

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 465-469

Chapter 465: Have a Candlelight Dinner!

Soon, it was time for the filming of “The Legend of Condor Heroes”.

The final scene was the Mount Hua Sword Conference.

It was also Lin Fan and Xia Wanqiu’s last scene in this television drama.

Looking at how Xia Wanqiu was dressed today, Lin Fan felt his heart tremble.

He had never thought that Xia Wanqiu could be so spirited, lively, smart, and clever like a fairy.

Wasn’t the person standing beside him a fairy?

Xia Wanqiu bounced in front of Lin Fan and smiled sweetly. “Brother Jing, am I pretty today?”

After two months of filming, Lin Fan was already familiar with what Xia Wanqiu called him, Brother Jing.

Lin Fan called Xia Wanqiu Rong’er. Lin Fan smiled and said, “Of course my Rong’er is beautiful. She’s the most beautiful girl in the world.”

Xia Wanqiu blinked and reached out to pull at the hem of Lin Fan’s clothes. She swayed left and right. “Brother Jing, Rong’er wants to eat a feast.”

Lin Fan smiled. “Isn’t Rong’er the woman who makes the most delicious feast? Your feast attracted even Hong Qigong.”

Xia Wanqiu said aggrievedly, “But Rong’er wants to eat Brother Jing’s feast.”

Lin Fan kissed Xia Wanqiu gently and smiled. “Qiuqiu, then let’s go have a feast after filming this scene ~”

Xia Wanqiu nodded gently and looked at Lin Fan.

Lin Fan kissed Xia Wanqiu's forehead too. He took off his clothes and draped them over her.

The weather at the top of the mountain was a little cold, and the sun had not come out today. The weather was still a little foggy.

They were supposed to film the Mount Hua Sword Conference at 8 am.

Lin Fan and Xia Wanqiu were already standing at the top of the mountain at six.

The sun would rise later in autumn.

Lin Fan circled Xia Wanqiu's slender waist from behind. Xia Wanqiu leaned into Lin Fan's arms and closed her eyes.

Then, Lin Fan took a photo.

This was a photo of him and Xia Wanqiu.

Not long after, Lin Fan closed his eyes and felt the beautiful peace.

It was just that Lin Fan's hand was a little dishonest. He kept wanting to reach into Xia Wanqiu's neck. Xia Wanqiu kept blushing and blocking Lin Fan.

Not long after, Xia Wanqiu opened her eyes and looked into the distant east.

"Wow... the sun is out! The sun is out!" Xia Wanqiu said in surprise.

Lin Fan retracted his hand from the clothes under his neck and saw the light in the east.

The morning was slightly cold.

But the sunrise... was really beautiful.

“So beautiful.” Xia Wanqiu smiled lightly.

The sunrise was so beautiful. Lin Fan only took a look before looking at the girl in front of him.

Xia Wanqiu pointed at the distant sun and looked at Lin Fan. She smiled and said, “Lin Fan, there’s a sunrise. Why aren’t you looking?”

Lin Fan rubbed Xia Wanqiu’s beautiful face. “No matter how beautiful the sunrise is, it’s not as beautiful as you.”

Xia Wanqiu giggled. “I know, I know. You only know how to make people happy.”

Lin Fan smiled and said, “How is this coaxing someone? Everything I said is true.”

Xia Wanqiu’s lips curled up. She turned around and looked at Lin Fan. “Lin Fan, can you close your eyes?”

Lin Fan closed his eyes.

Xia Wanqiu stood on her tiptoes and kissed Lin Fan.

After a long time, Lin Fan said helplessly, “Why did you bite my tongue?”

Xia Wanqiu snorted. “I heard that you secretly kissed Xiaoyu for a long time yesterday.”

Lin Fan: “?”

Lin Fan: “Am I?”

Xia Wanqiu didn’t mention it again and just looked at Lin Fan. “Lin Fan, when are we getting married?”

Lin Fan rubbed Xia Wanqiu's head. "You can get married anytime you want. But before you get married, can you do something serious first? Look at how many years I've maintained my virginity..."

Xia Wanqiu: "Shameless, shameless, shameless!!"

....

Finally, it was time to film.

