Chapter 61

“Bastard! Give it back to me!”

Chloe blushed, her soft waist sticking close to Joseph’s strong narrow waist in the suit, and her left hand was supporting his straight and broad shoulders in order to maintain balance.

She was not honest like a little monkey, and the man’s big hand around her waist did not intend to let her go easily.

Chloe’s heart trembled, and her waist was constantly clenched by Joseph, with a hint of possessiveness.

Through the thin fabric, she was scalded by the temperature of his palm.

But at this moment, Joseph was staring at his phone like a nail. His handsome and noble face was devoid of desire, like an old monk in meditation.

Everyone was shocked that this woman had the audacity to use her beauty to commit violence, and even more so that she had the nerve to call Mr. Sawle a bastard, yet Mr. Sawle was not angry at all.

Jordan was so anxious that his forehead was full of cold sweat. He wanted to pull Chloe back, but he had no way to do it.

Skyler was also dumbfounded. These two people were not so close when they got married. Why did they get so intimate when they got divorced? The two scheming sisters behind her were so jealous that their newly made water crystal armor was almost bitten off when they saw that Chloe could hug Mr. Sawle in public.

Joseph frowned slightly and quickly deleted all of Skyler’s indecent photos.

“Raya, you just left Sawle family for a long time and your style has become so low. Do you also use such dirty tricks?”

When his voice fell, he put the phone back into her trousers pocket with a cold face and let go of the hand that was around her waist.

“Heh... In terms of despicable, I have to call you ancestor.”

Chloe took two hasty steps back, patting her body as if to brush away invisible dust. Disgust briefly crossed her limpid eyes.

“What’s wrong with me achieving what I desire with my capability? Unlike you, Mr. Sawle, you can only grab it if you can’t succeed. You are

10:501

too unscrupulous and lacking in etiquette. Do you consider yourself a monkey on Mount Emei?”

Pfft! Then this was definitely the most handsome monkey in history! The waiters were all snickering.

Joseph’s face was dark, and his thin lips were as sharp as blades.

He was naturally angry when Raya called him a monkey in front of so many people, but what made his anger even more intense was the cold and ruthless look she gave him, refusing to meet his gaze from thousands. of miles away.

Just how much did she hate him?

From the divorce until now, hadn’t she been the one to pick a fight? He had endured it all and was already a gentleman, yet she still kept on humiliating him by stepping on his nose?

Joseph's cold stare, like two piercing stars, descended upon her like a dark tide, causing her to take a step back. His gaze was so intense that it seemed to revive old grudges and create new ones.

"Raya, you dare to be so arrogant to me. Is it because you are my ex-wife? Is it because you feel that we have been together before that you dare to challenge my bottom line again and again?"

"A marriage with no real identity has become the capital for you to do whatever you want to me? Even Grace doesn't dare to do this to me, how dare you?"

His voice was extremely low, and the others were far away. Other than Chloe, no one heard what he said.

But even so, Chloe's eyes were still burning with anger.

She never regretted loving Joseph. She never regretted becoming his wife. Even in the past three years, this man had never even looked at her. He had used indifference to crush her proud self-esteem time and time again.

But at this moment, she thought it was history.

Chloe was so angry that she laughed instead. She forced herself to wipe away the trace of tears in her eyes, "Grace does not dare because she cares about you. I dare because you have no weight in my heart for a long time."

Joseph's eyebrows twitched. The next second, the woman clenched her teeth and her slender fingers wrapped around his blue and expensive.

dark necktie. She tightened her grip, and then suddenly pulled.

"Do you want me to be grateful for that marriage? But I never thought that way."

The two people's anxious gazes collided, and their bodies maintained the last inch of a distance of imminent danger.

Joseph's neck tightened, and his heart shrank from the thorn in her eyes.

"How did I get through those three years? In an idiom, 'I can't bear to look back! Do you think that marrying me is a great grace? Being your wife is my capital to show off?"

"No, you're too self-righteous. I'd really like to cut you out of my life and erase you completely, if I could."

If possible... I really hope that I never loved you.

Joseph's pupils shrank fiercely. The soul wrapped in the cold body suddenly shook, and the throat that was restrained by the tie was so dry that it was about to crack.

One by one, each word was more ruthless than the last!

By the time he regained his senses, Chloe had already let go of her hand and brushed past him like a flowing cloud.

Jordan hurriedly chased after her and glared at him angrily as he passed by Joseph.

He hadn't really heard what they said to each other.

However, he firmly believed that Joseph would not be able to say anything good.

"Second Brother! Did you delete those photos? That village girl is really shameless. She actually dared to threaten me... Fortunately, Second Brother helped me. Otherwise, our Sawle family would really lose face."

Skyler ran over excitedly and wanted to hold Joseph's arm. She wanted to pretend to be a good sister in front of this group of people.

Unexpectedly, Joseph was completely immersed in the hit that his ex-wife had brought him. His face was gloomy and he coldly glanced at her like a knife cutting her cheek.

Skyler was terrified and retracted her hand in embarrassment.

"Is the photo photoshopped?"

"What..." Skyler was stunned.

"If not, how can Raya slander you?" Joseph's starry eyes were filled with coldness.

Skyler was stunned. Why did she feel that this man was standing beside her, but he did not seem to be standing completely.

His heart seemed to be biased towards Raya.

"I'm not blind. I saw very clearly what happened that day."

"Since the incident has developed to an uncontrollable level, you can hold a press conference tomorrow night to apologize to the female service student."

"What?"

Skyler was shocked and angry. Her facial features were flying everywhere. "Why? I am God when I spend money in their hotel! Their service is so bad and they broke my necklace. It is reasonable for me to teach them a lesson! Why should I apologize?"

Suddenly, the big screen on the second floor of the boutique shop lit up for no reason!

A surveillance video was played and everyone's eyes were attracted.

The picture showed that in KS Hotel's elevator, two sexy women dressed in famous brands were scratching their heads in front of the reflective mirror. They were Skyler's two scheming sisters.

"Ah, I really vomited. I just bought a broken necklace. Skyler's tail is going to fly up to the sky. She wants to look at people with her nose. A dog's stomach can't hold two taels of sesame oil!"

"If not for the fact that she was generous enough to pay for us to play with her, who would be willing to pay attention to her?"

"Do you think she is the one they are talking about now... the big resentful type? Puhaha..."

"Hmph, looking at how she was looking for the necklace just now was really satisfying!"

"Even if you beat her to death, she would never have thought that the necklace had already been ripped off by us and was hidden in the room. Hehe, let her make a fuss. Anyway, we are not the ones to lose face!"

After the video ended, the faces of the two scheming sisters turned into frozen cucumbers!

Skyler was so angry that her eyes turned into flaming tubes. She gritted

10:50

her teeth in hatred and approached them step by step.

"No, it's not like that, Skyler!"

The two women panicked and retreated. "Listen to our explanation! We have been framed!"

"You two b*tches... eat mine, spend mine, and still dare to ruin my things... I'm going to tear you apart!"

Skyler cried out loudly. She no longer cared about her noble image and

pounced on them with bared fangs and claws.

Chapter 62

Chloe sat in the car, not saying a word the entire time.

She was so tired, like a robot that had crashed.

When she thought of what Joseph had said to her, it was like pouring a basin of ice water from head to toe, and she was so angry that she trembled.

Why didn't she see that he was such a rogue before? So despicable? So shameless?

Sure enough, it was still unknown whether love would make people happy, but it had already been verified that it would make people blind.

"Young miss, I released the video as you instructed. Look, Skyler and her two best friends are fighting!"

Jordan hurriedly placed the phone in front of her.

Chloe raised her eyes and saw the three women fighting on the screen. The scene was really tragic.

"Tsk tsk, this woman is really merciless when it comes to fighting other women. Third Miss Sawle's combat prowess is quite impressive. She's not at a disadvantage even when facing two opponents. It's a shame she doesn't take part in the boxing arena." Jordan laughed smugly.

“Hmph, if it’s not a slap, it’s a pull of hair. There’s no good skill at all. What’s there to see?”

Although she said this, Chloe’s gaze did not leave the screen.

Needless to say, looking at these three scheming b*tches, it was really quite relieving

“Young Mistress, have the photos really been deleted by Joseph?”

When Jordan thought of how Joseph had wrapped his arms around the Young Mistress’ waist and his actions were clearly frivolous, his eyes turned red with anger.

However, he also thought sadly that they were once husband and wife, and had probably done more intimate things in the past three years. Instead, he became the least qualified person to be idle.

“He will definitely delete it. Even if he doesn’t like Skyler, he has to take Sawle Group’s face into consideration.”

“To put it nicely, he values the overall situation. To put it bluntly, he is cold and ruthless. He doesn’t recognize his relatives.”

Chloe sighed softly, pressed the password and opened the phone.

She never expected that Joseph remembered her phone password. Maybe it was just that one day when she unlocked it during those three years, he inadvertently saw it and remembered it all the time.

However, so what if she just remembered? The man who had never loved her from the beginning to the end would never know what “0923” meant. That was the day when Chloe was saved by Joseph on the mountain thirteen years ago. They first met.

Perhaps, her soul-stirring things had never been worth anything in his

eyes.

“Young Mistress, what should we do next? Joseph destroyed the thing that we used to keep Skyler in check, and that woman would never submit.” Jordan frowned and sighed gloomily.

Suddenly, Chloe let out a “huh?” and her crystal-like eyes widened.

In her contact list, there was actually Joseph’s phone number!

F*ck! Chicken thief!

*

In the evening, Joseph returned to Mazeland Manor from the company.

Outside the window, it was raining. He looked at the crystal droplets on the window, as if he saw Raya’s eyes as bright as stars.

However, every pair of eyes was filled with infinite resentment, which made his already depressed mood even more depressing.

Joseph raised his cold white neck, and the rainbow light outlined the lower jaw line carved by his knife, adding a touch of enchanting charm to this cold face.

He raised his hand that was tough and boney, and pulled the

meticulously tied knot. The smooth texture of the fabric was very similar to that woman’s slender waist...

Joseph's Adam's apple rolled uncontrollably, and his breathing was erratic. He tried to get rid of Raya's watery eyes from the sea of his mind, but it was useless after a hundred tries.

That woman was getting bolder and bolder.

In the past three years of marriage, she didn't even dare to hold his hand.

10:50

Now that she was divorced, she provoked him in public.

What did she take him for!

"Mr. Sawle..." Max, who was sitting in the front passenger seat, timidly called out to him.

"Speak."

When Joseph thought of Raya, his heart was dry and his tone was extremely unfriendly.

