## **Chapter 16-20**

### Chapter 16

“Hey, who is sitting next to a beauty? Isn’t that Sea Gate KS Group’s CEO, Oscar?”

Vincent raised his rebellious eyebrows, full of playfulness, “Isn’t Oscar a clean person who has never stepped into this kind of fun place? Haha, why is it so vulgar tonight?”

It was no wonder that Joseph and Vincent would both admit their mistakes.

Because Chloe’s four older brothers were actually quadruplets, among them, First Young Master Oscar and Second Young Master Riley looked exactly the same at first glance, and it was easy for people who were unfamiliar to admit their mistakes.

“Damn, I am jealous. Such a beautiful woman should be my lover. What can I do if I follow Oscar? Sitting in bed and holding hands to pray?” Vincent became more and more enthusiastic.

Downstairs, Chloe smiled at the man more sweetly than honey.

Joseph felt inexplicably suffocated.

In the past, he was the only one who had that smile.

What was even more infuriating was that the overwhelming black material seemed to have no effect on her. This woman was actually still in the mood to find joy!

On the other hand, he himself was like a tangled wife all day long, either busy cleaning up the mess or thinking about how to explain it to her. “Hey, why don’t we do take her tonight? I’ll take her in. Although she is Oscar’s woman, I don’t care. I will score the same goal even if there is a goalkeeper.” Vincent said as he licked his lower lip, ready to move,

“Don’t have any ideas about her. She’s my wife.”

Vincent was shocked. “?!”

“Ex-wife.” Joseph added, his throat burning like a sharp thorn.

“What? She’s that unromantic second-wood’s ex-wife? Big brother, are you blind or stupid, or blind and stupid? She’s a stunner. She’s a hundred times better than the Grace you love!”

Joseph shot a cold glare at Vincent, and Young Master Anderson stuck out his tongue. “Aiya, I was also moved. After all, when I said I wanted to

A Billion-Rich Woman Was Chased by Her Ex-Husband

see sister-in-law, you said there was no need to see that kind of woman.” “I thought she looked like a dinosaur, but I didn’t expect... Hey, hey! Where are you going?”

Before he finished speaking, Joseph had already rushed out the door.

On this side, Chloe and her second brother had been drinking for three rounds, and their white cheeks were as red as peaches.

“Chloe, are you alright?” Riley saw that she was a little drunk, so he showed concerns and asked.

“Again! Roll the dice!” Chloe’s alcohol tolerance was not bad, but her heart was filled with melancholy, so she got drunk a little quickly. At this time, Riley’s superior called. He had to answer the call. There might be an important task arrangement, so he said apologetically, “Chloe, wait for me obediently. I’ll answer a call and come back immediately.”

Chloe waved her hand elegantly, “Yes!”

Her Protective Net having temporarily vanished, the male figures around her began to draw nearer, like sharks scenting blood.

Chloe’s eyes moved, and her lazy gaze swept past them as if she was choosing a gigolo.

This one was too short, this one was too thin, this nose was too flat, this eye was too small...

Not a single one could compare to her ex-husband.

Unfortunately, such a good male body failed to live up to her hot-blooded heart.

At this time, Chloe noticed that a few rich young masters were booing beside the booth, watching a man forcing a girl to drink more.

And the man with a greasy smile was Grace's brother, Miller!

What was more unbearable was that the sharp-eyed Chloe also saw that one of the rich young masters secretly put medicine into the cup and handed it to Miller.

Immediately, she was furious and suddenly got up and walked over to them.

"Oh! A great beauty!" Those few rich people saw Chloe, and their saliva was about to drip down.

When Miller saw this top beauty, the woman in his arms immediately became not fragrant.

"You are so happy, take me with you?" Chloe was drunk and her eyes were misty.

"Little sister, how do you want to play? Big brother will accompany you." Miller licked his lips with a wretched look in his eyes.

"Simple, drink this cup of wine." Chloe picked up the wine that had been drugged.

The few of them fell silent, and Miller's greasy face darkened.

Who didn't know that there was a full dose of knockout medicine in the wine?  
Only a fool would drink it!

"You don't want to drink? Then I'll feed you!"

As the voice fell, Chloe's almond-shaped eyes were fierce, and she raised her hand to pour whole cup of wine on Miller's face!

Everyone was shocked, and the girl also screamed and dodged to the side.

"F\*ck! B\*tch, you dare to splash me? Do you know who I am?" Miller was so angry that he wiped his face and cursed.

"Who cares who you are? Your mouth is like a square muscle, and you are worse than a dog after drinking and drugging women." Chloe casually lifted her long hair and her eyes were as charming as silk.

Miller was so angry that this woman actually called his mouth like a fart!

If not for the people around him, he really wanted to rush up and slap this bitch!

At this time, two bodyguards of Brown family followed. Miller's eyes moved and ordered the bodyguards to carry her out.

It was necessary to beat her up, and it would be useful to beat her up on the bed!

Two tall and strong bodyguards rushed over. Although Chloe was drunk, her muscle memory made her nimbly flash, and the two of them fell into a sorry state.

"Too slow." Chloe yawned.

"Catch her for me!" Miller shouted as he wiped his face.

One of the bodyguards got up and grabbed Chloe's shoulder.