The Mount Hua Sword Conference officially started!

After filming, it officially ended.

Of course, the ending of the Condor Heroes was not the Mount Hua Sword Conference, but the subsequent plot. However, the filming would not be done according to the plot.

For example, on Mount Hua, they would finish filming all the scenes first.

After filming everything in one place, the content here would be further edited.

The filming of "The Legend of Condor Heroes" was officially over!

The two months of filming made everyone very tired.

Even Lin Fan and Xia Wanqiu didn't sleep well. Filming two months of television dramas actually required half a year's work.

This was only possible because he had made ample preparations in advance.

If it was filmed in reality, it would be normal to film one television drama a year, let alone two months.

Of course, with such a dense filming schedule, the staff of Jiaying Entertainment also received very high remuneration.

Don't ask why. If you ask, Boss Lin is rich.

Lu Benkai was very satisfied and smiled in satisfaction. He said, "Boss Lin's acting skills are really good. Xia Wanqiu's acting skills are also quite good. She almost didn't get stuck the entire time. I don't know how you guys did it. Your script skills are also so strong. On the other hand, some actors can't even remember their lines. What a difference."

Lin Fan smiled. "Director Lu, don't you know who Qiuqiu is? Her acting skills and hard work are something that many actors can't compare to."

Lu Benkai said happily, "Of course, of course. Xia Wanqiu's hard work is really the hardest I've ever seen. Even Lin Kexin can't compare to her."

Su Xiaoyu was not here. She had already gone to the filming location of "The Return of the Condor Heroes".

Xu Yang was even busier. He had finished filming the eagle shooting scene a month ago and switched to filming the Condor Heroes.

He had roles in both television dramas and was the male lead of "The Return of the Condor Heroes", so the filming progress of "The Return of the Condor Heroes" was slower.

Lin Fan held Xia Wanqiu's hand and smiled gently. "Qiuqiu, you've finished filming your scenes. You've worked hard for the past two months. Go back and rest well."

Xia Wanqiu blinked and shook her head. "I still have to participate in the recording of the variety show tomorrow. I don't have time to rest."

Lin Fan frowned and his heart ached. "The filming starts tomorrow? I'll call Director Lin and tell him that you don't have time tomorrow. I'll ask them to make some new arrangements."

For the past two months, Xia Wanqiu had been the female lead and had barely rested.

She had to wear a lot of clothes and act the role of Rong'er well.

Although she did not have many scenes to film, Xia Wanqiu often had to memorize scripts and act better in the role of Rong'er.

Now that she had just finished filming a television drama, Xia Wanqiu was going to participate in the recording of a variety show.

Hearing Lin Fan say that, Xia Wanqiu shook her head. "There's no need to trouble them. Filming variety shows needs to coordinate a lot of people's time. Actually, being a superstar is so busy. I'm used to it."

After Lin Fan heard that, he could only shake his head. He wanted Xia Wanqiu to rest more, but she didn't want to trouble others.

With such a girlfriend, Lin Fan felt very happy and his heart ached.

Lin Fan held Xia Wanqiu's hand and smiled. "Forget it, I won't force you. But I'll bring you out for a feast tonight. Let's have a candlelight dinner!"

Xia Wanqiu nodded lightly. "Yes."

Chapter 466: Shocking Yangzhou Film Administration, Lin Fan's Movie Is Too Outstanding!

It had been three months since the filming started.

In the past three months, after Lin Fan finished filming "The Legend of Condor Heroes", he went to watch the filming of "The Return of the Condor Heroes".

Other than that, Lin Fan was also involved in the movie 'Kung Fu Hustle'.

Filming a movie was a brand new challenge for Lin Fan and a new field for Jiaying Entertainment.

Lin Fan still tried his best to film Jiaying Entertainment's first movie—Kung Fu Hustle!

In the remaining month, the post-production team of Jiaying Entertainment was also working overtime to carry out post-production.

Lin Jingjing had also participated in the dubbing of three television dramas the entire time. Her voice was very good and she could dub for more than ten female characters alone. Her voice could be completely different.

Finally, when it was almost four months, the two television dramas and movies were all completed.

The four-month deadline was almost up.

Only by completing these works within four months and releasing them could he receive a rebate.

