Chapter 311

There was no sound in the hall, and Chloe's domineering aura made everyone feel like they were in an icehouse.

This deterrence was not at all inferior to Mr. Old Anderson's

Aubree originally had a mischievous smile on her face. She thought that Chloe had heard that Anderson family had come to force Joseph to marry her. In a moment of anger, she had come to snatch Zoey's man.

Originally, she had planned to watch a bloody fight, but in the end, when Chloe said that he was looking for her, she wouldn't be able to do it!

"Miss Thorp, you... are looking for me? I have nothing to do with you, right? Why are you looking for me?" Aubree looked surprised and asked with a forced smile.

"The entanglement between Madam Sawle and me has actually ended since the day I divorced Mr. Sawle."

"But the entanglement between you and an old friend of yours is far from over," Chloe said in a casual tone.

However, her light words were like a deep water bomb that caught everyone off guard!

"Zoey! What did Miss Thorp say? Ex-wife This... What happened" Maddox stared at Zoey with a face full of disbelief.

"Grandfather... I mentioned it to you. Have you forgotten?" Zoey/timidly reminded him.

“You mentioned it? When did you mention it? Your grandfather is old, but I am not old and confused! When did you tell me that Joseph is a second marriage?”

Maddox had basically been recuperating abroad for the past year. The domestic business was basically handed over to his grandson, Vincent, and his second son, Judah. He really did not know that Joseph had been married and divorced. His ex-wife was still the daughter of Stefan!

A feeling of being deceived arose!

“Mr. Anderson, so what if our young master divorced once?”

Aunt Gill really couldn't take it anymore and couldn't help but retort, “Our young master is a fairy-like person. Even if he was divorced eight times, there are still many women who want to marry our young

master!”

Besides, doesn't your granddaughter also want to marry our young

master? She doesn't even dislike it, why are you following her?

“You old mother, where is there a place for you to speak!” Maddox shouted angrily.

“This is Sawle family, not Anderson family. What I want to say is none of your business, right?” Aunt Gill snorted and simply turned away from him.

“Hiss -!”

Maddox was so angry that he blew his beard and glared, but it was too much for him to be angry with a maid of another family!

Jake had been enduring for the whole night. At this moment, Aunt Gill jumped out and scolded Maddox, but he secretly let out a sigh of anger! Although he did not like Joseph, he was his son.

He scolded him for beating him, but others could not!

Joseph took a deep breath, his heart beating violently. He strode straight to Chloe and lowered his voice, "Chloe, if you have something to say to me, I can solve it for you."

"What? Are you afraid that I will ruin your good time?"

Chloe's long, black eyelashes fluttered. She glanced at the man with cold eyes and said softly in a voice that only the two of them could hear, "Don't worry, I won't delay your meeting."

I'm only looking for Aubree. After I'm done, I'll leave.

"I told you that if you have any difficulties, I'll help you." Joseph furrowed his brows, a complicated and deep emotion surging in his dark eyes.

"You can't solve it. I don't need you to solve it."

Chloe avoided the man's burning gaze and turned to look at Aubree. There was no smile in his eyes.

"Miss Thorp, you came all the way here. I don't mind if you have a cup of tea here before leaving. But there is nothing to talk about between you and me."

Aubree raised his chin slightly and raised his eyebrows arrogantly. "As for your old friend... Heh, I don't understand even more."

"You have nothing to say about Sia?" Chloe's eyes were as cold as ice, and her tone was cold.

Hearing this, Aubree's heart tightened, and her shoulders trembled secretly!

Why did Chloe talk to her about this? Did she find something? Did that man betray her?

Impossible... absolutely impossible!

This damned girl was lying to her!

“Miss Thorp, if you have something to say, you should find another time. Or you can find a time tomorrow.”

Jake suddenly felt that the atmosphere was strange. She hurriedly stood up and wanted to send Chloe away first. “As you can see, our family has guests now. It is indeed inconvenient.”

Chloe’s originally smiling eyes suddenly cooled down. Just as she was about to speak, Joseph grabbed her thin wrist and pulled the little girl upstairs in front of everyone. She had no choice but to resist. She was extremely tough!

“You, what are you doing, Joseph! Let go!” Tang Qiao’s cheeks were red, and she tried to break free, but it was useless.

Once this man made up his mind to do something, a hundred donkeys would not be able to pull him back!

“Whoa, whoa, whoa!” Aunt Gill covered her mouth, her eyes full of excitement.

Aiya, Young Master is so overbearing!

Aiyaya, Mrs. Sawle is so shy!

“Joseph! Joseph, where are you going? Come back!”

No matter how much Jake shouted, Joseph did not even turn his head. He quickly led Chloe and disappeared from the hall.

Anderson family's people were left on the spot. The male lead had left, and the stage that had been set up had somehow gone on. The scene was so awkward that it made one's toes buckle.

Especially Zoey, she hated him so much that her eyes were split open, and her eyes were red like blood!

As long as Chloe, this bitch, appeared, no matter where, no matter who was around, she would immediately become the focus of the audience, the only female lead!

At this moment, Zoey suddenly understood something.

Her overflowing hatred for Chloe might not only be because she was the woman that Joseph loved, but also because she was her rival in love.

What she was still deeply resentful and jealous of was the invisible bright light on Chloe's body. No one else could compare to her pride!

In Zoey's world, there could only be one sun, and that was herself. How could she tolerate someone who had treated her well? How could she be depressed and live under others

"Dad! Mom! I'm back!"

Skyler trotted all the way, panting heavily.

In order to meet someone, she had specially changed into proper new clothes, but her eyes were still blurred and she looked like she had just woken up. She had black circles under her eyes, and her whole body reeked of alcohol. Her pale face and lips were too red. At first glance, she looked like a ghost who had eaten a dead child.

When Aubree saw his daughter acting like a ghost, he was so disgusted that he wanted to press her head into the toilet and flush her away with water! What a disgrace!

– “Skyler, where did you go? Why do you smell like alcohol?” Jake looked at

her and frowned.

“Ah... I, I had a drink with a friend at a party... Burp!” Skyler couldn’t help but let out a loud burp.

“Someone come, help Third Miss up to rest!” Aubree quickly ordered.

“Aiya! Zoey!”

Using the strength of the wine, Skyler ran directly to Zoey and looked at her with a smile,
“Congratulations, you are going to marry my second brother and become my second sister-in-law!”

After planning for so long, relying on Grace and driving away Chloe, you finally became a mother-in-law for a thousand years, hahahaha!

Maddox’s eyebrows twisted fiercely.

Anderson Group and her daughter were both livid, their expressions were so stiff that they were about to collapse.

“Sister Skyler, what do you mean by this? Are you laughing at me, or are you playing drunk?”

Zoey was full of anger. At this moment, he was so angry that he blurted out, “I know what you are thinking... Isn’t it because you want to marry

my big brother and ask me to help you two? I hate you because I didn’t help you.”

When Maddox heard this, the look in his eyes when he looked at Skyler changed again, and he clicked his tongue twice.

Fortunately, his eldest grandson had a good eye and did not like this

rude, half-human and half-ghost woman. Otherwise, it was really unfortunate for his family!

“You...”

Skyler was so angry that his eyes were wide open. Zoey sneered again, “You can’t do anything even if you are unwilling. My big brother just doesn’t like you.”

“Ha... ha ha ha...”

Skyler covered his chest and laughed out of extreme anger.

“You!” This time, it was Zoey’s turn to be furious.

“When I first came back, I saw that Chloe’s limited edition Bugatti was at the entrance of the villa. It seems that she is already here?”

Skyler placed her hand on her waist and yawned, “I saw that my second brother was not here. Did he leave with Miss Thorp and leave you here?”

“Shen... Bai... Lu!” Zoey’s eyes were red, and he wanted to pounce on her and tear her mouth apart!

“Aiya —Sister Zoey, my second brother is like this. It will be good if you get used to it when you get married in the future.”

The more Skyler talked, the more excited she became. The more she talked, the more intoxicated she became. "He, when he married Chloe, his heart was always thinking about Grace. In the future, when she is with you, she will not let go of Chloe."

"Men are all like this. There is a virtuous wife at home, and there has to be someone missing in the distance. Chloe spent three years to adapt little by little. You like my second brother so much, so you should be able to adapt faster than her, right?"

Everyone was so shocked that their eyeballs almost fell out!

This was no longer as simple as the smell of gunpowder. Wasn't this just a scolding?

If not for the fact that both of their parents were present, Zoey would have already been in a tussle with Skyler!

"Skyler! You drank too much? What nonsense are you spouting"

Aubree's blood pressure shot up, and she shouted with a red face, "Hurry up and take Third Miss away!"

"Joseph! Let go of me! Let go of me!"

Joseph strode forward like the wind, and Chloe followed closely behind him. His wrist was gripped so tightly that it hurt.

He seemed to be very angry.

Or perhaps it was because he had been angry for a long time that he finally found an opportunity to vent his anger. A way to vent it was her!

"Where are you taking me" Chloe asked angrily, her

eyes red.

“You used to be my wife. This was your home for three years. You are more familiar with every room here than I am. Tell me, where else can I take you?” Joseph did not look back. His Adam’s apple trembled as he spoke every word.

“Ha... Joseph, are you too self-righteous or do you think you know me well?”

Chloe suddenly raised his wrist and bit the man’s wrist.

“Eh!”

Joseph suddenly felt pain and subconsciously let go of his hand.

Chloe hurriedly took a step back, held her wrist that had been pinched out of the red mark, and glared at him with resentment. “I have never regarded this place as my home. Here, I have never felt a sense of belonging. This place has always been a cage to me!”.

However, what had once trapped her was not her body, but her heart.

Joseph’s heart felt like it was being twisted by a knife. Although he was very angry with her, he still felt that the pain was very

intense.

His peach blossom eyes suddenly narrowed and he strode forward. While she was distracted, his solid arm wrapped around her back, and his big hand suddenly grabbed her soft waist.

“Ah!”

Chloe cried out in alarm. The next second, he picked her up horizontally, and her slender little hand reflexively clenched his clothes.

Chapter 312

“Joseph! You bastard! Don’t touch me! Put me down!”

Chloe’s face instantly turned red. She twisted her waist, and her slender white legs swayed up and down restlessly.

The hand that was originally holding the man’s clothes turned into a small pink hammer, pounding hard at his firm chest. His hands were hurting. It was like scratching an itch to Joseph. He was enjoying it!

“I told you to listen to me, but you didn’t listen. If you didn’t listen, I could only hug you.”

Joseph’s long eyelashes were lowered and her brows were cold, but the gaze that swept past her eyes still contained an undisguisable affection.

He could not control it.

If he could control it, was it still called love?

“Why should I listen to you? Who are you? I won’t listen! I won’t listen!” Chloe was so embarrassed that her cheeks became redder and redder, and she struggled even harder.

“If you don’t behave yourself, I’ll kiss you.” Joseph swallowed hard and narrowed his eyes.

“Beast!” Chloe’s body shrank and she bit her lower lip in horror.

The man raised his thin lips and suddenly let go of her!

“Ah!”

Chloe suddenly closed her eyes and was so scared that she was covered in sweat. Her snow-white arms directly hugged Joseph’s neck.

The man’s expression was still cold, but his dark eyes were tinged with gentleness.

Just like that, Joseph dragged Chloe upstairs, leaving the group of people behind.

This caused Anderson family to lose his face.

But now that they were here, if they left without discussing the marriage, wouldn’t they lose face?

“Dad, what do you think... what should we do now?”

“Joseph’s attitude is obviously because she doesn’t want to accept Zoey, and she doesn’t even want to talk to us...” Madam Anderson asked

worriedly.

“Grandpa... are you going to watch me get bullied like this? I am your granddaughter!” Zoey was sobbing so hard that she couldn’t speak.

If not for the fact that Maddox still had the composure of a big shot, an old man from an ordinary family would probably have already started to curse and swear!

However, he couldn’t bear it any longer!

“Director Sawle, is this how you explain this to me My granddaughter was almost completely ruined by your son, but your son is still arguing with his ex-wife in front of us... Do you think our Anderson Group is easy to bully”

In a fit of anger, Maddox picked up the teacup on the coffee table and fiercely threw it on the ground!

Anderson family’s bodyguards, as if throwing a cup, suddenly

surrounded him, scaring Aubree to the point that his face was drained of blood, and he hid behind Jake.

Anderson Group started out from the underworld, and Medo was known by everyone!

