

## **Billion Rich 271**

### Chapter 271

Compared to the cold and cheerless Aubree's side, this place was really bustling!

There were many luxury cars outside the wine shop, and all the people who came were the younger brothers of rich families and famous people in the industry.

Although Stefan agreed to Sia's request this time and the birthday banquet was held very low-key, Thorp family's status was very strong. Recently, he had the intention of coming to Medo to develop. There were all famous people in the Jianghu. Who would not give Stefan face?

What's more, this big boss also had a daughter who had recently been in the limelight!

Tonight, in order not to snatch the position of Sia's female lead, Helena and Freya did not show their faces at the home court. Instead, they served their good friends upstairs for many years.

They did not feel that they were left out, but were secretly delighted because it was rare for them to have such a relaxed and free moment.

Outside the court, as Sia's only daughter, Kiran naturally could not stay idle and help her sister Chloe greet guests.

The light yellow evening gown she wore tonight was personally chosen by Chloe for her. A pair of slender white legs were faintly discernible under the light yellow muslin skirt, shining and dreamy, making her as beautiful as the heroine in romance novels.

She was very grateful to her sister and knew that she had really put in a lot of effort to dress her up.

But even so, she still felt that Chloe, who did not dress up deliberately, only dressed in a generous and proper dress, and the black evening gown with little exposed shoulders, was still so beautiful that she could not catch up with her.

Kiran stole a glance at Chloe and was actually infatuated with her.

“Kiran? Is there something on my face?” Chloe blinked her almond eyes and looked at her stunned sister.

“No... no.” Kiran blushed inexplicably.

“Then are you tired? There is still a while before the birthday banquet begins. I will get you a room. Why don’t you go upstairs and take a rest?”

“No need, sister. I am not tired!” Kiran shook her head hurriedly.

“Young miss, the young masters of Xavy Group have arrived!”

Jordan, who had been greeting from the outside, rushed in, so busy that her forehead was sweating.

Seeing this, Kiran hurriedly took out a handkerchief from her dinner bag, pursed her cherry lips tightly, and held it firmly in her hand, but she did not dare to go forward and hand it to him.

“Jordan, look at how busy you are. You have a forehead full of sweat.”

Chloe curled her lips meaningfully, and her delicate hand rested on Kiran’s slender waist. She immediately pushed forward, “Kiran, you happen to have a handkerchief here. Go and wipe your brother Jordan’s sweat.”

Jordan and Kiran were both stunned, and then a layer of shy blush appeared on their cheeks.

Kiran twisted the handkerchief in her hand and awkwardly rubbed it in front of Jordan.

She gathered her courage and raised her hand to wipe his sweat.

However, he grabbed the handkerchief and hurriedly wiped the sweat on his forehead. His heartbeat accelerated, so clear, “No need, Ninth Miss, thank you.”

“No...” Kiran bit her pink lips and felt a little disappointed.

“Your handkerchief is dirty. I will buy another one for you later.” Jordan awkwardly put away her handkerchief.

“No need, I will give it to you.” Kiran smiled dryly.

Chloe saw this and was anxious.

This Jordan was usually very observant and had always been by her side. He was definitely a warm boy. How did he become a big and stupid boy in front of Kiran?

However, she was more and more certain that there was something fishy about these two people!

At this moment, Xavy Group had already walked in with an imposing aura.

Among the four children, except for the third young miss who had not returned from abroad, the other three young masters all said that they would come, but they did not see Jerome.

The eldest young master, Koda, walked in front with his wife, Selene Brinton, and Second Young Master, Patt followed closely behind.

When Chloe saw the eldest young master, her beautiful eyes could not help but fill with an invisible shade.

“Chloe, long time no see.” Patt’s eyes lit up when he saw Chloe. He, who had always been arrogant, showed an unusual enthusiasm for his eldest sister.

Chloe smiled faintly but was not tired of it. "The last time Second Eldest Young Master Xavier came to my house as a guest, we have already met. It hasn't been a long time. You and my sister, Kiran, haven't seen each other for a long time. It's true." She could see that Patt was very attentive to her. This was nothing. After all, who didn't like a perfect woman like her and who was blind?

However, she couldn't stand Kiran, who was also Thorp family's daughter, being ignored and neglected like air!

Patt felt awkward for a moment. He really didn't recognize Kiran.

"Hello, Second Young Master." Kiran didn't take it seriously and smiled gently.

Koda's face was solemn and calm. He glanced at Kiran and Jordan and said with a faint smile, "Patt, you are too honest."

"You usually do things well, but when you see the young miss of Thorp family, you only have her in your eyes. This is too outrageous. Why don't you quickly apologize to Ninth Miss?"

"It's me. It's my fault. Haha, I'm sorry, Ninth Miss. I'm sorry!" Patt bowed to Kiran with his hands folded...

Kiran smiled and felt a little embarrassed.

"Everyone, come in quickly. Jordan, bring Xavier family's young master and young mistress in Chloe instructed with a

smile.

"Yes, Young Miss."

After Xavier family left, a while later, Jordan hurried back to Chloe and said in a low voice,

“Young Mistress, may I have a word with you?”

Chloe and Jordan came to a secluded place in the corridor.

“Eldest Young Miss, the lover of Eldest Young Master Xavier who bullied Ninth Young Miss that night actually came! She still has an invitation card in her hand, and she has already entered the inner court!”

Jordan frowned and asked in a deep voice, “Do you want me to send someone to drive her out now?”

“Drive her out? Why bother? She has an invitation card. We can’t afford to play with her like this.” Chloe stood against the wall, her white jade-like arms around her chest. She was as beautiful as a sculpture of exquisite craftsmanship.

“It’s really strange! I have seriously checked every invitation card that was sent out. There is absolutely no omission. How can that woman have one?” Jordan was full of doubts.

“Ah, because I was the one who gave her the invitation.”

“Young miss, what... what did you say?” Jordan gasped.

“I said, it was me who asked that woman called Jenna to come over.”

The curve of Chloe’s lips was as beautiful as a crescent moon, but her eyes revealed a cunning and evil look like a fox. “If you want to vent my sister’s anger, there is no better time than tonight.”

Jordan was dumbfounded.

Chapter 272

Young Mistress’ actions were always so unexpected and unexpected!

“But Young Mistress, Koda and his wife are here tonight. Won’t that woman cause trouble if she suddenly appears? It will be Third Madam’s good day after tonight. It’s better to live peacefully.” Jordan expressed his worries.

“That’s why I won’t let her enter the banquet hall and dirty the eyes of my family.”

Jordan was stunned. “What do you mean?”

The First Miss narrowed her beautiful eyes, a cold light flashing in them.

“Before the birthday banquet officially begins, I will deal with this woman. Don’t worry.”

On this side, Kiran went to the bathroom.

After tidying up her watch, she hurried out with her skirt and continued to help.

“You stinky security guards! Why are you blocking my way? I have an invitation. Are you blind?”

Kiran suddenly stopped in her tracks. Her heart sank when she heard this familiar and disgusting voice. She suddenly looked

Not far away, Jenna, who was stopped by two bodyguards, kept waving the invitation in her hand. Her face was red and her voice was sharp and loud. She was like a shrew fighting in a market.

She was really dressed up tonight. She had heavy makeup and exposed her breasts. Those who knew that she was here to attend the wedding. Those who did not know would think that she was out to sell.

How could Jenna come out here

Moreover, she really had an invitation in her hands. Could it be that Koda had brought her in

Kiran's face was stiff and pale, and her heart was beating like a drum.

"Get out of my way! Do you know my background? If you stop me again, I will make you suffer!"

Jenna struggled with all her might, but the bodyguard refused to let go and almost broke the bones in her wrist, causing her to gasp in pain.

"What the hell is going on here?"

In the middle of the dispute, Jordan, who was dressed in a suit, walked over with an indifferent expression.

"Secretary Stewart, this person tried to sneak in with a fake invitation card, but we caught her. We chased her away, but she still didn't leave." One of the bodyguards said.

"Oh?" Jordan raised his eyebrows slightly.

"It... It's you The one driving the Porsche!"

Jenna recognized that Jordan was the man who protected Kiran that night. She pointed at him and shouted, "So you work in this hotel? The lobby manager?"

"Forget it, no matter what you are doing, hurry up and let me in. Don't let the dirty hands of these security guards touch

me!"

However, it was as if Jordan had never seen her before. He only looked at her coldly and said, "If the invitation is fake, then I'm sorry. I can only ask you to leave this place immediately."

“Fake? What nonsense are you spouting! My invitation was sent by KS to deliver it to me. How could it be fake?”

Jenna flew into a rage out of humiliation and threw the card in her hand onto Jordan’s face. “Open your dog eyes and take a good look! Look!”

Swish

The invitation directly hit Jordan’s face, leaving a very thin blood mark.

Faced with such humiliation, Jordan’s expression did not change. He just raised his hand and gently wiped the wound with his finger, his eyes like a deep mist.

“Brother Jordan!”

Seeing that her sweetheart was being bullied, Kiran finally couldn’t bear it anymore and rushed up with red eyes!

“Ha? So you, little slut, are also here.”

When Jenna saw Kiran rushing over, she was first surprised, then her eyes were full of contempt. “Chi, it really is a woman singing along with her husband.”

She was teasing, but her eyes couldn’t help but look at the evening dress of her sworn enemy.

Isn’t this new spring season of a certain famous Paris Fashion Week? There isn’t a single one in the country. Why is this slut wearing it?

A Porsche is just a hotel manager. Does she have the strength to raise her? Heh, she must have done a lot in private too. She is clearly coquettish to the point that she has to pretend to be lovely and cute.

How disgusting!

“Who are you calling a slut? Put your mouth more serious!” At this moment, Jordan finally got angry and clenched her fists so hard that they were cracking.

“Handsome, I think you shouldn’t trust this woman too much. She looks pure and innocent, but in fact, she is abusing her friendship in private.”

Jenna lifted her hair and glanced at Kiran with contempt. “These dirty things have long been spread in our school. Her reputation in our school has long been stinky.

“Only you, an outsider, didn’t know that she was cuckolded, so you treat her as a treasure.”

Jordan was so angry that his shoulders were trembling, and his eyes were bursting with uncontrollable anger!

Although he had promised the young miss to calm down, after all, he also understood that if he wanted her to die, he had to make her go crazy first, but at this moment, he really couldn’t bear it!

“Jenna, what are you dissatisfied with? Let’s go out and have a talk. Don’t make trouble here!” Kiran was afraid to make a bigger mess, so she blocked Jordan and said anxiously.

“I am going to attend the banquet now. Who wants to talk to you alone? You bastard! Let me go!”

Jenna shouted like a rogue.

Kiran was so angry that her lips were tightly pursed. She really wanted to rush up and beat her into a pig head!

“It’s so noisy. What exactly happened?”

A voice that was as cold as water striking ice, sweet and beautiful, dragged out a noble and lazy tone.

Jenna suddenly-turned back!

Seeing that Chloe was followed by two black-clothed bodyguards, his aura was 2.8 meters high, and he walked swiftly towards them, he couldn’t help but tremble in his heart, and he instantly became as calm as a chicken.

This... was the rumored Young Mistress of Thorp family?

General manager KS Hotel, top jewelry designer Alexa?

Heavens, she was too beautiful. She was like a god descending to the mortal world. Every hair on her head was shining!

“Young Miss!” Jordan and the other bodyguards bowed to Chloe in unison.

When Kiran saw that she had alarmed her sister, she felt very apologetic. She lowered her head in guilt and bit her lower lip, not daring to make a sound.

Like her mother, she was most afraid of causing trouble for her family in her life. That was worse than killing them.

Chloe walked over with a heavy expression. She was too lazy to look at Jenna and only looked at Jordan. “What happened? This is our Thorp family’s banquet, not a market. What’s the point of shouting?”

“Young Mistress, this woman is trying to fish in troubled waters with a fake invitation card. I wonder what kind of intentions she has. Who knows, she might be some dangerous person.”

“I think we should send her to the police station and hand her over to the police to handle.” Jordan said seriously.

“Call the police?”

When Jenna heard this, she was in a bad mood. She blushed and said anxiously, “Why call the police? I have an invitation card. It was your people who were rude to me. I won’t let them get justice?”

How can a big tycoon bully the common people like this I want to record it and expose you!

After saying that, she pretended to take out her phone.

At this time, Chloe had already taken out the invitation card from Jordan’s hand and opened it. She glanced at it and her red lips curled up.

“Our Secretary Stewart is right. Your invitation card is indeed fake.”

“What what?” Jenna was stunned!

Kiran was also stunned and looked at his sister in disbelief.

Chloe shook the invitation card in her hand, “Every invitation card has our KS Group’s badge on it, and every one of them was personally printed by me.”

“But your portion is obviously not. It is indeed fake. At the very least, it was not sent out from me.”

