

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 305-309

Chapter 305: Lin Fan's ability in business is second to none!

Everyone in Yuehua Entertainment was amazed.

When Lin Kexin was abandoned by Huace Pictures, she was almost at her wits' end. All her resources were gone, and all her endorsements had been canceled.

Lin Kexin even had a problem surviving.

Ever since Lin Kexin became Lin Fan's artiste, the first resource she received was a popular television drama, which increased Lin Kexin's fans by a lot.

The first endorsement Lin Kexin got was for Estee Lauder Cosmetics.

The endorsement price was the highest in the industry.

Anyone would be tempted by such a price.

After becoming the spokesperson for Estee Lauder, with the influence of Estee Lauder, Lin Kexin's career would go further.

There would also be more fans who would pay attention to Lin Kexin and like her.

After all, Estee Lauder was Lin Fan's company. Therefore, Lin Fan had spent a lot of effort to promote his company's brand in China.

Su Xiaoyu usually didn't like to film endorsements. For the sake of the company and earning money, Lin Fan asked the dog to film endorsements.

When the people on the Internet found out, many people would like Su Xiaoyu's endorsement.

Her first endorsement in her life was for Estee Lauder's products.

Although Su Xiaoyu was a big star, her fans could not compare to Xia Wanqiu and Lin Kexin.

There was a very important reason. Su Xiaoyu did not like to film endorsements and advertisements. There were many restrictions on the television dramas she could film.

This also led to Su Xiaoyu not being extremely popular on the Internet currently.

But there were still many people who liked Su Xiaoyu.

In order to win both ways, Lin Fan let Lin Kexin, Su Xiaoyu, and Tang Xinran accept Estee Lauder's endorsement.

The price of endorsement was also decided by the company's shareholders.

One could imagine how shocked the surrounding people were.

"Lin Fan, to be honest, I'm really envious. Becoming the spokesperson for Estee Lauder represents more of a recognition of this celebrity," Xu Yang said as he looked at Lin Fan.

"It's fine. If there's a chance in the future, I'll help you guys find a few endorsements." Lin Fan smiled and patted Xu Yang on the shoulder. After all, he had a good relationship with Xu Yang.

It was just that he couldn't do so now. Lin Fan only had a million dollars on him and it was Xia Wanqiu who had transferred the money to him.

When he had endorsements, he had to prioritize Lin Kexin and Su Xiaoyu.

After all, these girls were all artistes under Lin Fan.

In the future, when he established an entertainment company, he would definitely prioritize the artistes under him.

There was no other reason except that he could earn money.

It was not too late to help the people around him after he earned money.

“You guys go ahead. I’ll get to work first.” Lin Fan smiled and brought Lin Kexin and Tang Xinran to Estee Lauder’s office.

“You might have a tougher time filming the endorsement this time. You’re all celebrities I’m going to nurture in the future, so you have to dress up well.”

“We have to present ourselves well and let others see how beautiful the spokespeople of Estee Lauder are.” Lin Fan smiled.

“Brother Lin Fan, have you really become the big boss of Estee Lauder?” Lin Kexin looked at Lin Fan with her beautiful eyes and exclaimed.

“Mmm, it’s alright. It’s very tiring to be a big boss,” said Lin Fan with a smile. He didn’t deny it.

When she heard Lin Fan confirm it personally, even Lin Kexin was shocked.

He was not the big boss of an ordinary small company.

Estee Lauder was a top cosmetics brand in the world.

If Estee Lauder was first, then very few companies would dare to say that they were second.

This was not only reflected in the cosmetics of Estee Lauder, but also in the strong abilities of the entire company.

Estee Lauder was one of the top luxury goods companies in the world.

Lin Kexin also knew that the market value of Estee Lauder had increased a lot recently. Even the share price had increased by nearly 10%.

Such an increase made many of the top luxury brands in Europe envious.

Especially LV and Chanel. These two companies were also top luxury brands. Lin Fan had become a major shareholder of their companies, but the share prices of these two companies didn't increase much.

There was one reason, and that was that Lin Fan wasn't the boss. As long as he could earn money in peace, he didn't really care about the operations and development of these two companies.

The CEOs of the two companies realized Lin Fan's ability even more.

If Lin Fan could manage LV and Chanel, the market value and share price of the two companies would increase by a lot.