Right now, he was simply going to fight Sawle family to the death!

“Director Huo, what are you doing?” “We, Sawle family, are not easy to bully either!” Jake’s eyes were also red.

“Hmph, don’t worry. This is a society ruled by law. The days where people often shout and shout and kill, I have also gotten tired of living.” “I just want to tell you that Second Young Master Sawle’s actions tonight made me very angry. No one can say what will happen to me if I get angry!”

Jake clenched his fists, almost unable to contain his anger!

Wasn’t this a naked threat?

However, what kind of family was Anderson Group? He was one of the top ten financial groups in the country. His industries were all over Asia. Although he was not as prominent as Thorp family and was not ranked as the richest man, if Anderson Group, who had always been neutral, joined hands with his sworn enemy, Xavier family, then he would have a hard time!

“Grandpa, you are really disobedient. I have only been away for a few days, and you can’t wait to find trouble with Uncle Sawle’s family?”

The cold and oppressive footsteps of leather shoes resounded in the hall.

Vincent's handsome and charming face entered everyone's surprised field of vision.

Aubree saw that his eyes were bright as if he had found a diamond mine. One must know that this man was her future aunt!

The eldest young master Anderson family was her son-in-law. She would wake up laughing even in her dreams! Those rich and powerful ladies who had ignored her and looked down on her before could only chase after her and fawn on him!

"Eldest young master!" All the bodyguards bowed in unison.

"Vincent, why did you run over here?" Maddox's face sank.

"What can I do here? Of course I'm looking for Joseph."

Vincent coldly glanced at Anderson family and the others. The bodyguards were so scared that they kept quiet out of fear and quickly lowered their heads. "Fortunately, I came. If I didn't come, would I miss this good show?"

In fact, he had received the news from his little girlfriend, Annie.

Originally, he was talking about projects outside. Annie's little wife was watching a drama with Yoona alone in the villa. Halfway through, she received a call from her maid, Nina. She said that Joseph had encountered some trouble and Anderson family's people came to force the marriage. It made a mess. She was worried about her second brother, so she contacted Vincent to help out.

The little wife had a request and Mr. Anderson had to agree. Moreover, the other party was his best brother. He did not talk about big business. He directly sped over.

“Good, good. Then hurry up and invite your brother down!” Maddox’s face was full of anger.

“I can’t do that.”

Vincent also saw Chloe’s car and knew that she was here. At this moment, she must be with Joseph. She could not help but smile with relief. “I am having an affectionate relationship with Miss Thorp. Why do I have no eyesight and have to be a third wheel?”

“I don’t do such an annoying thing.”

Zoey trembled with anger and stared at her brother with resentment!

Vincent saw the look in her eyes, and for a moment, his chest was incomparably painful, incomparably sad.

This was his biological sister. He had held her in his arms since she was an infant, the little sister that he had raised with one hand. Now, she was coldly staring at him, as if she was looking at her mortal enemy.

That innocent, innocent little girl who often hugged him, pestered him, and shouted for him to buy her dolls and ice cream, seemed to really be dead.

“Feelings of affection... You and I?!”

“Didn’t Miss Thorp divorce Mr. Sawle a long time ago? How is that possible?” Madam Anderson asked anxiously.

“What’s impossible about relationships?”

“Grandpa, in terms of family background, looks, and talents, Miss Thorp is better than our child.” Vincent’s eyes suddenly turned cold.

Maddox choked and was greatly deflated.

If he hadn't seen Chloe, he could have retorted.

However, he had just met Chloe. What kind of girl was she? She had a painting that was difficult to describe. She was a beauty with no flowers. In all fairness, his granddaughter was like a young girl who had not yet grown up. She was indeed not comparable to Miss Thorp.

"Are you sure you want Zoey to snatch a man from Miss Thorp?" Not to mention whether she would offend Thorp family or not, even if she would not, with a beauty like Miss Thorp in front of her, Joseph would probably not look at Zoey more, right? " Vincent sat on the sofa very naturally, as if he had come to his own home.

"Vincent, you are Zoey's biological brother. How can a biological brother talk about his sister like that?"

Madam Anderson was so angry that he almost vomited blood. "If Joseph had no interest in Zoey, how could it have happened that night? Could it be that someone held a gun against his head and forced him to see Zoey" "Although no one held a gun against Joseph's head, there were people behind the scenes who came up with ideas for Zoey and came up with such a flawless plan to trick Joseph to meet her at the hotel." Vincent crossed his legs and looked at Zoey with a chilling gaze!

Everyone:

Was there a hidden reason behind this?

"Mr. Anderson, is that really the case?"

Aunt Gill could not help but pat his thigh and said angrily, "I knew it! Our young master is a person who has a pure heart and few desires. I watched him grow up since I was a child. I don't believe that he is a man who would be wrong when he sees a woman and can't control the lower half of his body!"

If he really is, Mrs. Sawle can't love our young master so much! There must be something wrong with him!

“What do you mean by that? Are you saying that my daughter is improper and that she has ruined your young master?”

“I didn’t say that. You said it yourself.” Aunt Gill rolled her eyes and stuck out her tongue.

In any case, she had lived for a long time. She was neither married nor had any children. Her only weakness was the young master. She was not afraid of any rich or powerful people!

“You! You old mother!”

Madam Anderson covered her aching chest and looked at Aubree angrily. “Madam Sawle!” Are all your servants so rude? How dare you speak to guests like this?”

“Aiya, Madam Anderson, you saw it just now. Aunt Gill’s position in our Joseph’s heart is higher than ours. How could we dare to interfere?” Aubree had a difficult expression on her face. She was happy to see Madam Anderson choking her.

“Big brother! You don’t have any evidence... How can you slander my innocence” Zoey trembled. She looked like she was crying, but she was actually angry.

“Who said I didn’t?”

“I originally didn’t want to reveal the things I found on this occasion, because it would really be very ugly.” Vincent narrowed his eyes.

“But you also pulled Grandpa in. I really can’t stand it anymore.”

Zoey’s heart suddenly jumped!

Everyone also pricked up their ears.

“I checked your call records from before and after that day, and I even

checked your call records this month. If you really had an affair with

Joseph, how could you not have made a phone call? Even on the

so-called private meeting day, you did not make a phone call. Heh, such a Plato? Using your thoughts to communicate?”

Zoey blushed, “I...”

“Also.”

As he spoke, Vincent took out his phone, and his voice suddenly turned cold. “I sent someone to take down the driving recorder on your car. The memory card on the other side of the car caught this audio. You were the one who recorded it when you waited for Joseph at the hotel.”

He clicked on the play button, and Zoey’s proud voice clearly sounded from inside.

I’ve already arranged it according to what you said. When the time comes, I will wait in the room you arranged... Joseph will definitely come to find me, right? He will definitely come, right?

Thank you for helping me. You have done me a favor. I will definitely repay you in the future!

So, Mr. Sawle had been set up by Miss Anderson?

There were people who added fuel to the fire behind the scenes, so that they could form a secret meeting?

But, who was the person hiding behind her back and helping her set up a trap

After hearing this, Jake's expression gradually became serious.

"Zoey, what's going on? Who were you talking to on the phone at that time?" Madam Anderson asked in astonishment.

"This, this was edited by you! The truth is not like this!"

Zoey was so angry that his expression was ferocious. He angrily pointed at Vincent's indifferent face. "Did you get bribed by Chloe? Did she order you to maliciously edit and slander me"

Then she put on the appearance of a little white flower and hugged Mr. Old Anderson to cry. "Grandpa! How can big brother do this to me He is

too much!"

Maddox's thick eyebrows twisted fiercely, and the gaze he looked at Zoey became more and more complex.

Chapter 313

Chloe did not expect that Joseph would bring her to the room where she once lived alone for three years.

"Oh -!"

Originally, Joseph wanted to put her on the bed. Unexpectedly, the little girl in his arms was not honest like a mad kitten. She took off his hand as soon as she straightened up, and she fell heavily on the bed.

Fortunately, Chloe's whole face was in original, otherwise her nose would be ruined.

“You were the restless one. I didn’t want to fall on you.” Joseph looked down at her and couldn’t help but laugh when he saw her current awkward state.

“Cur... You have always been finding all kinds of excuses for yourself!”

Chloe muttered angrily. She wanted to stand up from the bed, but the man quickly grabbed her round ankle and immediately pushed her up, trapping her under him.

“Let go of my foot! Are you a pervert?” Chloe cur led up her legs and almost lost her skirt. She was so embarrassed!

She did have some skills, but in front of Joseph, her skills could only be considered a set of radio gymnastics.

Joseph held her ankle harder. His calm but hidden eyes moved down from her blushing little face, to her watery cherry lips, to her white and long neck, and then to her cold and attractive collarbone...

His breathing couldn’t help but sink a little, his blood heating up and his heart beating strangely.

Suddenly, a needle-like pain came from Joseph’s head. He suddenly closed his eyes and pressed hard on his temple with both hands, trying to resist the sudden pain.

“Joseph... It hurts... It hurts... Joseph...”

“Be good, it will slowly stop hurting...”

“I will try my best to be gentle to you. I swear...”

In his mind, he suddenly saw some scenes that he had never seen before, and his ears were also filled with pink and soft panting.

It seemed that in this room, he had been intimate with a woman and teased her.

But how was that possible? He had never touched any woman, never...

When Chloe saw that Joseph was distracted for a moment, she reacted as if she had been provoked and kicked his lower abdomen!

“Get lost!”

In fact, she did not use too much strength. With Joseph’s 1.9 meters tall and broad body, he should be able to withstand this kick.

Unexpectedly, he staggered back two steps. If he did not support the wall in time, he would probably fall to the ground.

Chloe’s pupils shrank. She clearly saw that his face was pale and his forehead was covered in sweat.

She hesitated for a moment and was about to say something when Joseph asked in a hoarse voice, “Why did you come to find Aubree this time?”

“It has nothing to do with you. You don’t need to care about it.” Chloe’s eyes suddenly turned cold.

“If you want to suppress Aubree for the sake of Sia, I suggest you change the date. Tonight is not the right time.”

“Why is it not the right time?”

Chloe curled her charming red lips. Her slender waist was straight, and her slender legs were crossed. She sat there with a beautiful and noble charm, like a queen that no one dared to blaspheme. “Oh, is it because Mr. Old Anderson, Madam Anderson, and your little sister Zoey are all here? Are you afraid that I will disturb your good things?”

“What good things?” Joseph frowned.

“A love affair, a marriage proposal, a formal marriage.” Chloe’s beautiful eyes curved, how teasing!

“Chloe! That’s enough!” Joseph felt a stab in his chest as he angrily opened his bloodshot eyes.

“Congratulations, Mr. Sawle. You’re getting married again.”

Chloe completely ignored his anger. Instead, her smile grew wider as if she was sincerely blessing him.

“This time, Miss Anderson is young and beautiful. Her family background is many levels higher than Grace’s. She is also Vincent’s biological sister. It’s better to get married.”

“Director Sawle will definitely be very satisfied with this daughter-in-law. She will also increase your status in the group.”

“Do you think I will care about this?” Joseph felt as if his lungs were about to explode.

“Who cares. I don’t want to care about your trivial matters. I’m leaving.” Chloe came to find trouble with Aubree tonight. She didn’t want to be found trouble by cur. She just wanted to leave this room as soon as possible.

Because she felt suffocated when she was alone with him in this room.

She was a woman with a sensitive mind and strong co-love. It was easy for her to feel it and also easy to touch the scene.

And here, recalling the marriage with Joseph for three years, what he left for her were all unpleasant memories.

Moreover, even in this room, she had lost her chastity forever, and this man, even until today, still did not remember that they had been husband and wife for a night.

Forget it, forget it was also good.

Some things, when recalled, there was only pain.

Chloe landed and stood up, completely treating Joseph as a ball of air, not looking at him as he flew past him.

The moment they brushed past each other, Joseph's face was as cold as frost. He suddenly pulled her arm, and then his large hand grabbed her thin shoulder, pressing her against the wall almost fiercely!

"Wu -!" Chloe's vision shook violently, and her back hurt so much!

And in front of her, the man's blood-red eyes were so beautiful and suffocating!

"Joseph! Are you crazy..."

"Have we done it before? In the past?"

Joseph's hoarse and magnetic voice brushed past her red ears. Her heart skipped a beat and she was stunned. "Joseph, what did you say?"

"It's nothing." Joseph gulped and shook his head.

Crazy, he was probably crazy.

Why would he ask her such an exciting question?

