[Chapter 411 Priceless Works](#)

Trevor saw that the two middle-aged women became angry when he took out the evening dress.

Seeing that Keyla was staring at him, Trevor couldn't help but give her a smile.

After some time, Keyla couldn't control her anger anymore. She leaned towards him and questioned him in a low voice, "How dare you have the audacity to give a fake dress in front of a rich man who works in clothing business, Trevor? I admit it looks good, but if your lie is exposed, you will be responsible for damaging the reputation of the Burke family!"

Only then did Trevor realize what Keyla meant.

At that time, he felt helpless.

If only they knew more about the clothes designed by Danna, they wouldn't be so ignorant!

However, the other middle-aged woman didn't hide her unhappiness.

Glaring at the dress, Noelle pointed at the evening dress and asked, "Kody, is this gift so valuable? Look at it carefully."

Judging by the fierce look on her face, Trevor could tell that she was very dissatisfied.

Right now, both of the middle-aged women had similar reactions.

Shaking his head in disappointment, Trevor pointed his finger at the logo on his suit and said calmly, "Well, the one I gave to Luisa is the same brand I'm wearing. It's custom-made by a famous designer. If you want to know the price, just open your eyes wide and look at it carefully. I don't want to explain it to you because you won't know it anyway."

Since the two women didn't believe him, he didn't need to be polite anymore. So, he wanted to embarrass them.

Hearing Trevor's words, Kody wanted to retort.

However, when he took a closer look at the special logo, his eyes widened.

As the others didn't work in this field, it was natural that they didn't know about it.

However, Kody's family was engaged in clothing business. So, how could he not recognize such kind of unique designer style?

Taking a deep breath, he looked at Trevor in disbelief.

Then, he asked, "Is this... Is this Danna Cruz's work?"

Obviously, Noelle was surprised to see the way her daughter's boyfriend was reacting.

In the end, she couldn't help but ask curiously, "Who is Danna? Is she very famous?"

With a bitter smile on his face, Kody explained in a hurry, "Actually, she is not only famous. She specially designs clothes only for the big shots. A piece of clothes from her cost at least seventy thousand or eighty thousand dollars. Plus, it's very difficult to buy one. Although our company invited her to design our clothes by offering her millions of dollars, she wasn't interested in it."

At that time, he looked at Trevor with newfound respect in his eyes. There was no trace of arrogance at all!

At that time, he looked at Trevor with newfound respect in his eyes. There was no trace of arrogance at all!

Now, his fat face was covered with sweat.

After all, the young man in front of him was wearing a set of clothes designed by Danna and gave another set as a gift.

So, what on earth did it mean?

This boy named Trevor was totally a super-rich man!

Swallowing hard, Kody felt a little scared.

Fortunately for him, he didn't get a chance to offend Trevor much as Noelle had been picking on him.

Everyone was shocked after hearing Kody's words.

Especially, the two middle-aged women.

At that moment, Noelle got so angry that her hands were shaking.

Ever since Trevor came, everything went down for her. She could no longer feel the sense of superiority over her cousin's family.

On the other hand, Keyla was grinning from ear to ear. She was extremely happy right now!

She even held Trevor's hand and said enthusiastically, "Wow, you are so kind, Trevor. You can come and visit us whenever you are free!"

[Chapter 412 As Beautiful As A Picture](#)

In fact, the moment she heard that the clothes were very expensive, Keyle's attitude immediately changed.

Of course, she was still confused about how Trevor got two sets of clothes made by the famous designer like Denne.

However, she wasn't in the mood to care about it either!

With a bright smile on her face, Keyle constantly praised Trevor in order to outshine her cousin.

Right now, all the depression she felt before had vanished into thin air. She became very complacent then before.

"Would you like a cup of sugar water that I made, Trevor?"

As time passed, Keyle got fonder and fonder of Trevor. She handed him a cup of drink enthusiastically.

Judging by the way they were acting, people who didn't know them might think that they were very close to each other.

When Trevor saw the enthusiastic attitude of the other party, he got goose bumps.

If they were this enthusiastic towards him now, how would they react when he revealed his real identity to Luise?

Then, he shook his head slightly as he thought, 'But no matter what, it can't stop me from expressing my love to Luise today.'

With that thought in mind, he touched Luise's slender fingers secretly.

Once their fingers touched, they separated quickly as if they got an electric shock.

They looked like a young couple who got disturbed when they were kissing. They quickly distanced themselves from each other.

Then, the two of them looked at each other and smiled shyly. Even though Trevor hadn't drunk the sugar water yet, he could feel a sweet taste lingering in his heart.

Just like that, the two of them lost in their own wonderful world and everything around them fell silent. In fact, the moment she heard that the clothes were very expensive, Keyle's attitude immediately

Just like that, the two of them lost in their own wonderful world and everything around them fell silent.