Lin Fan had a good relationship with the Yangzhou Film Administration.

When the director of Yangzhou Film Administration, Jiang Kun, heard that Lin Fan had already completed the movie, he was even more shocked.

“No way... Jiaxing Entertainment only used a short time to produce their first movie and two television dramas. Lin Fan’s ability is too outstanding,” Chief Jiang said.

“Yes, Chief Jiang. Boss Lin’s ability in the entertainment industry can be said to be one of the best,” Lin Weiwei said, her eyes filled with admiration. She was completely Lin Fan’s little fan. Ever since she saw the television dramas filmed by Jiaxing Entertainment become popular, Lin Weiwei had completely admired them.

“After passing the review as quickly as possible and confirming that there are no violations, it can be released. Especially this movie, it has to be fast,” Chief Jiang said. “Also, I want to participate in the review personally.”

When the leaders of the Yangzhou Film Administration heard that Chief Jiang wanted to personally review Lin Fan’s movie, they were even more surprised.

Chief Jiang had a high status in the Yangzhou Film Administration.

Unexpectedly, even Chief Jiang personally participated in the review.

Many of the leaders had heard of Lin Fan’s ability, but they had never seen how the movie Lin Fan personally directed was doing.

In other words, if even they could not be moved, then even if this movie could be released, the audience would not buy it.

Television dramas and movies were completely different.

If there were popular celebrities in television dramas, the viewership ratings might be higher.

However, movies with popular celebrities were completely different. If it was a lousy movie, the audience would not buy it. Instead, it would lower the popularity of celebrities in the eyes of the public.

The Yangzhou Film Administration could see Lin Fan's movie in advance.

However, what made Chief Jiang and Lin Weiwei feel a little regretful was that Lin Fan wasn't the main lead in this movie.

In fact, Lin Fan didn't even appear in this movie.

The main lead was Xu Yang, and the female lead was Su Muqing. Furthermore, Su Muqing did not have any lines.

Chief Jiang, Lin Weiwei, and many other leaders sat down and watched the movie 'Kung Fu Hustle'.

A minute after the movie started, everyone was still expressionless.

Ten minutes after the movie started, everyone held their breaths and watched the plot.

At the 20th minute, everyone was already engrossed in the plot.

No one spoke. At first, the leaders were still chatting. After 20 minutes, everyone had already entered the plot.

There was no other reason, but because... this movie was simply too good!

A total of 100 minutes passed unknowingly.

After watching this movie, many of the reviewers could not help but clap.

“Chief Jiang, this is really the best domestic movie I’ve seen in the past few years. The character design and plot of this movie can be said to be flawless. It has a very deep meaning,” a leader praised.

“That’s right. Whether it’s the protagonist or the supporting actors’ acting skills, how can this movie be so good? Look at Su Muqing’s acting skills. Although she doesn’t have any lines, just a look from her can make people fall in love with this girl. According to what I know, these actors are all from Jiaying Entertainment and are also celebrities under Lin Fan’s company. These celebrities’ acting skills can be said to be quite high.”

“There’s also the bold innovation of this movie. It chose the story from the 1970s and made the audience feel very immersive. The plot is very conflicting and the scenes are made very well. Some of the special effects are also quite good.”

“Oh my god, is this Lin Fan’s ability? He has never filmed a movie before. This is only his first movie and he has already achieved such results. Although it hasn’t been released yet, the box office of this movie shouldn’t be too bad.”

“Director Lin Fan’s ability is quite high. He’s even a screenwriter. This movie is amazing! It will definitely become a classic in the future!”

Many leaders were praising him from the bottom of their hearts.

Domestic movies had been developing very badly over the years, and lousy movies appeared one after another.

However, Lin Fan’s movie made everyone feel refreshed.

Only Lin Fan could film such a movie.

Chief Jiang stood up with a smile. “Lin Fan is indeed not an ordinary person. Hurry up and approve it. Let the movie premiere earlier. It’s time for some changes to happen to our domestic movies.”

“And Lin Fan is the person who can change the current situation of domestic movies!”

Even Chief Jiang had such an evaluation of Lin Fan.

The others could only look at each other.

