

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 300-304

Chapter 300: You're the Only One in My Heart

Not long after.

A man drove a Rolls-Royce luxury sports car and approached the hospital entrance.

This man was Su Xiaoyu's father, the current richest man in the world.

Someone who shocked everyone in the world.

This man was a true elite in the business world.

With a genius brain, he had created countless miracles in business and built a real business empire.

He was on par with CEO Ma and Bill Gates.

The real business king, Su Changqiang, CEO Su.

How could a father not come when his daughter was injured?

Su Changqiang was accompanied by a burly bodyguard.

Su Changqiang walked very quickly.

Moreover, Su Changqiang's current dignified state made people not dare to approach him.

His daughter had almost died in a car crash. Who wouldn't be angry?

Su Changqiang arrived at Su Xiaoyu's ward and was relieved when he saw her.

"Xiaoyu, you almost scared Dad to death," Su Changqiang said as he sat beside Su Xiaoyu.

“Dad, I’m fine ~” Su Xiaoyu giggled.

“You drove to save that kid first, and then that kid saved you?” Su Changqiang asked.

“Dad, I just drove carelessly that day.” Su Xiaoyu stuck out her tongue.

“Alright, which young man made my daughter fall for him just like that?”

“I have to get him to marry my daughter quickly. Otherwise, I won’t be at ease if you’re alone outside,” Su Changqiang said aggressively.

When had his daughter, Su Xiaoyu, ever been so concerned about a man?

Su Xiaoyu cherished her life so much but she disregarded her own life for Lin Fan.

“I haven’t fallen for him.”

“Besides... I’m still young. Why are you talking about marriage?” Su Xiaoyu lowered her head and blushed.

“Who cares if that kid is Vice President of Alibaba or CEO of Estee Lauder? He bullied my daughter, so he should take responsibility.”

“No matter how rich he is, can he be richer than me? He has to marry my daughter,” Su Changqiang said.

“Dad, stop causing trouble,” Su Xiaoyu said, looking at her father’s angry expression.

The point was that other than being angry, he even wanted to marry her off?

Was there a dad like that?

Marrying his daughter off at the drop of a hat.

“Lin Fan has a girlfriend,” Su Xiaoyu said.

“Who?!” Su Changqiang exploded.

“Sister Wanqiu,” Su Xiaoyu said again.

“Ha, so what? Wanqiu is your mother’s daughter, so she’s equivalent to being my daughter. If he marries the both of you, will Lin Fan suffer a loss?” Su Changqiang added.

Su Xiaoyu was speechless.

Su Changqiang stood up. “Take a rest first. I’ll go educate Lin Fan now. Damn it, he doesn’t want two beauties. We’re both men. Why are you pretending to be noble? Hurry up and marry them both.”

Su Xiaoyu said, “Dad, don’t go...”

Then, Su Changqiang ignored Su Xiaoyu and went to look for Lin Fan.

In a room.

“CEO Su.” Lin Fan smiled and looked at the current richest man in the world, Su Changqiang.

“Who attacked you? Is it Wang Qing?” Su Changqiang went straight to the point.

“Pretty much,” Lin Fan said, his eyes turning cold. Since the Wang family wanted to kill him so badly, he naturally had to fight back.

“Alright, leave the Wang family’s matter to me. I won’t talk about this matter for now. Let’s talk about something else,” Su Changqiang said.

“CEO Su, take your time. Come and have some water.” Lin Fan smiled. He was still very polite to Su Xiaoyu’s father. Everyone knew that Su Xiaoyu’s father was the richest man in the world.

“What do you think of my daughter?” Su Changqiang looked at Lin Fan with a sense of oppression.

“Xiaoyu is very beautiful and her acting is very good,” Lin Fan said.

“Lin Fan, as a man, shouldn’t you take responsibility when you encounter problems?” Su Changqiang raised his glasses.

“Yes,” Lin Fan agreed wholeheartedly.

“Isn’t Xiaoyu very beautiful? She’s not inferior to anyone in terms of looks.” Su Changqiang asked again.

“Yes.” Lin Fan nodded again. This was also the truth.

“Then do you know that Xiaoyu likes you?” Su Changqiang asked.

Lin Fan looked up and shook his head. “CEO Su, Xiaoyu and I are good friends. I really didn’t know.”

Su Changqiang sighed. “If it were a normal girl, who would risk her life to save you? Xiaoyu likes you so much, so why didn’t you see it at all?”

Lin Fan fell silent when he heard that.

Then, he looked up at Su Changqiang and said firmly, “CEO Su, I already have a girlfriend. Feelings can’t be forced.”

Su Changqiang took out a photo. This photo was a photo of Xia Wanqiu and Su Xiaoyu when they were young. “Wanqiu is my ex-wife’s daughter and can be considered my daughter, so Wanqiu and Xiaoyu are both my daughters.”

After being shocked, Lin Fan understood.

Su Changqiang explained, “My ex-wife and I had some conflicts, so we broke up peacefully. Although their surnames are different, it’s a fact that they’re sisters.”

“I’m not here to threaten you, Lin Fan.”

“I’m sure you know what kind of girl Xiaoyu is. She’s my only daughter. I don’t want her to suffer any grievances.”

“Today, I’m entrusting her to you. Whether you accept her willingly or treat her only as a younger sister, I don’t want any more harm to come to her.”

“Of course, if you accept her. In the future, the Su family’s assets will be yours. Don’t ask why. Xiaoyu played a large part in me being able to earn so many assets.”

Su Changqiang continued, “Also, although I’ve broken up with my ex-wife, we’re still friends and will usually contact each other. If you want to marry Xia Wanqiu, you have to marry my daughter Xiaoyu too. Otherwise, I won’t agree to this marriage.”

“That’s it. In three days, you won’t see the Wang family again.”

After saying that, Su Changqiang left, leaving only his back view.

Lin Fan sighed. Is that not a threat?

He just did not expect Xia Wanqiu and Su Xiaoyu to be sisters.

