

## Chapter 13 Some crabs want to frame me up

Lucas began to wonder how much hardship Lala has suffered in his home. He knew that his family never supported his marriage, but he never imagined that their hatred was this much. He looked at Lala and regretted the way he has treated her in the past.

The pain in Lala's heart and the hurt from her humiliation made her remember the party last night.

"All these idiots will pay for stepping on my toes including Nadia," Lala thought in her heart.

"Take her away, and I don't want you to release her until she obtained Miss Edison's forgiveness. Until then, no money for you" Lucas told Nadia and walked out of the place.

"Brother, please don't leave me here, please" Nadia started screaming immediately after her brother left the place.

Afterward, the police came and took Nadia away. That was when they discovered that Molly was no longer in the room.

"Thank you, Elise," Lala said.

"Is okay, are you hurt?" he asked

"Not at all. Nancy thank you for standing up for me" She said smiling at her good friend. Nancy was already shading tears.

"Com'on let's get out of here," Elise said and took the women away.

Once again Lucas felt useless and stupid in the eyes of Lala. He didn't bother to find out from her what happened, instead, he jumped to conclusions and believed his sister Nadia like always. She would have felt hurt in the past, but not anymore.

"Lala look!"

Nancy said showing Lala her phone. The incident that happened in the mall a few hours ago is now trendy news on the internet. Lala's pictures with handcuffs were everywhere and the picture of the gold wristwatch was also captured.

Lala's heart was broken by the comments that followed.

"I have seen this woman before. She looked innocent but deadly" someone comments

"She is not a good person. I saw her at an elite party last week, she was with Elise the business tycoon" another comment said.

"What will Elise have to do with such a dirty woman? She caused trouble at the party too"

"I look at her humiliating picture at the party, she must have stolen something" another person commented screenshot of the pictures of Lala at the party where Dolly and the other women humiliated her.

Lala quickly turns off the phone and throws it on the bed.

"That idiot, I will teach them a lesson they will not forget in a hurry"? Lala stood up in angry and stormed out of the room

"Lala waits, wait" Nancy yelled after her, however, Lala left her compound before Nancy could come outside and drive toward her private cottage.

A few minutes later she came out wearing a skintight suit that was made of Spandex. The costume was black with black gloves, black boots, a mid-section belt, and a mask. She wears her helmet and entered her power bike then she drove out of the compound.

Nora was done for the day, she closed her shop, enter her car, and drove out. Opposite her shop was Lala waiting patiently for her to come out.

She started her bike as soon as she saw Nora driving out, within a few seconds, she has covered the distance between them, however, she allowed Nora to drive out of the busy street

to the lonely path that led to her home before bumping her bike into Nora's car.

Nora's car bounces up and down, then it took off at full speed and hit the nearby tree along the road. It stopped instantly, and Nora hit her head on the roof of her car. She held her head with her trembling hands in pain and quickly came out of the vehicle.

"What is wrong with you aren't you looking at where you are going," Nora asked still holding her head.

"What the hell is going on here?" She screamed as soon as she faces the person in front of her.

"What! Are you surprised to see me?" Lala asked swiveling around the long whip in her hand.

"I don't know who you are, you better get out of my way before I call the cops," Nora said backing off

"I will be glad to see you do that," Lala said and throw her long whip on Nora's hand, somehow the whip caught her hand and Lala pulled Nora closer to herself before grabbing her long blonde hair.

"You have the gut to humiliate me with that your lousy friend Dolly. I m gonna make you pay big time." She said and kick her in the stomach, Nora let out a painful cry before landing on the floor. Lala grabbed her again and hit her harder. Nora slumped on the floor, however, Lala did not let her go. She took her to a tree and tie her up with a rope. She stretches her whip and started flogging her with it.

Nora was screaming for help, but no one heard her cry. It was late in the night and nobody was in sight. When Lala was satisfied, she broke her fingers and said.

"This is for slapping me"

With that, Lala drove out of the scene. Nora was in great pain, she was crying for help, but got none.

Meanwhile, Lala dropped the power bike and removed her costume in her private cottage before returning to her home in the Mega estate.

Lala received a phone call from Evans. He was her good friend. She met Evans in Alaska three years ago. He was a guru in the entertainment industry. Evans once begged her to join the entertainment industry but Lala refused because she has a greater plan. She intends to fulfill the Old Donald's wish to make Mega estate the strongest and biggest estate in Newland.

"Lala what is going on, I saw the news," Evans asked

"Some carbs what's to frame me up," Lala said

"What do you want me to do? Whatever you wished, consider it done" Evans asked still feeling bad at the news.