"That... The matter of the Third Miss causing trouble at the hotel has already spread widely. Now, the netizens are talking about how the second generation is heartless and wantonly trampling on other people's self-esteem. Do you think..."

"I don't care."

"I'm afraid that Madam will complain to Director Sawle. I'm afraid that Director Sawle will make things difficult for you." Max was full of worries. "I'm not afraid. What are you afraid of?" Joseph's face darkened.

With a ding, Max's cell phone rang.

“Mr. Sawle, the surveillance camera you wanted is out.”

Joseph looked up and took the phone.

In the screen, the complete picture of Raya and Skyler confronting each other appeared.

Skyler was talking nonsense behind his back, and her arrogant attitude was completely exposed, including the entire process of her wanting to attack Raya in anger, but she was outmaneuvered by Raya.

Joseph raised his eyebrows, and his noble and reserved face was cold like

snow.

The mood just now was just a small quarrel, and the current Mr. Sawle was really angry.

Joseph had just come back to change his clothes when he was called to the study room by Jake.

“Woo... Daddy! You must seek justice for me! I am so wronged! I am so miserable!”

Skyler cried like a pear blossom on Jake’s body. There were not only tears on her small face, but also the claw marks left when she fought with the

10:50

two turtles in the afternoon. The corners of her mouth were also scratched, and her appearance was very miserable.

Jake sat on the sofa. Seeing that his daughter, who had always been a delicate lady, had fallen into such a sorry state, he hurriedly reached out to caress her hair to comfort her.

“Your second brother is back. When he comes, I will ask him what is going on.”

“This matter is getting bigger and bigger. I received several calls today to ask me about Skyler. I don’t know how to answer them.”

Aubree loved her daughter so much that her eyes were slightly red. “Now that Skyler has been scolded so badly on the Internet... How can our daughter face people in the future! What will Medo’s other aristocratic families think of us?”

“Aubree, don’t worry. I won’t let our daughter be wronged.”

After hearing this, Jake frowned deeply, and his eyes showed some anger.

At this time, the door opened, and Joseph just walked in expressionlessly.

“Joseph, the video is so big. Why didn’t you deal with it in time? As the president of the group, aren’t you too numb?” Jake hugged Skyler and scolded Joseph.

“The group has the public relations department and the legal department. Each department has a director in charge.”

“I am the president, but I am not a nanny. I will take care of some things. I don’t need to interfere if I don’t.”

“Joseph, do you think this matter is something you shouldn’t care about? Skyler is your sister!”

“You just watch your sister be wronged and see her lose her reputation?” Aubree covered her chest with tears, as if she would faint at any moment. “Aubree, your body is weak. Don’t be too angry.”

Jake hurriedly got up and grabbed her shoulder. His eyes were gentle and could even pull out a trace on her face.

It had been twenty years, but every time Joseph saw them show their love, he still felt extremely dazzling and suffocated.

His father had never mentioned his mother in the past twenty years, and he had never visited her before her grave.

The pitiful woman who loved him deeply seemed to have never

10.50

appeared in Jake's life. This was even crueler than extreme hatred.

"I am fine... Jake."

Aubree leaned into the man's arms and coughed lightly. "I wasn't able to control my emotions just now. I was too excited. As the president of Sawle Group, it was already very difficult for Joseph to handle tens of thousands of things every day. I shouldn't trouble him because of this."

"But I'm afraid that Joseph still has a knot in his heart. After all, I am not his biological mother..."

"If it was because of this that he was unwilling to help, Jake, don't blame the child. I understand him."

Joseph looked coldly at this woman who was putting on an act. He had watched her for twenty years and was about to die of boredom.

He wondered why Jake couldn't get tired of looking at it.

“Aubree, don’t think too much. Regardless of whether this kid admits it or not, you are my, Jake’s, wife. Then you are his mother!”

After being provoked by Aubree, Jake became even angrier. He pointed at Joseph’s indifferent face and said, “Give me a solution immediately! Before tomorrow morning, Skyler’s hot search and those videos must be suppressed! Otherwise, I will hold you

you accountable!”

“I have already thought of a solution. I have also told third sister.” The man lowered his eyes coldly.

“Dad! What method did second brother think of for me? He pushed me into a pit of fire!”

When Skyler heard that he had mentioned her, she immediately became anxious. She stretched her neck and said angrily, “He actually wants me to apologize to that stinky waiter! What kind of self-respect do I have? She’s a scoundrel! Why should I apologize to her?”

“Moreover, today, Raya came to the boutique to find trouble with me and slapped me in front of so many people! Wu... I have no face to see people!”

“What? Raya beat you up?” Aubree and Jake were shocked.

“Look at the palm print on my face. How can it be fake?” Skyler cried and pointed to her swollen face.

“How dare you! Joseph! What kind of woman did you marry? Is it a Yaksha?”

10:50]

Aubree saw that her daughter was furious from being bullied, and her weak expression revealed a bit of ferociousness. “She actually dared to hit Skyler. I will definitely sue her! I can’t just let this go!”

“It was Skyler who wanted to hit Raya first. Raya was self–defense.” Joseph’s expression was full of self–confidence.

“Do you mean that the girl really hit Skyler?” Jake asked with a dark look in his eyes.

“...” He tacitly agreed.

“Contact her immediately! Ask her to apologize to Skyler! Also, have you not finished the divorce procedure with her yet? Tomorrow, you must find time to go to the Civil Affairs Bureau and get the divorce certificate with her!”

“From now on, I won’t allow you to have anything to do with that woman!” Jake ordered sternly.

Joseph frowned slightly.

The divorce was already on the line, but when he heard this, he felt inexplicably uncomfortable. He replied almost without thinking,

“No.”

Chapter 63

No way!?

Aubree and her daughter were both stunned. One forgot to be angry, the other forgot to cry.

“Joseph! You’re rebelling!” Jake was so angry that his blood pressure rose. This illegitimate child, who had always been unfavored, rarely went against his thoughts ever since he was young. How did he become the president now? His wings were gradually growing. He actually dared to say “no” to him?

Joseph was stunned. He did not expect that he would be so resistant. “What the hell are you thinking? You were the one who said that you wanted to divorce Raya! The one who insisted on marrying Grace was also you!”

“Now I want you to divorce Raya immediately, but you say no? What do you think marriage is? A child’s play? How did I raise a son like you who hasn’t improved!”

“Shaking left and right without improving? Ha, that’s right.”

Joseph was also suddenly provoked. He squinted his starry eyes and mocked, "Because we are father and son. The son should be like the father."

"Vile spawn!"

Jake was so angry that he was like a barrel of gunpowder that was about to explode. He rushed over and swung his arm to slap him!

This slap was so loud that it frightened Skyler.

Joseph's cold and pale face was immediately imprinted with a palm print.

"Aiya, Jake! If you have something to say, say it nicely! Don't hit the child with your hands!" Joseph was young and angry, so it was inevitable for him to be a little rude when he spoke. It was not worth it for you to hurt the harmony of father and son with your hands!"

Aubree quickly came up to support Jake, but she secretly sneered in her heart. She only felt that she had vented her anger and was very happy.

"Aubree! I know you are a kind mother. You have regarded this stinky boy as your own since you were a child. But you spoil him too much. You don't dare to hit him or scold him. Look at him now! You are simply

1/5

17:39

spoilng him!" Jake's palm was numb, and his face was even redder than Joseph's.

"In my eyes, he will always be a child. Besides... I am not his biological mother after all. It is not so easy for Joseph to accept me."

"If I don't treat him better, won't I be more estranged from the child... I just want to be a good mother." Aubree said, and her eyes were shining. She was so pitiful.

These words seemed to show weakness, but in fact, every sentence was adding fuel to the fire!

Joseph coldly twitched his thin lips. He had seen this kind of trick since he was a child. He had seen through it, but he never said it.

Because he knew that Jake did not care about his son at all. If his eldest brother had not been recuperating in Nialzuct all year round, the position of president would not have been his turn.

He was never going to be favored.

"Child? He's already thirty! Don't find excuses for him!"

Jake pointed at Joseph's face and roared, "Two things, you have to do it right away tomorrow!"

"First, immediately get a divorce with Raya and ask her to apologize to Skyler in person!"

“Second, immediately suppress the hot search of Skyler on twitter and quell this storm!”

“Dad, when you were negotiating with someone on the business court, did you also slap someone first before mentioning the conditions?”

“You... What did you say?” Jake was stunned.

“Even if we are biological father and son, we should settle accounts clearly. Especially when it concerns the interests of the group, it is even more impossible for me to compromise.”

“Raya and I can’t divorce for the time being, because I promised my grandfather that I would wait for his eightieth birthday before officially divorce. I can’t break my promise.”

“As for the negative news on the Internet, my method is to let my third sister publicly apologize. Other than that, I won’t do anything to deal with it.”

“Joseph! You!”

275

17:39

Jake’s eyes were red, and he raised his hand high again, but just as the slap was about to land, it was suddenly grabbed by Joseph.

“Dad, I’m already thirty years old. Do you think you can still beat me?” The man’s eyes surged with coldness.

Jake’s pupils contracted as he felt a dull pain in his wrist.

“No! I don’t want to apologize! No matter what you say, I won’t apologize!” Skyler began to cry and make a scene again.

“Max, come in.”

Joseph’s magnetic voice rose. Max, who was waiting outside, knocked on the door and entered the study room. He bowed respectfully.

“Take out the documents and let the chairman have a look.”

“Yes, Mr. Sawle.”

Max’s eyes flashed a little, but he still handed the prepared materials to Jake.

“What is it?”

“This is the EV boutique jointly run by Aunt Bell and Third Sister. This year and last year’s financial reports.” Joseph’s handsome face was calm and his voice was flat.

Aubree and Skyler’s nerves were tense, and their faces were stiff.

“It shows that it has been three years since the establishment of the boutique store. In the past three years, it has suffered close to ten million losses every year. Moreover, the operating expenses every year are all drawn from the company’s internal funds.”

The boutique has already been signed since the establishment of the company. Since the company that made money can’t benefit from it, the company that made a loss has no reason to help them fix this hole.

After saying that, Joseph lowered his cold long eyelashes, “If third sister doesn’t come forward to apologize, then I’ll have to do my part to uphold my president’s authority and shut down their unprofitable boutique.”

What? Close the store?

Skyler was so scared that she was dumbstruck, and Aubree was so angry that her eyes turned red.

The viciousness in her eyes disappeared in an instant. She suddenly hugged Jake’s arm and cried, “Jake! The boutique is your birthday gift to me three years ago! How can you close it?”