In terms of feelings, the only girl Lin Fan liked was Xia Wanqiu. That had never changed.

Of course, it would be very satisfying to have sex with Su Xiaoyu. Otherwise, in ancient times, why would a man have many concubines? Even in some modern countries, polygamy was legal.

However, feelings could not be forced.

If he liked someone, he like someone. If he didn’t like someone, he didn’t like someone.

He had finally settled Xia Wanqiu and planned to settle Xia Wanqiu’s father four months later, but now, Su Xiaoyu’s father had appeared.

It was getting harder and harder to marry Xia Wanqiu.

“Meow, meow?” Xia Wanqiu stood in the doorway and looked at Lin Fan.

“Wanqiu.” Lin Fan walked out.

“What did he say to you?” Xia Wanqiu smiled sweetly and looked at Lin Fan.

“He wants me to marry Xiaoyu too. Otherwise, he won’t let me marry you.” Lin Fan didn’t hide anything.

“So... what do you think? No matter what decision you make, I’ll respect it.” Xia Wanqiu smiled and looked into Lin Fan’s eyes as she asked seriously. Her small hand entered Lin Fan’s palm.

Lin Fan held Xia Wanqiu’s hand and looked into the distance. His eyes were firm and there was no hesitation.

“I only have you in my heart.”

Lin Fan smiled brightly at the girl in front of him.

The sun was setting. In the hospital corridor, Lin Fan looked into Xia Wanqiu’s pure eyes and said this.

The scene seemed frozen in time.

Lin Fan only had eyes for Xia Wanqiu.

Xia Wanqiu only had eyes for Lin Fan.

There was nothing else in their two-person world.

A girl with a bitten cucumber in her hand happened to be passing in the corridor and saw the whole thing.

She looked at Lin Fan and Xia Wanqiu together and smiled beautifully, her beautiful eyes filled with envy.

A tear rolled silently down her cheek.

The dusty ground,

had a dropped cucumber on it.

The cucumber broke.

Chapter 301: The Destruction of the Wang Family!

Just as Lin Fan and Xia Wanqiu were together, Su Xiaoyu chose to turn around.

Probably this time, she really was leaving.

“Master, if you lose me, you’ll never be able to find me again.” Su Xiaoyu looked up, leaving behind a lonely back.

Just as she was about to leave, Xia Wanqiu broke free from Lin Fan’s arms.

She saw Su Xiaoyu.

She also saw Su Xiaoyu cry.

In terms of relationships, Su Xiaoyu was the person closest to her.

Her relationship with her mother was not good, and her relationship with her father was only so-so.

In the entertainment industry, Su Xiaoyu had been protecting her for the past few years.

Furthermore, Xiaoyu was her younger sister.

“Xiaoyu ~” Xia Wanqiu ran to Su Xiaoyu’s side and held her arm.

“Why are your eyes a little red?” Lin Fan walked over and asked.

“I’m fine. There’s something in my eyes.” Su Xiaoyu smiled sweetly and looked at Lin Fan.

“You still have to rest well first, understand?” Xia Wanqiu said as she pulled Su Xiaoyu back to the ward.

“Lin Fan, chat with Xiaoyu first. I’ll call Dad and tell him that you’re safe.” Xia Wanqiu smiled brightly in front of Lin Fan and gently closed the ward door.

“Mmm.” Lin Fan nodded.

After Xia Wanqiu left, Lin Fan looked at Su Xiaoyu.

He might know Su Xiaoyu’s feelings for him.

But Su Xiaoyu had never said that to him.

If Su Xiaoyu did not tell him, he would pretend not to know.

He just didn’t want to hurt Su Xiaoyu, but every action hurt her.

If his life was a novel, he would definitely beat the author’s head until it exploded. He always bullied Su Xiaoyu, did he think that the dog was easy to bully?

(Author: It’s clearly Lin Fan’s fault. If it was the author, Su Xiaoyu would already have a baby.)

....

Sitting beside Su Xiaoyu’s bed and looking at such a beautiful girl, Lin Fan fell silent.

Then, Lin Fan looked up at Su Xiaoyu and said seriously, "Xiaoyu, thank you. Thank you for saving my life. Without your help, I might have died."

A ray of sunset shone into the hospital bed and shone on Su Xiaoyu's beautiful face, making it impossible to guess what she was thinking.

"Master, I'm listening to everything you're saying." Su Xiaoyu looked at Lin Fan.

"Xiaoyu, you saved my life. I don't know how to repay you."

"You don't need money or fame. You don't need anything. But no matter what you want, I will complete it for you. In this life, if you make two wishes, I will fulfill them for you," said Lin Fan.

He was very serious.

Su Xiaoyu was his good friend to begin with.

Su Xiaoyu's father was right. She wouldn't save Lin Fan for no reason.

Everyone had a righteous heart.

Helping old ladies cross the road and helping poor children. Everyone had a kind heart and tried their best to help others.

However, if you knew that you were exchanging your life for another person's life, would you be willing?

Not many people would be willing to answer this question.

But Su Xiaoyu subconsciously did it.

If her luck was any worse, Su Xiaoyu might have been killed by the truck.

Lin Fan couldn't do anything. He couldn't possibly tell Su Xiaoyu that he would repay her with his body.

That was too ridiculous. Wouldn't Lin Fan be taking advantage of her?

"Two wishes?" Su Xiaoyu blinked.

"Master, I'll remember."

"I'll make good use of my two wishes," Su Xiaoyu said as she looked at Lin Fan with joy.

Lin Fan patted Su Xiaoyu's head and walked out of the ward.

He felt a lot of guilt.

This was probably the dog.

No matter how much she was hurt, if Lin Fan was willing to treat her better, she would still be very happy.

For the next half a month, Lin Fan and Xia Wanqiu took care of Su Xiaoyu and Su Muqing.

In this half a month, the second season of Joy of Life's television drama was also very popular and the entire Internet was full of good comments.

Other than that, two large companies chose to attack the Wang family.