From then on, it had become a one-man show of Keyla.

Her smug laughter continued until they had to prepare to go out for the banquet.

All the men waited in the living room for their female companions to change clothes.

In the end, Trevor succeeded in persuading Luisa to change into the evening dress he prepared.

On the other hand, the two rich young men, Kody and Troy, didn't dare to make a sound.

Of course, they weren't idiots. How would they dare to make trouble when Trevor had the power to make the designer Danna design clothes for him?

As they had mocked Trevor more or less before, they were restless right now.

They felt as if there were a bunch of sharp pushpins under the soft sofa.

However, they didn't dare to stand up either as they feared that it would attract Trevor's attention. They never wanted to be in deep shit.

It took the ladies a long time to change their clothes. The whole time, they just sat there stiffly. They even thought they were going to have cramps in their legs.

After painful dozens of minutes, there was a sound coming from inside.

At that time, all the young ladies walked out of the room one after another.

However, everyone's attention was solely on one of them!

Although everyone's eyes were on her, Luisa's eyes were fixed on certain someone.

When she saw that Trevor was staring at her gently, butterflies erupted in her stomach.

Lifting the hemline of her dress with both hands, Luisa turned around and asked innocently, "Trevor, do you think I look good in this dress?"

Only then did Trevor come back to his senses and coughed awkwardly. Then, he hurriedly replied to her, "O-Of course, you are so beautiful."

He had to admit that he was a little stunned when he saw her in that dress.

It fit her curves perfectly and it matched her temperament.

The black dress turned like a blooming black flower. The waistline was extremely thin and it was outlined with silver white patterns. Under the hemline of the dress, the delicate lace lined her fair legs. It completely outlined the curves of the exquisite figure.

Whether it was in terms of appearance or temperament, her two cousins were inferior to her.

At that time, Keyla, who followed them out, was grinning from ear to ear.

Of course, she didn't miss her chance to provoke Noelle, who was standing next to her.

"Oh my, my Luisa can even be a model now. She looks good in everything she wears. Isn't that right?"

Of course, Noelle knew what Keyla was showing off. Even though she was angry, she still forced a smile on her face.

Inside, she was so angry that she was about to explode.

Since Trevor appeared, Keyla had been talking down on her like this all the time.

As a person who always liked to show off to others, Noelle was really annoyed by Keyla. She had never felt so embarrassed like this before.

Gritting her teeth, she cursed in her heart, 'Why don't my daughters have a boyfriend like that? She is pissing me off!'

The constant chatter and smug remarks of Keyla made Noelle hate Trevor even more.

Looking at Trevor, she cursed in her heart, 'You wait and see! Don't let me find any flaws of you!'

[Chapter 413 Romance In The Car](#)

These cruel words lingered for a long time in Noelle's heart.

When they were done getting ready, they all went downstairs to get the car. She didn't expect that what she saw next would make her even more depressed.

They had come to Jork with three luxury cars to show off. Among these cars, there was also the sumptuous Mercedes Benz.

Unfortunately for them, Trevor's Bugatti totally outshone their cars.

Noelle was so depressed right now. She kept wondering if Trevor was really super-rich.

Anyway, what her cousin said just now caused her blood pressure to skyrocket.

Even Trevor felt helpless upon hearing Keyla's harsh words.

It was ultimately a good thing that his Bugatti sports car only had two seats. Only he and Luise would be in the car. So Trevor didn't have to worry about hearing his future mother-in-law nagging while he was driving.

It wasn't until he and Luise got into the car and closed the door that they could finally enjoy the moment of peace. Now that everything was quiet, they smiled at each other.

Luise had a headache after all her mother's nagging just now. She looked at Trevor and said with an apologetic smile on her face, 'I'm really sorry, Trevor. I guess it won't be an easy task to change my

mother's character."

Trevor nodded quietly. He clearly didn't mind what Kyle said just now.

All he cared about was the woman in the car with him.

Luisa looked really beautiful in her dress.

Trevor had actually been worried that the dress wouldn't fit Luisa. The thing was, he hadn't asked her for her measurements in advance since it was supposed to be a surprise gift.

He was therefore relieved and delighted to see that the dress suited her so well. These cruel words lingered for a long time in Noelle's heart.

The black dress accentuated Luisa's delicate neck. She looked like a real goddess in that dress.

Even her smooth legs were on full display in this dress.

Luisa suddenly noticed the way Trevor was looking at her and she blushed again.

The interior of the Bugatti was not very big, so the space between the two was very small. Slowly, a romantic atmosphere rose in the car.

Thinking he was finally going to open up to Luisa today, Trevor felt his heart race.

Without realizing it, he leaned closer to the passenger seat and therefore closer to Luisa.

Seeing the face of the man she loved come so close to her, Luisa felt quite embarrassed and her body stiffened.

She remembered that her parents were still just a few meters away. What if they saw them kissing in the car?