11 22

Unexpectedly, a tall figure flashed in front of her and grabbed the bodyguard's arm. Then, he flipped over.

The 1.8-meter-tall man was knocked down to the ground in the blink of an eye!

“Good skill! Burp

11

Chloe gave a burp and leaned back.

Suddenly, a strong palm held her slender waist. She felt the man's deep breath gush to her cheek. It was so hot and itchy.

“Oh... who is it? Don't touch me!” Chloe struggled for a moment.

“Raya, open your eyes and see who I am.”

A familiar voice.

Indifference, magnetic, yet bewitching,

Chloe's heart beat wildly. She raised her eyes little by little and met Joseph's merciless and moving peach blossom eyes.

The man's eyes narrowed slightly and deepened.

Fiery red lips, charming bones, if not for the clear and ignorant eyes of that little deer, he would not have dared to recognize that this was the Raya who had married him for three years.

“Raya, you've grown up. Are you looking for trouble everywhere with the support of Oscar?”

“Yes, so what?”

“I want to beat up the anyone surnamed Brown. Do you have any objections? It's useless even if you do!” Chloe asked.

The hand that was holding her waist couldn't help but exert a bit of force, as if punishing her.

"Oh... it hurts... let go of me..."

Chloe was bashful in his arms because she had just gotten even more drunk and her voice was soft and sticky.

This, which man would be able to stand it?

Joseph's deep and quiet gaze deepened a little.

"Bro-brother-in-law?" Miller was shocked.

"Boss Brown, what do you mean?"

"Also, Grace and I are not officially married yet. Is it appropriate for you

A Billion-Rich Woman Was Chased by Her Ex-Husband

to call me brother-in-law?" Joseph looked at him coldly. Miller was choked to the point that he could not speak.

Grace was disgusting.

Chloe hated Grace to the extreme, and she also hated the intimate way Joseph addressed her.

After three years of marriage, he would always address her by her name, not even giving her a "pet name".

The more she thought about it, the more her heart ached, so she struggled to free his arm. She would rather struggle unsteadily than let this dog man touch her.

"Apologize to her." Joseph said in a completely commanding tone.

The words were directed at Miller, but his gaze was fixed on Chloe.

After all, this woman was drunk and a little powerful.

“It was this

bastard who came over out of nowhere and splashed wine all over my face. She even attacked me personally! The one who should apologize is her!” Miller’s face was full of unwillingness.

“Watch your mouth. She is my ex–wife.” Joseph’s starry eyes darkened.

Chapter 17

Miller was so scared that his jaw almost fell to the ground.

So she was the hidden ex–wife of Mr. Sawle!

To be honest, her beauty was much higher than his sister’s.

If not for the fact that they were childhood sweethearts, his flashy little sister might not be able to win against this sonorous rose.

“Mr. Sawle, even if she is your ex–wife, it can’t be my reason to apologize to her!”

“Let her apologize to me, and I will pretend that this didn’t happen!” Miller insisted.

“If I were a step late, your people might do something out of line to her.” “It didn’t happen, but it doesn’t mean that you are right. Apologize.” Joseph’s face was cold and frosty.

Miller’s heart was trembling, and his face was still holding on.

Chloe’s face was red, and she was now full of alcohol.

She only heard words like “apology” and “ex–wife”... She thought to herself, ‘This dog man, could it be that he wants me to lower my head!’

‘It would be lucky for him if I didn’t twist his head off and kick it like a ball!’

“It’s so troublesome to apologize. In my opinion, we should do it according to the rules here. Either send him to the police station, or drag him out to have a good beating.”

Vincent had an aggressive smile on his handsome face. He led two rows of people over with the style of a young master of the underworld.

“Why did you hit me? Is there no law?” When Miller saw Young Master Anderson, his voice trembled with fear.

Vincent hooked his finger, and the girl who had just been forced to drink shyly hid behind him.

“First, these girls in my establishment sell wine and dance. They have never been allowed to accompany guests. You have already broken the rules here by pouring her wine.”

“Secondly, there are no illicit drugs or substances in my vicinity. What I detest the most in life is that there are people who partake in this activity

1127

in my area. Whoever does it, I will give them a stern warning!”

“In my opinion, you should really thank this Miss Lewis. If she had not stopped you from drugging, ha, you would have gone out of ACE dead now.”

Joseph was stunned. So it was like this!

“Haha! Man! Good job!” Chloe squinted her eyes and gave Vincent a thumbs-up.

“Thank you for your praise, ex–sister–in–law.” Vincent wined at her. Seeing them looking at each other, Joseph felt a sense of suffocation in

his chest.

“Joseph, what do you think of my arrangement? Is it okay?” Vincent asked.

“It’s feasible.” Joseph said concisely.

“I was wrong! I was wrong! Mr. Sawle, I really didn’t know that this young lady was your ex–wife. I, I have eyes but failed to recognize Mt. Tai. I apologize to Miss Lewis. I’m sorry...”

Miller gritted his teeth and apologized to Chloe. He was so angry that he was cursing his mother inside.

Joseph still felt that it was insufficient, but then he realized.

Raya was gone!

“Are you looking for your ex–sister–in–law? Look, look.” Vincent whistled and gestured in the direction of the stage.