In Chief Jiang’s heart, what kind of position did Lin Fan have?

...

As time passed, it was almost Chinese New Year.

This was the best time for all the major movies to premiere.

During the Spring Festival, most people were on holiday. They would go home to visit their relatives and celebrate the Spring Festival. At this time, their families could go out to watch a movie together.

Movies that could enter the Chinese New Year period would have good box office sales as long as the quality was good.

Lin Fan quickly contacted Wanda.

“Hello, Boss Lin.” The manager of Wanda Cinema bowed slightly to Lin Fan.

“Help me film a movie. It’s a movie produced by Jiaxing Entertainment. It’s called ‘Kung Fu Hustle’ and it’s scheduled for Chinese New Year. Is that okay?” Lin Fan asked.

“What? Jiaxing Entertainment released a new movie? Was CEO Lin personally directed by you?” The manager was a little shocked.

“Mmm, I directed it. Let’s see how much the first movie can do.” Lin Fan smiled.

“Alright, I’ll arrange it for you and arrange the screening for you. Don’t worry, Boss Lin. You’re CEO Wang’s friend. You can ask for anything you need in Wanda.” The manager bowed slightly and was abnormally respectful.

After all, the manager knew that Lin Fan was Alibaba’s vice president and had a good relationship with the CEO of Wanda!

Chapter 467: Earning a Lot!

This Spring Festival was supposed to be a happy day.

All the employees would go home to reunite.

However, Jiaxing Entertainment was not that calm.

Many employees spontaneously stayed behind.

They had all chosen to celebrate the Spring Festival in the company.

Other than that, the two television dramas had also been approved. As long as they contacted a video website or television station, they could be released.

“Boss Lin, 23 television stations, as well as video platforms like Tencent Arts and iQiyi, are contacting you. They all want to buy the premiere rights of ‘The Return of the Condor Heroes’ and ‘The Legend of Condor Heroes,’” Su Muqing said.

“Mmm, just leave the highest bid for the television station,” said Lin Fan.

Su Muqing nodded. After a while, she walked to Lin Fan’s side. “Boss Lin, Zhejiang Television is willing to pay 600 million yuan for the premiere rights to buy a television drama. If the two television dramas are added up, it will be a total of 1.2 billion yuan. This is the highest price the television station has offered.”

After Su Muqing settled the other television stations, Lin Fan quickly met the person in charge of Zhejiang Television.

“Boss Lin, I’m sure you know our company’s offer. The two television dramas you personally directed are worth this price,” the manager of Zhejiang Television said and bowed slightly.

In order to buy the premiere rights of these two television dramas, Zhejiang Television took out a huge sum of money.

This price could be said to have crushed all the other television stations.

Two television dramas were worth 1.2 billion!

The total cost of Lin Fan's two television dramas was only 400 million.

This was already under the circumstances that Lin Fan wanted to spend more money, but he only spent 400 million.

No matter how much money he spent, Lin Fan wouldn't be able to spend it.

In other words, if Lin Fan was willing to sell the premiere rights of these two television dramas, he could earn 800 million yuan!

Furthermore, many of the celebrities in these two television dramas were personally nurtured by Jiaying Entertainment.

If television dramas could become popular, the celebrities in these two television dramas would also become popular!

After celebrities became popular, it was quite easy to earn money again.

The endorsements and advertising fees of various large companies were countless.

These things were all sources of money.

He could also increase the popularity of Jiaying Entertainment.

Right now, there were countless entertainment companies waiting for Jiaxing Entertainment's television dramas to fail. This way, the brand that Jiaxing Entertainment had built for a long time would naturally collapse.

It was not easy for every television drama to become popular, so many entertainment companies were waiting for the news of Jiaxing Entertainment's collapse.

After all, Jiaxing Entertainment was already very big now.

As long as it was a television drama produced by Jiaxing Entertainment, there would always be many television stations buying the premiere rights. There were also countless investors who wanted to invest in it. This was something that other companies could not compare to.

There were already too many entertainment companies who were jealous of Jiaxing Entertainment.

"I can sign it, but I have two conditions," said Lin Fan as he looked at the manager of Zhejiang Television.

"Go ahead," the manager of Zhejiang Television said with a smile.

