

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 335-339

Chapter 335: Xia Wanqiu, Marry Me!

When the image froze, Lin Fan finished the last song.

Lin Fan quietly left the stage and walked to Xia Wanqiu's side.

Lin Fan was no longer on camera either.

Logically speaking, it was time to move on to the next program.

After all, this was a live broadcast on Zhejiang Television. If there was a gap of a few seconds, this would be a live broadcast accident.

Such behavior was strictly forbidden during live broadcasts.

In that case, it would even become a trending topic on Weibo.

If there was a minute of lag at the live broadcast venue, it would affect the entire live broadcast.

If it was a CCTV gala, they couldn't miss even a few seconds.

However, today, there was still a live broadcast accident.

After Lin Fan left, the host, He Ling, did not make his next move.

The fans didn't realize that Lin Fan had left and were still immersed in the world of music.

Even the staff of Zhejiang Television were enjoying this moment in a daze.

Not that the staff was to blame.

It was mainly because... Lin Fan's singing had conquered everyone present!

Ten seconds ...

Twenty seconds ...

Thirty seconds ...

On Zhejiang Television's live broadcast, there was a 30-second lag!

Scenes of the fans cheering Lin Fan's name only appeared thirty seconds later.

At this moment, the director panicked.

The boss panicked, too.

What the hell... There was a live broadcast accident!

A very serious live broadcast accident!

Thirty seconds of lag. None of the staff present could react.

Before the host He Ling could speak, the director reacted first. He wanted to put up a scene to save this moment.

Of course, Lin Fan did not care how the livestream was broadcasted. After singing, he appeared in front of Xia Wanqiu.

Looking at the girl he loved, Lin Fan smiled brightly and held Xia Wanqiu's hand.

It was a little cold.

Xia Wanqiu blushed and looked at Lin Fan.

“You sing... so well,” Xia Wanqiu said softly. Her beautiful eyes looked at Lin Fan. She was as beautiful as she could be now.

“The venue of the livestream gala tonight is beautiful.” Lin Fan smiled.

“Mmm ~” Xia Wanqiu nodded gently.

“But no matter how beautiful the livestream gala is, it’s not as beautiful as you.” Lin Fan smiled. Seeing Xia Wanqiu in front of him, his mind seemed to explode.

In any case, there were so many people present that the director could not possibly direct the camera to him.

The show had to continue, and the fans would only pay attention to the show on stage. Who would care what he wanted to do?

Lin Fan didn’t care. All he wanted to do was hug the girl in front of him.

Hug her and share this moment of happiness with her.

At the same time, the director of Zhejiang Television happened to not have a scene to cut to and directly directed the camera to Lin Fan.

On the four huge LED screens, plus the live broadcast from Zhejiang Television, all the images were aimed at Lin Fan.

Lin Fan did not realize that the cameras were already aimed at him. He hugged Xia Wanqiu tightly with both hands.

Then, Lin Fan’s kiss landed on Xia Wanqiu’s red lips.

Xia Wanqiu blushed and wanted to struggle, but Lin Fan was so strong. How could she struggle out?

A beautiful couple kissed each other.

Lin Fan hugged Xia Wanqiu's slender waist and felt the soft and warm fragrance in his arms. He kissed her red lips tightly.

The world seemed to freeze.

The image on the camera also froze at this scene.

Countless fans were frantically taking screenshots of the scene.

Lin Fan kissed Xia Wanqiu in front of countless fans.

In television series, Lin Fan had kissed Xia Wanqiu many times, but in real life, in front of the camera, Lin Fan had never kissed Xia Wanqiu.

Today was the first time.

Lin Fan didn't realize any of this, and neither did Xia Wanqiu.

It was all so sudden.

Lin Fan only wanted to kiss his cat, but he attracted so many people's attention.

When the fans saw this, they instantly came back to their senses.

The host, He Ling, also reacted, a chill running down his back.

No one cared about the live broadcast accident just now.

Everyone only cared about Lin Fan kissing Xia Wanqiu.

Fans screamed in unison at the spectacle.

“Propose!”

“Propose!!”

“Propose!!!”

“Propose!!!”

Even the big stars around them were cheering.

Everyone in the entertainment industry had seen Lin Fan and Xia Wanqiu’s relationship.

