

## Gonna kill him - 13

### Ava's POV

I jolted up when I heard a door slam, I looked over to Noah to see that he is fast asleep, then I heard sounds of people. I kinda got creeped out, I checked the time to see that it was 12 am.

Who is awake at this hour?

I decided to investigate on what's going on so I pulled o the covers and stood up from the bed, I stretched and walked to my door opening it.

As I walked slowly and quietly down the hall the sounds got louder, at this point I wanted to run back to the room and hide under the covers but I still continued to walk.

Once I reached the epicentre of where the sounds were coming from, which was the entrance of the mansion, I peeked behind the wall to see what's going on. I can see Carter and another girl kissing, more like kissing the life out of each other, the girl had blonde hair and was wearing a tight black dress.

They kept on making out until the girl decided to drag him upstairs , which was where I was at, they both were slurring which meant that they were obviously drunk. Quickly I ran away to my room as they went towards his.

I closed my door and slid down it, now I started hearing moans and other disgusting stu .

Eww, this guy is disgusting , has he been like partying or something? Yuck doesn't he realise that there are other people in this house?

I stood up and climbed in bed hugging Noah as he stirred in my arms, I lightly kissed his forehead. I was trying to sleep but the sounds got louder. I really wanted to shout out for them to lower their volume but I'd rather not, shaking it o I finally fell asleep.

### Carter's POV

#### **5 hours ago.....**

A er Ava slapped me I got annoyed, how could she? I stormed out of the house and to my car,

once I got in I called my best friend Jacob,

"Hey Carter what's up?" Jacob answered happily, "Jacob meet me at the club" I said.

"Are you alrig-"I cut the call and started driving to the club me and Jacob always go to. Entering the club I immediately ordered my drink, I need to get my mind o things.

Can't she see I'm trying to protect her from Asher?

"Carter what's going on man?" Jacob said as he interrupted my thoughts,

I chucked down a drink. "That girl happened." I said pointing at my cheek guessing there was a mark there. "You mean Ava? Oh I love her already" Jacob laughed but stopped when I glared at him.

"Okay but anyway what happened?" He asked getting serious and I explained everything to him. "So Asher Beathns invited her to dinner and you told her not to go but she hesitated, and then you kiss her but she slapped you." he said trying to link everything together.

I chucked down another drink, I lost count of how many I drank and now I'm slurring a bunch of random words. "Like she slapped me and cried, why?" I asked him slightly falling but gripping the stool for support.

"For all I know if she's crying that you kissed her, must be cause you stole her first kiss." he said.

Did I really steal her first kiss?

'But I wanna protect her from him." I slurred and frowned at the same time,

"Do you like Ava?" He asked intrigued,

"Well I hated her attitude at first but then I observed her and she is a beautiful woman apart from the fact that she might be scary sometimes" I said without thinking because of my drunk state.

Jacob was about to say something but stopped when a woman approached me. "Hey Carter" She said seductively and kissed my neck, she was wearing a tight black dress and cause of my drunken state, I kissed her.

"Carter stop it man she's Stacy Brown, the one night stand you had"

Jacob said trying to stop me but the girl Stacy? Kept kissing me, I couldn't take it anymore so I took Stacy to my car and drove o to my house ignoring the shouts of Jacob, I needed a distraction from Ava.

### Ava's POV

#### **Few days later.....**

It's Thursday and Carter gave me so much work today, it's now 11:30 which means I worked extra for 7 hours, I'm exhausted. The man was really rude to me, he would always give me the cold shoulder or shrug me o .

I actually have been avoiding him, since that day he kissed me I ignored him which made him more annoyed. Thankfully Asher o ered to pick me up because I always run late like yesterday I stayed here until 1 am, and Asher picked me up.

Honestly Asher's a nice guy, I don't get why Carter and him don't get along, I mean in company wise I guess they have to be like that but in other times they still show hatred to one another's.

And the fact that Carter doesn't want me to go with Asher for dinner is stupid, I treat Asher as a friend but Carter can't control me like that, anyways I'm still gonna go whether he likes it or not.

I packed up all my things and hurried out the o ice and out of the company, it was dark outside and freezing, Carter went home earlier than me. I waited for Asher to pick me up, and finally his car approached me, without waiting any longer in this freezing cold I hopped in the passenger seat in the car and fastened my seat belt.

"Hey Ava how was your day?" Asher said smiling whilst driving. "Hey Asher, Yea it was good besides the fact that Mr.Nicholson made me work extra... and thanks for picking me up it means a lot" I said smiling back at him.

"No problem and yeah, he is a lot to handle" he said making me laugh. "You know he brings girls over every night it's so irritating and he also kissed me." I said in disgust as it slipped out of my mouth by accident, I didn't tell Asher this but I bet he knows now.

The car suddenly stopped and Asher turned to me. "Did he kiss you or did you kiss him?" He asked angrily leaning forward, I leaned back into my seat cause of how scary he looked now.

"Answer me Ava!" he yelled in anger. "N-no he d-d-did and I hate him." I said shuttering but truthfully.

"Just don't go near him." he said as he calmed down and turned back and started to drive like nothing happened right now.

S trange?

The rest of the ride was silent. Finally I was at Carter's mansion I thanked Asher and headed towards the mansion. I opened the large doors and went in and then to my room to sleep. I already rang Bina and told her I was gonna be late and that I ate at work.

I was walking down the hall to my room when I heard sobs. Worried, I looked around to see no one there, shaking it o the opened my room door to see a crying Noah surrounded by pillows on the bed.

I instantly ran to him and hugged him,

"Noah sweetie what's wrong?" I soothed him,

"Avee I-I heard scary voices and I was a-a-all alone" he sobbed. "It's okay I'm here." I cooed him down until he slept in my arms.

I laid him down on the bed and pulled the covers up. I kissed his forehead and stood up

to see what was going on, I stepped out of the room and to my horror I heard moans.

IM GONNA FU\*KING KILL YOU CARTER NICHOLSON