17:39

Jake’s lower jaw was extremely tight. Looking at the evidence in front of him, even though he was the chairman of the group, he could not refute his son for a moment!

“I can turn a blind eye to this matter for your sake. But, the premise is that third sister must publicly apologize. Aunt Bell must make up for the set-up of the boutique store for three years from the company’s embezzlement of public funds.”

“Otherwise, I will announce this matter on the day after tomorrow’s Group Assembly. At that time, no matter who it is, I am afraid it will be useless.” Joseph’s eyes were full of coldness.

Aubree glared at this stepson with hatred.

She must not close the premium store! She still had to rely on it to play a big game of chess!

“Skyler, you will hold a press conference tomorrow night and do as your second brother says.” Jake frowned heavily.

Skyler’s shoulders collapsed, and her entire person was like an eggplant that had been struck by frost. She didn’t have the strength to refute at all. Aubree looked at Jake’s gradually darkening expression. She knew that she had lost completely in this battle. She could only think about it carefully. Her hateful eyes couldn’t wait to cut Joseph’s back into pieces! As soon as Joseph and Max left the study, the sound of Jake smashing things came from inside, and Aunt Bell and her daughter crying.

Max scratched his head in confusion and asked tentatively, “Mr. Sawle, didn’t you... decide to fight to death with Young Madam? Why did you suddenly change your mind?”

“Don’t meddle in my affairs.”

Raya's watery eyes suddenly appeared in front of Joseph's eyes, and the fragrance she breathed lightly when he got close to her.

His eyes, as cold as ice, were a little confused.

He tried to convince himself that he had changed his mind at the last minute because he had watched the surveillance video and heard Skyler's shameless boasting. But was this truth?

When Aubree and her daughter accused Raya and Jake forced him to divorce, why did he have such a big reaction? There was really no hidden selfishness in this?

"Mr. Sawle, the evidence we gathered with great difficulty was released

17:39

just like this, just to let the third sister apologize... Isn't it a bit of a loss?" Max curled his lips, still somewhat difficult to calm down.

"It doesn't matter. Even if I let this matter out, the chairman still has ways to cover up for Aubree. Are they deeply in love?"

Joseph coldly mocked. He brushed Raya's beautiful eyes away from his mind. His eyes were deep and quiet. "I just chose a result that both her and I can get along with."

"After all, I wrongly blamed her for what happened at the last auction because of Grace."

"This time, I will repay her. I don't want to owe her anything." The man sighed.

Chapter 64

That night, Chloe tossed and turned, unable to fall asleep.

As long as she closed her eyes, Joseph's handsome face would flood her vision. She could almost feel his hot hands on her waist, and the fire

within her stirred, gradually rising...

She sat up abruptly, her forehead beaded with sweat. Her breathing was erratic, and her cheeks were flushed.

She was already divorced, so how could Joseph still be the one to bring her this kind of feeling?

After sleeping randomly for two hours, Chloe woke up and rowed on bed for an hour before she finally dispersed most of the heat from her body. The delicious Western breakfast that Jordan had prepared for her.

The young lady had a despondent look on her face throughout the meal. She took hard bites of her bread and fried eggs, and even drinking her coffee was a dull affair.

"Young lady, are you worried about Logan?"

Jordan gracefully bent over, delicately picking up a napkin and wiping the crumbs and oil from her slender fingers. His movements were as elegant as a royal deacon.

“I hate the feeling of losing.” Chloe took a deep breath and narrowed her eyes.

She did not say the latter half of the sentence.

She hated the feeling of being dominated by Joseph even more!

“Then how do you plan to deal with Skyler next?” Jordan asked.

“Give me a moment to consider. We must resolve this issue before the fervor dies down.”

As the voice fell, Chloe’s phone vibrated on the table.

She picked it up and took a look. Her eyes were wide open. It was actually Stefan!

“Stefan, what’s wrong with you?”

Chloe hurriedly picked it up, her tone very nervous.

“Tsk, what kind of tone is that? It’s not like I’m dead.”

176

17:39

Stefan coughed, “Um, when are you coming home? Your second aunt, third aunt, and fourth aunt want to celebrate for you.”

“Celebrate?” Chloe was confused.

“Aren’t you enthusiastic about helping people on the news? There are videos of you on Ticktok, the most beautiful angel girl.”

Emma!

Chloe was speechless. “The most beautiful angel girl”. She felt a headache when she heard these words.

“Your three aunts think that you have brought glory to your ancestors. They want to make a family feast to celebrate!”

She was still upset about her being exposed. Stefan and the others actually wanted to celebrate. They really knew how to joke!

“No need. I was looking for someone to suppress it. I don’t like to be exposed. It’s easy to get into trouble.”

“Tsk, you child, why are you so unkind? Your aunts miss you and want to see you. I haven’t seen you in a long time. Can’t you come back and have a meal with us?” Stefan said with anger.

“Alright... I’ll go back when I’m done with work in the next two days.” Chloe replied softly.

“Right.”

Stefan was silent for a moment, then his voice became a little stern. “Has that debt collector, Sami, returned?”

“Yes.” Chloe could only answer honestly.

“Ah, if your big brother hadn’t told me that he was back, I would have planned to hold a memorial service for him!”

Stefan was angry at the thought of Sami, “This time, you came back and brought your fourth brother back with you. If he didn’t come back, I would pretend that I didn’t have a son. He wouldn’t be able to enter Thorp family’s door anymore!”

After ending the call, Chloe raised her eyebrows. Her tender little hands, like bamboo shoots after the rain, reached into Jordan’s suit bag, took out a piece of chocolate, and bit down gloomily.

“Big sister, what’s wrong?” Jordan asked sincerely.

“My dad asked me to take my fourth brother home for dinner.”

“Ah, this...” Jordan naturally understood the fourth young master’s

17:39

personality and felt that it was difficult.

“Stefan’s temper is so bad that it’s like a manure pit. My fourth brother is a stone in a manure pit. The two of them are in constant collision!” Chloe savored the mellow fragrance of the chocolate at the tip of her tongue and her agitated mood eased a little. “I understand fourth brother. My fourth brother can listen to me no matter what. Except for the matter of going home to see Stefan.”

“He was so stubborn that coaxing him to go back is not enough. We can only be smarter.”

**

After packing up, the young lady went to work.

The Bugatti she drove had just passed by the hotel entrance when she saw a lot of reporters waiting outside.

Chloe frowned, and Jordan quickly called the front desk to understand the situation.

“These reporters are all reporters who came to interview the ‘angel girl’. I don’t know how those people heard that the girl was an employee of our hotel, so...”

Chloe’s eyes darkened. From a young age, the thing she hated the most was being exposed in front of the media.

Unless it was absolutely necessary, she would not allow herself to stand in the spotlight.

“Even such a small thing has to be done in the news. Are these reporters going to have nothing to write?”

Chloe took a sip of coffee helplessly. “Forget it, the popularity will pass by like a gust of wind. Moreover, I have already told big brother to help me suppress the news. It will soon be gone. Let’s go through the back door.”

When they arrived at the back door of the hotel, Chloe asked Jordan to stop the car while she prepared to take the special elevator to the office on the top floor as fast as possible.

She took out her mobile phone to check the hotel’s official twitter as she walked.

Needless to say, because of the “angel girl” effect, the official blog had many comments and was full of praises.

[I want to stay in the hotel under KS next time! The quality of the hotel

376

17:39

staff is too good!]

[Miss is so beautiful —Please send a clear picture of her front!]

[KS Group is still very trustworthy. Looking at Sawle Group again... When will we really get an explanation about the fact that they bullied a cute waiter?!]

Chloe’s red lips unconsciously rose, and she was quite proud of herself like a little fox.

Although she did not like to be high-profile, she had to say that she still enjoyed the profit and free publicity for the hotel.

It was just that Logan’s matter had yet to be resolved completely, and her heart felt like it was hanging on a rock.

Suddenly, Chloe’s beautiful brows furrowed, and she acutely sensed that there was the scent of a man’s hormones behind her. He had already broken through a safe distance.

At this moment, the man’s palm was already on her shoulder.

Chloe’s eyes widened abruptly, and she turned around and splashed the entire cup of coffee on the man’s face!

“Ah!”

The next second, she grabbed his solid arm and threw him over her shoulder!

“Ah!”

The tall and strong man fell to the ground easily by Chloe.

“Finished... cri pple... cri pple...”

Chloe took a closer look and instantly gasped, “Vincent? Why is it you?”

“Cough cough... this old saying... is really not bad...”

Vincent lay on the ground in a sorry state and coughed twice, not knowing whether to laugh or cry, “A hero is unable to overcome a beauty... Cough cough!”

“Who asked you to be so sneaky? My body reacted before my brain. I don’t know if my fists and feet are blind or not.”

Chloe’s eyes flashed with embarrassment, and she quickly squatted down to check his body.

She looked serious and rubbed Vincent’s upper body with her hands like a surgeon. Her technique was quite professional, and even the senior

17:39

masseuse at home was not as comfortable as her.

Vincent narrowed his long phoenix eyes and enjoyed it, staring at her with affection.

Joseph, you clearly don’t appreciate your good luck! So don’t blame me for taking advantage of this great opportunity!”

Hey,

“Not bad. Your bones are well-formed. There are no fractures.”

Chloe breathed a sigh of relief and slapped his leg hard. “Get up. It is not so easy to take advantage of me.”

“I want to get up, but I really can’t get up.”

Vincent put up an agony face, “My bones are not broken, but I am really in pain. It is numb! My Bodhisattva, can you please help me? Please!”

Chloe was a little embarrassed and could only reach out to help Vincent up from the ground.

Vincent felt that the woman’s fragrant and soft body was close to him. His throat was tight and his soul was beating fast. He could not help but move closer to her.

It had always been those crazy bees and butterflies that took the initiative to get close to him, but he, Young Master Anderson, had never been so cheap.

“Hey, ex-sister-in-law, how did you feel when you took advantage of me just now?” Vincent raised his eyebrows and asked expectantly.

“Taking advantage? Ha, I finally know what’s wrong with you. It turned out to be brain-damaged.”

Chloe sneered, "If you are a three-legged toad, then I can still take a few more glances at you. How can you make me excited about a two-legged man?"

"Besides, it's not like I haven't touched someone with a better figure than you..."

The moment she blurted it out, she was stunned, her cheeks slightly red and hot.

The image of Joseph's well-defined chest muscles flashed through her mind, making her cheeks flush. His perfect physique, the thin beads of sweat trickling down his body, the raw sensuality of it all...

