

Billion Rich 322

Chapter 322

Late at night.

Chloe took a comfortable hot bath and changed into a peach pink nightgown. She wrapped her black hair with a towel and walked down the stairs while humming a tune.

Although everything that had happened recently had been troublesome and there was nothing to be happy about, she knew that luck and misfortune depended on it. People could not always be unlucky.

Moreover, she was the big miss of Thorp family. There was nothing that the big miss could do. If she wanted to be the president, she had to think of ways to be the president.

Except for.

That man.

Chloe felt depressed when she thought of this.

She thought that the current Joseph had really fallen in love with her. In the depths of her heart, she couldn't help but approach and accept him.

However, reality gave her a crisp slap in the face.

A man was either a pig trotter or a pile of dog shit.

Joseph, on the other hand, was a pig trotter that could not change its habit of eating shit!

The more Chloe thought about it, the angrier she became, and the corners of her lips gradually collapsed.

“Young miss, I just made a hot pot to calm my face. Would you like to drink a little? I won’t get fat.”

Jordan was wearing an apron outside his suit. He stood in the living room and looked at Chloe with a smile.

Chloe saw that he was so busy that a layer of sweat appeared on his forehead. She didn’t know why, but she felt very apologetic in her heart. She said lightly, “Jordan, you are my secretary, not my nanny. You don’t have to do such things in the future.”

I will ask Helena to send a/servant from Sea Gate’s house to cook for me. You have worked hard for a day, and I appreciate your kindness.

with

“Young Mistress, President Thorp assigned me to you not only to help you your work, but also to take care of your clothes and food. This is my job. It has always been like this.” Jordan was a little anxious. He was afraid that over time, the Young Mistress would not want him as a secretary.

“I told you last time that you should put your mind on someone worthy, such as

Kiran.” Chloe shook his head.

Jordan clenched his fingers and his heart tightened.

“You are already busy working for me. Don’t be distracted by these unimportant things. You only need to be good to Kiran. You will neglect my sister if you are like this.” Chloe persuaded kindly. For her sister’s happiness, she was really worried.

“Eldest sister, Ninth Miss and I, we are not...”

“Jordan, is there any news from the hospital?” Chloe was not willing to listen to his explanation. She was not in the mood to make love.

She just wanted to do something to Aubree and kill her.

Jordan was stunned and pursed her lips. “We arranged to monitor Aubree in the hospital and sent news. As you expected, Aubree and Jake had a big fight. After that, Jake did not stay in the hospital to accompany Aubree. He has not appeared in the hospital for two days.”

“Congratulations, Miss. It seems that you have successfully driven a wedge between them.”

“Once the seed of suspicion is planted, Aubree will no longer be a clean person in Jake’s eyes. In the future, Aubree, that poisonous woman, will only suffer day by day in Sawle family’s life.”

Chloe sneered, and her eyes were cold. “Only by making them leave their hearts and constantly pressure Aubree will that vicious woman reveal her true face.”

If she wanted to kill her, she must make her crazy. This sentence was reasonable no matter what time it was put.

“Also, I followed your instructions and investigated the trajectory of Aubree’s previous daily life. She goes to the medical school every week and has a deep relationship with the private plastic surgeon for her purpose. The doctor is a rather handsome man, only in his early forties.”

Jordan’s words were somewhat intriguing,

“Oh, I understand.”

Chloe crossed her slender arms over her chest and clicked her tongue, “He’s already forty years old. In all aspects, he’s definitely not as good as a young man. Aubree is at the time when she’s like a wolf or a tiger. How can such a person satisfy her appetite?”

“I feel that it’s been hard on that male doctor,” Jordan said with a forced smile.

“One is for wealth, the other is for beauty. No one has lost anything.”

At this moment, the doorbell rang.

“It’s so late. Why would someone come?” Jordan was confused.

“Jordan, go open the door. It’s my guest.” Chloe ordered calmly.

“Guest?” The young lady didn’t tell him that there was a guest coming tonight. Jordan didn’t have time to think too much and walked to the entrance. Outside the door stood a girl with delicate features. She was in her twenties, dressed in plain sportswear and wearing a black cap.

“You are...” Jordan was suddenly stunned and sized her up.

“My, my name is Nina. I am Sawle family’s servant and have always been by Fourth Miss’ side... to take care of Miss.” Nina looked around nervously and introduced himself in a timid voice.

When Jordan heard that it was a servant by Annie’s side, he immediately understood.

“Nina, I’m sorry. Because of a special reason, I couldn’t go over to pick you up. I still need you to come over personally.”

Chloe quickly came out and took the girl’s hand. She personally led her into the villa’s living room. “Is it cold outside?” Look at your hand that is cold. Didn’t I ask you to take a taxi? Don’t worry about the car fee.”

“There’s no need to take a taxi. I took the bus and took the light rail. It’s very convenient.” Nina hurriedly replied, her cheeks freezing red.

Seeing the once noble Mrs. Sawle being so concerned about her, her lips trembled and she was moved beyond words.

When Chloe thought of coming from the light rail to her villa area, she couldn't help but feel pain in her heart.

She knew that she still couldn't bear to spend money.