Joseph’s pupils suddenly contracted, and his heart trembled.

In the illusion, Raya twisted her ant waist and danced a sexy and a little playful dance. Her smile was unrestrained, like a seductive fairy, and the dazzling light shone on her, leaving only a shadow.

Chloe was completely drunk, completely drunk!

She didn’t know what she was doing. She felt that she was flying. She was a wind that could not be defined.

Suddenly, she leaned back.

Amidst the exclamations, she fell into a stiff but warm embrace.

When she barely saw the angry face of Joseph, she only said three words with a silly smile,

“I want to vomit.”

## A Billion-Rich Woman Was Chased by Her Ex-Husband

Joseph dragged Chloe into the men's washroom.

She vomited so badly into the toilet that no matter how beautiful a person was, it was still a tragedy.

At first, Joseph only looked at her coldly at the door. Seeing that she was in pain, he walked behind her and patted her trembling back.

After vomiting, Chloe, in a daze, walked to the edge of the pool and, knowing what to do, washed her mouth and rinsed it out.

"Oh... it's so uncomfortable..."

"Then why did you drink it? You asked for it." Joseph stood to the side and frowned coldly.

"Because... I'm sad... I'm so sad..."

Chloe was not clear-headed. She even thought that the man beside her was her brother, so she choked and cried out, "Why does Joseph not like me... Why..."

Joseph's heart swelled, and he pursed his lips as he listened to her crying.

"I'm working very hard... I'm really working very hard,.. but it seems that the harder I work, the more he hates me... Why... Tell me!"

Chloe suddenly turned around and hugged the man. She threw herself on his chest and cried. Her snot and tears rubbed against his clean shirt, making it colorful.

Joseph stood rooted to the ground, his throat tightening. He felt every drop of her hot tears branded on his chest, soaking his heart. After a while, he asked in a low voice, "Do you really, really like Joseph?" Chloe raised her crying little face, and her red cherry lips gently opened. The man's Adam's apple moved, and he resisted this pure desire with great self-control.

He even regretted asking this question.

So what if she liked him? So what if she didn't like him?

Their divorce was a foregone conclusion. The only person he loved in his life was Grace.

Bang! The bathroom door was kicked open.

"Joseph! Do you want some face You're still thinking about the pot while eating in the bowl"

11

A Billion-Rich Woman Was Chased by Her Ex-Husband

Riley was so angry that his eyes turned red. He went up and pulled Chloe over to hug her like an eagle protecting a chick.

Joseph's handsome eyebrows were tightly knitted. President Thorp, who had always been elegant and graceful, was angry for a beauty. It could be seen how much he cared about his ex-wife.

Breathing suddenly felt uncomfortable.

"President Thorp, she was unable to hold her liquor and vomited badly just now. If you really loved her, you should not have brought her to this kind of place."

"My woman can do whatever she wants to do. If she likes to play, I'll play with her." Riley wanted to scold this grandson, but when he heard him call him President Thorp, he simply pretended to be Oscar.

"Mr. Sawle, since you divorced Raya, don't stretch your hands for so long. Go back and take good care of your Miss Brown!"

After saying that, Riley helped Chloe walk out, but Joseph stopped him.

"What are you doing?"

"Do you really love her?" Joseph asked in a deep voice.

“Nonsense.”

“Can you marry her?”

This question made Riley choke. How could he mess with his sister?

“What does it have to do with you? Get up!”

“Raya has no power and background. She can’t stand this kind of love game. If you can’t marry her and just treat her as a lover, then don’t drag her down and return her to her ordinary life as soon as possible.” Joseph’s eyes were dark

“Hahaha... Joseph, I have never seen such a shameless person like you. When you divorced Raya for Grace, why didn’t you think about Raya’s situation?”

“You made her a divorced woman at such a young age. Don’t you think you are dragging her down?”

“Since you knew you were going to divorce to begin with, why did you marry her three years ago? Isn’t it just to take her as a transitional so that you can marry your sweetheart? Bah! You are so dirty!”

Joseph felt a stab in his chest, and his muscular body trembled under his suit.

13

A Billion-Rich Woman Was Chased by Her Ex-Husband

Riley shoved him hard, “Take the hike!”

Joseph didn’t know how to reply, but his mind was filled with that sentence – “Take her as a transitional.”

Also, “Bah”.

“Where’s my ex-sister-in-law? She left?” Vincent leaned against the railing with a narrow waist and looked at his absent-minded and lonely

appearance while drinking.

“Yes.” Joseph answered gloomily. He picked up a glass of whiskey and gulped it down. There was a burning pain in his throat.

“Tonight, if not for you, I would have beaten Miller up. Using medicine is one of the reasons, but he still tried to touch my sweetheart. He is really courting death.”

“Don’t give me face. Do what you like.”

Suddenly, Joseph reacted and frowned. “Sweetheart? What do you mean?” “I was thinking of not letting the fertile water flow into other people’s fields. Since Brother Sawle doesn’t want it, then I will take over it for you.” Vincent raised his eyebrows and smiled wickedly. “It’s just that you have to change the way of addressing her from a wife to a sister-in-law. I don’t know if you can adapt to it.”

