

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 385-389

Chapter 385: It's Really Good To Be Lin Fan's Assistant

Xue Kexin nodded. "Jiaying Entertainment is still recruiting. After all, the company has just started and needs a lot of people to join. Only then can Jiaying Entertainment continue to grow."

Hearing Xue Kexin say that, Zhang San and Li Si smiled.

They could also join Jiaying Entertainment!

That day, they completed the resignation procedures at the company and prepared to go to Jiaying Entertainment.

After all, no ordinary person would be able to withstand the salary of Jiaying Entertainment.

Zhang San and Li Si were considered talents in the entertainment industry, so they naturally hoped that they could earn more money.

In the afternoon, Zhang San and Li Si arrived at the entrance of Jiaying Entertainment.

"Ah... What a big company. The interior of the company is also very luxurious. Look at the cars parked at the entrance of the company. They're all good cars worth hundreds of thousands. I see Mercedes-Benz and BMW..."

"Could it be that the employees of Jiaying Entertainment can all drive such good cars?" Zhang San said in surprise.

This meant that the entire company was very rich.

The salary Lin Fan gave his employees weren't low. It was because of this that the company could reach its current state and the employees could earn a lot of money.

They were envious and jealous.

Who could work in Jiaying Entertainment and Lin Fan's company to earn so much money?

Just as he reached the entrance of the company, the security guard at the door bowed slightly.

The security guards here were of high quality.

Of course, they were also very tall. The shortest security guard was above 185cm.

If one wanted to be a security guard at Jiaying Entertainment, education was also very important.

With a high education level, the staff quality would be higher and they would know more.

The security guards here were basically all graduates of undergraduate studies. Most of them were talents from famous schools.

These people were willing to be security guards.

Who asked Jiaying Entertainment to give them such a high salary?

Even the salary of the security guards had reached 20,000 to 30,000 a month.

Of course, if one did a good job as a security guard, one could become a celebrity's security guard.

"Mr. Zhang, Miss Li, welcome to Jiaying Entertainment," the security guard at the door said with a smile. With Xue Kexin and Lu Benkai's introduction, the security guard clearly knew the identities of these two people in advance.

"Ah, hello," Zhang San and Li Si replied politely.

"Come this way," the security guard said with a smile and walked in with Zhang San and Li Si.

When they saw Jiaying Entertainment, Zhang San and Li Si were stunned.

What kind of godly company was this...

This company... was too big.

The decorations in the company were very likable.

The work desks between the employees were also very big. They were not crowded like some companies.

Soon, Zhang San and Li Si saw an outstanding girl.

They were very familiar with this girl.

Su Muqing.

She walked in front of the two of them and smiled brightly. "Hello, Mr. Zhang and Miss Li. I'm Boss Lin's assistant, Su Muqing. I'm here to receive the two of you."

When Zhang San saw Su Muqing, his eyes widened. "You're so pretty. Aren't you acting as Su Muqing in 'Twenty Your Life On'? You're already a big star now."

Li Si was also a little envious. When she saw Su Muqing in person, she realized how beautiful she was.

Su Muqing nodded obediently. "Yes, the two of you can visit the company first and understand it."

She first brought Zhang San and Li Si around the entire company.

Whether it was the post-production team or the directing team, the working environment was quite good.

The company also had a resting area, a snack area, and a delicious restaurant. These all attracted Zhang San and Li Si.

To them, the working environment of Jiaying Entertainment was simply heaven.

Su Muqing looked back and smiled. "Are you willing to join Jiaxing Entertainment?"

Zhang San said, "It's my honor to be able to work at Jiaxing Entertainment. The working environment here is quite good."

Li Si nodded as well. "We've all resigned. It's also to join Jiaxing Entertainment. Can we ask a question? Don't we need to see Boss Lin?"

When Su Muqing thought of Lin Fan, her cheeks turned slightly red. She smiled sweetly and said, "No need. I'm Boss Lin's assistant and I'm also in charge of HR. I've already understood your resumes before."

"Fortunately, you all meet the recruitment requirements of Jiaxing Entertainment, but this is not enough. The director team and post-production team need very professional knowledge. Therefore, after you officially join the company, you will participate in the training given to you by the company. Currently, the salary given to the two of you is 10,000 yuan a month. You will be on probation for three months. After the probation period and training, you can become an official employee. After that, your salary will not be less than 30,000 yuan a month."