Jordan hurriedly made a cup of hot tea for Nina and thoughtfully brought her a hand warmer.

The little girl sat on the sofa in the living room and took a while to dispel the chill from her body.

"Young... no, Miss Thorp. Thank you for taking care of Fourth Miss."

Nina whispered softly, but his gaze was extremely firm. "When you were at Sawle family, I saw how good you were to the fourth miss. Even if it was for the fourth miss, I am willing to do anything for you."

Chloe looked deeply into the girl's eyes, which were as clear as Annie's, and suddenly felt a little heavy in her heart.

She did not know if this decision was correct, but right now, she had to place a reliable and trustworthy person by Aubree's side, but other than Aunt Gill, she did not have anyone she could trust.

After some investigation, she finally chose Nina.

Jordan pursed his lips. He knew that the First Miss wanted Nina to be a spy and spy on Aubree.

"Nina, I want you to win Aubree's trust and hide by her side. If possible, I hope you can install a listening device in her room."

“In the following days, I want to know every move of Aubree like the back of my hand.” Chloe’s eyes darkened.

Nina suddenly froze and held the heater tightly in her hand, not saying a word for a long time.

“Nina, I know that this task is very difficult for you. Because Aubree is Annie’s mother and Sawle family’s mistress. There is indeed a risk in this matter...”

“Okay, I promise you.”

After a short silence, Nina slowly raised her eyes, and her gaze revealed a resolute determination. “I will definitely do what you have arranged for me.”

“All these years, I have seen how Fourth Miss managed to survive. In Aubree’s eyes, she only has one daughter, and that is Skyler. The treatment Fourth Miss received at home is not much better than our maids.”

“Only when Director Sawle and Mr. Sawle were at home, did Fourth Miss... have the treatment that a proper lady should have.”

Chloe’s eyes were red, and Jordan felt sad when she heard this.

“I like the fourth miss, but I am very clear. Aubree is Aubree, Skyler is Skyler, and the fourth miss is the fourth miss. I won’t tolerate them running amok and hurting the fourth miss just because they are the fourth miss’ relatives.”

“If not for Mr. Anderson, I really don’t know who would be able to help the fourth miss out of her misery. Mr. Anderson is really... very good to the fourth miss.” Nina said with tears in his eyes.

Chloe remembered that Vincent and Annie had their fingers clasped together, and their eyes were filled with happiness, and he was moved and envious.

Annie had already found a happy harbor.

Where was her happiness?

“Miss Thorp, you are also very good to Fourth Miss, so no matter what, I will help you.”

you

“Nina, thank you. But have to be careful and do not force yourself. If you encounter danger, contact me immediately.”

The plan can be delayed and you can give up, but you can't have any mishaps. Do you understand?

Nina endured the tears and nodded vigorously.

The little girl had come all the way here and was still hungry. Chloe personally cooked a bowl of noodles with meat, vegetables, and eggs for her. She also prepared some dishes for Sia to pickleher with. It was simple but very diligent.

Nina ate quickly and the noodles were slurping and slurping. It was obvious that she was starving.

“Is it delicious?” Chloe sat opposite her and asked with a smile.

“Yes! It's delicious! It's delicious!”

Nina poured the soup into her stomach and wiped her mouth in satisfaction.

“Miss Thorp, your cooking skills are really too good! It's a blessing that Mr. Sawle can marry you!”

Jordan: “...”

Chloe's beautiful eyes were still curved, but her tone was a bit more playful, "Unfortunately, this blessing is given to him, he doesn't want it."

In the future, no matter who I give it to, I will never give it to him, Joseph.

Skyler was beaten black and blue by Vincent's people. She did not dare to go home, did not dare to make things difficult for Aubree, and did not dare to tell Jake.

She could only secretly take a plane to Hogwich alone, and at the same time, she did a facial repair.

Yoona was Vincent's person, and she did not dare to do this without Vincent's instructions.

If she dared to go back and complain and spread this matter out, not only would she lose face with Sawle family, but she might also attract even more terrible revenge from Vincent!

She didn't want to experience the pain of being tortured in the same room with a mouse that day.

But if she didn't take revenge, she would cry and wake up in her dreams!

Skyler sneaked back to Medo from the time Hogwich repaired the operation last night and wrapped her hair like a cotton swab.

When she got in the car, she received a call from Zoey.

"Hey, where are you? Why can't I get a call?" Zoey still dragged her bossy tone.

"Zoey, speak more seriously. I am Sawle family's Miss Brown, not your maid!" Skyler covered her face that was still in pain and scolded.

“Look at your sour face. Last time, you humiliated me in front of my second brother. I didn’t even get even with you, but you actually got angry with me.” Zoey smiled playfully, “Alright, I’m an adult, so I won’t hold it against you. I’ll send someone to pick you up tomorrow. You can accompany me to try the dress for the engagement party.”

“Engagement? What engagement...”

“Of course it’s me and my second brother getting engaged!”

“What?”

“How could Joseph be engaged to you? Unless someone dug his brain out!” Skyler

was shocked.

“Although second brother hasn’t responded yet, it’s just a matter of time.”

“Just wait. He will bow down to me soon. I will soon become your sister-in-law.” Zoey said with a confident tone.