One was Alibaba, and the other was the Su family's corporation.

In this half a month, the Wang family seemed to have suffered a thunderous blow.

The CEO of the Wang Consortium, Wang Yun, looked at Wang Qing with a face full of fear.

"Wang Qing, what kind of person did you offend?"

“Do you know how many attacks our Wang Consortium has suffered during this period of time? How many big shots have taken action and are suppressing our Wang Consortium?”

“The stock price of our Wang Consortium has already fallen by more than 30%. The Wang family... is completely finished.” Wang Yun looked at Wang Qing.

“Dad, I offended Lin Fan, the CEO of Estee Lauder. I wanted to kill him,” Wang Qing said. He hadn’t expected this situation. “Dad, which companies are attacking us? Don’t be afraid of them. No matter how strong they are, how strong can they be?”

Wang Yun looked at Wang Qing and expected better from him. “Wang Qing, do you know who you offended? The largest shareholder of Estee Lauder, Lin Fan.”

“Do you know what kind of person can become the largest shareholder of Estee Lauder? Do you know what Lin Fan’s background is and how many assets he has?”

“Let me tell you. Lin Fan is the second-largest shareholder of LV and is also Alibaba’s vice president.”

“Alibaba has already attacked us these few days. CEO Ma personally took action. How can our Wang family withstand a company worth trillions targeting us?”

“Other than CEO Ma, even CEO Su attacked us. The man standing at the top of the world, Su Changqiang.”

“When I went to plead for leniency, Su Changqiang told me that Lin Fan was his son-in-law. Then, I was chased out. Su Xiaoyu is the daughter of the richest man in the world.”

“Do you know what Xia Wanqiu’s identity is? Although Xia Wanqiu’s father’s company is only worth ten billion yuan, you know Xia Wanqiu’s mother. Her background is even more terrifying than Su Changqiang’s.”

The Wang family had suffered a calamity.

Wang Qing’s lips turned green. “Isn’t Lin Fan Xia Wanqiu’s boyfriend? Why is Su Xiaoyu involved?”

Wang Yun flew into a rage. "What do you know? Su Xiaoyu and Xia Wanqiu have the same mother and are very close. He can have as many girlfriends as he wants."

Wang Qing looked at Wang Yun and asked, "Dad, is there any other way..."

Wang Yun slammed the table. "Our Wang Consortium is going to file for bankruptcy. The Wang Consortium is completely destroyed."

"I'm also warning you not to touch Lin Fan again. Otherwise, it won't be as simple as our consortium being destroyed."

"If anything happens to Lin Fan or Su Xiaoyu, the people of our Wang family... might not be able to survive."

"Also, did you know that even the Su family, one of the four big families in Shanghai, attacked us?" Wang Yun said.

"Why? We didn't offend them." Wang Qing was puzzled.

"We didn't offend them, but Lin Fan's assistant is Su Muqing. She's the second daughter of the Su family," Wang Yun said.

Wang Qing was stunned on the spot, his eyes filled with regret and pain.

He had almost killed his goddess.

No wonder Lin Fan's assistant was so beautiful. She was the second daughter of the Su family.

The Su family of Shanghai was ranked second among the four major families.

Being targeted by so many companies, the Wang Consortium was completely bankrupt.

All the Wang family's properties had been taken back.

Just as the Wang family thought that the matter was over, Wang Qing was arrested.

What Wang Qing had done was already a crime of intentional homicide. Although he had attempted murder but did not succeed, he was still arrested and sent to prison.

The once overlord Wang family had collapsed!

Chapter 302: Wife, Listen to My Explanation

Wang Qing's shares in Estee Lauder were transferred to Su Xiaoyu.

Su Changqiang invested another large sum of money in Estee Lauder and obtained Wang Qing's shares.

And these shares were all transferred to Su Xiaoyu.

Lin Fan's Bugatti Veyron Ettore Bugatti, a sports car worth 200 million yuan, was scrapped just like that.

Although he could have gone to the Bugatti Corporation to repair it, it was still hit.

On this day, Lin Fan's Rolls-Royce Cullinan, also a top luxury car, arrived at the entrance of the hospital.

He was going to pick Su Xiaoyu and Su Muqing up after they got discharged from the hospital today.

Xia Wanqiu was busy with work and did not come to pick Su Xiaoyu and Su Muqing up.

When Lin Fan drove his luxury car over, he still attracted a lot of attention.

"Isn't this Lin Fan? Why is Lin Fan at the hospital?"

"Could Xia Wanqiu be pregnant?"

"Nonsense, but Lin Fan is really handsome. Isn't Lin Fan driving a Rolls-Royce Cullinan worth millions? Luxurious and cool!!"

“Ah ah, Lin Fan is so handsome. He’s wearing simple clothes. Most importantly, Lin Fan’s skin is so good. Who is he waiting for in the hospital?”

At this moment, two girls walked out of the hospital.

Su Xiaoyu, Su Muqing.

When Su Xiaoyu walked out, she shone brightly. She was born to be a superstar.

Su Muqing, on the other hand, looked clean, gentle, and pure.

The two girls walked together. Su Xiaoyu’s halo was still too dazzling.

Almost everyone looked at Su Xiaoyu.

“Master ~” Su Xiaoyu was extremely happy to see Lin Fan pick her up.

“I’m here to take you home.”

“The next time there’s a car accident, don’t block it for me, understand?” Lin Fan teased. “Otherwise, if your face is cut, who will I look for to film dramas in the future? Who will earn big money for me?”

“Ahwooh, Master is so bad. You only know how to use us to earn big money for you. I’m angry.” Su Xiaoyu pretended to be angry and chatted happily with Lin Fan.

Looking at Su Xiaoyu’s business ability of more than 4,000, Lin Fan still felt inferior.

For a genius girl like Su Xiaoyu, even if he cheated, he was probably not her match.

If Su Xiaoyu was a villain, Lin Fan could sign in and receive shares of all sorts of companies and Su Xiaoyu would probably be able to crush all of them.

