Finding out the Billionaire Chapter 40 Nine Heaven Scrolls Elsa was disappointed, but more than that, she was worried. Even so, when she saw Alex walking towards the grave, she suddenly thought that this might not be such a bad thing. The tunnel to the grave was narrow and could only accommodate two people at a time. Alex jumped right in.

Truth be told, he was curious about what could be dug out from an ancient grave.

At that moment, the bearded man and a few guys walked out, carrying a muddy porcelain vase and a black box.

“Who are you?”

” When they saw Alex standing in front of them, they were taken aback.

If it were only Alex there, they would not be bothered.

However, what worried them was that everyone had entered the grave, leaving no one outside to stand guard.

Hence, they did not know what was happening outside.

“Give that to me.

” Alex stared at them coldly.

“F*** you!

Are you trying to die?

” When a grave looter heard him, he tried to hit Alex with his shovel.

Scoffing coldly, Alex cocked his head to the side.

After snatching the shovel away from the man’s hands, he slammed it against his head.

Thud!

The man felt his ears ringing as he swayed around and soon collapsed on the ground.

“Damn it!

Kill him first!

” yelled the bearded man furiously.

After placing the porcelain vase and the black box down, he pounced at Alex.

But, at the next moment, Alex slammed the shovel against his head.

He, too, swayed unsteadily before collapsing on the ground.

The others started to retreat backwards in fear.

Yet, as Alex had already started his attack, he did not plan to let them off the hook.

Chasing after them, he took each of them down with a smash of the shovel.

Soon, all eight of them collapsed onto the ground.

Glancing at the grave looters who had been knocked unconscious, Alex tossed the shovel aside and walked towards the porcelain vase and black box.

After looking at the vase briefly, he turned his gaze to the black box.

Although the box was very tattered, it exuded an ancient aura.

There were engravings on it, but they were long since smudged.

When Alex opened the box out of curiosity, he was instantly stunned.

There was an ancient book inside, named Nine Heaven Scrolls.

Taking the book out slowly, he flipped to the first page and saw the words, ‘The way of the Earth is all-encompassing and omnipotent... The human body is a microcosm of Heaven and Earth.

It is only by devoting your mind to the fascinations of the world can you discover a world new...’ Flipping through the pages, a glint of excitement flashed across his eyes.

The Nine Heaven Scrolls is indeed all-encompassing.

It included pagan divination, geomancy, alchemy, and even ancient forms of medicine.

“Now this is what I called a treasure!

” Excited, Alex kept the ancient book before searching around the depths of the grave.

When he did not find anything useful, he left.

The moment Elsa saw Alex appear, she started to worry, unsure if he had been tempted by the treasures inside.

“What... What are you going to do?”

” As Alex walked towards her, Elsa started to panic.

She could not tell what he was going to do from his indifferent gaze.

Under Elsa’s flustered expression, Alex untied the ropes around her silently.

“I’ve knocked them out cold, so they probably won’t wake up for an hour or so.

You can settle the rest.

” With that, Alex started walking in the direction where Flynn was.

“Hey, what’s your name?”

Thank you for today!

” Relieved, Elsa yelled at Alex’s back.

However, he did not respond to her and soon disappeared from Elsa’s sight.

“What a weirdo!

But he’s quite handsome, huh?

” mumbled Elsa as her eyes lit up.

Then, she whipped out her phone to call the criminal investigation team over.

Finding out the Billionaire Chapter 42

Finding out the Billionaire Chapter 42 Spare Him And I Will Agree To All Of Your Requests “Susan.” When Zachary saw the wealthy lady standing outside of the iron gates, he called out to her indifferently. “Zachary, do you remember what I told you when I locked you up in the Doomsday Prison?” Looking at Zachary, a mocking look appeared in her eyes. Zachary’s face twitched. However, he quickly regained his composure.

“I said that when I finally catch that illegitimate bast*rd, Alex Jefferson, I’ll visit you personally,” said Susan.

Zachary smirked.

“You’ve only caught him after eight years?”

Looks like the Jefferson family is already ruined in your hands.

You’re not doing a good job, huh?

” Susan’s expression changed as she snapped fiercely, “It’s all because of you that the Jefferson family’s liquid assets have been transferred to Alex’s card.

That’s why the Jefferson family has fallen to such a state.

” Scoffing coldly, Zachary mocked, “Do you know what’s the situation in the Jefferson family when the bastion was passed from my father to me?”

