[Chapter 39 She Won't Really Go To The Grove, Righ](#)

With a bright smile on her face, Jaycee said, "Hello, my dear fans. You guys have been asking me about my ideal type, right? Well...today, I am going to reveal my ideal type. It is none other than Trevor... He is my ideal type.

Actually, I really admire a man like him, who lives on his own without relying on anyone. He doesn't let anyone drag him down just because he is poor. He is more than willing to do anything for the ones who have helped him before. Besides, I feel like he can give a sense of security for them."

In the video, Jaycee was wearing a blue sweater dress which hugged her curvaceous figure perfectly.

During the video, she sometimes bent down and pouted while talking. Most importantly, she showed an expression of admiration for Trevor for several times.

As it was just a short video, it finished after three minutes.

Raising his eyebrows, Trevor thought to himself, 'Do I really have that much good points?' Even he couldn't believe himself.

No matter what, everyone liked praises, especially from a beauty like her. Well, Trevor wasn't an exception either.

After seeing the video, his mood lightened up. When he checked his phone, he found that there was still a lot of money left on the part-time recruitment account.

Seeing this, he asked some people to make his video get to the top place of the trending topic.

When the trending of her video got higher and higher, Jaycee shouted in excitement, "Yay!! I'm going to be famous again!"

Seeing her video went viral, Jaycee, who had not averted her eyes from her phone for more than ten hours, couldn't help but kiss her phone screen for several times.

How rich could that guy be to be able to hire people to make her video so popular in a short amount of time?

For Jaycee, that guy was definitely her angel.

At that time, Corrie was sitting beside her with a gloomy look on her face. Even though she looked calm, her heart was beating wildly in her chest.

Judging by this, it was obvious that the financial strength of that guy, 'Aver' was incredible.

Because of his money, Corrie wanted to hook up with him as soon as possible.

In her opinion, she would become an Internet celebrity overnight if she spent a night in the grove with this mysterious rich man, 'Aver'.

Thinking of this, Corrie licked her mouth while looking at Jaycee with disdain.

She thought that her best friend would never be able to compete with her for a man!

However, she couldn't help feeling a little jealous because her video went viral.

After all, Aver was the one who made Jaycee's videos popular.

In her heart, she was feeling as if her boyfriend was giving his money to other women instead of her.

Looking at Jaycee, Corrie said in a jealous voice, "Why are you calling him your Aver when you haven't even met him?"

Squinting her eyes, Jaycee said in an unfriendly tone, "Ha-ha, are you jealous, Corrie?"

Well, at least I've talked to him before. Plus, he made two of my videos get on the trending topics. You can come and take him from me if you can."

With a sneer, Corrie thought to herself, 'That's exactly what I am going to do, bitch!'

On the outside, Corrie just sat back in her seat, without saying anything back. Then, she took out her makeup mirror and dressed herself up.

Because of their last conversation, the atmosphere in the girls' dormitory was tense.

Obviously, Trevor had no idea of the things that were happening in the girls' dormitory.

After a whole day of class, Trevor decided to stay in the dormitory after dinner. All this time, he stayed in his room until he had to go downstairs to throw trash at ten o'clock.

However, when he got downstairs, he found that the trash can was full. Therefore, he could only take the trash to the large recycle bins on the campus. To get there he had to pass by the grove.

When the night wind blew, he felt a bit chilly.

In this harsh weather, there were few young couples wandering in the grove.

Rubbing his shoulders to keep himself warm, Trevor suddenly remembered about Corrie. Frowning his eyebrows, he said under his breath, "She won't really go to the grove, right?"