In fact, Luisa was very shy.

Thousands of thoughts crossed Luisa's mind right now. However, she didn't try to resist the feelings she felt growing in her.

As a whirlwind of emotions surged through her heart, Luisa gradually let herself go to the romance of the moment.

She closed her eyes, a sign that she trusted Trevor completely.

Seeing Luisa's red face leaning towards him, Trevor felt his heart beating extremely fast.

He was so excited right now that he could even hear the sound of blood rushing to his ears, and his face flushed a little too.

Trevor guessed that if he tried to kiss Luisa right there, she wouldn't object.

Trevor gazed longingly at Luisa's face, trying to decipher the expression on her face.

She seemed to be a little nervous, but a little expectant too.

It seemed like she had a hunch that Trevor was going to do something special today.

Trevor was finding it increasingly difficult to resist the urge to kiss Luisa. He was so close to her right now that he could smell her perfume.

After struggling with his urges for a long time, he finally pulled himself together.

He had decided to hold back for now. He smiled slightly and gently touched the tip of Luisa's nose.

"What?" Luisa exclaimed in a low voice as she opened her eyes. It wasn't the outcome she had expected.

Realizing how nervous she had been, Luisa lowered her head shyly.

Seeing the shy look on Luisa's face, Trevor's smile grew even brighter.

He was really looking forward to confessing his feelings to her tonight.

He was glad he hadn't ruined everything by kissing her so early.

This day was really special and he wanted it to be a day that Luisa would remember forever. So, he had to be patient.

Thinking about what he had planned for tonight, Trevor couldn't help but smile. Very soon he and Luisa were chatting and laughing merrily.

The atmosphere in the car had lightened up.

Trevor then started the car and drove to the Season Hotel where the banquet was held.

By the time they arrived at the hotel premises, Trevor and Luisa were still chatting in the car.

Suddenly, they saw Rodney and Keyla rushing over.

Keyla looked quite nervous. She didn't even wait for Trevor and Luisa to get out of the car and said anxiously, "Damn it! We are in big trouble now!"

[Chapter 414 Got Into Trouble Again](#)

Trevor and Luisa looked at each other in confusion, wondering what had happened again.

Wasn't Keyla very arrogant earlier? What could have happened that made her suddenly so anxious?

At this moment, Rodney who had been rather silent all day, could no longer contain himself. He looked coldly at his wife and scolded her.

"Why do you always have to cause trouble wherever you go? Just a while ago, you took it out on your cousin.

Because of that, she wouldn't take you into the hotel. What are you going to do now?"

However, Keyle was a shrew who would not tolerate being criticized. She stared sternly at her husband and shouted, "You really are a pathetic husband. How could you let your wife be humiliated by such an insignificant person as Noelle? Do you really think I would pass up such an opportunity to show off too? I don't often get the chance, so if for once I can show off, be sure I'll make the most of it."

"You call that showing off? All you do is provoking Noelle for nothing. No wonder she can't stand you anymore."

"You're just a grumpy old man who can't support his wife. If you were rich, I wouldn't have to put up with her teunts. For a very long time, I was the subject of her mockery. Now that I also have the chance to make fun of her, I will definitely make her know the feeling."

Trevor and Luise were watching the couple arguing from inside their car.

Trevor would not care less about this bizarre show, but Luise had to dissuade her parents from arguing.

After hearing the couple arguing for quite a while, Trevor finally realized what the so-called 'trouble' was.

Trevor and Luise looked at each other in confusion, wondering what had happened again.

Trevor would not care less about this bizarre show, but Luisa had to dissuade her parents from arguing.

After hearing the couple arguing for quite a while, Trevor finally realized what the so-called 'trouble' was.

So actually, Rodney and his wife were in the same car with Noelle a while ago.

But Keyla with her bad temper, kept making fun of her cousin all along the way.

At one point, Noelle was fed up by her cousin's incessant teasing and kicked them out of her car. After all, if Keyla was so haughty, she must have no trouble getting herself an invitation card of her own to enter the Season Hotel.

So that was the 'trouble'. Now that their ticket to get into the hotel was gone, Rodney and Keyla desperately searched for another way to take part in the banquet.

Definitely, the banquet Trevor's dad was throwing today was a must-see.

The guests at the banquet were all famous personalities from all over the province.

The only other people who had invitation cards without being famous were those who had bought them at auction. Indeed, the remaining invitations were sold at auction and those who could afford them did everything to get them.

That was a testament to how grand the party hosted by the Sanderson family was. Being able to attend this party was enough to change someone's social status.

On top of that, with all those bigwigs present at the banquet, one could forge a business partnership that would completely change one's life.

Since the banquet was so selective, the auction invitations were priced in the tens of thousands of dollars. Even so, there were not enough to meet the demand.

That was how Noelle got her own invitation card.