"The two television dramas have to be broadcast separately. First, they have to broadcast 'The Legend of Condor Heroes'. After the finale of this television drama, they can then broadcast 'The Return of the Condor Heroes'. This is because the plot of the two television dramas is more or less related," said Lin Fan.

"Of course. I'll listen to CEO Lin's arrangements." The manager of Zhejiang Television said respectfully.

"Second, the television station needs to pay Jiaxing Entertainment 20% of the advertising fee for the advertisements for these two television dramas," said Lin Fan.

This request could be said to be very domineering.

Even if it was only 20% of the advertising fee, Lin Fan could still earn a lot of money.

Because the two television dramas added up to nearly a hundred episodes.

There would definitely be advertisements inserted into these 100 episodes, and every second of advertisement placed by the advertisers might reach a million yuan.

This was also calculated according to the traffic. If the viewership ratings reached a terrifying number, the advertisers would have to spend more money to advertise. They might even have to spend two million or three million yuan a second!

Therefore, Lin Fan asked Zhejiang Television to give him 20% of the advertising fees.

Lin Fan estimated that this 20% was the bottom line of Zhejiang Television.

"This... Boss Lin, that's a bit tough." The manager of Zhejiang Television smiled apologetically.

"It's very normal for the television station to give our company advertising fees. How can it be forcing us? If the premiere fee alone is enough to deter you, how can the company earn money?" Lin Fan said, looking like he would give up if they didn't cooperate.

The manager hurriedly said, "Boss Lin, if you want a share of the advertising fee, that's fine. However, we also have a condition. We want the rights to broadcast these two television dramas for two years. Within two years, Zhejiang Television can broadcast this television drama again."

Lin Fan nodded. "Of course. If you rebroadcast it for two years, pay the advertising fee."

The manager chuckled. "Alright, Boss Lin, we've already prepared the contract."

Lin Fan shook his head and said, "I have another condition. I plan to sell the premiere rights to Tencent Arts and iQiyi. These two television dramas are classic works, but they won't harm your interests. Only after the television dramas are broadcasted will this episode appear on Tencent Arts and iQiyi."

The manager was silent for a moment.

In that case, it would probably be a blow to the television station's viewership.

Just as the manager was hesitating, Lin Fan continued, "This won't affect the viewership ratings of your television station. Think about it. As long as the plot is interesting enough, who can resist watching it on television? Having these two television dramas on the Internet platform is equivalent to promoting

them for your television station. After all, Zhejiang TV's television station is the only television station that first broadcast these two television dramas."

After hearing Lin Fan's words, the manager nodded. "We can accept it, but we want Zhejiang Television to broadcast these two television dramas for three years for free. We also want to broadcast the television drama 'The Legend of Sword and Fairy'. What do you think?"

The manager was also an expert at negotiation. If Lin Fan made a condition, he would also make a counter. This way, both parties would be satisfied. This was how negotiations were. It was impossible for one party to keep giving in. This would make it impossible for the negotiations to succeed.

Lin Fan laughed. If a television station was willing to broadcast a television drama again, it would make this television drama even more popular. It would be beneficial to Lin Fan.

"Alright, you can sign the contract now," said Lin Fan with a smile.

"Alright." The manager nodded.

After signing the contract, Lin Fan shook hands with the manager.

This also meant that the cooperation had been officially reached.

"Boss Lin, nice working with you." The manager smiled.

"Pleasure doing business with you." Lin Fan smiled.

This deal could be said to be a huge profit!

Chapter 468: Legend of the Condor Heroes! Another Masterpiece!

After talking to the television station, Lin Fan saw old acquaintances from Tencent Arts and iQiyi.

These two video companies were also the most popular video websites on the Internet.

Their users and traffic had already reached a terrifying scale.

Other than the hard work of these two video websites, there was also Lin Fan.

It was because Lin Fan had filmed so many good television dramas that these two video websites could attract a large number of fans and reach today.

“Hello, Boss Lin,” the manager of Tencent Arts said with a smile.

“Hello, we’re all old acquaintances. There’s no need to be so polite.” Lin Fan smiled.