They were already at the age of marriage. Lin Fan kissed Xia Wanqiu in front of so many people.

Of course, the fans had to kick up a fuss completely.

Lin Fan let go of Xia Wanqiu’s red lips and held her hand as he watched his fans shout crazily.

“Ah...” Xia Wanqiu realized and hid behind Lin Fan.

She was usually shy. Now the audience in front of the television, plus all her fans, and all her relatives and friends, her parents and family, saw her and Lin Fan kissing.

Everyone in the country saw this.

How could she face anyone in the future?

It was normal to kiss in a television drama because fans knew that the drama was fake. Even kissing was a plot requirement.

But this wasn’t a TV show. This was reality.

“Meow, meow. It’s all your fault. It’s all your fault!” Xia Wanqiu looked angry as she punched Lin Fan.

Lin Fan didn't care. He stepped forward, took her in his arms again, and kissed her lips.

So what if he kissed his wife in front of his fans? He just wanted to kiss her.

Xia Wanqiu blushed even more, but she did not resist this time.

Anyway... she had already been kissed once. She wasn't afraid of being kissed again.

The fans screamed even louder.

After Lin Fan finished kissing her, Xia Wanqiu could not breathe.

D*mn Lin Fan. All he did was bully her in front of so many people.

While Xia Wanqiu was angry, Lin Fan did something even bigger.

A man should be strong!

The half-year agreement was less than a month away now.

That was why he wanted everyone to see his determination.

How difficult could it be for a man to risk everything for the woman he loved?

Right in front of the live cameras,

Lin Fan took out a small, exquisite box from his pocket.

He opened the small box. Inside was a necklace.

This was the world's top handicraft, symbolizing the eternity of love. It was also something Lin Fan had meticulously customized for her.

All this time, Lin Fan had been carrying it. He couldn't lose something like this.

He hadn't expected it to come in handy today.

Without asking for Xia Wanqiu's opinion, Lin Fan took the necklace and put it around Xia Wanqiu's neck.

He opened another small box. Inside was a diamond ring.

In front of the national audience,

Lin Fan knelt on one knee and looked at the girl in front of him, holding the diamond ring's box with an affectionate gaze.

"Xia Wanqiu, it's a pleasure to have met you thirteen years ago."

"Thirteen years ago, I didn't know anything about love or liking or affection."

"I was ignorant at the time."

"But today, I understand everything. I understand what love is."

"Turns out, my heart beats faster in front of you. Seeing you smile makes me happy. Seeing you cry makes me sad. Seeing you in danger makes me willing to protect you at all costs. Being able to hold your hand is the greatest happiness of my life."

"I finally know. I fell in love with you thirteen years ago, when I first saw you."

"This liking lasted thirteen years."

"I'm very lucky that the heavens allowed me to meet you in a vast sea of people."

“I would swear to protect and love you for the rest of my life.”

“So... today, with everyone here as witnesses, I want to say to you.”

“Xia Wanqiu, marry me!”

Chapter 336: Lin Fan, I’m Willing... To Marry You!

“Xia Wanqiu, marry me!”

These words echoed throughout the live broadcast of Zhejiang Television.

Xia Wanqiu’s cheeks were red as she looked at Lin Fan with a blissful smile. Her tears fell uncontrollably.

She took his diamond ring and smiled sweetly.

She looked at his sincerity and the way he looked. Standing there, she was the center of attention.

At this moment, all the girls would probably envy her.

How blissful it must have been to be proposed to by Lin Fan in public.

Lin Kexin couldn’t help but smile.

Lin Jingjing was clapping.

Fans were screaming.

Su Xiaoyu was taking pictures carefully. No one noticed that her eyes were red.

Su Muqing also felt happy for Lin Fan.

Xia Wanqiu took the microphone and looked at Lin Fan. She had yet to take his ring.

“But the ugly daughter-in-law hasn’t met her in-laws yet. You haven’t met your in-laws either~~~” Xia Wanqiu smiled.

“We’ll meet them in the future, I promise.”

“I promise Mom and Dad will like you. And my in-laws will like me.”

“It doesn’t matter what they think, but... you’re the person I love the most. This is an indisputable fact.” Lin Fan looked at Xia Wanqiu, almost as if he was swearing an oath.

“~~~” Xia Wanqiu stood in front of Lin Fan adorably and took the ring from his hand.