“I haven’t gotten my divorce certificate with her, and you can’t wait to expose our wolf tail?” Joseph’s eyes were dark, and the corners of his lips were like cold hooks.

“Damn, the divorce agreement has been signed, will the marriage certificate be far away?”

“I don’t know anything else.”

Joseph clenched his fingers, and his handsome face was cold. “But you are definitely not far from death.”

## Chapter 18

When Chloe woke up the next day, she vomited again.

“Little sister, I remember that you used to have a good alcohol tolerance. How did you become like this now?” Riley quickly handed her some water to rinse her mouth, and then took some hangover medicine and waited to be fed.

“I haven’t drunk it for three years... Who can take it if I suddenly drink a lot of wine!”

Chloe knew that Joseph did not like women who reeked of alcohol, so she quit drinking in the past three years.

“I know that you drank too much. If I didn’t know, I would think that you were pregnant.” Riley teased her.

“Ah... If I am really going to be pregnant with Joseph’s child, brothers, what are you going to do?” There was a trace of imperceptible pain in Chloe’s eyes.

“What can we do? Of course, the few of us will help you raise it. No matter whose blood flows in the child’s body, he is innocent.”

Although Riley hated Joseph to the core, his three views were very upright, and this was probably the professional conduct of the priest.

“Don’t worry, Joseph wants me to have his child? Is he worthy?” Chloe sneered and drank some water to clear her throat.

Riley: “By the way, do you still remember what happened last night?”

“I remember I looked for trouble with Miller. Joseph seems to be... here? Then I don’t remember.”

“You really don’t remember?”

“I think... I also saw a high-quality handsome guy. The handsome guy even came to help me out? Sigh, I was too drunk at that time. Otherwise, I would definitely add his WhatsApp.”

“That’s Vincent. Last night, we went to his new place.”

Upon hearing the name of this devil incarnate, Chloe was completely uninterested. “Forget it, even if that kid sold his kidney, he wouldn’t be able to buy an iPhone. When the dogs saw it, they would shake their heads.”

“Did you know that you were dragged into the men’s toilet by Joseph?”

A Billion-Rich Woman Was Chased by Her Ex-Husband

Chloe widened her eyes. “?!”

“I don’t know what you two are doing. When I went in, you were holding him and wiping your nose against his body.” Riley shook his head repeatedly, unable to bear to look back.

Chloe gasped, "..."

"Little sister, if not for me, your brother, arriving in time to take you away, that grandson might have..."

"No, Joseph is not a man like Vincent." Chloe rubbed her forehead in annoyance.

"You still speak up for him at this time!"

"Not for him. Other than being cold and indifferent, not understanding, and hating me, he is still a gentleman." After saying this, Chloe couldn't help but feel satisfied.

"Ah, but I don't know what kind of evil tricks Joseph has been up to last night. He actually asked me if I would marry you and told me not to play with your feelings. He said that you are the daughter of a small family and can't stand the love game." –

The corners of Riley's lips curled up in a mocking smile. "Do you think he got so drunk that he acted cheap?"

"Wait, why did he mention this to you for no reason?"

"Because he recognized me as big brother, so I just played along and let him not touch my woman in the future. Hmph, he must be too angry." Riley proudly raised his tail.

"F\*ck, die!" Chloe flew into a rage out of humiliation and punched Riley's hand some face.

Jordan prepared a delicious and light breakfast. He knew that his eldest sister had drunk too much and had specially cooked vegetable porridge. Chloe came down to eat in a pink silk nightgown with her long hair hanging down. Although she was wearing underwear, it was still too cool and sexy.

Jordan blushed and hurriedly looked away, not daring to take a closer look.

"Hey, hey! There are still two hot-blooded men in your family. Can you consider our feelings?" Riley held a thin egg and rolled it on his cheek,

## A Billion-Rich Woman Was Chased by Her Ex-Husband

showing a spicy expression.

“I have been wearing white dress sneakers for three years. Now I can wear whatever I want. I am happy to go out in the middle of the night. Who can stop me?” Chloe rolled her eyes and took a bite of the bread.

“Why can you only wear white dresses and sneakers for three years?” Jordan asked seriously.

“Why do you care?” The brother and sister said in unison.

She put on exquisite makeup, put on a white suit dress, and stepped on her foot. Chloe once again transformed into the most beautiful boss and went to the hotel to keep watch. She looked good.

Even if her head was in so much pain that it seemed like it had been patted by an African gorilla.

Sitting in the office, Chloe recalled the conversation she had with her second brother in the morning, and her mood was a little complicated.

Joseph helped her out last night and said those words to Riley. Was he really concerned about her?

Hehe, how could it be? He only saw the “big maid” who used to be a slave to him suddenly change her appearance and follow the new master, arousing the selfish possessive desire in a man’s bones.

She, Chloe, would not jump into the same pit for a second time!

At this time, there was a message in the Security Bureau group.

Oscar: Chloe, the gossip about you was removed yesterday afternoon, and those marketing accounts were also revoked.

Oscar: It was Joseph who did it.

Chloe: Oh, I thank his eight generations of ancestors.

Fourth brother: Ah, did you think it was solved just because you deleted him? Naive.