“Boss Lin, I won’t stand on ceremony. I’m here to discuss the collaboration between ‘The Return of the Condor Heroes’ and ‘The Legend of Condor Heroes’ with you,” the iQiyi manager said.

They were both managers of two video websites. In order to work with Lin Fan, they had personally come here.

“Muqing, pour a cup of tea for the two managers,” said Lin Fan.

“Alright.” Su Muqing walked in with three cups of tea. She placed one cup of tea in front of Lin Fan and gave the other two cups of tea to the two managers.

After tasting the tea, they started the main topic.

Lin Fan said, “Managers, we’ve already worked together so many times. In the past, I would look for the television station alone or the video website to work with. Today, the format of cooperation has to change. It will be broadcasted on the television station first and the video website will update at the same time. Do you understand?”

The managers of Tencent Arts and iQiyi nodded. Although such a collaboration model was novel, it had been adopted before.

Lin Fan said, “The copyright price of a television drama is 200 million, and it only lasts for two years. The copyright price of the two television dramas is 400 million. You can see if you can accept it. Of course, the copyright fee can be discussed another two years later.”

In other words, if Tencent Arts and iQiyi wanted to buy the broadcasting rights for these two television dramas, each television drama would have to pay 100 million a year.

This price could be said to be quite high.

The managers of Tencent Arts and iQiyi shook their heads and did not object.

They could still accept this price.

Lin Fan continued, "Other than that, Jiaying Entertainment will take 20% of the advertising fees that Tencent Arts and iQiyi inject into these two television dramas. Is that okay?"

Advertising fees were also one of the ways video websites earned money.

After attracting a large number of users, there would be advertisers who were willing to invest and could earn huge profits.

Of course, this had nothing to do with Lin Fan anymore. What Lin Fan wanted to do was to get 20% of the advertising fee.

Hearing Lin Fan's conditions, the manager of Tencent Arts hesitated.

After all, 20% of the advertising fee was not cheap.

If Lin Fan's two television dramas failed, they would lose money.

If the television series failed, there would be no advertisers to insert advertisements. At that time, the price would be much lower. Tencent Arts and iQiyi might not be able to recoup their costs.

The manager of Tencent Arts said, "Boss Lin, the collaboration model you gave is very novel, but it's not that we can't accept 20% of the advertising fee. However, there's a prerequisite. The viewership of these two television dramas has to reach at least one-third of that of the Legend of Sword and Fairy."

The iQiyi manager nodded as well.

They also wanted to work with Lin Fan but had to ensure that the company wouldn't lose money.

When Lin Fan heard that, he nodded. "Sure. I can promise you that these two television dramas might not be able to surpass Immortal Sword, but they will become the peak of Chinese martial arts television dramas. Their viewership ratings and views will definitely not be low."

This was Lin Fan's confidence.

Especially in The Legend of Condor Heroes, Lin Fan and Xia Wanqiu were the main leads. There were also big celebrities like Lin Kexin, Su Xiaoyu, and Xu Yang.

As for the Condor Heroes, they had a beauty like Su Muqing as the female lead and many capable actors.

The managers of Tencent Arts and iQiyi did not think about it anymore and signed the contract.

"Boss Lin, happy working with you. I hope your television drama will become popular!" the manager of Tencent Arts said with a smile.

"Boss Lin, nice working with you!" The manager of iQiyi also smiled.

"Pleasure doing business with you." Lin Fan shook their hands.

Not long after signing the contract, Jiaying Entertainment received a few transfers.

[Your bank account ending in 3827 received 400,000,000 yuan from iQiyi.]

[Your bank account ending in 3827 received 400,000,000 yuan from Tencent Arts.]

[Your bank account ending in 3827 received 1,200,000,000 yuan from Zhejiang Television.]

In total, two billion had been transferred to his account!

The two billion yuan entered Jiaxing Entertainment's account.

It was no different from entering Lin Fan's account.

Then, Lin Fan received a reminder from the system.

[Ding... Master has filmed three movies. The labor cost is: 130 million.]

[Automatic return and critical strike successful. The critical strike multiplier is three times. Congratulations Master for obtaining 390 million.]

[You received a transfer of 390,000,000 yuan (Construction Bank)]

Lin Fan received another transfer from the bank. However, this time, it was from Lin Fan's private account.

