[Chapter 206 Who Arranged The Ward](#)

The person Trevor called was none other than Jaiden Hudson, who was known as a highly skilled doctor in Jork.

He was even one of the best doctors in the whole country.

In fact, Trevor had only met Jaiden once in the Willard Villa.

At that time, he asked Jaiden for his phone number in case he had any sort of emergency.

He didn't expect it would be useful at this time.

When Jaiden found that Trevor had called him in person, he was very excited.

Immediately, he replied, "Okay, Mr. Sanderson. I'll be there as soon as possible!"

Only when Trevor heard Jaiden's reply, he breathed a sigh of relief and said, "I'm so glad that you can come over. Also, I don't want to expose my identity so please keep it a secret for me."

Not long after, they arrived at the hospital and the doctors who received them were already informed by Jaiden.

They rushed over to them and carried Luisa onto the bed.

Then, they escorted her to the best ward in the hospital.

The preliminary treatment was undergoing in the ward and Trevor was pacing back and forth anxiously outside.

He was lost in his own thoughts when he heard an angry voice.

"Trevor, you are a good-for-nothing bastard! My daughter invited you to the vacation yet you couldn't even protect her properly. Why was she taken to the hospital in the first place?"

"If something bad happens to Luisa, I won't let you off!"

Trevor looked up and found that Luisa's parents were rushing over in a hurry.

At that time, Trevor didn't say anything as he was feeling guilty.

After all, it was him who caused her to be in this kind of situation.

Just then, a familiar voice sounded from behind Rodney and his wife.

"Please don't be panic. I've already asked someone to let Luisa stay in the best ward and now I'm going to call a famous doctor to check on her."

Only then did Trevor notice the speaker.

It was a foppish young man behind Rodney and his wife.

It was Howe who was detained by the restaurant a few days ago.

In astonishment, Trevor blurted out, "Aren't you supposed to be washing the dishes? You have already paid off all your debt?"

Hearing his words, Howe was furious.

Because of Trevor, he lost his face that day. He even had to wash over a hundred plates before his father took him out!

Moreover, his father's membership card was cancelled and he was beaten up by his father once he got back. He was not allowed to leave home until today.

As soon as he came out, he heard the news that Luisa was sent to the hospital after an accident.

In Howe's eyes, he thought that a woman would be in her most vulnerable state when she was hospitalized. Therefore, he rushed to the hospital to please her.

What he didn't expect was that Trevor would be here too.

With a darkened look on his face, Howe dialed the number his father gave him.

Once the person on the other end of the phone picked up, Howe asked with a flattering look on his face, "Hello, Dr. Hudson. I'm Howe from the Salazar family. One of my friends is in a critical condition. Can you come and check on her?"

Of course, Rodney and his wife were overjoyed when they realized that Howe was calling Jaiden.

After all, Jaiden was famous for his skillfulness in Jork.

They had never thought that Howe would be willing to call Jaiden for help for the sake of Luisa.

This only made Rodney and Keyla even more disappointed with Trevor.

His daughter was unconscious and hospitalized yet Trevor was trying to ridicule Howe, instead of doing

something for Luisa.

Thinking of this, Rodney said in disdain, "Trevor, I'm not going to ask you to do something. So, you don't have to stay here anymore."

Nodding her head, Keyla also agreed, "Howe can take care of Luisa better than you can. Do you think you have the ability to arrange such a ward?"

Noticing that the environment was nothing like a normal ward, Keyla and Rodney remembered what Howe just said and so they thought that he had arranged this kind of top-level ward.