Jenna was drenched in cold sweat. She was completely dumbfounded!

In fact, she knew that she was not worthy to attend Thorp family's gathering with her status, but she had received the invitation, so she naturally thought that this invitation was given to her by Koda.

She was dressed up and came over, wanting to give Director Xavier a surprise, but she did not expect to lose face to her grandmother!

Then this, this invitation, what is going on

"It seems that the person who forged the invitation is indeed quite worrying. Secretary Stewart, just do as you say and send her to the police station." Chloe ordered lightly.

"Yes, Young Mistress."

Jordan frowned and ordered the bodyguards, "Take her away!".

"Why I didn't break the law! Why do you want to arrest me?".

"If you want to arrest me, this woman must come with me!".

"With her status, why would she attend Thorp family's banquet."

Kiran frowned and was about to speak, but Chloe took the initiative to ask, "So funny! Why can't she come out of here?"

"She is my classmate! No one knows better than me what her identity, background, and character are!"

"How can she have a ticket here? Absolutely not! It was most likely that the Secretary Stewart beside you, Miss Thorp, got her in here!"

"I can leave... She must leave here!"

“Kiran, is this woman really your classmate?”

Chloe walked to Kiran’s side, sighed softly, and intimately put her arm around her sister’s shoulder.

“?” Jenna.

What was going on?

Why was Miss Thorp so close to Kiran?

“Yes, sister.”

At this point, Kiran knew that she could not hide her identity. She lowered her head guiltily. “I’m sorry. It’s all my fault that I caused you so much trouble...”

“Silly sister, I don’t find it troublesome. I’m afraid that you are too sensible. If you don’t give me some trouble, how lonely would I be as a sister?” Chloe gently pinched her cheek.

Jenna’s scalp was numb and she was dumbstruck, but she still did not give up and asked, “Kiran... is your sister? Is she really your sister”

Chloe hugged her sister tightly and smiled coldly, “Otherwise, why do you think her surname is Thorp?”

A buzzing sound!

Jenna’s ears exploded. She was so scared that her legs went soft and she almost fell to the ground!

Kiran... was Thorp family’s daughter?

This woman who was like a knife on the chopping block, being bullied by others... was actually Stefan's daughter

"Tonight is my father, Third Madam, Sia's birthday banquet. Sia is my sister, Kiran's mother. This entire gathering was held for the sake of them. All the guests here were also invited by us for their sake."

"You came here with a fake invitation card and refused to let you in. Not only did you humiliate my secretary, but you also verbally hurt my sister."

"Miss Jenna, based on what you did before, I have sufficient reason to sue you for defamation of others 'reputation." Chloe's tone was cold, but her beautiful eyes were surging with a gloomy anger."

It was cold and extremely intimidating!

"Sister. Kiran choked when she heard this. She stared at Chloe with tears in her eyes.

Jenna's face was burning. Every word that Chloe said was like a slap to her face!

"Someone, take her away!" Jordan ordered coldly, no longer wanting to waste words with her.

"Miss Thorp! My invitation was given to me by Xavy Group's Director Xavier! I was kept in the dark from beginning to end, I didn't know that it was fake!"

"Tonight, Director Xavier is also at your banquet! Call him out and you will know once you ask!"

Kiran and Jordan both looked at Chloe at the same time.

The young lady opened her red lips in ridicule, tilted her head, and secretly snapped her delicate fingers.

She finally said it.

After waiting for an entire night, they were waiting for her to sell that guy!

Chapter 273

In the banquet hall, Koda and his wife were talking and laughing with Oscar.

Now, as the president of the group, Eldest Young Master Xavier had taken over several important industries and subsidiaries of Xavy Group. He was also the eldest son that his father had placed his greatest hope on. In the future, if nothing unexpected happened to Xavy Group, the whole Xavy Group would be controlled by him.

As the eldest son of Stefan, Oscar was bound to be the future heir of the KS consortium. Therefore, even if Koda did not like a polygamy family like Thorp family, who was also a flat family with a bowl of water, he was willing to be hypocritical with

Oscar.

“President Thorp, I heard that KS intends to march into Medo. The recent movements are not small, and the momentum is fierce.”

“In the future, there will be more and more opportunities for me to meet President Thorp in the business field. Our two families are old friends, and my father and Director Thorp are brothers. I hope that when we come to our generation, we can continue this friendship.”

Oscar smiled and clinked his glass with him.

“If President Thorp has any good project on Medo’s side in the future, remember to think of our Xavy Group. If our two families can unite, no one can compete with you and me in the future, even in the country.” Koda took a sip of wine, not hiding his ambition at all.

“Director Xavier is right, but unfortunately, after I stand on this last shift, I will have to retreat to the second line.” Oscar’s eyes were calm, elegantly drinking.

Koda and his wife Selene looked at each other, puzzled. "President Thorp, what you mean is..."

"As everyone knows, being a CEO is not my dream. I also wanted to help my father and release my younger brothers and sisters to satisfy their wishes to realize their own worth and dreams. I didn't want them to be implicated by the family office, so I took the position of CEO and took this responsibility."

Oscar thought of Chloe and couldn't help but smile gently. "Now, our Young Lady is back. She is very interested in doing business and is eager to manage the group. She is both talented.

"So after this transition period, I will retire to the second line and give the position to my sister."

"President Thorp means that... in the future, Director Thorp will be willing to let Miss Chloe be KS Group's CEO?" Koda was stunned.

"Yes." Oscar nodded and said bluntly.

This is not a secret. In the future, Chloe will definitely be the heir of the consortium.

In the whole of Thorp family, no one is more suitable than her.

"But Miss Thorp is a girl. She is only in her early twenties this year, right? At this age, she should enjoy the beauty of youth. In two years, when she is married, she should take care of her husband and take care of her son. This is the normal life of the daughter of a rich family, right?"

Selene said in a tactful tone, "Moreover... Director Thorp has several young masters under her. All of them are outstanding figures. Which one of them can't be entrusted with an important task? Does she really need Miss Thorp to be a housekeeper?"

"I understand what you mean, Madam, but Chloe is not an ordinary girl. If I want her to take care of her husband and teach her children every day and not let her realize her personal value, I'm afraid she will be so scared that she will run abroad to travel all over the world. If I see her again, it will probably be the time for half of my body to be buried."

“So even if it is to keep my sister by my side for a long time, I have to give up my position to her.” Oscar said half-jokingly.

The girl of my own family has been spoiled since childhood. Whatever she wants, as long as I have it, I will give it to her.

Selene was greatly shocked!

Xavier family had a total of four children, and three of them were born from the same mother.

This Stefan now had three wives, and their children were complicated. They did not want to fight for more benefits for themselves, but were actually willing to give up everything they had painstakingly built up?

Unreasonable! Unbelievable!

Koda repeatedly praised, but in his heart, he couldn't help but sneer and despise.

This Oscar really had no ambition, no brain to spoil his little sister, leaving his great future behind, actually letting this little girl jump up and down.

Humph, sooner or later he will regret it.

“Director Xavier!”

At this time, Koda's secretary hurriedly came over. Seeing that Selene was present, she hesitated to speak.

“Sorry, excuse me.” Koda revealed an apologetic smile.

Oscar nodded. “Go ahead.”

As soon as Koda left, Selene’s face darkened.

“What did you say?” When Koda heard this, his eyebrows tightened.

“Miss Mole is here, but she couldn’t come in. She was stopped outside by Thorp family’s people. Now she is shouting that she wants to see you. Many people saw it!” The secretary wiped his sweat and reported in a low voice.

“How can she set foot on such an occasion? Tell her to get lost.”

“Director Xavier, there was a commotion outside just now. I heard that Miss Mole insulted Thorp family’s Ninth Miss and even disturbed Thorp family’s young miss.”

The secretary nervously swallowed his saliva. “I see that with Miss Thorp’s attitude, if you don’t come out, this matter will be difficult to resolve. She is really difficult to deal with.”

Koda’s face was gloomy, and he pulled his bow tie, “Got it.”

Originally, Chloe wanted to execute Jenna on the spot.

However, Kiran was very afraid of making this matter big and letting too many people see that it would spread to her parents’ ears, so she repeatedly begged her sister to deal with it privately.

At this moment, in the empty banquet hall.

Jenna stood there in panic. The two tall and strong bodyguards in black behind her gave her an extremely strong sense of oppression, and the previous arrogant and domineering appearance disappeared.

Chloe leisurely sat on the sofa with Kiran in her arms, her beautiful legs lazily crossed, and Jordan also stood on the side! with a plate of fruit to serve.

She inserted a piece into her younger sister's mouth, her eyes were as charming as silk, like the lustful and muddle-headed Emperor of ancient times.

"Last time, I heard Jordan say that this woman scolded you, and she also scolded you very harshly?" Chloe asked in a moderate voice, the tone of her voice hard to distinguish between joy and anger.

When Jenna heard this, her body was uncontrollably frightened, as if she was in an icehouse!

Chloe, a woman, gave her a very terrifying sense of oppression, and her aura was terrifyingly strong!

"Sister, that is a personal grudge between me and her. Please let me handle it." Kiran took a deep breath, her heart tightening.

This kind of woman, even looking at her sister was an insult to her sister. She really did not want Chloe to get involved in this rotten thing.

"Well, good sister, I know you don't want my sister to worry."

"You don't want to cause trouble for my sister. I'm really happy that you think of me like this." Chloe touched Kiran's silky smooth hair and said in the gentlest tone.

"I will help you deal with this matter. Don't feel guilty. Just take it as I taught you. In the future, you will know what to do if you meet that dog who doesn't recognize Mt. Tai again."

Jenna was shocked and trembled even more!

Now, she had no other choice but to wait for her Director Xavier to come and save her!

At this time, the door of the banquet hall opened.

com nigh

Koda's face was cold and gloomy as he walked in followed by his secretary.

When Jordan saw this man, he remembered the humiliation he had suffered that night, and his eyes could not help but darken a little.

"Director Xavier... Director Xavier!"

Jenna cried at him with tears in her eyes. Her delicate eye makeup was ruined. "Director Xavier! You must help me! I was wronged. I was cheated by someone else!"

At this moment, Koda's expression was even more stiff. He pursed his lips.

He had always been very unscrupulous in his private life. Two months ago, this Jenna appeared in a high-class club under Xavy Group. It was at that time that they got together.

In his eyes, this woman was like a malnourished junk food. After eating and vomiting chicken bones, they should not have any more connections.

Unexpectedly, she actually chased him here. Not only did she embarrass herself, she even dragged him in!

Koda's cold gaze stung Jenna's legs, causing him to tremble and take a step back.

"Miss Thorp, what's going on? Why did you mobilize so many people?" Koda turned to ask with a smile.

"Director Xavier, your girlfriend, Miss Mole, came here to mess up our Thorp family's place. She hurt my secretary and humiliated my sister."

"I thought about it. The person who solved the bell should be the one who tied the bell. This debt must not only be settled with Miss Mole, but also with Director Xavier."

"After all, I can endure anything, but I can't bear to see someone hurt my family. My mother is very protective."

The fake smile on Koda's face froze and he gritted his teeth.

He did not expect that Chloe would not care about the relationship between the two families at all. For such a rotten woman, she had to go against his face!

"Sister..." Kiran's eyes flashed. He tugged at her skirt, his heart somewhat worried.

"Miss Thorp, I don't quite understand what you're saying."

Koda smiled coldly. "I only met her once. We met by chance. What reason do I have to protect her? What reason does Miss Thorp have to settle accounts with me?"

"Director Xavier..." Jenna looked at this heartless man with a pale face.

A few days ago, she even served him in bed to the point of wanting to die. She played all kinds of perverted tricks with him. Why did she not recognize him when she put on her pants

"Oh? I see."

Chloe's beautiful eyes curved, and her smile was evil. She looked like a beautiful little fox. "Since that's the case, I'll take Miss Jenna to the banquet hall later and let everyone, especially Miss Selene, get to know this highly skilled and bold Miss Mole."

Jenna was so scared that she was about to cry!

When Koda heard this, her face instantly turned pale. She stared at Chloe with a hidden hostility. "Miss Thorp, what do you want to do?"

"I don't want to do anything either."

you

"As the saying goes, even if you beat a dog, you have to look at the owner. I just hope that whoever raises the dog will be the one to clean it up."

"After all, I am a girl. Because of this kind of person, it is not very respectable, isn't it?"

Koda finally understood.

Not only was Chloe taking revenge on Jenna, she was also making things difficult for him!

They have no grudges against each other, we haven't seen each other for more than ten years, so why...

Suddenly, Koda inadvertently glanced at Jordan.

Heh, so that's how it is. I'm afraid that Chloe already knows what happened that night.

A dog that really knows how to bite doesn't bark!

“Director Xavier... please help me! Save me!” Jenna staggered towards Koda but was stopped by the secretary.