When filming a television drama or movie, as long as one paid the labor cost and some props cost, they could receive a huge rebate. However, the remuneration did not belong to this rule.

If he forced himself to increase the cost too much, it would exceed the system's rules, and he would not be able to obtain any returns.

This was also the reason why Lin Fan increased the basic salary of celebrities. The basic salary would be calculated as human labor costs, but the remuneration wouldn't be calculated.

However, because the settlement was once every four months, the basic salary for four months was not much no matter how many artistes were added up.

No matter what, he had earned nearly 400 million yuan. Now, Lin Fan had already earned so much money before the television dramas and movies were released.

Now, he could only be described as rich!

He was completely rich!

Even if he abandoned the production costs and salary, Lin Fan could still earn two billion!

This was only the beginning. If the movies and television dramas were released, he would probably be able to earn more than this!

Three days later.

“The Legend of Condor Heroes” was officially broadcasted on Zhejiang Television’s prime-time slot!

iQiyi and Tencent Arts followed.

The audience realized that Lin Fan’s movie ‘Kung Fu Hustle’ had already been scheduled for the Spring Festival!

This time, the entire Internet was in an uproar.

At 20.00 pm on Friday, many viewers were waiting beside the television.

“Ah ah ah, I heard that ‘The Legend of Condor Heroes’ was directed by Lin Fan. It was even a script written by Lin Fan. Even the main lead was Lin Fan. The female lead was Xia Wanqiu. I’m looking forward to this television drama too much!”

“Yeah, I’m looking forward to it too. This television drama will definitely be very good.”

“When has Lin Fan’s television drama not been good? Besides being a big boss, he’s also a top screenwriter and director!”

Chapter 469: Lin Fan, Forever Awesome!

Three hours later.

The first three episodes of “The Legend of Condor Heroes” had already finished broadcasting.

These three episodes also appeared on iQiyi and Tencent Arts.

No one knew how soul-stirring it was tonight.

No one knew what kind of shock “The Legend of Condor Heroes” had produced tonight.

All along, there had been no outstanding works in China’s television drama market.

Rotten movies. Rotten movies were everywhere.

Within Tencent Arts and iQiyi, it was very rare to find a good television drama.

It could be said that China’s television market was almost in decline. Occasionally, a few good television dramas would appear.

When Lin Fan personally filmed television dramas, it shocked the audience’s worldview.

Especially when Lin Fan appeared on screen, the audience went crazy.

“Why? Can someone tell me why? Why is Lin Fan so handsome?”

“Ah ah ah, Lin Fan is acting as Guo Jing. He’s too handsome. It just feels a little silly.”

“The plot of this television drama is a little good. I don’t think there has ever been a martial arts television drama in our country. Oh my god, Lin Fan filmed a romance drama after the Immortal Swordsman drama and now a martial arts drama. How can he film any television drama so well?”

“D*mn, are these the Jiangnan Seven Monsters? Hahaha, interesting. Why are the seven of them so weak that they still go around filling cups?”

“Where’s Xia Wanqiu? Why hasn’t she appeared yet? Boohoo, I’m dying from waiting, but I saw Xia Wanqiu at the opening and ending songs!”

“There’s really Xia Wanqiu? I want to see it. I forgot that this is a television drama. The television drama isn’t rebroadcast. Is it online?”

....

Therefore, many viewers were not satisfied with the television drama.

There were also many people who had just settled down and could watch television dramas.

Countless viewers were already waiting on Tencent Arts and iQiyi.

On Tencent Arts and iQiyi's apps, it was much better than watching it on television. This was because they could pause, post comments to complain, take screenshots, and even rewind it. They could watch it as many times as they wanted.

As Xia Wanqiu did not appear in the first three episodes, the first three episodes were still generating discussions about the initial plot.

But in the theme song, everyone saw Xia Wanqiu's face.

When the television drama The Legend of Condor Heroes appeared on the two apps, countless viewers immediately rushed in.

"66666666666666!"

"I'm finally waiting for Lin Fan's personal television drama. Ahhh, just by looking at the theme song, Lin Fan is already so handsome!"