Fortunately, Su Xiaoyu was on his side.

Who knew how many men dreamed of making Su Xiaoyu their wife?

“Master, my shares in Estee Lauder are useless. I’ll give them all to you ~” Su Xiaoyu said as she looked at Lin Fan.

Su Xiaoyu was now the second-largest shareholder of Estee Lauder. If she gave all her shares to Lin Fan, Lin Fan would have absolute control over Estee Lauder.

If he owned more than 34% of the shares, Lin Fan would have the right to cancel any major decisions made by the company.

“That won’t do. In the future, you have to help me take care of the company. Who asked you to have the title of genius girl? You graduated from Harvard in your teens. How can others compare to you?” Lin Fan said. Even if he was a pig’s feet, he couldn’t compare to a monster like Su Xiaoyu.

“Hehe, alright. Then I want to apply for Master to pick me up in his car exclusively~” Su Xiaoyu said.

“Alright, the company’s fortune depends on you.” Lin Fan laughed.

“Master, do you have no money now? You can’t even afford the fuel, right?” Su Xiaoyu tilted her head and looked at Lin Fan.

“How do you know?” Lin Fan asked.

“You raised the amount of company shares you hold to 25% and spent a lot of money. The 700 million in your bank account should be gone, and you still owe LV 1 billion.” Su Xiaoyu blinked.

LV couldn’t help Lin Fan raise a billion yuan for nothing. Even if LV was willing, the other shareholders weren’t.

After all, LV was made up of many shareholders. If they casually gave Lin Fan a billion yuan, they could also give other shareholders a billion yuan. Then, the company would be in chaos.

Lin Fan would return the money from LV’s financing of Estee Lauder. Financing was financing, and profits were profits. Although at the end of the year, LV would give Lin Fan hundreds of millions in profits.

“Yes, I still owe them a billion dollars.”

“I really don’t have a single cent left in my bank account. I probably can’t even afford Su Muqing and Lin Qianwei’s salaries.” Lin Fan sighed.

When he took over Estee Lauder, Lin Fan had 700 million in savings. Now, Lin Fan’s savings were negative 1 billion. Of course, he could choose not to return this money and pay it off with his dividends at the end of the year. Lin Fan’s current savings were also 0.

His agreement with Xia Wanqiu was that whoever was on top after marriage would depend on how much they had in savings.

Three months later, the major companies would not be distributing dividends yet.

Now, let alone the gas bills, he could not even afford the water, electricity, and property management fees at home.

The billionaire Lin Fan’s bank balance instantly reached 0.

He had a cheat, but he was now a pauper.

“Here, there’s a billion yuan in this bank card. Here you go,” Su Xiaoyu said and casually gave Lin Fan a billion yuan.

“Why do I feel like I’m a sugar baby being sugared by a rich lady?” Lin Fan looked at the bank card and said.

“Hehe, I’m a rich lady ~” Su Xiaoyu smiled.

“Take it back. Do I look like a freeloader?”

“It’s fine. I’ll be able to earn money soon. I can hang in there for the next few days,” said Lin Fan.

After sending Su Muqing home, Lin Fan brought Su Xiaoyu back to the Lake Heart Villa.

Although his villa was huge, he could not bring Su Muqing and Lin Qianwei home to stay there.

In the Lake Heart Villa, Xia Wanqiu had just returned.

She was very tired, very tired.

There were also dark circles under her eyes. She had been working very hard recently.

Although Xia Wanqiu was very tired, she still cooked porridge in the kitchen, wanting to make dinner for Lin Fan.

Lin Fan knew how to cook a feast, but she was his girlfriend. How could she not know how to cook dinner?

Lin Fan walked to the kitchen and saw Xia Wanqiu cooking seriously. His heart warmed.

He walked behind Xia Wanqiu and gently hugged her slender waist.

"I'll make dinner. Go rest," said Lin Fan with a smile.

"No ~" Xia Wanqiu shook her head gently.

"Lin Fan, have you run out of money to spend recently? I'll give you my bank card ~" Xia Wanqiu said as she looked at Lin Fan and smiled sweetly.

"Why are you two rich ladies giving me money? Do I look like someone who eats soft rice?" Lin Fan looked at the bank card Xia Wanqiu gave him and was a little angry.

"Then... don't you want to eat?" Xia Wanqiu blushed. She looked at Lin Fan and lowered her head.

"Not only do I want to eat, I also want to touch it." Lin Fan glared at Xia Wanqiu's chest.

After all, that was a daily mission given by the system. It concerned Lin Fan's happiness for the rest of his life.

Xia Wanqiu widened her eyes and immediately became fierce.

She was very innocent but immediately understood what Lin Fan meant.

"Fierce! I'm not giving you my bank card," Xia Wanqiu said. She turned around and took back her bank card.

During dinner, Xia Wanqiu's face was red and she ignored Lin Fan.

Su Xiaoyu did not seem to care about anything. She was barefooted and revealed her slender legs. She was reading on the sofa with an apple in her hand.

Lin Fan was a little surprised. Xia Wanqiu's dinner was also very delicious.

The feasts he made were already very delicious. His wife's dinner was also quite delicious.

Among the girls he knew, only Su Xiaoyu did not know how to cook dinner.

Lin Fan didn't say anything and neither did Xia Wanqiu.

It was too difficult to complete the system mission.

When he went to sleep at night, Lin Fan lay in bed and looked at the 0 in his bank account. He couldn't help but feel that he had no love in life.

Then, Lin Fan saw a message from Alipay.

[Xia Wanqiu transferred 1,000,000 yuan to you.]

[Xia Wanqiu sent you a red packet. You have a red packet to receive.]

Lin Fan opened the red packet and realized that it was filled with 520 yuan.

Some red packets were 1,314 yuan.

If they were connected...

That was 5201314.

When Lin Fan saw so many red packets, he smiled brightly. With so much money, he could afford fuel for his car.