“Apologize to Miss Thorp and Ninth Miss.” Koda looked at her coldly.

“I’m sorry... It’s my dog eyes that don’t recognize Mt. Tai. I was blind! I’m sorry... I’m sorry!” Jenna bowed and apologized to them with red eyes.

Kiran looked at Chloe with bright eyes. Her admiration for her was as endless as the surging river.

This man was Xavy Group’s CEO. Medo was currently in the limelight. Other than him, it was Joseph.

However, in Chloe’s place, regardless of whether it was thay scum or Sawle guy, she would stomp him until he exploded. She would not give him any face at all.

Handsome!

“Just saying thank you, and you’re already done?” Chloe’s cool and elegant beauty was instantly covered with frost.

“Secretary Covell.” Koda rubbed his cheek bones.

“Yes, Director Xavier.”

Secretary Covell understood and raised his arm without a word, smacking Jenna’s face with his big mouth!

Pa!

“Ah!”

Four slaps in a row directly knocked the woman to the ground, her mouth full of blood!

Kiran was frightened and quickly turned his face away.

“Don’t be afraid, don’t be afraid. Sister is here. It’s a small scene.”

Chloe pulled her sister into her arms and gently stroked the back of her neck. Then she glanced at Jordan angrily. “Jordan, you are also the same. Ninth Miss was so scared, but you didn’t come to comfort her.”

Hearing this, Kiran’s little face suddenly turned red.

“Young Miss, I...” Jordan was embarrassed and his heart was beating fast.

“Alright, alright. There isn’t much time left. Let’s go out and comfort her again.”

As she spoke, Chloe held Kiran’s arm and stood up, walking straight in the direction of the door:

“This banquet hall is quite hidden. Usually, no one will come over, so I left it to Director Xavier to deal with the aftermath.”

But soon, the banquet is about to begin.

Bang -!

The door was closed.

Ten minutes later, Koda and his secretary came out.

His eyes were vicious. The steel belt on his right hand was stained with blood, and there was still a woman's painful moans and pleading in the room.

"You stay and clean up."

"Yes, Director Xavier!"

"Chloe... this girl is really interesting."

Koda's entire body emitted a malicious aura, and his ten fingers clenched into a crisp sound. "It's a long time that I have not met someone who dare to challenge me, especially a girl."

Heh, since she wants to play, then I'll accompany her and play with her.

\*

This resentment, Chloe had vented for Kiran, moreover, it was a carefree and unrestrained release.

However, Kiran always felt a little uncomfortable.

Chloe was particularly observant and left first, leaving Jordan alone with her.

The two of them went to the open-air balcony to enjoy the wind to calm their chaotic thoughts.

Seeing that Kiran was shrinking her shoulders, Jordan hurriedly took off his suit and draped it over her. "Ninth Miss, the wind is strong here. Wear something."

“That night, you were the one who told my sister that Jenna was looking for trouble with me?” Kiran slowly turned around, her eyes staring at him with mixed feelings.

Jordan was stunned and replied softly, “Yes. I was the one who revealed it to Eldest Sister.”

“Why did you do this? The matter between me and Jenna is my business. Why did you drag my sister into this?”

Kiran’s eyes were filled with anxiety and her brows were tightly furrowed. “My sister is usually very busy and tired. How can she be worried about such a small matter? Moreover, it even affected Koda. She almost got into a conflict with him!” “Do you think Koda won’t hate my sister? Will he just let my this matter go?”

“Ninth Miss...”

“Brother Jordan, you are my sister’s secretary, and you also have my sister in your heart. Why don’t

more at this time?”

think about her

“What if Koda is too angry to find trouble with my sister in the business field? Have you ever thought about how serious the

consequences of this matter are?” Kiran asked in a heavy tone.

In the face of her questioning, Jordan felt a deep pain in his heart.

In a moment of panic, he suddenly grabbed Kiran's thin shoulder with both hands, and his eyes were burning red. "But I am too angry, Ninth Miss! I really want to help you vent your anger. I am too afraid that woman will bully you in school!"

"When I think of her insult to you that night, I can't bear it for a moment... I just want to rush to your side and protect you!"

"Brother Jordan..." Kiran was stunned for a moment and stared deeply into his eager eyes.

The heat coming from his damp palm flowed into her blood along her shoulder and wrapped around her heart, causing her heart to beat wildly.

"I know. This time, I used Young Mistress and I will apologize to her. But Ninth Young Miss, I can't care so much I can't care about it anymore..."

Jordan met her gaze. Her breathing gradually became rapid and her cheeks became hot. "I hate myself. I don't have enough ability. I hate myself for being useless."

"But as long as I can protect you, I am willing to do anything, anything."

Kiran's cheeks were flushed red, and a layer of tears appeared in her eyes. She suddenly leaned over and gently rested her forehead on his broad shoulder.

She had once read that line.

What was love?

It was the bravery of the weak, the generosity of the poor;

Weighing the persistence of the pros and cons, the bold gamble of the people.

The people who were not good with words tried to express themselves hesitantly.

Also, the unswerving determination of knowing that it was impossible to do it without hesitation.

Chapter 274

Chloe hummed a little tune and walked alone to the banquet hall.

She knew that Jenna was doomed.

Happy!

Based on her understanding of Koda, no, it should be her understanding of men. Men were all superficial creatures with more face than the sky. If she made Young Master of Xavier family lose face, she was afraid that the man would kill Jenna. Well, bullying this grandaunty's younger sister, beating her up would be letting her off easy!

"Chloe."

A low and magnetic voice full of affection sounded behind Chloe.

Her heart suddenly trembled and she clenched her fingers.

There was no second voice in the world that could disturb the frequency of her heartbeat.

Except for that man.

The man who she loved so much and had also hurt her so badly.

Chloe took a deep breath to calm herself down and looked back with a cool gaze.

Joseph stood alone a few steps away, holding a beautifully wrapped box in his hand. He walked towards her with an air of pride.

"I'm here." His voice and gaze were filled with tenderness.

Chloe was expressionless. "Oh."

The man pursed his thin lips and said apologetically, "Sorry, I wanted to come earlier and see if I could help you. But it seems... it's still too late."

The man who was like a flower of Gaoling was as humble as a manservant in front of the young lady.

"Why do we need an outsider like you to help us with our Thorp family's banquet?"

"Where's Grandpa? He didn't come with you?" Chloe scoffed.

"Grandpa is here. He's chatting with Director Thorp in the reception room," Joseph said gently.

"Oh, okay. I'll go see Grandpa. Go ahead."

After saying that, Chloe turned around and was about to leave without hesitation.

any

"Chloe!" Joseph was anxious and suddenly grabbed her hand, holding it firmly in his palm.

"Why are you doing! If people see it, they can't explain it clearly. Let go!" Chloe struggled hard, and the tips of her ears quietly turned a little red.

"There is no one else here, only the two of us."

Joseph's breathing sank, and she narrowed her eyes. She pulled the little girl into her arms. "For an absolute opportunist, you can't let go of even the slightest chance. Even if there is no chance, you have to create an opportunity."

Chloe wore extremely sharp ultra-high heels, and under the pull, her feet became unsteady, and she exclaimed softly.

into

Then, like a bird flying into a forest, she threw herself into the man's warm and broad chest.

Joseph's dark eyes widened. He held the gift in his left hand, but he was afraid that she would fall, so he quickly wrapped his right arm around her and placed it under her soft body.

"Umm -!" Chloe put her front chest on his strong arm.

Joseph took a deep breath and was suddenly stunned. "...?".

He clearly felt that his muscles were pressed against a ball of warm and fragrant jade that made his heart tremble.

Round, full, sexy,

and attractive.

No, he was already committing a crime in his heart. Who asked him to be a normal man?

Joseph's mind was blank, and his breathing became hotter and hotter. His sharp eyes were secretly red.

“Chloe, your figure... is very good.” He turned his face to the side, his thin lips close to her ears that were red to the point of dripping blood.

His voice was low and hoarse as he grinded against every single one of her trembling nerves. His body, which was hidden under his suit, gradually emitted a strong heat that wrapped around her and wrapped around her...

“You... you!”

Chloe’s beautiful eyes widened in anger. She pressed her hand against his chest and gave him a hard push. She raised her hand and slapped him. “Stinky rogue! You deserve to be slapped!” ·

The strength was like scratching an itch for Joseph.

He was not angry at all, but his heart was itchy, his mouth was dry, and his mind was dizzy, as if he was drunk.

“You hit me, and I have to tell the truth. It’s really good.” Joseph’s eyes darkened, and his eyes were sincere and clean.

Could it be that the highest realm of being a rogue – was being a serious rogue

“Shut up! Stop talking!”

“Don’t come near me, or I’ll make you impotent in your next life!” Chloe’s face was as red as a peach.

“It doesn’t matter. I’m not interested in that kind of thing anyway. I don’t have an heir to the throne in my family.”

“I’m only interested in you, Chloe. If you don’t let me get close to you, it’s better to let me die.”

“Then you can go die! Hurry up and die, I won’t send you off!”

Chloe blushed and turned around, stomping her feet in anger!

She knew that it was just an accident and could not blame cur.

But he took the opportunity to evaluate her figure... How could he be such a rogue!

No wonder he called Vincent brother!

Vincent hugged Annie and sneezed, “Who is scolding me”

Joseph looked at the beautiful and delicate back of the little girl and imagined her angry little expression at this moment.

His thin lips cur led into a doting smile.

“Chloe...”

Another clear and powerful voice suddenly came from behind him, carrying a hint of trembling, full of thoughts.

Chloe’s body suddenly shook, and she hurriedly turned around.

In an instant, her bright almond-shaped eyes were filled with tears as she swept past Joseph like the wind, and she couldn’t wait to rush towards the person who had called her.

“Sixth sister!”

“Chloe!”

This voice was even more fervent than before, and it even revealed a trace of choking.

Joseph’s eyes were filled with shock as she abruptly looked back.

Not far away, she saw that Chloe was holding tightly to a woman who had a beautiful appearance and was wearing a blue OL suit. She had an elegant bearing and was gentle and did not lose her aura.

Her eyebrows were slender, and her delicate face was full and white. She was wearing proper makeup, and her clear and firm eyes were filled with pride.

She was actually 70 similar to Helena!

Just now, he heard Chloe call her sixth sister. Could it be that this woman was the legendary older sister who married Stoeyae far away and had a different mother?

Chloe hugged her older sister, Fran. She was both surprised and happy. The tears of longing turned into full fruits in her eyes and smashed on her sister’s shoulder.

“Sister... When did you come back? Why didn’t you tell me? I could go and pick you up!”

“I just arrived tonight and got off the plane more than an hour ago. I thought I wouldn’t be able to catch up, so I didn’t dare to disturb you.”

Fran’s eyes were also wet, and she gently stroked her sister’s back. “This can also give you a surprise.”

“Surprise... It’s really a surprise!” The more Chloe spoke, the more she choked, and the more he wanted to cry.

“Chloe, when I looked at your back just now, I didn’t even dare to recognize you.”

Fran looked at Chloe over and over again, both happy and distressed. “You’ve lost weight, lost a lot of weight. In the past, your little face was round and moist like a little dumpling. Now look at your cheeks... Who abused you? Not giving you food

to eat?”

Hearing this, Joseph’s heart tightened, very uncomfortable.

He remembered that when Chloe first married him, wasn’t her little face round, and there was also a little cute baby fat.

Later, he didn’t know when it started, but this little girl who was always walking around him, intentionally or unintentionally, was busy with him. Her bright eyes gradually dimmed, and her soft little face also gradually became thinner.

She had suffered a lot by his side, and it was during those three years when she was ignored and neglected by him that she became like this day by day.

He really should die quickly.

“Second brother always said that I was fat. Now that I have lost weight, he has no words to say anymore, haha!”

“What’s more, so what if I’m thin? Am I not floating? Isn’t I the most beautiful girl in the universe?” Chloe asked.

“Yes, yes, my Chloe is the most beautiful.” Although Fran was only three years older than her, she spoiled her sister like a half-mother.

“Sixth sister.”

At this moment, the shameless Joseph walked over. His handsome face was not red. He opened his mouth and tried to get

close to Fran.

Fran was stunned. She looked at the handsome man in front of her and her pupils shrank.

“Sawle Group, Mr. Sawle?”

“Sixth sister doesn’t need to be so polite. Just call me Joseph.” Joseph politely extended his right hand towards her. His beautiful peach blossom eyes held a gentle smile.

He looked broad and honest.

He was not as decisive and mysterious as the rumors said.

Out of courtesy, Fran was about to reach out and shake hands with him, but she was pulled back by Chloe. She stared fiercely at the man. “Don’t think about getting close to me, sixth sister. Don’t think of leaving a mark in front of her. Joseph.”

Your abacus beads have already collapsed on my face.

Joseph frowned and smiled bitterly. He nervously retracted his embarrassed hand.