Third Brother: This morning, we checked the stock market. Sawle Group's stock price is only fluctuating slightly. What a pity.

Riley: Little Sister! Even if we can't deal with him for a while, we have to deal with that Brown family first!

Chloe: Naturally. I will take revenge from morning to night.

"Jordan, come in for a moment." Chloe called out to the landline.

1198

A Billion-Rich Woman Was Chased by Her Ex-Husband

"Young Mistress, you're looking for me?" Jordan came in quickly.

"Are the materials and evidence I asked you to prepare ready?" The female boss placed her hands on her hands and leisurely turned the leather chair.

"It's ready. We can report it to the relevant departments at any time."

"No, no, there's no hurry."

Chloe crossed her legs. Her snow-white skin sparkled under the sunlight. "First, find a few media companies that are close to our Thorp Group. For example," Sea Gate News ", Release the news. Let's attract strong attention first."

"It will become very troublesome to bring the media in. Wouldn't it be nice to directly step in and kill Brown Group unprepared?" Jordan expressed his doubts

"I'm a woman of etiquette. The prey I catch... I won't cut its neck with a knife. I just want to slowly torture it and slowly bleed it." Chloe gently stroked the jade bracelet given by grandpa, but her eyes were cold and ruthless.

Most importantly, after this matter was exposed, Brown

Group encountered difficulties. Brown family were not worthy to talk to her at all, so Grace had only one way then to beg Joseph.

“Joseph, I can’t wait to see how badly you are worried about your fiancée.”

That night, when there were the most online users, a piece of news quietly appeared, but it became viral in less than an hour!

“Heavyweight! Because of the serious quality problem, KS Group terminated all cooperation with Brown Group.”

“Fill it up with sub-par quality? Pilfered work and skimping? The caliber of Ailey, the Brown Group’s product, is concerning.”

Because the incident happened so suddenly, Brown Group were completely unprepared. In addition, the public relations department of the group were not professional, resulting in bad public opinion. They could not control the direction of public opinion and could not delete all the negative comments.

[Brown Group? Is it the family of Joseph’s second marriage fiancée? The rotten thing happened on the eve of the marriage.]

[Such an evil girl!]

A Billion-Rich Woman Was Chased by Her Ex-Husband

[Although I don’t want the family problem to rise to a single person, this kind of thing is really too low.]

[I bought some furniture from them days ago! I’ll request a refund!]

In the study room, Joseph listened to Max report the negative news about Brown Group, and his head was about to crack.

“Thorp Group is the wealthiest in Sea Gate, and in every sector they are involved in, they are virtually the leader of the pack. If Thorp Group stands up to boycott Brown Group, it will be lik

...e a dragon–slaying sword being drawn from its scabbard, commanding the world to obey.”

Max pursed his lips. There was no sympathy for Brown Group in his eyes, only ridicule from watching the show. “It’s a good thing that this Brown Group is not a listed company. Otherwise, they would have fallen into hell when the stock market starts to fluctuate tomorrow morning. Your father–in–law has high blood pressure, and his heart is small...”

Joseph raised his cold and white eyelids, and a sharp gaze stabbed into Max’s face.

He was so scared that he secretly stuck out his tongue, not daring to be rash.

“There is no evidence to testify for this news. Maybe it is just a groundless rumor.”

Joseph took a deep breath, his eyes dark. “How did this matter of quality come about?”

“I heard that Thorp Group took over a new female boss in Medo’s hotel, KS WORLD. She took the lead to cancel the cooperation with Brown Group.”

Then within a week, all the hotels in KS immediately responded, cancelling the cooperation and replacing the products from Brown Group.

“How is it possible that the general manager of a hotel has so much power?”

“Because she is Stefan, Director Thorp’s biological daughter, Thorp family’s eldest daughter, Chloe.”

Chloe?

Joseph’s eyes darkened.

Although this name was unfamiliar, it gave him an inexplicable sense of familiarity.

*Chapter 19*

*“Chloe... I feel like I’ve heard this name somewhere before.” Joseph pinched the space between his eyebrows and muttered to himself.*

*“I went to investigate this Miss Thorp again.”*

*Joseph thought that this money-losing secretary had finally been enlightened. He finally knew what he desired, so his eyes lit up.*

*“Tell me the result.”*

*“The result is that we didn’t find anything.” Max shrugged helplessly.*

*“Max, I think you can resign and settle the salary tomorrow.” Joseph’s eyes were cold.*

*“Mr. Sawle, calm down! It’s not that I don’t want to check, but that*

*President Thorp’s information is like a top-secret file. I really don’t have the strength to do it even if I want to!”*

*Max was so scared that his face turned blue. He wiped his sweat nervously. “Don’t you think it’s strange? Regarding Miss Thorp, I heard that she is the only daughter born by Director Thorp’s wife. She is a legitimate daughter of a rich and powerful family, but I can’t find any information about her on the Internet.”*

*“Anyway, I can’t find anything in all the social sharing software I can find. Is this big sister a little dragon girl living in the deep forest?”*

*“Do you have a photo of her? Let me take a look.”*

*“Ah, there is! It took a lot of effort to find it.”*

*Max took out his phone, pulled out the photo and placed it in front of Joseph.*

*The man stared at it and was furious. “Max! Are you looking to die?” He saw that the old photos on the screen were blurred, and the little girl in Stefan’s arms was only four or five years old.*