They only had one time, one that was enough to linger in her dreams for

a lifetime.

Vincent knew who she was talking about, and in an instant, the jar of vinegar in his heart was overturned.

A flame of victory burned in his eyes. He turned around and pressed Chloe against the wall, his eyes shining with charm.

Slowly, he bent down and lowered his voice.

"Who is better than me? Joseph?"

"Miss Lewis, you haven't touched many of my places yet. How do you know that I am not as good as him?" Vincent asked with his narrow eyes.

Chapter 65

This posture was so ambiguous that it was on the brink of igniting. After all, Vincent was a top-notch handsome guy when it came to flirting.

"Heh, you really want to break your bones this time, Young Master Anderson?" Chloe gritted her teeth and asked, her clear eyes filled with killing intent.

"Miss Lewis, I was just joking with you. Don't be so fierce..." Vincent didn't dare to get close to her anymore.

"Besides, I'm still a victim, right? You beat me up and scolded me. My clothes are also ruined. I still have to eat lunch with my mother at noon. It's not good for her to see me like this."

"Let's not talk about anything else. Why don't you help me change my clothes?"

Chloe also felt that she was a little too much just now.

After all, compared to Joseph, who was blind and stupid, Vincent was still reasonable. Last time, she was bullied by Grace and he also helped her out. She remembered all this kindness.

"In a while, I will ask my secretary to prepare a new set of clothes for you. Then I will open a room for you

you to take a bath and rest. What do think?" Chloe looked cold and thought about it thoroughly.

"Hey, that is so troublesome. There is a department store nearby. You will accompany me to buy a set. I may not like the one your secretary picked." "If possible, I hope that you can personally choose a set for me," Vincent said, his eyes filled with anticipation.

Chloe thought that this monkey wouldn't be able to do anything in front of a Bodhisattva like her in broad daylight, so she agreed.

In the sound of the night, Chloe pulled Vincent into the mall alone.

Her car sped along faster than his heartbeat, and with a deft maneuver, she glided into the warehouse in half the time it would have taken the car to get there normally.

Young Master Anderson did not close his mouth.

"Get off, hurry up."

Chloe unfastened her seat belt and opened the door expressionlessly. "You, Young Master Anderson, are rich and idle. I am a worker. A bunch of work is waiting for me."

"Miss Lewis, your driving skills are too good!"

"Yes, I drove a taxi for a living before I met Joseph. I am an old driver."

After that, she got out of the car.

Vincent had a name in the underground racing world. He could tell at a glance that this woman's driving skills were extraordinary, and she was not ordinary!

The man smiled. His ex-sister-in-law was getting more and more fun.

On Monday, business was slow, and there were not many people in the mall.

But even so, Chloe and Vincent's overly outstanding figures appeared, and they were attracting attention.

"Miss Lewis, I came to the hotel to see you. I was afraid that a reporter would find trouble with you. You were on a hot search before..." Vincent said with a smile.

"I remember that you like to wear YSL." Chloe looked ahead and said lightly.

"How did you know?"

"From the first time I saw you, you were wearing the YSL and the one you wore at the charity auction. It was also the YSL smoking suit." "Eh? Your observation of me is quite detailed." Vincent raised his eyebrows and was secretly delighted.

"But to be honest, the YSL is quite consistent with your temperament." Chloe looked indifferent.

"What do you mean?"

“So coquettish.”

Vincent, “...

11

“This place is not having the clothes you often wear. They are all ready-made clothes. You can make do with it.”

“It doesn’t matter. If you buy it, I will like it.” Vincent smiled.

Chloe was too lazy to pay attention to him and went straight into the boutique.

276

17:39

When the waiter saw the honored guest arrive, the service was very attentive and thoughtful.

“Money is not a problem. Whichever set Young Master Anderson likes, just pick it.”

Chloe leisurely sat on the sofa, her beautiful legs crossed, and her trousers outlined the charming curves of her legs.

The waiters were all stunned. Where did this female boss come from? Her aura was 2.8 meters high!

Vincent narrowed his eyes and licked his cheeks, feeling very fresh.

He had always been the only one to buy things for women, and this was the first time that a woman had bought things for him.

He was being doted on!

At the same time, two women dressed in extremely extravagant clothing just happened to walk past the entrance of the boutique store.

The road was too narrow for enemies – it was actually Grace and Willow.

“Mom! Look! It’s that bit ch, Raya!”

Grace pointed angrily at Raya who was talking and laughing with Vincent in the glass door.

Unexpectedly, this bit ch was secretly flirting with Young Master

Anderson. This bit ch was really having an affair!

“Grace, this is a good chance for you!”

Willow pinched Grace excitedly. “Hurry up

lp and think of a way to get Mr. Sawle to come and find you immediately. You have to let him see this scene. Only then will he completely give up on Raya, this little sl ut!”

Grace lowered her voice, “I just used my seve favor at Joseph's place. These days, I have to perform well and firmly grasp his heart. I can't be willful anymore.”

“You are so stu pid!”

Willow tapped her forehead with her sharp nails. “He's working. If you ask him to accompany you, he won't understand. But if you have enough reasons, it will be a good opportunity to improve your relationship!”

“If you want to think for a man, it will be the beginning of a tragedy! I tell

376

17:39

you that men are all cheap bones. If you are too obedient, they won't like you.”

“When you encounter trouble, you think of him immediately. If there is trouble, find him immediately. Only then will he feel that he has dignity and value in front of you. He is proud because you rely on him. He has a sense of superiority!”

Grace's eyes flashed. In fact, she did not dare to agree with her mother.

In the past, her father was powerful and her family was well-off. Her mother clung to her father like a flower. In the end, her father looked down on her more and more. Not only did he raise several lovers outside, but he also shouted at her in front of the ser vants at home.

In order to consolidate Madam Brown's position, her mother could only grit her teeth and bear with it. She was now fifty years old and her position was stable. As a result, Brown family's family fell, and her father was plagued with a chronic illness. Now, she had the identity of Madam Brown, but she had become the laughingstock of the upper circle. Her life had been in vain.

“I'll call Mr. Sawle later and tell him that you came to shop alone. I can't get in touch with you on the phone. He knows that your mood has been abnormal recently. As long as he has you in his heart, he will let go of everything and come to you.”

“When the time comes, Mr. Sawle will hate Raya even more when he sees his good brother hooked up with his ex-wife!” Willow pressed Grace’s shoulder and smiled coldly.

888

On this side, Joseph had just finished his meeting and returned to the office when he received a call from Willow.

“Madam Brown.” The man’s tone was cold.

“Mr. Sawle! Did Grace contact you?” Willow asked nervously.

“No, what’s wrong?”

“Grace said that she was a little bored, so she wanted to go out for a walk. I wanted to accompany her, but she refused. She said that she didn’t want me to treat her as a patient, so I didn’t follow her...”

“In the end, a few hours passed. I called her, but I couldn’t get through to her! If I called again, her phone would be turned off! Could, could

something have happened?”

476

17:39

Joseph remembered Grace’s severe depression. His heart tightened and he hurriedly asked, “Did Grace tell you where she went?”

“She, she said she wanted to go to the newly opened department store near KS Hotel. She didn’t say anything else...”

“Okay, I got it. I will go to Grace now. She will be fine.”

Hanging up the phone, Joseph frowned, grabbed his suit jacket and walked out.

“Prepare the car.”

Joseph arrived at the shopping mall as fast as he could. He was in a hurry, as he searched for Grace and called her.

Finally, the call connected. A woman’s soft voice came from inside, “Brother Joseph...”

“Grace, where are you? I’m at Century Shopping Mall right now!” Joseph’s voice was full of worry.

“My chest is a little stuffy. I’m sitting at the elevator on the second floor...” “Don’t move, I’ll be right there!”

Joseph strode like the wind and arrived in front of Grace as fast as he could.

“Brother Joseph!”

“You’re here... I’m fine. I don’t feel uncomfortable anymore.” Grace’s eyes

were watery.

“Why didn’t you pick up when your mother called you?” Joseph asked with concern.

“My phone just ran out of battery, so I found a place to charge it.” Grace quickly found an excuse.

“Next time you go out, I will find someone to accompany you. Don’t be alone outside, okay?” Joseph gasped and supported her.

“It’s enough that I have Brother Joseph to accompany me. I don’t want anyone.” Grace rubbed her little face against the man’s chest and secretly snickered in her heart.

Listening to her mother this time was really right. Joseph still cared about her very much. She was indeed the person who was at the top of

his heart!

17:40

At this moment, there was a faint sound of discussion.

“Aiyō, this young couple looks so handsome —Look at how beautiful that girl is, she looks like the person in the painting!”

“That young man is also handsome. His figure is really good. One look and you can tell that he is rich!”

Joseph heard it, but he was not a curious person, so he did not look back.

On the other hand, Grace suddenly cried out in alarm as if her tail had been stepped on.

“Brother Joseph, look, what a coincidence!”

Joseph looked back expressionlessly, and his eyes instantly revealed a shocked expression.

The next second, the man’s peach blossom eyes were completely red, as if they were about to ignite two balls of flames.

Chapter 66

Up ahead, a few steps away.

Vincent and Chloe walked over to them side by side. One was tall and handsome, and the other was elegant. They really looked like a perfect match made in heaven.

Joseph frowned and noticed that Vincent was carrying a shopping bag in his hand. Did they come shopping together?

Chloe did not see Joseph and Grace at all. She was listening to Vincent talk about jokes with a radiant smile. When they enjoyed themselves, they looked at each other and smiled.

Inexplicably, Joseph's chest was blocked, and his eyes were sour.

And Vincent also vaguely sensed this fierce evil spirit, and suddenly raised his head and widened his eyes.

"Joseph? Why are you here?"

Only then did Chloe see the cold face of Joseph, and then her eyes swept over Grace in his arms, and her red lips rose with a trace of coldness.

Grace knew that the opportunity had come. She hugged Joseph even tighter like a koala and glared at Chloe, swearing her sovereignty.

However, Chloe did not bother with her at all.

Perhaps in the past, she would have been so jealous that her blood would surge, but now her heart was calm and peaceful.

Slag man and b*tch, a match made in heaven!

"I should be the one asking you this, Vincent." Joseph's voice was low and his face was as black as ink.

"Shopping. Don't you know me? I'm the most willing to go shopping." Vincent's eyes curved into a smile, not knowing that a disaster was about to befall him.

Chloe felt that his words were true. She had never seen a man who was more willing to go shopping than Young Master Anderson!