However, what happened to the erotic scene that appeared in his mind?

He was thirty years old, and he only started to think about that thing?

“Stop pestering me, Joseph.”

Chloe’s heart was beating so fast, but she still fiercely pushed his iron-like chest, her cheeks burning, “You saved my life, I don’t want to hate you. But if you continue to pester me, I will never give you any respect!”

“Chloe, you hate me so much... so much that you don’t believe me?” Joseph knew that she was like a resentful woman,

However, those who were deeply in love and could not get a response would slowly turn into a hopeless resentful wife, a lunatic who was gradually losing control!

“Joseph, do you know how much I hate staying in this room?”

Chloe raised her eyes and stared at the gorgeous crystal chandelier on the ceiling. She looked at the chandelier for three years and more than a thousand days and nights. She smiled bitterly. “When I returned here, I only thought of countless lonely nights. I could only love but not be able to. There was only pain in my heart.”

To be honest, you should be with Zoey because in her world, you are perfect. But in my world, you have collapsed completely. You can’t fight it

out.

“I wish that our lives will be happy in the future. I wish that we will not have any more interactions in our lives in the future.”

“Do not have any more interactions.”

“Good, good, Chloe. Well said.”

Joseph was in so much pain that he felt like he was on the verge of death. He stiffly released the hand that was holding her back. The flames of anger burned in his blood vessels and his chest surged.

Originally, he wanted to explain something.

However, he suddenly realized that what Chloe wanted was never to explain. She did not care whether he was innocent or not.

What she wanted was for him to completely disappear from her life.

Although the evidence that Vincent threw out was not direct evidence, it was also a relatively powerful indirect evidence.

The so-called "hotel matter" had now become complicated. Fortunately, there were only Sawle family and Anderson family's people

present tonight. If these were made public in front of outsiders or media, then Zoey's reputation would be completely swept away.

In the end, he was still a blood brother, so he could not be so extreme.

Seeing that the atmosphere was in a deadlock and Vincent was unwilling to give in, Maddox had no choice but to return to the manor first and go back to clarify the entire situation.

"Vincent, Zoey, all of you, come back with me first!" As he spoke, Maddox stood up with his cane.

"Mr. Mr. Old Anderson, are you leaving just like that? Have you settled on your granddaughter's marriage?"

A clear voice sounded. Chloe was smiling as she walked down the stairs with light steps. She looked extremely elegant.

It was as if this Mazeland villa was her, Thorp family's, Tong Garden. Her aura was a hundred times stronger than that of a True Lord like Aubree.

Aubree's expression became even uglier than a pile of shit.

"Heh, Miss Thorp is here tonight and we are old acquaintances. There must be a lot of things to talk about when we meet. I won't disturb you." Maddox's expression was very bad. After all, Chloe's appearance had indeed disrupted their plans.

"Hey, don't, Mr. Mr. Old Anderson. Don't misunderstand. Mr. Sawle and I have nothing to say. Just now... just take it that he was out of sorts. After all, as his ex-wife, I don't quite understand what he is thinking for the past three years."

Maddox: "..."

Miss Thorp openly admitted her ex-wife identity. She was so

magnanimous that the old man didn't know what to say.

At this time, Joseph stepped up and just heard her words. The handsome man sank into depression.

Good!

Could it be that if he wanted to be better in this woman's eyes, he could only wait for his next life?

"Madam Sawle, let's have a chat?" Chloe looked at Aubree coldly.

"I'm sorry, Miss Thorp. It's getting late. I need to rest. I don't have time to

chat with you. Let's talk about it another day." Aubree naturally knew that she was up to no good. Her tone was obviously conflicted.

"You don't have time, but I do. I'm very free."

"The night is long, and we can talk about our grudges slowly. I will accompany you until dawn."

"I am old and can't accompany you. Please go back!" Aubree's expression darkened and his attitude became tough.

Both Joseph and Vincent's faces changed, and they clenched their fists.

In the matter of Chloe being bullied, their attitudes were the same. Everything was fine, but seeing her being bullied, it was definitely not good!

"Originally, I just wanted to talk to you alone. After all, family ugliness can not be revealed. Since you are so unreasonable, then don't blame me for not giving you face."

The smile on Chloe's face gradually turned into a cold blade, and his voice was cold, "The last birthday banquet, I, Sia, was attacked by gangsters. That matter has something to do with you, Madam Sawle, right?"

Everyone was shocked and looked at Aubree at the same time!

Anderson family's people originally wanted to leave, but when they heard this, all of them stopped in their tracks and their ears perked up!

"Miss Thorp, we are a mother-in-law and daughter-in-law. I know that you don't like me, but you shouldn't slander me like this, right?" Aubree's heartbeat suddenly accelerated. His palm was madly secreting sweat, but he could only pretend to be calm!

"Alright, alright, alright... I'll change the topic."

Chloe laughed again. His smile was so mischievous that it almost made Aubree angry. "The criminal who tried to make a move on Sia but beat Mr. Sawle to a pulp. Is he an old friend of yours, Madam Sawle?"

Chapter 314

Old friend?

Everyone seemed to have been shaken by an earthquake. Their pupils trembled and they looked at Aubree in disbelief!

Including Jake and Anderson family.

However, there was only one person who was as calm as Chloe, and it was Joseph.

Because when Chloe began to suspect Aubree, he had already suspected Aubree. It was just that at that time, his head was seriously injured, and he had gone through the craniotomy of death. Then, Zoey came out to make trouble again, delaying his time to continue the investigation.

Tonight, Chloe came alone to find Aubree. He pulled her upstairs and indeed wanted to stop her.

He did not want her to get into trouble. If Aubree dared to find someone to sneak attack Sia in front of so many people, she could also do the dangerous action of coming and going to attack her!

He could help her do it, without the blood on her hands or mud on her

feet.

Everything was dirty, all evil, he could be her executioner.

He admitted that he was angry, he blamed her, and even hated her for not trusting him.

But in the deepest part of his soul, he still loved her. This love made him become extreme and no longer weighed the pros and cons. He only wanted her to be the center of his life.

“Aubree, Miss Thorp said that you and that criminal were old

acquaintances? Is that true?” Jake’s heart tightened, and he could not help but ask in a deep voice.

“Jake, are you questioning me?” “Chloe, an outsider, came over to question me for no reason. Are you going to step on me with her?” Aubree widened her eyes and poked her chest with her sharp fingers, her eyes full of sadness and grievance.

This reaction was a bit exaggerated, like a dog’s blood at eight.

At this time, Skyler, who had just woken up from her drunken stupor in the room, also walked out shakily.

She had also listened to the words her father had just asked her mother. Her heart beat like a drum in shock!

In her memory, her father had always loved her mother very much.

When her mother had repeatedly provoked Rory, her father, as her grandfather’s biological son, had also unconditionally protected her beloved wife and had almost fallen out with Old Master several times!

But this time, what was going on?

Chloe was just testing him, how could his father have doubts about his mother

"I have no intention of questioning you. You are thinking too much." Jake frowned and clenched his fingers.

"Of course there is nothing! How can I know that kind of person!"

Aubree's meticulous hair was soaked with sweat. She looked at Chloe with hatred, "Chloe, I know you hate me. We did have some unhappiness before, but I don't care about it anymore!"

"Now that your family is in trouble, you have to find me! I am not an insurance company. Why do your family come to me for an explanation whenever something happens? Do you think I am easy to bully"

"Madam Sawle, are you anxious? I just asked if you are old acquaintances. I haven't asked anything else. Why are you so anxious?" Chloe said with a smile.

"Could it be that you had a guilty conscience?"

"Chloe!"

Aubree was so angry that her tongue was smoking, and her eyeballs were popping out, "I'll give you three points on account of the good

relationship between Director Thorp and my Old Master. Don't be insatiable!"

"Shit!" Vincent's eyes were directly red. If not for the elders of his family, he really wanted to rush up and tease Skyler.

"Aunt Bell, if you really think of yourself as Madam Sawle, you should pay attention to your attitude when you speak." Joseph instantly clenched his fists, and his ink eyes were covered with a shocking haze.

You bastard! You're just the gun that this cheap girl used to hit wherever she pointed!

In front of so many people, I'm still an elder, yet he dared to stab me in

front of me!

"Heh, it's precisely because I'm Sawle family's mistress that I have to properly educate this junior!"

"Chloe, this is Mazeland Manor, not your Thorp family's Tong Garden! As the wife of the chairman of Sawle Group, as the mistress of Sawle family, how can I allow you to slander others here with false words" Aubree stared at Chloe fiercely, "Chloe, this is Mazeland Manor, not your Thorp family's Tong Garden!" As the wife of the chairman of Sawle Group, as the mistress of Sawle family, how can I allow you to slander others with false words"

Joseph couldn't take it anymore. His beautiful eyes turned red. Just as he -, was about to speak, Chloe took the initiative and said with a

contemptuous smile, "Mistress? Does this mistress of you, Old Master Sawle, recognize you?"

Everyone was shocked.

To dare to speak so wildly against Aubree, she was indeed Thorp family's eldest and youngest daughter!

Skyler saw that her mother was so angry that her face turned red and then white, and she almost couldn't stand steadily. She felt that this was no different from riding on their necks.

She wanted to run up and argue for her mother, but when she saw that Vincent and Joseph were present, they would definitely help Chloe unconditionally.

The one who made her most timid was Jake. He didn't even speak to her mother, and she was full of hostility in a split second.

It was better to observe in the dark.

“Also, you have the face to boast that you are Sawle Group’s mistress here. It is just because Director Sawle dotes on you. As far as I know, no one in the entire Sawle Group or the entire upper circle of Medo really recognizes your identity as Madam of Sawle Group, right?”

Chloe placed her hands in the pocket of her suit and tilted her head slightly. She looked bright and arrogant, as if no one in the world could be her match. “If you want to talk about Sawle Group’s mistress, she should be the birth mother of Sawle family, Eliseo, and Director Sawle’s legal wife.”

Everyone: “!”

Aubree felt as if she had been stabbed in the heart, but before she could feel the pain, the First Miss ‘second sword stabbed over. “Otherwise, it should be Mr. Sawle’s mother, Madam Quinn.”

Quinn...

Mother...

Joseph pursed his thin lips and stared at Aubree’s pale face. His clenched fingers seemed to be about to pierce into the flesh in his palm.

His heart that was beating heavily seemed to be pulled out by a pair of cruel hands, squeezing and rubbing violently, as if it wanted to squeeze every drop of blood in his heart dry.

Back then, when he and his mother were brought back to Sawle family by Jake, his eldest brother’s mother, the first generation Madam Sawle and the daughter of Finch family, had just passed away for a year.

At that time, Finch family was like the sun in the sky in Medo. He was one of the six big families in the country. Moreover, Finch family and Sawle family had a deep cooperation in the business world. At that time, Sawle family did not dare to tear his face off with Finch family.

Therefore, when Madam Sawle’s father and brother heard that Jake was going to marry another woman and that woman had a low status. She also had a five-year-old son. They were furious. They took back a

dozen billion yuan of investment and interrupted the cooperation of three purposes. The two families broke up, and Sawle Group's stock evaporated several hundred million yuan in one night.

Later, it was grandfather Rory who came out and personally negotiated with Finch family and his son to get a new cooperation.

The condition was that Jake could not take in new people in three years. That woman could only live in Sawle family as a servant. Her son could only be Sawle family's illegitimate son and could not enter the family genealogy!

The last one, Rory denied it on the spot.

Even if Sawle family's child was an illegitimate child, it was not Finch family's turn to criticize him. Besides, his son cheated on his wife and hurt two women. The one who was in the wrong was also an adult. It had nothing to do with the child.

This was the reason why Joseph's mother was still not promoted even though Madam Sawle had already passed away.

Because she had no status and was not recognized by Sawle Group, Joseph's childhood and his youth had been through rumors and gossip all the time, living in an extremely humiliating way.

And two years later, the pregnant Aubree was openly brought back by Jake. The one in her stomach was Skyler.

Quinn was gentle and kind by nature, and such a pure woman was destined to be no match for Aubree.

In the end, this absurd and cruel battle for the position ended with the outbreak of Quinn's depression and suicide by jumping off a building. The year his mother died, it happened to be the end of the three years' wife that Finch family had set.

Aubree, glorious and successful, was promoted by Jake and replaced the position of his mother, becoming Jake's wife.

