

Billion Rich 231

Chapter 231

With this, everyone was in an uproar and looked at Skyler!

Upon hearing this, Joseph's eyes darkened, yet his expression remained composed, as if he had anticipated it.

Even if he asked to see Alexa, it was difficult for him to look up into the sky. He never thought that Skyler had the ability to obtain Alexa's jewelry. There was indeed something fishy about this.

Thinking of this, Joseph became angry again, his blood boiling, and he glared at Chloe again.

Chloe slightly shrank her shoulder and sized up this man as if she was looking at a mental patient.

What kind of gaze was that? Was she going to eat people?

Skyler was surrounded by the suspicious gazes of the crowd. Her face was so pale that it seemed like she had suffered from a serious illness and she hid behind Aubree..

"Miss Sawle, could it be that you were lying to me from the beginning?"

Ada Wang was so angry that her eyes were red. She asked Skyler angrily, "In order to win me over, in order to let me choose to cooperate with your Sawle Group Hotel, you used this kind of inferior method to deceive me?"

"I... I..." Skyler was so scared that she was sweating profusely and was speechless.

"Given that you have the backing of the Sawle Group, I assumed you were from a well-to-do family and had good etiquette, so I decided to take your word without question."

“Now that something like this has occurred, I’m highly dubious of your Sawle Group’s standing!/This certainly doesn’t fit with the image of your Medo family’s century–long history!”

Ada Wang had lost all face in front of her idol and was full of anger. She was willing to vent her anger on Skyler and vent her anger on Sawle Group.

Everyone shook their heads, “Incredible! A hundred billion wealthy family actually presented a superstar with counterfeits, and they were exposed in front of Alexa!”

This matter, along with Grace’s cuckolding of Joseph, was destined to be recorded in the annals of Sawle family’s history and become notorious for thousands of years!

“Miss Ada, what gift did Third Miss Sawle give you in private and what conditions did she discuss with you? As the CEO of Sawle Group, I do not know.”

“After all, Third Miss Sawle is fully responsible for the matter of your wedding.”

“What she did is entirely personal. It has nothing to do with Sawle Group.” Joseph said in a cold tone.

Hidden under his tall shadow, Chloe raised her eyebrows in surprise when she heard this.

Aubree was so angry that she almost broke her teeth!

“But.”

Joseph paused and stared at Chloc with a deep gaze. “Regarding the fake story, I represent Sawle Group and am willing to take responsibility for her.”

Would he be willing to take responsibility for her?

Everyone looked at each other. Although they felt that there was nothing wrong with his words, they could still hear a hint of... subtle meaning.

Chloe's eyes darkened again, and she coldly looked away from the man.

Originally, they thought that he was promising and could really watch Skyler die regardless of the situation. It seemed that he still had to clean up the mess for Aubree and her daughter, and still had to take care of the overall situation.

He kept saying that he wanted her to win... Who wouldn't say beautiful words?

"Wait! Why do we seem to have committed some unforgivable crime? We are also victims!"

Aubree quickly stood up to defend her daughter. She was so anxious that her face was red and her neck was swollen. "My daughter was kind. She knew that Miss Ada liked Alexa's jewelry, so she tried everything to help you find the treasure. She just hoped that it could facilitate the cooperation between the two sides!"

"Our Sawle Group is big. Not to mention one piece of Alexa's jewelry, even ten pieces can be bought. Why do you want to make a fake one and put Sawle Group's reputation on the line just to please you?"

"If we knew it was fake, we definitely wouldn't have bought it. We still wanted to find the person who sold it to us to demand an explanation!"

The crowd sighed.

This woman, even if she bought one piece, it would be fake. She still had the nerve to say that she wanted to buy ten pieces of Alexa's work. She was really shameless.

"This Madam Sawle."

Sliva finally couldn't bear to listen to her bullsh*t anymore. She stood up and said coldly, "As everyone knows, the jewelry that Alexa designs is unique and rare in this world. They rarely circulate in the market."

"It's not easy to acquire a piece, so everyone hopes to keep it forever. If you don't have to rush to make a turn in a difficult situation, you wouldn't want to part with it. When you purchase it, you should be aware of the possibility of being scammed."

"Besides, even if you have money to buy it, Alexa will not sell it to you."

"No matter what, no matter how you evaluate it, you are far from qualified." Sliva sneered.

"You... you!" Aubree choked in

ange

and smoke came out of her seven orifices.

When everyone heard this, they silently praised her in their hearts.

After all, Madam Sawle had repeatedly stirred up trouble, silently causing a great disaster, and Medo's reputation was already on the verge of collapse. If not for her title of Mrs. Sawle, she would have long been unable to survive in Medo.

This person, who was unaware of her own boundaries, should have a champion of justice to emerge and quell her haughtiness!

"Moreover, Miss Skyler."

Sliva changed the topic and suddenly stabbed Skyler, "You were really kept in the dark about the matter of buying fake goods from others. Do you really not know?"

Skyler steeled herself and declared, "Absolutely! Why would I purchase a counterfeit? It's not like I don't have the funds!"

"Heh, I don't think so."

Everyone: ...

Listening to these words, could it be that there was a mystery behind this?

Joseph frowned and looked at Chloe, who had been silent all this time.

The little girl raised her beautiful eyes at that moment, her beautiful red lips curving into a silent smile.

Her every

frown and smile were like a small shining arrow that suddenly pierced his heart!

It turned out that everything was under her control.

She was the mastermind behind the entire incident!

"What do you mean by that? Are you trying to besmirch my daughter?" Aubree embraced Skyler and feigned helplessness.

Sliva ignored Aubree's show and asked Skyler, "Miss Sawle, who did you find to make this necklace for you? You should have an impression of it, right?"

How could Skyler dare to answer? No matter what she said, she was digging her own gravel

"You can't remember? Then let me help you remember."

As the voice fell, a foreign man appeared on the big screen on the stage!

“Hello, Tyler.” Sliva greeted the person on the screen with a smile.

“Hello, Sliva. And... Máster.” Tyler looked at Chloe and scratched his head shyly.

“Your cooking skills are still so good.”

Chloe did not blame him at all. She just smiled and said, “From the moment I saw this necklace, I already knew that it was. made by you.”

Skyler’s eyes turned dark. Without Aubree’s support, she would have collapsed.

Tyler sighed with guilt and showed the transaction receipt to the camera.

“Someone entrusted me to replicate the work of my master, Alexa. Please take a closer look at the signature on the top, and you will know who is seeking me to replicate the necklace.”

” 天 使 的 吻

Everyone gathered together, and the “short gun” of the reporters present also aimed at the big screen.

Magnify, magnify, and magnify again.

The signature at the signature was straight, and the word was Skyler!

Aubree’s pupils contracted. She suppressed her voice and asked her urgently, “What happened? Didn’t you say that this

necklace was made by Zoey? Why is your name written on the receipt?"

"Mom... I, I was tricked by that wretched girl, Zoey!" Skyler wanted to cry but had no tears.

Chapter 232

When she heard this, Aubree's eyes turned black and she almost fainted from anger.

Now, the one she hated the most in her heart was not Chloe, but the bad girl who played her daughter like a fool, Zoey!

The crowd was in an uproar and discussions were boiling!

Now, the evidence was conclusive, and Skyler was not a victim at all, but the initiator of the fake!

The reporters at the scene began to move their fingers and frantically send messages –

[Thorp family's daughter is the legendary designer, Alexa!]

[You can clearly rely on your face to eat, but you have to rely on your talent. How many more people do you have that we don't know?]

[Sawle Group's third daughter, Skyler, has made people lower their heads. She dares to give Superstar Media fake goods?!]

[Deep observation: When will Aubree and her mother stop their evil acts?]

Skyler did not expect that after only half a year, she would start a hot search again. Moreover, her influence was even more ferocious than the previous press conference's apology!

Seeing that the matter was fermenting and was no longer under control, Aubree wanted to righteously kidnap Joseph and throw the mess to him. "Joseph! As the president of Sawle Group and Skyler's brother, are you going to watch them besiege your sister?"

"Although I am not your biological mother, Skyler is still related to you by blood. How can you ignore your family and give your heart to an outsider?"

"Heart to an outsider? Who is an outsider?" Joseph's eyes darkened and he asked coldly.

"Who else could it be? Of course it's the woman beside you!" Aubree gritted her teeth.

The man glanced at Chloe indifferently.

Chloe frowned and looked up at Joseph's superior profile, "Are you alright?"

Aubree was so angry that she was about to vomit blood. "You...! You are simply forgetting your identity when you see a beauty!

"It's better than someone who forgets their identity as soon as their benefits are involved."

Joseph took out his phone and called Max, "Bring her in."

Chloe was confused, not understanding what the man was trying to do.

At this time, the door of the venue was pushed open again.

Under everyone's gazes, Max slowly pushed the wheelchair in.

On the wheelchair sat a person wearing a cap and a mask. Other than the fact that it could be seen that it was a woman, her facial features could not be seen clearly.

“Joseph, what the hell are you doing?” Chloe lowered her voice and subconsciously pulled the corner of Joseph’s clothes.

The man’s Adam’s apple rolled, and even the tip of his heart seemed to have been pulled by her. “To get something that belongs to you.”

Something that belonged to her?

Chloe looked at the person on the wheel chair and blinked her almond eyes.

At this moment, the woman on the wheel chair raised her trembling hands and slowly took off her hat and mask.

It was actually Shelby!

Everyone looked at this haggard face and looked at each other in confusion.

Only Skyler was so frightened that she retreated repeatedly, as if she had been struck by lightning. Her expression was numb, and all the blood in her body seemed to have been dried up!

Chloe looked at the living Shelby in disbelief, and then at Joseph, whose face was as heavy as water.

In an instant, her heart raced like lightning, sorting out all the causes and effects!

It was true that Shelby had been admitted into the hospital in a car accident, but she did not have brain necrosis and became

a vegetable.

The reason why such news was spread was all the result of Joseph's scheme.

Skyler thought she had escaped disaster and could relax, only to be taken aback when she released the heavy bomb, unable to turn back!

Chloe narrowed her eyes and looked at Joseph with a meaningful gaze.

"This face... Why does it look a little familiar?" Someone asked.

"Oh! I remember now! Isn't she the mistress of the president of Headline A? The live broadcast was caught and raped!"

"She's actually still alive. If I were her, I would dig a hole and bury myself, how would I have the face to continue living!"

"But how could she be here now?"

Shelby clenched her fists and took a deep breath, "Everyone, I came this time to become a tainted witness to atone for my actions."

"Here, I want to say sorry to KS WORLD's President Thorp..."

"My name is Shelby, and I am a reporter on the headline A. I was blinded by greed. I was blinded by money. In order to make money, I ignored my professional ethics and morality and bought the people around President Thorp. I let him steal the design of Ada Wang's wedding scene and sell it to other media to be exposed... As a result, President Thorp broke the contract and finally canceled the cooperation with Ada Wang..."

Everyone was shocked, not expecting the complexity behind Chloe and Ada Wang's contract cancellation.