Although he chatted with her as they walked, his eyes kept darting to the shop windows. She felt that if they hadn't been in a hurry, he would have wanted to go into each store and take a leisurely stroll.

But in Joseph's opinion, Vincent was clearly provoking!

176

17:40

"I really didn't expect that Miss Lewis and Young Master Anderson had such a good relationship in private and even agreed to go shopping together."

"Brother Joseph, let's go back. Don't be someone else's third wheel and disturb their date."

Chloe's eyes were cold, but when Vincent heard the word "date," he couldn't help but be excited.

Unexpectedly, Joseph slowly pushed Grace away from his arms and took three steps to stand in front of Chloe.

"Hey, Brother Joseph!"

Grace called out to him, but he did not even turn his head. She hated him so much that her eyes turned red.

Chloe raised her pretty and fair face to meet his sharp gaze. Although she was wearing high heels, the man was still much taller than her. When he looked at her coldly, he gave off an indescribable sense of oppression.

“What do you mean?” Joseph asked coldly.

“It’s just shopping. What’s wrong?”

Chloe’s red lips curled up slightly, and she said disapprovingly, “Enemies always meet on a narrow road. Do you want to blame me for not going around you?”

“You, go shopping with him?” Joseph’s eyes darkened, and he emphasized the word “him”.

“Hey, what’s wrong with going shopping with me? I’m not an evil wolf.” Vincent tsked.

“Wearing clothes is human, but taking off clothes is not necessarily the case!” Joseph clenched his teeth tightly.

“!” Vincent was so angry that his brows furrowed.

“Joseph, it is my freedom to go shopping and play with whoever I want. I have already divorced you and you still want to find trouble with me. Isn’t this too ridiculous?” Chloe turned a blind eye to the anger in his

eyes.

Was he angry?

What was there to be angry about? It couldn’t be that he was jealous when he saw her with Vincent.

It was impossible. Joseph did not love her at all, so how could he be

276

17:40

jealous?

“We haven’t finished the divorce program yet. Why are you so openly shopping with my brother? What should others think of Sawle Group and Anderson Group if they see us? Are you trying to make trouble for nothing?” Joseph felt stifled in his chest and his eyes became even redder.

Vincent raised his eyebrows and silently cursed.

“Heh.”

Chloe felt that she had heard a joke, but it was not funny at all. “Joseph, other than Sawle family’s people, who else knows that I am your wife?” Joseph’s eyes widened, and the surging emotions in his chest suddenly tightened.

“We have been married for three years. Did you bring me to show my face in public? Have you brought me to see your friend? Have you held a wedding for me?”

“Don’t worry. Even if I hang my face on the big screen outside the business field now, no one will know that I am your ex-wife.”

“As for if I bring disgrace to you and Mr. Anderson, you are even more overthinking. Let’s go our separate ways. In the future, if we meet again outside, we will pretend that we don’t know each other. After all, a qualified predecessor should be as quiet as death.”

After saying that, Chloe firmly brushed shoulders with Joseph. Vincent seriously thought for a second.

In the end, he chose to leave his brother to the side and follow his sweetheart.

Joseph stared at Vincent’s back and sucked in a breath of cold air. The veins on the back of his hand tightened and his expression collapsed. For some reason, he had a feeling that someone had snatched her girl

away.

It was said that they were brothers who were willing to sacrifice their lives for each other, but to Vincent, it actually became like he had stabbed his brother for a woman.

Beast!

“Brother Joseph, my chest is so stuffy...”

“Since you’re already here, why don’t you go shopping with me? You’ve never been shopping with me before.”

17:40

“Look, Young Master Anderson is still shopping with Miss Lewis...”

Joseph’s face darkened, and his eyes were like cruise missiles as he followed Chloe’s back.

“Okay.”

Chloe walked forward quickly like the wind, and her expression was not too good.

Her ex-husband was like a fly that had landed on a strawberry cake, ruining her mood!

“Hello.” She suddenly called out.

“Hey, I’m here.” Vincent hurriedly agreed, his long and narrow eyes sparkling.

“I’m not in a good mood. Tell me a few more jokes.”

“It’s not that I can’t, but if you really want to have fun, I’ll set up a game for you at ACE tonight. What do you think?” Vincent didn’t know whether to laugh or cry.

“No need. I never drink with men I don’t know.”

“Besides, you keep sticking to me. Aren’t you afraid that the friendship boat with Joseph will turn over?” Chloe glanced at him coldly. “Da mn it, you two are already split up. Even if the paperwork isn’t done, it’s a done deal. I didn’t take advantage of the situation, and I didn’t benefit from it. What right does Joseph have to be mad at me? I can’t mess around with him,” Vincent said, his lips curling as he spoke in a quiet voice.

Chloe, noticing a sapphire necklace shining brightly under the light in the jewelry store’s closet, was captivated.

She couldn’t help but walk into the jewelry store.

Vincent followed closely behind her.

“Can you show me this one?”

“Madam, you really have good taste! This necklace is the limited edition of our brand designer’s Star Summer Series.”

The waiter enthusiastically introduced the sapphire necklace and took it out of the display cabinet.

Chloe was well-versed in jewelry, and could immediately tell that the

476

17:40

sapphire was not Vivid Blue or Deep Blue, but its excellent cutting and design were still remarkable, indicating the designer was highly talented and intelligent.

With the enhancement of the brand benefits, this necklace also exceeded seven digits.

“Do you like it?”

Vincent sat on a small chair with his left leg curled up. His right leg was straight forward, and his eyes were full of smiles as he held his chin with his hand. His thin lips curved into a playful smile.

The waiter’s eyes widened. This woman was so beautiful that it made people envious. This man was also so handsome! His eyeballs were purified!

“Yes.” Chloe admired the necklace and responded softly.

“Try it on.” Vincent raised his chin.

“Ah! What a beautiful necklace! I like it so much!”

Grace’s voice suddenly pierced over, sharp and thin, making Chloe and Vincent frown.

She turned around and looked coldly at Grace holding Joseph's hand as they walked over.

The waiter was so shocked that she couldn't close her mouth. Oh my god! Isn't this Mr. Sawle? The real person should be taken to an exhibition in Paris. He was as beautiful as jade and perfect as jade!

But the woman beside him, whether it was her dressing or appearance, was too inferior to this beautiful and elegant beauty in front of her.

"Tsk, why is she still lingering?" Vincent muttered unhappily.

Joseph's cold gaze instantly fixed on Chloe.

"Brother Joseph, I really like this necklace... It's really beautiful. Can you give it to me?" Grace pretended to be a little girl and shook Joseph's arm, pouting as if asking for candy.

Vincent rubbed his arm and got goosebumps.

Joseph narrowed his eyes and pursed his lips.

In the past, Grace did not need to ask him for it. As long as she said that it was beautiful, as long as she said that she liked something, he would buy it silently and send it to her.

But now, when he saw this necklace, all he thought of was the auction

576

17:40

that made him feel ashamed, and the "Heart of Crimson Flame" that he always locked in the cabinet.

Therefore, Joseph hesitated.

Seeing that the man did not respond, Grace's smile gradually became awkward.

"Miss, swipe the card."

Vincent took out a black card and handed it to the waiter. He smiled and stared at Chloe, "Package it in a better box. I want to give it to this miss."

Chloe's beautiful eyes widened.

Before she could say anything, another black card was handed to her.

"Swipe the card. I want the necklace." Joseph looked at Chloe with a deep gaze.

Chapter 67

Two top-grade centurion black cards, two extremely powerful men in Medo, were actually fighting over a necklace!

Wow! A world-famous painting!

The waiter looked at the black card in front of her and was so scared that she was incoherent, "Two, two gentlemen, there is only one necklace..."

"I know."

Joseph looked away from Chloe's beautiful face. "Because there is only one, I will buy it."

Grace was so proud that she was about to take off on the spot, waiting for the man to send the necklace to her.

Seeing that Joseph was so persistent, Chloe pursed her lips lightly, and her heart was filled with a dense sorrow.

Sure enough, if it was what Grace wanted, he would still help her get it regardless of the cost.

And this man never cared about her feelings.

"Don't worry about him, swipe my card and wrap it up!"

Vincent raised his eyebrows and tapped his knuckles on the glass cabinet. "Don't you understand the rules of the martial world?"

"Vincent." Joseph frowned.

"Joseph, you know my temper and character. There are not many women who can make me, Vincent, seriously want to give her a gift." Vincent looked at Joseph's handsome face and said in a deep voice.

"Since we have known each other for almost twenty years, can't you help me this once?"

Chloe's watery eyes widened and she looked at the serious Vincent in disbelief.

Grace was so shocked that her mouth was wide open!

Raya, this bit ch!

She had only been away from Brother Joseph for a few days, but she had already hooked up with a rich and famous young master in the country! She was an abandoned woman who had been divorced. How could she be valued by them?

176

17:40

Joseph took a deep breath. In his impression, this was the first time that Vincent had turned against him for a woman. He had bet on almost twenty years of friendship.

It was all because of her, the ex-wife!

"Thank you, Young Master Anderson."

Chloe suddenly parted her bright red lips and smiled sweetly at Vincent. "I will accept the necklace you gave me."

“What are you thanking me for? What you like is more important than anything else.” Vincent was shaken by this charming smile.

Joseph’s eyes were red, and the anger in his chest had reached his throat!

She actually dared to ask for Vincent’s things?

She actually dared to ask for something from another man in front of him? How could she do this?

At this moment, Vincent had already picked up the necklace, walked behind Chloe, and carefully put it on her.

Joseph’s face turned pale, and his clenched fists were filled with a sense of powerlessness.

“Wow... so beautiful...” The waiter covered his mouth and sighed.

“Yes, this necklace is very beautiful.” Chloe smiled.

“No, no, no! I mean, you are very beautiful. Some people tried this necklace before, but none of them could support your aura. But it is different for you to wear it. Not only did you prop up its beauty, but you were not robbed by the guests at all. It is really

it or you!”

Grace gnashed her teeth in anger. She looked at Joseph hard, but the man did not respond at all. He had no intention of snatching the necklace

away.

“Young Master Anderson, I have to go back to work. Let’s go.”

“Okay, let’s go.”

Chloe ignored Joseph from beginning to end and left with Vincent like a couple.

“Brother Joseph! Are you saying that you want to give me that necklace How can it fall into the hands of Raya?” Grace asked anxiously with red

eyes.

Joseph frowned deeply and chased after her with large strides.

276

17:

“Raya!”

Chloe stopped and looked back coldly.