“As long as you still want me, I’ll always be by your side~” Xia Wanqiu said softly, her cheeks flushed.

“So...” Lin Fan looked at Xia Wanqiu expectantly.

“Lin Fan, I promise... to marry you,” Xia Wanqiu said with a red face and lowered her head.

“Xia Wanqiu, since you’ve promised me, don’t go back on your word for the rest of your life,” Lin Fan said seriously. He stood up, took the ring, and put it on Xia Wanqiu’s ring finger.

Xia Wanqiu looked at Lin Fan and said in a low voice, “Girls have always been faithful since ancient times.”

Hearing those words, Lin Fan smiled the happiest smile of his life.

He picked up Xia Wanqiu and spun her around in the air.

He had finally succeeded in proposing to Xia Wanqiu!

The woman he loved most was finally in his arms.

Although he had yet to get Xia Wanqiu’s parents’ approval, Lin Fan knew that this day was not far away!

“D*mn, Lin Fan really got Xia Wanqiu. The proposal succeeded!” Gao Lixiong said. He looked at Lin Fan from the television with envy.

“Lin Fan got a huge bargain. He really got our school belle.” Xue Yaoting laughed.

“No girl can reject Lin Fan’s proposal. Lin Fan... is so handsome,” Xie Tingting said.

“Brother Lin Fan is so handsome~~~ I wish Brother Lin Fan happiness.” Xu Shiyin muttered in front of the television.

Many of Lin Fan’s high school classmates were cheering for him and posting on their WeChat Moments.

The audience were screaming. The proposal was a success!

Other programs were also being broadcasted on Zhejiang Television’s livestream. Although there was this small episode, it was very meaningful to Lin Fan and Xia Wanqiu.

That night, Weibo exploded!

The top trending search on Weibo was Lin Fan proposing to Xia Wanqiu!

Second on Weibo’s hot search list, girls would always be faithful!

Such an upright girl was liked by both men and women.

Third on Weibo’s hot search list, Lin Fan sang.

At the same time, Lin Fan’s songs became popular on TikTok!

Lin Fan’s proposal to Xia Wanqiu also blew up!

It went completely and utterly viral!

With such traffic, Lin Fan's television drama also became popular!

After returning home, Su Xiaoyu went to bed.

Lin Fan hugged Xia Wanqiu's waist and smiled. "Wanqiu, you've already agreed to marry me. Then... don't go to your room tonight, okay?"

Lin Fan really couldn't take it anymore.

Xia Wanqiu was so beautiful and cute in front of Lin Fan. She was wearing a cat cartoon pajamas and had fair and slender long legs.

Even a saint could not remain calm.

This was a normal physiological reaction. Lin Fan didn't want to resist.

What a blessing it would be to do the deed with his girlfriend.

Xia Wanqiu blushed. She did not resist and did not speak.

Seeing Xia Wanqiu like this, Lin Fan knew that there was a chance!

Xia Wanqiu also had a day when she couldn't take it anymore, right?!

Haha, tonight was the moment for him to rise!

It was also the moment for him to completely establish his family position!

Lin Fan carried Xia Wanqiu into the room.

Xia Wanqiu's face was red.

“Meow~~~ Take a shower first,” Xia Wanqiu whispered.

“Okay.” Lin Fan nodded and went to take a shower.

He had thought tonight would be a happy night.

But a call came through on Xia Wanqiu’s phone.

It was Xia Wanqiu’s father.

“I won’t agree to Lin Fan marrying you,” Xia Wanqiu’s father said with a straight face.

“Daddy, why?” Xia Wanqiu asked.

“There’s no reason. If I say I don’t agree, I don’t agree. The half-year agreement hasn’t even arrived and Lin Fan wants to intercept you halfway?” Xia Wanqiu’s father said.

“Even if you want me to agree, you have to wait until I see Lin Fan first,” Xia Wanqiu’s father said.

Xia Wanqiu was speechless.

She hadn’t expected her dad to react so strongly.

He disagreed outright.

Xia Wanqiu’s father continued, “Also, let me tell you, your mother won’t agree either. That’s because other than having great achievements in business, your mother is also a doctor. And you know that your mother looks down on celebrities the most.”

