

## Chapter 0011

Kailey's expression became even more unpleasant. She never expected that Renea had an ace up her sleeve.

"Renea, how could you do this? I never accuse you of stealing the watch. You claimed that the watch was a gift from me, but you didn't accept it, right? So, where is it now?" Kailey said with a pitiful and aggrieved tone.

Dylan took advantage of the situation and chimed in, "Renea, since you said that you didn't take it, do you dare to undergo a body search?"

"Body search?" Renea scoffed. Then, she swiftly stepped forward and snatched the expensive handbag from Kailey's hand.

In front of everyone, she opened the zipper and emptied its contents.

A limited-edition K&Q diamond bracelet dropped from Kailey's bag.

Renea threw the handbag onto the ground, looked at Dylan, and asked, "Do I still need to undergo a body search?"

For a moment, there is a pin-drop silence in the hall. No one spoke.

Kailey was stunned by the sudden change of events and wondered, "Why is the bracelet in my handbag?"

Seeing the situation was not favorable, Susan immediately stepped forward. With a fake smile, she looked at Renea and said, "Oh, it was just a misunderstanding. Renea, if you don't take it, it's fine. Maybe Kailey has misplaced it."

Susan wanted to downplay the incident.

However, everyone presents or the people who watching the livestream were not fools. They understood what had happened.

Instantly, the way they looked at Kailey changed.

"It seems like I no longer belong in this family. Thank you for taking care of me all these years. I will move out now and no longer disturb your lives," Renea said in a calm voice.

There were no emotions that could be seen on her face.

However, the people felt sorry for her because of this exact reason.

"Renea doesn't deserve this. I remember, two years ago when Sir Morris was caught in the fire, it was Renea who rushed in and saved him. She even suffered a big burn on her back."

"Even if she isn't their biological daughter, they should not drive her away like this. If these accusations were proven true, how would Renea survive in Z city in the future?"

"Kailey is really malicious. She truly lives up to her origin."

After being silent for a while, the hall was in uproar.

Renea had already started to walk away.

Seeing that the situation was getting worse and worse, Leon tried to stop her.

After all, he doesn't let Renea leave like this in front of everyone. Not only it would damage the reputation of the Morris family, but it would

also cause him to lose the portion of the inheritance left by his father.

"Renea don't be childish. Although you are not my biological daughter, I have raised you for 18 years. I have always treated you as my daughter. Where else can you go if you leave the Morris family's residence?"

Then, without giving Renea any chance to speak, Leon turned around and gave Kailey a hard slap.

Renea was also shocked upon witnessing the scene. After all, she did not expect this.

"Dad!" Kailey covered her face with her hands. She felt wronged and she became tearful.

Dylan stood in front of Kailey and protected her. "Dad, it's just a misunderstanding. Besides, Kailey didn't even accuse Renea stealing her watch."

"That's right, honey. Kailey has only misremembered it. Now that we have clarified the situation, can't we just let it go?" Susan felt distressed for Kailey.

Looking at the drama put up by the family of four, Renea's lips curled up into a mocking smile. She even wanted to clap...

When she was wrongly accused and mistreated, no one spoke up for her! Was it because she wasn't their biological daughter?

But what was her eighteen years of devotion for?

"Shut up you all!" Leon scolded.

Susan and Dylan immediately shut their mouths.

"You, go upstairs and reflect on your mistakes. You are grounded until you acknowledge your mistake," Leon rebuked angrily.

Kailey ran upstairs in tears while covering her face.

Leon's act of sacrificing family ties for the sake of justice had won him quite a bit of favor.

To be honest, he was well aware of who orchestrated this charade today.

Since Kailey had left, the banquet ended hastily,

Back in her room, Kailey smashed everything into pieces. However, the hatred in her heart remained unresolved.

"Renea Morris!" Kailey gritted her teeth as she exclaimed. With a grim gaze, she tightly clenched a voodoo doll.
