

BLACK PLAIN 89

Chapter 89: Ruth's First Time (18+)

Seeing Minos's rod, Ruth felt something deep inside her changing. As if it were a call to her, which freed her from any lingering doubts in her heart.

At the exact moment, Minos lay down beside Ruth and began to kiss her fervently. The tongues of the two were massaging each other while they tasted the flavor of each other. The two kissed very well, almost as if they were the ideal match.

"Mmmm ~"

As they kissed, Minos had one of his hands stimulating Ruth's graceful left nipple, which was small and pink. At this moment, it was completely stiff and emitted a feeling of pleasure throughout the beautiful young woman's body, each time Minos stimulated it.

Minos had learned from Elena to prepare his partner well before putting his seeds on the ground... His woman needed to be stimulated in different ways so that the sensitivity of her body was increased to a certain level, which would improve a lot the rest of the fun.

For this reason, Minos highly valued these touches on Ruth's body.

"Ahh ~ Mmm ~"

As she felt Minos's hands travel over her body, Ruth occasionally let out a moan of pleasure, which excited young Stuart even more. It was heavenly to hear the sounds of a beautiful woman, and it would make any man's blood warm.

Time passed, and soon Minos' other hand hit Ruth's little sister, which was now completely wet.

Upon feeling this, Minos smiled and looked at his partner's beautiful face before finally starting his movement.

"Ahh ~ Ahh ~"

While kissing his partner, Minos' hand was inside her panties, massaging the pink pearl of Ruth's little sister, with rotational movements, making her feel increasingly hot...

Ruth couldn't hold back the pleasure, breaking her and Minos's kiss to let out a loud moan of satisfaction. 'Wow ~ How can this be so good?' She thought about it while taking a corner look at Minos's pulsing stick.

She felt a reluctance for a moment, but she finally moved forward with one hand until she touched Minos' big member.

'It is so hot and hard...' That thought crossed her mind while she had a lost look on her face.

It was as if she didn't know what to do.

Seeing this, the corners of Minos's lips went up quickly, and he said. "Why don't you move it up and down?"

Ruth then turned and stood on all fours, her face right in front of Minos's stick. She then started to make the movement advised by her companion, increasing the speed little by little, following the advice of young Stuart.

"That's right ~" Minos said in satisfaction when Ruth seemed to get the hang of it finally.

However, the young woman suddenly stopped her movement.

Upon feeling this, Minos, who was enjoying her beautiful ass, found it a little strange but soon felt something different.

He felt something wet and warm start to wrap his rod in a slow, smooth motion.

That was Ruth's tongue!

"Mmm, did you like that?" She asked in a passionate voice. She had felt an enormous desire to put that stick in her mouth, so she had stopped for a second ago.

"Hmm, this is even better!"

Upon hearing this, she smiled happily and began to suck on Minos's stick as if it were a lollipop, lubricating it along its entire length.

And Minos did not stand still, just watching. He adjusted his body with Ruth's, in a position of 69, and soon began to taste her little sister.

In doing so, he removed the last piece of clothing that was left on his companion's body, catching the first glimpse of Ruth's beautiful little sister.

It was neither big nor small. It had medium-sized lips and was completely pink. Minos could see the small pearl highlighted at the top of Ruth's slit, and there was no hair on that part of her body.

He could also smell a pleasant smell from its, which made his heart beat faster. Upon feeling this, Minos could no longer hold on and soon began to kiss Ruth's slit while having one of his hands 'scratched' her bottom.

"Ahhh ~ Ahh ~"

When Minos's tongue finally hit the pink pearl on top of Ruth's little sister, she couldn't help it when she stood up in an electrified position, feeling enormous pleasure.

She felt as if a shock of pleasure passed through her body the moment Minos touched a particular part of her. After that, she let out a long moan as she looked down and thought. 'Ahh ~ That way, I won't be able to hold myself ~'

Soon after, she went back to her previous activity, sucking on the great dragon of Minos. But this time, she went even further. Ruth put the tip of the stick in her mouth while trying to take it as deep as possible.