“If you marry Lin Fan without the consent of your family, the Old Master of the Xia family will not agree either. No matter what background Lin Fan has, he will suffer a calamity.”

How could a celebrity compare to a huge family?

“Daddy, don’t bully Lin Fan. I don’t agree. Also... Xiaoyu won’t agree either,” Xia Wanqiu said.

“If you don’t agree, there’s nothing you can do. If you really want to marry Lin Fan, you have to bring him to Daddy first.”

“If Lin Fan is really outstanding, it’ll be easier for me to tell your mother and Old Master. At least let me see Lin Fan first. If he can’t even get past me, then forget it.” Xia Wanqiu’s father’s deep voice sounded.

“Also, I hope you remember the Xia family’s ancestral teachings. If you’re not married, you can’t do anything out-of-line. Otherwise, the Xia family will bring you home directly. You and Lin Fan will never see each other again,” Xia Wanqiu’s father said.

1

His choice of words was particularly harsh this time.

In the end, Xia Wanqiu hung up weakly.

Her dad’s company already had tens of billions in assets. Her mom was even better, and her mom was a real business genius!

It was precisely because of this that her mother could give birth to a daughter like Su Xiaoyu. Apart from that, Old Master Xia’s Xia family was truly terrifying!

Even if Lin Fan was the CEO of Estée Lauder, if the Xia family really wanted to deal with him, how could Lin Fan be their match?

Lin Fan got her approval.

However, the Xia family did not agree.

She felt tremendous pressure.

Seeing Lin Fan come out of the shower, Xia Wanqiu’s eyes were filled with tears. She was crying.

"I'm sorry... Lin Fan." After Xia Wanqiu finished speaking, she stood up and walked out of the room.

"Xia Wanqiu, what happened? Tell me." Lin Fan chased after her and held her hand. He was still imagining the beautiful dream later.

But now, his beautiful dream was mercilessly shattered!

Chapter 337: Looking Up!

Looking at Xia Wanqiu's aggrieved expression, Lin Fan gently rubbed her head.

"We don't have to do it tonight if you don't want to. We can do it anytime."

"I'll wait for you." Lin Fan smiled and looked at Xia Wanqiu. He would never force the girl he liked.

"Lin Fan, my dad just called and said... he won't agree. At least not until you see him."

"And my mother... won't agree to us being together." Xia Wanqiu's beautiful eyes were sad.

"Whether your mom and dad agree or not doesn't matter."

"As long as you agree, that's enough."

"No matter what kind of son-in-law they want, I will try my best to become that person, to make them like me and gain their approval," Lin Fan said.

So what if Xia Wanqiu's parents disagreed?

Even if the world disagreed, Lin Fan would not give up.

He had already confessed to Xia Wanqiu. As long as she agreed, that was enough.

One day, he would pass Xia Wanqiu's parents' test.

The half-year agreement was now only a month away.

In this month, Lin Fan had to work harder. Only then could he have more bargaining chips when he saw Xia Wanqiu's father in a month.

Xia Wanqiu nodded gently. "Mmm ~ Lin Fan, no matter what, I will work hard with you. Let's work hard together!"

Looking at such a girl, Lin Fan gently kissed Xia Wanqiu's forehead and carried her back to her room.

Nothing happened that night, but it made Lin Fan feel more determined.

That night, Lin Fan studied Chinese chess until two in the morning.

He knew that Xia Wanqiu's father liked to play Chinese chess, so Lin Fan had been studying Chinese chess recently.

There was only one month left before he had to meet Xia Wanqiu's father.

Lin Fan would make good use of this month.

...

The next day, Lin Fan went to QQ Music and NetEase Music.

The two music companies were already working together.

Lin Fan was here to record the two songs he had sung at the livestream gala yesterday.

"Dancing With Your Ghost"

"See you Again"

When he knew that his path was difficult, Lin Fan worked especially hard.

In the recording studio, Lin Fan devoted all his emotions to singing.

Everyone was under pressure. Even Lin Fan.

The best way to relieve stress was in his singing.

The heads of QQ Music and NetEase Music, as well as the employees of the two companies, were all dumbfounded.

The star tuners hired by the company did not help Lin Fan adjust his pitch. Instead, they were all intoxicated by Lin Fan's two songs.

"Lin Fan's songs... are still so good."