"Brother Lin Fan, I heard that the share price of Estee Lauder has increased by 10% recently. Coincidentally, the CEO of Estee Lauder has just changed. But I never expected that you would become the CEO of the company."

"The 10% increase in the stock price must be thanks to Brother Lin Fan," Lin Kexin said as she looked at Lin Fan with her beautiful eyes.

She was the school belle of Beijing Film Academy and was also a top student. She knew the stock market very well.

Only those who really understood this industry would know what it meant to have a 10% increase in the stock price.

For small companies, a fluctuation in the share price was nothing.

Estee Lauder was not a small company.

The fluctuations in the share price of Estee Lauder would cause a huge chain reaction!

It represented the company's future profitability and how much the outside world thought highly of Estee Lauder.

"To be precise, the increase in the stock price is 12%." Lin Fan smiled and said.

“12%... How much has it increased...” Lin Kexin muttered. She didn’t dare to imagine it.

A 12% share price increase was definitely a new record for the top companies in the industry.

“It’s not a lot,” said Lin Fan with a smile. The 12% rise in share price also involved LV’s help.

After all, the CEO of Estee Lauder was the vice president of LV!

This meant that the two companies would definitely join forces. When the two top companies joined forces, the market would undoubtedly be optimistic about Estee Lauder.

“That’s not a lot?” Lin Kexin shook her head.

Such an increase in the share price meant how much money he could earn.

Think about it. If the company’s market value was 400 billion yuan previously, with the 12% increase in the share price, it was equivalent to a 48 billion yuan increase.

These things were all money.

The moment Lin Fan entered Estee Lauder, the company’s share price had already risen to this extent!

In Lin Fan’s eyes, this was nothing.

At first, Lin Kexin only knew that Lin Fan was very strong in the entertainment industry.

Whether it was his directing ability or his ability to write scripts, they shocked the entire entertainment industry.

But when Lin Fan entered the business world, Lin Kexin realized...

Lin Fan’s business ability was also second to none!

Chapter 306: Lin Fan Is Simply A Prince Charming!

“Let’s buy stuff at this mall. Buy more clothes.” Lin Fan smiled and brought Lin Kexin and Tang Xinran to a higher-end mall.

It could be said that the prices of this mall were not cheap.

Every piece of clothing inside could cost thousands or even tens of thousands.

There were also clothes that could cost hundreds of thousands!

Ordinary people could not afford such clothes.

Lin Kexin did not have much money herself. After paying the contract termination fee to Huace Pictures, Lin Kexin had already sold her house. How much money could she have?

The clothes Lin Kexin were wearing now were all worth dozens or even a hundred to two hundred yuan.

Lin Kexin was very pretty. After all, she was the school belle of Beijing Film Academy. Her figure was very good. When she wore these clothes, she was still very beautiful.

However, there was still something missing.

As a celebrity, her appearance should be dazzling.

Some evening gowns, high heels, lipsticks, and so on would cost a lot of money.

Girls’ clothes were even more important.

If the two girls were of similar looks, their clothes and dressing style were also very important.

In order to nurture Lin Kexin and Tang Xinran better, Lin Fan had to start by buying them nice clothes.

After all, they were artistes under Lin Fan. Lin Fan wouldn’t treat Lin Kexin and Tang Xinran badly.

When Lin Kexin and Tang Xinran became even more popular, they could create a lot of profits for Lin Fan.

To put it simply, it was to earn money.

If he wanted to establish an entertainment company, he had to start by being a good boss.

“Brother Lin Fan, the clothes in this mall are all very expensive, especially the dresses girls wear. A dress might cost tens of thousands. It’s too expensive. I can’t afford it.” Lin Kexin looked at Lin Fan aggrievedly.

Which girl did not like to wear beautiful clothes?

There would never be enough clothes in a girl’s closet.

It was like how boys would always want more shoes in their shoe racks.

Of course, most people were very poor. Not to mention branded shoes, they would take half a day to consider whether or not to buy even ordinary shoes worth 200 yuan.

Furthermore, Lin Kexin and Tang Xinran did not have many nice clothes.

None of them had money.

Su Muqing did not have much money. In reality, she only had a few thousand dollars left in her bank account.

She didn’t have much money.

As Lin Fan’s assistant, Su Muqing was really a little pitiful. She hadn’t worked for a full month yet and her salary hadn’t been paid yet.

The three girls were all very poor.

“It’s fine. I don’t lack money. Just go in and buy them,” said Lin Fan generously.