“Chloe, between you and Mr. Sawle...” Fran saw that Chloe was so casual about him and was very puzzled.

After all, she did not know that her sister and this man had been married for three years.

Chloe was a little embarrassed. She pursed her lips. “Sis, he and I...”

“Sixth sister, I am Chloe’s man.”

“???” Chloe and Fran.

“I unilaterally declare that I am Miss Chloe’s man.”

Joseph’s starry eyes were full of passion and affection, staring at her. “She can have more than me, but I only want her.”

Damn! So cheap!

Fran gasped.

Chloe clenched her teeth tightly, her little face flushed red from her words, and her psychological quality was three times better!

Pure shame!

Shameless!

Shameless!

Pah!

“So... I can understand it as, Mr. Sawle, you are pursuing... our Chloe?” Fran asked tentatively.

“Yes, I’m pursuing Chloe.” The man’s eyes were burning.

Crazy, and fierce pursuit.

“Sixth sister! Ignore him. He is seriously ill. Let’s go and find Dad and Helena!”

Chloe dragged Fran and strode forward.

Joseph stood in the same place and looked at the back of his sweetheart, giggling foolishly.

I really like her, I like her hopelessly...

“Sixth sister, did you come back alone? Why didn’t brother-in-law come with you?” Chloe held her sister’s hand and asked.

“Your brother-in-law is too busy. These days are the most important times. The result of the election is coming out.” Fran’s eyes were like torches as she said in a deep voice.

“Sixth sister, brother-in-law will definitely be fine. He is diligent and loves the people. You are also passionate about public welfare and charity in Stoeyae. You have pulled a lot of votes for him. Brother-in-law will definitely be the future President Stoeyae!”

“Thank you, Chloe.”

“Chloe, what is the relationship between you and Mr. Sawle?” Fran glanced back and asked in a low voice.

“Hmph, we can’t live under the same sky. We can’t coexist.”

“In short, ignore him. His brain has been dug out. It’s annoying!” Chloe said, gritting her teeth.

“It can’t be, Chloe. From what I know, Mr. Sawle is a young talent, the future heir of Sawle Group. He is an outstanding talent among people...”

Thinking about how she was mysteriously “attacked” by cur, Chloe was so angry that she wanted to roar at the sky!

“An outstanding talent among people? In my opinion, he is just a scum!”

## Chapter 275

Fran’s sudden return gave all the members of Thorp family a huge surprise!

As the mother of the sixth miss, Helena was the best emotional management among the three ladies. She was the most proud and arrogant one. In decades, few people had seen her cry. Although she was surprised and excited to see her daughter, she only had red eyes.

However, Sia and Freya, the two stepmother, could not hold back. They hugged Fran and the other two women and cried together. Those who did not know would think that Helena was the stepmother!

“Alright, alright! Have you two hugged enough?”

Stefan stood next to them, his handsome face full of resentment. “It’s my turn!”

Everyone: “...”

Sia and Freya could only reluctantly let go of their hands.

Stefan immediately reacted quickly and rushed over to hug Fran, crying even louder than them. "My daughter! Daddy misses you!"

"Stupid girl, I thought you didn't have the heart... You forgot me after marrying a husband. You don't even know how to come home to take a look! Damn girl! You forgot your father when you saw a man! I raised you for nothing!"

Everyone: "..."

When Chloe saw Stefan holding his daughter and acting shamelessly, the corners of her lips twitched and she was petrified on the spot!

Fortunately, the living room was full of people.

Alright, the old man didn't lose face and was saved.

"Dad, when did I forget about you? Didn't I come back to see you?"

Fran patted her father's back as if she was coaxing a child. She gently comforted him, "I was too busy before. Misael is now in a critical period. I was so busy in everyday over there that I couldn't communicate with him. I have been helping him pick votes. This time, I came back only to send him a message when I got on the plane."

"Dad, I am not unfilial. I have always been thinking about you. Please don't be angry, okay? I brought Stoeayae's specialty white porcelain. You will definitely like it when you see it."

Everyone saw it and felt sorry for the sixth miss.

Back then, she did not care about her father's objection and married a member of Stoeyae, Misael Gpwer, who was ten years older than her. For the sake of love, she married into a foreign country and rarely got together with her relatives.

However, she did not expect that Thorp family's daughter would shine in another country, an inspirational woman with great personal charm. In addition to Stoeyae's Royal Queen, she was the second woman selected by Stoeyae's national vote to be worshipped and loved by the national people.

This kind of extraordinary social status, even Chloe was far behind, thinking that she had such a powerful, super awesome sister, she would really wake up laughing in her dreams!

"Where's the gift? Where?" Stefan finally held his tears and asked curiously.

Ah, this is no different from a child who stops making trouble for a lollipop!

"When I first came here, I met your secretary, Uncle Jared. I have given him the gift and the jewelry prepared for Auntie Sia."

"Happy birthday, Auntie Sia." Fran looked at Sia gently.

"Fran, it is the best gift for me that you can come back. Really." Sia's eyes were moist again. People who had too delicate feelings always loved to cry.

"Where's your husband? He doesn't show any reaction?" Stefan raised his eyebrows. He always had an opinion about his only

son-in-law.

"Stefan, it's about time."

“The pots and pans in your house are piled up into mountains. You don’t auction them, and you don’t donate them to the museum. What’s the use of having so many of them?” Chloe asked, holding her chin in her hand.

“Hmph, you are still young! You don’t understand!” Stefan stiffened his neck and curled his lips.

Chloe clicked his tongue twice, “Just be greedy. In ancient times, you will definitely be a big corrupt official,”

“Loathsome girl, then what are you?”

Chloe raised her delicate chin in anger, “I, ah, I am Iron Tooth Copper Teeth Ji Xiaolan, specialized in dealing with He Shen!®

The whole family was amused.

“Hey? Didn’t second brother finish his work and come over? What time is it? Why hasn’t he come yet?” Chloe asked.

Oscar raised his wrist to look at his watch, “I’ll give him a call and ask.”

At this moment, at a crossroad that was only a few hundred meters away from the KS WLO.

Rose drove the May-pink Ferrari supercar and called with his Bluetooth headset while waiting for the red light.

“Give me the design of the Paris Fashion Week display cabinet as soon as possible. If the person in charge of the other side tries anything funny again, then I, Rose, will permanently cancel the cooperation with them!”

They want to come to Medo for the exhibition in the future. When the time comes, don't blame me for being ruthless and making trouble for them!

The red light turned green, and Rose held back her anger and stepped on the accelerator to the end.

The Ferrari suddenly shot out like a pink lightning bolt.

At this moment, a low-key Mercedes-Benz E-class car sped over from the opposite side. The two of them turned left and turned right. The speed was very fast!

"Ah! Not good!"

Rose made a phone call and slipped away. She did not notice the black car. Seeing that it was about to hit, she quickly braked and stepped on the brake to the end. The tires even sparked on the asphalt road!

The Mercedes-Benz also realized the danger. It also stepped on the brake, and the sound was ear-piercing!

Bang -!

"Uh -!"

Rose's body violently shook twice in the carriage, and the safety airbag popped out and directly collapsed on her face!

Fortunately, the previous wind-blocking glass was only broken and did not explode, otherwise, she might have broken the shape!

"F\*ck! I really didn't read the almanac when I went out... It's too unlucky!"

Rose opened the car door, covered her back, and got out of the car with an angry face.

Her limited edition pink powder had been knocked all over the world!

“OMG! My little pink! Damn!” Rose’s meticulously styled Princess hairstyle was also messed up, but she couldn’t care less and only cared about her little fan!

The Mercedes-Benz that collided with her was also too horrible to look at. The front cover was tilted up, and the engine emitted thick white smoke.

“Cough, cough, cough...”

Riley got out of the car and coughed when he smelled the smoke.

“Hey! Don’t you know how to drive? When you see my car coming over, you bump into it... Ah?”

Seeing that the birthday party was going to be late and the car was scrapped, Rose was about to throw a tantrum.

As a result, when she saw Riley’s handsome face and his tall and straight figure under the black suit, she was sick again. Her mouth was stuck and she stared at his big eyes crazily.

Thick eyebrows, high nose bridge, broad shoulders, waist, and buttocks!

Top grade! Really top grade!

Rose stared at Riley who was walking towards her, and her heart beat faster. Si ha... Si ha...

Wait!

This face... Why does it look a little familiar? I seem to have seen it somewhere before.

“Miss, I can drive.”

Riley twisted his slightly painful neck, and his heroic eyebrows tightened. “But even if I can drive, I can’t prevent someone rushing to my car. The speed is so fast, are you in a hurry to reincarnate?”

“You! Who is in a hurry to hit you? It was clearly you who hit me!”

Rose was so angry that her eyes were wide open, and her sharp high heels stomped on the ground. “Also, why are you driving a black car in the middle of the night?” “You scared me to death!”

that we can’t drive in the middle of the night?”

But the law states that we can’t call or wear high heels in the middle of the night.

Rose’s small feet, which were wearing high heels, hooked her white toes. She was in the wrong.

“But, but you turned to the real line. You take full responsibility!”

“I don’t take full responsibility. I have to find the traffic police to decide. But I don’t have time to find the traffic police now. You can look for it. I am in a hurry.”

As he spoke, Riley took out a wallet from his pocket, pulled out a nameplate from it, and handed it to her. “There is my phone number and my unit address on it. Tell me the result of the deal. What should I do?”

“What kind of attitude is this? You want to leave after leaving such a big mess? I am also in a hurry!”

Rose was very dissatisfied with this man’s overbearing and irresponsible attitude. She threw the business card back to him and said, “Who are you trying to fool with with a broken business card? Who knows if you are a well-dressed liar!”

“Liar? Haha...”

“I am a liar? If I were a liar, there would be no good people in this world. Let’s go.”

Rose was so angry that her eyes were red. She grabbed the man’s arm with both hands and said, “I don’t care!” “You have ruined the powder I bought this month. You must give me an explanation!”

“Oh, you should have said that earlier.”

Riley was in a hurry to attend the banquet and was not in the mood to pester her. Thus, he took out a bank card from his wallet and casually handed it to her. “Take it, go repair the car. There’s no password.”

Rose stared at the bank card and felt his blood surging. He felt that he had suffered a great humiliation!

“Bro, my car is a limited edition Ferrari. Now it has been smashed into scrap metal by you. You want me to use money to repair the car? What are you thinking?”

“Oh, then you can take the money to buy another one. It’s enough.”

Riley was a person who had a great sense of time. He could not delay his journey, especially when it came to matters related to his family.

Thus, his eyes turned cold. He pried Rose’s fingers away one by one, and then pulled his arm out of her palm without warning.

Just as Riley was about to turn around, he suddenly felt his breath stop!

Rose actually grabbed the man’s dark blue tie and wrapped it around his fingers. His teeth were tightly locked and he fiercely pulled!

The two proud figures suddenly drew close, and the tip of his nose almost touched the tip of his nose.

Riley's pupils contracted, his breathing became heavy, and his breath was deeply entangled with Rose's surging breath on his

face.

Apart from Chloe, when had this excellent man, who had been single for thirty years, ever been so close to a woman! Under the woman's warm red dress, her undulating chest pressed against his clothes.

He could only stare at her eyes tightly, as if the handsome monk had met a sexy demoness, afraid that his line of sight would move down half an inch and his thirty years of cultivation would be destroyed.

"You... what are you doing?" Riley's voice was a little hoarse.

Rose sneered. She took out a bank card from somewhere and placed it between her slender fingers. She used the card to pat the man's slightly flushed cheeks.

"I have plenty of money. It's enough to support you until you retire, stinky brother!"

Riley's clear eyes suddenly widened, and for some reason, her heart beat wildly, and her mind went blank for a moment. "Don't think that you're so great just because you have a few stinky money. My master is the daughter of a rich family, and she is an international top designer. She is as rich as a country. I have never seen her as good at pretending as you!"

"?" Riley.

Why did it sound a little familiar?

With that said, Rose threw the bank card on his leather shoes and proudly raised her small jaw. She turned around and swiftly returned to the car. She drove the smashed Ferrari and left.

Riley watched as the pink sports car gradually disappeared into the dark night. He was stunned for a long time before the

corners of his lips suddenly curved up.

“May-pink, such a bad taste.”

The birthday banquet was about to begin.

Chapter 276

When Chloe saw the guests filling the hall, Stefan and his grandfather, who were sitting at the front, chatted with each other, and revealed a gratified smile.

“Aiyo! Am I seeing things? It’s Old Master Sawle!”

“Hey! That’s true! Old Master Sawle really has white hair and a youthful face. He is old and vigorous!”

“The relationship between Old Master Sawle and Director Thorp is really good. It’s rare to see such an old friend. Those who don’t know will think that Director Thorp is Old Master Sawle’s son, haha!”