“Joseph, don’t be sad. Your mother passed away, all of us felt bad.” “In the future, I will be your mother, and Skyler will be your sister.” “Alas, your mother is really a good person. Unfortunately, compared to me, she is a little less lucky. I hope she will not be tortured by illness when she comes there. I think she will not blame me for stealing her position, right?”

“She is so kind, she definitely won’t blame me.”

Joseph couldn’t forget what Aubree had said to him at his mother’s funeral.

Even though he was young, he could still feel the fake affection behind this woman’s friendly smile.

In a flash, twenty years had passed.

All these years, in the entire Sawle family, in the entire world, it seemed that only he had not forgotten his mother.

Now that he heard his mother’s name from Chloe, for some reason, Joseph’s eyes were red and he wanted to cry.

“Quinn... Quinn...”

Jake was in a trance and murmured the name of an old friend.

In front of her eyes, from the deep sea of memories, what gradually emerged was Quinn’s face that was as gentle as water, bright and beautiful as a painting.

The deepest and softest place in his heart was suddenly stabbed fiercely.

Aubree was the closest to Jake.

At this moment, she also heard him repeat the name that she had not heard for a long time. The woman that she hated so much, was so angry that her eyes were red, and she directly vented her anger on Chloe.

“Quinn... Quinn doesn’t live up to her name. She is just one of Jake’s former mistresses! Later, when she entered the house, she was just a servant of Sawle family. What kind of mistress is she”

“I am the only mistress of Sawle family! She is not qualified to talk to me!”

“Aubree! Enough!”

Jake seemed to have been affected by an emotional nerve that he thought had long been numb. He roared at her angrily and completely forgot that there was an outsider around. “Quinn is not a mistress and not a servant. And she is no longer here. You are not qualified to talk about her like this!”

“Why am I not qualified?”

“Is what I said wrong? She is a unpresentable mistress!” Aubree’s eyes widened like copper bells.

Before she finished her words, she suddenly felt a cold and gloomy air around her. It was like a bottomless abyss!

Aubree was stunned. She raised her eyes and saw that Joseph had already walked in front of her.

“You...”

All of a sudden, a crisp sound reverberated through the hall!

Everyone was shocked, including Chloe. They all opened their mouths in shock.

Joseph's starry eyes were dark, and his thin lips were tightly shut like blades. He raised his hand and gave Aubree a hard slap!

"Wu-!"

Aubree's cheeks immediately turned red and swollen, and blood leaked out from the corners of her lips. She was hit until her eardrums buzzed, and she saw stars!

She staggered back two steps, held the back of the sofa, and did not fall to the ground in a sorry state.

"Joseph..." Chloe's pupils secretly contracted, and she could not help but

sweat for this man.

Chapter 315

This slap, Joseph used 80 of his strength.

He knew that his hands, when he was a soldier, were extremely lethal. If he used 100 of his strength, not only would Aubree find teeth all over the ground, he would probably knock her out directly.

He did not want her to take the opportunity to leave. There were still many grudges between Chloe and her!

Everyone was panic-stricken. Seeing that Joseph had hit his wife, no one dared to come forward to interfere!

In this family, if even Director Sawle could not control Second Young Master, who could?

"Ah!" Skyler was so scared that she covered her mouth. All the hair on her body stood on end, and her calves were shaking violently!

Seeing that her mother was beaten, she actually did not have the courage to rush forward to stop her!

– Anderson family's people were also dumbfounded.

Even though Aubree had gone overboard with his words, she was still Jake's wife, Joseph's stepmother, and also an elder. Joseph dared to slap an elder in front of so many people?

This slap had not only slapped Aubree's face, but hadn't it also slapped: his own father's face?

Only Vincent looked at Joseph with burning eyes. He took a deep breath and slowly raised his lips. An indescribable emotion surged in his heart.

His brother had endured this slap for a long time. As his only good brother, no one knew better than her how Joseph came to this house all these years.

"Jake... My ears... My ears can't hear anything!"

Aubree covered her ears and cried bitterly as she rushed to Jake. She hugged him tightly. There was blood on the corner of her lips and her meticulous hairstyle was messy. Her makeup was also in a mess. Her image as a noble lady was completely ruined. "I'm deaf... I'm deaf because of your son! Don't you care about him"

He actually dared to hit an elder... How could he dare!

Chloe clearly saw blood seeping out from the gaps between Aubree's

fingers. She couldn't help but stare at the iron-faced Joseph.

If nothing went wrong, Qin Biao's eardrums must have been broken.

Damn, this is so fucking awesome!

Jake looked down at Aubree, her gaze shifting.

There was still a faint pain in his heart, but he clearly knew that this heartache did not belong to Aubree. It belonged to the woman he had buried in his heart for a long time.

“Joseph, what are you doing? How can you attack an elder?” He still had

to care.

“Elder? What kind of elder is she? Looking at the entire Sawle family, grandfather is my elder, you are my elder, and Aunt Gill is my elder. Among the people I respect, there is no part of her.

“Young Master...” Aunt Gill was suddenly cut, revealing a gratified and grateful smile.

Aubree’s swollen face was as red as a piece of pork liver. Blood was

rolling in her chest, and the bottom of her tongue was full of the smell of blood.

Didn’t Joseph mean that even in this family, Aunt Gill, an old maid, had a higher status than her

Preposterous! This bastard!

“I called you Aunt Bell because you are so old and have served my father for nearly thirty years.” “Elder? Pfft, you are worthy?” Joseph’s laughter was so cold that it made one’s scalp go numb, but his eyes were stunning. Anderson family’s people saw that they were about to fight, so they could not leave.

It was all thanks to the excitement that they did not watch.

“My mom, it is my bottom line. Don’t blame me for not giving face to anyone who touches my bottom line. I can even take his life.”

Joseph’s eyes were cold. As he spoke, he glanced in Chloe’s direction from the corner of his eye.

He did not say.

She was also his bottom line.

However, in Chloe’s heart, was he her bottom line? Perhaps even Jerome was inferior.

Thinking of this, Joseph felt as uncomfortable as a hundred ants devouring his heart. Unwillingness, anger, and loss filled his heart. He forcefully pulled out his gaze from Chloe’s beautiful face, no longer looking at her.

Just like how their hearts were connected, Chloe secretly looked at him at this moment.

Seeing that he was only looking forward with a cold expression, for some reason, her heart skipped a beat.

Aubree fiercely shivered. Her heart suddenly jumped three feet high, as if it was already in her throat, making it difficult for her to breathe.

Now, Jake could no longer control Joseph. Her man was no longer a stable backer.

If this bastard knew that her mother’s depression was caused by her, then wouldn’t she die without a burial place

Back then, it was she who bribed the most trusted maid besides Aunt Gill to change the medicine for depression into medicine that stimulated the central nervous system. Over time, not only would it speed up the physical disorder brought about by depression, it would also make people depressed, difficult to breathe, and even have hallucinations!

The last few months of Quinn's life left this world under the torture of both body and mind.

This secret could never see the light of day!

The day of light exposure was the end of her, Aubree!

"Jake, are you really... just going to watch me get beaten up? I am your wife... Aubree tightly tugged at the corner of Jake's clothes, sobbing softly with tears in her eyes.

She couldn't be hard, so she could only sell it miserably.

She knew that this man liked this most.

"Go back to your room and clean up first. I'll ask Skyler and my secretary to take you to the hospital." Jake calmed down and held Aubree's arms stiffly.

"No." Joseph asked coldly.

"Joseph, what are you going to do now?" Jake frowned.

"It's just a slap, and she won't die. However, we have to settle the score

between Aubree and Miss Thorp tonight."

Chloe's heart tightened and she pursed her lips.

"How many times do you want me to say it Sia's matter has nothing to do with me. I don't know the murderer at all! It was all Chloe who made it up to slander me!" Aubree roared hysterically.

“Madam Sawle, I think you should listen to Director Sawle and go to the hospital to see if there are signs of dementia in your brain.” Chloe looked at Aubree with disdain.

“Chloe!” Aubree gritted her teeth.

“This Thorp family girl, is her mouth really that good?” Maddox raised his gray eyebrows when he heard this.

“Yes, Dad. This Miss Thorp family has always been like this. Her actions are also very fierce and fiery.” She naturally disliked Chloe’s style.

Maddox coughed lightly, “It doesn’t matter if a girl is a bit more fierce and hot-tempered. This girl’s family background is also worthy of her temper.”

“This girl is also good looking, but it’s a pity that she has divorced once. Otherwise, it would be good to match Vincent.”

“?!” Madam Anderson was shocked.

“Grandpa!” What are you talking about! “Chloe is a second-hand goods that my second brother doesn’t want, how can she match my big brother?”

“A second-hand product? Even if an outstanding woman like Miss Thorp were to be divorced a hundred times, I think there will still be plenty of men who want to be the 101st.”

“Grandfather, to tell you the truth, when I first saw Miss Thorp, I was deeply attracted by her and immediately began to pursue her passionately”

Zoey gnashed her teeth in hatred.

“What? You chased after that girl, Thorp family”

Maddox was shocked and asked curiously, "Then why are you two not together? I heard people say that you are very good at chasing women."

Madam Anderson: "..."

"Hey, she doesn't like me." Vincent scratched his head awkwardly.

"She doesn't even like you? She still wants to marry the Emperor" Maddox was very angry.

But then again, Chloe's ex-husband was Joseph.

Then his grandson lost, which was not too shameful.

"The criminal called Holden Birket was a staff member of TS TV station 30 years ago. Not only did he cooperate with you in several dramas, but he also served you tea and water for a long time. The relationship between you two is not ordinary.

Even Sia and many famous directors of TS TV Station know Holden, but you said you don't know him. You said you are not dementia. What are you? "Chloe looked at Aubree coldly and shook his head.

This kind of IQ that was only suitable for planting rice seeds could climb from the bottom to the position of a rich and powerful lady step by step. It could only be said that Jake was more blind than his son.

"I don't know Holden! Why do I have to know him?" Aubree was still as stubborn as ever.

"Madam Sawle is a noble and forgetful person. Then I will help you awaken some of your memories."

Chloe slowly walked down the stairs and gracefully walked in front of – Mr. Sawle and his wife.

Immediately, Aubree felt a cold light flash in front of him.

A white gold pendant in the shape of a silver lily swayed in front of her eyes, like a sharp blade that could cut her throat at any time!

Aubree's heart was beating so fast that it seemed like it was running, and her lower lip was faintly trembling.

How could it...

How could it be in Chloe's hands now.

Jake furrowed her brows. She could feel that Aubree was trembling violently in his arms. Although she was trying her best to restrain herself, it was still very obvious.

"What is this stupid thing... What are you showing me?" Aubree avoided her gaze.

"Aubree, I remember that this is your necklace."

"When we first met, you always wore it. You also said that this was left to you by your mother. The only thing from before was her relic. You looked at it like it was a treasure."

"But one day, I saw that you no longer wore it. I also asked you where this

necklace went. You said that you accidentally lost it during filming and you were sad for a long time because of it. I remember that it was this pendant of lilies."

Aubree's ears emitted a deafening buzzing sound!

She remembered that she had indeed told Jake this. To be exact, she had told this lie before.

Back then, in order to get this man, in order to grab his heart, she had lied countless times, ruthlessly clearing away the stumbling blocks on her road to a wealthy family.

Aubree had been built with thousands of lies. After so many years, she had never remembered many lies.

“So this necklace is a relic of your mother, Madam Sawle. Aiya, that really is something very important to you.”

Chloe looked at the shaking pendant, her beautiful eyes flashing coldly, “Such an important thing, how could it be in the hands of that criminal? When we found it, it was placed in an exquisite jewelry box.”

It seems that this necklace is also very important to Mr. Birket.

Chapter 316

On the other side, in the detention center.

Holden had been interrogated for three days and three nights. The dazzling light hit him on the head, and his spirit and body were tortured. However, he withstood the layers of pressure.

As long as he thought of Aubree, as long as he thought of his daughter who made him think day and night, his heart was full of longing, but he could not get close to her...

Even if the sky fell, he had to endure it.

At this time, the door of the interrogation room opened, and Marble walked in with an indifferent expression without any scruples.

In front of the suspect and the criminal, he was no longer the rich and noble seventh young master. He was full of bandit air, fierce and aggressive. When the people in the underworld saw him, they had to call him, “Brother!”

“Hey, are you in high spirits?”

Marble yawned, pulled away the steel pipe chair, and sat on it with his long legs. “Mark, make Mr. Birket a cup of coffee to refresh himrself. After all, it has only just begun tonight.”