Don’t forget what kind of car Lin Fan used to drive.

A Bugatti Veyron worth 200 million!

There was also a Bugatti sports car worth 100 million.

Unfortunately, both sports cars were damaged although they could still be repaired,

After all, Lin Fan was driving a Rolls-Royce Cullinan.

Don’t ask why. Rich people didn’t need to explain why.

After earning money, of course he had to spend money.

In order to earn more money in the future, it was fine to spend some money to buy some clothes now.

“You can choose any clothes. Just choose. It’s a small matter,” said Lin Fan with a smile. “Also, don’t stand on ceremony with me. If the clothes you choose don’t look good, I can’t let you do endorsements.”

“If you go to endorsements, you can’t go there naked, right? Wearing nice clothes will accentuate your aura and make more fans like you,” said Lin Fan with a smile.

“Brother Lin Fan, thank you!!”

“If I had known that you were so good, I would have become an artiste under you earlier,” Lin Kexin said happily. Since Lin Fan had said so, she could only agree and work hard to repay him in the future.

“Haha, Ranran should wear some nice clothes too. Our Ranran is so beautiful. She will definitely be a great beauty in the future. She must have beautiful clothes too,” said Lin Fan with a smile as he brought the two girls in.

As Lin Fan's assistant, Su Muqing had been following behind him. Her beautiful eyes were filled with envy.

When everyone saw Lin Fan bring the three girls here, they couldn't help but exclaim.

The security guards at the entrance of the mall immediately surrounded Lin Fan when they saw his sports car.

They all knew Lin Fan, Lin Kexin and Tang Xinran.

These people were all big celebrities.

"He's so handsome. Ahhh, I love him. What's this handsome guy's name?"

"Don't you know? He's Lin Fan, the big star of China, Lin Fan. Look at Lin Fan's luxury car. It's a Rolls-Royce Cullinan worth millions!"

"D*mn?! A luxury car worth millions? Is this the superstar herself, Lin Fan?!"

"The girls beside Lin Fan are all super beautiful. That's Lin Kexin, the other is Tang Xinran, and who's the other girl? I don't know, but she's also very pretty."

"It's a pity I didn't see Xia Wanqiu. If only I could see Lin Fan and Xia Wanqiu in the same frame."

"Let's not talk about anything else. I'm going to ask Lin Fan for his autograph. Lin Fan, please give me your autograph!"

....

Many fans surrounded Lin Fan and looked at him warmly.

As the second season of Joy of Life became popular, more and more people liked Lin Fan.

On the streets, many people would recognize Lin Fan.

Lin Fan's second season of Joy of Life could be said to be quite interesting. It attracted countless people to watch television dramas.

The popularity of the second season of Joy of Life online was even higher.

"Lin Fan, can you give us an autograph?"

"Lin Fan, the second season of Joy of Life you filmed is super good. Can you tell us the ending?"

"Lin Fan, when are you going to film the third season of the Legend of Sword and Fairy? I can't wait. Lin Kexin, you'll definitely participate in the third season of the Legend of Sword and Fairy, right?"

....

Under the questions of the fans, Lin Fan smiled and said, "Lin Kexin will act in the third season of the Legend of Sword and Fairy. Tang Xinran too. I can't sign autographs for everyone today. I still have to buy clothes. After buying clothes, I have to work. I'm in a hurry."

The security guards immediately surrounded them. After all, with big celebrities like Lin Fan and Lin Kexin around, they didn't dare to neglect them.

Under Lin Fan's explanation, many fans could only leave regretfully.

It had to be said that these fans were still very rational.

They wouldn't stop Lin Fan from leaving.

This would only make celebrities hate these fans.

After Lin Fan and the others entered the mall, many passers-by and fans were still taking photos of Lin Fan with their phones.

“Haha, I took a photo of Lin Fan. Lin Fan’s photo. He’s super handsome!”

“There’s also Lin Kexin. She’s also a super beautiful girl. I love her.”

“Why is Lin Kexin with Lin Fan? Are they a thing?”

“Stop talking nonsense. Lin Kexin is an artiste under Lin Fan. Lin Fan even helped Lin Kexin pay a contract termination fee of 200 million yuan. Think about it. Lin Fan will be a big director in the future. He might even open his own entertainment company.”

“Lin Fan is my Prince Charming. He’s so handsome. He’s even more handsome than the people in television dramas!!”