"If there are no other problems, you can sign the contract and settle the employment procedures," Su Muqing said.

The probation period was 10,000 yuan a month.

Although this salary could not compare to their previous salaries, once they became permanent employees, they could receive a very considerable salary.

Furthermore, even if it was 10,000 yuan a month, Zhang An would still come.

There were too many beauties in Jiaxing Entertainment.

When he was visiting the company just now, Zhang San saw many beautiful ladies.

There were beautiful receptionists, beautiful celebrities, and some young female artistes who were being selected. The company would also go to Beijing Film Academy to recruit students regularly and find people to act in television dramas.

When Zhang San passed by just now, he saw Xia Wanqiu. At that moment, Zhang San had already made up his mind to come to Jiaxing Entertainment.

Just seeing so many beautiful ladies was enough. They were too eye-catching.

Not to mention anything else, the artistes in Jiaxing Entertainment were all very beautiful and the male artistes were all very handsome.

After the two of them signed the contract and officially joined the company, Su Muqing finished a day's work.

She helped the company recruit two more people.

Su Muqing had already kept their salaries relatively low.

To become a qualified assistant, the most important thing was not to spend money on Lin Fan.

Although the company was rich, not everyone could receive such a high salary at Jiaxing Entertainment.

The company would look at an artiste's comprehensive ability to evaluate their salary.

If Zhang San and Li Si performed well in the future, their salaries could be raised.

The tiring day was officially over.

When she returned to Tomson Riviera, Su Muqing thought of Lin Fan and couldn't help but smile foolishly.

Lin Fan lived in a small villa in Tomson Riviera. There were a few girls living there. Su Muqing, Lin Kexin, Chu Yaoyao, and Tang Xinran.

There were just four girls but they lived in such a big villa.

Su Muqing took off her clothes, revealing her snow-white long legs, exquisite collarbone, and clean figure as she entered the bathtub.

It was really good to be Lin Fan's assistant.

Although she hadn't seen Lin Fan much today, being able to work in the company was her greatest blessing.

Chapter 386: With Such a Girlfriend, What Else Can I Ask For?

Early in the morning.

Su Muqing knocked on Lin Fan's office door and walked in. "Boss Lin, I've bought the plane ticket to Jiang City in the afternoon. After you reach Jiang City, you can go home with Sister Wanqiu."

"I've also prepared the things you want. They're all good tea leaves and a lot of good wine ~"

"Oh right, I even prepared a car in Jiang City. However, because of the rush, I only prepared a Buick GL6. But don't worry, when it's Wanqiu's grandfather's birthday, I can prepare a brand new car for you," Su Muqing said.

"Alright, sure. A car is just a means of transportation. It doesn't matter what kind of car it is." Lin Fan nodded. "You've worked hard."

In the afternoon, they would officially set off for Jiang City.

He had to officially meet Xia Wanqiu's father.

Whether Lin Fan and Xia Wanqiu could really get together depended on whether her parents would agree.

If their parents didn't agree, there would be many problems with Lin Fan and Xia Wanqiu's relationship.

After all, Lin Fan respected Xia Wanqiu's father very much.

Lin Fan also knew that this prospective father-in-law paid a lot of attention to him.

As long as he could meet Xia Wanqiu's father's requirements, Lin Fan would be able to obtain his approval.

In the past six months, Lin Fan had opened a company and produced a few popular television dramas. He had also learned how to play Chinese chess.

In the afternoon, Xia Wanqiu returned.

Today, she was still dressed beautifully. She was wearing jeans and a cat half-sleeved shirt. She was carrying a small cat bag on her shoulder.

Lin Fan felt that Xia Wanqiu had lost weight again.

When he saw her, he was still very stunned.

Xia Wanqiu's hairstyle today was very simple. It was black and straight, giving off the feeling of a girl next door.

"Meow, meow?" Xia Wanqiu looked at Lin Fan and made a cute gesture.

At the entrance of the company, Lin Fan smiled and walked forward to give Xia Wanqiu a hug.

"You dressed up really well today," Lin Fan praised.

"Didn't I look good in the past?" Xia Wanqiu asked as she looked at Lin Fan.

"They're both pretty." Lin Fan held Xia Wanqiu's hand. With such a girlfriend around, he felt different.