In the middle of the night, Lin Fan lay on the bed. Even after taking a shower, he couldn't stand it.

Xia Wanqiu was in her room on the second floor. Most importantly, she wore short skirts or shorts at home every day.

Lin Fan could see her long legs every day. Furthermore, Xia Wanqiu was so seductive. Although she said that she wouldn't talk to Lin Fan, she sent Lin Fan many red packets and transferred a million dollars at once.

Such a good girlfriend was at Lin Fan's house. Who could stand it?

Why not complete the system mission tonight?

After Lin Fan received the money, he quietly went to the second floor and pushed open the door.

After entering, the lights were switched off. It seemed like his wife had fallen asleep.

Lin Fan fumbled his way to Xia Wanqiu's bed and gently lay down.

Men had to take the initiative.

Lin Fan gently hugged the girl. The girl made muffled sounds.

But for some reason, the voice did not sound right.

Then, Lin Fan turned on the light on his phone. When he saw the girl, he was shocked.

Damn, he looked for the wrong person.

This was Xiaoyu.

He really did not want to take advantage of Su Xiaoyu, but he had accidentally come to Su Xiaoyu's room and hugged her. How could he explain this?

"Master?!" Su Xiaoyu also saw Lin Fan and her face turned red.

"Bad guy, I thought you were Sister Wanqiu. Master actually sneaked into my room," Su Xiaoyu said with a blush.

"Ahem, I went the wrong way," Lin Fan explained.

The main thing was that there were too many rooms on the second floor, and Su Xiaoyu and Xia Wanqiu lived next to each other. He accidentally entered the wrong room.

At this moment, there was a knock on the door.

Su Xiaoyu:" ..."

Lin Fan:" ..."

There were only three people and a cat living in the villa.

Other than Xia Wanqiu knocking on the door, who else could it be?

Initially, nothing happened. If his wife saw this, it would be difficult to explain.

Before he could think of an explanation, Xia Wanqiu had already opened the door. She was wearing pajamas and was as pretty as she could be.

Xia Wanqiu saw Lin Fan and stuck her head in.

“Meow, meow?” Xia Wanqiu was puzzled.

“Mmm, wife... let me explain,” said Lin Fan. He really wasn’t a scumbag.

But for some reason,

He felt a chill down his spine.

He had entered the wrong room and was caught by Xia Wanqiu.

He was screwed.

He just wanted to complete a system mission. Why was it so difficult?!

Chapter 303: Who Dares to Object to Me Showing Off My Love With My Girlfriend?

Xia Wanqiu looked at Lin Fan with a smile. “Explain~~~”

Lin Fan said, “Umm... I just wanted to get something from Xiaoyu.”

Xia Wanqiu said softly, “But it’s one in the morning.”

Xia Wanqiu smiled faintly. “Lin Fan, don’t lie to me in the future. You’re the person I trust the most. If you have anything to say, just say it~~”

Lin Fan looked at Xia Wanqiu and said seriously, “Alright, let’s not beat around the bush. I wanted to go to your room and sleep with you.”

Xia Wanqiu looked at Lin Fan fiercely. “Shameless, pervert!”

Then, Xia Wanqiu pushed Lin Fan away and entered Su Xiaoyu’s room.

So his wife was not jealous at all.

Lin Fan sighed. ‘Thank goodness.’

If Xia Wanqiu got angry and broke up with him, that would be the end.

He just wanted to complete the system mission. It seemed like he had to think of something.

Silently returning to his room, Lin Fan lay down again and sent a message to Xia Wanqiu.

[Lin Fan: “I went into the wrong room. I went into Xiaoyu’s room. You’re not angry, are you?”]

[Xia Wanqiu: Meow meow? No.]

[Xia Wanqiu: “It’s fine as long as you don’t go out to fool around. It’s fine if you get closer to other girls~~”]

[Lin Fan: “Do I look like the type to fool around?”]

[Xia Wanqiu: “~ ~ ~”]

[Xia Wanqiu: “Goodnight~~”]

Early that morning, 15 days had passed since the last sign in.

He officially began signing in.

“Ding... Signed in successfully.”

“Congratulations to Master for obtaining a Life Protection Card. Master can choose the six people closest to him to protect their lives. If their lives are in danger, the automatic protection mechanism will be triggered immediately to protect their lives. It will only trigger once.”

“Please confirm the names of the six people closest to you first. The method of binding to each of the six people is different. Note: The Life Protection Card is the rarest item. It is very difficult to obtain the Life Protection Card. Please use it carefully!”

After obtaining the Life Protection Card, Lin Fan fell into deep thought.

The first person he had to protect was himself.

Next were his parents and his sister, Lin Yushi. That added up to four people.

He just had to protect Xia Wanqiu and Su Xiaoyu next.

“Just protect these six,” Lin Fan said.

“Ding! Bound to Master successfully. Bound to Lin Yushi successfully. Bound to Master’s parents successfully.”

“Bound to Xia Wanqiu successfully. Binding to Su Xiaoyu failed. Xia Wanqiu has a specific exclusive mission. The host can complete the binding by completing the exclusive mission.” The system’s voice sounded.

“Xia Wanqiu’s exclusive mission: Master, please give Xia Wanqiu a hug. After the hug, it can bind to Xia Wanqiu.”

“Su Xiaoyu’s exclusive mission: exclusive mission cannot be triggered. The reason is unknown.”

Lin Fan shook his head. It was easy to trigger Xia Wanqiu’s exclusive mission.

But why couldn’t he trigger Su Xiaoyu’s exclusive mission?

When he asked the system, it did not give an answer.

After repeated inquiries, the system only gave a simple sentence.

[Due to certain conditions not being met, Su Xiaoyu's exclusive mission cannot be triggered. If Master forcefully completes it, you will be legally sentenced to more than three years and less than ten years in prison.]

Why was this about breaking the law? Lin Fan shook his head, unable to figure it out.

(At this moment, the most handsome and dashing Creator, Young Master, could not help but sigh. The male protagonist did not understand, but the most handsome readers in the world did.)