Chapter 307: Just How Rich Is Lin Fan?!

When Lin Fan reached the mall, the manager immediately walked over.

Lin Fan was now a superstar and a tycoon.

He had brought a few girls here to buy clothes. Needless to say, he would definitely buy a lot of clothes.

For the mall, it could also make a lot of money.

Lin Fan was equivalent to a VIP customer of the mall. From the moment he entered, he was treated like a VIP.

“Mr. Lin, welcome!”

“Mr. Lin, welcome!”

“Mr. Lin, welcome!”

Many salespeople stood in two rows very enthusiastically and bowed slightly to Lin Fan.

Lin Fan nodded in satisfaction. The mall’s service attitude was excellent.

He had come here today with no other intentions. He just wanted to spend money.

Of course, he spent money to film endorsements and could also nurture the girls around him properly.

“Mr. Lin, do you need anything? We have all kinds of clothes here. Men’s clothes, women’s clothes, and children’s clothes. We have everything.”

“When you come to our mall, all our clothes will be sold to you at a 20% discount. At the same time, you are also a Supreme VIP member of our mall. This will be effective for life!” the mall manager said with a smile.

Lin Fan was so rich and handsome. Anyone would want to treat him well.

“Protect the girls around me. I don’t want anyone taking advantage of them,” Lin Fan said. After all, there were quite a few people in the mall.

If anyone in this mall wanted to attack Lin Kexin’s chest and touch it, it would definitely be photographed.

Once it was posted online, it would affect Lin Kexin’s reputation. How could Lin Fan nurture Lin Kexin to earn big bucks then?

“Okay.” The manager nodded.

“Lin Kexin, Ranran, go and choose your clothes first. I’ll look for you later.”

“Su Muqing, go buy some clothes too. I’ve already paid for you.” Lin Fan smiled.

“Boss Lin, this isn’t appropriate.” Su Muqing looked at Lin Fan with her beautiful eyes. She was still so gentle and sweet. Although she said that it wasn’t appropriate, the excitement in her eyes couldn’t be concealed.

Her boss was going to buy her clothes.

She didn't make much money herself and couldn't afford these clothes.

She was Lin Fan's assistant, so of course she wanted to look good.

All this time, she had been wearing the same work clothes. She had washed them several times.

Su Muqing also wanted to dress up beautifully and stand in front of Lin Fan to make her boss look good.

Just like how Sister Milk Tea stood in front of CEO Liu of JD. She definitely made him look good.

"There's nothing inappropriate. Your boss has money."

"Besides, the boss's secretary has to be pretty too. Otherwise, others will complain that my secretary is just like this." Lin Fan smiled and patted Su Muqing's shoulder.

"Thank you, Boss Lin." Su Muqing was as happy as a little girl. She was only twenty-one, the most beautiful age. How happy she would be in these beautiful clothes.

In the future, she could brag in front of others and tell them to look at the clothes Lin Fan had given her.

"Of course, it's not for free. You have to buy some clothes for Wanqiu and Xiaoyu too. As for what kind of clothes, buy some short skirts, shorts, camisoles, and so on," Lin Fan said.

Xia Wanqiu and Su Xiaoyu did not lack clothes. They had a lot of clothes.

However, these two girls had been saying that they had nothing to wear recently.

At home, they wore a short skirt or shorts. Lin Fan couldn't resist it every day.

Since he couldn't resist it, he didn't have to.

If he helped them buy these clothes, Lin Fan could see his wife's beautiful long legs at home every day. How good was that?

He could even see Xia Wanqiu's shoulders and collarbone. How attractive was that?

"Okay, Boss Lin." Su Muqing nodded.

"Can I buy short skirts too?" Su Muqing looked at Lin Fan and asked tentatively.

"You can buy whatever clothes you want. You don't have to consider the price," Lin Fan said.

"Okay ~" Su Muqing nodded and followed Lin Kexin and Tang Xinran to buy clothes.

It's a woman's nature to shop.

Lin Fan wasn't sure what kind of clothes were suitable for women, so he let them choose their clothes themselves.

Lin Fan was not short of money.

There was a reason why Lin Fan was so good to Su Muqing.

Su Muqing had been wearing work clothes recently.

No matter how good-looking she was, she wouldn't look so good in work clothes.

Therefore, Lin Fan especially wanted to see what Su Muqing looked like in a dress.

If it matched the image in his heart, he might be able to bring Su Muqing along to film and sign her under him.