"That's more like it." Xia Wanqiu stuck out her tongue. "I'm going to Jiang City today to see my father. Are you nervous?"

Lin Fan rubbed Xia Wanqiu's head. "What's there to be nervous about? I have to see my future father-in-law."

Xia Wanqiu lowered her head shyly. "I haven't married you yet and you're already calling him that."

"It's only a matter of time. Let's go." Lin Fan opened the car door for Xia Wanqiu and sat in the back seat of the car.

Then, he went to the airport.

When they arrived at the airport, Lin Fan held Xia Wanqiu's hand and walked into the airport.

When many people saw Lin Fan and Xia Wanqiu, they couldn't help but scream.

With Lin Fan and Xia Wanqiu's current popularity, if they appeared in public, they would definitely cause cheers.

"Ah ah ah, I saw Lin Fan and Xia Wanqiu."

"How can Lin Fan be so handsome? Xia Wanqiu is also super beautiful."

"I love it, I love it. Lin Fan and Xia Wanqiu are still holding hands. Their relationship is super loving."

"I don't know where Lin Fan and Xia Wanqiu are going, but when I see them together, I feel very happy. I really hope that I can have such sweet love."

However, the fans were very polite. They surrounded the two and took photos but did not do anything else.

Lin Fan and Xia Wanqiu also greeted the fans around them.

On the plane, when the air stewardess saw Lin Fan and Xia Wanqiu sitting together, she couldn't help but smile sweetly.

Lin Fan's handsomeness attracted all the air stewardesses on the plane.

Xia Wanqiu was so beautiful that the air stewardesses liked her very much.

They had not expected to be able to serve two big celebrities here.

"Lin Fan, Xia Wanqiu, ahhh, I didn't expect to see you guys on the plane. Can we take a photo together?"
A stewardess saw Lin Fan and Xia Wanqiu and smiled brightly.

"I really like your films 'Joy of Life' and 'The Legend of Sword and Fairy'. They're really too good. Boohoo, to be able to see you in person, I realized that you guys look much better in person than on television," the air stewardess said excitedly.

"Of course we can take a photo together." Lin Fan smiled.

Lin Fan, Xia Wanqiu, and a few air stewardesses were taking photos together.

After taking the photo, the air stewardesses' service became even more enthusiastic.

Another first-class man saw Lin Fan and smiled. "Mr. Lin, your girlfriend is really pretty."

Lin Fan nodded and said, "Mmm, I think it looks good too."

Xia Wanqiu ignored that man.

She just smiled politely and looked at Lin Fan with her beautiful eyes.

Ordinary people would use their phones to kill time on the plane.

Some of the more successful people might read on the plane or turn on their computers to work.

Xia Wanqiu was different. Ever since she boarded the plane, she had never played with her phone again.

It could be said that when she was with Lin Fan, she almost didn't look at her phone.

"Why aren't you playing with your phone?" Lin Fan smiled and looked at Xia Wanqiu curiously.

It took three hours to fly from Shanghai to Jiang City. Three hours was neither long nor short. The best way to kill time was on his phone.

Although there was no signal, he could watch television dramas that had been downloaded and read novels. It would pass quickly.

Furthermore, the plane had not taken off yet. It was fine to play with his phone and chat.

Xia Wanqiu shook her head. She only had eyes for Lin Fan. "I don't want to look at my phone anymore. I'm not chatting with other guys. There's only you on the list. If you want to look at your phone, go ahead. Here, do you want to check on me?"

Xia Wanqiu looked at Lin Fan with her beautiful eyes and smiled sweetly. She wasn't worried that Lin Fan would check on her.

"Alright, let's check then." Lin Fan laughed and picked up Xia Wanqiu's phone. Actually, Lin Fan wasn't checking on her. He was just bored. It was good to look at his wife's phone.

After opening Xia Wanqiu's phone, her phone screen saver was a photo of the cat.

Lin Fan opened Xia Wanqiu's QQ...

No, Lin Fan didn't find QQ on Xia Wanqiu's phone. She didn't have the app.

He opened Xia Wanqiu's WeChat and there were only three people on it.

One was Lin Fan.

One was Su Xiaoyu.

The other was her father.

Xia Wanqiu did not look at other people's messages and rarely replied.

As for calls, she rarely called.