Back then, the Jefferson family was barely holding its own.

Even in the second-tier family, we were one of the weakest.

However, with my sole effort, I managed to make the Jefferson family one of the top families in the nation.

We even entered the ranks of the Lumenopolis’ top five families.

Yet, you’re still denying that you’re not a piece of trash?”

” Susan’s face flushed in fury.

However, a cold smirk reappeared on her face as she sarcastically said, “You are indeed very impressive.

But so what?”

In the end, you’re still locked up in the Doomsday Prison by me.

” Zachary did not respond to that.

After all, this was indeed the biggest blemish in his life.

Although he had always been careful, he never expected Susan to be more ruthless than him.

She had spiked her private parts with drugs.

When he was drunk and slept with Susan, only then did he realized he fell for her trap.

Otherwise, even if Susan summoned all the skilled experts in the Morrison family, he would not be threatened.

Zachary rarely admired anyone in his life.

However, his wife, Susan, was an exception.

“Aren’t you concerned about how I’ll deal with that illegitimate bast*rd?”

” Susan looked at Zachary teasingly.

He remained silent.

Although he looked calm on the surface, he was actually very worried.

He knew that in order to save his son’s life, he should not anger Susan now.

“Don’t worry.

After all, he’s your biological son, and I’m his stepmother.

I’ll still have to show him some mercy.

But the fact remains that he took the Jefferson family’s liquid assets that were worth hundreds of billions, and escaped to Nebula City.

Now, because of that, the Jeffersons had fallen to the ranks of a second-tier family.

He must shoulder this responsibility.

” Smirking, Susan continued, “That being said, I’m not a merciless person either.

The most that I’ll do is break his limbs, castrate him and let him spend the rest of his life peacefully on his bed.

” Zachary’s heart skipped a beat as a murderous intent flashed in his eyes.

He believed that Susan would definitely do what she said.

Gritting his teeth, he said, “Spare him.

I’ll agree to all of your requests.

”

Finding out the Billionaire Chapter 43

Finding out the Billionaire Chapter 43 The Wrath of Zachary 1 “Does a prisoner in Doomsday Prison like you still have value to me? ” Shooting Zachary a mocking look, she said condescendingly, “Yeah, you do have some semblance of value left in you. Every time I torture that illegitimate bast*rd, I shall share the news with you. Although I have to spend fifty million to visit you, it’s worth it because it makes me so happy.” Susan is a complete lunatic!

Zachary felt worried and furious at the same time.

However, he did not dare to show his anger visibly.

Even though he was the strongest person in Lumenopolis in the past, he could only suppress his rage in front of Susan now.

“Don’t worry, I’ll visit you two days later.

By then, I’ll send you that illegitimate bast*rd’s limbs and privates.

You don’t have any meat in the prison, right?

I’ll also send you some bottles of good wine.

You can pair your meal with some drinks, then.

Haha!

” The more Susan spoke, the more delighted she became.

When she saw the rising fury in Zachary’s eyes, she became excited.

“Don’t force my hand!

” Zachary took in a deep breath as he clenched his fists slowly, the veins at the back of his palm bulging.

“Force you?

” Susan scoffed coldly.

“Did I force you when you insisted on bringing that b**** back to the Jefferson family?

Shane is your eldest son.

The purest blood of the Jefferson family runs in his veins.

Yet, you treat him differently from that illegitimate bast*rd.

Have you ever thought about how I felt?

You even declared everywhere that that bast*rd is the heir of the Jeffersons.

Did I force you to do that?

” Susan raised her voice as she became more agitated.

When she remembered these events, she wished for nothing more than to rip Zachary’s limbs off.

“Because of how you spoilt him, Shane has become a piece of trash.

With such a playful and indecent character, does he have the ability to manage the Jefferson family?

Also, I believe that after Alex takes control of the household, he will not, and dare not, mistreat you!

” rebuked Zachary in a deep voice.

“Ha!

Hahaha!

” Susan laughed in fury.

“What about now?

Shane is the only heir left of the Jefferson family since that illegitimate bast*rd is going to be your snack.

Don’t you find that so ironic?

” “What do you want so that you can spare him?

You’ve already killed his mother.

Isn’t that enough to vent your hatred?

” Taking in a deep breath, Zachary tried his best to suppress the fury within him, which was threatening to erupt any minute.

“Spare him?”

” Susan’s expression became vicious.

“Dream on!

I’ll definitely send you his limbs two days later!