“It seems that tonight at Sawle Group Hotel, Jake’s wife is also celebrating her birthday, and she is holding a banquet. Old Master Sawle did not attend her own banquet, but came to Director Thorp and Third Madam’s birthday banquet... Tsk tsk, this is very intriguing.”

The guests burst into laughter.

“Isn’t this bald head lice? It is obvious that Old Master Sawle still does not recognize Aubree as his daughter-in-law!”

Over the past half a year, she had been suspected of accepting bribes, and it was also an auction jewelry forgery. Her unlucky niece had even cuckolded Mr. Sawle. It would be strange if Old Master Sawle took a fancy to her!

“I saw that Mr. Sawle and Director Thorp’s daughter are quite compatible. I also saw the news of the auction that time. Mr. Sawle is quite protective of her. Do you think it is possible for the two of them?”

Chloe heard this and frowned.

“Eh... it is impossible.”

“What do you mean?”

“Previously, Mr. Sawle had a bad time and became laughingstocks. That Thorp family is such a proud and arrogant person. Can she even eat this bowl of unsightly rice?”

Chloe nodded.

“For things like the ex, if you don’t know, just pretend it didn’t happen. What you are most afraid of is that the dark history will be exposed. It will be like a cockroach running to the dining table in the kitchen.”

No matter how she told herself that she didn’t care, she would still feel disgusted! Although Mr. Sawle was very outstanding, Thorp family could find any man, so she didn’t have to think so hard about finding someone with a ‘prior record of!

Chloe nodded again.

“How is it? Are you happy to eavesdrop?”

“?” Chloe.

The young lady’s beautiful eyes widened, and she suddenly looked up.

Joseph had appeared in front of her at some point in time and was standing beside her. His thin lips were raised, and his starry eyes were gentle as he looked at her with a smile.

“Who, who was eavesdropping!” Chloe quickly turned her face away and bit her lower lip in embarrassment,

Found!

“What they said is actually true, but there is something wrong.”

Joseph slowly and elegantly sat down beside her and looked at her little red face. “I not only have a criminal record, but I also have a ex-wife.”

“So Mr. Sawle is very proud, right?” Chloe crossed her arms in front of her chest, her red lips cur ling into a smile.

Seeing that she seemed to be a little angry again, Joseph couldn’t help but choke, smiling bitterly. “Chloe, in front of you, I no longer have any pride to speak of.”

A trace of surprise flashed across Chloe’s face, and his heart trembled.

“I just regret it very much.”

The man’s throat was blocked and hoarse, and his handsome face slowly sank. “I regret how I treated you like that and how we were husband and wife. Others do not know that you were my wife.”

"If it's because of this, Mr. Sawle doesn't have to regret it."

Chloe withdrew her gaze from his dark eyes and looked straight ahead. Her voice was clear and cold. "I am very glad to be your homeless wife for three years. I am also very glad that you didn't make our unbearable marriage public."

Joseph's long eyelashes flared, and his face felt like it was being twisted by a knife

“Cough, cough, cough...” Joseph hurriedly pressed his chest, choking until he coughed.

Alright, when he didn't say anything.

“When I came, there was a car accident.”

Chloe and Joseph: “?!”

To be reasonable, who could be so calm in a car accident!

“Oh my god! Are you hurt? Why didn't you call me? I can take you to the hospital!” Chloe grabbed Rose's shoulder with both hands and was extremely nervous.

“Other than the slight pain in my neck, there is nothing serious.” Seeing her master being so concerned about her, Rose felt warm in her heart.

“You should still go and take a look. Some injuries are internal injuries. They were fine at the time and will flare up later.”

“After the birthday banquet, I will arrange for a professional surgeon to take a look at you, no matter what time it is. Joseph suddenly said.

Rose was stunned. She did not expect cur to be so enthusiastic.

“You don’t have to.”

“I am also a surgeon. I will be responsible for my apprentice. There is no need for Mr. Sawle to worry.” Chloe quickly hugged Rose.

Joseph bit his lower lip.

This wave of attentiveness was treated as ill-intent again.

“That idiot ruined my little fan. Not only did he not apologize to me, his attitude was particularly bad! He threw me a bank card and was about to leave. He asked me to take the money to buy a new one!”

The more Rose thought about it, the angrier she became. “Master, do you think he is insulting me? He thought I have never seen money, What is he pretending for?”

“Eh... And then?” Chloe listened with relish and felt that this matter was quite wonderful.

“Then I also took out a bank card and threw it on his face. I said that I have plenty of money. How can I keep him?”

Joseph listened from the side and narrowed his eyes. He found it interesting.

“Pfft!”

Chloe couldn't help but laugh. “I don't know why, but I feel that the two of you are quite compatible. The basic logic is almost the same. The only way to deal with things is to be rational and inhumane.”

Riley's figure that was like a bamboo appeared in Rose's mind. He had a handsome face, bright and sharp eyes, skin that was so delicate that it couldn't be seen through, and his every move carried a sense of youth...

He couldn't help but gulp down a mouthful of saliva, his throat itching.

“Hmph, who wants to be a match for that kind of person?”

Rose muttered, silently cursing, “From afar, he looks handsome, but from a close distance, he looks like a scum”

At this moment, she casually turned her eyes.

?!

Rose turned pale with fright. She suddenly stood up from her chair and pointed at the man who was walking towards her!

“You, you, you, you.... Why are you still here? How did you find this place?”

Hearing this, Chloe and Joseph turned their heads in surprise.

In the changing light and shadow, the jade-like Riley calmly approached. When he saw Rose, his expression was also stunned!

“Arrogant woman, I wanted to ask you this. What are you doing here?”

Chloe’s beautiful eyes flashed. She tugged at the corner of Rose’s clothes and asked softly, “Rose, do you know each other?”

“Master, he is the idiot who ruined my little fan on the way here!” When Rose saw him, she was so angry that she ground her teeth.

“A”

Chloe’s red lips were half open, and she seemed to have come to a sudden realization.

Then, she stood up and walked to Riley’s side. She stood on tiptoe and suddenly hooked her snow-white arm around the man’s neck.

Such intimacy gave Rose a fright.

Joseph’s eyes darkened.

Although he knew that they were biological siblings, seeing his beloved getting close to the opposite sex made him very unhappy.

“Rose, come, come, let me introduce you again.”

“This is my second brother, who is of the same father as me. In the name of the people, he is the highest prosecutor of Medo, Riley.” Chloe smiled at the stunned Rose.

Chapter 277

Rose's face instantly turned pale, as if she had been struck by a bolt of lightning. Her mind was completely blank!

She was at a loss.

She was at a loss.

Panic-stricken.

So, just now, she had ridiculed him in front of Chloe. The one who had been scolding was her master's biological brother God!

What a sin!

Joseph sat there, looking left and right. He pursed his thin lips and held back his laughter.

However, he could more or less understand Rose's situation.

After all, Chloe had too many brothers and sisters. It was normal to run into one on the road. At that time, he suffered a loss because he did not understand the situation of Thorp family's family and was tortured by the little girl's brothers in turns! Riley saw Rose's bright and beautiful face turn from white to red, and then it became redder and redder, like a ripe cherry. Originally, he was still a little resentful about the "keep" matter in his heart. Seeing her embarrassed and cute appearance, he inexplicably could not be angry with her.

"Mas... Master..."

Rose looked pitifully at the smiling Chloe. "You... You won't kick me out of the sect because of this, right?" "Mm..." Chloe rested her slender index finger on her lower jaw, frowning as she pondered.

"Master..." Rose's upper and lower lips formed a line that was about to burst into tears.

Chloe walked up to her with a serious expression. She paused for two seconds and suddenly revealed a brilliant smile. "Silly girl, what are you thinking about! It's such a trivial matter, why are you so concerned? If I want to expel you from the sect, doesn't that mean that Master has no successor?"

Rose felt relieved, but she was still very embarrassed.

"Besides, I know how good our Rose is. It must be his fault that you scolded my second brother." Chloe looked at Riley angrily and comforted her softly.

Riley raised his eyebrows. Although he felt a little wronged, he could only be angry but dared not say it.

Who would have thought that this woman, who had bumped into his car halfway on the road and arrogantly teased him, actually had such a good relationship with his little sister!

Sigh, I can only admit defeat!

At this time, another group of people arrived, and the atmosphere instantly became very lively.

Helena, Freya, Oscar, Kiran, Marble, who was busy with work but was caught by Helena, and the newly arrived couple, Vincent and Annie, who had finally arrived.

Everyone came over to hug Chloe, or to chat with her. A group of people laughed and chatted happily.

The atmosphere was pleasant and warm, like it was the end of the year, attracting the surprised gazes of the surrounding guests.

What kind of celestial scene is this?

Handsome man and beautiful woman, the scenery is unique!

In a cheerful and harmonious atmosphere, Joseph sat alone. His dark and gloomy eyes looked at Chloe like a star surrounding the moon. He was surrounded by his family and friends.

His beautiful peach blossom eyes flashed with longing and envy. Then, his eyes quietly moistened.

This was the life that originally belonged to Chloe.

In the past twenty years, she had always been so happy. She had been doted on and loved by many people.

The only pain, suffering, and pain she had experienced were all given to her by him.

Mr. Sawle, who was full of charisma and power in Sawle Group's court

there in a daze, but no one cared about him.

He pursed his thin lips in embarrassment, took a deep breath, and secretly made Even in the end, Chloe was not with him.

up his mind.

He had to protect her for the rest of his life, shielding her from the wind and rain.

"Annie? Why are you here too!"

Chloe pinched Annie's tender, white, and soft little face. Her eyes were full of smiles!

"Sister-in-law, I miss you... And second brother, I want to see you, so I'm here." Annie pressed her lips together, looking pitiful as she hugged the teddy bear.

Hearing this, the corners of Joseph's lips curled up..

What a good little sister, this "sister-in-law" really made him feel very comfortable.

When Chloe heard Annie call her sister-in-law in front of so many people, she was still a little uncomfortable, but seeing that she was still holding the little bear she gave in her arms on such an occasion, her heart was greatly moved and she caressed her head lovingly.

"Annie,

I miss you too."

"Did you bring Annie here? From Aubree's birthday banquet?" She asked in a low voice.

"Yes, it's me." Vincent narrowed his eyes and admitted openly.

"You still have the nerve to laugh?"

Chloe's beautiful eyes surged with resentment. She turned around and grabbed in front of him. She used her sharp fingertips to poke him on the shoulder. "You only care about being with Annie and only care about your happiness and happiness. Have you ever thought about Annie?"

"You took Annie away so openly. What will Annie do when she goes back? Director Sawle and Aubree will blame her!" "Go back? That kind of home, mother is not like mother, sister is like a yaksha. Why does Annie want to go back?"

"Annie has been living with me for the past few days," Vincent said with a burning gaze.

"What did you say?" Chloe was stunned and shocked.

“I have already put a property in Huanshan under Annie’s name. It will be her home in the future. She is unhappy staying in Sawle family. She doesn’t want to see the unlucky and black-hearted mother and daughter. She can live in Huanshan Villa directly.” Vincent slanted his long and narrow eyes and looked at Annie with a gentle gaze.

Chloe was so angry that she wanted to strangle her!

“When did this happen?”

Joseph could no longer sit still. He strode over to his brother, his eyes filled with anger. “Vincent, you dare to live with my sister without permission? You sure have guts.”

“We just live together! We didn’t do anything!” Vincent was full of grievances and eagerly explained to her.

It had to be known that many women threw themselves into his arms and laughed happily, wishing they could strip naked and crawl into his bed.

Throughout the year, there were countless women who had been kicked out of bed by him.

But it just so happened that only to Annie, besides hugging and kissing, he had not even untied a button on her clothes and had never occupied her.

He was no longer a pure person.

However, Annie was still pure and innocent. He could not bear to touch her and deeply felt that he was not worthy.

He was already very sa

satisfied to be able to protect her.

“Vincent, you don’t believe what you just said, do you?”

“If I believe you don’t touch women, I might as well believe that there are dogs on the moon!” Chloe ground her teeth angrily.

Vincent frowned and wanted to cry but had no tears.

At this moment, he had a strong feeling that Annie was Joseph and Chloe’s goose, and that he was their son-in-law that they looked down on!

“Second Brother! Sister-in-law!”

Annie hurriedly stepped forward and stood firmly in front of Vincent. She was so anxious that her soft little face was flushed. “You... Don’t talk about Brother Vincent. It’s me. It’s me who wants to be with Brother Vincent!”

Joseph and Chloe were both shocked!

Vincent’s eyes were hot, and his heart was beating violently

He opened his arms and hugged Annie from behind. His angular lower jaw was pressed against her soft hair. In addition, the girl was holding a little bear in her arms, which made them feel like a family of three.

“Annie, when the banquet is over, I will send you to grandpa’s place to live, okay?” Chloe looked at Annie’s clear eyes and asked gently.