*How could he know if it was her?*

*“Mr. Sawle, calm down! This is really the only photo of Miss Thorp in the whole network. It was twenty years ago at the funeral of Mrs. Thorp...” Max only felt that accompanying a king was like accompanying a tiger, and next time, he would have a constant short-term Heart-saving Pill.*

*Twenty years ago... it meant that Chloe was very young. She was only.*

*ZA Billion-Rich Woman Was Chased by Her Ex-Husband*

*twenty-four or twenty-five years old.*

*He was about the same age as Raya.*

*Joseph stared at the photo without blinking. The more he looked at it, the tighter his eyebrows furrowed.*

*Why did he feel that the little girl in the photo had a bit of Raya’s facial features?*

*Damn it!*

*The marriage was already divorced, but he still had to think of his ex-wife from time to time. What kind of despicable act was this?*

*At this time, a servant’s voice came from outside the door.*

*“Second Young Master, the chairman invites you to see him. He has something to talk about.”*

*In the living room, Aubree nestled in Jake’s arms and sobbed delicately.*

*She was already in her forties, but she was still able to act like a spoiled child in her husband’s arms without any scruples, crying like a web drama.*

*“Jake... My sister is really pitiful. She married into the Brown family to aid her husband, and she gave her all. It wasn’t easy for her to live a good life for a few years, but now she encountered such a thing again...”*

*“At night, when she called me, her voice was hoarse from crying and she said that she had no face to see me. She didn’t want to embarrass us,*

*Sawle family...”*

*“How can this be shameful? We are going to be a family soon, so let’s not be formal.”*

*Jake placed his hand on Aubree’s shoulder and rubbed it. His voice was extremely gentle. “When Joseph comes over, let’s think of a way together.” All these years, Aubree relied on this act skills to drive away Joseph’s mother and successfully took over the throne, firmly holding onto Sawle family’s main ruler.*

*However, Jake liked this and couldn’t stop himself from wanting her.*

*“Dad, you were looking for me.”*

*Joseph walked over, his eyes cold and calm.*

*“Joseph, this time you must save Grace’s family!”*

*Aubree used a silk handkerchief to wipe her tears gracefully and said with*

*a choked voice, “Chairman Brown and Grace are not in good health. As soon as this happened, Grace fell ill without eating or drinking. If you love her and feel sorry for her, you have to find a way quickly!”*

*“Joseph, have you found out what happened?” Jake asked as he patted his wife.*

*“I found it. The one who revealed this news is a new general manager named Chloe.”*

*Joseph lowered his eyes and deliberately avoided the scene of the couple in front of him.*

*This kind of warmth, in his memory, Jake had never given them mother and son, and he was afraid that this man had long forgotten his mother’s appearance.*

*“KS... Sea Gate’s Thorp Group?”*

*Aubree covered her mouth and could not help but exclaim, “That is Sea Gate’s richest, how can my sister’s family provoke them?”*

*“Thorp Group and our Sawle family have never been in contact with each other since old age. Our ancestors had a deep grudge, and the Thorp family’s gre*

grandmother had made an oath that in the future, the Thorp family would never marry the Sawle family. If anyone disobeys, he will be expelled from the Thorp family, and he is not allowed to be recognized by his ancestors.”

Joseph originally did not care, because the person he wanted to marry was Grace, and not some Thorp family’s daughter.

But after hearing these words, a crack seemed to crack in the depths of his heart, and a chill rushed to the tip of his heart.

“Oh! So it seems the Thorp family noticed the Brown family was planning to wed us, so they covertly sought to indirectly stifle our Sawle family! It’s too cruel!” Aubree angrily twisted the silk handkerchief in her hand.

“Joseph, go see that Miss Thorp tomorrow. You must think of a way to stop her from attacking Brown Group. This is not only Brown Group’s problem, but also harming our Sawle family’s face!” Jake’s tone was very harsh.

“Oh, Jake, don’t be so harsh. Joseph has always been a child who listens to his parents. He is quick to understand this situation.” Aubree pinched her husband’s shoulder in a soft and gentle voice.

12:59.[

“I saved Brown Group entirely for the sake of Grace. It has nothing to do with others, Aunt Bell.”

Joseph’s peach blossom eyes were as cold as a deep pool. After he finished speaking, he turned and left.

Aubree was so angry that her face turned pale.

She was clearly the wife of Sawle Group, but this kid still called her Aunt Bell. It was really a great irony!

“Stop! Why do you still call me Aunt Bell? Aubree is my wife and your mother. Don’t you know how to be polite?” Jake suddenly got up and

asked angrily.