Everyone cast sympathetic and understanding looks at the young lady.

With the halo of Alexa's vest, everyone felt that Chloe was beautiful

and holy like an angel. She should live in an ancient tomb and should not be tired by the secular world. She should experience the dangers of Jianghu.

“Miss Shelby! So you were bribed”

“Who was the one who bribed you?”

“Why did you suddenly get into a car accident? Is it because the person who instructed you was afraid that you would expose her identity and wanted to silence you”

The reporters swarmed over and surrounded Shelby.

The conspiracy theory was also endless.

Shelby closed her eyes and took a deep breath.

When she opened her eyes again, she raised her hand without hesitation and pointed at Skyler!

“It was Miss Skyler who ordered me to do this!”

Boom!

Skyler's ears vibrated, and she felt like she couldn't see or hear anything.

Five days ago. Night. Hospital.

Leaning against the head of the bed in the almost suffocating ward room, Shelby tightly clutched the sheets as she looked down at the handsome man sitting in front of her, a strong sense of oppression weighing on her and layer after layer of cold sweat soaking her hospital gown.

Joseph had sharp eyes and sat on the chair expressionlessly.

Max stood by her side, looking at her with no good eyes.

“Mr. Sawle... Thank you for saving my life.” Shelby asked, trembling in fear.

“Do you know why I saved you?” Joseph asked in a cold voice as he fiddled with the silver lighter with his slender fingers.

Shelby did not dare to reply.

“Because you still have some value to me.”

Joseph closed the lighter with a click and lowered his long eyelashes. “My word can restore your body to normal. It can also make you become a cripple from now on. It can even make you disappear from the world without anyone knowing.”

“Mr. Sawle! Please instruct me!”

“As long as this lowly life of mine can help you... I will definitely do my best! I will definitely do my best!”

Joseph held a cigarette that had yet to be lit between his fingers, and his dark eyes narrowed slightly.

“Order Skyler and return my woman’s innocence.”

The entire auction came to an end in the reverse drama.

Tonight, not only did they set the highest record in MINT magazine's history for the charity event, but the reporters present also seemed to be in a celebratory mood, and the big news kept on coming.

Upon receiving the news, Jake immediately dispatched his secretary and lawyer to the scene, escorting Aubree and the stunned Skyler into the car amidst the crowd.

It was not an exaggeration to describe it as running around like a rat.

"I am Sawle Group's legal consultant. Miss Shelby, you publicly accused Third Miss Sawle of bribing you to steal KS Hotel's commercial information. If there is no solid evidence, we will definitely sue you for slander! We will definitely pursue the matter to the end!" The lawyer left harsh words before leaving, her attitude very unyielding.

Shelby saw that she was going to be sued, and her opponent was Sawle Group, so she was naturally afraid.

However, what she was more afraid of was the deterrent force of heaven and hell that Joseph brought her.

At this moment, the man looked at her with his handsome eyebrows.

"I... I dare to say this, which means that I have evidence in my hands! Don't think that I am afraid of you just because you are rich and powerful!"

"I have changed my ways now. I will never be instigated by others again. I will not do bad things against my conscience anymore!"

"Mr. Sawle..." The lawyer looked at Joseph awkwardly.

The man was expressionless and his tone was cold, as if he had nothing to do with Sawle Group. "Go back and tell Director Sawle that the person who will fight him is not Miss Gondor, but the entire KS WORLD."

Also, him, Joseph thought in his heart.

This time, it was the lawyer's turn to be afraid.

Chloe was the daughter of the Thorp family. If this matter became big, it would be offending the entire Thorp Group! The Director Thorp, CEO Oscar, and the King family behind Second Madame, which one of them was easy to deal with? Wasn't this stirring up a whole chain or something?

"Apologies should be offered when due, and punishments accepted when deserved. Reversing the truth and aiding in unjust acts only serves to make us the laughingstock in the eyes of outsiders."

Joseph curled his lips coldly and turned to look for Chloe.

Unexpectedly, the little girl had already disappeared without a trace. His zealous heart was once again abandoned in the cold icehouse.

Alice still had other important itinerary, so Chloe sent her to the underground parking lot.

"Miss Thorp, you really amazed me tonight."

"Sure enough, Oscar's sister won't disappoint me," Alice said as she gently hugged her.

"That's because I'm the elder brother's sister. Look, I have a filter." Chloe smiled humbly.

"No, from the first time I came into contact with you, your temperament, your thoughts, and your insight made me admire you very much. I think we will be very good friends." Alice said sincerely.

“Oh... Couldn’t we be very good relatives?” Chloe raised her eyebrows and teased her.

Hearing the implication, Alice’s usually unsmiling face turned red. She said softly, “Baby, I will be fifty years old next year. Although I like Oscar very much, I can’t delay him.”

“So what if you are fifty? My dad and his third wife are even twenty-five years apart. I see them having a great time together every day.”

Chloe patted Alice’s back in a particularly heroic manner. “Madam Alice, life is short. Don’t make the choice to make yourself regret. If you really like my big brother, reach out bravely. Even if you can’t be together in the end, don’t let your life have regrets.”

“Alexa.”

Alice suddenly exclaimed, “Have you ever had a choice in your life that you regret? Any regrets?”

Chloe’s heart tip almost unnoticeably released a hint of pain. A corner tucked away in the depths of her heart, hidden in the shadows, seemed to have been quietly ripped open by someone.

However, she only lightly curved her lips and smiled in relief. “To be honest, I had a choice to regret. But now that things have come to this, I have no more regrets.”

She regretted having once married him.

She had no regrets because she had married him.

It sounded contradictory, but it was her true state of mind.

Alice got into the car, and Chloe watched her leave.

“Alexa!”

“Miss Thorp! Please wait a minute!”

A large group of reporters swarmed in like they had hit the jackpot, surrounding Chloe excitedly.

At this time, Jordan was still taking care of the aftermath in the field, and she did not have any bodyguards with her. Although these reporters did not have any ill intentions, they still forced her to stop.

“Miss Alexa! How are you going to pursue the case of Skyler copying your work? Will you sue her?”

“Did Skyler provoke the female reporter with the last name Gondor to divulge the confidential information of KS WORLD Hotel, resulting in the termination of your partnership with Ada? Will KS Group and Sawlè Group be facing legal action?”

“Just now, Ada has clearly stated that he will cancel the cooperation with Sawle Group. Will the two of you let bygones be bygones and continue the cooperation?”

Chloe had been busy the whole day, and now faced with so many questions, she tensed up, and the pain in her stomach came back again.

Her hands were clenched tightly, and her smooth forehead was covered with sweat, and her face was a little pale.

But her clear eyes were still shining, and she did not look sickly at all.

“I...”

Before Chloe could finish her words, a tall figure suddenly broke through the crowd and arrived in front of her without hesitation. He opened his arms and protected her under his body, helping her resist the gradually chaotic scene.

Her line of sight was a little dazed in an instant.

The next second, a clear voice sounded in her ears, "Everyone, these questions will be answered by KS later."

"Miss Thorp is not feeling well. Please make way, I want to take her to the hospital."

Chloe's pupils contracted as she stared at Jerome's grave and worried face in surprise.

This man had not appeared in front of her the entire night. How could he tell that she was feeling unwell?

In a daze, the three years of suffering and suffering were all vividly remembered.

When she was by Joseph's side, that man had never shown any concern for her. Even during those days when she was in so much pain after the miscarriage that she couldn't get out of bed, her plea for a glass of warm water was coldly rejected by

him.

Even if he didn't know about her physical condition at that time, he didn't do such a small thing for her. It could be seen that he didn't put her in his heart, nor did he put her in his eyes.

There was a saying that details defeated love. If that was the case, then her love for Joseph had been riddled with holes in those three years, and she had suffered a crushing defeat.

Regret? Regret?

'She couldn't blame anyone.

Jerome saw a drop of crystal sweat flowing down Chloe's forehead. He felt a strong pain in his heart. He frowned and held her up. His left arm seized her soft waist.

"Is it very uncomfortable?" He asked in a hoarse voice by her ear.

"Yes." Chloe gasped for breath lightly. One more word would make the pain intensify.

"Can you make it to the hospital? Do you want to call an ambulance?"

Jerome held her waist with his slender hands, and every word that spilled on her ears was full of hot affection.

"It doesn't matter. I won't die," she said with a forced smile.

Jerome had a cold personality and had never felt sorry for anyone except for his Chloe.

Seeing her so weak, his heart gradually melted and gradually softened. He only wanted to dote on her.

"I'm here. Don't panic. I'll send you off."

Jerome supported her and used his body as a shield to protect her as she slowly walked forward.

"Sir, may I know who you are?" When the reporter saw that the man was so intimate with Miss Thorp, he could not help but

be curious.

There was no emotion in Jerome's eyes as he said indifferently, "Xavy Group's Jerome Xavier."

Xavy Group was a hundred billion-dollar wealthy family, on par with Sawle Group.

No ordinary man could get close to Miss Thorp; it took a family like the Sawles and the Xaviers to be deemed worthy of Sea Gate's wealthiest woman, and the eldest daughter of the Thorp family, a renowned jewelry designer.

"Young Master Xavier, may I ask what your relationship with Miss Thorp is?"

"Are you dating?"

Chloe was in such agony that her eyes rolled back in her head.

This bunch of media dogs were really boring. A man and a woman could only be a couple? Couldn't they be sisters?

"I am Miss Thorp's flower protector."

Jerome lowered his long eyelashes and looked at the person in his arms. It was as if the whole world was isolated from him. Only she could connect with him. "I am also Miss Thorp's suitor."

Chloe's eyes widened.

Everyone cried out in alarm!

The flashlights flashed like stars, exposing them without reservation!

Tonight, this

group of media dogs were even worse than dogs!

Suddenly, another figure that was as tall as a sculpture rushed to Chloe's side like a gust of wind.

Without saying a word, he directly pulled the little girl away from Jerome's arms and held her waist with an irresistible force. He silently and efficiently brought her out of the crowd.

"Joseph! You... You let me go! Bandit!" Chloe gasped in pain and struggled weakly.

However, the man ignored her anger. His Adam's apple tightened and the veins on his forehead jumped. He only wanted to take her away.

It was like he was crazy.

Everyone was stunned, "This... Flower Protection Envoy X2?"

A mountain couldn't hold two tigers!

When she reached a secluded place in the corridor, Chloe finally couldn't take it anymore. She shook off his hand violently.

But the moment he broke away from her control, the man quickly grabbed her wrist again and pulled her back into his

arms.

Afraid that she would run away, the other hand grabbed her waist and rubbed it against his chest fiercely.

He had not longed for anything like this for a long time.

At this moment, he clearly felt that no matter how clear his consciousness was, his body was uncontrollably longing for her...

“Joseph... what are you doing this time”

Chloe really had no strength left. Her breathing was chaotic, and the killing pain in her stomach made her eyes wet.

“Chloe, what exactly do I need to do... What else must I do for you to stop being so hard on me?”