“What else do you want to do, Mr. Sawle? Don’t tell me you want to snatch it from me?”

Joseph was stung by her overly sharp eyes. He pursed his thin lips and took out a black velvet box from his pocket and handed it to her.

“What are you doing?” Chloe asked.

“The bracelet, the one grandpa gave you last time shattered. This, I’ll replenish you.” Joseph’s tone was cold and hard, but he did not say the word “send”.

He clearly knew that she used to look forward to him giving her a gift, but in his heart, he was stubborn.

He didn’t want her to feel happy.

“Ah, no need. Grandpa said that he will give me another one.”

“Mr. Sawle, quickly take it back. If your fiancée sees it, she will misunderstand. I won’t let it happen.”

“You want what Vincent gave you. Why don’t you want what I give you?” Joseph’s eyes were red, and he was anxious.

“Maybe I just simply think that you are very annoying.”

Leaving behind a light but lethal sentence, Chloe left without looking back.

“Joseph, I will find you tonight!” Vincent hurriedly followed him.

Joseph’s heart was stabbed, his entire body was ice-cold, and his mind was filled with the words “you are very annoying”.

Grace chased over and saw the scene just now. She was so angry that her entire face was like a pale poisonous snake.

800

Chloe quickly walked to the underground parking lot, walking as fast as the wind.

“Miss Lewis! Miss Lewis! Raya!”

Vincent caught up with her and grabbed her thin wrist.

She suddenly turned around and looked at him with watery eyes.

“Let go.”

376

“What’s wrong with you? Is it because of Joseph?”

“Sorry, I didn’t know he would appear here. If I knew, I would never bring you here.”

Chloe thought of the box that Joseph handed to her, and her heart was filled with pain.

Compensation? She didn’t care!

“This is for you.”

Chloe lowered her head slightly. She took off the necklace from her snow-white neck and handed it to Vincent. "No matter what, thank you for giving me a gift. But I'm sorry, I can't accept it."

"You used me?" Vincent trembled for a moment.

"I'm sorry." Chloe's eyes were dim.

He was clearly being used, but Vincent did not feel very angry. On the contrary, he felt very distressed for her.

Because he could see that she still had a trace of affection for Joseph. She had not completely put it down and needed time to settle down.

Although he didn't know how long it would take, he was willing to wait. "It's okay, it's okay. Didn't you also confiscate Joseph's gift? My heart is still quite balanced."

Vincent waved his hand casually and grabbed the necklace in his hand. "Young Master Anderson, you are actually quite good. You can handle many things better than Joseph. You look frivolous, but in fact, you are considerate, and you know how to love people."

"You are worthy of a better woman. You should leave the precious time to the people who are worthy of your sacrifice in the future." Chloe still felt a little guilty in her heart, and her attitude towards him was much

gentler.

"A better person, a worthy person has appeared. Not far away in the horizon, but close at hand!" Vincent's phoenix eyes stared at her fiercely, his chest heaving up and down.

"Thank you for your kindness."

Chloe smiled gracefully and turned to leave gracefully.

Vincent froze in place, powerless and unwilling.

Was his confession rejected?

476

17:41

A Billion-Rich

It should be.

*

At the beginning of the evening lights, in ACE Club.

Tonight, Joseph was in an extremely bad mood. Vincent had ordered the person in charge to clear this place in advance, and only provided service to the two of them.

Joseph sat by the bar counter with a single shadow, and the cold aura emitted from his body made the bartender retreat.

In front of him, there was the black velvet jewelry box.

Joseph had been carrying it with him for the past few days, thinking that, he would give it to Raya when he had the chance, but he did not expect that woman to not even look at it. It was really humiliating!

He shook the iced whiskey in his glass, and the scene of Vincent wearing a necklace for Raya flashed past his eyes. He saw Raya smiling sweetly at Vincent, and the back of the two of them leaving together...

In the past, she only smiled at him like that, but now she was smiling like that to all men, except for him.

Raya, if you leave me, your entire person will be lowering, you are self-deprecating!

Joseph exhaled in resentment and drank the wine in his glass!

The bartender was dumbfounded. Drinking hard liquor like water was going to kill someone!

He poured another cup, picked it up, and was about to pour it in when a slender hand reached over and covered the mouth of the cup.

“Joseph, this is not how hard it is to drink strong liquor. It hurts the liver.” Joseph narrowed his slightly tipsy eyes and looked at Vincent beside him: He gritted his teeth and smiled, “What is a liver injury? It is much better than being secretly poached by my brother.”

“Poach? What the f uck am I poaching?!”

Vincent was not in a good mood either. He sat down beside him and said, “Give me a set too, just like him.”

“Vincent, Raya is not a woman you can touch,” Joseph said coldly.

“Why can’t I touch her?”

“She is already with Oscar.”

17:41

“Is it because I can’t touch her when she is with Oscar, or because she is your ex-wife and I can’t touch her?” Vincent asked with a smile.

Joseph’s throat was dry and his chest was so stuffy that it was about to explode.

“If it’s the former, then I don’t care. If it’s the latter, then I don’t care even more.”

The stimulation of words and the catalyzation of alcohol caused the emotions that Joseph had suppressed for too long to finally erupt.

He knocked the wine glass down and grabbed Vincent by the collar. His eyes were red like knives with blood.

“Vincent, with me here, don’t even think about targetting her! Unless I die!”

Chapter 68

Vincent was frightened by the man’s savage gaze.

Even when Grace left the country three years ago, he was not so angry!

In fact, Vincent was also half-joking. He was just like this. He was rich and powerful, and his mouth was cheap. He laughed and scolded his good brother.

He was just teasing Joseph, but he did not expect to step into his thunder zone.

This man’s minefield was really his ex-wife.

The bartender was so scared that his face turned pale. How many people in the entire Medo dared to grab Young Master Anderson by the collar?

“Joseph, do you... like Raya?”

Joseph woke up from the alcohol and his heart trembled heavily. His forehead was covered with fine sweat.

“Joseph, haven’t you noticed? Ever since you got married, you’ve become very abnormal.”

“Since you were young, you only have me as your friend. Now that things have come to this, aren’t you going to tell me the truth?” Vincent asked.

“I don’t like her.” Joseph bit down hard on each word, as if he wanted to crush them.

“Alright, You don’t like her. Just take it that you don’t like her.”

“Vincent!”

Vincent ignored his anger and said to himself, “Joseph, I will still say the same thing. If you like Raya and want to get back together with her, then as your brother, I will definitely support you.”

“But if you don’t have that intention, just because you can’t bear to see your former woman being pursued by another man, then I hope you can give me a chance to fulfill my wish.”

“Because I can see my heart clearly. I know what I want. I like Raya. I want to pursue her.”

Joseph felt as if he had been shot in the chest. He slowly released his hand and staggered back two steps.

Vincent straightened his back, took a breath to calm down, and took out

176

17:42

the sapphire necklace from the pocket of his suit.

“She...” Joseph was stunned.

“She didn’t accept it.”

Vincent frowned and smiled bitterly, “Raya is not the kind of woman who cares about worldly possessions as you think. As soon as she just left you, she returned it to me.”

“Sigh, Mr. Sawle, how exactly did you treat her in the past? When Raya saw you, it was as if she had met her natural enemy. When she found an opportunity, she would anger you and step on you.”

Joseph pursed his thin lips into a straight line.

When he thought of how he had ignored her feelings time and time again in the past three years, the scarred handmade suit, and the gifts that filled the wardrobe, he felt a sharp pain in his heart.

*k

After Chloe got off work from the hotel, she did not return home. Instead, she sent Jordan away and went to the cathedral in the western district of Medo.

The dome of the cathedral shone with golden light. It was elegant and magnificent.

Under the huge cross, Oscar, who was wearing a black priest outfit, held the Bible in his hand and lowered his long eyelashes as he spoke for the believers.

Chloe sat quietly in the back row and listened carefully. Her big brother’s voice was really pleasant to hear. She felt as if her body and mind had been cleansed from the inside out.

After the lecture, the believers dispersed.

Oscar closed the book and walked to his sister with a gentle smile on his handsome face.

“Why didn’t you tell me you were here?” He reached out and touched her head.

“Oh... I know you are busy. I’m afraid of disturbing you.” Chloe smiled and said coquettishly.

“What’s on your mind?” Oscar sat next to her and asked gently.

“So obvious?”

“Big brother, I did something wrong today. In order to anger Joseph, I

276

17:42

used Vincent.” Chloe sighed gloomily.

“I knew it was wrong, but I couldn’t control myself at that time! I saw him with Grace, and in order to buy a necklace for Grace, he competed with Vincent. My heart... was very uncomfortable.”

“I really wanted to make him feel pain, but we were clearly divorced. It was meaningless to do this, but I just wanted him to have a feeling that was meant for me, even if it was resentment.”

Oscar sighed and reached out to hold his sister’s trembling shoulder.

“Chloe, do you still have Joseph in your heart?”

“Big brother, I admit that I haven’t completely let go of him. After all, I have loved him for a long time. I once burned my entire youth for him. Those unforgettable memories are all his shadows...”

“Big brother, I am very afraid. I am afraid that I will lose the ability to love in the future. Joseph has dug out my heart. I may never be able to love another man like I loved him...” Chloe cried.

“Love is profound. Love is deep. As long as the human heart does not stop beating, he will never lose the ability to love.”

Oscar lowered his eyes and patted her. “Chloe, don’t be afraid. If the sky falls down, there will be your brother to support it. You just need to be clean and happy. You just need to be brave and pursue the love in your heart. Your life is not in vain.”

“I pursued it, but I am covered in wounds and unable to bear the burden.”

Chloe curled her lips bitterly, and her eyes were fragile. “Love doesn’t always come at the right moment, nor does it come at the same time for everyone, which makes me so hurt.”

Oscar slightly furrowed his handsome brows, feeling that she was too young to have such a worldly outlook. This was not a good sign.

Therefore, he changed his mind and said with a chuckle, “Chloe, don’t be too pessimistic. You once loved Joseph deeply. It means that he has some outstanding points on him. He might not be completely useless. Your youth is not wasted.”

“It’s just that there is less fate between the two of you.”

“In the past, I believed my vision was the finest on the planet. The person I love was also incomparable in the world. But now when I reflect... Heh, it’s probably more accurate to call me the most oblivious in the world...”

At this time, Chloe’s mobile phone vibrated.

376

17:42

It was a call from Jordan.

“Jordan, what’s wrong?” She picked it up.