*Joseph stopped, but did not turn around. "There can be several wives, but the re can only be one mother. You clearly understand in your heart, why force people to do things."*

*Oscar came to look for Chloe tonight, and he inevitably mentioned Michal and Brown Group at dinner.*

*"Dad already knows your decision. He didn't say anything. He only said that if the evidence is conclusive and the plot is true, he will pursue it to the end. He will not be forgiven easily." Oscar helped his sister learn how to cut the steak at the heart.*

*"Stefan is such a person. When it comes to women, he can easily cut through the heart of the earth." Chloe ate a piece of steak with blood vessels and squinted her eyes as she chewed.*

*"That's why the three mothers are so loyal to him. Besides being a playboy, Dad has a good character. He didn't treat any madam badly."*

*"That's right. Those who come later are proud of their success. Since ancient times, only new people smile. Who heard old people cry?" Chloe lowered her eyelashes and stabbed the fork into the steak.*

*Oscar said, "I know that you don't hate the three ladies anymore. You just can't untie the knot in your heart and feel unfair for our mother."*

*"But Chloe, have you ever considered that perhaps our mother has stopped blaming our father for quite some time?"*

*"How could she not be resentful? She just gritted her teeth and endured it. In his world, how could there be a woman who could endure her husband having so many wives and concubines around? Her heart was filled with..."*

*13:00*

*Chloe stopped breathing.*

*Wasn't she the same? She knew that Joseph had a dream girl in his heart, but she still fell in love with him. She was willing to sacrifice her heart for that man, but in the end, she only got a cruel abandonment.*

*Stefan was fickle in love, but he knew how to love people. But Joseph, he didn't even look at her for three years. Not only that, but he also repeatedly stabbed her in the heart, using the heart of a villain to measure the heart of a gentleman.*

*She was really blind. She loved this heartless man for thirteen years!*

*"Joseph has been quiet these two days. He didn't call me." Oscar slowly took a sip of the red wine.*

*"Ah, because he is busy helping his dream girl's family. How can he care about me?"*

*Chloe leisurely shook the goblet, her bright eyes swirling, and an awe-inspiring aura flashed across her face.*

*"Raya is too weak. This time, it will be Miss Thorp's turn to meet him!"*

*Send gift*

*Chapter 20*

*The next morning.*

*Joseph carefully tidied himself up. He was dressed in a suit and had a strong aura. He was noble and steady. He took out the best state and headed to KS WORLD Hotel.*

*As soon as he entered the hall, he felt refreshed..*

*He had been here once last year, and he, who had always been strict and harsh, could not help but complain.*

*"A pile of loose sand, nothing good."*

*But now, it was as if he had been reborn and had the advanced standard of a first-class hotel.*

*That Miss Thorp seemed to have outstanding management ability, and was an opponent that could not be underestimated.*

*“This is our President of Sawle Group. Mr. Sawle wants to meet President Thorp. Please pass on the message.”*

*After asking around a few times, Max finally found Chloe’s administrative secretary and expressed his intentions.*

*“I’m sorry, President Thorp will not meet you without an appointment.” The administrative secretary was still polite.*

*“Sawle Group’s Mr. Sawle also has to make an appointment?” Max frowned.*

*“Why not?”*

*“You!” Max was so angry that his face turned red. He really wanted to complain!*

*“I will make an appointment today. When can we see President Thorp?” Joseph walked forward and asked with a cold face.*

*“President Thorp is very busy. I can’t say for sure. Why don’t you come back tomorrow?”*

*“You!” Max felt that his temper was not bad, and he was about to die of anger this time.*

*“Alright, Max. Let’s make an appointment first.” Joseph tugged at Max, his starry eyes filled with a deep shade.*

*After all, losing his temper did not have any elegance to speak of, and it could not solve any problems.*

*After returning to the car, Max was so angry that he gritted his teeth and punched the window.*

*“This is too much! This is Medo, not their Thorp Group’s Sea Gate! Isn’t Chloe afraid that if she offends you, she won’t be able to cat in the whole of Medo?”*

*“Come back tomorrow.”*

*Joseph furrowed his brows, closed his eyes, and leaned back. His sharp jaw and neck drew an attractive arc.*

*“Did you listen to that guy just now? I think there is no chance tomorrow!”*

*“If tomorrow is not okay, the day after tomorrow. In short, I have to see Chloe.”*

*Joseph loosened his tie and felt a tightness in his chest. “Brown Group can’t wait. If we continue to delay, we may go bankrupt.”*

*The next day, Joseph had already arrived at the hotel. As expected, he came to speak to Max and was rejected again..*

*On the third day, Joseph failed +1.*

*He was a business big shot, one of the best young men in his country. He had gone abroad with the Prime Minister to visit and had been treated with the highest level of courtesy in foreign countries. He was also a person who made people pale when he showed his name in the country. However, this Chloe did not take him as a dish at all. If he should be ignored, he should be ignored. She did not give him any face at all! It was really hateful!*

*\**

*On this day, the rain was pouring, and the young lady came to work in a good mood.*

*Chloe was sharp and decisive. She wore a black suit dress full of feminine-style double-breasted women. She wore a pair of gold rose pendants on her small earlobe, which became a finishing touch. “Oh my god! Our female boss is too beautiful! I love her all!” “Ever since President Thorp came, the female employees have been waiting to see her dress every day. The male employees have been waiting to see this angel face every day to purify their hearts and spirits. They are all working hard!”*

*“If*

*I call her the most beautiful daughter of a rich and powerful family, no one will object, right?”*

*Since Michal was fired, she had treated everyone in the hotel equally and made them submit to her. Every department dared not slack off and tried their best to be good and perfect.*

