[Chapter 106 A Place With Luxury Jewelry](#)

Not long after, there was a reply from Estrella which said, "I've nothing to add to the list.

But I want to go with you guys because I'm bored."

"I think Estrella has a crush on you," said Rob.

In front of the girls, Rob was shy and silent. Now that they were back to the dormitory, he became active again. Then, he laughed and shouted, "I know you're handsome. Congratulations in advance for finding a girlfriend again!"

Hearing it, Trevor choked on the water and spat it out which made his clothes wet.

Looking at the water that was now sticking on his body, Trevor quickly changed his clothes. After that, he said with a smile on his face, "Don't talk nonsense. Nothing can happen between me and her."

In fact, Trevor vividly remembered how Estrella insulted him on their way to Scarlet Restaurant that day.

With a smirk on his face, Aldrin teased, "It seems like our Trevor has high standards. Do you have a crush on someone?"

At that time, Trevor was at a loss whether to cry or not. Shaking his head, he decided to change the subject to stop his roommates from gossiping about him.

"Forget about it. Let's just read the books now. We have classes this afternoon after all."

Speaking of girlfriend, one person flashed into his mind.

It was none other than Luisa.

In a daze, he thought to himself, 'Luisa has nice personality and she is really kind. She's my ideal girlfriend. If only she is my girlfriend...'

Thinking about this, a blush appeared on his face.

To erase his thoughts, Trevor shook his head and scolded himself in a low voice, "What the hell am I thinking?"

When the clock struck four in the afternoon, the class ended.

Just as they planned, Trevor and Aldrin met Estrella at the school gate.

The three of them worked efficiently. It only took them about an hour to purchase all the items they needed to buy.

The boys were in charge of carrying large bags while Estrella gave them a hand whenever they needed her help.

Obviously, she mainly helped Trevor all the time.

The thing she did next was the best proof.

Looking at the water bottle in his hand, Aldrin took a glance at Trevor.

At that time, Estrella not only helped Trevor unscrew the lid of the bottle, she even wanted to hold the bottle for him to drink.

Aldrin sighed in his heart and whispered, "Oh, how I envy you, Trevor!"

His mood suddenly lit up once he thought about what he was going to do next. If nothing went wrong, he might be able to experience such kind of thing in the future.

Clearing his throat, Aldrin said nervously, "Trevor, can you help me find a gift for Jaycee? I mean you're more experienced than me in choosing gifts for girls."

It was needless to say that this matter was important to Aldrin.

Trevor gave Aldrin a smile and said, "Of course, no problem."

So, this was the reason why Aldrin winked at him mysteriously at noon. It turned out that he had already planned this before.

Without a doubt, Trevor would help him as he was a good friend.

Moreover, Aldrin's plan spiked Trevor's interest. He also wanted to buy a gift for Luisa.

In a hurry, Estrella said, "I'll go with you guys. I know what Jaycee likes as I'm her best friend!"

The truth was she just didn't want to miss a chance to spend time with Trevor a little more.

Aldrin was overjoyed to hear Estrella's words. After that, the three of them began to pick out the gifts.

According to Estrella's suggestion, they went to a jewelry store.

"Wow, are you sure you want to buy the gift from this shop?"

Aldrin stuck out his tongue anxiously as he looked at the price tag of the jewelry on the counter.

As this was a place that sold jewelries, the goods here were worth at least several thousand dollars. What was more, some were even worth tens of thousand dollars.

The price was quite unaffordable even for someone who came from a rich family like Aldrin.