“Yes, Captain Thorp.”

“Captain Thorp, aren’t you tired of interrogating me like this every day?” Holden gritted his teeth and sneered.

“I’m not tired. I’m young. I can afford it.” Marble smiled mischievously. “I’ve already said what I needed to say two days ago. If you ask me one more night and ask me a thousand times, my answer will be the same.”

“I’m tired of the previous questions. Let me ask you something new.” Marble narrowed his eyes and raised his lips coldly.

He placed the photo of the evidence in his hand in front of Holden.

Holden looked down and saw the platinum lily necklace in the photo. His body suddenly leaned forward. Although he tried his best to control his expression, the trembling of his eyes and muscles exposed his fear! “Do you recognize this necklace?” Marble stared at him intently, his fingertips knocking on the table.

“I don’t know it.” Holden answered without hesitation, his forehead sweating.

“You don’t recognize your own things?”

“You wrapped it in fine silk and put it in a expensive jewelry box. It shows how much you value it.”

You said you didn't know such a precious thing to you in the blink of an eye? Burning the newspaper at the grave, fooling the ghost.

"You searched my house You!" Holden's pupils trembled, his fists clenched, and the handcuffs made a harsh sound of friction.

"You are a criminal, and I am a policeman. Isn't it normal to search your house? Are you not mentally prepared?"

Marble leaned back and smiled gently. "I have already investigated. This necklace used to be Aubree's personal item. You carefully kept Aubree's personal item in your own home. It seems that your relationship with Aubree is not ordinary."

"I stole it, can't I?" Holden's face was pale, and he gritted his teeth. "I went to TS station and found your colleagues, directors, and actors who were still active on the screen more than 20 years ago. They all know you. They said a lot about you and Aubree. These are all witnesses." "They said that the female star you have always admired and pursued has never been Sia, but Aubree."

Sweat flowed down Holden's face as he cursed angrily, "What the hell do they know!"

Not only that, they also said that you created all opportunities to get close to Aubree and serve him. At that time, almost everyone on the stage knew that Aubree and Sia were sworn enemies.

The photos of Aubree at your home are plastered all over the wall. There is not a single photo of Sia. There is not even a single drama that Sia plays in the computer. How can you be a fan of Sia?

Marble's voice was cold, and his eyes darkened. "So before, you said that you loved and hated Sia. This is not true at all."

Holden's lower jaw was tight, and he smiled wickedly. "Even if you find out, so what? I am indeed a fan of Aubree. I like Aubree to be crazy. For

her... I can do anything, including killing a!"

Marble was so angry that his shoulders trembled, and he really wanted to rush up and smash his head that was so rotten!

“But you have to ask me about my relationship with Aubree... Hehe, no, she has nothing to do with me. Everything is just my wishful thinking. I am willing to do anything for her, including death and murder. As for her, she doesn't need to know about this at all.”

After Holden finished speaking, he closed his eyes in relief, looking as if he was unafraid of death.

He dared to spout such arrogant words. He was simply relying on the fact that he was just deliberately harming others. If he was severely

sentenced, it would be an attempted murder. After all, Joseph was fine, and Sia was also fine. Thorp family's people wanted to deal with him, but there was nothing they could do.

Unfortunately, he was unable to complete the task that Aubree had given

him...

It wasn't that Marble didn't know what he was planning, but his chest was burning with rage, and his eyes were red!

After a while, he ordered his subordinates to go out, got up, and turned off the video camera.

“Holden, it's just the two of us now. Let's get straight to the point.”

Marble leisurely paced a few steps in the interrogation room. With his hands in his pockets, he sat down on the table and coldly glared at him. “You are willing to be Aubree's executioner, work for her, and help her kill people. This can't stop you, it is your own choice.”

However, if this matter of you having an extraordinary relationship with Aubree were to be spread to the media, what would they think? If it were to be spread to Sawle family, what would Chairman Jake think of her?

At that time, everyone would think that it was Aubree who sent you to attack Sia, and Jake would also think that there was an unclear relationship between you and Aubree. When that time came, you would have to go into prison to avoid the world. What would your old lover do? Her reputation outside was already bad enough. If news of this got out, she would probably have no face to live anymore, right?

Defeat one has to find his soft pork!

This was what his little sister, Chloe, had once told him.

Holden's entire body was dark red. Her red eyes stared fixedly at Marble, and her handcuffs rattled. "You are a police officer! You revealing the case to the media... is against the rules! I want to report you!"

"To deal with a vicious and vicious criminal like you, you don't have to use any extreme methods. Can you obediently do it?"

I might as well tell you, Holden. This time, the person you provoked is not just me, but the entire Thorp family.

If you dare to touch my auntie Sia, I will peel off this layer of skin. I will

and Aubree go to hell together!

you

“That, that’s the guy. He, he stole it!”

Aubree was so flustered that her eyes flashed and she spoke incoherently, “Back then, when I left the necklace backstage, I couldn’t find it when I came back... It must have been stolen by him!”

“Is that so? He stole it. He didn’t sell it and instead carefully collected it. Until now?” When Chloe heard her full of loopholes, her red lips curved into a smile.

“What does he want to do... How can I know!” Aubree knew that she might not be able to win against Chloe’s sharp tongue, so she simply acted shamelessly to the end.

Chloe did not have a hammer, so what could she do to her?

“To tell you the truth, I sent someone to secretly visit TS and found the person who had been working with Holden in the past. They all said that the two of you were very close at that time. He did not take a single cent from Madam Sawle, but he was willing to be your little follower, protecting you and serving you.

How could such a person, a man who likes you so much to steal your things? Even if he stole it, it was out of his love for you, Madam Sawle, right?

Chloe’s beautiful eyes narrowed slightly, revealing a sneer that made her heart palpitate. “So, he is also willing to do anything for you, including deliberately killing people.”

“Chloe! Shut up!” Aubree’s entire body was soaked in cold sweat, and her voice was broken.

The way everyone looked at her gradually became suspicious and complicated.

Including Jake, who was looking down at her coldly, her eyes were deep and cold.

“Madam Sawle, could it be that you secretly incited Holden to take the

opportunity to attack me, Sia, which led to the last accident?" Chloe suddenly changed the topic.

"I didn't... I didn't! Everything was Holden's own will, it has nothing to do with me!"

Aubree grabbed Jake's suit, her eyes blurred with tears, "Jake, I have no enmity with Sia, why should I do this kind of thing? I am Sawle family's mistress, what is Sia..."

She is only a little lover of Stefan! Why should I go against a concubine. "Aubree! Don't say anymore."
Jake frowned and reminded her in a deep voice.

"Miss Aubree, you can scold me, but you can't insult my family."

Chloe's eyes darkened and she raised her slender jade finger to stab at Aubree's crying and ferocious face. "If you dare to insult my auntie Sia, I will slap you too!"

Everyone: "..."

Anderson family: "..."

Maddox clicked his tongue and shook his head, "This daughter of Stefan, she is so rude. She doesn't look like a girl at all. She is too arrogant, too rude, and too unruly and willful!"

"They all have to spoil her."

Vincent raised his hand and shrugged, "Director Thorp spoiled her. A group of brothers and sisters in the family all spoiled her. Joseph also spoiled her. How can she not be willful?"

It must be known that Joseph had never spoiled any woman in his life. He had made an exception and spoiled Miss Thorp to the point that he had no bottom line. No matter who the other women were, they could

not compare.

Zoey heard the implication, her face was burning, and her heart was bleeding with hatred!

Joseph looked at Chloe. He saw the murderous little shrew. His thin lips. could not help but rise. He could not help but accelerate her heartbeat.

Aubree was suddenly scared stiff and did not dare to move.

She knew Chloe's way of doing things. She was not joking when she said. she wanted to slap someone, but she was really not used to it. "Chloe... All of this is your speculation! You just want to discredit me! You

have no evidence!" Aubree was certain of this. Otherwise, how could she be safe and sound now?

"Yes, I just said it. Why are you so anxious? Do you have a guilty conscience?"

Aubree was choked to the point that her face turned red and he was speechless.

Chloe smiled and put away the platinum necklace. "I want to ask Mr. Birket about the exact relationship between the two of you. There should be results soon. Don't be anxious."

Thinking of Holden, who was already under the control of the police, Aubree was so nervous that his entire body tensed up!

"Alright, I won't disturb you from talking about proper business. I'll take my leave first."

Under everyone's watchful eyes, Chloe walked towards the door alone.

Joseph clenched his fists tightly, his blazing gaze following behind her.

She wanted to follow him a few times, but she forced him to restrain his restless heart.

Seeing that Chloe was about to leave, Madam Anderson suddenly called out to her with a cold face.

“Miss Thorp, the next time you deal with your family affairs, it is best to pick a time and place. At the very least, you should inform Director Sawle and Joseph in advance. That way, everyone would not be so embarrassed.”

“Is it awkward? I don’t think so.”

“Then next time, you should learn to be more thick-skinned. That way,

you won’t feel embarrassed.” Chloe shrugged disapprovingly.

Chapter 317

Madam Anderson choked and coughed. Her heart rate was not at the same time.

Chloe, “Hmph, your mouth is not as good as Aubree’s, yet you dare to challenge me?”

“Chloe! What right do you have to contradict my mother? How can you be so rude! My mother is your elder!” Zoey hugged Mr. Old Anderson and shouted loudly like a dog.

When Joseph heard this, his sword-like eyebrows suddenly tightened, and the disgust in his eyes towards Zoey could not be concealed.

“Is it because the older person is called ‘elder’? Then from the looks of it, I am also your elder, and you are shouting at your elder like this?” Chloe was already a head taller than Zoey, and at this moment, she coldly glared at her, causing her heart to shrink even more.

Zoey's lower lip trembled from the anger, and she did not dare to retort, afraid that Chloe would scold her even more harshly.

Madam Anderson knew that Maddox would not make things difficult for Stefan's daughter because of such a small matter. She could only constantly use her eyes to express her dissatisfaction to Vincent, urging her son to make her an honor.

Vincent's phoenix-like eyes flashed. He coughed and said weakly, "That... Chloe, I..."

Chloe's eyes moved, and her cold gaze fell on his face. The devil king, Young Master Anderson, who was scared black and white, instantly changed his words, "I, I'll send you back. Look, it's so late... It's not safe." "No need, I'm driving."

After saying that, Chloe did not look back. Along with the crisp sound of high heels, he walked out of the villa in a swift and decisive manner.

Vincent scratched his head, feeling embarrassed. "..."

Maddox snorted angrily. He felt that his grandson was as obedient as a quail in front of Thorp family. It was too pathetic!

"Let's go!"

Anderson family's people walked out.

"Ah.. my head... My head is so dizzy..." Aubree leaned against Jake as if

she had no bones, letting out a soft and weak moan.

“Tsk, either pretending to be a white lotus or pretending to be unconscious. In the past, when you were an actor, you had this kind of acting. Why would you have to worry about being suppressed by Miss Sia for so many years?” Aunt Gill glanced at Aubree and muttered with disdain.

Every word was heard by Aubree, and she was so angry that her internal organs seemed to be on fire and her seven apertures were steaming!

Jake’s expression was stiff and pale. After a moment of silence, he whispered to Aunt Gill, “Aunt Gill, help Madam back to her room.”

“I’m sorry, Director Sawle. I’m only responsible for Young Master’s daily life. Moreover, I’m going to put bath water for Young Master now. Please let others serve Madam.”

“I think Madam would not be willing to let me serve you, right? Looking at me, I’m afraid Madam won’t feel comfortable at all.”

Aunt Gill bowed with a straight face and turned to leave. Jake: “...”

Joseph was left hanging there, his expression a little unwilling and angry. More than that, he was dejected like the Gu family, abandoned by the whole world.

“Joseph! What are you still standing there for”

Vincent strode over to the man and shoved him with his big hand. His face was full of anxiety. “Chloe is leaving. You can’t meet her easily. Why don’t you stop her? Explain to her what happened between you and my sister!”

Joseph took a deep breath, and her feet seemed to be full of lead, heavy.

When they went back, Maddox got in one car, and the others got in the other car.

In the car, Madam Anderson was still angry and angry. When she was young, she was protected by her husband, and when she was middle-aged, she was protected by her son. How could she be so weak - tonight?

“Mom, big brother questioned me in public in front of Sawle family and grandpa. He slapped me in the face. In order to prevent me from marrying second brother, he is really despicable and unscrupulous!”