“...” Annie bit her lower lip and lowered her eyelids.

Chloe was stunned and sighed. “Do you really want to be with him?”

“...” Annie slowly lifted her eyes and looked at her with her crystal clear eyes.

She didn't say a word.

However, Chloe understood what she was thinking from her eyes.

“It's rare for Annie to have someone she likes. It's rare for someone to be so persistent. Chloe, just treat it as letting Annie relax. If she feels happy and comfortable with Vincent, then let them get along first and try it out.”

Joseph turned his face and gently comforted her in her ear, with a trace of humble pleading.

“I can see that Annie has him in her heart. I don't want to break up the mandarin ducks with a stick. I just...” Chloe turned her eyes and met his burning gaze.

“I know, I understand.”

Joseph revealed an understanding smile. This handsome face that was usually cold like a thousand feet was only bright to her. “But don't forget, behind Annie is not only you, but also me.”

And me.

It was concise and powerful.

Chloe's heart trembled and he quickly retracted his gaze.

This was Joseph. He cherished words like gold and never spoke nonsense, but every word he said was true and effective.

Apart from Stefan and tonight's female lead Sia, the entire family sat at Chloe's table.

Joseph stubbornly sat next to Chloe. No matter how many people around him looked at him with disdain, resentment, and resentment, he was calm and composed, not moving.

He was completely shameless..

“Mr. Sawle, are you sitting in the wrong place?”

Marble was frank and outspoken. He stared coldly at Joseph’s calm face through the large round table. He looked at him like he was looking at a suspect. “The person sitting at this table is either our Thorp family’s family or our Thorp family’s friend. What’s wrong with you sitting here?”

The table was silent and everyone stared at Joseph.

In the face of ridicule, the man’s lips curved into a beautiful arc, his gentle eyes staring deeply at the indifferent little girl beside him.

“I didn’t sit in the wrong place. Wherever Chloe sits, I will sit there.”

Chloe almost spat out a mouthful of saliva. She suddenly turned her face and glared angrily at Joseph, who had a calm face!

“Damned!” Marble cursed and turned to drink the water.

“Humph, I don’t know what kind of rules Sawle Group has. It is our Thorp family’s rule. When people eat, dogs definitely can’t be served.” Freya’s words were more like knives, directly beating Joseph into a dog.

She crossed her legs and leaned back, her slender but thin fingers tapping on the table, displaying the fierce aura of a gang boss and only daughter!

Joseph frowned, his sharp jaw tight.

No one would be happy to be scolded like a dog.

Although he admired Chloe and wanted to establish a good image in front of her family, this did not mean that Thorp family's people could trample on his dignity.

"Alright, Grandpa is here tonight too. For Grandpa's sake, everyone can rest assured and eat." Chloe felt that the family's words were a bit too excessive, so she spoke up to help him out.

"Young miss."

At this time, Jordan hurriedly walked to Chloe's side, leaned over her ear and said, "Fourth Young Master Xavier is here.

Joseph's ears were very sharp, and his face could not help but darken.

"Oh? I thought he wouldn't come. Come and greet him. Take him to Xavier family's table." Chloe ordered indifferently. "The situation is a little special."

Jordan paused and lowered his voice, "Mrs. Xavier is also with Fourth Young Master Xavier."

"What? Mrs. Xavier is also here" Chloe's almond-shaped eyes widened in surprise.

"Yes, they are outside the banquet hall right now. Look..."

Without a word, Chloe got up and walked out of the banquet hall with Jordan.

Joseph suddenly felt that the warm breath beside him that he yearned for day and night had disappeared. His heart was bitter and stifled. The veins on his hand that held the glass cup stood out and he almost crushed the glass.

Chapter 278

Outside the banquet hall.

Tonight, Jerome did not attend as well as Xavier family's other young masters. He was only wearing a simple, elegant, dark gray, high-definition suit. His short hair was combed clean and refreshing. His gold-rimmed glasses added a bit of a scholarly air to his deep, auspicious phoenix eyes.

"Son... Let, let's go home? I'm afraid..." Mrs. Xavier looked timid and gently pulled the corner of Jerome's clothes.

Tonight, she was dressed exceptionally beautifully by her son. She was wearing an expensive purple-red cheongsam. She had meticulously tied up her hair into a neat bun with a jade hairpin worth Million.

She only wore a simple set of pearl necklaces and earrings, but this set of pearl jewelry was specially made by Stoeayae's imperial family. It was even more expensive than diamond.

In his heart, he only had one relative.

He naturally had to give her all the best.

"Don't be afraid, mom. I'm here." Jerome smiled gently at her mother and grabbed her hand.

"But..."

"Mom, I brought you here tonight. If the Lord wants you to see Chloe, didn't you say yesterday that you missed her? You'll see her tonight."

"Yes... Chloe, I want to see Chloe."

Mrs. Xavier's eyes suddenly lit up and he shouted, "Chloe! It's Chloe!"

Jerome quickly turned around and saw Chloe walking towards him. His eyes were filled with heat and the corners of his mouth couldn't help but rise.

"Chloe."

"Mrs. Xavier!"

"I didn't expect you to come over. I'm really happy!" Chloe said with a smile.

"I'm also very happy to see you, Chloe!"

Mrs. Xavier liked this girl from the bottom of her heart and gave Chloe a big hug. Then, she quickly grabbed a handful of chocolate sugar beans from her small bag and stuffed it into her hand. "Sugar!" "Did you especially like chocolate when I saw you last time? I brought it for you!"

"Mrs. Xavier, thank you for remembering me." Chloe held the candy and felt warm in her heart.

She was such a person, and she had been used to too many big scenes since she was a child, and she had experienced a bloody storm on the battlefield.

Strong and vigorous, soul-stirring, might not be able to move her, but the ordinary warmth of fine water and long flow, which was the easiest to move her.

"You are so beautiful today." Chloe praised with a smile.

"Is, is that so?"

Mrs. Xavier blushed like a young girl. "It was my son who chose clothes for me. I usually wear loose and casual clothes at home. Suddenly being so formal... I'm very unaccustomed!"

"It's really beautiful, Mrs. Xavier."

As she spoke, Chloe smiled faintly and looked at Jerome. "Jerome has good taste."

When Jerome saw her smile at him, his breathing became hurried, and his heart was like a surging sea that could not be calmed for a long time.

"Xavier family and the others are here. Director Xavier and my father are at the same table. I will take you there now." Chloe supported Mrs. Xavier and was about to walk forward when Jerome hurriedly called out to her, "Chloe, wait a minute."

She looked back, puzzled.

You also know the situation of our family. Back then, my mother and I lost our position and shares in Xavy Group and were sent to Stoeyae by my father. We were unable to return for a full fifteen years.

"At that time, I was young and my mother was in poor health. You can imagine how difficult it was for us mother and son to live together at that time." Jerome's throat seemed to be soaked with bitter medicine. It was dry and hoarse.

Chloe silently listened to him, and the image of the young boy taking care of his sick mother appeared in his mind. She was

very upset.

"So, I don't want to sit with Xavier family and the others. I also don't want my mother to be with them."

Seeing that Chloe did not say anything, Jerome thought that she did not want to agree, so he smiled bitterly, "If you think that an outsider like me sitting with you makes you uncomfortable, then forget it."

This time, when my mother and I came, you also saw it. The gift for Third Madam was also brought, and it was enough.

“Then we

will go

back first. I won't disturb you.”

“Jerome, you're thinking too much.”

At this point, how could Chloe have any reason to refuse? He only said gently, “Let's go. We'll have dinner at the same table. Tonight is just a family dinner. Don't be too stressed.”

Jerome beamed with joy, and her phoenix eyes curved. “Thank you, Chloe.”

Chloe led Jerome and his mother into the venue.

“Big brother! Look, look! It's that woman!” Patt was shocked and quickly pointed to the door.

Koda swayed the red wine glass and raised his eyes coldly.

When he saw Jerome and Chloe walking together, talking and laughing, he suddenly frowned.

“It seems that Fourth Brother has a good relationship with Chloe.”

“Ha, that's right. As the saying goes, women are afraid of annoying men!”

Patt gritted his teeth and stared at Jerome while drinking wine, “Fourth Brother is a natural born cheap bone, who can be shameless!”

They hadn't even started their relationship yet, yet they were already serving Miss Thorp tea, pouring water, and peeling prawns. If they really got together in the future, wouldn't he have to pee for her every day?"

Selene glanced at Second Young Master in disdain, feeling that this little uncle's words and actions were really vulgar, not the slightest bit like a young master from a wealthy family.

"Didn't Dad say before that he wanted to matchmake you and Chloe?"

"If this continues, your future young mistress will become your younger sister." Koda raised his eyebrows coldly.

"I, Patt, am not a lowly person! If you want me to be like Fourth, groveling and pestering you like a dog, I can't do it!" Patt was very disdainful.

"If you keep pestering her, it can make you a hundred billion son-in-law, make your value rise sharply, and become a tiger that has grown wings, can you still do it?" Koda asked in a cold and faint tone.

Patt was stunned and pursed his lips.

"Second brother, if you don't work hard, all our efforts will be in vain."

Koda leaned toward Patt and said in a low voice in his ear, "If he really got married to Thorp family, especially that daughter most doted on by Director Thorp, then this kid will soon turn the tables and become a strong opponent for you and me."

Little fourth is a thorn in your eye. Watching him rise up a tall building and soar to the top, I think it will be worse than killing you, right?

Hearing this, Patt stared at Jerome fiercely.

Chloe brought Jerome and Mrs. Xavier to the front of the family.

“Oh! Mrs. Xavier! You’re back from Stoeyae? It’s been a long time!”

As the wife of Stefan, Helena and Freya quickly stood up to greet her. They were very polite.

“These two are...?” Mrs. Xavier looked at her son in a daze.

“Mom, this is Director Thorp’s Second Madame. This is Third Madam. These are Chloe’s brothers and sisters. This is Anderson family Eldest Young Master. The cute young lady beside him is Sawle family Fourth Young Miss.” Jerome introduced patiently to his mother.

Vincent originally felt uncomfortable when he saw this little white face, but when he heard him call Annie “cute young miss,” his tightly knitted brows clearly relaxed a little.

Sigh, the men who had wanted to be dissatisfied in the past were too easily satisfied now!

Oscar took the lead, and all the juniors stood up. Thorp family’s children were still polite and polite.

Even if Thorp family’s brothers had a lot of opinions about Jerome, they would not express it clearly in such an occasion.

Only Joseph sat there with a cold and handsome face, looking at Jerome with a cold and cold gaze, the strings in his body were tight, like a bow full of anger.

He introduced everyone but left him alone!

Heh, looking down on him like this was clearly a provocation!

“Wow... so many people.”

“I can’t remember so many people. What should I do?” Mrs. Xavier looked at Jerome worriedly.

“It doesn’t matter, Mrs. Xavier. We are all old acquaintances. Don’t be nervous. Sit down.”

Just as Chloe was about to invite them to sit down, she suddenly noticed a problem.

There was only one empty seat left on the entire round table!

“Mom, you and Chloe can sit here. I’ll go to another seat.” Jerome suggested as if he didn’t want to make things difficult for Chloe.

“No, no!”

“Mom wants to be with you. Mom doesn’t want to sit here only!” Mrs. Xavier quickly grabbed Jerome’s arm and looked

nervous.

Everyone looked at each other.

“Why do I feel that this Mrs. Xavier... looks strange?” Freya used her elbow to poke Helena beside her and asked quietly.

“I heard from Stefan that Mrs. Xavier has an Ache Hymer. From the looks of it, it should be quite serious. She even can’t recognize us.” Helena replied in a low voice.

“Ah? Oh my god... She has a dementia at such a young age? How pitiful...” Freya looked at Mrs. Xavier with sympathy. Seeing that Mrs. Xavier held her son tightly and refused to let go, Jerome looked at Chloe helplessly.

“Mr. Sawle.”

Chloe hesitated for a moment, lowered her eyelashes, and pointed at Joseph's shoulder with the tip of her finger. "You don't mind giving me a seat, do you?"

"Why should I give him a place? I came first." The man slowly raised his eyes, and his starry eyes flashed with a stunned light. Vincent pursed his lips and almost burst into laughter!

It was really a big grievance!

"As you can see, Mrs. Xavier doesn't want to be separated from his son. I also hope that they can sit here, so I have to trouble you to change your seat, Mr. Sawle."

Chloe was not willing to be next to him in the first place. This time, she was about to have an excuse. "After thinking about it, no one is suitable. You are the only one who is suitable. So, please move."

Jerome hugged his mother and adjusted his gold-rimmed glasses. His lips curved into a smile,

"No, way." Joseph's sword-like eyebrows tightened, determined to be a "nail house".

"Okay, you are not leaving? Then I will go to grandpa's table!" Chloe was angered by cur and really wanted to punch him! Joseph panicked and was afraid that she would really leave. He did not dare to insist and just wanted to get up.

