[Chapter 116 Change Of Attitude](#)

Raising his eyebrows, Trevor didn't care much about the change of Estrella's attitude.

Honestly, he was even happier to see such kind of change.

Or else, she would be peeling the apple and feeding him enthusiastically. Obviously, it would be a torture to Trevor.

Two hours later, the bus finally stopped moving, indicating that they had reached their destination.

Immediately, they got out of the car and looked at the scenery in front of them. They were surrounded by an endless green forests, which offered peace and tranquility.

Everyone walked through the forest and searched for a place to camp. In the end, they chose a place near a stream.

Of course, the first thing to do when camping was to set up a tent.

After taking a few camp nails, Trevor was about to help Rob when he was driven back.

"Trevor, we have enough people to pitch this tent. You should go and see if the girls need your help."

When Trevor saw the look on Rob's face, he knew that he was in fact hinting him to go to Estrella which made him feel a little helpless.

Not far away from him, Aldrin seemed to be thinking the same thing. He approached him and the two of them looked at each other for a while.

With excitement filled in his eyes, Aldrin said expectantly, "Well, let's go to the girls' side and check the situation."

Without saying anything, Trevor agreed to go with Aldrin.

Without a doubt, Aldrin was looking forward to going there as the person he liked was there.

When they got to the girls' side, they found that the process of setting up a tent was indeed slow compared with the boys' side.

Once Aldrin saw that Jaycee was inserting the skeleton to the wrong side, he quickly took the initiative to help her.

Seeing this, Estrella smirked and teased, "Aww, Aldrin. You are so considerate. If I were Jaycee, I would

definitely be moved. I think it's a good time to give her that precious gift. Then, you will win her heart."

As soon as she finished saying it, she stole a glance at Trevor.

Even though Estrella seemed to be talking to Aldrin, she was indirectly talking towards Trevor.

Although she had given up on the idea of being Trevor's girlfriend and she even had contempt for him once again, she kept pretending to be friendly to Trevor.

It was only because she didn't know that Trevor had already given the Love of Crystal earrings to another girl.

In her mind, she thought, 'Humph! Once I get that earrings, I will find a reason to get rid of a useless man like Trevor!'

Of course, Jaycee had no idea what was going on in Estrella's mind.

Hearing it, she got curious and asked, "Gift? What are you going to give me, Aldrin?"

At the mention of the gift, Aldrin's face turned a little red. Nodding his head, he admitted frankly with a shy smile on his face, "Yes, I bought a gift for you, but I think it's still early and the atmosphere is not suitable yet. I'll give you at tonight's bonfire party."

At that time, Trevor quickly echoed, "That's right, Jaycee.

He made a lot of effort in preparing this gift. I even helped him by giving some ideas."

With a sweet smile on her face, Jaycee said, "Okay. I'm looking forward to it."

As a famous online celebrity, she often needed to communicate with her fans.

Therefore, even though she was an arrogant person, she mostly controlled the chatting atmosphere in order not to fall into an awkward silence.

The more they chatted, the more relaxed they became as they laughed from time to time.

Among them, Estrella was the only one who wasn't happy.

As Aldrin refused to give Jaycee the gift for now, she had no choice but to postpone her actions for a while so that she could get the earrings from Trevor.