” As she spoke, she spun around and walked outside, wishing for nothing more than to capture Alex right away.

“Susan!

” Zachary yelled furiously.

The energy in his body soared, causing his clothes to flutter in the air.

“If you dare touch Alex, I’ll kill the entire Morrison family to avenge him!

” “Hmph!

Kill the Morrison family?

” Susan turned around and mocked, “You can brag all you want after you escape from the Doomsday Prison.

I’m leaving now.

See you two days later.

” “Argh!

” Zachary bellowed furiously, his deafening roar echoing throughout the entire venue.

The entire Doomsday Prison suddenly trembled and everything started to shake.

When the prison guards who brought him out saw that, they could not help but shudder in fear as terror flashed in their eyes.

Boom!

Zachary punched the iron gate, smashing the grills which were as thick as an arm apart.

“I’ll kill you today, b****!

” Without the iron gates blocking him, Zachary charged and pounced at Susan.

His eyes were completely bloodshot, with a murderous glint flashing across them.

He had reached the peak of his fury.

When the other inmates heard Zachary's roar, their scalp prickled with horror.

Seeing that Zachary had smashed the thick iron gates apart and was rushing towards her, Susan was terrified.

Only then did she realize how fearsome Zachary was.

When she saw Zachary's immense rage, she trembled in fear.

Her legs lost their strength and she fell onto the ground.

Finding out the Billionaire Chapter 44

Finding out the Billionaire Chapter 44 The Wrath of Zachary 2 "Kill him quickly! Kill him! Kill him!" screamed Susan in fear. However, the prison guards were even more scared than her. They had witnessed Zachary fly into a frenzy before. That time, at least twenty inmates had been ripped apart by him. He was the epitome of terror! Now that history had repeat itself, the prison guards were scared out of their wits that they ignored Susan.

Seeing how Zachary was almost within striking distance, all the color drained from Susan's face, knowing that he would definitely rip her apart.

She was so scared that she lost control of herself and peed her pants.

A deep sense of regret engulfed her.

If she knew that Zachary could smash the iron gates apart, she would never have dared to provoke him.

Her dignified and noble image had vanished.

At this moment, she was no different from an ordinary woman in the face of death.

In fact, she was even more pathetic.

Just then, a middle-aged man suddenly appeared on that level.

When Zachary was about to grab Susan, the man whipped out a remote control, aimed it at Zachary, and pressed a button.

Crack!

At that moment, electric currents surged through the metal chains tied around Zachary.

Like bolts of lightning, the electric currents enveloped his entire body.

“Argh!

” Zachary’s body trembled, his eyes still bloodshot.

He felt immensely reluctant to give up.

His hands were barely inches away from Susan.

But these few inches felt like a few kilometers for him as he could not grab Susan anymore.

As he watched Susan take the opportunity to escape, despair filled his bloodshot eyes.

“Wilson Reich, I’ll definitely tear this Doomsday Prison up!

Not only will I do that, but I will also cut your head off and give it to my son as an offering!

” Zachary’s roar was so deafening that the entire Doomsday Prison trembled.

All of the prison’s inmates started shivering in fear.

Although they were bigshots themselves, they were nothing compared to Zachary.

The electric currents electrocuted Zachary for half an hour.

Only then did he collapse onto the floor in exhaustion.

Yet, after all that, he did not lose consciousness from the electric shock.

Although his body was completely numb, his mind was clear.

Glaring fixedly at Susan who stood not far away, two streams of blood trickled out from his eyes silently.

The blood mingled with his messy beard, making him look exceptionally menacing.

“Kill him!

Kill him quickly!

” Finally returning to her senses, Susan yelled at the middle-aged man, “He’s a demon!
He’ll escape the Doomsday Prison one day.

Don’t let him live!

” “Huh?

” scoffed the middle-aged man coldly as he glanced at Susan.

“Since when can a woman like you dare to dictate the Doomsday Prison?

” Susan’s heart skipped a beat as she started to fear the man.

“Get lost!

Do you want me to blacklist the Morrisons?

” The middle-aged man yelled.

Susan’s heart started beating at an erratic rhythm.

Not daring to offend him, she nodded hurriedly.

Before she left, she looked at Zachary and said menacingly, “Zachary Jefferson, I’ll definitely let you witness how pathetic your illegitimate son will be.

” With that, she quickly left the prison as if she were running for her life.

Zachary’s heart sank.

His numb body started to quiver uncontrollably and he finally calmed down.