Zoey fell into her mother’s arms and cried, “He only cares about seeking happiness. He doesn’t put me in his eyes at all!” Does he still treat me as a sister now? I am an enemy in his eyes!”

“Zoey, don’t worry. This matter will not be settled like this. Mom will vent your anger!” Madam Anderson comforted her daughter, and a cold light flashed in her eyes.

“What should we do?” “Right now, everything in the family is under Big Brother’s control. He has such a good relationship with Joseph and Chloe... What can you do?”

“If your Big Brother doesn’t let you be with Joseph, he won’t want to be with that retard Sawle family!”
“You have Grandpa backing you up, and Old Master won’t ignore Anderson family’s face. He will definitely do his best to facilitate your marriage with Joseph.”

At the same time, he will never let Annie enter our Anderson family’s door!

“Mom, Big Brother is guarding against us like a wolf! Can’t he see through our thoughts?”

Zoey was so anxious that her eyes turned red. She stretched out her neck and roared, “He protected that little bitch Annie like his heart. How could we have a chance to do it”

“There will always be a chance. Even if he loves the silly girl that Aubree gave birth to, he can’t bring her around 24 hours a day. There will always be a time when he can’t take care of her!” This time, Madam Anderson was really angry.

Usually, she looked aloof from worldly affairs, indifferent to fame and fortune. When she saw that her daughter was bullied or even lost her reputation, she was determined to eradicate all obstacles and hardened her heart to let her daughter marry Joseph as she pleased!

At the same time, she also wanted to find a satisfactory marriage for Vincent and find a good daughter-in-law.

As for that woman, she must not be a lowly girl born by Aubree!

Chloe stepped out quickly, got into the sports car, stepped on the accelerator and drove out of Mazeland Manor.

It was just like there was poison here.

Her sports car had just turned out of the gate when her hand that was holding the steering wheel tightened.

Under the dim street lamp, in the cool and cold wind, Jerome stood there gracefully with her back leaning against the electric blue sports car. He did not know how long he had been standing there and how long he had waited, but there was no trace of impatience in his expression.

Seeing Chloe's car appear, his deep and serene eyes suddenly lit up, and his back left the sports car. His expression was like that of a young and inexperienced teenager, waving fervently at her.

The sports car suddenly stopped in front of the man.

"Why are you here?" Chloe got out of the car in surprise.

"Waiting for you." The corners of Jerome's lips curled up, and the softness in his eyes rippled like ripples.

"Waiting for me? What are you waiting for me for?" She was even more confused.

“I used a bit of my connections to find out that your car was heading towards Sawle family’s direction, so I followed along. I didn’t have any other intentions. I was afraid that you would be bullied, and there wasn’t even a single person by my side who could help me.”

As she spoke, Jerome smiled bitterly. “In the end, I was also stupid. I couldn’t get in, and I couldn’t help you with anything even if I came. However, after seeing you, tonight... I didn’t come in vain.”,

Chloe blinked her beautiful eyes. Hearing this, her mood was a bit complicated.

She had always been doing her own things. She was free and didn’t want to be looked at by others. She had the character of being looked after. Especially when she tried to find ways to investigate her without saying anything. Following her actions, she felt even more uncomfortable.

“I’m fine. It’s just a private matter.”

“Sawle family is not a dragon’s lair or a tiger’s den. After all, I used to live here for three years. I can enter freely.” Chloe forced a smile.

Three years? Is that your three years of marriage that is like a grave? Chloe...

A sour feeling welled up in Jerome’s chest. Just as he was about to speak, his face suddenly darkened.

At this moment, Joseph was standing not far away. His handsome face

was cold and depressed, and the ends of his eyebrows were gloomy, as if

he was about to merge with the cold lonely night.

He was as silent as a cold and pale sculpture, staring at Chloe without blinking, but Chloe was completely unaware.

“Jerome, I...”

Just as Chloe’s cherry lips opened, she suddenly felt a flash before her eyes, and her delicate and thin body was instantly bound into a strong and powerful embrace.

Before she could react, she was pulled into Jerome’s arms, tightly pressed against his undulating chest. She could even feel his disordered and hot breath. He gently wrapped around her slender waist and slowly tightened his arms.

“Jerome! What, what are you doing?” Chloe was a little flustered, and her hands instinctively pushed his shoulders.

But this kind of struggle, in Joseph’s eyes, became ambiguous and welcomed!

Jerome did not answer her and only used more strength to deepen the hug.

He raised his eyes again and looked at Joseph. When his eyes met with his burning and resentful gaze, his eyes revealed undisguised mockery and ridicule.

No matter how Chloe struggled, he just would not let go.

Joseph’s heart was like ten thousand knives slicing through the air. All the nerves in his body trembled, and the uncontrollably trembling feeling spread throughout his limbs and bones.

Looking at Chloe and Jerome hugging each other, this feeling was even worse than killing him. It was ten thousand times more painful than him. being stabbed in the battlefield.

Joseph’s handsome face lost all color. He turned around, and as if he had drunk too much strong liquor, he stumbled back.

At this moment, Jerome's arms relaxed, and Chloe took the opportunity to break free. He took a step back warily, his eyes red with anger.

"Fourth Young Master Xavier, don't be like this. I'll remind you one last time. Otherwise, we won't even be friends!"

"I'm sorry... I'm sorry, Chloe."

Jerome immediately put on an innocent and guilty expression. His hands were hanging in the air, looking extremely embarrassed. "I know that you only treat me as a friend. I also tried my best to tell myself to be careful..."

"But I... I lost control for a moment and..."

"No, I really won't do it next time. Chloe, please forgive me this time, okay? I am also worried and confused."

"I really hate other men besides my brother touching me. I hope you can remember this." Chloe rubbed his forehead in frustration and sighed.

Jerome gritted his teeth, dropped his hands awkwardly, and clenched his fists angrily.

"You really can't accept other men?"

"That Joseph is nothing. Even that secretary Jordan, you can accept him getting close to you... You just can't accept me, right? Chloe."

"Thank you for your concern for me. It's getting late. I have to go back." Chloe suddenly felt a familiar and frightening aura. She slowly looked back.

The next second, her heart felt empty.

Behind her, there was no one.

Joseph dragged his legs, which were as heavy as a shot put ball, back to the villa.

“Joseph!”

Vincent had a brother in his heart, so he did not leave with Anderson family’s people. Seeing him come back alone in a daze, he hurriedly greeted him.

However, it was as if Joseph did not see him at all. He just walked forward blankly.

“Joseph! Joseph!”

“Where’s Chloe? How did you talk? Did she forgive you?” Vincent asked anxiously.

“Why should I get her forgiveness? I wasn’t wrong. Why should she forgive me?”

“Vincent, I’m tired. If I can’t keep her, I can’t catch her no matter how much I chase her.” Joseph’s eyes were red and full of exhaustion.

Then let her be.

Chapter 318

Chloe couldn’t calm down as she sped all the way back to Medo’s villa.

She had originally been rushing to deal with Aubree, but on the way back, her mind was filled with images of Joseph pressing against the wall.

The man's fiery and intense gaze stared at her. His reflection in his peach blossom eyes was dark and sad. His anger was filled with helplessness and embarrassment. No matter what, she couldn't get rid of it. Her fingers that were holding the steering wheel were white and red. It was so numb that it felt like there was an electric current running through them.

That gaze was clearly very emotional.

However, what could this mean?

Even if his gaze turned into an awl and pierced her, it could not hide the fact that his dog could not change the fact that he ate shit and secretly slept with Zoey! Chloe got out of the car with a dull expression, only to see that Oscar, Marble and Jordan were already waiting for her at the entrance of the villa.

"Chloe!"

"Big brother, seventh brother, Jordan, why are you all here?" Chloe asked in surprise.

"I heard from Old Seven that you went to Sawle family alone. You didn't even bring Jordan with you. Why did you have such a good idea? Girl? Going to the meeting alone?"

Oscar sighed worriedly and stepped forward to put his arm around her shoulder. "But later I heard that Joseph was also at home tonight. I was relieved. With him here, you should not be at a disadvantage."

"Why am I not at a disadvantage when he is here?" Chloe frowned and pursed her lips unhappily.

"He has you in his heart and will definitely protect you."

"Hehe, this joke is not funny at all. Big brother."

Chloe's heart trembled, and his tone became more resistant. "I was his wife for three years. In the past three years, because of him, I suffered a lot in Sawle family, and I suffered a lot. He didn't say a word for me. Now we are not even strangers. Why does he need to stand up for me?"

"That's right, big brother."

Marble walked over with his hands in his pockets and sneered, "Joseph is a fucking heartless man. Even if he didn't like Chloe at first, he was the one who married her. Chloe was his wife, so he should be responsible for protecting her.

"But look at what he has done! As the saying goes, dogs can't change eating shit.

Look, he just started to pursue Chloe for a long time, and then he started to eat shit again!"

"Seventh Young Master, what sh*t is that?" At this time, Jordan was very nervous and asked.

"That unlucky sister of Vincent, Zoey! That is really annoying!" Marble's mouth inherited the poisonous tongue of Riley and Sami, and even surpassed the blue.

Oscar: "..."

Jordan coughed lightly and did not comment.

"En, Seventh Brother, you really know how to speak. Say a few more words." Chloe nodded repeatedly in agreement.

Oscar: "..."

All of a sudden, Oscar fixed his gaze on a spot not far behind Chloe. "Fourth Young Master Xavier?"

Chloe was stunned for a moment before turning around in shock.

In the darkness of the night, Jerome's sports car was parked not too far away. The lights were off, and it was so quiet that it did not seem to exist.

He did not get out of the car, but sat in the driver's seat. His body leaned forward, his arms crossed on the steering wheel, and he was staring at her intently.

Chloe bit her red lips and looked at him.

She did not greet him, nor did she walk towards him.

With the light, she clearly saw Jerome slowly lower his body, burying half of his delicate face in his arms, revealing only a pair of beautiful but lonely eyes.

That pitiful and lonely look in his eyes was like a wounded puppy, just like how she saw him being forced to stand in the storm by Director Xavier fifteen years ago. It was exactly the same.

"Damn, when did he follow us? There was no movement at all... like a ghost?" Marble couldn't help but shrug his shoulders and feel a chill down his spine.

"Did he follow you to Sawle family?" Oscar looked in the direction of Jerome and looked meaningfully at Chloe, who had a complicated expression on his face, "Did he follow you to Sawle family?"

"Yes."

At this moment, the sports car started up again. Li De turned around and drove in the opposite direction. Soon, he was immersed in the night.

"Huh? He left just like that?"

Marble frowned with a surprised look. "Chloe, what kind of monsters are these people chasing you? They are either big shots of the century or stalker maniacs. How can you not worry about your personal safety when you are alone in Jianghu?"

"Let's talk about the main issue."

"Seventh Brother, how is your investigation on Holden? Is he still unwilling to speak?" Chloe asked with a deep frown.

"I'm afraid it will take some time. That bastard is more loyal than we imagined. He is really loyal to Aubree. Those who don't know will think that they are a couple!" Marble sighed in frustration.

"Actually, I thought of it. He can kill people for Aubree. He naturally won't let go easily."

Chloe crossed his arms and crossed his chest. His eyes were dark and his face was cold. "So this time, I asked you to interrogate him according to what I said. It was to destroy that man's willpower. When his mental defense line was weak, I would give him a fatal blow to make his feelings for Aubree, which were like a fortress, completely collapse."

"Chloe, what else do you want to do? We will cooperate with you!" Marble was already rubbing his fists, swearing to make this black-hearted couple pay the price.

"It is far from enough for Holden to turn into a tainted witness to identify Aubree's crimes."

"The dignity that Sia once lost because of her, because of the hurt she suffered, I will make her pay back hundreds of times over!" Chloe clenched her fists fiercely.

"Chloe, Old Seven, I think that we should continue to dig deeper about the relationship between Holden and Aubree."

Oscar's face was as heavy as water, and her eyes were fluctuating with a cold and rational luster. "Aubree let Holden attack Sia, it should be a temporary idea." Aubree just called, and the man could work for her without any hesitation, which means that they should have been in contact all these years.

“Maybe there are many shady businesses that outsiders don’t know. It is all the man who did it for her.”

“That’s right. Maybe both of them will have a nest of children. The green hat on Jake’s head is about to pierce the roof!” Marble sneered coldly from the side. When Chloe heard this, he only thought it was a joke, but he inadvertently took it to heart.