At this moment, Trevor was full of admiration for his father's business genius.

His father was so business savvy that he even managed to monetize a simple invitation card!

Trevor was suddenly pulled out of his thoughts by Rodney's voice. "Well, Keyla, what do we do now?" the man asked with a sigh.

Despite her shouting and vociferations, Keyla knew deep inside that she was wrong. She stammered, "Well... euhm... How about we pretend that we lost our invitation cards?"

Rodney and Keyla were anxiously discussing how to attend the banquet anyway. They naturally didn't expect Trevor to help them.

It must be said that they were impressed by Trevor. When they asked him to pretend to be rich, they didn't expect such a result.

He really seemed to be part of high society and even Keyla and Rodney were amazed.

However, that would not be enough to solve the problem. They first had to find an invitation card.

It wasn't going to be easy.

The couple's conversation made Trevor smile. Luckily he couldn't read their minds either, otherwise he would laugh endlessly.

What was a big problem for Rodney and Keyla was no big deal to him.

After all, it was a party held by his family!

Trevor finally smiled and said confidently, "I have a way to take you into the hotel."

He then took Luisa's hand and calmly walked towards the hotel's magnificent gate.

Of course, Trevor's intention was not to help Rodney and his wife show off.

He only did it because he needed Luisa to come with him to this banquet.

[Chapter 415 Noelle's Provocation](#)

With wide eyes, Rodney and Keyla looked at each other.

Both of them were skeptical about Trevor's words.

Taking a look at their daughter, who was walking with Trevor hand in hand, they couldn't help but criticize Trevor in his heart, 'Just because we asked you to pretend to be rich, do you really think you are rich men?'

How were they going to enter the Seeson Hotel when they didn't even have an invitation?

They couldn't understand how Trevor could stay calm in this situation.

After hesitating for a while, they had no choice but to follow him.

Many people were passing through the open parking lot one after another. At that time, it was already filled with all kinds of luxurious cars.

Even Trevor's Bugatti didn't look conspicuous in the middle. This showed how grand the banquet was.

If it weren't for the situation he was in, Rodney would have stayed in the parking lot for some time to study the cars.

Once they arrived at the door of the hotel, they realized how lively the banquet was.

In front of the magnificent golden door, there was a long red carpet. When they arrived, it was already crowded.

There were many reporters and photographers who were waiting outside while carrying their own

cameras and other equipment.

The flashlight would constantly flash whenever someone passed. The lights were so bright that it could even make people dizzy.

The scene looked like the red carpet show of a film festival. The guests were like celebrities walking on the red carpet.

At other times, Keyle would definitely try to appear in front of the camera. However, she couldn't do that today.

If they rushed over there, they might be stopped by the guards. It would be embarrassing when that happened.

Of course, Rodney immediately understood what Keyla was thinking. He quickly stopped Trevor and didn't dare to go on.

Unfortunately for them, Noelle and her family came over towards them from behind. As soon as they saw Trevor and the others, they approached them instantly.

Somehow, Noelle sensed that something was wrong. With a sneer, she provoked, "Oh, I have been looking for you guys. Keyla, I thought you said you have a way to go in. Why are you still standing here? I can't wait to meet your father, Trevor."

This whole time, she had been trying to find the weakness of the Burke family.

Noelle was very irritated because Keyla was mocking her constantly.

However, when she said that she wouldn't bring Keyla and her family to the banquet, Rodney and Keyla looked strange.

The looks on their faces made Noelle suspicious.

With a smug look on her face, she thought to herself, 'Ha, how dare you brag about how good Trevor is to Luisa? Now he can't even get you guys in the banquet.'

How can a rich young man not be able to enter the banquet?'

Obviously, Rodney and Keyla didn't know about Trevor's real identity.

The two of them thought that Trevor was just cooperating with them and acting according to their wish.

When Rodney and Keyla heard Noelle's banter, their face darkened. At that time, they were so embarrassed that they didn't dare to refute anything.

Their expressions didn't go unnoticed by Noelle. Only then did she feel relieved.

Smirking, she thought to herself, 'Humph! Why don't you continue acting? Finally, I've found out the weakness!'

However, she wasn't satisfied just with that banter. She turned to look at Trevor with a sneer and said sarcastically, "Trevor, what's wrong? Do you need some time to prepare?"

"When is your father coming? I can wait here with you."

Seeing the embarrassed look on Keyla and Rodney's faces, Noelle was sure that they were acting the whole time.

As she had been mocked for a long time because of Trevor, she wanted to vent her anger on him.

At her question, Trevor only shrugged his shoulders speechlessly at how he had to take the brunt of the two women's souring jealousy.

In fact, he simply didn't care about the fight between the two middle-aged women. However, he couldn't stand their constant provocation anymore.

Therefore, he had no choice but to answer. In an indifferent voice, Trevor said, "My father is probably in the hotel now. We should go inside and find him."