"Yes, I feel like beautiful images are appearing in front of my eyes. This is Lin Fan. The Lin Fan I look up to."

"I feel that the songs Lin Fan sang here are even better than the ones he sang at the live broadcast gala. Lin Fan... is too godly."

"I'm completely convinced. If Lin Fan enters the music field, he'll become the God of Songs sooner or later!"

"Why didn't Lin Fan enter the music industry? A talent like him should enter the music industry! Once he enters, he will definitely be a superstar!"

After singing these two songs, they were uploaded to QQ Music and NetEase Music at the same time.

Lin Fan received a copyright fee of ten million yuan. Most singers wouldn't be able to get such a high copyright fee, but Lin Fan's songs were worth it!

Every one of Lin Fan's songs could go viral.

These two English songs would be no exception.

The person in charge of QQ Music looked at Lin Fan and smiled. "Boss Lin, your songs are too good. I really suggest that you can go into the music field. The achievements you can obtain will also be very high."

"I'll consider that in the future."

"I'm off." Lin Fan smiled, got into his Bugatti, and left.

After leaving the recording studio, Lin Fan went to the company to start work.

He was no longer as casual as before.

There was only a month left. Lin Fan had to get Xia Wanqiu's father's approval.

Lin Fan devoted all his energy to the company and spent his free time studying Chinese chess.

...

Huace Pictures.

Liu Xian looked silently at Zhihu, Douban, and various comments about The Legend of Sword and Fairy 3 in other places.

"The Legend of Sword and Fairy 3 is indeed popular. The Legend of Sword and Fairy 3 is on another level compared to Chinese Paladin. Be it the acting skills of the characters, the production of the special effects, the scenes, the plot, or the personas of the characters, every area can completely crush Chinese Paladin."

"Although the Legend of Sword and Fairy 3 isn't as tragic as the Legend of Sword and Fairy 1, the plot of this television drama is still so deeply entrenched in people's hearts. In comparison, Chinese Paladin seems a little childish. It's not on the same level as the Legend of Sword and Fairy 3 at all."

“This is Lin Fan’s television drama. Lin Fan pursues perfection in every area of his television dramas. That’s why the viewership ratings of this television drama exceeded 9%. It has already surpassed all the television dramas in history and broken the historical record of the entire Chinese television drama industry!”

“Lin Fan has simply saved the entire market of Chinese television dramas. He has established the precedent of Xianxia dramas and created a peak. It will be extremely difficult for future generations to surpass him!”

“Lin Fan... can be said to be the god of Chinese television dramas!”

“Lin Fan is still young. Instead, I’m looking forward to what kind of television dramas he can produce in the next ten years.”

“I don’t know if you guys know, but every time Lin Fan shoots a television drama, he only takes a month. This kind of efficiency has never appeared in Chinese history. Of course, filming a television drama is also very tiring, but Lin Fan pays the film crew five times as much as other places. The workload is also very large. It’s precisely because he works so hard that he can produce such a classic television drama.”

Almost all of the comments were praising the third season of the Legend of Sword and Fairy.

Liu Xian sighed and drank a glass of water.

On his computer, he had just finished watching all 37 episodes of The Legend of Sword and Fairy 3.

“I have to say... this television drama is really good,” Liu Xian said. He recalled how he wanted to crush The Legend of Sword and Fairy 3. In the end, Lin Fan won!

The battle between Jiaying Entertainment and Huace Pictures ended in Jiaying Entertainment’s complete victory. Almost all the audience remembered The Legend of Sword and Fairy 3, but not Chinese Paladin.

Lin Fan... won!

“I’ve been a boss all my life. I’ve used all kinds of tricks to get where I am. Today, I learned that there’s always someone better.”

“Lin Fan’s The Legend of Sword and Fairy 1 and 3 can be said to be the best two television dramas among Chinese Xianxia dramas! To be able to film them to this level, I... willingly admit my defeat!”

“Lin Fan’s ability cannot be speculated with common sense. His ability is even stronger than our entire Huace Pictures!” Liu Xian said.

The person who filmed The Legend of Sword and Fairy 1 and The Legend of Sword and Fairy 3 was Lin Fan.

For the first time today, he felt a sense of worship and admiration!

Chapter 338: Lin Fan Can Change an Era!

“Boss, do you want to continue targeting Lin Fan?” the assistant asked.