Xia Wanqiu's photo album was filled with photos of cats. The rest were her selfies and photos with Su Xiaoyu and Lin Fan.

With such a girlfriend, his entire life was blissful.

This was probably the reason why she didn't use her phone.

She had many male celebrities on WeChat.

However, she did not want to reply to those male artistes.

Because...

To her, there was only one boy who was the most important.

It was Lin Fan.

Chapter 387: I'm Really Blissful With You

Xia Wanqiu put on her seatbelt and sat by the window on the plane.

Lin Fan looked at Xia Wanqiu's phone and returned it to her.

Xia Wanqiu looked at Lin Fan and smiled. "Are you done checking on me?"

Lin Fan rubbed Xia Wanqiu's head. "How can that be called checking? I'm just looking at WeChat."

He took out his phone. "Do you want to check on me too?"

Xia Wanqiu blinked and shook her head gently. She held Lin Fan's arm with one hand and said, "There's no need to check ~ From the past to now, I've always believed in you. Between relationships, we should trust each other, right?"

Lin Fan gently kissed Xia Wanqiu's forehead and smiled. "Of course. We should trust each other. I'm really envious of myself for having such a good girlfriend like you."

Xia Wanqiu said softly, "You're not allowed to show off your love in public. If you continue to torture the people around, they'll be angry."

At the same time, the air stewardess on the plane finished checking their seatbelts.

A familiar voice rang out. The purser told all the passengers to fasten their seatbelts. The plane was on the runway, preparing to take off.

After the plane took off, it entered a stable period.

Xia Wanqiu slowly leaned on Lin Fan's shoulder and fell asleep peacefully.

This was the sense of security Lin Fan gave her. With Lin Fan around, she wasn't afraid of anything.

On the plane, the stewardesses would give out some food for the passengers to eat.

When the stewardess came over, Lin Fan made a soft gesture and asked the stewardess for a blanket to cover Xia Wanqiu.

Such a warm scene made many people envious.

Everyone knew Lin Fan and Xia Wanqiu. Someone even took a photo of them.

On the plane, Xia Wanqiu fell asleep on Lin Fan's shoulder.

Only the person she trusted the most could give her such a sense of security.

“Sigh, I’m really envious of Lin Fan and Xia Wanqiu’s relationship.”

“I’m crying from envy...”

“I didn’t expect to be stuffed with dog food just by taking a plane. I’m envious of Lin Fan for having such a good girlfriend.”

“Lin Fan, can I ask you a question? Does Xia Wanqiu’s first time holding hands, first time kissing, first time hugging belong to you?”

The passenger beside Lin Fan asked him softly and curiously.

Lin Fan just smiled and nodded gently.

Of course, Xia Wanqiu’s father’s hugs and holding hands with her when she was young did not count. After all, they were family.

After Xia Wanqiu truly understood the relationship between a man and a woman, all her firsts were Lin Fan’s.

Except that he had not crossed the lightning pool and taken the last step.

Everything she had belonged to Lin Fan.

Hearing Lin Fan say that, the passengers beside him were a little envious.

Xia Wanqiu was the goddess in many people’s hearts. She now had a new identity.

Lin Fan’s girlfriend was also his future wife.

Soon, three hours passed just like that.

When they got off the plane, Xia Wanqiu woke up.

At this moment, all the passengers on the plane had alighted. Only Lin Fan and Xia Wanqiu were left.

Xia Wanqiu raised her beautiful eyes and was still hugging Lin Fan's arm intimately. "We're here?"

Lin Fan nodded and rubbed Xia Wanqiu's cheek. "Mmm, we're in Jiang City."

Xia Wanqiu pouted and said, "Oh, I slept for three hours?"

Lin Fan smiled and said, "That's right. Looks like you haven't had a good rest these few days."

Xia Wanqiu said, "Mmm, since we're here, let's go home ~"

After walking out of the airport, the sky was already filled with stars.

It would take two hours to drive from Jiang City to Xia Wanqiu's house.

It was already 11 pm. If he took the car back, it would be 1 am.

This was clearly not the best time to go home.

There weren't many people at the airport, but there were many hotels.

Lin Fan held Xia Wanqiu's hand and smiled. "Wanqiu, let's stay in a hotel tonight. We'll go to your house to see your father tomorrow."

When Xia Wanqiu heard that they were going to a hotel, her face turned red and she said, "Hmph, bad guy, so you planned it on purpose."