As soon as he finished saying that, he gave Luisa a reassuring smile and walked hand in hand with her to the door of the Season Hotel where many people were looking at.

When Rodney and Keyla heard Trevor's words, their eyes widened.

As they didn't know about his identity, they simply thought that Trevor was making a fool out of himself.

In an instant, their faces darkened.

However, since Luisa was already walking on the red carpet with Trevor, they had no choice but to follow them to the gate.

Of course, Noelle noticed the sour expression on Rodney and Keyla's face.

She looked at Trevor, who was now walking in front of them and muttered in a low voice, "How dare you continue to act?"

"You don't even have the invitation in your hand."

"How are you going to enter the Season Hotel?"

[Chapter 416 I've Seen Through Your Trick](#)

Noelle looked at Trevor and the others in disbelief.

It wasn't until the security guards stopped them at the entrance of the hotel that Noelle finally relaxed

and a triumphant smile appeared on her face.

'You are finally unmasked. You can't pretend to be a rich man anymore!'

Noelle thought in her heart. She was so happy with the outcome of the situation that she raised her chin with an arrogant expression to taunt her cousin.

She then strode over to mock them.

The fact that her cousin had invited someone over to dress up as a rich man so that they could sneak into the hotel was sure to make headlines.

Just thinking about such an outcome delighted Noelle even more.

As for Trevor, he was a bit annoyed at being stopped by hotel security guards.

He remembered what had happened the last time between him and Alvaro. It caught the attention of a lot of people.

At the time, even the police had to intervene to deal with the matter.

Trevor therefore thought that after that incident, the hotel staff must know him quite well now.

However, he suddenly realized that he had forgotten something very important.

It was something his father had told him about the hotel security.

In order to prevent more hooligans from causing trouble at the Seeson Hotel, they hired many new security guards.

These security guards were hired after the incident with Alvaro.

It was only then that Trevor understood why the security guards were so indifferent towards him. However, he didn't hold it against them at all.

They were only doing their job after all.

Trevor calmly explained, "Here is the thing. I'm a good friend of Bradley. Could you please let him out?"

Trevor knew Bradley was in charge these days. He also knew that it was Bradley who was in charge of training the hotel security guards.

Trevor could have also simply asked the guards to let his father, Ronald.

If he didn't, it was because he still wanted to keep his identity secret from Luise for the time being. He didn't want to spoil the surprise he had planned for her. Noelle looked at Trevor and the others in disbelief.

Trevor knew Brodly was in Jork these doys. He also knew that it was Brodly who was in charge of training the hotel security guords.

Trevor could hove also simply osked the guords to coll his fother, Ronold.

If he didn't, it was because he still wanted to keep his identity a secret from Luisa for the time being. He didn't want to spoil the surprise he had planned for her.

That was why he chose to mention Bradley.

At the mention of Bradley, the expression on the security guards' faces changed drastically.

They had clearly received the strictest training.

The guards were about to say something when suddenly a chuckle came through from behind them.

"Trevor you are a rich man in Jork, right? I guess you know a lot of important people!"

Noelle said sarcastically, looking haughtily at Trevor.

In fact, hearing Trevor mention 'Bradley', she got the feeling he just wanted to save face. It didn't seem to be the name of any famous person in Jork.

There was no way such a no-name person could help Trevor and the others get into the hotel.

Noelle was sure of that.

Moreover, she didn't fail to notice the strange expressions on the faces of the security guards.

She quickly came to the conclusion that what Trevor had just said pissed off the security guards.

Noelle's two daughters joined in too, laughing like they'd just heard a big joke. They also began to taunt Trevor.

"Trevor, good thing you were there. Otherwise my aunt and her family would have to put up with the heat outside," one of the girls said.

"That's right. Trevor, we will wait for you inside, okay?" the other girl said sarcastically.

The problem for these girls was Luisa. In fact, Luisa was so lovely in her dress that Noelle's daughters would have gone unnoticed if Luisa were around.

As the saying goes, like mother like daughter.

The girls got jealous very easily, just like their mother.

They couldn't stand anyone being better than them.

Meanwhile, their boyfriends didn't dare to say anything.

Seeing the custom Danna clothes that Trevor and Luisa were wearing, Kody had a feeling that Trevor must be very rich.

Moreover, the surreal calm Trevor showed in such a situation only confirmed Kody's suspicions.

He therefore tried to get Noelle to stop provoking Trevor.

Unfortunately, Noelle didn't listen to him at all. She was his girlfriend's mother, so he couldn't do anything.

At this point, Trevor began to lose his patience.

Noelle and her daughters had always mocked him for no good reason.

Because they were convinced he was just a poor boy, they thought they could bully him at will.

Thinking of that, Trevor almost lost his temper. He couldn't take it anymore.