“That won’t be necessary.”

“Lin Fan created myth after myth. It’s useless to target him anymore.”

“It’s mainly because... his The Legend of Sword and Fairy 1 and The Legend of Sword and Fairy 3 were too good. There were also the first and second seasons of Joy of Life. They were all amazing. Even I liked these television dramas,” Liu Xian said.

“But Lin Fan is still a member of Jiaying Entertainment,” the assistant added.

“It doesn’t matter what kind of person Lin Fan is. He’s already popular in the entertainment industry. Trying to target him again won’t change the fact that these television series are viral.”

“Actually, I’m not Lin Fan’s enemy. Lin Fan’s ability is absolutely rare in the entertainment industry. If Lin Fan hadn’t established a company, I would definitely rope him in,” Liu Xian said.

“CEO Liu, but you’ve hurt Lin Kexin before after all. Even on Weibo and social media...” The assistant said.

Liu Xian felt a trace of regret when he heard this.

He had offended Lin Fan.

He also learned what kind of person Lin Fan was.

Lin Fan would definitely grow even more terrifying in the future, and Jiaxing Entertainment would also improve.

He deleted all the posts on social media and got Lin Kexin's number.

Liu Xian now had a strong intuition that he could no longer be Lin Fan's enemy.

Otherwise, Huace Pictures might disappear from the entertainment industry!

Most importantly, Lin Fan's ability had conquered Liu Xian.

Liu Xian had seen what a true genius was. A genius worthy of his admiration.

He did not dare to contact Lin Fan directly and instead contacted Lin Kexin.

"Lin Kexin, it's Liu Xian. Can we have a chat?" Liu Xian smiled and called Lin Kexin.

"Is there something you want to talk about?" Lin Kexin didn't sound pleased. She knew what Liu Xian had tried to do to her earlier.

"Lin Kexin, I'm sorry. I was an idiot for what I did previously. I'm willing to return the 200 million yuan contract termination fee to you. I just hope you can forgive me," Liu Xian said.

There was no emotion in Lin Kexin's beautiful eyes when she heard this. "I'm sorry, CEO Liu. I'm an employee of Jiaxing Entertainment now. If you have any questions, you can talk to my boss. Also, I'm not angry or resentful of you. Huace Pictures gave me the chance to be a celebrity. You guys have done me a favor. Although I was angry at you guys previously for banning me, we don't owe each other anything now."

Faced with Lin Kexin's attitude, Liu Xian felt a little sad. "I hurt you. I came to apologize to you very sincerely."

“I’m not asking for your forgiveness, just my peace of mind. In fact, Huace Pictures is targeting Jiaxing Entertainment to protect you. If Huace Pictures doesn’t target you, someone else will. Fortunately, the television series you filmed has already become popular. Lin Kexin, I’m proud of you.”

Lin Kexin fell silent when she heard Liu Xian’s words. “If there’s nothing else, I’ll hang up first.”

After hanging up, Liu Xian called Su Muqing.

“Miss Su, I want to have a chat with Boss Lin. Is that okay?” Liu Xian asked.

Before Su Muqing could speak, Lin Fan took the phone.

“What do you want?” Lin Fan asked. He did not have a good attitude towards Liu Xian. Liu Xian had hurt his employee. If not for him, Lin Kexin would have been completely banned.

“Lin Fan, I’m here to apologize. What I did before was wrong. Liu Xian was wrong.”

“I’m willing to return the two hundred million yuan contract termination fee to Jiaxing Entertainment and promise that Huace Pictures will never target Jiaxing Entertainment again.”

“Jiaxing Entertainment has just entered the entertainment industry and has yet to gain a foothold. Huace Pictures is willing to help you and give you all its resources,” Liu Xian said.

He already sounded very sincere.

Being willing to give Lin Fan 200 million meant that Liu Xian had really admitted his mistake.

“CEO Liu, it doesn’t matter if Huace Pictures is an enemy of Jiaxing Entertainment or a friend of Jiaxing Entertainment.”

“I appreciate your kindness. Jiaxing Entertainment doesn’t need this 200 million. The harm you caused Lin Kexin in the past can’t be made up for so easily.”

“Our companies can avoid being enemies, but it’s hard to be friends,” Lin Fan said. He rejected Liu Xian’s suggestion.