Joseph panted heavily, his Adam’s apple trembling slightly and his lower jaw line stretched taut. His long, raven-like eyelashes were dampened by the dense water vapor in his eyes.

This handsome face, seething with anger, blushing with embarrassment, and coldly cruel at this moment.

“Tam so hard on you? What a joke...”

Chloe half-closed her eyes. She was too lazy to argue with this cur who had paranoia, anxiety, and mental illness. It was boring. “Let go, otherwise don’t blame me for being impolite to you. Three, two...”

“Do you think I can’t protect you? Or are you humiliating me in this way?” Joseph’s fingers tightened, as if he wanted to crush Chloe’s wrist bones.

Just now, when Jerome confessed to her in public, he had seen it all.

His ex-wife, his wife, his... woman.

However, she was being cared for and cherished by another man. He even attempted to win her heart and make her his own!

The pain in his heart was crushing, as if thousands of men and horses were pressing down on him. His body sank heavily, as if he were plunging into an endless abyss.

“One.”

Chloe’s eyes were as cold as a well, dry and encased in ice and snow, and her last word was spat out.

“Chloe...”

Swish!

In the next second, the woman’s red lips curled up slightly, and a butterfly knife flew out swiftly, its sharp edge pressing against Joseph’s chest.

Chapter 234

Joseph’s entire body trembled fiercely!

They used to be husband and wife, but he had never expected that she would treat him like an enemy.

This sharp butterfly knife had yet to hurt his muscles, but it had pierced through his heart.

“The last man I greeted like this, it was still Vincent. However, he is already very self-aware and is far away from me.”

Chloe tilted her head, her beautiful eyes were cold and emotionless. “I think Mr. Sawle, you are self-righteous. You don’t need me to stab a knife into your kidney. Do you understand what is going on?”

“He... What is so good about him?” Joseph ignored her threat and asked in a hoarse voice.

“What did you say?” She was stunned for a moment.

“Jerome... What’s so good about him?” With red eyes, Joseph approached her step by step.

Even though he was aware of what was pressed against his chest, and that the little girl was ruthless and capable of anything, he could not bring himself to care.

“Joseph, get lost!”

Chloe’s almond-shaped eyes were wide as she supported herself. She retreated step by step, but the butterfly knife on his chest did not retreat at all. “Do you think I don’t dare to do anything to you?”

“Why do you insist on being with him? Is it to... take

revenge on me?”

Joseph stared deeply at her, his voice trembling and hoarse. He did not feel that the tip of the knife had pierced through his suit and truly pierced into his muscles.

“If I don’t want to be with him, why would I be with you? Why are you so angry?”

“Besides, it’s not like I haven’t been with you before. It’s been three years. Didn’t you personally drive me away?” Chloe asked, feeling amused.

His words really hurt Chloe.

Joseph took a deep breath. The pain in his chest seemed to have taken root and spread all the nerves in his body.

However, what she said was the truth, cruel and powerless.

“Chloe!”

Chloe's heart tightened. She quickly turned around and saw Jerome, who was standing a few steps away, waiting for her anxiously.

"Chloe, your body is still uncomfortable. I will take you to the hospital, okay?" Jerome's gentle phoenix eyes surged with worry as he extended his hand towards her.

He did not play the boring wife-stealing game with Joseph in front of Chloe, but instead changed his strategy,

He tended to her, looked after her, experienced the chill and felt the warmth for her.

Let her know who was the one who loved her the most.

"Alright, let's do it now."

Chloe's fingers moved nimbly as she withdrew her butterfly knife. She walked towards Jerome without looking back, as if she had already made a choice between the two men.

It was self-evident who was the one who had been abandoned.

Joseph's entire body stiffened as he stood there, pathetic and laughable.

Chloe walked in front of Jerome and did not let him hold her hand. She only said in a gentle tone, "Let's go."

Jerome's fingertips trembled slightly and he retracted his hand. "Okay."

The two of them, shoulder to shoulder, walked away openly, leaving the man's eyes sad and embarrassed.

When the corridor was empty, Joseph slowly raised his hand and covered the wound that made him feel no pain. His eyes were full of pain.

“Chloe, I just want you... to see me.”

Jerome took Chloe and rushed to the hospital.

When she arrived at the entrance of the hospital, she was already in so much pain that she could not get out of the car. She

covered her abdomen with force. Her mind was blank, and her delicate and beautiful face was devoid of blood.

Her stomach had always been not very good. This was all caused by her hunger during the war as a national doctor.

“Director Xavier! I will get the wheelchair immediately!” The secretary was so anxious that he was sweating profusely.

“No need, I’ll do it.”

Jerome got out of the car first, bent over and carried Chloe out of the car. He strode towards the medical courtyard.

“It hurts... It hurts...” Chloe panted slightly and leaned weakly against him.

“Chloe, last time you told me not to hug you casually.”

“But it has to be done. Chloe... Don’t blame me, okay?” Jerome hugged her soft body tightly, as if she was about to embed herself into his chest.

His tone was extremely gentle, with a hint of coaxing.

The secretary beside her was utterly astonished, his entire worldview shattered!

At what point did the cold, unfeeling Director Xavier become so gentle and deferential towards a woman?

For Miss Thorp, the thousand-year-old iron tree bloomed, and without her marrying Director Xavier, there was no way to put an end to it.

After tossing and turning until late at night, Chloe finally had a drip and fell asleep on the bed.

Perhaps it was because of their childhood friendship and her lack of strength, but this time, she, who was always full of vigilance against unfamiliar men, finally relaxed and allowed Jerome to accompany her by her side.

The quiet ward room, the air was filled with the sweet breath of the little girl.

Jerome maintained his unchanged posture and sat by the bedside to watch her.

Suddenly, Chloe turned over, and a soft moan overflowed from the depths of her throat.

A numbing sensation passed through Jerome's heart as his Adam's apple squirmed restlessly, his mouth parched and tongue scorched.

For so many years, regardless of whether it was Medo or Stoeyae, all the women who wanted to offer themselves to him were all over the place.

But the more they were like this, the more uninterested he became. He only felt that women were more difficult and disgusting than the densely packed rattan pots stuck to the bottom of the ship.

Only Chloe could do whatever she wanted to him without restraint.

any

He was willing to do all sorts of bad things to dote on her and was not afraid of the wrath of the heavens.

Jerome's eyes darkened and he could not help but raise his hand, wanting to gently touch this little face that he yearned for day and night.

Suddenly, the phone vibrated and the secretar

sent a message.

[Director Xavier, Miss Thorp's family is here to pick her up. They are at the door.]

Jerome adjusted his gold-rimmed glasses and opened ward room's door.

In the corridor, the tall figures of Oscar, Riley, and Jordan stood in front of him like three extremely oppressive icebergs.

"I'm sorry, President Thorp."

"Chloe's stomach hurts so suddenly that she can't walk anymore, so I could only bring her to the hospital first. I couldn't inform you in time."

Jordan pursed his lips until they were deathly pale. He could not tolerate this man taking his mistress away without permission.

"Fourth Young Master Xavier, you!"

Just as he was about to speak, Oscar raised his hand, indicating for him to calm down.

He turned to look at Jerome with an insincere smile. "Fourth Young Master Xavier, I am very grateful that you brought Chloe to the hospital. But you clearly know that we are looking for our little sister, but you repeatedly hung up my phone, and finally turned off the phone..."

"What does this mean?"

Riley frowned deeply, and his eyes were filled with anger.

This Jerome was so bold that he dared to secretly take away their treasure!

'Do you think these brothers are just for show?'

"Sorry, I was only concerned about Chloe at that time and wanted her to have a good rest. I didn't want to wake her up, so I didn't think too much about it."

"Heh, what are you saying? Aren't we worried about Chloe?" Riley felt that his words were harsh and his anger instantly rose.

"The two of you are Chloe's older brothers. Of course, you dote on her and love her."

"Since the two of you are so devoted to Chloe, you shouldn't mind having another man who dotes on her and loves her in this world, right?" Jerome said unhurriedly.

Wow?

Riley and Jordan were stunned. This man was really straight.

In the Thorp family, there was no one else as passionate and unrestrained as the young lady, beloved by thousands, who was decisive in killing, cool and cheerful. Yet, she had never expressed her feelings so warmly and magnanimously.

If she could, she dared, she would not have suffered so much on Joseph and suffered so many grievances.

When Oscar heard this, his eyes became deeper.

At this moment, he had to admit that his father had a discerning eye and it was not unreasonable for him to oppose Chloe and Jerome's relationship.

Although this man looked gentle and refined, and he was wholeheartedly devoted to Chloe, it made him feel very uncomfortable..

An invisible encroachment faintly pressed against his chest.

“Second brother, wait for me. I'll go fetch Chloe.”

Oscar was about to push open the ward room's door with a sullen face when he suddenly glanced at Jerome. “Fourth Young Master Xavier, it's enough for us to take care of this place. It's not good to trouble you again. Please go back.”

Jerome walked to the parking lot with a relaxed expression, seemingly unaffected.

The secretary followed him step by step, indignant. “Director Xavier, are these two young masters from the Thorp family against you? Aren't they just making you embarrassed?”

“Since time immemorial, the sister and the sisters-in-law have never seen each other as pleasing to the eye. This brother feels the same about his brother-in-law. After all, Miss Thorp is their apple of eye. How could they let her be taken away by other men so easily?”

“It doesn’t matter. Either way, the person I want to marry is Chloe, not them. I don’t care how they look at me.”

“But Director Xavier, I still feel... aggrieved for you. Previously, you used only one hand to cover the sky, you were simply Stoeyae’s uncrowned king. Why did you have to return to Medo to look at others’ faces and suffer this living punishment!” The secretary was still very angry.

“In Stoeyae, I have everything, but so fucking what?”

Jerome adjusted his glasses, his eyes flashing with a cold light. “I should have been wearing the dragon robe, but I had no choice but to bend down. Others look at the scenery, but only I know how painful I live every day of Stoeyae.”

“If not for those filthy pieces of trash like Xavier family, if not for Draco being heartless, the entire Xavy Group would have already been in my hands.”

In an instant, the man’s eyes turned red. “And Chloe... How could Chloe marry that bastard Joseph? She should have been my wife long ago, my woman!”

The secretary looked at the crazed Jerome and hurriedly shivered. He respectfully bowed his head.

“Xavy Group, I want it. Chloe, I want her too. I want everything I have lost, I want it all back!”

Chapter 235

Chloe awoke the following day to find herself already in Sea Gate’s abode.

“Ah! Heaven and Earth Great Shift.”

She cried out and pinched her face.

Pain!

Therefore, she was not dreaming. She really went home.

“Heaven and Earth Great Shift? I still have the White Bone Claw.”

At this time, Helena and Freya just pushed the door open and came in to visit their little sweetheart. Seeing that Chloe had woken up, Freya joked:

“Chloe, how is it? Does your stomach still hurt?”

“You’ve lost weight again. Have you been too tired lately?” Helena asked.

“Chloe, why don’t you just stay at home instead of going back to Medo’s damned place?”