In that case, while Su Muqing was his assistant, she might also become a superstar in the future.

If Su Muqing could film a television drama and earn 50 million yuan, wouldn't Lin Fan be able to earn 30 to 40 million yuan?

Creating a business superstar was all about money.

If Lin Fan wanted to build an entertainment company, he had to nurture many artistes.

These artistes had better be capable.

Su Muqing happened to be very good-looking and had a good figure. He could let her try.

Seeing how generous Lin Fan was, the mall manager and salespeople were already stunned.

“Oh my god, Lin Fan is too rich. Many of our clothes here are worth tens of thousands or hundreds of thousands of yuan, but Lin Fan said not to look at the price...”

“Is this the world of the rich? You don’t look at the price when you buy clothes. You buy them in rows. Isn’t that what rich second-generation heirs do?”

“Lin Fan is simply too amazing. He’s so rich, and he treats the people around him too well!”

“I know that Lin Kexin is an artiste under Lin Fan, but I didn’t expect Lin Fan to be so good to her. Not only did he help Lin Kexin pay 200 million yuan for the contract termination fee, but he also bought clothes for her.”

“Of course, he’s Lin Fan. Lin Fan is very rich now. Don’t you know? The car Lin Fan drove previously was a 200-million-yuan Bugatti, a limited-edition sports car worldwide!”

“Damn, the world of the rich can’t be compared to.”

“Did you guys hear that? Lin Fan even wanted to buy clothes for Xia Wanqiu and Su Xiaoyu just now. Whoever becomes an artiste under Lin Fan would have such a good life.”

“Forget it, I want to be Lin Fan’s artiste now!!”

The manager came over and shook his head helplessly.

He'd seen plenty of rich people.

However, this was the first time he had seen someone as rich as Lin Fan.

He could buy whatever he wanted, regardless of the price of it in this mall.

Most importantly, Lin Fan was not buying them for himself. He was just that rich.

Just how rich was Lin Fan?!

Chapter 308: Xia Wanqiu Is His First Love

Lin Fan's generosity did not mean that he was spending money recklessly.

Lin Kexin and Tang Xinran were on the same side as him, and so was Su Muqing.

If he spent some money today, he could earn more in the future.

While the girls were shopping for clothes, Lin Fan suddenly remembered a serious problem.

His seven hundred million yuan in savings was a thing of the past.

Now he only had about a million yuan in his bank account.

A million yuan couldn't buy many clothes in this mall!

If the girls picked dresses that cost hundreds of thousands each, a million would probably not be enough.

Lin Fan opened his phone and silently checked his contacts.

He couldn't ask Xia Wanqiu and Su Xiaoyu for money, right?

Buying clothes for them and using their money to do so.

This would not do. There would be no surprise.

Lin Fan thought about it and called Yun Qian.

“Hey, Brother Lin, you finally called me. Haha, do you miss me? Do you want to have a gathering and drink?” Yun Qian laughed and asked.

“Brother Yun, it’s a little urgent. Can you lend me 50 million?” Lin Fan asked.

“50 million?! Are you in trouble?” Yun Qian immediately retracted his smile and asked anxiously.

“I’m not in any trouble. A few days ago, I became the boss of Estée Lauder and solved the problem of the company’s shares. I spent seven or eight hundred million. Fortunately, the company has stabilized.”

“Now I have not even a little money left. If it weren’t for my wife’s support of a million yuan, I wouldn’t be able to refuel my car,” Lin Fan said and sighed.

“Damn, Brother Lin, you’re the CEO of Estee Lauder now?!” Yun Qian was shocked.

The CEO of Estée Lauder. That was saying something.

Lin Fan’s current identity was already that of the boss of a 400-billion-yuan company!

How high was Lin Fan’s net worth? It had only been a few days, but Lin Fan’s assets were already much more powerful than the Huo family’s back then.

Even the rich Lin Fan had no choice but to borrow money from Yun Qian.

However, Lin Fan didn’t care about the money. He would be able to return it soon.

“The boss of Estée Lauder, Brother Lin... You’re too amazing now. Those families like the Huo family won’t dare to provoke you in the future.” Yun Qian wasn’t jealous. Instead, he smiled.

Lin Fan was fine. There was nothing else to worry about.

“So-so. It’s pretty tiring being a boss.” Lin Fan smiled.

“Brother Lin, you’re rich now. I still have to cozy up to you in the future.” Yun Qian laughed.