Liu Xian had once dealt huge blows to Yuehua Entertainment and Jiaying Entertainment.

In the entertainment industry, and even in business, interests were the most important.

But some things had nothing to do with interests.

Lin Fan didn’t lack this 200 million, nor did he need to use 200 million to get together with Huace Pictures.

However, Lin Fan would not continue to be enemies with Huace Pictures. They would just be strangers who had nothing to do with each other. That was enough.

Liu Xian sighed. “Lin Fan, I just want to ask you one thing.”

“It’s true that we can’t be friends, but Huace Pictures will still treat you as friends.”

“I just want to ask you... to enter the movie industry in the future. Chinese television dramas can only become popular in China. It’s very difficult for them to become popular overseas.”

“China’s movie market is depressed. It’s completely crushed by Westerners. Westerners look down on it, and it can’t compare to Hollywood. Not just Westerners, but even Asians look down on Chinese movies.”

“Huace Pictures has already done its best in the movie industry. In China’s current movie market, bad movies are everywhere. Lin Fan, I want to ask you... to change China’s movies and an era. In the whole of China, I think you’re the only one who can do it!”

Liu Xian sounded very sincere.

Every CEO in the entertainment industry had such a desire.

It was just too hard to do that.

China's movie market was far behind the West's.

They could only rely on Lin Fan to change the status of Chinese movies in the world!

Lin Fan smiled at that and replied. "I will."

Compared to television dramas, movies made the most money.

If he could get billions from the box office, the company could make a lot of money.

Changing the status of Chinese movies in the world was a long process. Lin Fan didn't think he could take on such a heavy responsibility, but he would also contribute to the movie market.

However, there were still many things to learn about filming movies. Lin Fan's most important task now was to prepare to meet Xia Wanqiu's father.

After hanging up, Lin Fan saw Xia Wanqiu and Su Xiaoyu waiting for him at the entrance of the company.

These two girls were always sticking together.

Seeing Xia Wanqiu and Su Xiaoyu, Lin Fan felt that his entire life was filled with motivation.

No matter how difficult of an obstacle he faced, he could still overcome it!

There was only a month left.

A month later, when he met Xia Wanqiu's father and obtained his approval, Lin Fan could... take another step closer to Xia Wanqiu.

Chapter 339: Signing in and receiving the shares of Emperor Entertainment!

Translator: Atlas Studios Editor: Atlas Studios
Unknowingly, half a month had passed.

It had been a long time since Lin Fan signed in.

The good thing about this system was that it could stack sign-ins.

For example, if he did not sign in for a month, he could sign in twice after a month.

Now, Lin Fan had not signed in for five times.

“Ding! Master, do you choose to sign in?” The system’s voice sounded.

“Sign in.” Lin Fan nodded.

“Ding! Congratulations to Master for successfully signing in. You have obtained a Bombardier Challenger 850 private jet!”

“Ding! Congratulations to Master for successfully signing in. You have obtained Tomson Riviera smart duplex!”

“Ding! Congratulations to Master for successfully signing in. You have obtained 35% of the shares of Emperor Entertainment and become the largest shareholder of Emperor Entertainment!”

“Ding! Congratulations to Master for successfully signing in. You have obtained self-driving technology (Mature version)!”

“Ding! Congratulations to Master for successfully signing in. You have received 1,000 business ability points!”

After signing in, Lin Fan opened his eyes.

What Lin Fan did not expect was that this time, he had made up for all the five times he did not sign in previously.

Moreover, everything he received was good stuff!

“Ding! The relevant property rights information has been sent to the system inventory. Master can choose to retrieve it at any time. Master is advised to retrieve the private jet in an open field. Otherwise, the private jet cannot be retrieved.” The system’s voice sounded.

Lin Fan nodded. Everything he signed in and received now could be said to be... a jackpot!

A Bombardier Challenger 850 private jet would cost at least tens of millions, and possibly hundreds of millions, maybe even billions.

When Lin Fan opened the information on the Bombardier Challenger 850 private jet, he was even more dumbfounded.

Bombardier Inc is the third-largest manufacturer of civilian aircraft in the world, and is particularly skilled in business aircraft. It owns the Learjet, Challenger, and Global series, of which Challenger is the best-selling wide-body airliner series. The Challenger 850 is one of the best in the series, and is the model of business jets in terms of comfort and reliability. The aircraft is powered by two General Electric CF34-3B1 turbines and has a maximum speed of 850 km/h. It can fly for 5,206 kilometers when carrying eight passengers.