“You’re the most expensive young lady of our Thorp family, a Princess who has been pampered by thousands. Why do you have to fight with those stinky men?” Freya said with red eyes.

“What do you want? Just tell us. How can we not be satisfied with you? Even if you want BOBO, I’ll kill it to make sashimi for you!”

Chloe didn’t know whether to laugh or cry. “Freya, although I’m not picky about food, isn’t the crocodile sashimi too harsh

on me?”

“Freya doesn’t know how to express your concern for you: Concern makes you confused.”

“You have a good thing. I can’t explain it to your mother. Before she left, she told us to let you grow up without worries. She didn’t let you suffer.”

“Oh my god... it’s just a stomach ache. It’s just a minor illness.” Chloe waved her hand and felt that they were exaggerating. Freya’s eyes widened like copper bells. “A minor illness? We have to worry for a few days if you cough twice when you were a child!”

“Chloe, your

father didn’t sleep for the whole night because you were sick. He didn’t even eat breakfast. He was waiting for you to wake up.” Helena sighed. The little one was worried, and the old one was stubborn/

“Ah? How can that be?”

Chloe was originally lazy, but when she heard that Stefan didn’t eat, she sat up like a carp and said, “Wait for me to go over. I’ll pry open his mouth and shove it inside!”

“By the

way,

how did I... come back last night?” she asked.

Helena: “Oscar brought you here.”

Alas, in the end, it still had to be eldest brother.

Freya frowned, “But the Eldest Young Master didn’t have a good expression when he brought you back. I rarely see him with such gloomy emotions. Little girl, what did you do to him?”

“How could I dare to do anything to Eldest Brother? I am a typical family girl. It’s not like

Helena and Freya: "Oh... that means he did something to others."

you don't know."

Chloe pinched the space between her eyebrows and turned over the bed. "Then I don't care. I'll go and see Stefan first."

In the study room, Stefan sat on the sofa, sighing and frowning.

Thinking of how Chloe had been carried home by Medo with a pale face last night, and how she still cried out in pain in her sleep, his heart was so uncomfortable that it was like a knife.

"Mr. Thorp, have you seen the hot search today? Now the Internet is full of praise for our big sister, saying that she is a goddess descended from heaven, a legendary figure." Secretary Jared was thinking about something to enlighten him.

"A goddess descended from heaven? I think she is a monkey with intelligence. She will be unhappy if she doesn't poke a hole in the sky!"

"To be a well-behaved young lady, is it too much for her? Must she make a fuss to feel at ease?" Stefan was so angry that she slammed the armrest.

Sia blinked her bright eyes in surprise. "Stefan, did you... already know that Alexa is Chloe's vest?"

"She is my biological daughter. Other than the fact that she married Sawle family, I don't know anything else!?"

Stefan was so angry that he began to pat his thigh again.

The little girl who had personally replaced her urine with diapers when she was a child was gradually becoming crazy, and he couldn't control her anymore.

“Then

you should be proud of Chloe.”

When Sia thought that Chloe was Alexa, she was so excited that she blushed. “Top jewelry designer, Queen Puplen always wears the jewelry she designed at the national banquet. Second sister and fourth sister both said that this can be boasted for half a lifetime, and it can bring glory to the ancestors!”

“Sia, it’s not that I don’t appreciate Chloe’s talent. I just think that she is too arrogant and unscrupulous. She is independent in Medo, and this arrogant style of doing things is very easy to make enemies for her!”

Stefan gloomily rubbed his temples. “It seems like people’s hearts aren’t so kind anymore. Everyone’s holding back. I’m scared she’ll be betrayed. Even if I have the skills to help her out, it’ll be too late by then.”

At this time, the door opened, and the young lady walked in with a red face.

“Humph! Let me see who is this disobedient old man who doesn’t eat properly. I’ll pry open your treasure chest and give all your bottles and jars to the elderly gentleman in the retirement home to use as a urinal!”

“Chloe, are you okay?” Sia hurriedly went up and asked with concern.

“No, Sia. I’m fine.” Chloe and the beautiful stepmother were close to each other.

“Um... You guys chat first. I’ll go make some snacks for you guys.”

After saying that, Sia gestured with both hands to the top of her head with the gesture of a bull, horn, indicating that Stefan

was angry.

Chloe made a “oh” gesture and gave her a win-win.

After Sia left, Secretary Jared also left tactfully.

“Stefan, I heard everything you said to Sia just now.”

Chloe sat down next to her old father and hugged Stefan’s neck like a buddy. She put her head against his head. “You look down on me too much. My arrogance shows that I have the capital to be arrogant and have the strength to be arrogant.”

“How could those domestic canaries be a match for a real phoenix-like me?”

“You are indeed my golden phoenix, but those pheasants pecked you every few days. Aren’t you uncomfortable?” Stefan shook his head helplessly. “Why did you provoke them? They made a mess: I have to be on tenterhooks with you at my age.”

“Pheasant? Pfft... Are you talking about Sawle Group’s family?”

Chloe couldn’t help but laugh. Her voice was as crisp as a nightingale, “Stefan, your mouth is even more poisonous than mine. I admit that I was a little too loud when I spoke to you just now-

“Loathsome girl, I was afraid that you would suffer a loss, do you know that?!”

Stefan lovingly held his daughter’s slender waist. Suddenly, he thought of something and asked with a frown, “You messed with Sawle family’s people like that. As the president, that brat Joseph didn’t make things difficult for you, right?”

Chloe’s heart trembled slightly as she shook her head. “No, and he also added fuel to the fire this time.”

“Huh? What do you mean?” Stefan raised his eyebrows.

“I thought that the female reporter who stood up to testify against Skyler had really fallen into a severe coma. In fact, it was Joseph who secretly saved her and brought her to the charity event.” eyes flashed.

“Stefan, the person who wants to play with me has not been born yet.” Chloe showed her little white teeth like a little lioness.

At this time, Stefan’s phone on the coffee table rang.

Chloe helped her father pick it up and glanced at it. Her eyes darkened.

Stefan asked, "Who is it?"

"Jake." She replied with a cold face.

"Oh, your former father-in-law."

"Dad!" Chloe was so angry that her cheeks flushed. There were very few people who could make her so angry.

"What can I do for you, Director Sawle?" Stefan cleared his throat and calmly pressed the handsfree button.

"Director Thorp, I want to talk to you about what happened last night."

Jake had always been proud and arrogant. This time, his attitude was not that high. His tone was very polite. "I will go to Sea Gate later and treat you to a meal and a cup of tea."

"Recently, Director Sawle and I don't seem to have any business to talk about."

"Moreover, my Chloe is back. I have to accompany my daughter. I can't find time. If you have anything to say, please say it here." Stefan paused and smiled dryly.

"Director Thorp, about the charity auction last night, I think there must be some misunderstanding."

"Skyler did not sign the receipt; without her signature, it would be ineffective."

"Director Sawle, concerning my daughter's work being copied by your daughter, I believe it is futile for us to discuss it here. It would be best for your legal team to meet with our Thorp Group's legal team." Stefan spoke in a detached and professional manner.

“Director Thorp! Are you really going to sue us for such a small matter?” Jake was obviously anxious.

“Small matter?”

Stefan’s expression instantly turned cold, and his sword-like brows furrowed. “Anything related to my daughter, no matter how small it is, it is still a big deal.”

Chloe was like a well-behaved kitten, kneeling beside her father. When she heard this, her eyes sparkled.

Ah...

She seemed to understand a little why her mother wanted to marry this womanizer. Who wouldn’t be confused by who she looked at?

“Director Thorp, it seems that there is nothing to talk about between our two families?” Jake suppressed his anger and asked.

Stefan’s eyes turned icy, “The older I am, the narrower my heart is. I can weigh the pros and cons in terms of business, but I will never give in when it comes to my family and my own flesh and blood.”

“In short, whoever hurts my daughter, I will let them suffer!”

Chapter 236

In a single night, Skyler was once again in high spirits, and every time she stirred up trouble, it would be earth-shattering.

Not only that, she had once again used her own strength to cause Sawle Group’s stock to evaporate into hundreds of millions in a single day. It was truly a remarkable accomplishment.

On the night of the incident, Ada Wang publicly announced to the reporters that she wanted to cancel the cooperation with Sawle Group Hotel.

On the second day of the incident, the hot search continued to ferment, and Sawle Group's stock fell drastically. The online denouncement of Skyler never stopped;

[These wealthy young ladies are phoenixes, yet some are even worse than chickens. Miss Thorp is beautiful and talented. She can manage hotels and design jewelry.]

[But someone else has no good intentions, they will resort to underhanded tactics. This is Ada's first time in Medo, and it is a disgrace.]

[Don't compare Skyler to our cute Alexa, okay? She is not worthy!]

[I am not surprised at all that Skyler did this. This is what it means to like mother like girl. I understand everything.]

[This is really a coincidence. Does Sawle Group still have a good person? What kind of evil family is this? Can the relevant departments investigate?]

On the third day of the incident, Joseph did not even inform Jake and used the authority of the president to hold an emergency high-level meeting.

Skyler's seat at the conference table was conspicuously vacant; she had been claiming to be ill lately, and it seemed she couldn't bear to face anyone.

"I will make it short."

Joseph's tall and stately figure leaned in, his ten fingers interlaced on the table, and his dark eyes were intensely intimidating. "I reckon everyone here should be aware of what occurred when KS Hotel hosted the charity event last time."

Everyone was silent and tacitly agreed.

“Next, I will announce the result on behalf of Sawle Group.”

Joseph’s eyes were gloomy as he hooked his fingers. Max immediately took out a red-haired document and read it aloud,

[The result of the negative impact of Miss Sawle on the group will now be public.]

[From now on, Miss Skyler will be dismissed from her role as a director. We will take back her hotel project planning rights and will actively cooperate with the police investigation.]

[As for the serious consequences of Miss Skyler’s improper planning of Ada Wang’s wedding, Sawle Group will not be responsible for it. The losses caused by the infringement of KS WORLD’s hotel rights will be borne by Miss Skyler herself. The group will not give any help!]

Everyone was shocked!

Skyler, the daughter of the chairman and younger sister of Mr. Sawle, was cruelly treated despite their not-so-close relationship.

Although she deserved to die for her sins, Mr. Sawle’s righteousness was going too far!

“No! I don’t accept the result of this punishment!”

A sharp and ear-piercing voice came. Aubree was full of jewels, putting on the airs of a chairman’s wife, and aggressively broke in.

“Those who are unrelated to the meeting should not be out in the conference room now, Secretary Johnson.” Joseph coldly lifted his eyes and said in a cold voice.

“Understood, Mr. Sawle!”

“Madam, Mr. President is currently in a meeting. Please leave immediately.” Max strode forward like a gust of wind and stopped Aubree.

“You bastard, how dare you chase me away”

Aubree was furious when she heard the result. She simply treated Max as a punching bag and tore his shirt. “I am the wife of Sawle Group’s chairman!”

“The entire group belongs to us, Sawle family. What right do you have to let me leave?”

The higher-ups in the room all looked at the woman who was staring at her with a split eye.