Lin Fan sighed. "I didn't expect the flight to be delayed. How can you say that it was planned? I'll get two rooms at the hotel. I won't bully you."

Xia Wanqiu held Lin Fan's hand and shook it. "Hmph, you're bullying me. Lin Fan, just get a room. You're not allowed to spend money ~"

Lin Fan's breathing changed. "Get a room?"

Xia Wanqiu blushed. "Mmm ~ But you can't bully me."

Lin Fan smiled and said, "Of course I won't bully you. I'm just afraid that I won't be able to hold it in at night."

Xia Wanqiu blushed and said, "I have to tolerate it even if I can't. Lin Fan, if you bully me, I'll ignore you in the future."

...

Lin Fan specially found a better hotel, one with a higher level.

It was late at night, and there were no paparazzi secretly taking photos nearby.

There were many people in this hotel, and the room was not big.

This house was only 100 square meters. There was a bed, a table, a television, and a washroom where one could take a bath.

After confirming that there were no cameras in this hotel, Lin Fan was relieved.

It was just that the atmosphere was a little subtle.

Although he had lived in the villa with Xia Wanqiu for a long time, the two of them had never really lived together.

Today was the first time they were really in a house.

Xia Wanqiu looked at Lin Fan and said softly, "Lin Fan, I'll take a shower first."

Lin Fan listened to Xia Wanqiu's fierce words. They were in the same room. How could he stand it?

Furthermore, the bathroom was right beside them. It was made of glass. Although one could not see in from the outside, his girlfriend was showering.

It was impossible for him not to react.

The sound of water fell.

After half an hour, Xia Wanqiu came out wrapped in a bathrobe.

When she saw Lin Fan, Xia Wanqiu blushed.

"I've been traveling for the entire day. You should take a shower too." Xia Wanqiu tidied the corner of Lin Fan's shirt and smiled sweetly.

Looking at Xia Wanqiu, her bathrobe wrapped around her voluptuous figure. Her hair was still wet and she was a little shy in front of Lin Fan.

No one could withstand it.

Lin Fan walked forward and hugged Xia Wanqiu. His breathing slowly quickened.

Xia Wanqiu looked at Lin Fan with her beautiful eyes. "I'm going to take a shower ~"

Lin Fan could only take a shower helplessly.

However, Lin Fan was looking forward to it.

Xia Wanqiu asked him to take a shower. Could it be that tonight...

If it was true, wouldn't it be awesome?

Lin Fan also went to take a shower. When he came out, he realized that Xia Wanqiu was looking out of the window.

She had already dried her hair and put on her pajamas, revealing her long, snow-white legs and her perfect back view.

After Lin Fan dried his hair, he walked to Xia Wanqiu's side. He could still smell the fragrance of Xia Wanqiu's hair.

Xia Wanqiu smiled and leaned quietly on Lin Fan's shoulder, holding his fingers tightly.

"Lin Fan, I'm really happy to be with you..."

"If I could marry you, I would probably be the happiest woman in the world."

Chapter 388: Brother-in-law Is Really Handsome!

"But I'm a little worried that my parents won't agree to us being together." Xia Wanqiu's beautiful eyes were a little sad. She knew her parents' personalities.

"I'll definitely do my best to make them agree. Trust me." Lin Fan smiled and gently kissed Xia Wanqiu's red lips.

In the hotel, the lights were dim.

Lin Fan gently kissed Xia Wanqiu's red lips, feeling the beauty of this moment.

"We have to get married eventually. No matter what kind of son-in-law your parents like, I will try my best to do what they like."

"I will definitely make your parents agree to us being together and for me to marry you," said Lin Fan with a smile as he placed his hands on Xia Wanqiu's shoulders.

"Yes ~"

“All the best ~” Xia Wanqiu said softly.

Since there was only one bed in the room, it was time to rest.

Lin Fan gently hugged Xia Wanqiu’s slender waist and lay down.

Looking at the beautiful girl beside him, Lin Fan felt that no matter what kind of struggle he had to make, it was already worth it.

Lin Fan looked at Xia Wanqiu and couldn’t help but say, “Why don’t we...”

Looking at Lin Fan, Xia Wanqiu giggled and shrank into the blanket. “Lin Fan, don’t...”

“One day when I marry you, we’ll do that... okay?”

