

## Chapter 0058

Renea narrowed her cold eyes. Her piercingly icy gaze was like a sharp dagger.

Kailey was shocked by her aggressive gaze.

In her eyes, Renea was just a silly girl with a bit of a good look. How could she have such a fierce gaze?

"I... I..." Kailey lowered her gaze, looking like she was wronged. She began to sob as she said, "Why did you have to say such a heartfelt word? Although I am the biological daughter of Dad and Mom, I have not been livid in the Morris family for so many years.

"And now, even though I have returned home, Dad and mom have been taking care of my daily life. How can I ask them for money? Unlike you, you have been living in the Morris family for so many years. Grandpa and dad, doted on you very much> Grandpa have even left half of the Maoist family inheritance for you."

With just a few words, Kailey was able to make clear how her life had been after her identity was switched and how was her status different from Renea's status in the Morris family.

People in the crowd even begin to sympathize with Kailey.

Many others who like to do live streaming also begin to record videos of this scene. If they posted such a contradictory thing on the Internet, it would attract a lot of viewers.

Meanwhile, Daron, who was standing under the tree not far away, was silently watching everything.

“Sir, the person wearing the blue T-shirt is Renea, the fake daughter of the Morris family, and also the person who figured out how we operate.” Ebert said lowly.

He could not have imagined that someone so capable could only be 18 or 19 years old if he had not seen it with his own eyes.

Daron’s intense stare narrowed slightly, never taking his eyes off Renea. He looked at her for a long time before revealing his thin lips and remarking, “Her eyes are very pretty.”

Ebert was speechless for a second. His boss was certainly focused on the wrong thing.

On the other side, Renea, who was the subject of the attention, was still as calm and collected as before, not being affected at all.

“Renea, please just help Tia. Even if you don’t take her as a friend anymore, you guys have been in the same high school for three years. For the shake off your classmates, lend her thighs life saving money. I believe Tia will be very grateful to you.”

Since Kailey had already said this, Renea would appear very heartless if she didn’t lend the money to Tia.

Everyone was waiting for Renea’s response. As long as she refused, the criticism she would receive from the onlookers around her would drown her.

Choosing a crowded and lively place like the park coupled with Kailey’s moral kidnapping, the scheme was indeed very good.

However, how could Renea be affected by the sound of the outside world

after her rebirth? Now, she was just being herself.

“Help you?” Renea smirked as she said, “Do you deserve it?”

As soon as Tia heard this, her face changed dramatically.

To Kailey Renea’s current attitude was exactly what she wished to see.

She wanted to let everyone know that Renea was an unreasonable and overbearing person.

Renea then took out her phone and clicked on the school network forum. She then showed Tia the post that was slandering her for sleeping with rich people.

Renea slowly approaches Tia, making her take a few steps back. Her eyes were filled with fear and guilt.

“The values of female college students have been tainted. The student engaged in sexual behaviour in return for being chose for a movie. She was seen being picked up by a bunch of luxury cars.” Renea read the caption of the post out.

Tia’s face becomes paler and paler at this.

Seeing this Kailey steps forward to help her out, “ Renea could this be some kind of misunderstanding?”

“Shut up! Renea let out an angry shout scaring Kailey into a daze.

Her aura was as dominating as that of a queen, and no one was allowed to disobey her.

Looking at the scene Daron, who was under the tree, curled up his lips into a smile.

“Renea you are framing me. This a new account, how can you be so sure that I was the one who posted it?” Tia denied it repeatedly, acting just like a shameless gangster on the street.

Renea smirked upon hearing Tia’s words, “What? Do you think I will confront you face to face without any evidence?”

Tia lost her cool instantly and her expression became more flustered.

“The account she had used to post the news was newly registered account so there wasn’t any information in it. How did Renea find out?” she thought.

“If you want me to help you, sure. But first, you have to admit that you were the one who slandered me and apologized to me in front of all the teachers and students in the school. If you do that, I will lend you the \$ 500,000.”

Tia lowered her head and said nothing. If she admitted that she had slandered Renea in public, wouldn’t it be the end of her?

According to the law of their country, defaming others would lead to imprisonment. Even if Renea didn’t mind, Tia still couldn’t stay in the school any longer.

To get into Dream High Academy, she suffered a lot already.

If she was forced to leave school because of this, how could she enter the entertainment circle? How could she fulfill her dream as a star?

“You don’t want to?” Renea looked at her with a smile.

Renea, of course, knows that Tia would not be willing to do that. How

could a selfish person like Tia risk her future for her family?

Tia then gritted her teeth and retorted, "Why would I admit to something I didn't do? Renea, if you don't want to help me, just say it."

"It seems that you don't want this opportunity. Well, then I will let the lawyer handle that matter for you slandering me."

When Tia heard that Renea was going to look for a lawyer, she panicked instantly and said, "Renea, are you sure you didn't get into those two luxury cars?"

"So what if I got into those cars? Is that all your evil heart can see?" Renea asked with a cold laugh.

"You are a fake daughter of a rich family, yet you got into and out of different luxury cars everyday. You even look more high profile than the real daughter, Kailey. How innocent could you be then, you? Huh?"

Kailey seized the opportunity to come forward and grab Tia, "Alright, Tia stop it. Renea has inherited my grandfather inheritance. Two luxury cars are nothing to her."

"The real daughter is really something." Ebert couldn't help but sneer as he saw this.

No matter whether Renea was kept as a mistress or not, she would get into trouble. If she wasn't, that would mean she was spending the money on the Morris family.

However, even if the money was left for her, she would still attract criticism, since she was not the real daughter of the Morris family.

Ebert could even imagine how Renea would be scolded.