If this woman did not say that she was Director Sawle’s wife, she would only make people think that she was a shrew.

Joseph slowly curled his thin lips and sneered, “Sawle Group does not have a position called ‘the wife of Sawle Group’s chairman!’”

“Joseph... you!” Aubree’s eyes were red.

All the higher-ups let out low, mocking laughter.

“I have already issued a red-headed document for the result of Skyler’s treatment. It will be sent to all the employees of the group later.”

“The result is not a child’s play. It is not something you can change with a single word of disagreement, Aunt Bell.”

Aunt Bell?

Aubree's face was pale as if she had been hit in the back of her head. She staggered back half a step and her with hatred!

This bastard didn't call her Madam in public, but called her Aunt Bell?

It was obvious that he was humiliating her!

Sure enough, the way everyone looked at her gradually changed, revealing traces of contempt.

eyes turned green

"Even if you are the president, you can't just casually deal with the director of the group! This matter should be decided by the chairman! How can you execute first and report later?" Aubree had no choice but to use Jake to suppress him.

Joseph raised his thin lips and asked with great weight, "Aunt Bell, do you mean that the chairman will definitely tolerate Skyler's actions?"

"Even if she was suspected of commercial theft, deception, and caused Sawle Group's stock to evaporate hundreds of millions overnight, the chairman still wanted to keep her position as a director and let her continue to be in a high position, just because she was the daughter of the chairman?"

She asked a few questions in a row, each word like a knife, and the knife was bloody!

The higher-ups looked at Aubree with a sharp look.

She was so angry that her entire body went cold, and her scalp went numb from embarrassment, as if she had taken off her clothes and revealed herself to the public!

“I know that there is no absolute fairness in the vocational court. The fairness we can see is like the same gorgeous robe. When we open it, it will be filled with lice.”

“However, as long as I, Joseph, sit in the position of president, I will never let those lice come out to cause trouble. As long as I am here, they will not be able to see the day.”

He did not scold Aubree at all.

However, Aubree felt like she had been scolded badly.

As the voice fell, the scene suddenly became quiet.

A few seconds later, the eyes of the higher-ups were bright. They were moved by Mr. Sawle’s righteous speech and clapped loudly.

At the end of the meeting, the news of Aunt Bell making a big fuss in the high-level meeting spread like wildfire in the group. Everyone gathered together to laugh at the words and actions of the current chairman’s wife, who was a clown.

How dare she barge into the meeting room in anger? What kind of quality is this? She doesn’t even want a dog!

As for the news of Skyler being dismissed, it was also sent to everyone through email.

“It can be considered that she has been removed. The heavens have eyes!”

“What heavens have eyes? It is Mr. Sawle who has eyes! When I go back, I want to take Mr. Sawle’s photo and worship it every day. This is simply the light of the righteous path!”

“Does this count as not recognizing family?”

“Bah! This is called righteousness over family! Besides, what is there to kiss? It doesn’t come from a mother’s belly.”

“Hahaha... I don’t care. Anyway, Skyler deserves it!”

Although there was no raise and no bonus, it was great to see the mother and daughter pair suffer!

Back in the office, Max was so excited that he almost jumped high.

“Mr Sawle! Seeing that old witch suffer such a big loss and become the laughing stock of the entire group, I feel so good! I don’t feel so good even when I got my feet massaged!”

“Do you go to the massage shop often? It’s a lot of pressure to hang out with me.” Joseph glanced at him lightly.

“It’s okay... No, no!”

Max waved his hand in embarrassment. “A metaphor! A metaphor, Mr. Sawle!”

“Has the investigation started?” Joseph walked to the sofa and sat down elegantly.

“I heard that Mrs. Sawle’s lackey secretary handed over the evidence that the prosecution has. The warrant has been banned. Skyler can’t escape.” Max was too happy and directly called his name.

“Yes.” Joseph’s eyes were deep and his expression was still calm.

After all, the one who dealt with Aubree and her daughter was not him, but Chloe.

He just wanted to help her and do something that he could do.

“By the

way, Mr. Sawle, I went to the hospital after that day to ask around. Mrs. Sawle suffered from stomach cramps and stayed in the hospital until the latter half of the night.” Max frowned.

Joseph pursed his thin lips, and his heart was entangled with a kind of worry that was difficult to get rid of.

“So... do you want to find an excuse to see Mrs. Sawle? Do you want me to buy some medicine for you to send to Mrs.

Sawle?”

“Do I still need an excuse to look for her?” The man frowned.

”

“Ah, yes, yes, yes...” Max said.

“Besides, why should I send it to her?”

The man’s stiff lips twitched, and his dark eyes were bitter. “Isn’t there Jerome by her side?” No matter what, there is a group of brothers. Why should I add flowers to her brocade?”

“I am cheap?”

Max blurted out, “Mr. Sawle! You are now negative in Mrs. Sawle’s heart! Cheap is your only way out! If you don’t, Mrs. Sawle won’t be able to catch you!”

Before his voice fell, Joseph’s murderous eyes flew to Max.

He was so scared that he choked on his saliva and coughed a few times.

“We are divorced. Even if we are divorced, the mirror can’t be restored. I have no intention of chasing her back.”

Joseph was full of suffocation. His voice was deep and hoarse, as if he had drunk all the bitter medicine in the world. “It is mine, and it will not leave me. If it is not mine, it is useless to chase her.”

“To let her go, I have never regretted it... never.”

Aubree returned to Mazeland Manor with a stomach full of resentment. From the moment he entered the door, he cried. He went to the study room and hugged Jake with snot and tears.

“Jake! How can Joseph be so heartless! Skyler is his biological sister! It’s already too much for him not to help... How can he remove Skyler from his post? How can Skyler raise his head in the group in the future?”

“He wants to make a statement in the group... If he wants to cover the sky with one hand, he will look down on you more and more after he becomes the president!”

“I ordered him to quit.”

“I asked Joseph to remove Skyler.” Jake was annoyed and slowly pushed her away.

It was strange. In the past, this woman’s tears had tried a lot on him, but now that he saw her cry, he felt uncomfortable all over and only wanted to find a place to be alone.

Every time at this time, he would be reminded of Joseph’s mother, the woman who was so cold and unbending in her nature.

She had never shed a single tear for him, and she would not be like Aubr. ”

Jake had lived for most of his life, and the biggest regret was that he had

conquered Joseph’s mother.

And Aubree appeared during that most sensitive period, satisfying his vanity as a man and his desire to conquer.

If, at that time, she could give in to him, why would they go to.

He clearly loved her.

He even loved her more.

that point...

“Jake... you, what did you say?” Aubree raised her swollen face that was covered in tears, her eyes filled with astonishment.

“After this incident, how can I still support her to take the position? If I forcefully support her, then where is the dignity of my chairman? Where is his prestige? What will the outside world think of Sawle Group if word of this spreads?” Jake’s voice was cold, and it was obvious that he was angry.

“Is the child more important, or is the face of your chairman more important?” Aubree asked.

“I am the child’s father!”

“But I am also Sawle Group’s helmsman! You can dote on the child infinitely, but I can’t ignore the face of Sawle Group!”

“Jake! How can you say such words... Are you tired of me Don’t you love me anymore” In a moment of anger, Aubree asked stupid words, which were also what many men hated the most.

“Now that Stefan has made it clear that he wants to support his daughter to the end, it is very likely that he will have to deal with the public hall with us. I am so busy now that I am not in the mood to talk about this with you!”

Jake suddenly got up with resentment and shook Aubree to the sofa, “If you have time to cry and make trouble here, why don’t you discipline your biological daughter well!”

How many troubles Skyler has made over the years, how many troubles she has caused, can you count? When I was a child, I wiped her butt. Now she is twenty-five years old, do you still want me to wipe her?”

“Jake...” Aubree trembled in fear.

“I don’t understand. They are both my, Jake’s, flesh and blood. Why is the other child of Quinn so obedient? These years, Joseph has managed the group in good order, even surpassing Xavy Group, who has always been at the same level. He has made great contributions!”

“But what about you? Besides causing trouble for the family, what else can you do? Don’t run around in the next few days. Reflect on yourself at home!”

After that, the man left the room.

With a bang, the door was slammed shut, and Aubree's scarlet eyes were filled with anger and sadness, rolling down big drops.

“Quinn... Quinn... It turns out that you still can't forget that bastard bitch! Haha... But so what if you can't forget? After all, she still died in my hands... She died with a grievance!”

Aubree cried and laughed, like a mentally deranged patient.

She remembered what Joseph said to her at the meeting today and was even more angry.

“Quinn.,. It's not enough just to die... I want your only son, the most precious son... also destroyed in my hands!”

Chapter 237

On Sawle family's side, chickens flew and dogs jumped.

On Chloe's side, she was happily sitting on the swing chair in the back garden of Tong Garden, basking in the sun.

This swing, other than her, no one would usually sit on it.

It was because this swing was specially made for her mother by her father. She heard that her mother would sit on it when she had nothing to do. She would play barefoot like an innocent and innocent young girl, swaying, or simply falling on it to lazily bask in the afternoon sun and sleep.

As for her father, he would come over every time to personally push the swing for her mother. Under the sunlight, two beautiful shadows overlapped, separated, and then overlapped. They either sat next to their wife, and the couple silently snuggled up to each other, watching the flowers bloom and the clouds drift and scatter.

Later, her mother left.

But every day, Stefan would order the servants to come over and wipe the swing clean.

It was as if her mother just went out to play, and when she was tired, she would go home.

“Big sis, Ada has already transferred over to our side. She also said that she wanted to invite you to dinner and sincerely apologize to you again.”

“She can’t contact you, so she can only contact me. These two days, my mobile phone was almost blown-up by her.”

“Ah, you can practice English on the way. It’s a good opportunity.” Chloe took another bite of the apple.

“You’re making fun of me again.” Jordan smiled helplessly. His gaze slowly moved to her squirming red lips.

It was full, moist, and tender, even more alluring than the apple in her hand.

His Adam’s apple bobbed up and down.

“In the past, in order to bring the hotel to a higher level, President Thorp might have resisted her true thoughts and accepted her invitation.”

“But now that I am her idol and I am Alexa Chloe, I can’t casually accept this invitation.”

It was enough for a miracle to appear only once, or the suspension would be worthless.

“Indeed. When Ada treated you so rudely, you should give her a real lesson and let her understand that she has to pay a great price to offend you.”

“Not exactly. It’s just that I’m a little tired recently and I’m too lazy to entertain people.”

Chloe yawned, “Moreover, the hotel has already become famous after the event of MINT. I don’t have to cooperate with Ada anymore.”

No matter how she looked at it, this time, Ada didn’t show any mercy to the young lady, but she still picked up a rock and smashed her own foot.

At this time, her phone rang.

She saw that it was an unfamiliar number and hesitated a little, but she still picked it up.

“Hello, is this Miss Raya?”

Chloe’s mind shook.

Raya, this name was really a long time ago.

In an instant, the memories sealed in the depths of her heart began to loosen up.

“Hello, I am Raya.”