A plane like this was worth 360 million!

Lin Fan had obtained a private jet worth 360 million yuan by signing in!

With a private jet, it would be more convenient for Lin Fan to go overseas in the future. He would no longer be restricted by flight times.

Only the truly wealthy could have private jets.

Most wealthy people had nowhere to buy a private jet. Even if they did, they had to buy an airline route.

And the system had helped Lin Fan solve this problem. If the top tycoons knew that Lin Fan had a private jet, their jaws would probably drop.

“A Tomson Riviera smart duplex... This villa is worth 130 million!” Lin Fan looked at this villa. Although it couldn’t compare to the 300-million-yuan villa that he received after completing the system mission, it was still a villa worth hundreds of millions!

This system was too awesome!

“A 35% stake in Emperor Entertainment is also a good thing.” Lin Fan’s eyes lit up. He rejected Liu Xian’s suggestion. Jiaxing Entertainment was still a new company that had just been established, but Emperor Entertainment was already an old company with a lot of foundation.

Now that Lin Fan had become a major shareholder of Emperor Entertainment, it was equivalent to Lin Fan owning two entertainment companies at the same time. One was a company with a strong foundation, and the other was Jiaxing Entertainment, which he had established himself.

“There’s also the mature version of self-driving technology. Signing in and receiving something like this is no longer something that can be measured with money,” Lin Fan said.

The previous three were all things that could be bought with money.

Self-driving technology could not be bought with money.

There was no complete self-driving technology in the entire world now, but Lin Fan had already obtained a mature version of it through the system.

In other words, if Lin Fan had the ability, he could directly use self-driving technology in practice.

Self-driving technology was a great innovation in the history of the world’s automobiles!

If Lin Fan could use mature self-driving technology, it would affect Asia, Europe, Africa, the Americas... and even the entire world!

Now, people all over the world were dying from car accidents every day. If the self-driving technology was very mature, it was 100% possible to avoid car accidents.

At that time, this technology would be greatly spread. Not only could it make a lot of money, but it could also change an era.

Lin Fan didn’t have such high dreams. It was already good enough that he could earn money.

He thought about how much money Nokia had made when it was first established. Then he thought about how much money Apple had made when it was first established.

It could be said that one could earn endless benefits by mastering a technology.

“Unfortunately, although I have this technology now, I can’t use it in practice yet,” Lin Fan said. However, it was already very impressive to have this technology.

In the future, if there was a chance to use it in practice, he wondered how much money he could earn.

“The fifth thing I got after signing in is the real good stuff. 1,000 points of business ability are enough for me to do well in the entertainment industry and the company,” Lin Fan said.

The system had only given him about 40 points for his business ability. Now that he had 1,000 more points, he could already become a business elite. Although he was still inferior to Su Xiaoyu, he was already very good.

There was no way to improve his business ability in a short time even with money.

After Lin Fan confirmed the retrieval, all 1,000 points of business ability were added to himself. The self-driving technology also entered Lin Fan’s mind.

After an intense pain, Lin Fan felt endless knowledge surging into his mind.

Lin Fan still sighed.

He was not quite satisfied.

He had signed in and received so many things, but he had not signed in and received God-level Chinese chess ability.

It seemed that he could only rely on himself to defeat Xia Wanqiu’s father in Chinese chess!

At the same time, because Lin Fan had become the largest shareholder of Emperor Entertainment, there was a huge commotion within the company!

The boss had changed!

The CEO of Emperor Entertainment had been changed to... Lin Fan!

One had to know that the number of big stars owned by Emperor Entertainment far exceeded that of Huace Pictures!

Chu Yaoyao was a big star under Emperor Entertainment. Previously, when they worked together at Huace Pictures, Huace Pictures only dared to bully Lin Kexin but not Chu Yaoyao.

There were also the superstars Lin Yiyi, Lin Qingxuan, and the popular girl group, Youth Girls 303.

The market value of Emperor Entertainment had already exceeded 20 billion!

It could be said to be a giant company in the entertainment industry!

And the boss of this company was Lin Fan!

The entire company was shaken!!!