“I want to give you the most important thing I have on our most important day.”

Hearing Xia Wanqiu say that, Lin Fan smiled and didn’t say anything else.

He respected Xia Wanqiu. She had to give him the most important thing when they got married.

Anyway, he could see Xia Wanqiu’s family soon. As long as he could succeed, he would not be far from marrying her.

Soon, the next day arrived.

Today was also Xia Wanqiu’s grandfather’s birthday.

The sports car and gift Su Muqing had prepared for Lin Fan had already arrived.

Koenigsegg One!

“Let’s go home.” Lin Fan smiled and sat in the familiar Koenigsegg One. It was his sports car.

Lin Fan had left the two Bugatti sports cars at home.

Only this Koenigsegg One had never encountered a crash.

Soon, Lin Fan drove to Xia Wanqiu’s house.

Xia Wanqiu lived in a courtyard. Although it was not a villa, it looked very luxurious.

After all, Xia Wanqiu’s father’s company had already reached a hundred billion yuan.

When Lin Fan and Xia Wanqiu arrived, there were already many people in Xia Wanqiu’s house.

Today was Old Master Xia’s birthday, and many relatives and friends were here.

When these relatives and friends saw Koenigsegg One, they exclaimed.

“D*mn, isn’t this Koenigsegg One?”

“A limited edition sports car. It’s worth more than 120 million yuan. A sports car worth hundreds of millions.”

“A big boss actually drove a sports car worth hundreds of millions to our Xia family today. Is he here to celebrate Grandpa’s birthday too?”

“No way. There’s really someone who drives a sports car worth hundreds of millions. I’m crying. Only a true tycoon can afford this sports car, right?”

“Sigh, comparisons are odious. I can’t even afford to increase the fuel cost of this sports car.”

....

The next scene made the relatives and friends present even more surprised.

The first to get out of the sports car was Lin Fan.

Lin Fan opened the car door for Xia Wanqiu from the passenger seat and she got out.

When the relatives and friends saw Xia Wanqiu, their eyes lit up.

“I was wondering who it was. So Qiuqiu has returned home.”

“It’s only been a year since we last met, but Wanqiu has become so beautiful again.”

“Wanqiu, this should be your boyfriend, Lin Fan, right?”

Many relatives surrounded Xia Wanqiu and Lin Fan, looking at them.

Especially when they saw Lin Fan, many of their relatives and friends were shocked.

Lin Fan himself was even more handsome than on television.

They saw the superstar, Lin Fan, here!

These relatives and friends knew that Lin Fan was Xia Wanqiu’s boyfriend.

Xia Wanqiu nodded and held Lin Fan’s arm. She smiled and said, “Let me introduce you to my boyfriend, Lin Fan.”

“Lin Fan, let me introduce you. This is my aunt, Xia Lan.”

“This is my uncle, Su Guoqiang.”

“This is my cousin, Xia Qianqian.”

“This is my cousin, Xia Qing.”

“This is...”

After Xia Wanqiu finished her introduction, Lin Fan warmly shook hands with the relatives and friends.

Xia Wanqiu took the initiative to hold Lin Fan’s arm. She was already telling her relatives and friends how important Lin Fan was to her.

Lin Fan smiled and said, “Hello, uncles and aunties. I’m Lin Fan. This is the first time I’ve seen you. I didn’t prepare any gifts. I hope you can forgive me.”

Xia Lan also smiled warmly and said, “Aiya, what gift are you preparing? It’s good enough that you’re here. Let’s go, let’s go. Hurry up and enter. If Wanqiu’s father dares to bully you, I won’t let him off.”

Su Guoqiang was also very enthusiastic and said, “Lin Fan, I especially like the television drama you filmed. Drawing Sword was filmed too well. Now, I’m chasing it every day. Haha, let’s not talk about anything else. I’ll help you deal with Wanqiu’s mother. She’s my sister after all. Can you not give me face?”

Seeing Xia Lan and Su Guoqiang so enthusiastic, Lin Fan was a little surprised.

In novels, relatives and friends would mock the protagonist and then slap him in the face.

Here, not only did they not mock him, but Xia Lan and Su Guoqiang were also as enthusiastic as possible.

They even had to help settle Xia Wanqiu’s parents.

Lin Fan smiled warmly. “Alright, then I’ll thank Uncle and Auntie.”

