[Chapter 174 An Arrogant Rich Young Man](#)

The arrogant look on the other party's face made Trevor feel irritated. With a cold face, Trevor said, "What if I don't agree with what you said?"

With a playful expression on his face, Arjun said, "You are just a fool. Look at yourself in a mirror. Who do you think you are?"

After that, he did something that made Trevor really angry. He spat at Trevor's feet!

The sound of the slap echoed in the restaurant.

The man was so arrogant that even Trevor who had a good temper couldn't help but slap him hard across the face.

Arjun had looked down upon Trevor. He had never thought that Trevor would slap him like that. Immediately, his face turned red as he shouted, "Fucking hell! How dare you hit me like that? You are dead!

I'm definitely going to kill you!"

Waving his hand, Arjun called the bodyguards behind him, as if he was really going to make a scene here openly.

Seeing the movements from the bodyguards, Trevor was about to call the security guards of the restaurant to come over.

At that time, a middle-aged man, who seemed to look like the leader of the bodyguards, came forward and persuaded, "Mr. Wright, your father told us not to make trouble, especially in the Scarlet Restaurant. The owner of this place is very powerful and I also heard that the entire commercial street in Jork belongs to him. Even your father can't protect you if you provoke that mysterious boss!"

Hearing it, the expression on Arjun's face changed constantly. In the end, he snorted angrily and pointed at Trevor and the others as he shouted, "You can't hide here for the rest of your life! Once you step out of this restaurant, all of you will have to deal with me, especially you, poor loser!"

After saying that, he turned around and left the place angrily.

For a moment, all the diners in the Scarlet Restaurant talked about the incident.

"Damn! Where did that rich man come from? He is so scary!"

"Oh, I know him. He is Arjun, the son of Jaxxon Wright, an underworld tycoon in Yeim. I heard that he is

really out of control! That handsome man is unfortunate to meet him. Poor him."

"In my eyes, he looks like a poor loser. How can he protect so many beautiful women? Do you think Arjun will dare to act so arrogant if Mr. Smith of Jork is here?"

Of course, Luisa heard everything they said and she became worried about Trevor's safety as she asked, "What should we do? Should we ask the manager of the restaurant if we can sneak out from somewhere like the back door?"

With a confident look on his face, Trevor said calmly, "Don't worry about it, Luisa. He is just bluffing. You don't have to worry about him at all!"

If Trevor was really beaten up on his own territory, all the security guards in the Scarlet Restaurant could be fired.

Obviously, Selma and Wendy weren't worried about it at all. They knew very well that the Sanderson family could handle everything. It wasn't some family that could be trifled with.

Holding Luisa's hand, Selma gave her a smile and said, "It's okay. Arjun isn't that powerful to act recklessly in Jork! Don't forget that my family also has some influence. If something happens, I can always call some helpers over.

Even if he is extremely powerful, he still has to think whether he can defeat the local big shot, not to mention that Arjun is just a bluff!"

While comforting Luisa, Selma secretly winked at Trevor.

She only said those words to comfort Luisa. After all, with Trevor's wealth and power, Selma didn't need to do anything.

After hearing comforting words from the other girls, Luisa felt a little relieved.

Raising the corners of his mouth, Trevor also teased, "Let's just celebrate your birthday slowly today. Let Arjun wait outside in the cold weather! Maybe he will leave once he gets tired of waiting!"
