wearing a plain dress, but she was so beautiful that countless men were tempted.

She had long black hair, no fancy accessories, and a breathtakingly beautiful face. There was no aura on her, nor was there any pride or confidence.

She seemed to be a pure girl who had walked out of high school and was not as cute as before.

However, such a girl made the surrounding people look up to her.

Her simple aura had already suppressed everyone present.

Even Huo Xinyu lost all her aura in front of the girl.

Being stared at by the girl's eyes, it was as if all the secrets in her heart could be seen through by her.

Before Huo Xinyu could reach the girl, she felt like she had lost.

The girl was a current superstar in China, Su Xiaoyu.

Others did not know Su Xiaoyu's true identity, but Huo Xinyu did.

The genius girl of the Su family who was once looked up to by Bill Gates.

She went to Harvard at the age of 16. When she was still in school, she helped her father become the richest man in the world at the age of 18.

Her intelligence made countless people exclaim in awe.

Such a genius girl was so beautiful. She had no competition in the business world, so she came to China to be a big star and enjoy life.

The genius girl who had already retired appeared in the Huo family's casino today.

Huo Xinyu was known as the Queen of Business, but she knew that she could never compare to one person.

Su Xiaoyu.

But tonight, when she saw Su Xiaoyu, Huo Xinyu's heart skipped a beat.

The Huo Corporation's share price had dropped by 10% overnight and they had lost tens of billions of market value. It was Su Xiaoyu's doing.

Only she could make the Huo family, which was at its peak, suffer such a heavy blow.

But Su Xiaoyu shouldn't have anything to do with Lin Fan...

Wasn't Lin Fan's girlfriend Xia Wanqiu? Why was Su Xiaoyu targeting the Huo family?

If losing to Lin Fan previously only gave Huo Xinyu a slight blow,

Now that Su Xiaoyu was sitting here, Huo Xinyu felt despair.

She was once a genius girl and was the daughter of the richest man in the world. For Lin Fan, she chose to target the Huo family!

Today... would probably be the end of the Huo family!