2

....

After waking up in the morning and brushing his teeth and washing up, Lin Fan changed his clothes and took a breath of fresh air.

After solving the problem of Estee Lauder, it was time to hold another shareholders' meeting in the company.

Lin Fan had to introduce Su Xiaoyu to the shareholders. Most of the company's matters would depend on her in the future.

With Su Xiaoyu's business acumen, doing this was a waste of talent.

"You're going to the office?" Xia Wanqiu blinked and looked at Lin Fan.

"Yes, to the office." Lin Fan smiled.

"I'll send you guys off ~" Xia Wanqiu smiled sweetly and looked at Lin Fan.

Xia Wanqiu stood obediently at the door and looked at Lin Fan with her beautiful eyes. Her smile could charm countless people.

When it was time to part, Lin Fan looked at Xia Wanqiu and couldn't help but feel his heart ache.

"What is it?" Lin Fan asked.

"It's nothing." Xia Wanqiu shook her head. She actually didn't know much about business. She couldn't compare to Su Xiaoyu, so she was envious of Lin Fan and Su Xiaoyu working together.

Lin Fan walked forward and hugged Xia Wanqiu's slender waist. There was a soft feeling and a faint fragrance.

If this scene was taken and posted online, there was no telling how many fans would be heartbroken, how many people would go crazy over it, or how many boys would develop and print it out.

Such a beautiful goddess was in Lin Fan's arms.

After a hug, Lin Fan completed the binding of the Life Protection Card to Xia Wanqiu.

No matter what the external factors were, it was very difficult for anything to happen to Xia Wanqiu.

"Come on, join me at the office." Lin Fan smiled.

"Huh?" Xia Wanqiu looked up.

"So what if I bring my girlfriend to the office to show off my love? Who dares to object? Let's go." Lin Fan held Xia Wanqiu's hand and walked towards the car.

"~~~~"

"Then wait for me. I'll change my clothes~" Xia Wanqiu quickly pecked Lin Fan's cheek happily.

After changing, Xia Wanqiu walked out.

Facing the dazzling Su Xiaoyu, Xia Wanqiu walked out. She was not inferior at all and was even better.

Because Xia Wanqiu was voluptuous and Su Xiaoyu was flat.

Not to mention Su Xiaoyu, even the professional pornstars in porn videos were not as big as Xia Wanqiu.

Driving the Rolls-Royce Cullinan, Lin Fan became a very beautiful scenery on the road.

Not because of how luxurious the Rolls-Royce Cullinan was.

It was because Lin Fan was driving this car.

Inside were two beauties, Su Xiaoyu and Xia Wanqiu.

Whoever looked couldn't take it.

"I saw Lin Fan's car! There are two beautiful girls sitting inside."

"One is Xia Wanqiu and the other is Su Xiaoyu. They're especially close to Lin Fan."

"I'm crying from envy. Let's not talk about how good-looking Xia Wanqiu and Lin Fan are. I don't even have two girls to chat with. Am I not handsome?"

"Lin Fan, wait! I want your autograph!!"

....

When he reached the entrance of Estée Lauder, his assistant, Su Muqing, was already waiting there.

The security guards immediately surrounded him and bowed.

Ever since the car accident, they had become more protective of Lin Fan.

What stunned these security guards was a girl with outstanding looks, Su Xiaoyu.

Just as the security guards were about to exclaim, another beauty got out of the car, Xia Wanqiu.

When they saw the two girls, many security guards were envious and jealous.

That's human nature.

Although they were security guards, they also felt like flirting with a great beauty.

They had seen all kinds of beautiful girls. There were a lot of photos of girls like Su Muqing online.

However, these security guards had never seen girls as beautiful as Xia Wanqiu and Su Xiaoyu.

These two girls were so close to Lin Fan.

"Good morning, Boss Lin!"

"Good morning, Boss Lin!"

After the security guards bowed, the manager greeted them warmly.

Facing Xia Wanqiu and Su Xiaoyu, the company's manager did not dare to be negligent.

"Boss Lin." The manager nodded and bowed. He looked at Lin Fan respectfully.

"This is Boss Su, the company's second-largest shareholder."

"This is my girlfriend. I'm sure you have no objections to me bringing my girlfriend to work at the company." Lin Fan smiled.

Under the gazes of countless people in the company, Lin Fan held Xia Wanqiu's hand.

Xia Wanqiu lowered her head and blushed, but she still let Lin Fan hold her hand.

The manager was speechless.

The company's security guards were speechless.

All the major shareholders in the company were speechless.

Who would dare to object to Boss Lin bringing his girlfriend to the company?

However, everyone's expressions were a little strange. They were angry but did not dare to say anything.

Everyone knew that Lin Fan's girlfriend was Xia Wanqiu and she was so beautiful.

The point was that public displays of affection made everyone feel full of dog food and malice.

Was it easy for single people like them?!

After a long while, the manager bowed to Su Xiaoyu and said solemnly, "Good morning, Boss Su!"

Immediately after, many of the company's employees also said, "Good morning, Boss Su."

Su Xiaoyu smiled sweetly. "Good morning. It's time to go to work. Muqing, come and tell me about the company's situation first. Master, you and Sister Wanqiu can get busy. Leave the rest of the company's matters to me~~"

Lin Fan nodded and held Xia Wanqiu's hand as they looked around the company.

Along the way, the manager led the way for Lin Fan and explained the company's situation to him.

And the employees passing by all respected Lin Fan.

Xia Wanqiu was very happy too.

Being held by Lin Fan was a sign of belonging.

She wanted to come to the company with Lin Fan, but she didn't know much about these things. Lin Fan had seen through her thoughts and brought her to the company to show off their love.

Even the employees of the company had subtle expressions.

Every employee wanted to vomit blood.

Public display of affection, public display of affection!

Who would dare object to that?

When the CEO brought his girlfriend to inspect the company, the employees could only welcome them unless they wanted to quit.

Instead, many of the employees were used to it.