If it was really like this, then it would save a lot of trouble. This was gossip who shocked the heavens, enough to beat Aubree until she could not turn over in her entire life!

However, Aubree thought so highly of herself, so if she took a fancy to her title as Madam Director Sawle, would she give herself to a lowly and down actor? “Humph, if there is really an affair between them, I hope that the illegitimate daughter is Skyler. In this way, this pair of sinister and vicious mother and daughter can pack up and get out of Sawle family. Then, I can vent my anger on

First Miss!” Jordan gritted his teeth and said hatefully.

Chloe pondered for a moment and asked softly, “Eldest Brother, has Fourth Brother contacted you these two days? When will Jadiel come to Medo?”

“Your fourth brother called me. He said that he is still dealing with Young Master King family. He will bring him to you as soon as possible.”

Oscar’s long eyelashes fluttered. His big hand gently patted her shoulder. “Don’t worry, there is still your big brother here. What you want, big brother will give it to you. What you want to do, big brother will go through fire and water to help you achieve.”

“There is still me and me! Seventh brother will help you!” Marble’s eyes were bright and he quickly raised his hand.

“And me, big sister.” Jordan smiled at her as warmly as ever.

Chloe was moved. He leaned on his big brother's shoulder softly, and the tiredness in his body instantly eased a lot.

After a whole night, Vincent returned to his and Annie's love nest with a worried face.

Before he reached home, the sky was already snowing. When the luxury car arrived in front of the villa, Yoona was already standing in front of the door with a big black umbrella. He had been waiting for him for a long time.

"Mr. Anderson, you are back."

Seeing Vincent get off the car, Yoona bowed quickly and covered his head with the black umbrella, while his whole body was exposed.

"Where is Annie? Is she asleep?" Vincent asked eagerly.

"Miss Sawle has been waiting for you to come home. I tried to persuade her several times but she refused to sleep."

"Don't blame her. She just can't rest assured." Yoona smiled helplessly and happily. Vincent's Adam's apple rolled, and a warm feeling welled up in his heart. He strode into the villa.

He was afraid to pass the cold air on his body to Annie, so he changed into the pajamas that Yoona had prepared for him downstairs. He crept upstairs, wanting to give his little wife a surprise.

Vincent gently pushed open the door. The lights on the bedside in the bedroom were on, and there was a half-read "Nightingale and Rose" on the quilt. However, the little girl was soft and gentle, and the lively little figure disappeared.

He was slightly flustered. Just as he was about to call out Annie's name, he vaguely heard the rustling sound of the bathroom.

Without any explanation, he quickly walked to the door of the bathroom.

Inside, it suddenly quieted down, and no sound could be heard.

“Annie”

Ever since Vincent fell in love with Annie, she was really afraid that she would melt in her mouth and hold it in her hands, afraid to fall off. The wind was jittery, and the earth was all around her.

Seeing that there was no movement in the bathroom, he was afraid that

something had gone wrong with her. He suddenly lifted his long legs and kicked the door open. The door plank almost flew out!

“Ah!”

Annie, who was standing in front of the mirror, screamed in panic. He held his head with both hands and suddenly turned around to face the man.

Vincent was stunned. His Adam’s apple trembled, and there were traces of heavy throat sounds.

His trembling and burning eyes slowly fell down, brushing past her delicate face, and finally fell on her moist, smooth, white chest...

Heh.

It doesn’t look big, but I didn’t expect it to be so round and full.

The man’s mind was blank. His phoenix eyes were red with desire. He couldn’t help but clench his ten fingers, as if... he was fantasizing, longing, holding something.

“Ah!”

When Annie saw Vincent’s face clearly, he screamed again. He closed his eyes and covered his chest with his thin arms. He turned around in a panic.

However, what was the use of it?

Without a wisp of it, facing her calmly, the exquisite and fair back of her was reflected in the eyes of the man, and it also caused his blood to surge and he was unable to control his feelings.

“Annie... You, I... We...” Vincent was incoherent, panting heavily, his eyes red as he stared at her.

“I, I... I just took a shower. I... I didn’t know you would come back at this time...” Annie turned her back to him, her white and tender body trembling, seductive and pitiful.

The bathroom was filled with water vapor and white mist, like the ambiguous atmosphere between the two.

Vincent couldn’t help but sweat. He couldn’t control himself and walked towards her...

Chapter 319

When Annie heard heavy footsteps, she did not dare to turn back. She only hugged her soft and smooth shoulders and trembled.

She was like a little white rabbit who had been overly frightened.

It made Vincent’s tall and mighty figure look like a big bad wolf that was stirring and hiding its lust.

“Annie...” The man’s Adam’s apple rolled very hard, and his eyes were completely red.

He slowly raised his trembling hand and wanted to touch the girl’s silky skin. At this moment, Annie suddenly said weakly in a low voice, “I, I have taken a bath and wanted to apply some body milk. I have applied it all over my body, but I can’t do it behind my back...”

Otherwise, I would have washed up long ago. I would lie down and wait for you to come back.

Vincent quietly listened to her. Her cheeks were hot, and even her fingertips were numb. All the senses she had were about to close.

He had seen too many women.

In front of him, there was no one who was naked, and there were all kinds of women who threw themselves into his arms.

However, there was not a single person who could make his heart beat wildly and he was at a loss for what to do.

“Brother, Brother Vincent... are you helping me apply it? Is it okay?” Annie’s thin shoulders shivered as he asked softly.

“Annie... can I?”

Can I?

The man’s breathing was heavy and contained a strong desire.

Annie bit her lips and slowly put down her arms that were protecting her. She nodded.

Vincent's heart pounded against her ribs with all her might. She steadied her mind and picked up the body milk that was placed beside her. She squeezed the white milk into her warm and wet palm. Her big hand that was covered with blue veins carefully covered the girl's white jade-like skin.

I won't do anything, I won't do anything...

Vincent, it's time to test whether you are a beast or not!

His fingertips trembled as he repeatedly chanted a spell to restrain his heart. demon, suppressing the desire to boil his blood.

However, the moment he touched Annie, all the restraint and abstinence he had

turned into uncontrollable emotion, making him unable to resist. He opened his red phoenix eyes and suddenly pulled Annie's soft and sticky white body from behind him into his embrace.

"Brother Vincent..." Annie cried out in a low voice, her cheeks flushed red, as if she was drunk.

"Don't call me by my name." The man's voice was so hoarse that it made one's heart palpitate.

"Brother Vincent, I..."

"Call me by my name again. I really don't know what I will do. Annie."

"Vincent..."

In the next second, Annie suddenly felt her eyes shake violently, and her body soared into the air.

Vincent grabbed her small waist and picked her up to put her on the shiny pool stage. There was a bath towel on it, and the girl's little butt just happened to be sitting on the bath towel.

Looking at each other, Annie was so embarrassed that her face was like a peach blossom, her pink lips trembling slightly, enchanting the mind.

The man's rough palm pinched the white flesh of her waist until it was red, and this red was still constantly rendering, and her trembling body was almost dyed with the desire to seduce people.

"Oh..."

Annie was unable to balance for a moment, so nervous that her hands grabbed Vincent's strong waist, and her lotus-like arms wrapped around the back of the man's neck...

Bang –

The string in Vincent's mind snapped in an instant, and his body went blank as he leaned forward and kissed her slightly trembling lips.

He had been abstaining from lust for too long, and he suddenly opened the ring. His kiss was fierce and ruthless, almost biting and biting.

Annie's whole body was wrapped in the hot hormones of a man, and his lips and tongue were kissed and painful by him, but there was a hint of stimulation in the pain, making her whole body feel numb and almost melt under him.

"Annie... If you are willing to accept me, then you can bite me."

Vincent left this scene of lingering dreams. Her eyes were red and her hot breath sprayed on Annie's pretty nose.

The bathroom was filled with mist. At this moment, the man was drenched in sweat. It was clearly just a kiss, but it felt like he had just finished an intense love affair with her.

“If you don’t want to, I will never...”

Before Vincent could finish his words, Annie bit his lips and kissed him softly and clumsily.

His mind suddenly turned bright and colorful, and fireworks filled the air.

She did not say a word, but he heard her answer from the tips of her red ears, the rolling love in Xiaolu’s eyes and the gradually rapid breathing,

I am willing.

That night, he hugged her and made love with her. From the bathroom to the living room to the bed, and finally back to the bathroom, he couldn’t help but do it again.

The girl’s delicate skin that could be broken with a blow, and the skin that had not been cultivated made him want to die.

He had never been so satisfied, whether it was his body or his heart.

Her small and slender waist was so sore and painful that she couldn’t stand up. Annie gasped for breath and lay on his chest, begging for mercy. She fell into a dream.

Vincent was like a lion that had been fed. He narrowed his eyes lazily, his eyes filled with love and affection as he gazed at the lover in his arms.

His right arm persuaded her to stay in his arms. His palm patted her patiently and coaxed her to fall asleep.

His other hand carefully lifted the quilt.

On the white but messy bed sheet, a red flower bloomed beautifully.

Vincent couldn't help but raise the corners of his lips. His eyes were filled with emotions, and he couldn't help but kiss her heavily once more.

"Oh... itchy..." Annie slept soundly. Even though he teased her like this, he still didn't wake her up.

"Annie, you really belong to me now."

Vincent rested his chin on her hair and stroked her smooth and tender arm with his finger. He swore by her ear word by word, "Don't worry, you won't have that kind of bitter days in the future."

I will love you for the rest of my life, Mrs. Anderson.

Joseph's slap, as expected, pierced through Aubree's eardrums, and even loosened one of her big teeth.

How much hatred did he have for him to be so ruthless!

Skyler hurriedly accompanied Aubree to the hospital for treatment. Aubree covered his ears and cursed all the way, scolding Chloe and Joseph's eighteen generations of ancestors. The more he scolded, the angrier he became, and the

angrier his ears and face hurt.

The driver was stunned and looked at the rearview mirror frequently.

Who would dare to believe that the usually noble and elegant wife of the chairman was now spitting out the fragrance of her mouth, her character collapsing like a shrew?

“What are you looking at?”

Skyler noticed that the driver was peeping and immediately said sternly, “I warn you, drive my mommy and keep your mouth shut for me to see! If word gets out of the car, I want your family to never live in Medo again!”

“Yes, yes, Third Miss!” The driver trembled in fear and did not dare to look

anymore.

“You damn girl, I really doted on you for nothing! You good-for-nothing, ungrateful wretch!”

Aubree had nowhere to vent his anger. He could only vent his anger on Skyler. His finger fiercely hit her head, causing her to tilt her body. “Are you just going to watch your mother get beaten like this? Are you going to watch that damned girl Chloe bully your mother like this? Not even a fart!”

“I, I have always been no match for Chloe. If I rashly appear, I am afraid that I will make a mistake!”

Skyler clenched her fists tightly and said angrily, “You only scolded me. Why didn’t you scold Annie? You have been bullied to such an extent. She didn’t even show her face. She only knows how to play with men outside!”

I really don’t know what Young Master Anderson likes about her. She is blind!

Bah! You still have the face to compare with your sister? Even if she doesn’t show up, so what? If she doesn’t show up, she will quietly take down Vincent!

“If I can be Vincent’s mother-in-law, I will be putting gold on my face. It is a hundred times better than you showing these useless solicitude in front of me!” Aubree did not hide his contempt for Skyler.

In the past, she didn’t believe in evil.

Now, she had to admit that Skyler, who was not a good gene, was destined to be a crooked seedling no matter how she was nurtured in her mother's womb. She couldn't even get rid of the lowliness in her bones.

In fact, she couldn't even compare to the flawed daughter that she and Jake had given birth to!

If she had known that this would happen, she would have done her best to nurture Annie back then. It had really wasted her efforts!

When they arrived at the hospital, Aubree was treated and checked into the VIP ward.

She was lying on the bed, her cheeks were still high, and her ears were in so much

pain that she couldn't sleep. She tossed and turned, angry and afraid.

She was afraid that her relationship with Holden would be discovered by Chloe, and she was afraid that Holden would tell her.

She was even more afraid...

Skyler's biological father was not Jake, but the scandal of Holden would be exposed.

At that time, the two of them would really be finished, and they would have no way out!

Aubree stayed in the hospital for three days, and Skyler accompanied her in bed for three days, bored.

On the third day, the redness on her cheeks disappeared, but Jake never showed

During this period, Skyler called him more than once and asked him when he would come to visit his mother. He hung up indifferently and perfunctorily.