Hearing Lin Fan say that, Su Guoqiang and Xia Lan couldn’t close their mouths. “Aiya, you really know how to talk.”

The two of them were so good to Lin Fan mainly because they knew him from the start.

Lin Fan had become a superstar and even opened a company. To the two middle-aged people, their favorite thing was to watch dramas.

They liked Lin Fan's television dramas very much. Now that they saw Lin Fan driving a sports car worth hundreds of millions, he was completely a tycoon.

This was like their niece bringing Boss Ma back to be her husband. Who wouldn't like this?

As for Xia Lan and Su Guoqiang, they couldn't earn much money. They couldn't compare to Lin Fan at all.

Such a person was qualified to enter the Xia family in the future. He was polite and his words were extraordinary so both of them liked him very much.

As for the two younger girls, Xia Qianqian and Xia Qing, when they saw Lin Fan, they immediately looked like fangirls.

There was no other reason except that Lin Fan was... too handsome.

"Brother-in-law is really handsome!! I saw him in person today. He's really handsome." Xia Qianqian looked at Lin Fan intently and her face was already a little red.

"Haha, I didn't expect to see Brother-in-law. He's much more handsome in person than on television. We can take a photo together. Do you want an autograph?" Xia Qing said.

The two girls looked at Lin Fan expectantly.

Lin Fan was rich and so handsome. He was simply a girl killer!

Chapter 389: Lin Fan Has Four Billion in Savings?

Other than these relatives and friends, the people around the Xia family were also filled with shock.

Lin Fan and Xia Wanqiu returned.

Especially when they saw Lin Fan's car, their eyes widened in disbelief.

Xia Wanqiu's house was also in a high-end district, and many residents in the high-end district usually drove luxury cars.

But when they saw Lin Fan's car, they couldn't help but gasp.

"This... am I seeing things? Lin Fan is driving a Koenigsegg One worth hundreds of millions. This is a limited edition sports car worth hundreds of millions. It's the only one in the world," a girl said in surprise.

"That's right. He's Lin Fan. Other than the Koenigsegg One worth hundreds of millions, he also has two Bugatti sports cars worth hundreds of millions. I heard that the designer personally designed the sports car for Lin Fan. Furthermore, the Bugatti Corporation even held a press conference a few days ago to design a brand new sports car for Lin Fan," another girl in a blue dress said.

"I'm so envious of Xia Wanqiu. The Xia family has such a good son-in-law. Lin Fan is about to meet her parents. Maybe one day, Lin Fan and Xia Wanqiu will get married," the girl in the yellow dress said.

Lin Fan and his relatives entered the Xia family.

The Xia family's decorations were also very luxurious, and the room was very big, giving people a feeling of paradise.

High-end residential areas were always like this. Whether it was the renovation, scenery, or property management, they were almost all of the highest quality.

Even working as a security guard and property agent in a high-end district required academic qualifications.

After entering the Xia family, Lin Fan saw many people from the Xia family.

Although they were all strangers, their eyes lit up when they saw Lin Fan.

"Lin Fan, you're here. I'm Wanqiu's second aunt. I like you a lot. The television dramas you filmed were all too good."

“Lin Fan?! It’s really Lin Fan. I’m Wanqiu’s uncle. I’ve been looking forward to seeing you for a long time. I didn’t expect you to be even more handsome in person than on television.”

“Lin Fan, I’m Wanqiu’s second uncle. I heard that you’ve already opened a company and you’re even the chairman of Jiaxing Entertainment. Indeed, heroes come from the young. You’re still so young and you’ve already become the chairman of Jiaxing Entertainment.”

....

Instantly, many relatives and friends surrounded Lin Fan.

Lin Fan replied warmly.

Unexpectedly, the Xia family’s relatives and friends liked him very much.

When Xia Lan heard everyone discussing Jiaxing Entertainment, she was a little puzzled. She said, “Isn’t Lin Fan a big star? Why did I hear you guys say that he’s the chairman?”

Su Guoqiang said, “You don’t know this. Lin Fan is now the chairman of Jiaxing Entertainment and also the chairman of Emperor Entertainment. Now, Lin Fan already has two entertainment companies. The market value of these two entertainment companies should be close to four billion now!”

Xia Lan’s eyes widened. “No way... the combined market value of the two entertainment companies exceeds four billion? Could it be that Lin Fan already has four billion in savings?”