"Chloe."

At this time, Øscar stood up in time and said with a faint smile, "Mr. Sawle is also a guest. Don't let him be in trouble. I will go to Dad's fable. Don't be unhappy because of this."

With that his big brother left and made a seat.

Jerome's face darkened.

He knew what Oscar meant by this, and because of this, he felt even more displeased.

Seeing that the trouble had been resolved, Joseph secretly let out a sigh of relief.

If there was a chance, he should really thank this brother-in-law.

The anticipated birthday banquet officially began!

Because Chloe had not met sixth sister for too long, he deliberately gave his left seat to Fran.

Jerome could only sit next to Fran. Because he could not get close to his sweetheart, he could not hide his disappointment.

“Sixth sister, Fourth Young Master Xavier just came back from Stoeyae not long ago. You should have a lot to talk about.” Chloe did not want the atmosphere to become stiff, so he found a topic.

“Oh? Has Fourth Young Master Xavier lived in Stoeyae for many years?” Fran asked in surprise.

“Fifteen years,” Jerome replied with a smile.

“Then you can be said to be half a Stoeyae, much more experienced than me. I just married for three years.”

Fran also wanted to find some topics to talk about, so she asked casually, “What kind of job does Fourth Young Master Xavier work in?”

Jerome: “I have a company and do import and export trade.”

“Oh, it’s like this.”

“Fourth Young Master Xavier, can you be more specific about what goods your company import and exports?”

Joseph’s pale thin lips parted slightly as he coldly threw out this sentence.

Jerome’s brows pressed together, and his hand that was placed under the table suddenly tightened.

“This isn’t some business secret. It’s not that hard to talk about, right?”

Joseph narrowed his peach blossom eyes and swept a sharp gaze at him. “Or is it that the business that Fourth Young Master

Xavier Corporation does is different from ordinary business and is unwilling to speak frankly?”

Chapter 279

A cloud of suspicion rose in Chloe’s heart, and she glanced at Joseph quietly.

She did not understand what this man was up to again!

The smell of gunpowder was very strong!

“It’s just ordinary goods. What I do is only ordinary business.”

Jerome pushed up his glasses. His elegant and refined eyes held an unfathomable smile. Only his slightly stiff lips exposed the hidden anger in his heart. “Mr. Sawle, your imagination is too rich.”

“Even if you have an prejudice against me, you should not casually guess a person’s character and belittle the value of his creation.”

Joseph smiled faintly and curved his thin lips.

“I am different from you, Mr. Sawle. You have been smooth sailing all the way. At a young age, you are the new upstart in the business world and the heir appointed by Old Master Sawle. A wealthy family like you with a golden spoon in your mouth, it is impossible to understand how difficult it is for an entrepreneur who started from nothing.”

When Chloe heard this, her long eyelashes fluttered as she took a sip of champagne. Some memories that had been buried in her heart for a long time appeared in her mind.

In fact, no one knew better than her about Joseph’s situation in Sawle Group.

He had walked all the way here, and it was far from as easy as Jerome said.

“I didn’t expect that just a casual question from me would involve so many excuses from Fourth Young Master Xavier. It seems that I made you nervous. Don’t take it to heart. Just take what I heard in Stoeayae’s circle as rumors.”

Joseph smiled faintly, but his beautiful and shocking face gave off a sense of intimidation. His pitch-black starry eyes flashed with a fierce light. “Also, you said something wrong just now.”

“I don’t have any prejudice against you, but as long as you approach Chloe, I will have prejudice against you. From head to toe, inside and out, there will be prejudice.”

Jerome clenched his teeth tightly, his superior lower jaw taut.

Fran was sandwiched in the middle, listening to the two men’s verbal battle. The undercurrent surged, and her heart slowly became astonished and excited!

However, because she was Chloe’s eldest sister and a person with an extremely high status, she did not dare to reveal it. She only forcefully pursed her lips and could not help but laugh.

It felt like this trip back to her mother's home was not in vain!

"Joseph, have you said enough?"

Chloe could not bear it any longer. Her beautiful eyes slanted as she glared fiercely at the cold and handsome man beside her. "If you say anything more, I will beat you up. Do you believe me?"

Joseph held his breath and clenched the hand that was placed on the table.

Then, he slowly moved towards her. Then, his fingertips gently touched her round and good-looking wrist bone and rubbed her delicate skin with his sand-like fingertips.

"Chloe, I was wrong... Don't be angry, okay?"

Handsome, sticky, and licking...

Who could withstand this!

The warm sensation on her wrist was like a vine that wrapped around Chloe's wrist, bringing along a thin and dense feeling of numbness that went straight into her heart.

Seeing that she did not speak, Joseph became even more panicked. His body leaned towards her and he said in a hoarse voice, "Then if you want to hit me with a big stick to vent your anger, it's fine. Can you wait until we get back?"

"I am a president after all. Although it's not much in your eyes, there are so many people here. Please leave me some face."

Fran didn't show it, and she was about to go crazy laughing in her heart!

Both sisters loved to eavesdrop.

“You, you just stay here! Hit you... You have thick skin and thick flesh, I’m too lazy to waste this effort!”  
Chloe snorted coldly, twisted her body, and ignored him.

Joseph’s affectionate gaze was fixed on her slightly pursed red lips. The tip of his tongue was hot, and his heart was itchy.

He was already thirty years old, but because of this little girl’s every frown and smile, he was so happy that he did not know what to do, like a young man who had just experienced love.

The changing light and shadows under the stage darkened.

A bright ray of light that was full of high-quality light descended from the sky, shining on the stage.

At this time, the master of ceremonies’ clear voice rang out,

“Everyone has been waiting for a long time, distinguished guests and friends! Let us welcome tonight’s female lead, Ms. Sia!”

As soon as the voice fell, the audience burst into applause and cheers!

“Auntie Sia! Auntie Sia!” Chloe was so happy that she called out Sia’s name. Her small hands were red!

At this time, from the depths of the stage.

Dressed in a black tower gown, the handsome Stefan held Sia’s hand and walked

up the stage leisurely.

“Shit! My father is so damn handsome!” Marble looked at his father, who was more energetic than a young man, and exclaimed.

“D\* mn! His clothes are too grand. Those who don’t know will think that he is going to marry again tonight!” Riley looked at the stage excitedly.

“Second marriage? Your father got married five more times, right?”

While playing with Annie’s small hand under the table, Vincent shook his head and joked, “Not bad, one hand counted over.” Suddenly, two cold rays of light cut in front of him, and it was Helena and Freya who looked at him coldly!

Vincent secretly stuck out his tongue, not daring to be rash.

Because he was too hungry, Riley stole a piece of cake, and when he was unprepared, he lowered his head and stuffed it into

his mouth.

And this scene happened to be arrested on the spot by Rose, who was sitting next to him!

“Hey, second young master of Thorp family, how can you still steal food?”

“Cough, cough, cough, cough...”

Riley was shocked, and the snack was instantly choked!

“Pfft!”

Rose saw that his handsome face was red from coughing, and he was rubbing his chest and drinking water. It was so funny that she couldn’t help but laugh.

Funny!

This woman...

hit

my car and almost choked me to death. She also has Chloe to support her.

Was she sent by the heavens to mess with me

“I’m at my own family’s banquet, the food served at my own hotel. Why did I steal it after eating two bites?” Riley held back a breath of anger in his chest and glanced at her with frustration.

“Even so, there are still your elders here. They haven’t even touched their food yet, yet you already made a move. Where did the rules come from?”

Rose’s delicate figure tilted, her delicate chin resting on the back of the chair, her smile delicate and mischievous.

She was like a model carved out from the same mold as his little sister.

Riley was originally a little agitated, but after seeing this smile, that little bit of emotion was insignificant.

“Wow! Look! Look! The black and red evening dress that Third Madam is wearing is too beautiful!”

“It’s true! I discovered it as soon as she appeared. It’s simply a seamless heavenly dress, beautiful and magnificent!”

Almost all the guests had their eyes on Sia, deeply attracted by the dress she wore, and sighed repeatedly!

Joseph couldn't help but look at Sia, and his pupils suddenly shrank!

Wasn't the dress that Sia was wearing the same one that Chloe had personally designed in Rose's studio that day?

"Oh my god... Am I seeing things?"

At this time, someone suddenly stood up from his seat and exclaimed, "Isn't, isn't this Master Sharon's work?"

"What? It's actually Sharon!"

"Oh my god! I can actually witness the work of Master Sharon in my lifetime? I can die without regrets!"

"I really want to go up and touch it!"

"It has been a long time since Sharon left. The moment she came out, she actually designed a birthday robe for Third Madam of Thorp family! The position of Director Thorp in the society can be imagined!"

On the other hand, the one who was also celebrating her birthday tonight, hmph, she probably wouldn't make clothes for her even if she knelt in front of Sharon, right

Joseph suddenly widened his eyes and slowly turned his head, looking at Chloe who was smiling faintly in front of him.

His eyes were filled with shock and astonishment!

So...

She was Sharon.

She was not only Alexa, but also Sharon!

Joseph's breathing became more and more hot, his chest heaved up and down, and all the nerves in his body were paralyzed like lightning!

How could a person have so many skills at the same time, and all of them had reached the point where he would be amazed even if he looked at the world!

His little girl, how could she still be a human, she was simply a fairy descending to the world!

Chloe felt Joseph's burning gaze, and her bright eyes turned to him, but she was shocked by his red eyes.

"Why are you looking at me like that? Is the rabies going to flare up?" She mocked mercilessly.

"I didn't expect that you would actually... be Sharon." Joseph's voice was hoarse as he stared at her.

"Is there a need to be so surprised? It's not like it's your first day meeting Sharon."

Chloe chuckled in disapproval and moved her gaze away from the man's stiff face. "Alexa once made an exclusive collar for you, and Sharon personally made a suit for you."

Joseph's heart tightened, his eyes dim and bleak.

Yes, at that time, in order to prepare a birthday gift for him, she went to the tailor shop every day to work alone until night fell.

He was almost wearing that lead needle.

Every night, he sat alone at the head of the bed, using a clean silk cloth to wipe his heart, as if he had received a treasure.

In the past, how she had felt when she prepared these gifts for him, and now he cherished them.

But unfortunately...

“Ah, but forget it. You didn’t care about who I was in the past. You didn’t care about my talent at all.”

“The things I gave you were just like my people. They were just there to gather dust.” Chloe supported her chin with one hand and looked at the liveliness on the stage.

“Chloe, I was the one who let you down. I was the one who missed you. But now, I would rather let the world down. I will never let you down again.”

Joseph took a deep breath. His words were so sincere that he wished he could dig out his true heart and give it to her. “I know that it is very difficult for you to give me a chance. You don’t even want to give me a chance at all.”

“But I will not give up. I will persevere until the moment my heart stops beating.”

“Joseph, between us it is all of regrets and sadness.”

“That is,” Chloe finally looked at him again, but it was cold, cold, indifferent, and heartless. “That is, the water is hard to collect, the broken mirror is hard to be round again.”

“Chloe..”

“I believe that there is a miracle in the world, but I do not believe that the water can be collected and the broken mirror can be round. Even if it can, it is still a dirty mess, full of devastation, and can not return to its former appearance.”

Because of Sia’s dress, the birthday banquet was pushed to the climax of the first wave!

There were even many guests who secretly took photos of Sia’s peerless appearance and posted it on the Internet.

When the reporters smelled the news, they were like sharks smelling blood. Soon, the news of Sia wearing Sharon’s dress to celebrate her birthday was fired up.

In just a quarter of an hour, the topic of Sharon customizing Sia’s battle robe # was quickly posted on the Internet!

[Sia, Stefan’s Third Madam, once the female celebrity! How could Sharon make clothes for her!]

[Amazing! This black and red evening dress is so beautiful that it makes me suffocate!]

[Why can’t she make clothes for Sia? Sia was the queen of TS’s TV series back then! My parents are her fans now!]

[I’m also super fascinated with her!]

[That was a long time ago. Moreover, she became Stefan’s little wife. She gave birth to Director Thorp without even having a title. Is such a woman worthy to invite Sharon to come out?]

[Don't be sour! Give birth to a baby for Mr. Thorp, give birth to one for more than a billion! If I were her, I am willing to be his fifth wife. As long as he is capable, I will give him a football team!]

There were more than a thousand likes behind this comment.

The world was under the sun!

In front of money, love was nothing!

[This little wife! On the other hand, the wife of the chairman, Aubree, who is also celebrating her birthday tonight, has no one to attend the banquet and does not have the support of the heaven-defying battle robe. It is really embarrassing! Her life is worse than Sia, a concubine!]

[Sharon made clothes for Sia. I can barely understand it. At the very least, she has works to support her. She is low-key and enthusiastic about public welfare.