“Haha, how can that be called cozying up to me? Brother Yun, come and have a drink when you have time. I’ll treat you to a feast.” Lin Fan smiled.

“Alright, needless to say, Brother Lin’s feasts are delicious. It’s my honor to be able to eat Brother Lin’s feast,” Yun Qian said.

“Brother Lin, I’ll transfer 50 million to your account later. It won’t take long.” Yun Qian smiled.

If one wanted to borrow fifty million, anyone else would have had to write an IOU.

After all, fifty million was not a small sum.

Who would take out fifty million in cash so easily?

Even if he deposited 50 million in the bank, he would have a lot of interest income every day.

“Alright, Brother Yun. I’ll return it to you with interest in a few days.” Lin Fan smiled. Indeed, it was easy to borrow money from Yun Qian.

“It doesn’t matter if there’s interest or not. Brother Lin, when you cook a big meal, you must treat me and my wife to it,” Yun Qian said.

“No problem, Brother Yun. Let me ask you a question. I want to build an entertainment company. Help me check what I need so that I can prepare,” Lin Fan said.

“Entertainment company? Entertainment companies are easy to build. There are a lot of people who build entertainment companies now. There are also some who do girl group talent shows. If you really

plan to build an entertainment company, you first have to choose the venue. After that, you can choose to buy this place or rent it. You can renovate it and finally register a company,” Yun Qian said.

“Brother Lin, if you’re busy, I’ll help you find a venue. I happen to know someone in this field, and I also know people who do renovation work.” Yun Qian patted his chest. He actually had a lot of connections.

Although Yunhang Technologies was not as large as Lin Fan’s companies, the Yun family behind Yun Qian was quite powerful.

With Yun Qian’s wide network, he could help Lin Fan solve this problem.

“Alright, Brother Yun, let me know how much you need when you find the venue,” Lin Fan said.

The land in Shanghai was also very expensive. If he wanted to buy it, it would cost a lot of money to renovate it.

If he officially opened an entertainment company, hiring actors in, running it, and having a team and staff would also require a lot of money.

These things cost money.

It was probably impossible to build a large entertainment company without hundreds of millions.

Only after building an entertainment company would he earn a lot more money. Apart from that, he could also obtain the recognition of others.

Working in Yuehua was quite good, but after filming television dramas, he had to give a portion of the money to Yuehua. It was impossible for all the money to enter Lin Fan’s account.

It was precisely because of this that Lin Fan had the idea of building an entertainment company.

With Xia Wanqiu, Su Xiaoyu, Lin Kexin, and good friends like Xu Yang and Lin Jingjing by his side, coupled with Lin Fan’s status in the entertainment industry, it was more than enough to build an entertainment company.

It didn't take long for the fifty million to arrive.

Now that he had money, Lin Fan didn't care anymore.

He was very poor now. His assets were all negative. But it wouldn't be long before he could turn his losses into profits and make big money.

Lin Fan also walked around the mall a little and didn't see any suitable clothes.

In the beginning, he had already bought a lot of clothes from his high school classmate, Xu Shiyin.

Lin Fan wasn't participating in the endorsement, so it didn't matter what he wore.

After a while, Su Muqing came out first.

She picked out two outfits. One was priced at 6,666, the other at 4,200. They added up to less than ten thousand dollars.

Lin Fan asked Su Muqing to choose any clothes, but Su Muqing still chose the cheapest clothes and only chose two.

One was a blue dress, the other a more innocent dress with a short JK skirt.

She appeared in front of him in her short JK skirt.

Su Muqing, who was already pure and gentle, looked even more like a high school beauty after putting on this dress.

Simple. Beautiful.

Her long, slender legs were even more striking.

When Lin Fan saw Su Muqing, he was also shocked. He had a bright smile.

His assistant, Su Muqing, was actually so good-looking.

It was very good. She was completely qualified for the position of a big star.

Lin Fan simply admired Su Muqing and had no other evil thoughts.

Although Su Muqing and Lin Kexin had long legs,

Lin Fan was already immune to long legs.

At home, Su Xiaoyu and Xia Wanqiu were as beautiful as they could be.

With such a beautiful girlfriend, Lin Fan didn't feel anything when he saw other girls outside.

What Su Muqing brought to Lin Fan was amazement.

Her figure, bone structure, and temperament made her a beauty in these clothes.