Although Xia Wanqiu’s father was very rich, this did not mean that the other relatives of the Xia family were also very rich.

When Xia Lan heard that Lin Fan’s company had a market value of four billion, she was even more stunned.

To them, being able to have a few million in savings was already considered rich.

If his savings exceeded ten million, he would already be a big boss.

Of course, if his savings exceeded 100 million, it could only be described as unreachable.

If his savings exceeded four billion, what kind of god was he...

Back then, when CEO Wang said that 100 million was only a small goal and a few billion was a medium goal, it shocked many people.

Let alone billions, even 100 million was a fortune that countless people would never be able to earn in their entire lives.

When the other relatives heard that Lin Fan had four billion in savings, their jaws dropped.

This was... four billion!

“D*mn, four billion. I thought Lin Fan was just a rich man. I didn’t expect Lin Fan to be a big boss!”

“How can you describe him as a big boss? He’s a big boss!”

“I’m crying. Let alone four billion, I don’t even have forty dollars now...”

“Ah, Brother-in-law is so handsome ~”

Lin Fan hurriedly smiled and explained, “With a market value of four billion, there won’t be four billion in savings. The company has just been established and is still short of funds. How can there be four billion in savings?”

After Xia Lan heard that, she was confused. “Haha, I don’t really understand either, but it sounds very awesome. The chairman of a big company. It’s so embarrassing to hear that.”

Su Guoqiang nodded. “That’s true. However, the company’s market value has reached four billion. This means that Lin Fan is very capable. If he marries our Wanqiu, she won’t lose out.”

Many children were envious of Xia Wanqiu.

Who wouldn't be envious of such a good boyfriend?

Xia Wanqiu blushed and said, "Uncle, I haven't married Lin Fan yet... Where's my father? And my grandfather. I haven't seen them yet. Where's my mother?"

Su Guoqiang shook his head as well, not knowing.

At this moment, a super sports car, a Maybach, stopped at the entrance.

The Maybach was the symbol of a tycoon and was also a rather cool sports car.

When they saw the Maybach, everyone exclaimed.

As expected, there were still big shots coming to the Xia family.

A young man walked out of the sports car. His name was Gao Yong.

Gao Yong, the eldest son of the Gao family, was a famous existence in Jiang City. His family's business assets exceeded a hundred billion yuan. In the real estate industry, the Gao family could be said to be a financial tycoon.

Almost half of the real estate in Jiang City was handled by the Gao family. One could imagine how much profits the Gao family earned every year.

Gao Yong was a top student everyone in Jiang City knew.

After graduating from Cambridge University, he received countless awards and returned to Jiang City to promote the real estate industry.

Xia Lan hurriedly went forward. It could be said that the Gao family was even more powerful than the Xia family.

"You're here, CEO Gao," Xia Lan smiled and hurriedly welcomed him warmly.

“I haven’t seen you in half a year and you’ve become much younger,” Gao Yong said with a smile. He was wearing a suit and looked very formal.

After some small talk, Lin Fan noticed Gao Yong.

Lin Fan looked at Xia Wanqiu and asked, “What’s the background of this Gao Yong?”

Xia Wanqiu blinked and smiled. “Mmm, he’s quite amazing. The Gao family’s assets are also hundreds of billions. Gao Yong is also very amazing. He often does business with my father. He should be coming home this time to celebrate my grandfather’s birthday.”

Lin Fan nodded and sent Su Muqing a message.

Su Muqing quickly sent a message. “Boss Lin, Gao Yong is the eldest son of the Gao family. In the real estate industry in Jiang City, the Gao family occupies half of the territory. In the real estate industry, no one is willing to offend the Gao family. The total assets of the Gao family’s businesses have probably exceeded 400 billion.”

After Lin Fan heard that, he smiled and said, “That’s quite amazing.”

Su Muqing praised on WeChat, “Of course not. How can he be as awesome as Boss Lin? Boss Lin is much more awesome than them now.”

After checking the news, Su Muqing held her chest and smiled brightly.

Of course, Gao Yong was very awesome. However, if he were to compete with Lin Fan, he would probably be crushed by him.

In Su Muqing’s eyes, Lin Fan was an omnipotent person.

If Lin Fan’s true identity was revealed, many people would be shocked.