“Young miss! I finally got through to your phone. Your signal is too bad!” Jordan swallowed his saliva and said in an excited tone, “Look at twitter! Quickly enter the live broadcast room! Skyler held a press conference and publicly apologized to the employees of our hotel!”

“Huh?”

Chloe suddenly stood up, her expression swept with resentment, her almond-shaped eyes wide open, shooting out a beam of surprise.

“The Sawle Group’s press conference began abruptly, as if they were eager to act swiftly and minimize the impact. But the live broadcast room had already attracted over five million viewers, and the number was still growing!”

“If they truly wish to lose face, they will fight to the bitter end. However, if they show some sincerity and open up, then it will be a different story. Tsk, with such a miserly attitude, how can they be a large consortium like this? It’s even worse than our KS!”

Chloe’s clear eyes moved, and she suddenly realized something.

Sawle Group’s attitude had also changed too quickly!

Yesterday, Skyler was still looking like she was going to fight to the death with her. She absolutely could not admit defeat so quickly. Something must have happened in between, so she had to change her mind.

Jake looked straight at Skyler as the apple of his eye, and there was also Aubree protecting her. Sawle Group would not let Skyler lose face.

Then who would add fuel to the fire?

Could it be... him?

Chloe shook her head forcefully, wanting to dispel this idea. However, looking at Sawle Group, there was no one other than Joseph who could force Skyler to submit. There was no one else who had the ability to do

SO.

If it was him, why would he do this?

Chloe took a deep breath and quickly hung up the phone to enter the live broadcast room.

At this moment, the live broadcast room was lively, like the New Year, and the barrage covered Skyler’s pale face!

17:42

A

And Skyler was already standing on the stage. She, wearing a black dress, bowed to a group of reporters. Her face was white and dark, black and red, like a rotten tomato, collapsing to the ground.

[Hahaha! For whom has the heavens shown mercy? What became of the consortium? Do you truly believe you can accomplish this task with only your hands?]

[Did Skyler put on makeup? She even put on makeup on such an occasion? Her head and butt are upside down! She should put on more makeup!]

[Tsk tsk, is this legendary stupid beauty?]

[She is really an idiot, a beauty? Hehe!]

Chloe looked at the negative comments with cold eyes, and her red lips slowly curved into an evil smile.

“Because I personally lost my personal item, I was in a hurry to vent my emotions on the innocent waitress of the hotel, causing her to have a seizure and almost lead to a big mistake. Once again, I feel deeply guilty and deeply sorry for the waitress...”

Skyler bowed and pretended to be pitiful. She squeezed out two drops of cat urine for half a day.

“But I am just like everyone else. I am also an ordinary person. I usually have troubles and sometimes I can't control my emotions. So I hope everyone doesn't be too harsh on me. These two days, I have encountered an unprecedented Internet storm. I have insomnia every day and my mind is about to collapse...”

“I admit that I was wrong, but I hope that everyone can look at this matter rationally... Don't rise to my family, don't insult them, please everyone...”

[I am really speechless! If Skyler apologizes, then apologize. Why is it on the show?]

[You cursed and pretended to be pitiful. She didn't complain when she was scolded!]

[If not for the netizens denouncing her, she wouldn't have apologized to that girl! This matter might have been covered up!]

[Crocodile's tears don't have any sympathy for her at all!]

Chloe narrowed her eyes that were like a little fox, and the smile on her face deepened.

576

17:42

Skyler was doted on by everyone in Sawle family, and today was undoubtedly the biggest suffering she had suffered in the past twenty-five

years.

She was naturally very unconvinced in her heart, but it would be best if she was not convinced.

It would be boring to just admit defeat like this.

Suddenly, another phone call came in, hindering the Eldest Young Lady's mood to enjoy the live broadcast.

Chapter 69

Chloe hurriedly picked it up and called out sweetly, "Second Brother."

"Little Sister! Your call is too difficult to call in. Are the people working on seats busy?" Riley's tone was very anxious.

"Did something happen?" Chloe frowned.

"Didn't your fourth brother contact you today?"

"No, ah, what did you say?"

"Last night, I drank with him. We both drank too much. He, he said too much!" Riley sighed worriedly.

Chloe's heart skipped a beat.

Her fourth brother had a strange habit. Other people could not take what they said when they were drunk. If he drank too much, he would definitely fulfill it the next day!

Moreover, other people would not remember what they said when they drank too much. However, he was born with an extraordinary memory. Even if he was so drunk that he could not stand up, he could still

remember what he said clearly. Such an extraordinary memory was also one of the top secret agents' skills.

"What did fourth brother say?" Chloe became even more nervous, feeling ominous.

"He said he wanted to kill Joseph!"

Chloe's mind trembled. If not for Oscar supporting her in time, she wouldn't be able to stand steadily.

"Fourth brother, this time, took a plane back from thousands of miles away to take revenge for you! Last night, he said that he wanted to teach Joseph a lesson. Even if he didn't want his life, he had to cut off his member. Otherwise, the hatred in his heart could not be resolved!"

"I originally thought that he would listen to you and not easily touch Joseph. Who would have thought that he would mention it again after drinking last night? Today, I called him for a whole day but he didn't pick up! Don't tell me he is going to attack Joseph?"

Chloe's heart was beating fast. She didn't even bother to explain to her big brother. She turned around and ran towards the church's door.

176

17:42

At the press conference.

Due to the lack of sincerity in Skyler's apology, the public resentment in the live broadcast room was already boiling, and she was sprayed with dog blood.

In fact, before she came, Aubree had personally made a draft for her to memorize and repeatedly told her not to put on makeup on the stage.

However, Third Miss Sawle had a good idea. On one hand, she was arrogant and refused to yield. On the other hand, she was conceited that she could earn the popularity of "the most beautiful daughter of a rich and powerful family" with her beautiful face.

In the end, all of them had the opposite effect. She did not hit the fox, but instead provoked a whole bunch of perverts.

[I now have a better impression of the hotel under the KS. Not only is the service good, but there are also excellent employees like the "angel girl". It is hard not to be angry!]

[I really don't have a good impression of Sawle Group! I will never book Sawle Group's hotel when I go out in the future!]

[Yes! Boycott! Let Sawle Group go bankrupt in the morning!]

Just as Skyler finished her apology, the reporters below the stage swarmed up. The microphone was about to hit her nose, and the questions they asked were sharper and sharper!

She had never experienced this kind of battle since she was a child. She was so scared that her legs went weak. Under the protection of two bodyguards, she ran all the way down the stage.

As a result, she didn't see any steps under her feet. She twisted her ankle and fell to the ground with a "ah" sound. It was so embarrassing!

This scene was crazily verified by countless flashes!

Two tall and strong bodyguards quickly picked up Skyler who couldn't stand up and carried her away like a little chicken.

Five minutes later, the hot search was [#SkylerGnawedOnS hit].

As she wished, the entire internet was on fire.

On this side, Joseph and Vincent supported each other as they walked out of ACE's clubhouse. The two of them were at loggerheads, and when they left, they had already put their arms around each other's shoulders.

276

17:12

A

It was really like getting drunk and getting rid of a thousand grudges.

The two of them drank quite a bit. Vincent was a wine addict, so he was only slightly tipsy tonight.

On the other hand, Joseph had drunk too much whiskey and was not in a good mood. At this moment, his peach blossom eyes were half-closed. He stretched out his hand and tugged at the originally meticulous knot. Her handsome face revealed a languid drunken state.

Vincent was afraid that he would roll down the stairs, so he hurriedly stretched out his long arms to hold him.

“Joseph, are you f*cking unable to do it? You’re DRUNK?”

“Man... I can.”

Joseph pinched the space between his eyebrows and felt that his head was heavy and his feet were light. “Why does my head hurt so much after drinking here... Is it fake wine?”

“! Even the toad is not as bad as you! Do you think that Raya was forced to run away by you just like that?”

Vincent saw that Joseph was gasping in a drunken daze, revealing half of his neck skin that was flushed red, and he could not help but Adam’s apple rolling.

Fortunately, he was a pure straight man who was even more straight than steel bars. Otherwise, with such a stunning man in front of him, even men might not be able to resist committing a crime against him. “Let’s go.” Joseph exhaled hot turbid air and pushed Vincent away. “Hey, hey, let me send you off.”

“I’m not drunk. Don’t look down on me.”

“F*ck, I am afraid that you will be taken advantage of by a wild man!” Vincent frowned and was furious.

“Do you think everyone is as a beast as you, Vincent? You such a beast!” Joseph narrowed his peach blossom eyes and curled the corners of his lips. He walked to his car without looking back.

The Maybach drove on the road that was almost empty.

“Mr. Sawle, the press conference is over. There are more negative comments on the third miss on the Internet than before, and it has already affected our Sawle Group’s reputation.”

376

17:42

“The impact is greater than we imagined...” Max reported worriedly as he drove.

“Our Sawle Group?”

“Yes, only when there is trouble and they have to find me to clean up the mess, will they say that this is ‘our’ Sawle Group.”

He had never regarded Sawle family as his own home. Other than his grandfather, no one regarded him as Sawle family's person, including his biological father, Jake.

'Since that was the case, let's sacrifice Skyler tonight and watch them collapse.'

She dared to use him as a tool and hit his wife. Now that Skyler had endured all this, he still felt that the punishment was light.

His wife...

Joseph was suddenly stunned, and his heart trembled because of his excessively naked thoughts.

That scheming and temperamental woman had cooperated with Vincent to put on an ambiguous act in front of him today. Was it to slap his face or to destroy his heart?

Joseph pulled at his tie again, annoyed. The fire in his heart gradually rose.

"Max, stop in front."

"Ah? Okay."

Max quickly parked the Maybach on the side of the road, and next to it was a park.

"Mr. Sawle, are you feeling unwell? Do you need me to prepare a vomit bag for you?" Max thought that he wanted to vomit, so he asked with concern.

"I think you look like a vomiting bag." Joseph raised his eyes coldly.

Max felt wronged for no reason. "..."

"Wait here. I'll go and relax."

Joseph opened the door, got out of the car, and walked straight to the public garden.

The street was empty, and the night breeze blew.

Joseph walked slowly along the shore of the lake, squinting his eyes to

17:42

feel the breeze blowing, and the depression in his heart eased a little. If the Lord were to sit down in the car again, he would really vomit. Suddenly, Joseph stopped in his tracks, and his expression turned cold.

"Who is it? Come out."

"Heh, as expected of a dog man. Your ears are quite sensitive."

A clear and melodious mocking laughter pierced straight towards Joseph's back. He slowly turned around and saw a tall and straight man standing not far away. His entire body emitted a rugged, cold aura.