If Lin Fan brought Su Muqing out to work together, others might think that Lin Fan had cheated.

Su Muqing was a goddess in many people's hearts.

Her long black hair and gentle and pure appearance could already attract the attention of many people.

"Boss Lin, I'm done changing." Su Muqing stood in front of Lin Fan and smiled slightly.

After all, she was different from Su Xiaoyu. If it were Su Xiaoyu, she would be spinning in circles in front of Lin Fan now.

Unfortunately, Lin Fan didn't know how Xia Wanqiu would look like in this outfit.

He had known Xia Wanqiu since high school and had always been on good terms with her.

However, everyone knew the management of high school. Usually, they could only wear school uniforms and were strictly prohibited from wearing strange clothes.

If he saw Xia Wanqiu dressed like this at home,

A smile touched his lips.

An image appeared in his mind. Xia Wanqiu was his first love.

If she wore these clothes, Lin Fan might really not be able to take it!

Chapter 309: Rich and Willful!

"It looks very nice."

"Su Muqing, you're my assistant. Logically speaking, I should be the one arranging your work, right?" Lin Fan asked.

'Well, yes,' Su Muqing nodded.

"In addition to being my assistant at work in the future, come and sign a management contract with me."

"If you become an artiste of my future company, the contract will last for a total of five years. The profits will be split 20/80 after tax deduction. If you do well, you can raise the price. The company will give you a lot of resources," Lin Fan said.

"Boss Lin, I don't have any acting experience. I don't have anything," Su Muqing said, shaking her head gently.

"You don't need to have any experience in acting. You just need to be pretty."

"Leave the rest to me." Lin Fan smiled and looked at Su Muqing.

It was this smile that made Su Muqing unable to resist.

She was a girl too. Lin Fan had always been her idol.

Now that Lin Fan had invited her to sign a contract, who could resist?

Don't always say that boys can't resist girls.

Whether it was in real life or in bed, actually, girls were the ones who really couldn't resist boys—Lu Xun.

“Will you agree?” Lin Fan smiled.

“Yes...” Su Muqing nodded and looked at Lin Fan with joy.

Su Muqing became Lin Fan's assistant mainly because she could learn a lot in business and then go home to manage the family business.

Managing the family business had gone out the window now.

She had become Lin Fan's artiste!

Coincidentally, Lin Fan had the contract document and printed it out at the nearest mall.

Lin Fan signed his name and stamped his seal.

And Su Muqing signed her name and pressed her thumbprint.

At this point, Su Muqing officially became the fourth female artiste under Lin Fan's future company.

It was worth mentioning that Su Muqing did not have any fanbase.

There were no fans paying attention to Su Muqing currently.

All along, Su Muqing had been Lin Fan's assistant.

Now she had changed. She had become an artiste under Lin Fan.

"Boss Lin, then I'll be your assistant and artiste in the future. I'll leave all the work to you." Su Muqing smiled sweetly, and her smile became much more cheerful.

In the Su family, she had never felt such joy.

She could not get a sense of recognition at home, so the family would let her come out to train. If she succeeded, she could naturally go back and inherit the family business and take on a position.

If the training failed, would the family still think highly of her?

If the family really wanted Su Muqing to train, they could totally let her train in the family's company.

The Su family's choice was to let Su Muqing be Lin Fan's assistant.

To put it nicely, she was learning outside.

To put it bluntly, the Su family wanted to use Su Muqing to rope in Lin Fan.

If Su Muqing became Lin Fan's assistant, wouldn't some stories happen?

For example, Lin Fan could want Su Muqing's body. In that case, the Su family would be able to get close to Lin Fan.

Su Muqing had been prepared for this.

As far as she was concerned, how could the rich have only one woman?

The last thing rich people lacked was women.

But to Su Muqing's surprise, Lin Fan had never taken any advantage of her.

Instead, he had arranged a lot of work for her. Now, he had even signed her as his artiste.

"You may be an artiste in my future company, Su Muqing, but you have to know that you're still my assistant in the company. You're still in charge of some work in the company."

"In the entertainment company, you're also my assistant and have to be in charge of work. At the same time, you're equivalent to my manager. Many jobs can't be handled by Lin Qianwei alone."

"So you might have to work harder, but you won't lose a cent." Lin Fan smiled.

"Yes, yes, Boss Lin. No matter how hard the work is or busy I am, I will finish my work," Su Muqing said seriously.

