### Chapter 0042

"What do you mean? Do you want Dylan to give up his career?" Susan questioned.

Renea smiled, "That's not the only thing he needs to do."

"Renea, you have finally revealed your foxy tail. You want Dylan to withdraw from the entertainment industry and even lead the Morris family. You have long coveted Blue Records, haven't you? I think you are the one who caused Dylan's trouble."

"Hubby, you must not believe her." Susan said hurriedly as she tugged on Leon's hand.

Dylan was her hope. If Dylan had nothing, she would lose all her bargaining chips.

Leon shook off Susan's hand and scolded angrily, "He has done such a thing. How can he continue to stay in the entertainment industry? They have already proposed to terminate the contract."

Although Dylan was Leon's son in the face of interest, Leon decisively chose benefits.

"Honey do you really want Dylan to withdraw from the industry?"

"Not only is he going to withdraw from the industry, but I'm also going to cancel the contract between him and Blue Records. From today onward, he is no longer the son of the Morris family." Lyon said coldly, those heartless words without any expression.

Dylan raised his head in disbelief and Susan was shocked.

“Dad, what did you say? Are you going to drive me out of the Morris family and not recognize me as your son?” Dylan asked incredulously, thinking that he had heard it wrong.

Susan stepped forward and tugged on Leon’s arm. Crying, she tried to pursue him, “Hubby, is this that serious? How is Dylan going to live if you let him leave the Morris family?”

Leon remained unmoved.

“Darling, Dylan is your son. How can you be so cruel to him?”

In the end, Leon could not bear it. “I am only temporarily asking him to leave the Morris family. Let’s wait until this show is over. I will let him stay in the mountain villa for a period first.”

Susan stopped crying and didn’t dare to say anything else. She was afraid that she would annoy Leon.

They had been married for more than 20 years, and she knew how selfish he was so well.

The corners of Renea’s mouth curled upward as a cold smile flashed by.

Blue Records made a statement that they would officially cancel the contract with Dylan, and all the business matters related to him would stop.

Dylan was completely banned.

Leon also said that Dylan was immoral and apologized for not teaching well. He recorded an apology video. The hidden information in the video

shows that Dylan's behavior was so bad that he was no longer qualified to be the heir of the Morris family.

For this result, the netizens accepted it. After a few days of discussion, the matter was settled.

Although the stock price of Blue Records rose in the stock market, what happened to Dylan still had a great impact on it. Previously, there had been something wrong with cash flow, and now things become even worse.

At present, the only thing that could solve the dilemma of Blue's record was to make a good play in a short period. As long as the play becomes popular interests and fame would follow one after another.

Renea's previous words impressed Leon. He had already started asking the company's editor to search for well-return BL novels.

Because novels already had a solid fan base. With the advantage of effective early-stage marketing, they would ultimately gain broader popularity.

In the private room of the coffee shop at the school gate.

Carson, dressed in a black suit strode in at this time. He was radiant and full of momentum. He was completely different from the way he looked when he served Amelia as an assistant.

"Miss Morris!"

"You can just call me Renea! You've been in charge since the company was established. I'm just hand-off boss."

She was probably the most relaxed boss.

“Renea this is my plan for the development of the company. Take a look.” Carson said as he handed over the proposal.

Renea accepted it and looked at it carefully. She was quite satisfied with his plan. “Good job. I know I was not mistaken. You just do as you plan. As for the money, you don't have to worry.”

Being confirmed, Carson was naturally happy. However, after a moment of happiness, he frowned and said, “Renea, we have taken a fancy to the BL novel market. At present, Blue Records has also taken a fancy to it. I heard that they have won the most popular BL novel ‘Reborn: Magic of Love.’”

Renea chuckled inwardly. Leon's actions were quite quick indeed.

“It's okay. There is more than one BL novel. Besides, “Reborn” Magic of Love' isn't something well choose. You should know that even the Sky-reaching Bomb might become a dumb one. Those that look like dumb one may explode with a bang.”