Upon feeling this, Minos' eyes opened with a lust sparkle when he felt his younger brother step into something hot and humid. Ruth was doing better and better and was already figuring out how to do things for herself...

"Ohh ~ That's right, do it faster!" He said before returning to enjoy Ruth's sweet flavors.

And it wasn't long before Ruth and Minos reached their climax.

The two reached their orgasms almost at the same time, with the beautiful young brunette getting there first.

Squirt!

Ruth's sweet juice was thrown from her little sister right in the face of Minos, while part of it went straight to his mouth. At the same time, she trembled softly at the height of pleasure when Minos finally released his liquid into the young woman's mouth.

Sensing something was coming, Ruth slowly pulled the Minos stick out of the back of her throat when she finally felt a viscous liquid being released in her mouth.

'This... It tastes very good...' She thought as she tasted the white liquid from Minos.

But not everything had come out of the beautiful young woman's mouth, and part had been thrown on the girl's lips. When she felt this, she immediately erotically used her tongue, licking every drop of the essence thrown on her face.

"Ohh ~"

Minos made a muffled sound, but soon afterward, Ruth said. "Let me clean it up." And then she started to lick all the remaining liquid off his stick, with a look of desire on her face.

'This girl...'

After leaving Minos' rod clean, Ruth's desire had not decreased in the slightest, and she was experiencing an intense burning sensation between her legs. It seemed that this time, stopping halfway would not do for her.

No, Ruth's body seemed to want the whole thing today!

'Wow! It seems that I can't hold myself anymore...' She thought with a dirty look in her eyes.

She then turned and looked into Minos' eyes and said. "I'm ready."

Seeing the lush expression on her beautiful face and hearing that, Minos just said. "Are you sure?"

"Hmm."

She just shook her head and agreed. Ruth didn't even wait and lay down next to Minos, spreading her legs for him to penetrate her.

Seeing this, Minos shifted his position, staying on top of Ruth.

This was a great way to take her virginity, a position where he could have more control over how deep he would go, and he could also look her in the eye while doing this.

It was just perfect!

In doing so, Minos, who was also not satisfied with just doing some foreplay, placed his big dragon next to Ruth's little sister and said. "Ready? This may hurt a little at first, but soon the pain will pass, leaving only pleasure."

Ruth agreed, shaking her head as she looked at Minos and his dragon passionately. This was an extraordinary moment for her, and she was pleased to do that with someone like Minos.

It didn't take long, and Minos began to penetrate his member into Ruth's cave slowly.

'Ahh... This... It hurts a little...' She thought to herself, at the moment when Minos' stick had been pushed into it slowly, gradually destroying her hymen.

It didn't take long, and Minos's rod began to pierce Ruth's cave faster and faster, while a few drops of blood began to stain the sheets on the bed that the couple was on.

"Ahh ~ Ahh ~ Deeper ~"

Shortly after Ruth lost her virginity, she began to feel less and less pain and more and more pleasure with Minos' penetration, moaning and asking him to increase the intensity of the thing.

'Our! How good this is!' Minos thought about it, as he felt Ruth's inner walls milking his stick when he felt a heavenly sensation passing throughout his body.

He couldn't help but compare Ruth to Elena.

Despite the young blonde having a lot of knowledge and knowing exactly what to do to make her partner reach a climax, the feeling of doing this with Ruth was even better.

Pah! Pah! Pah!

The two changed their position, with Ruth sitting on top of Minos while riding the young Stuart's stick with passion, rubbing herself with the intimate part of her partner at high intensity, making the characteristic sounds sound through the environment.

"Ahh ~ Mmmm ~"

While Ruth gave everything to her partner, Minos accompanied her on his leg movements when he had his hands on the girl's waist, sometimes passing one of his hands in the beautiful ass of her, looking her in the eye with pleasure.

It didn't take long, and the two of them had already reached orgasm again while they had beads of sweat putting on all parts of their bodies. At that moment, young Ruth's second hole pulsed violently. At the same time, the inner walls of her wet cave sucked Minos's pulsing rod with voracity while she released large amounts of fluids...

But the two were immersed in a lustful desire that they could not stop their fun, continuing their activities throughout the night...