Lin Fan and Xia Wanqiu were also showing off their love in television dramas!

"Wow, is this our company's big boss, Boss Lin? He looks so handsome. I never thought that Boss Lin could be so handsome!"

"Boss Lin's girlfriend, Xia Wanqiu, is also very beautiful. The two of them look extremely loving."

"Their relationship is really sweet."

"Damn, this is the boss of our company. Boss Lin is too amazing. He has such a big company and such a beautiful girlfriend. I'm envious."

“As much as I like Boss Lin, I still want to say that I was stuffed with dog food today.”

“The thought of my goddess being held by Boss Lin and sleeping with him at night makes me feel a little uncomfortable.”

“The CEO is openly showing his affection for his girlfriend. I want to hit someone. What do I do?”

“Damn it, if you have the ability, go hit Boss Lin. What kind of ability is hitting me?!”

....

Chapter 304: Boss Lin, Can I Cozy Up To You?

After visiting the company, Lin Fan had a meeting in the company.

“Everyone, let’s welcome her warmly. This is our company’s Boss Su. In the future, she will be in charge of all the major matters in the company when I’m not around.” Lin Fan smiled and looked at everyone.

“Hello, everyone. My name is Su Xiaoyu ~” Su Xiaoyu smiled and sat beside Lin Fan.

“Hello, Boss Su!”

“Hello, Boss Su!”

...

After some more pleasantries, Claren looked at Lin Fan, worried.

“Boss Lin, it’s just that it’s always been a little difficult for Estée Lauder to expand the market in China. We’ve invested a lot of money, and there aren’t many good profits. I wonder if Boss Lin and Boss Su have any good ideas?” Claren asked.

“Open up the Chinese market?”

“It’s not difficult to expand the Chinese market with the popularity and influence of the Estée Lauder brand. The company can find a few celebrities to endorse Estée Lauder,” Lin Fan said.

“Then we will follow Boss Lin’s arrangements,” said Claren with a smile.

Now that Lin Fan was the CEO of Estee Lauder, he could find a few celebrities to endorse Estee Lauder’s products. On the one hand, he could promote Estee Lauder to expand its market in China.

On the other hand, finding a few celebrities to endorse products could also make them money.

Lin Fan had no right to mobilize the company’s money casually.

However, there was no problem with mobilizing funds reasonably in the company.

There was still a long time before the end of the year, so Lin Fan had to work very hard to earn money during this period.

“Boss Lin, I think your girlfriend, Xia Wanqiu, is very suitable to endorse Estée Lauder’s cosmetics,” said Claren.

No wonder Claren had been able to become the company’s third-largest shareholder. He would always be able to tell when Lin Fan needed something.

This was mainly because Xia Wanqiu was too beautiful.

The products Xia Wanqiu endorsed were very effective.

After endorsing Louis Vuitton and Chanel, sales of both products also rose significantly.

“My girlfriend? She already has a lot of endorsements, and she’s tired from work, so she doesn’t have to endorse the company’s cosmetics. I recommend three big stars to endorse our products.”

“Su Xiaoyu, there’s no need to talk about her looks. Not many people can compare to her.”

“And Lin Kexin, this is Lin Kexin’s photo.” Lin Fan smiled and pushed out the three artistes under him.

When the company's many shareholders saw Lin Kexin's photo, their eyes lit up.

As the top celebrity in China, after being abandoned by Huace Pictures, Lin Fan spent 200 million yuan to help Lin Kexin terminate her contract. Of course, he had to show Lin Kexin's value.

"As for the third girl, let Tang Xinran endorse our products," Lin Fan said with a smile.

Su Xiaoyu rarely took on endorsements. Estee Lauder was her first.

Although Lin Kexin had accepted more endorsements, all of them were canceled after she terminated her contract with Huace Pictures.

Su Xiaoyu and Lin Kexin did not have much work now, except for filming the second season of Joy of Life.

Needless to say, Tang Xinran was so beautiful and cute. She was still young, so it was good for her to film some endorsements.

These girls were all artistes under Lin Fan's charge.

Lin Fan had to help them settle some film resources, endorsements, and advertisements.

Of course, he could also earn a lot of profits.

There were three months left before he had to meet Xia Wanqiu's father. Of course he had to work hard during these three months.

Lin Fan had to earn more money first. He couldn't possibly rely on his wife to support him when he was short of money. That way, he would completely become a freeloader.

"Boss Lin's taste is really good. Su Xiaoyu and Lin Kexin are both top celebrities in China now, and Tang Xinran is relatively young. If she becomes the spokesperson of our company and is promoted, our target audience will also expand a lot. After all, girls have to maintain their skin from a young age."

"That's right. This is Boss Lin's foresight. He's farsighted and can't be compared to us ordinary people."

“It’s mainly because the girls around Boss Lin are all very good-looking. If only Xia Wanqiu could come and film the endorsement. However, it’s harder on her. Let’s wait for the next opportunity.”

“Then it’s settled. These three girls will be the spokespeople of our company’s products in the Chinese market!”

The major shareholders of the company unanimously agreed with Lin Fan’s decision.

Claren said, “Boss Lin, these three girls are very popular in China. I suggest we give Su Xiaoyu and Lin Kexin the highest endorsement price in the industry, 30 million, and Tang Xinran 15 million. What do you think, Boss Lin?”

“Sure,” Lin Fan nodded.

After all, helping Su Xiaoyu and Lin Kexin make money was the same as making money for himself.

After confirming the endorsement, Lin Fan went to Yuehua Entertainment.

News that Lin Fan was the CEO of Estee Lauder had always been confidential.

Very few people outside the company knew except those inside.

After all, wealth could not be leaked. He could not possibly go out on the streets and tell others that he was the richest man in the world. Wouldn’t that be waiting for others to kidnap him?

“Lin Kexin, this is your first endorsement. Estee Lauder Cosmetics. My assistant, Su Muqing, will contact you. Ask her about any details of work.”