However, the bloody tears in his eyes flowed continuously.

The middle-aged man pressed the remote control and the electric currents flowing through Zachary’s body stopped.

“I’m sorry, Mr.

Jefferson.

This is the Doomsday Prison’s rules.

In the prison, you are not allowed to kill Susan.

Go back and rest.

” The middle-aged man waved his hand and the prison guards walked over timidly.

“Tell Winston that if my son dies in the hands of Susan, I’ll hold him accountable for it.

I’ll give his head to my son as an offering.

And yours too!

” Zachary glared at him coldly.

The man did not say anything, he merely waved his hands and signaled for the others to bring him away.

Then, he spun around and left the Doomsday Prison.

Finding out the Billionaire Chapter 45

Finding out the Billionaire Chapter 45 A Guest For The Jefferson Family “Who are you looking for?

” At the entrance of the Four Seas Corporation office, a vicious-looking middle-aged man could be seen walking over, and James, who was on duty, stopped him.

“Tell Alex Jefferson to come out!

Otherwise, I’ll barge in.

” The man looked at James coldly, his eyes as sharp as an eagle.

James frowned, thinking that this man was not an easy opponent to deal with.

However, as a veteran, he did not back off.

“How dare you create a ruckus at the Four Seas Corporation?

Do you have a death wish?

” Scoffed James.

Slap!

A cold glint flashed in the middle-aged man's eyes as he raised his hand and slapped James' face.

Not having time to dodge, James flew backward from the man's slap and collapsed on the ground three meters away.

His head became dizzy and muddled after his fall.

"Damn it!

Where did you come from?

How dare you stir up trouble at the Four Seas Corporation?

Everyone, restrain him!

" When Jonathan, who had just exited the security office, saw this scene, he yelled angrily and charged at the man.

The other security guards followed suit quickly.

"You must have a death wish!

" A look of contempt appeared in the middle-aged man's eyes.

Swinging his right arm around, he slapped Jonathan and the other security guards, sending them flying away.

Their faces paled as they glared at the man fearfully.

Jonathan actually retired from the special forces.

Normally, even ten security guards would be of no match to him.

Never would he had expected that he could not even defend himself from this middle-aged man.

This man is a powerful expert!

"Tell Alex to come out right away.

Otherwise, I'll cripple all of you!

" A vicious glint flashed in the man's eyes as he instructed them sternly.

Jonathan and the others trembled in fear when they saw the man's terrifying gaze.

He's too strong!

"Manager, inform Mr.

Jefferson quickly.

This man is too much for us to handle!

" said a security guard with a quivering voice.

"Are you trying to kill Mr.

Jefferson?

" Jonathan glared at the security guard unhappily.

"Yeah, we mustn't let Mr.

Jefferson come down.

We must inform him to run away as fast as possible!

" said James quickly when he finally regained his senses.

Jonathan nodded and fished out his phone to call Alex.

But before he could press the call button, James had already called Alex's phone.

"Mr.

Jefferson, something bad happened.

A really strong man appeared outside and he's looking for you.

Escape through the backdoor now!

" exclaimed James the moment Alex picked up the call.

"F*** off!

" When the middle-aged man heard that, he strode over, grabbed James' arm, and twisted it forcefully, dislocating his arm.

"Argh!

" James shrieked as he rolled around in pain.

When Jonathan and the rest saw it, their scalps prickled with horror, not daring to approach the man anymore.

For these few days, Alex had handed his work over to Jack and locked himself up to train.

Not only did his powers improve significantly, but he had also gained a lot of knowledge about geomancy and ancient medicine.

The Nine Heaven Scrolls was simply so amazing that he could not stop reading it.

Just when he saw that it was about time to pick Stanley up, he received James' call.

When he heard James' words and his miserable howl through the phone, his eyes widened as a murderous glint flashed past them.

"Have they finally come for me?"

"Alex kept his phone and rushed out of the office quickly.

He knew that the Jefferson family would definitely come in these few days, hence he was not very surprised.

If this happened a few days prior, he would still be slightly worried.

After all, he knew how strong the experts in the Jefferson family were.

But now, although he was not confident that he could defeat them, he was certain that he could defend himself.

"Alex!

"Mr.

Jefferson!

"When Alex reached the entrance, Jonathan and the rest greeted him quickly, their gazes betrayed a sense of anxiety.

The middle-aged man was too scary.

They wanted Alex to run away quickly, but since he had already arrived in front of the man, it was impossible for him to escape now.