"Children, your father just finished watching the television drama. I'm here to watch it again!"

"Get lost, you son of a b*tch."

Then, a girl appeared on the theme song.

The female lead, Xia Wanqiu, was acting as Rong'er.

When the audience saw Xia Wanqiu on the theme song, they could not help but be stunned.

Who would have thought that Xia Wanqiu had such a side?

She was lively, cute, energetic, smart, and simply a fairy.

“D*mn, fairies, fairies!”

“I want to lick the screen. Xia Wanqiu is too pretty, too pretty! She and Lin Fan are still a couple in this television drama. They’re compatible!”

“They’re so compatible!!!”

“I saw my goddess. Hahaha, does anyone know if Xia Wanqiu appeared in these three episodes?”

“Silly people are still watching television dramas, but smart people have already prepared their toilet rolls...”

“Type with both hands to show your innocence!!”

Then, Su Xiaoyu appeared in the theme song.

“Oh, oh, oh, Su Xiaoyu, my goddess!!”

“Su Xiaoyu is also acting in this television drama. I just want to ask why my princess is so beautiful!”

“D*mn, Su Xiaoyu’s dressing is amazing. I love her. I feel like she’s 18 years old.”

“D*mn, d*mn, Lin Fan and Su Xiaoyu have a kissing scene. Could Su Xiaoyu be the female lead?!”

“66666666, Lin Fan and Su Xiaoyu kissed!”

“Bring me my saber. Our princess’s first kiss on screen was snatched away by Lin Fan!!!”

In the theme song, there was also Lin Kexin, Xu Yang, and many actors.

It made the audience a little unsatisfied.

They were all capable actors!

No one was a bystander, and no one's acting skills were bad.

Furthermore, the main leads were all big celebrities!!!

Such a television drama made the audience hot-blooded and scream!

This was the first Wuxia drama in the country.

Just like the Legend of Sword and Fairy directed by Lin Fan back then, once it was released, it shocked everyone!

It was also because this was a television drama starring Lin Fan that the audience's expectations for "The Legend of Condor Heroes" had reached a very high level!

After watching the first day, the audience rushed to iQiyi and Tencent Arts' official Weibo, as well as Zhejiang Television's official Weibo.

They expressed that... this update was too slow!

"How can the updates be so slow!"

"Yeah, hurry up and update a few episodes. Don't you know what the audience is thinking?"

"Hurry up and update. I want to see Lin Fan and Su Xiaoyu kiss. Haha, who is the male or female lead of this television drama?"

In this world, the Legend of Condor Heroes was not published.

Therefore, no one would understand the original novel. That was why the audience was so shocked when they saw the theme song.

Many of the audience were excited. What if this was a harem television drama?

Soon, on the next day.

The audience sat in front of the television again.

This time, Xia Wanqiu appeared!

She started off as a little beggar and pretended to be a man.

When Xia Wanqiu and Lin Fan met in the television drama, the two of them didn't know each other.

Guo Jing did not even know that Huang Rong was a girl because he was a little silly.

The comments were even more surprised.

"Lin Fan, this is your wife. How can you pretend not to know her!!"

"Ah ah ah, how can Xia Wanqiu act as a little beggar? Why can a little beggar look so good?"

"This is probably what beauties are like. They can look so good no matter what clothes they wear."

Then, in the fifth episode, Xia Wanqiu acted as Rong'er and appeared as a girl for the first time.

When the audience saw this, many of them felt that their bodies could not take it anymore.

"Rong'er... Rong'er is too beautiful."

“Xia Wanqiu is too mesmerizing. Lin Fan is also very handsome. Haha, this is the first time Lin Fan has acted in such an honest role.”

“The two of them are too compatible!!”

As the plot progressed, the audience saw all sorts of scenes in this television drama and were deeply immersed in it.

“This is f*cking... too good-looking. The actors are good-looking, the plot is deeply rooted in people’s hearts, the dubbing, the quality of the paintings, and so on are too awesome!”

“Even the special effects of fighting can be done so beautifully. Look at this! I want to learn the Eighteen Subduing Dragon Palms too!”

“Lin Fan’s television dramas will always be so awesome. Lin Fan will always be amazing!”