However, he managed to control himself and suppress the anger rising within him.

He looked at Noelle and her daughters and said coldly, "Well I don't give a damn if you believe me or not. Why don't you just mind your own business?"

We'll see whether I'm able to get Luisa and her family inside or not."

Trevor's harsh words enraged Noelle. However, she suppressed her anger and looked at Trevor with a sneer.

At this point, she decided to drop the cheap teasing and told him clearly what she was thinking.

"You can go ahead and continue to pretend to be rich. I'm really eager to see how you will manage to get inside."

The scene soon attracted the attention of reporters.

The reporters were like scavengers, always on the lookout for a scoop. Soon, dozens of cameras were aimed at the people at the entrance of the hotel.

Their interest grew when they noticed a beautiful woman who was also involved in the quarrel. It was of course Luisa. The reporters then began to take pictures.

Such a scoop would be the subject of discussion on everyone's lips while waiting for the reports on the banquet.

Seeing that the situation had already attracted several people, the security guards looked at each other wondering what to do now.

After a moment of hesitation, they finally decided to let one of them go to look for Bradley.

[Chapter 417 Big News!](#)

A small crowd had gathered near the entrance to Seeson Hotel, and all had their eyes on Trevor and those with him.

At this point, it was no longer just journalists who were interested by what was going on at the gate. Soon, several passers-by came over to look out of curiosity.

"What happened?" someone asked.

"Apparently that young man pretended to be rich and he wanted to sneak into the hotel with the beauty by his side."

"That's true! But I think what that middle-aged woman said to them is very mean. She made fun of them, insisting that they were not qualified to have an invitation to participate in the party in the hotel."

The spectators began to discuss more and more among themselves about what was going on.

These people spoke in a very audible voice, which shattered what little self-confidence Rodney and his wife had. They felt so embarrassed right now that they wished they could disappear.

'What are we going to do now?' Keyle thought. Her family would soon be the laughingstock of all York.

Worse still, they would certainly not be able to attend the banquet which was held in this hotel.

Thinking about it, Keyle's face darkened. She complained in her heart, 'Why did Trevor have to try to briefly enter the hotel?'

We could have found a way to sneak inside without being noticed. It would have been more discreet and we wouldn't have suffered so much embarrassment.'

Of course, Keyle would never say out loud what she was thinking.

She couldn't blame anyone but herself for all of this. They were the ones who asked Trevor to pretend to be a rich man. Moreover, it was because of her that they could not enter with Noelle.

Despite her bad temper, Keyle had to admit that all this had nothing to do with Trevor.

Luise was also quite nervous at the moment. She wasn't used to being the center of attention. All those eyes on her and the constant flashes from the cameras weren't helping matters.

Worse still, they would certainly not be able to attend the banquet which was held in this hotel.

Luisa was also quite nervous at the moment. She wasn't used to being the center of attention. All those eyes on her and the constant flashes from the cameras weren't helping matters.

Her palms became sweaty due to her nervousness. She turned to Trevor and asked in a low voice, "Do you really think Bradly can help us all get in?"

Luisa also knew Bradly. She had met him when she went with Trevor to the budokan.

Bradly immediately made a very good impression on her. He was a rather calm and reserved man.

Trevor sensed Luisa's nervousness.

To reassure her, he held her soft hand more firmly and said with a slight smile, "Don't worry. I'm sure Bradly can get us all in."

Trevor's firm touch succeeded in restoring Luisa's confidence, and she smiled again.

For some reason, she trusted Trevor completely and was sure he could get them out of this trouble.

The intimacy between Luisa and Trevor annoyed Noelle a lot. They acted like what she just said meant nothing.

Noelle rolled her eyes and shouted haughtily, "Look at my dear niece and her family. They are all dreaming in the daytime.

They really think they can go to the banquet without an invitation!"

Of course, Noelle's daughters joined their mother in making fun of Luisa and her companions.

Their only purpose was to draw some attention to themselves as well. Until now, all the attention of the reporters was only for Luisa.

The sarcastic comments of Noelle and her daughters again fueled the discussion among the crowd of on-lookers.

Soon the onlookers got into it too and started making fun of Trevor, Luisa, Rodney and Keyla.

"This family is so ridiculous!

Do you have any idea how rich the guests attending this lavish banquet are?

You are pretty cheeky! You go straight to security and ask them to let you in without an invitation card!"

"I mean, this is so embarrassing. You could have just watched from afar like all of us! Why ridicule yourselves like this?"

The taunts directed at Trevor and the others multiplied.

Seeing that so many people have joined her to make fun of Trevor, Noelle had a rather complacent expression on her face.

Unfortunately for her, she didn't get a chance to show off.

A cold-looking man with short hair had just come out of the hotel. The man had massive muscles and his dark black suit only made him more imposing.

That was Bradley!