*From dead to thriving, Chloe only took less than half a month.*

*In order to resist, one must first settle the mess inside before going out to fight for the world.*

*“Sawle*

*Group has secretly injected a large sum of money into Brown Group. Brown Group has suffered heavy losses due to the negative news. This money can be said to be a continuation for them.”*

*On the other side of the line, Oscar reported the latest situation to Chloe.*

*“I guessed it. How can Joseph not help his wife’s family? He is so affectionate. He is not even in a rush to carry the blame after being cuckolded. It seems that he can’t wait to change the seed of love into a seed of resentment.”*

*Chloe sneered. She kicked off her high heels and rubbed her sore ankle. “However, the collapse of the reputation is not a problem that money can solve.” Joseph’s investment for Brown Group now is no different than burning money for a dead person. Nothing can change the result. ”*

*“Joseph is the same as you. Both of you are business talents. He also understands what you are saying. But now, other than using money to stabilize the situation, there is no better way.”*

*“Sometimes I believe that if the two of you are truly in love, the entire world will be in your hands, as a married couple.”*

*“The bond between husband and wife is not meant for me.”*

*Chloe took out a piece of chocolate from the drawer and put it in her mouth. Her eyes were cold.*

*After ending the call with his big brother, Jordan hurried in with an impatient face.*

*“Big sister! Joseph is here again! This person is really thick-skinned. It’s a pity not for him to sell insurance!”*

*“For the one he loves, he can be so accommodating; his determination is truly admirable.”*

*13:00*

*Chloe did not even look up and was busy signing documents.*

*However, Jordan could hear a trace of bitterness and bitterness in her cold and indifferent words. He did not know if it was an illusion.*

*“This time, I will personally go down and chase him away!”*

*“No, please invite him up.” Chloe closed her pen cap, and her eyes lit up.*

*“What?” Jordan was very surprised.*

*“He wants to see me, the female boss. I have to give President of Sawle Group a little face no matter what, right?”*

*Chloe leaned forward and stretched her cute white feet forward.*

*Jordan hurried over and knelt down on one knee to help her put on her high heels.*

*“Go to the western cafe area now and find a pretty and eloquent girl. I have something to arrange.”*

*Ten minutes later, Jordan came to the office with a female service student who met the requirements.*

*“Hello, President, President Thorp!”*

*The waitress bowed to the lady boss in a reserved manner. She was so scared that she did not dare to breathe.*

*“Don’t be nervous. I just temporarily arranged a small task for you. After the task is completed, I will reward you.” Chloe smiled slightly.*

*"I am already very satisfied with working for President Thorp. I don't need any rewards!"*

*"I like you very much! You are, you are my idol!" The waitress's face turned red.*

*Well, it turned out that she was still a fan girl!*

*Chloe looked at her with a smile and nodded repeatedly, "Not bad, your figure is similar to mine. Jordan, go and prepare a set of my clothes and shoes for her."*

*"Ah? Okay..." Jordan left in a daze.*

*"President Thorp, what do you want me to do for you?" The girl asked politely.*

*"The president of Sawle Group, Joseph, will come to meet me in a while. I am annoyed and I am too lazy to see him. You can meet him in my place."*

*A Billion-Rich Woman Was Chased by Her Ex-Husband*

*When the girl heard this, she was so scared that her legs went numb. "Don't be afraid. In a while, I will monitor the situation in the office all the way. You will wear Bluetooth earpieces. You can say whatever I say."*

*"Remember, behave naturally —"*

*After so many attempts, Joseph finally got the chance to see Chloe.*

*Although his cold face was still calm, his heart was trembling, and it was difficult to calm down.*

*The executive secretary led them to take the elevator. Along the way, Joseph's outstanding appearance attracted the attention of the female employees.*

*When they arrived in front of the elevator, Max was about to press the button, but was stopped by the executive secretary.*

*"This elevator is specially used by President Thorp. The two of you can only take other things."*

*"Pfft, what's so great about it?" Max couldn't help but roll his eyes.*

*Joseph didn't think much of it. After all, he had his own exclusive elevator in Sawle Group.*

*The elevator slowly ascended to the 40th floor.*

*However, it stopped at the 30th floor.*

*"Please get off the elevator," The administrative secretary said.*

*"We haven't arrived yet. Isn't President Thorp's office on the 40th floor?" Max asked in surprise.*

*"Yes, but this elevator is only on the 30th floor."*

*"What do you mean?" Joseph's eyebrows sank.*

*"Except for the general manager's exclusive elevator, the other five elevators can only reach the 30th floor. Without President Thorp's special permission, no one can take the exclusive elevator, so there is only one way for the two of you to go to the 40th floor."*

*Climb! Step by step!*

*Max was furious. "Is this how you President Thorp treats her guests? This is too much!"*

*"I can only follow President Thorp's meaning. If you two are not willing, I will send you two downstairs." The administrative secretary was simply*

*13:00*

*an emotionless machine.*

*"Forget it, let's climb."*

*Joseph pursed his thin lips tightly, suppressed his heart fire, and walked out of the elevator without a word.*

*Did Chloe think that he would back off just because she was making things difficult for him?*

*There was no word "retreat" in his dictionary!*