What touched her most was his recognition of her abilities.

If he didn't approve of her abilities, why would he let her hold so many positions at once?

Other than being busy and a little tired, everything else was fine.

She could live with those things.

Her goal was to let the Su family see her ability clearly.

She was not inferior to her sister, Su Wan'er.

"But you won't have any part in any endorsements or TV shows for the time being. I'm planning to make a movie called Kung Fu Hustle. There's a character in it that suits you. If you don't have acting talent, you can train slowly. That character is a mute woman who doesn't speak the entire time. I'm sure you can act it out well."

"It's decided now. You're the most suitable female lead for that movie. Train your acting skills well. We'll start work in about two months." Lin Fan smiled.

If others knew that Lin Fan was so good to his artistes, many people would go crazy.

That would be the first movie Lin Fan planned to make.

As for the female lead of this movie, Lin Fan did not even choose Xia Wanqiu. He chose Su Muqing.

From a professional point of view, Lin Fan felt that Su Muqing was just right for this role.

Su Muqing was the most innocent-looking girl he knew.

Moreover, Xia Wanqiu and Su Xiaoyu still had to film the third season of the Legend of Sword and Fairy. They did not have time to film this movie.

“Thank you, Boss Lin.” Su Muqing said very little, but she was very grateful.

“Since you’re my artiste now, keep these clothes. I’ll help you buy clothes. There are so many beautiful clothes here. How could you only buy so few clothes?”

“Buy clothes. Don’t save money for me. Buy whatever you want.” Lin Fan smiled and looked at the salesperson. “Um, wrap up all the clothes in this row.”

Su Muqing: “???”

The salesperson was confused.

When Su Muqing was buying clothes, even though she wasn’t spending her own money, she was trying her best not to spend too much of Lin Fan’s money.

In the end, Lin Fan came up and bought an entire row of clothes.

“Also, when you pack, change these styles of clothes to ones that suit Su Muqing’s figure,” Lin Fan said, directly buying many clothes for Su Muqing.

When Lin Kexin and Tang Xinran came out, the two girls also picked a few clothes each.

These girls were too thrifty.

If it were any other gold digger, they would have gone on a killing spree and bought all kinds of clothes.

However, the girls around Lin Fan had completely different personalities.

How could the girls around him be so sensible?

It was mainly because Lin Fan really did not lack money.

He was surrounded by little fairies and could earn a lot of money.

“Also, pack this row and these children’s clothes.” Lin Fan waved his hand and bought many beautiful clothes.

Seeing how generous Lin Fan was, the salesperson became even more enthusiastic.

In addition to her enthusiasm, she was touched.

She was even a little envious of Xia Wanqiu for having such a good boyfriend like Lin Fan.

Although Lin Fan was on the phone just now, he was actually observing Su Muqing, Lin Kexin, and Tang Xinran.

When the three girls bought clothes, they looked at many clothes for a long time. After hesitating for a long time, they still did not buy them.

They just wanted to save money for Lin Fan.

These girls did not have Su Xiaoyu’s qualities.

Su Xiaoyu would not be like this when she bought clothes. She would buy whatever she wanted, mainly because she did not lack money at all.

The clothes that Lin Fan bought were all clothes that Su Muqing, Lin Kexin, and Tang Xinran liked.

Being a successful boss was all about getting the details right.

“Boss Lin, there’s really no need to buy so many clothes,” Su Muqing said.

“Me too.” Lin Kexin nodded.

“They’re all yours. I’m your boss. Rich people are willful.” Lin Fan laughed and didn’t explain.

After helping these girls pack their clothes,

Lin Fan also picked out a few clothes seriously. The clothes he bought for Xia Wanqiu and Su Xiaoyu were all carefully chosen by Lin Fan.

This was the special treatment given to his wife.

After picking out the clothes and buying everything,

Lin Fan had only spent 1.32 million.

He thought it was going to cost a lot of money, but it didn’t.

What he had to do next was to go home and see how good Xia Wanqiu looked in these clothes.

After Lin Fan left,

Many salespeople and managers were envious of Lin Fan.

“Lin Fan has such a beautiful girlfriend, Xia Wanqiu, and so many girls around him. I’m a little envious.”

“It’s mainly because Lin Fan is relatively rich. You don’t know that when Lin Fan was choosing clothes just now, he waved his hand. He bought this row and that row.”

“This really explains what it means to be... rich and willful!”