Bradley was stunned to see that his boss was still waiting outside the hotel. He strode towards Trevor at once.

He didn't have the slightest regard for Noelle who was standing in his way.

He just pushed her away without a second thought.

When Bradley came closer to Trevor, he said respectfully, "I'm sorry for the misunderstanding. Please come in."

Hearing what Bradley said, the entire crowd fell silent immediately.

The people around were all confused!

They even wondered if they had heard correctly. What Bradley had said was far beyond their wildest thoughts.

Was this young man they made fun of earlier really going to enter this hotel without an invitation card?

Trevor, on the other hand, simply ignored the exclamations of all these people. He patted Bradley on the shoulder and said with a smile, "I would like Luisa and her parents to also come and visit the hotel. Is that okay?"

"Sure. This way, please."

Bradley politely gestured Trevor and the others to follow him inside.

At this moment, everyone at the gate of Season Hotel fell quiet and no one dared to say a word.

'Damn it... Oh goodness! This is big news!

Who is this young man?'

The reporters quickly changed the focus of their cameras from Luisa to Trevor.

They were all curious to know who this handsome young man they had never seen before was.

[Chapter 418 Tear Up The Invitation](#)

The reporters, as well as the crowd of spectators pecked at the entrance of Seeson Hotel were in shock.

The most shocked were of course Noelle and her family.

At this point, Noelle could no longer think clearly.

She was so stunned by what had just happened that for a moment she seemed in a daze.

When she finally came to her senses, she looked enraged.

She glared at Bredly and roared angrily, "What right do you have to let him into the hotel?"

As a calm and measured man that he was, Bredly did not react to Noelle's provocation. However, Noelle took this as a sign of weakness on his part.

She suddenly seemed haughtier. She arrogantly held up the invitation card and sneered, "How can they come in without an invitation when I spent a huge sum of money to get an invitation card?"

Noelle just couldn't tolerate Trevor and his group gaining access to the hotel.

It would only humiliate her after everything she had just said to them.

A few moments ago, she mocked them, saying that they could never enter the Seeson Hotel if they didn't have an invitation card.

Now Bredly, who seemed to be the hotel manager, came over and respectfully invited Trevor in!

Noelle could only feel humiliated by the turn of events.

However, Noelle was not going to let herself be humiliated like this. She called out to Bredly arrogantly and scolded him as if she were the boss of the hotel.

However, Noelle was not going to let herself be humiliated like this. She called out to Bradly arrogantly and scolded him as if she were the boss of the hotel.

Bradly was seriously starting to lose patience. The thing was, he wasn't used to arguing. He always settled his differences through a fight.

He ultimately turned to look at Noelle and said calmly, "Trevor's case is different. He and his friends are special guests. By the way, no one is stopping you from entering the hotel either. Your invitation card allows you to enter as you wish."

"That's not the fucking point. They don't have an invitation, so they can't come in," Noelle said firmly.

She still stubbornly refused to accept that Trevor and his companions could enter the hotel.

Noelle's nagging started to seriously annoy Trevor.

He couldn't help making the comparison between Noelle and Keyla. Both were so annoying. No wonder they were cousins.

An expression of displeasure appeared on Trevor's face.

Seeing that his boss seemed pissed off, Bradly's expression changed dramatically.

He stared coldly at Noelle and asked Trevor, "How do you intend to deal with this woman?"

"Well, don't let her attend the party,"

Trevor replied coldly.

He couldn't see any other solution since Noelle kept causing trouble.

Trevor had put up with Noelle's contempt and very disparaging comments about him when they were still at the Burke family's house earlier today.

But now, he didn't want this woman to come and disrupt this banquet which was very important to him.

When Noelle heard what Trevor just said to Bradly, she couldn't believe her ears.

"You bastard! How dare you!" she shouted angrily.

She was about to say something again when suddenly, the invitation card in her hand was taken away.

Bradly was so quick no one saw when he took the invitation from Noelle.

Even Noelle didn't realize what was going on until she lost the invitation card.

When she looked up, she saw her invitation card in Bradly's hand.

What happened next made her blood run cold.

There was a shrill noise.

The next moment, the invitation card was torn into pieces.

At the same time, a playful expression appeared for the first time on Bradly's cold face.

With a grin, he blew off the pieces of paper in his hand and shook his fingers.

"Well, now you don't have an invitation card.

Trevor will still have no trouble entering the hotel without an invitation.

But you can't!"

[Chapter 419 The Most Embarrassing Momen](#)

Oh my God...

This invitation was worth about one hundred thousand dollars. Was it really torn up like that?

All the pieces of the paper fell to the ground like snowflakes.

Everyone who was looking at the scene pitied Noelle.

Seeing the pieces of paper lying on the ground, Noelle was driven mad.

Then, she shouted hysterically, "How dare you?"

You have to pay for it!"