“Miss Lewis, this is the Forest National Park of Mount Quny. I am the new captain of the Forest Protection Squad. I am the apprentice of Teacher Cordell. My surname is Mason.” The man over there obviously did not know that the one talking to him was the now famous big miss Thorp family.

Mount Quny the forest park.

It was the place where she first met Joseph thirteen years ago.

It was also there that Joseph had saved her life that was in imminent danger.

“Oh! You are Teacher Cordell’s disciple? Is Teacher Cordell not the captain anymore?” When Chloe heard of an old friend, her eyes instantly lit up.

“Yes, Teacher Cordell will retire next month. This month will be his last tour of the mountains. After I hand over all the work to him, he will return to his hometown.”

Captain Mason sighed, “I saw your name on Teacher’s address book. It can be seen that you must be someone important to Teacher Teacher Cordell in Medo. He wants to leave peacefully, but I hope that you can come to see him this month and say goodbye to him.”

“After all, Teacher Cordell has pancreatic cancer. I don’t know if there will be another day to see him after this separation”

“What? Teacher Cordell, he...” Chloe suddenly sat up straight, and her heart tightened.

“When I looked into it, it was already in its advanced stage.

Mason’s voice was a bit strained.

“I know.”

You know, pancreatic cancer can spread quickly. Captain

“I will take some time to visit Teacher Cordell,” Chloe said softly.

“Miss Lewis, please don’t tell him that I told you that. He has always been strong. He never wants to show his fragile side, nor does he want to be pitied by anyone. So...”

“I understand. I have known Teacher Cordell for thirteen years. I know his character very well. Don’t worry.”

After ending the call, Chloe sat on the swing in a daze. After a while, her red eyes were filled with tears silently.

“Young Mistress... Who is Teacher Cordell? You... What’s wrong?”

Jordan knelt down on one knee in front of her and took out a clean white handkerchief from his bosom to help her wipe away the tears at the end of her eyes.

“An old friend.”

“Jordan, help me contact Medo and Sea Gate. There are no authoritative digestive physicians. I want to do my best to help my friend.”

“Okay, I’ll do it today.” Jordan agreed with a straight face. As long as the First Miss did not take the initiative to say it, he would respect her privacy and never ask more.

A few seconds after the call was hung up, another call came in.

This time, it was the First Miss’ lovely and fragrant disciple – Rose.

“Rose...”

As soon as Chloe calmed down, Miss Rose’s loud voice exploded, “Ah! Master! You scum! Century scum!”

Miss Thorp family, legendary jewelry designer... You cheated me so hard by hiding your identity! Woo... I really want to call the police to arrest you! You lied to me about my feelings!

“Only now do you know, 2G internet?”

Chloe sneered, took Jordan’s handkerchief and blew her nose, “Why don’t I have the time to go heat my hair? That scum will

burn a lot of waves.”

Aubree got her face slapped by Joseph, and she did not get any benefits from Jake. Instead, she even pulled down the character image she had painstakingly built up for many years. It was a huge loss!

The more she thought about it, the more she couldn’t swallow this breath. She took the crying Skyler to kill Anderson family overnight.

“You really don’t have enough to do anything but fail! Her head is a luxury, and your head is a waste!”

When Aubree heard Skyler crying, she was annoyed and impatient. Her red nails poked her forehead hard, leaving a blood mark on her smooth forehead. “Previously, you relied on your relatives and friends, and in the future, you were Grace’s sister-in-law. You were with that scheming little bitch, Grace, and thought that you could beat her!”

“In the end, you underestimated your enemy, and you were fooled by Grace as a grandson! If not for your mother, I would have reacted quickly and helped you out. The business you did at the old man’s birthday banquet last time was enough to make your grandfather and father completely abandon you!”

“I am Dad’s most beloved daughter. How can he dislike me?” Skyler was very unconvinced when she heard this and retorted back at her with her neck stiffened.

Pal

Aubree was furious and raised her hand to slap her. “What have I taught you since you were a child? Don’t talk back to me when I speak!”

Skyler was stunned by her. She covered her face and curled up. her eyes full of resentment.

“Now you are with Zoey, and you are fooled by that naughty girl who pretends to be a good girl! What else can you do? You are not a man. If you were, the Sawle family’s business would be ruined in your hands!”

hapter 237

“Since you don’t have the IQ of Zoey and the other women, you should be as calm as your sister! Don’t carry the sedan chair for Chloe again and again!”

“If not for your sister’s mental problem, her talent would be much higher than yours! If I didn’t have a choice, do you think I would be willing to put all the eggs in your basket!?! Trash!”

Didn’t these words mean that she was even worse than that fool Annie

Skyler gritted her teeth in hatred but did not dare to refute. Tears of shame flowed endlessly from her red eyes.

Aubree dragged the crying Skyler and entered Anderson family’s villa with a murderous intent.

The servants who came and went were all speechless and looked at the famous Third Miss Sawle family in a strange way.

“Hey, hey, what’s wrong with this Third Miss Sawle? It can’t be our young master... bullied her, right?”

“Hey, hey, don’t tell me her stomach... got bigger?”

“Impossible! Although our young master is dissolute, he will never let any woman outside find her home and disturb the life of husband and miss!”

“Besides, Young Master has always had high standards. He probably... doesn't like Third Miss Sawle. She doesn't have a good reputation outside...”

Skyler faintly heard the discussion and was so angry that she saw stars. Her moving nose was about to spit fire!

But these were Anderson family's servants, and she couldn't even curse at them. She really hated them so much that her chest hurt!

“Where is your Madam Anderson? Let her come out and see me!”

Aubree roared at the housekeeper.

“My, my wife is not feeling well today. Madam Sawle asks you to go back first...” The housekeeper laughed dryly.

“Stop farting! Her daughter bullied my daughter, causing my daughter to be on the verge of losing her reputation. Do they think they can solve the problem by hiding?”

“Today, your wife must give me an explanation. Otherwise, I will never leave this place!” Aubree said.

“Madam Sawle, this is Anderson family, not a market. It's against the rules to make such a fuss here.”

At this time, Madam Anderson held Zoey's arm and walked down the spiral staircase at a moderate speed.

That dignified and dignified appearance instantly killed the woman who came from a small family like Aubree.

Skyler was originally thinking about how to win back a city on the way, but seeing her dream mother-in-law, and seeing her mother bare her fangs and claws so humiliating, her fighting spirit that she had worked hard to ignite was instantly suppressed.

“Rules? Haha... Madam Anderson, we came here to demand an explanation. No matter how ugly the situation is, an honest person was forced to do it.”

“But

your daughter found someone to fake Alexa’s jewelry and signed my daughter’s name on the receipt, which made my daughter take such a big blame!” Aubree stared at Zoey with hatred in her eyes, which scared her so much that she pasted herself on her mother.”

“After that, she didn’t even apologize and pretended that nothing had happened to her! Isn’t your Anderson family’s way of doing things too ugly?!”

Chapter 238

Anderson Group’s maids all sucked in a breath of cold air and covered their mouths in shock!

This woman, Aubree, relied on the favor of the chairman of Sawle Group, wanted to poke a hole in Anderson family’s sky?!

At the same time, everyone looked at Zoey at the same time, including the shocked Madam Anderson.

“Daughter... Is what Madam Sawle said true?”

“Mommy, I really didn’t do that! From the beginning, I came up with the idea of giving fake jewelry to Ada... It was Sister Skyler who came up with it herself!”

Seeing this wretched girl’s eyes open and twisting black and white, Skyler was furious. She glared at her and roared, “Zoey, you believe in your words!”

“You were the one who said that you would help me win over Ada, let Chloe suffer a crushing defeat, and then came up this idea to find someone to forge Alexa’s jewelry!” –

“Tang... Chloe...? That Miss Thorp family? What does she have to do with her?” Madam Anderson asked in surprise.

“I...” Zoey was at a loss for words, beads of sweat forming on her forehead.

This brainless big goose, Skyler, actually pulled Chloe out. It seemed that she was determined to tear her apart!

“Madam Sawle, what kind of place do you think this is? Do you think you can make such a big fuss here?”

Her bone-chilling voice suddenly sounded, like a sharp sword piercing through Skyler’s chest!

with

He saw Vincent’s deep phoenix eyes, the corners of his lips curling into an unruly sneer as he walked in from outside the large door.

“It doesn’t matter if you don’t feel ashamed. Don’t lower our Anderson family style.”

“Eldest Young Master!” The butler and all the servants bowed and greeted him in unison.

“Big Brother!” It was as if Zoey had seen her savior, and her eyes were watery as if she were a drama queen.

Her big brother had always disliked Skyler, and he had doted on her since she was a child. He would definitely protect her regardless of whether it was right or wrong!

“Young Master Anderson! You and Joseph are like brothers. We, Sawle family, have a friendship with you, Anderson family. How can you be so rude to an elder like me” Aubree was so angry that she was fuming.

“The friendship between me and Joseph is between the two of us. What does it have to do with you, Madam Sawle? You are not someone who raised Joseph.”

Vincent tilted his neck and sneered, “I don’t see how good you are to Joseph usually, but now you bring up Joseph to talk about things. Do you think I will fall for your tricks?”

Aubree never expected that Vincent was actually two different faces! When she was with Sawle family, he was polite to her, but when he came here, he was like a completely different person. He did I not hide his contempt and disgust for her!

Soil her, would she still be a person in the

and she seemed to have everything, but she didn't even get the.

“Big brother! Skyler is too much! She wanted to drag me into the water when she got into trouble and framed me!”

Zoey ran into Vincent's arms and hugged his strong waist tightly. “Big brother... I was wrong! I know I was wrong! Before, you didn't let me play with Skyler. I didn't listen to you. Now I know how stupid I was before!

“I won't act on my own in the future and won't be willful anymore! I will listen to you!”

“Zoey, what Skyler said just now, is it true?”

Vincent stared at Zoey with penetrating eyes, and his voice was tense because he was suppressing his emotions. “Was it you who found someone behind the scenes to fake jewelry and tried to harm Miss Thorp?”

“No! It wasn't me! It was all Skyler's own idea!” Zoey's face turned pale, and she hurriedly shook her head.

“Don't quibble anymore, Zoey!”

Skyler angrily pointed at Zoey and pretended to be angry. Her eyes were red with anger. “The man who forged the jewelry is Alexa's disciple and Puplen! Even if I wanted to fake it, I could only find someone to make it in the country in a hurry. How could I find someone in Puplen?”

“You have been studying in Puplen before. Only you have the connections and conditions! If you don't recognize me, I will find the man called Tyler and we will confront each other face-to-face!”

“Confrontation?”

Zoey refuted, "If you dare to say this, you must have already prepared a backup plan. Maybe that man has already been bribed by you. You called him over just to splash dirty water on me!"

The two of them were passionately biting each other.

"Miss Anderson, your plan of killing two birds with one stone is very good!"

Aubree knew that it was useless to argue like this, so she simply directed the conflict to Chloe, "You treat my daughter as a weapon to deal with Chloe, and you want to use our competition with KS Hotel to make trouble for Chloe."