Dressed in a black trench coat, shirt, trousers, and mask, his neat short black hair swaying in the wind, he made a striking figure.

He was like a god of the night.

"Who are you? Why are you following me?" Joseph's voice was cold and deep, and the muscles of his solid arms, which were hidden under the strict suit, were tense.

"I want to find trouble with you. Isn't that obvious?" Sami's lips, hidden behind the mask, curved up wickedly.

"Why?"

"Because you bullied someone who is very important to me. She was in pain because of you."

Sami tilted his head stubbornly and squeezed his fingers to make a crisp sound. "The child is not easy to coax. I think only if you are a hundred times more painful than her will her heart feel comfortable."

Joseph forced his eyes to focus and looked at the man not far away.

He always felt that this man's eyes and voice were somewhat familiar, but he could not remember who it was for the time being.

Sami approached Joseph step by step, and wherever he passed, there was a cold wind.

"Who is the person who is very important to you? When did I bully him?" Joseph forced himself to focus, but his expression did not change.

"Heh, I originally thought that if you had some self-awareness, I would have let you off a little. However, I was still too merciful. How could a heartless dog man like you, who was heartless enough to pierce through the heart of the earth, have the heart to repent?"

"If I don't let you suffer a little, you don't know that there is retribution in this world."

Chapter 70

As soon as he finished speaking, Joseph saw the man in front of him move like a ghost, quickly and violently rushing towards him!

Sami was rushing to cripple him, so his moves were strong and powerful, and his fists were as fast as lightning.

Joseph's face was heavy, and his tall body flashed, barely dodging two moves!

"Oh, you have some skills." Sami narrowed his eyes, his tone full of mockery.

Joseph's starry eyes were like torches as he took two deep breaths.

He had been retired for many years, and although he had never dropped out in boxing, he had not fought with anyone for a long time.

Everything he relied on was his basic skills and muscle memory!

After the two men exchanged a few moves, Joseph suddenly realized that he was very familiar with his skills!

There was a shadow of them learning close-combat skills when they were in the military academy.

Who was this man?

“Eh!”

While Joseph was distracted, Sami kicked him in the abdomen. He suffered a lot of pain, but he did not fall down. He only staggered back

two steps.

What a hard bone!

“Mr. Sawle!”

Seeing this scene, Max exclaimed and rushed to his side to support him. “How are you?”

“It's fine.” Joseph suppressed the pain and coughed lightly.

“F*ck... How dare you hit our Mr. Sawle? I'll fight it out with you!” Max was so angry that her eyes were red. He ran towards Sami regardless of anything.

“Max! Come back!”

Joseph wanted to stop him, but it was already too late!

177

17:42

With Max's skill that was inferior to even a three-legged cat, going there was just giving away his head!

“Heh, an ant trying to shake a tree, you overestimate yourself!”

Sure enough, the fist that Max swung out did not even touch Sami's

collar, and was directly knocked to the ground by the other party's left hook.

Joseph's eyes immediately turned red. “I must know you! Who exactly are you?”

Sami sneered and raised his eyebrows.

Of course they knew each other. They were all influential people in the same military academy, but they had no private contact other than training.

“Don’t you want to know who the most important person I am talking about is? It doesn’t matter if I tell you.”

Sami strode past Max and took two steps towards him with an ambiguous and evil smile.

“The person in my heart is your, your, ex-wife.”

Joseph’s ink-black pupils trembled and his fingers trembled. His two fists were as hard as iron.

“You’re courting death!”

Joseph’s strong muscles were confined under the grey suit, filled with the boiling and fierce hormones of a man.

The next second, his figure rushed towards Sami with the momentum of thunder. The two of them punched and kicked, and the tiger gave off the wind!

Sami’s eyes sank. He found that although Joseph had not been a soldier for many years, his skills had not deteriorated. Moreover, he was wearing a slim suit and it was difficult for him to lift his arm. He could still be so agile when he attacked. He really could not be underestimated.

He was very similar to a suit thug who was handsome beyond the horizon in the Hong Kong film!

After dozens of rounds, Joseph gradually fell into a disadvantage. His alcohol strength was not too much and his limbs were weak. It was already a miracle that he had survived until now.

Finally, he was heavily knocked to the ground by Sami, and there was a

277

17:42

burst of pain from his back.

“Dog man, die.”

Just as Sami wanted to go over and kick Joseph to vent his anger, another boy suddenly spoke up.

“In Medo’s territory, you dare to touch my, Vincent’s, brother? Who gave you the guts!”

Vincent ran over as fast as he could to block in front of Joseph. His sword-like eyebrows narrowed, and his long, narrow eyes shot out an angry glare.

“Another one, so troublesome.”

Sami narrowed his eyes, and just as he moved, he suddenly stopped.

What greeted him was a black gun.

Vincent actually took out a pistol from somewhere and pointed it at Sami's head!

“Don't come over! Otherwise, I'll make your head explode!”

In fact, Vincent was also very panicked. When he had just arrived, he had seen the two fight with his own eyes, so he immediately came to a conclusion.

It was impossible not to f**king dig out the guy!

“Vincent, don't mess around!” Joseph breathed a little, and his abdomen was cramping with pain.

“Brother, are you okay? He almost turned you into a black-and-white photo, and you still want me to show mercy?”

“If you don't want to die, then f*ck off, or I'll turn you into a sieve! If we, Anderson family, want you to disappear from Medo without anyone knowing, it will be easy!”

Sami didn't care at all, but his eyes were cold as he took another step forward.

“Joseph, run!” Vincent roared, his heart beating wildly as he pulled the trigger.

“Vincent! Stop!”

Bang!

A gunshot rang out.

However, the bullet from the gun did not hit Sami.

17:421

“Ouch... It hurts...”

Chloe suddenly flashed like a ghost and hugged Sami tightly with her body. The steel bead bullet also hit her left shoulder!

Although it was not a real gun, its lethality was still not to be underestimated!

Chloe's forehead was covered in cold sweat from the pain, and her entire body was trembling.

But even so, she still firmly embraced Sami, and she would not let go even if the sky fell and the earth cracked.

Joseph was shocked to the point that his pupils shook violently, and it was as if a 10,000-foot tall building had stepped on empty air, and his heart fell with pain!

All over his body, his internal organs... all of them were in pain, but when all of this pain was added together, it was not as severe as the impact of Raya blocking the gun for this man.

His wife, even his ex-wife, saw that the person who had been attacked was her ex-husband, the first thing she did was not think of him, but to protect the murderer who tried to kill him!

‘Raya, how can you do this to me?’

‘There should be a limit to your elbows turning to outsiders. You are clearly an accomplice of the murderer!’

“Little sister!”

Sami’s eyes widened. His large hand grabbed Chloe’s tottering shoulder, and then he opened his palm. The palm of his hand was dyed with a bloody red!

He sucked in a breath of cold air. His hatred exploded in his chest, and his heart ached as if a knife was being twisted.

“Vincent! I’m going to kill you!”

Vincent was also completely stunned, and the fake gun in his hand suddenly fell to the ground.

Raya appeared too quickly, and he had no time to react at all. Otherwise, how could he have fired this shot?

“Sami...”.

Chloe leaned softly in his arms, leaned on his shoulder, and gritted her teeth. “If... you still want me to recognize you as my brother... disappear

17:33

from here immediately! Otherwise, I will never forgive you my life!”

“But little sister...”

Chloe opened her scarlet eyes and pushed Sami away without a word.

Sami felt a stab in his chest. He knew that this little sister had really been angered by him. If he did not leave now, he would really lose this little sister!

Thus, he could only leave with hatred in his heart. He then contacted his big brother to send his little sister to the hospital.

Chloe temporarily heaved a sigh of relief. She could not care about her injuries and hurriedly ran over to check on Joseph’s injuries.

“Young Master Anderson, get the ambulance to come over immediately. Both of them need to be sent to the hospital for treatment.”

“But your body is also injured! You have to treat it immediately!” Vincent was so guilty that his throat was broken.

“My own body... I know what to do. There is no big problem.”

Chloe gritted her teeth and endured the pain. She stretched out her hands to make a preliminary diagnosis for Joseph.

“Don’t pretend to be Raya here... Get lost.” Joseph lay flat on the ground and gasped for breath, his eyes burning with anger.

He hated her for helping a murderer escape, but more than that, he was worried that her injury would worsen and wanted her to get medical treatment as soon as possible!

“I’ll get lost after checking you. Get away from me.”

Chloe lowered her long eyelashes and stubbornly used her soft hands to feel his legs to check if there were any fractures.

There were bruises on his handsome cheeks and blood stains on his thin lips. His spotless suit was extremely dirty.

She was not a clay puppet, so how could she not feel distressed?

That troublesome Demon King Fourth was really too ruthless!

“I told you... to get lost now! You don’t understand human language?”

Joseph was angry and anxious, shouting at her angrily.

“No! You have old injuries on your body! I have to make sure that you are fine before I leave!” Chloe was also anxious and roared back with red

eyes.

577

17:43

Joseph tightly locked Chloe’s serious and beautiful face, and his heart was full of doubts.

How did she know that he had an old injury? Did Vincent tell her?

*

Soon, the ambulance arrived and sent Joseph and Max to the nearest hospital for treatment.

Fortunately, Joseph only had a superficial wound and did not hurt his muscles or bones. The old injury did not relapse, so Chloe was completely relieved.

In the hospital, Vincent always accompanied Chloe. Except for the time when he took out the steel beads on his shoulder and had to avoid them, he always accompanied her around the rest of the time.

“How is it? Did the injury hurt your bones?”

When Vincent saw her coming out of the consulting room with a pale face, his heart was in his throat.

“It’s just a few stitches. It’s no big deal.” Chloe smiled faintly and shook her head.

“A few stitches... Are you saying it’s just a small matter?”

Vincent felt his heart stop for a moment. His arms froze in the air, and his heart was full of self-blame.

“Will you be sick? Will there be any sequelae and inconvenient movements?”

“Raya, tell me the truth. You must tell me the truth!”

“Pfft...”

Chloe didn’t know whether to laugh or cry. She gently teased, “You mean that if I am not crippled, I will be letting you down. If I am truly crippled and this arm can’t be used in the future, what will Young Master Anderson do?”

“Marry/you.”

Chloe’s beautiful eyes widened. “What?”

Vincent’s Adam’s apple rolled heavily. His eyes were red, and he said word by word in a hoarse voice, “I will definitely be responsible for you to the end. Raya, if you are really crippled, then I will marry you. I will never let you suffer any more grievances in the future!”