Originally, she thought that Aubree would cry when he heard the news. After all, which woman did not want to be loved by her husband? Being ignored by her husband in the hospital, it was estimated that even a woman would go crazy. But unexpectedly, Aubree's performance was quite gloomy and calm. He did not cry or make a fuss. He ate normally and recovered normally. It was a bit abnormal.

This scene really confused Skyler.

In her impression, Aubree could not live without Jake.

But at this moment, when Skyler looked at her cold and indifferent face, he felt that she had never loved her father, and was stranger than strangers.

"Mommy, Dad didn't come to see you at all. He didn't care about you at all. Why do you look not anxious at all?" Skyler could not help asking.

"Hmph. Your father is the same as Joseph. You stick to him and force him too hard. They don't take you seriously. If you are cold and indifferent, they will come close to you."

Men are all f*cking cheap bones!

Aubree laughed and scolded, but her heart was in a mess.

For the past three days, she did not contact Jake, not because of anything else, but because she did not dare to.

She had already reached the standard of being discharged, but she did not dare to go back. She could only stay in the hospital and hide from him in the name of recuperating.

After being disturbed by Chloe that night, she clearly felt that there was something wrong with Jake looking at her at Shen'd u.

It just so happened that during this period of time, she thought about how she should explain to her man and how to recover her impression points.

At this moment, ward opened the door.

“You guys wait outside. I’ll go in and see Madam.”

“Yes, Director Sawle.”

Hearing Jake’s voice, Aubree and her mother both froze.

Aubree hurriedly took out the powder box from under the pillow and frantically wiped her lips with the powder to make herself look more haggard.

As soon as Jake came in, she leaned weakly against the headboard and looked at Skyler with tears in her eyes.

“Skyler, Mom is so thirsty... Can you pour Mom some water to drink?”

These tears came easily, which made Skyler suddenly think of scheming bitch and Grace, who had died somewhere.

“Dad! You are finally here!” Skyler quickly pretended to be surprised and covered her mouth.

Jake stared at the haggard Aubree on the bed. Her dark eyes could not see through her emotions, and her scalp was numb.

“Skyler, you have been taking care of your mother for the past few days. I called the servants at home to serve you. You should go back to rest first.”

“Okay... then Dad, Mom, I will go back first.”

Skyler gave Aubree a meaningful look, walked out with small steps, and closed the door.

“Third Miss, let me send you back.” The bodyguard at the door said respectfully.

“No need, give me the car keys. I want to go out for a ride.”

Skyler gloomily walked to the underground parking lot to get the car.

After staying in the hospital for three days, she felt that her entire body was filled with the unpleasant smell of disinfectant. She was going to buy a set of beautiful clothes and then bathe her whole body as a high-grade spa, so that she could enjoy herself...

Just as she was about to walk to the front of the car, she suddenly felt a sharp pain in her neck!

“Ah!”

Skyler’s eyes darkened and she lost consciousness.

The moment she fell, what appeared behind her was Yoona’s cold and beautiful face.

“Drag her away.”

“Yes, Miss Yoona.”

Two men in black appeared and dragged Skyler away like a sack.

Chapter 320

The atmosphere in ward was very depressing.

In the past, Aubree was Jake's favorite. She could protect him. This man might not be able to be filial to Rory every day. However, she had a minor illness. Jake would definitely be very concerned about her. No matter how busy he was, he had to find time to visit her every day.

In a flash, she disappeared for three days. In the past, it was impossible.

"Jake..."

Aubree leaned weakly against the head of the bed, her lips trembling as she wiped away her pink lips. Her eyes were filled with tears as she stared at Jake. "Have you been very busy lately? I can't get rid of the company's affairs. I understand..."

I'm fine. It's just that my eardrums have been pierced. It's fine... I've already had an operation...

"Aubree, I came because I have something to ask you." Before she could finish speaking, Jake interrupted her and said in a low voice, "Aubree, I came because I have something to ask you."

That day, was what Chloe said true?

Aubree was stunned. Her pupils trembled. "Jake, you still suspect me even now? I am your wife. How do you know how I usually treat you? I gave birth to two daughters for you. When I gave birth to Annie, I almost died. I have done so much for you... How can I have a second heart and be unclear with a murderer?"

"Jake! Don't you love me anymore? Don't love a person... Looking at her makes me suspicious. It's wrong to look at her!"

As angry as he spoke, his heart beat like a drum.

All the angry questions were to cover up the panic in his heart.

“I’m not talking about the man named Holden. I will investigate what happened between the two of you.”

“I’m talking about Sia. Did you control Sia from behind when she was attacked?” Jake’s eyes were calm.

“No! No! It wasn’t me!”

“Why did I harm her? What can I get by harming her? Why should I take this risk?” Aubree explained hoarsely.

Jake just looked at her and clenched the phone in his hand that had been warmed up by him.

In the past three days, he had actually sent a secretary to secretly investigate the relationship between Aubree and Holden. Although it was not like what Chloe

said, the two of them used to secretly communicate. Aubree even gave his

necklace to the man as a token of love. However, a part of it was true, and that was that Aubree knew Holden. The two of them had crossed paths more than once in TS’s era.

There was also one more thing. Although he did not find the call record with Holden in Aubree’s mobile phone call record, he was careful and sent someone to bring out all of Skyler’s communication records.

Inside, a number that was not matched with her daughter’s social network appeared.

After investigation, the number was not registered with a real name, but the location could be found that it was in the same direction as Holden’s rented apartment. Jake’s heart sank.

His daughter was a golden branch and a jade leaf. Since she was young, she had known the descendants of high society nobles. She had never been to a slum like that, let alone the people she knew.

Therefore, there was only one possibility to use Skyler to contact the other side. "Aubree, do you know what I liked most about you?" Jake took a deep breath and suddenly asked.

Aubree was stunned again. She tried hard to recall for a while.

She felt that the reason why Jake had taken a fancy to her back then must be because of her charming body, young and beautiful. All men in the world were the same, and love was no match for chest.

However, she ignored one thing.

As the heir of Sawle Group, a proud son of heaven born with a golden spoon in his mouth, how many young ladies and celebrities had tried to be his woman, but none of them had succeeded.

Back then, Aubree was just an unknown little actress. She was beautiful and

couldn't compare to Sia. When it came to family background, she was even more unrepresentable.

Why was it that TS had so many female celebrities on her stage that Jake had taken a fancy to her?

"Because back then, your eyes were very clear and innocent. I really like how you look when you don't have a heart or a brain. You made me want to protect you and protect you. On you, I can find the pride and satisfaction that a man wants."

Aubree was stunned.

Innocent? Innocent?

Did these words really come to describe her? No matter how she listened, she felt that they were talking about Joseph's mother, Quinn.

The more she listened, the more ear-piercing she felt.

"But now it seems that you don't need my protection. Even without me, you will

find ways to get what you want and do your best to take revenge on the people you hate."

It's just that this is the last time. I hope that you will behave yourself in the future. Don't provoke innocent people again. Don't give me any more trouble or trouble for Sawle family.

Otherwise, I can only send you abroad to stay away from Medo's disputes and disputes.

Hearing that Jake was going to send him away, Aubree was shocked and angry, and his whole body was scared!

"Jake... What do you mean? You don't want me anymore? You want me to become an abandoned woman? Just because of Chloe's words of slander."

Or... do you have some dirty thoughts about Stefan's woman? That's why you took your anger out on me and tried to get rid of me so that you could welcome the newcomer in

"What nonsense are you talking about!" Jake furrowed his brows in anger, his voice hoarse.

"Heh... I got it right. Are you guilty?"

Aubree's back stiffened and her neck exploded. She stared at the man with red eyes. "When Sia was still at TS's stage, the station told me that your relationship with her was unclear! It also said that you secretly fed her a lot of resources, and you still wanted to keep her!"

Jake's pupils shrank and he clenched his fists in silence.

"She, Sia, is your dream lover. I am just your second best, right?"

These words had been held in Aubree's heart for too many years. It was like a thorn in her heart. Now that it was uprooted, she was angry and happy. If Sia had not been ruined by taking drugs, Sawle family's wife might have been her. How could it be my turn?

"Have you said enough?" The man asked coldly, blue veins bulging on his forehead.

"Hmph, since you like Sia so much and are so willing to protect her, you were also sitting below the stage when Tai Qing lost control and her dignity was swept away. Why didn't you rush up to protect her like Stefan? Why didn't you marry her?"

"Because you don't dare. You are afraid that you will be dragged down by such an unbearable woman and ruin your reputation as President Sawle Group!" "Since you didn't care about it back then, what is the point of pretending to be affectionate and righteous now? To make up for the regret of that year?"

Jake roared, "Aubree! Shut up!"-

Aubree grinned and sneered. Her eyes were filled with disdain. "Your son loves his daughter. And you, you're always thinking about his woman. Thorp family is really a lump of shit that smells good."

Jake flew into a rage out of humiliation. He could not control himself and raised his hand to slap her!

Aubree felt that her eardrums were about to crack again. Tears of pain gushed out, and his red eyes were about to crack!

Jake was stunned, and his numb fingers trembled as he tightened his grip.

This was the first time he had ever done anything to a woman. The education he received told him that he should not do this, but Aubree's actions forced him to do it!

“You... actually hit me... actually...”

“What’s the point of me living?” Aubree suddenly jumped up from the bed and ran barefoot to the balcony. “I’m dead!”

“Someone come!” Jake’s eyes widened.

The secretary and bodyguards who were guarding the door all rushed in. When they saw that the lady was about to jump off the building, they immediately ran up and grabbed her. They held her up from the left and right as if they were catching a criminal.

Aubree cried so much that her soul was about to break. Tears flowed down her face, and she had no bearing to speak of.

“Let two maids come in and take turns to look after the lady. You two, too, guard the door twenty-four hours a day. If anything happens to the lady, I will ask you.” Jake ordered with a gloomy expression.

“Yes! Director Sawle!”

After giving the order, Jake shook his head bitterly, turned around, and left ward with heavy steps.

He didn’t even look at Aubree again.

Aubree’s mouth was half open, her legs were trembling, and her body was falling bit by bit. Finally, she fell to the ground.

It was useless to cry or make a fuss. Now that she was going to die in front of him, this man actually refused to stay by her side to accompany her and refused to look at her again.

Jake, you actually don’t love me anymore, right? Or rather, I am just a substitute for some people. You have never really loved me.

“Ha... haha... hahahaha!”

Aubree inexplicably laughed, scaring the bodyguard to the point that her face turned white. “Madam, are, are you alright?”

“Okay... We finally have the same thought.”

You have never loved me.

I have never loved you either!

But Jake, no matter what, I won and earned, because the woman you love the most in your life was personally killed by me!

“Oh... It hurts... It hurts so much...”

When Skyler woke up in a daze, he found himself in a damp and dirty ring.

She narrowed her eyes and took a closer look. It turned out to be an abandoned warehouse. The musty smell was pungent, and there were two mice running through the base of the wall.

“Ah!” She scrambled back in horror, picked up a dirty piece, and turned to throw it at the mouse.

The mouse ran away, and the sound was even more rampant, as if it was laughing at her openly.

“Is, is there anyone? Is there anyone? Someone come quickly! Help!”

Just as Skyler was screaming in horror, the door of the warehouse slowly opened. After a blinding light, a beautiful figure wearing black tights walked in. Her charming figure was so alluring that it made a man's blood boil.

"It's, it's you... You're the woman who's with Young Master Anderson!" Skyler immediately recognized her.

"Good evening, Miss Skyler. You've really been unconscious for a long time, making me wait for a while." Yoona narrowed her charming and slender eyes, tugging at the black leather gloves on her hands, looking at her with a forced smile.

"Did you tie me up here? How dare you kidnap the daughter of Sawle Group Are you tired of living"

Skyler gnashed her teeth in anger, but she pretended to be fierce and weak. "What the hell is this place? Let me out of here! Otherwise, I will make you suffer! Offending our Sawle family... Even Vincent can't protect you!"

Yoona smiled even more happily and tilted her head to watch her go crazy.

Seeing that she could not communicate with her, Skyler got up from the ground, gritted her teeth and rushed out of the door, shouting as she ran,

"Someone come! Help! Ah!"

Suddenly, she felt a sharp pain in her lower abdomen.

Yoona actually raised her slim and beautiful leg and quickly kicked her!

Immediately, Skyler flew several meters away like a ball and heavily fell to the ground. The pain made her scream, and all the bones in her body were drilling into her heart!