"If this plan succeeds, it will suit your intentions. If it doesn't work, you won't lose anything. You can just pat your hands and push the blame to Skyler! Haha... But it's all thanks to Miss Thorp being Alexa herself. Otherwise, your conspiracy of borrowing a knife to kill someone would have really succeeded!"

Zoey's heart was in her throat, and her face was red. "Madam Sawle! I respect you as an elder... How can you slander me like

that!?"

"Zoey... The person who plotted against Miss Thorp behind her back... is it really you?" Madam Anderson was extremely shocked.

Her body was already not very good, and now that she was hit, she hurriedly grabbed the railing of the stairs to stand firm.

"Mommy! Big brother! I have no enmity with Chloe, Why should

go and find trouble with her! Zoey stomped her feet in exasperation, throwing a tantrum at Vincent like when she was a child.

In the past, as long as she was so hysterical, her big brother would be helpless against her.

No matter how big of a mistake she made, as long as she made a mess of things, her big brother would always be able to comfort her in the end.

and

However, at this moment, the gaze that Vincent was looking at her with lowered eyes caused her heart to tremble and feel weak.

“No enmity? Your hatred has gone to great lengths!”

Skyler simply revealed all of Zoey’s dirty thoughts, “Because you like my second brother, so you are jealous that Chloe is his ex-wife!”

“You see that my second brother is good to Chloe and is indifferent to you, so you think of every possible way to mess with her! It is to understand the hatred in your heart!”

“But Miss Anderson, you have forgotten one thing.”

Aubree was so angry that she laughed, and her tongue rose again like a spring, “Chloe may not be of much significance to Joseph, but she’s certainly of great importance to Young Master Anderson.”

“If I remember correctly, Young Master Anderson also pursued Miss Thorp, right? Although you failed to achieve the right result in the end, I believe that Young Master Anderson is a loyal person. You will definitely not let others plot against the person you likes, right?”

“You... all of you!”

Zoey was so angry that her lower lip was trembling. She clenched her fists tightly. “Big brother! Don’t believe their nonsense! I do like second brother... But they are divorced. Why should I target Chloe? Am I full of myself?”

Vincent secretly took a deep breath. His handsome face was as gloomy as the sky before the storm.

In the face of his sister's self-defense, for some reason, he could not hear a word.

Just as the atmosphere was tense, Vincent's secretary, Yoona, hurriedly walked in.

"Mr. Anderson, there are police officers here."

"They must have been to Sawle family before. They knew that Miss Skyler had come here, so they followed."

"Police... police..." Skyler's legs were weak, and she was about to collapse!

Aubree's face also lost all color in a split second, and she tightly held her daughter's trembling arm.

"Miss Skyler!"

As soon as she finished speaking, two plain-clothed police officers swiftly and decisively entered everyone's field of vision, "Someone reported that the business secret leak of KS WORLD Hotel is related to you. Please come back with us to assist in the investigation!"

Chapter 239

Skyler's ears buzzed, and she froze on the spot as if she had been struck by lightning.

"Mom... Mom, save me! Mom!"

Seeing her daughter being dragged out by the police, Aubree no longer cared about her dignity and stepped forward to stop the law enforcement!

“My daughter was framed! What did you do as a police officer? How can you arrest innocent people! Skyler!”

Vincent looked at the drama queen and daughter coldly, only hoping that the police would move faster and not dirty their

ears.

“Madam Sawle, if you don’t let go, we will sue you for obstructing official duties!” The police’s attitude towards Aubree was very cold.

“Police comrade! My daughter was framed by someone! She, was framed by Anderson family’s second miss, Zoey!” Aubree was both shocked and angry. She glared at Zoey viciously.

“What, what does it have to do with me?! Even if I forged a necklace and only violated the right, it’s fine if I lose money, but I have never been involved in commercial disclosure!”

It was your daughter who overestimated herself and insisted on fighting with Chloe. She deserved to die!

As soon as she finished speaking, the tip of Zoey’s heart shook violently and she covered her mouth!

It was over, it was over. She was so angry that she was eager to clear her relationship with Skyler. She actually... exposed the fake necklace!

In an instant, she felt a sharp pain on her back, and two points of pain seemed to pierce through her chest.

Zoey slowly turned her head and met Vincent’s eyes with mixed feelings – anger, surprise, coldness... disappointment.

“Young Master Anderson! Your sister is not as innocent as you think! She is dirty and has a belly full of bad water. She not only lied to me but also lied to you!”

“Zoey! How dare you use me as a tool... as a shield! I will never let you off... Just you wait!” Skyler’s shrill cries echoed in Anderson family’s courtyard, like a female ghost beating around the bush. “Zoey! You dare to use me as a tool... to use me as a shield! I will never let you off... Just you wait!”

“Zoey! Quick, come over to Mom!” Madam Anderson was frightened by Aubree and her daughter and hurriedly called Zoey over.

“Mommy!”

Zoey had just recovered from her shock and was about to run over to her mother when Vincent suddenly grabbed her

wrist.

“Big, big brother...” Her entire body was dark.

“Zoey, why did you do that? Is it to... take revenge on Miss Thorp?” Vincent asked with red eyes.

“It’s... it’s all Skyler’s nonsense!”

“You’re still stubborn!”

Vincent roared and clenched his fists. The pain made Zoey bend down hurts! Mommy, come help me!”

“Vincent! Let go of me! Are you going to break your sister’s wrist

and shout, “Ouch ouch ouch! Big brother, let go! It

Madam Anderson dashed over in a frenzy and snatched Vincent's hand, yanking her into her embrace to shield her. "Why can't you speak properly?"

"Speak properly? I gave her a chance to speak properly. What about her? What is she doing?"

Vincent was furious and stared at Zoey with tears streaming down her face. She looked as innocent as an angel.

A sharp pain came from her heart and spread to her nerve endings, "She used lies to disguise her evil intentions again and again, and she even colluded with Skyler to harm Miss Thorp!"

as

"What is wrong with Miss Thorp? Why did you ruin her? Just because she is Joseph's ex-wife? Is this reason you harmed her?" "Enough, Vincent! You watched Zoey grow up. How could you not know how many kind children your sister is?" Madam Anderson loved her daughter so much that she kept patting her daughter's twitching back, "Even if Zoey made a mistake, she was tricked by Sawle family and was led by that bad girl!"

"How can you take the lead to drag your sister? If it gets out, Zoey will also be pursued with responsibility!"

At the beginning of the contract between Skyler and Ada Wang, she took a private plane out of the country. I asked her where she went and she said she would go to France to watch a fashion show."

"As a result, I asked Yoona to check. You didn't go to France at all. Instead, you went to Puplen in secret! If you really have a clear conscience, why did you hide the real trip?"

Vincent's voice was as deep as thunder, and the veins on his forehead were bulging. "When Skyler was dragged away just now, you yourself had already personally admitted that the jewelry was forged by you. What are you still quibbling about?" "If Dad knew that his precious daughter had become so despicable now, the coffin lid would probably not be able to cover

it!”

“Vincent! How can you insult your sister like this!” Madam Anderson thought of her husband who had passed away many years ago, and her heart was filled with mixed feelings. Her eyes were wet and red.

“Vincent! You bastard!”

Zoey flew into a rage out of humiliation. Her heart was filled with horror and grievance as she broke the dam. She cried out, “That Chloe repeatedly made me embarrassed in front of my second brother and made me lose face in front of everyone! What’s wrong with me giving her a taste of suffering?”

“Now you are righteously reprimanding me just to vent your anger for Chloe! You only have that broken shoe in your eyes. My sister has already died in your heart!”

“But even if you kneel and lick Chloe again, she doesn’t have you in her heart. You lick dog until the end, you have nothing!”

“Zoey!”

In his rage, Vincent’s phoenix eyes turned red. He only called out her name, and it frightened her so much that she burrowed into her mother’s arms.

“Even in the end, Chloe could not be considered your sister-in-law. She is not someone you can casually hurt or insult. Moreover, I believe in Miss Thorp’s character. Although her temper is not good, her heart is not soft, and she will seek revenge for the smallest grievance, she will definitely not take the initiative to attack or hurt anyone.”

“If it is as you said, then it can only be that you are hostile to Miss Thorp first, and you picked the thorn first!”

Zoey was so angry that she was about to vomit blood!

“Also, I advise you to give up on Joseph as soon as possible. The person Joseph likes is Chloe. As long as you have eyes, you can see it. Except for himself.” Vincent curled his lips and sneered.

Well, as expected of a good brother, he was so reserved when scolding the other party for being blind!

Zoey’s face was as red as a pig’s liver, and she felt that a mouthful of blood had already rushed to her throat!

“Tomorrow, come with me to see Miss Thorp. Express your regret to her in person and apologize.”

Vincent finished coldly and turned to leave.

“Vincent! Are you crazy Why should I apologize to Chloe! I won’t!” Zoey cried hysterically.

“If you don’t apologize, then I will send you back to Puplen tonight. Without my order, you can forget about taking half a step into Medo!”

Vincent’s attitude was so decisive that even Madam Anderson was shocked!

She had indeed heard of her son, but when had he ever been so cold and decisive towards his only sister?

Just for the sake of one of Joseph’s ex-wives, that Chloe

“Big brother... Big brother, come back!”

Zoey’s eyes were filled with tears and her voice was hoarse from shouting.

However, Vincent, who had always doted on her, did not even turn his head.

Midnight, ACE Club.

Vincent sat alone in the private room, drinking one cup after another to drown his sorrows.

When he thought of the words that Skyler had accused Zoey of his heart throbbed with pain. The strong liquor rolled in his lungs, and his internal organs were about to burn up.

At this time, the door of the private room opened.

“F*ck... I don’t need girls to accompany me. All of you, get out of here!”

Vincent was annoyed and impatient. He raised his cup and dropped it, breaking it into pieces.

“Mr. Anderson, it’s... Mr. Sawle is here to see you.”

Yoona smiled in embarrassment. It was as if she had lost face at home. Her voluptuous and sexy body flashed to the side. “I’m sorry, Mr. Sawle. Mr. Anderson is in a bad mood tonight. Please take care.”

“Yes, I’m used to it.” Joseph was expressionless.

“Please.”

Joseph nodded, his tall and straight figure entering the room.

Yoona bowed, closed the door and left...

“What are you doing this time?”

“Didn’t Chloe kill you all? Why are you putting on such a resentful look again?” Joseph frowned.

“Sweet... I was dumped by Chloe. Are you going to laugh at me for the rest of my life?!” Vincent took a deep breath. Seeing that the wine glass was gone, he simply grabbed the bottle of wine and gulped down a mouthful of wine.

“Dump? Heh, you don’t deserve to use this word.”

Joseph scoffed lightly. He took out a cigarette box from his bosom and took out a cigarette between his thin lips. “Chloe has never accepted you, so how could he throw you away? At best, you are just a spare tire.”

“F*ck... If I were a spare tire, you would be a f*cking asshole and broken tire! If it were you, the Ferrari wouldn’t even be able

to run!”