That Aubree is only enthusiastic about cheating and playing tricks. If Sharon wants to make clothes for her, it will really ruin her own reputation!]

The discussion on the Internet was in full swing.

A lot of Sia, who had not been exposed in public for many years, was once again shining with the bright light of the when she was still a beauty of film and television.

Although Chloe was sitting at the banquet, she had been paying attention to the dynamics of public opinion.

past

She turned around and sent a voice message to Jordan. "Have the company's public relations department to be careful tonight. If there is any negative news about Sia, remember to deal with it in time. The comments are also the same. Check it out every five minutes."

“Yes, Young Mistress.”

“Also, no matter what method you use, don’t let the heat down for the time being.”

“However, Director Thorp and Third Madam are hoping to spend the night as low profile as possible. They just want to celebrate at the banquet. They don’t want to make this birthday banquet too high-profile.” Jordan thought for a moment.

Chloe sighed.

They looked down on Sharon’s influence too much.

It had to be known that every time she designed clothes for someone, or the current Fashion Week, it was bound to set off an earth-shattering wave!

The people in the jewelry industry regarded her as a god.

The fashion industry was the same!

Now that the gown she designed for Sia had been exposed, it was naturally impossible to suppress the heat. In that case, it was better to take advantage of the situation and let Sia have a glorious birthday that all the women in the world envied.

On the one hand, it was because she was worth it.

On the other hand, Chloe thought that the clown Aubree, who was determined to blackmail Sia and failed to steal the chicken, would suffer a loss.

At this moment, she would probably be so angry that she would pound her chest and stomp her feet, and have a splitting headache.

Ha ha ha.

“Bastard! Damn Sia! This bitch!”

In the presidential suite of the hotel, Aubree threw all the things in the room to the ground, but she still felt angry.

In the end, she picked up the crystal ashtray and smashed the huge TV screen into pieces!

“Ah! Mom, Mommy... Calm down!” Skyler hid far away, trembling with fear and pale face.

“Calm down? How do you want me to calm down That bitch Sia is wearing the evening dress designed by Sharon!/What the hell is she! What right does she have?”

The more Aubree thought about it, the angrier she became. She was about to go crazy. Her eyes were red and crazy!

At this moment, she even had an impulse.

The urge to kill Sia!

“Mom, please calm down. Calm down.”

Chapter 280

Skyler walked over and slowly sat beside Aubree, comforting her: “Seeing you so angry, as a daughter, I really love you!” Tell me, what can I do to help you vent your anger?

“Anger? I want Sia to die, can you?” Aubree gritted her teeth darkly.

"I..." Skyler was rendered speechless.

"That Sia... I thought that she had compromised and followed Stefan. She was just a mistress who didn't even have a status. Her stomach didn't live up to expectations. She just gave birth to a lowly girl!"

When Skyler heard this, she curled her lips and silently cursed, "Then you even gave birth to two girls. Aren't you scolding yourself too?"

"I didn't expect that... Stefan would actually spoil her so much! Not only did he celebrate her birthday with great fanfare, he even invited Sharon to make clothes for her! How could she be so fortunate... How could she be more glorious than me?" Aubree was so angry that her face turned into the color of a pig's liver, and she almost cried out!

The better Sia lived, the more it made her, the official wife, like a joke!

"Mommy, it's useless for you to be angry here now. We have to find a way to dampen that Sia's prestige and destroy her birthday banquet!" Skyler shook Aubree's arm lightly and was extremely anxious.

Aubree gritted her teeth, picked up her phone and dialed a number, then got up and walked to the window.

"Ms. Bell, you haven't contacted me for a long time. Have you been well in recent years?"

A hoarse male voice came from the other side. It sounded like a middle-aged man.

"Of course it's not good. My current situation... is really worse than death!" Aubree choked and wanted to cry but had no

tears.

"Is it because of that woman, Sia?"

“Other than her... who else could it be”

“Ms. Bell, I will never forget your kindness for the rest of my life. Tell me, how can I help you?”

Aubree sobbed softly, but her eyes revealed a sinister smile.

The evening gown that Sharon personally designed added a lot of color to the birthday banquet.

But tonight, Sia’s glory was not only limited to that. The next segment was to show her birthday present.

Everyone was looking forward to Stefan giving Third Madam too many luxury houses and jewelry as a gift. Unexpectedly, the result was unexpected.

What Stefan gave Sia was a charity fund named after her love for disabled children!

Not only that, she was also the owner of this charity foundation!

Chloe saw this and couldn’t help but reveal a gratified smile.

She knew that the women of Thorp family were different from the ordinary rich and powerful ladies.

Aside from her, there was also Stefan. None of Thorp family’s people had any concept of money and were interested in gold, silver, and jewelry.

Compared to the unparalleled diamonds, Stefan’s charity fund could be said to have been sent to Sia’s heart. This was because she had been privately taking time to go to the welfare institute to do volunteer work all these years. In private, she had also been using her private money to help the children who needed difficulties.

She had done all this behind her family’s back. She thought that Stefan did not know about it.

However, she did not expect that Stefan had already known about it and had prepared everything for her. He was waiting for this day to give her a big surprise!

“I know. Sia, you have always been keen on charity work. These years, you have helped many children anonymously at the welfare home. After thinking about it, I feel that giving this to you should suit your heart the most.” Stefan held Sia’s hand tightly and stared at her with a tender gaze.

“Stefan... So you know.” Sia’s eyes were wet.

“It’s a good day. Don’t cry, Sia.”

Stefan frowned and smiled. He raised his hand and gently wiped her tears.

At this moment, he was looking at Sia with eyes that would make all the women in the world envious.

“Since the charity fund has been established, I will start a good deal. I will first inject five hundred million yuan into the fund for the charity work. I hope that everyone can support Sia’s charity fund in the future!”

I, Stefan, am here to represent KS Group. I will express my gratitude to everyone first! “Stefan glanced at the audience below the stage, and his imposing aura made people unable to look down on him.

His tall and straight figure, clear and magnetic voice made him look like a middle-aged man in his early forties!

“WOW!”

In an instant, thunderous applause rang out!

“Although Director Thorp did not give Third Madam a luxury house or jewelry, he injected five hundred million into the charity fund! This is already enough for Third Madam!”

“Generally, the birthday of rich and powerful families is nothing more than those gifts. This Director Thorp is really creative and meaningful!”

This news not only gave Sia face, but also gave Thorp family a wave of favorability. It was a win-win situation!

Below the stage, Rory, Draco, and Oscar sat on the same table.

“Cough cough... This old bastard, what kind of technology work did he use behind my back? Why is he not old?”

Draco muttered with jealousy. He turned to ask Oscar beside him, “Oscar, how did your father maintain his health? How did he go against his growth? Tell uncle.”

“He put on a bit of makeup.” Oscar smiled faintly and was very modest.

These two brothers couldn’t get away from the joke of “Who’s handsome!”

“Oh! I know it!”

Draco suddenly approached him and blinked his eyes. “Where did your father find a makeup artist? It looks quite natural. Can you introduce it to uncle?”

Oscar: “...”

Rory listened and could not help but laugh.

Thorp family was on the table, and at this time, he was clapping wildly and happy.

Kiran looked up at the stage. Her mother had tears in her eyes. Suddenly, she could not help but lower her head and cry quietly.

“Kiran?”

Helena sat next to Kiran. She could sense that she was crying. She panicked and quickly picked up a tissue and handed it to her from under the table. She asked softly, “Why are you crying?”

“It’s... it’s okay, second mother.”

Kiran hurriedly took the tissue to wipe her tears and said with a trembling voice, “I’m just... happy for my mother.”

A warm feeling surged in Helena’s heart, and she caressed her silky hair lovingly.

In this complicated family, all the other children, including Chloe, called her Helena. Only this youngest child called her “Second Mother”.

Although she usually did not care, her heart was still warm.

“It should be You should be happy.”

“Actually... I always thought that Dad did not have a place in his heart for his mother.”

Kiran didn’t know what was going on tonight. All sorts of feelings welled up in her heart. “And I’m also the most

disappointing daughter of Father. Second Mother, your daughter is the future Stoeyae’s first lady. Eighth Sister is not only a god in the design world, but she can also manage the hotel for Father...”

“But I don’t know anything. I can only drag Mother down, drag down the family members...”

“Kiran, don’t think that way.”

Helena was very upset. He hugged Kiran’s waist and hugged her. “Your father actually told us more than once in private. He hoped that you, Thorp family’s youngest daughter, could be the little girl heartlessly.

To him, it was not important whether the child had a good future or not. What was important was happiness and happiness, and he could live his life peacefully.

“Also, your father loves you very much and loves your mother very much. If he doesn’t say it, it doesn’t mean that he doesn’t have it in his heart. We have to work on one person, right?”

Hearing this, Kiran obediently leaned on Helena’s shoulder and nodded with tears in his eyes.

Then, several important guests sent gifts, all of which were Million’s starting point!

In front of Sea Gate’s richest man, if he did not take out the things on the top row, wouldn’t he be a laughing stock?

“The next gift is from Xavy Group’s fourth young master, Mr. Jerome!”

Just as the emcee finished speaking, a ray of light shone on Jerome from below the stage.

Everyone unconsciously looked at Thorp family’s table.

Even Chloe turned her head and looked at the calm and composed Jerome curiously.

“Fourth brother actually prepared a gift for himself”

Patt's eyes darkened and he gritted his teeth. "Heh, he must be a lotus flower. He has a lot of heart. He always wants to curry favor with Thorp family and show off!"

"What's the point?"

Koda leisurely drank the red wine, his eyes full of disdain, "Fourth has always liked to think that he was smart since he was a child, but he did not understand the principle that things must turn against each other when they reach the extreme."

He could win Chloe's favor with this appearance, but he did not know that he had already offended his father. In the end, this Xavy Group was still his father who had the final say.

Patt rolled his eyes and could not help but sneer, "Hmph, let him continue licking! In the end, there is nothing!"

Sure enough, Draco's expression at this moment was indeed not very good.

His lower jaw was stretched taut as he looked in Jerome's direction.

Suddenly, the moment he saw Mrs. Xavier, his pupils violently shook, and the corners of his lips twitched!

Jerome's gift was pushed onto the stage by the emcee, and everyone's eyes followed the stage.

Sia looked at Stefan hesitantly.

"A little bit of concern for the younger generation. Open it and take a look."

Stefan put his arm around Sia's slender waist and lifted the red cloth with her

In an instant, Stefan's expression changed abruptly, and he suddenly raised his eyes and glanced in the direction of Jerome without revealing anything.

When the guests saw this birthday gift, they all let out exclamations of admiration and praise, and it was in the slightest inferior to the shock they felt when they saw the dress that Sharon had designed!

Chloe's beautiful brows suddenly knit together, and she was secretly shocked in her heart.

It's the great bottle of Myriad Blessings, Longevity, and Dragon Ear of the Clear Napoleon!"

It would not be an exaggeration to store this antique in a national museum. In an auction, it would start at a starting price of 30 million!

For Jerome to give such a heavy gift to Sia on such an occasion, and even more valuable than the gift Director Xavier gave him, wasn't this clearly making it difficult for his own father?

Jerome and Sia didn't have a deep friendship. They hadn't even met a few times. There was no need to do this. So rather than giving Sia a gift, it was better to use this opportunity to curry favor with Stefan.

Thinking up to this point, Chloe pursed her lips and shook her head lightly.

Just as she inadvertently looked to the right, she was suddenly stunned.

It was unknown when, but Joseph had disappeared!

Chloe's heart skipped a beat. He hurriedly turned around and looked around, searching for that handsome and valiant figure.

"Third Madam."

At this moment, Jerome leisurely walked to the front of the stage. He first bowed politely, then said with a humble smile on his face, "This is a birthday gift from this junior. It is a big bottle with the name of Napoleon's battle

"Junior wishes you and Director Thorp a happy life and an old age together. I wish you a happy life and a happy life every

year.

Sia was stunned for a moment and smiled warmly. "Thank you, Fourth Young Master Xavier. The gift is too precious. It's good that you have this kind heart."

"It is indeed too precious. I don't know about it. I thought it was a birthday gift from Little Xie. Haha." Stefan joked half-jokingly.

Jerome pushed up his glasses, and a dark light flashed in his eyes.

"The year of Napoleon!"

"This is a priceless antique!"

"This Fourth Young Master has never shown his face in public before. This is the first time he has made an appearance tonight. He is actually so generous. This is really extraordinary!"

"It's just that the gift he sent is more than ten million more than Director Xavier. Is this appropriate?"

Not appropriate!

Director Xavier's face turned green!

However, what these people did not know was that this seemingly inappropriate action was intentional by Jerome.

This was just the beginning.

The days that made Xavier family uncomfortable were still coming.

At this time, the emcee shouted again,

“The next gift is from President Sawle Group, Mr. Joseph!”