“The endorsement fee is 30 million. If I give you 20%, I can give you 6 million.” Lin Fan smiled. After all, it was very difficult to film endorsements.

In other words, Lin Fan could earn 24 million yuan from one endorsement.

Lin Fan only had about a million yuan in savings now. It was Xia Wanqiu who transferred the money to him. Otherwise, he wouldn't even be able to afford the gas for his car.

Although there would be a lot of profits at the end of the year from running a big company, that would have to wait until the end of the year.

There were only three months left. Lin Fan's savings were one million, and Xia Wanqiu's savings were almost 800 million.

If he couldn't win, his family status would only be lower.

If Lin Kexin and Su Xiaoyu were to endorse the products, the company would earn a lot of profits. They could also share them with Lin Fan. This was not something that could be measured in tens of millions.

When many of Yuehua's celebrities heard the news, they were deeply shocked.

This was... Estee Lauder!

Lin Fan had actually obtained the endorsement of Estee Lauder!

Such news was equivalent to a sensational piece of news for the entire Yuehua Entertainment!

Many celebrities found it difficult to become the spokesperson for Estee Lauder.

Such a top luxury company rarely chose a spokesperson in China.

But Lin Fan had taken care of it.

This news was also a little ecstatic for Lin Kexin.

For a very long time, she had encountered huge setbacks in her life.

She had been abandoned by Huace Pictures and had almost been forced to seek help from Lin Fan. Lin Fan had signed her and even helped her pay 200 million yuan for breach of contract.

In the future, Lin Kexin's fate would be in Lin Fan's hands.

Lin Fan could completely ban Lin Kexin from obtaining resources in the future.

However, Lin Fan did not do that. After Huace Pictures abandoned Lin Kexin, Lin Fan chose to trust her.

The first TV series for Lin Kexin was the second season of Joy of Life.

The first endorsement for Lin Kexin was the endorsement for Estee Lauder.

Lin Kexin's eyes were a little red as she looked at Lin Fan. "Brother Lin Fan, thank you! I will definitely work hard, I will!"

Looking at Lin Kexin's expression, Lin Fan smiled brightly. "Huace Pictures has given up on you, but I won't give up on you. Work hard and you might be very busy in the future. It won't be long before Huace Pictures completely regrets it. Giving up on you was the worst decision."

Soon, everyone in Yuehua knew about the female celebrities who could participate in the Estée Lauder endorsement.

Su Xiaoyu, Lin Kexin, Tang Xinran.

These three girls were all artistes under Lin Fan.

Although Lin Fan had yet to set up an entertainment company, the contracts he had signed with these artistes were legally binding.

Lin Fan was basically the boss of these three girls. He kept them safe and arranged jobs for them.

Xu Yang and Lin Jingjing who had a good relationship with Lin Fan, did not have such benefits.

So when the company's many celebrities heard the news, they were shocked.

Participating in Estée Lauder's endorsement was not only a huge profit, but also an increase in popularity.

Lin Kexin nodded and looked at Lin Fan with admiration. "Brother Lin Fan, thank you so much. I definitely won't let you down. I'll definitely make the people at Huace Pictures regret it and make you proud of me."

Lin Fan took out a lot more Estee Lauder cosmetics. "I'll give you all of this. You're out of money recently, aren't you? Use your cosmetics well. Girls have to be beautiful. In the future, when you shoot television dramas, commercials, and endorsements, more people will like you."

These Estée Lauder cosmetics basically cost hundreds of thousands each. Only top celebrities could afford such cosmetics.

Lin Fan chose the most expensive and useful cosmetics for Lin Kexin.

Lin Kexin also took out a 100 million yuan contract termination fee and sold her house for it. Although she had gotten the remuneration for the television drama, it was all Lin Fan's. Only by filming endorsements and advertisements could she get some money.

Only a year later would she be able to get the remuneration for the TV series and movies she filmed.

However, Lin Kexin did not care about this. She was grateful to Lin Fan from the bottom of her heart.

Now that Lin Kexin was working every day, she could barely afford to eat. She had to take the company's private car to Lin Fan's house.

Lin Fan had given her such a good endorsement when she was at her lowest point in life. It was equivalent to giving her a chance to be reborn.

Lin Kexin took the cosmetics and smiled sweetly. All her past grievances seemed to have been resolved.

Lin Fan would not lose out by helping Lin Kexin.

For five years, Lin Kexin would be an artist under him. Helping Lin Kexin was equivalent to helping himself.

In the future, it would be a complete blow to Huace Pictures. He would set up a huge entertainment company and achieve results that would shock everyone.

Only then would Xia Wanqiu's father acknowledge him.

When the big stars of Yuehua arrived at the company, Lin Jingjing and Xu Yang knew that Lin Fan had gotten such a good endorsement. There was only amazement in their eyes.

"How is that possible... Lin Fan got the endorsement from LV and Chanel last time, and now he got the endorsement from Estée Lauder. This is too awesome."

"That's right. Thirty million dollars for an endorsement can boost a celebrity's popularity."

"I'm envious. If only I were Lin Fan's artiste."

Soon, Xu Yang, Lin Jingjing, and many celebrities who were on good terms with Lin Fan surrounded him in the room.

Xu Yang, in particular, looked envious.

"Lin Fan, tell me the truth. How did you get the Estée Lauder endorsement? I want to get one for Jingjing too," Xu Yang said and put his hand on Lin Fan's shoulder.

"It was nothing, really," he said. "Just a casual remark, that's all."

"Meow meow? Actually, Lin Fan is the boss of Estée Lauder, but don't tell anyone about this," Xia Wanqiu explained softly. She looked at Lin Fan and smiled brightly.

Xu Yang said, "Holy sh*t!"

Lin Jingjing said, "Holy sh*t... The boss of Estee Lauder. Isn't that a company with a market value of about 400 billion?"

“D*mn!”

“Holy sh*t...”

“Lin Fan, no, Boss Lin, you’ll forever be my god! Can I cozy up to you?”