Before his voice fell, Vincent suddenly remembered Zoey cursing Chloe as a ‘broken whore. He suddenly felt suffocated and his eyes turned red as he threw the bottle again.

If it was any other woman, he would have already slapped her.

However, the one who spoke rudely was his closest and most beloved sister. No matter how angry he was in his heart, there was nothing he could do. He couldn’t even bear to let her be punished too heavily.

He was so conflicted that he wanted to cry but had no tears.

“Have you come to your uncle? Why are you so impatient?”

Joseph flicked the cigarette ash with his slender fingers and his eyes darkened. “What’s the matter? Something not right?” he inquired..

“The fake necklace that Skyler used to bribe Ada Wang was made by Zoey.” Vincent sighed heavily.

Joseph’s pupils contracted, and he remained silent.

Vincent: “Why aren’t you surprised at all?”

“I guessed it.”

“Joseph, my sister, she...” Vincent felt terrible when he heard this.

“Since it has come to this, I might as well tell you one more thing.”

Joseph lowered his eyes slightly, and the white mist that his thin lips spat out was suffused with a chill. “During the last charity event, the person who asked the reporters to besiege Chloe was also your sister.”

Vincent seemed to have been hit in the head, and his expression changed drastically. His entire person seemed to be trapped in a swamp, and his entire heart sank uncontrollably.

After a while, his pale lips moved, and he said with a trembling voice, “Joseph, I’m sorry.”

“The person who should say sorry is not you, but your When Joseph mentioned the word “ex-wife”, he felt like he had been stabbed in the heart

sister. And the person she should apologize to is my ex-wife.”

“Zoey is twenty-two years old. I know that it would be too f*cked up to use the excuse of being young and ignorant...”

Vincent gulped, “But you watched Zoey grow up. Although Zoey is spoiled and willful, sometimes she does whatever she wants to do without thinking about the consequences...”

“But she is not bad at heart. She was led astray by that woman, Skyler. As her big brother, I usually indulged her too much. I failed to discipline her well. I also lost my responsibility.”

Josephi was silent for a moment, then asked directly, “So, how do you plan to deal with your sister’s mistake? How do you compensate Chloe?”

Vincent took a deep breath.

This man had always been like this. He was impartial.

Even if Zoey was his younger sister, as long as she hurt the people around him, he would not tolerate it.

“Tomorrow, I will bring her to visit and apologize to Chloe.”

“Is that all?”

“Joseph, Zoey is actually my younger sister. Since she is the first criminal, you should give me face... Let her go Vincent drooped his eyes, his attitude really sincere.

“I will go with you tomorrow.” The man opened his mouth slightly.

this time.”

“You... Why? You don’t think that I am going to support my sister and find trouble with Chloe, do you? Do I dare...”

“No, I am afraid that you will be assassinated.” Joseph stood up slowly.

Vincent's chest spasmed and he almost had a heart attack.

This man knew about the last time when Chloe used a knife to fight with him.

“It just so happens that I haven't seen her for a long time. I want to see her.”

Joseph's starry eyes were filled with an imperceptible ripple as she walked straight out the door.

“Joseph! You haven't answered my question yet!”

“Can you not argue with Zoey this time on account of our past relationship? I will ask Zoey to apologize to Chloe. As for the loss caused by the false infringement, I will compensate Chloe on behalf of Anderson Group!” The man stopped in his

tracks.

“Vincent, if your sister was attacked like this, can you accept it? Can you swallow this anger?”

Vincent: “...”

“I am willing to give face to Miss Anderson for the sake of our twenty years of friendship.”

Joseph's eyes were cold as he clenched his fingers. The aura around him was as cold as a cold tide.

“But, only this once.”

Chapter 240

Chloe stayed at home for three days in a row, and every day, except for eating and sleeping, she was like a little pig in a pigsty waiting to feed.

The three stepmother did their best to take care of her, and Sia personally held the spoon, and the mouthwatering dish was delivered to her mouth.

Three days later, she was three pounds fatter!

“Eat again and I’ll be a pig!” Chloe was so depressed that she roared into the sky.

“Good, good, good. After this meal, I swear it will be effective!”

Sia and Freya pushed and coaxed Chloe to the restaurant again.

Stefan and his eldest brother went to the outside province to attend an important event. This afternoon, Chloe and the three ladies ate together.

“Big sister! Good news!”

“Skyler is suspected of a commercial crime and has been controlled by the police! Now Aubree is anxious and anxious, and Director Sawle is also busy to save his daughter out of the police station!”

“Alas; three days to deal with Skyler. This Medo police is far less efficient than our Sea Gate’s agent.” Chloe was not surprised, only gracefully picking up a napkin to wipe her lips.

“She is actually a rich heiress. It’s not good for the police to make a hasty move, right?”

“Come, eat another piece. Back in Medo, you won’t be able to eat your Sia’s cooking anymore,” Helena said as she picked up another piece of pastry for Chloe.

“Oh... I, I really can’t hold on anymore! Burp!”

Chloe shook her little head, covered her mouth, and burped, causing the three ladies to lean forward and laugh.

When Jordan saw the young lady's adorable appearance, the corners of his lips rose. With a thought, he leaned over and gently patted her back, afraid that she would choke.

"Young lady, don't worry, don't choke."

And this scene was captured by the meticulous Helena, who saw Jordan's thoughts about Chloe.

She gently closed her eyebrows and did not say anything.

"Although that girl, Sawle family, is not easy to deal with. She repeatedly provoked us, Chloe, and should be severely punished, I still feel that the one who should really be caught is her, Aubree! She has nothing but bad water in her stomach!?"

"That girl is looking for trouble with Chloe. I don't believe that there is no Aubree's intention behind this! That poisonous woman's heart... is ten thousand times more poisonous than that of the poisonous mouse!"

Seeing that her husband was not there, Freya completely forgot about the dining etiquette. She slapped the table and said quickly, "It is said that if people are cheap, there is heaven that will punish them. When can the heavens send justice to kill Aubree? If not for her, third sister wouldn't..."

"Fourth sister, it seems that you are just talking. You haven't eaten much. Come, have some snacks." Sia's heart jumped. She quickly picked up a piece of pineapplepastry and stuffed it into Freya's mouth, forcing a smile.

Hearing this, Chloe's beautiful eyes darkened.

It seemed that the "friendship" between Sia and Aubree was quite deep.

After lunch, Chloe did not directly ask Sia. Instead, she went to Fourth Madam's room to inquire about the situation.

"I was indeed too talkative today. Pui! Pui! I promised Third Sister that I would never mention this matter again. I would never tell the children!"

Freya recalled that she had blurted it out on impulse. At this moment, she felt great regret and slapped her mouth twice.

"Before Sia married Stefan, she spent a long time working together with Aubree on the TS Treasure Channel, right? After all, they were all signed artists on that platform,"

"It was just that at that time, Sia was the head of the four little girls of TS, while Aubree could only be a vicious woman in the drama that Sia played."

Chloe thought for a moment and said in a cold voice, "Based on my understanding of Aubree, she is very shrewd, cunning, and jealous. At that time, Sia was famous and had countless fans. It was impossible for her not to be jealous and use some tricks, right?"

Of course! Just..."

Freya almost slipped out of her mouth again. She bit her lips and closed her eyes. "No, no, no... We agreed not to betray Third Sister. I won't tell!"

"Freya! Aubree must have deeply hurt Sia!" You are a chivalrous woman who roared at injustice. Don't you want to avenge

Sia?"

"I won't listen, I won't listen!" Freya covered her ears with her fingers.

The young lady's face darkened. "..."

"Sia indeed has a grudge against Aubree. If not for that woman, she wouldn't have left the entertainment circle when her career was at its most crucial stage."

Helena's cold voice suddenly sounded, scaring the two women into crying out.

"Second Sister! What are you doing! You don't even make a sound when you walk. Why are you pretending to be floating?" Freya hurriedly held her chest.

She didn't act spoiled in front of Stefan. Now, she even pouted at Helena in a sticky tone.

"Helena, when were you here? I didn't react at all." Chloe took a deep breath and felt fortunate that the person who came was

not Sia.

"I was already here since you guys were chatting. Do you guys have any misunderstanding with your loud voices?" Helena glanced outside, closed the door, and walked in front of them. "Fourth Sister, it's already like this. There's nothing to hide anymore. Moreover, Chloe has already grown up. There are some things that we should let her know."

Chloe hurried forward and grabbed her slightly cold hand, waiting for her to speak.

"Once, it was Aubree who was jealous of Sia's talent and popularity. She repeatedly made troubles and played tricks, forcing Sia to be bullied and ostracized by the entire TV station when she was at her prime. In the end, she was drugged and lost face in a large-scale event. She almost lost all her reputation."

Helena took a deep breath and allowed herself to calmly state this dark past.

Freya sighed. She, who had always been speechless, did not dare to speak at this time.

“Drugged?”

Chloe instantly found it difficult to breathe as if her throat had been locked. She asked in a hoarse voice, “Could it be that Sia

was once...”

“It’s not that kind of drugs.”

Helena choked and lowered her voice, “It’s a kind of prohibited medicine that will affect people’s nervous system after taking it. Now, the Eastern Kingdom has gone extinct, but this medicine was popular in the entertainment circle for a while.”

“It can be said that it is a kind of drug that will seriously damage the health of people.”

Chloe and Freya were both stunned, and their eyes instantly turned red!

Yes, Helena was the daughter of the King family, and the King family was a medical family. Now, he was the head of the top ten pharmaceutical companies in the country, so he must know these things like the back of his hand!

“What happened after? What happened later?” Chloe held Third Madam’s hand tightly.

“Later, on the day of the celebration on the stone platform, when she was performing on the platform, under the watchful eyes of everyone... she lost control.”

When the last three words were said, Helena’s eyes were wet.

“Damn... How could this be” Freya flew into a rage and directly smashed the makeup mirror with a punch!

Chloe's thin shoulders trembled, and her breathing seemed to have been pressed on a pause button.

After twenty years, she seemed to still be able to feel the bone-piercing shame, the pain of being laughed at by everyone! Sia had once been a great beauty, and she was absolutely gorgeous,

However, she stood on the dance stage that she loved the most, leaving a shadow that she could not forget for the rest of her life. She might never have the courage to become the charming Sia again!

“Helena, how can you be sure that this was done by Aubree?” Chloe tried to calm herself down and asked coldly.

“At that time, Stefan and I found a lot of evidence, but there was no solid hammer that could convict Aubree.”

Helena shook her head with regret. “Back then, Aubree always suppressed Sia, and her relationship with the Channel Manager of TS was unclear. Sia suffered a lot in TS and signed a long contract that could not be terminated, so she could only grit her teeth and bear with it.”

“Moreover, I investigated later. Before and after the channel celebration, Aubree did ask her agent to buy that kind of medicine from the black market. But even so, there was no solid evidence to lock her down. After all, there were many artists who consumed this medicine at that time.”

“It's enough.”

Chloe slowly closed her eyes and opened her eyes again. Her beautiful eyes were red. “As long as I think she is the culprit, this is enough.”