However, when she saw the strong muscles of Brodly through his tight suit, she became scared.

Even after hearing Noelle's request for compensation, Brodly looked calm as usual.

As if he was asking Trevor for instructions, Brodly took a glance at him. When Trevor didn't do anything, he said slowly, "Well, I can compensate you for it! And I can even tear up every single invitation card you have.

But...you can't step into the Season Hotel today!"

With her eyes filled with disbelief, Noelle said. "Why? Does your family own this hotel?"

Truth be told, her family didn't lack one hundred thousand dollars.

However, no matter what, they couldn't miss this opportunity as this was the only chance to discuss business with many big shots.

No one knew how many hundreds of millions of dollars projects could be made through this grand party.

Hearing Noelle's question, Brodly said firmly in an indifferent voice, "I am the bodyguard of Ronald and I am responsible for the security of this party. So, everything is under my command. Do you think I'm not qualified to do that?"

As Trevor didn't signal him anything, Bradly didn't tell them about his real identity.

In Bradly's eyes, they were just asking for trouble as they dared to insult Trevor.

In fact, the Season Hotel wasn't owned by Bradly's family. It belonged to the Sanderson family.

Therefore, offending Mr. Sanderson was the same as courting death.

The moment Bradly announced his identity, the crowd burst into an uproar.

Not many people had guessed that he would be the bodyguard of Ronald.

However, his words didn't prevent the onlookers to change their attitude almost immediately.

"This woman is really stupid. How dare she offend the subordinate of Ronald?"

"People who don't have invitation aren't allowed to go in, unless they know some famous people. It seems that the boy knows Ronald's subordinate."

"Well, you didn't say like that before."

"Just shut up!"

At that time, many people who mocked Trevor before were now laughing at Noelle.

Just like that, Noelle became a laughing stock of everyone.

On the other hand, Rodney and Keyla didn't look gloomy anymore. Their eyes were filled with joy.

After all, it turned out that the other family was more embarrassed than them.

In the end, Noelle made a fool of herself!

Rodney and Keyla had never thought that Trevor would know such a powerful man like Bradley.

At that time, they became even more eager to know the truth and were intensely gazing at Trevor which made Trevor feel dizzy.

Right now, Noelle's face was as pale as a sheet and her lips were trembling.

If she had known that Bradley would be a powerful man, she wouldn't have offended him.

She deeply regretted her actions.

"A bodyguard like Bradley must be close to Ronald..."

Therefore, irritating Bradley would be the same as irritating Ronald.

At this point, they had no chance to enter the Season Hotel, let alone discuss business with the others.

The reason why Noelle was eager to come to Jork was to cooperate with a good business partner and show off to Keyla's family.

Now, all her plans went into the vain!

In the end, her legs became limp and she fell on the ground.

Feeling remorseful, Noelle cried out loud as she pulled out her hair. She looked like a mess.

Just like that, she was caught on the camera in her most embarrassing moment.

[Chapter 420 Unrefined Country Bumpkins](#)

In contrast, Keyla looked indescribably smug, and she couldn't stop laughing.

If it weren't for the fact that Noelle was crying her eyes out, she would have ridiculed her again.

Trevor, who was observing them from the sidelines, shook his head helplessly.

The two cousins were plastic and always pitted against each other.

No matter who had the upper hand, they would always taunt each other and come up with ways to bring the other down, which was a pain for people to watch.

In order to avoid any more trouble, he simply asked Bradley to quickly usher them into the hotel.

The five-star Season Hotel that Ronald purchased for 5 billion had gorgeous interior decorations.

Preparations for the banquet were underway.

The entire hall on the first floor had been redecorated.

It was embellished with many precious antiques.

It was Rodney and Keyle's first time coming to such a place. Naturally, they couldn't help but look around.

Successful people whose net worth was over a billion came and went. When they saw Rodney and Keyle act like country hicks who were in town for the first time, they couldn't help but look at them with contempt.

However, Rodney and his wife didn't realize they were being judged because they were too immersed in their own joy.

"Wow! Such crystal-like caviar!"

Keyle was instantly drawn to the sumptuous dishes on the table. Her eyes widened as she said to herself, "This must be quite expensive. A single plate probably costs several thousands of dollars."

The usually stern Bradley couldn't help but grin, and he explained to her, "The caviar you see here is the best sturgeon eggs from the Caspian Sea. It has a reputation for being known as black gold.

It is also used by top chefs in dishes. It allegedly costs thousands of dollars just to have a taste."

Bradley did not have a clear idea how Trevor's relationship was with Rodney and his wife. In contrast, Keyle looked indescribably smug, and she couldn't stop laughing.

Preparations for the banquet were underway.

The entire hall on the first floor had been redecorated.

It was embellished with many precious antiques.

It was Rodney and Keylo's first time coming to such a place. Naturally, they couldn't help but look around.

It was Rodney and Keyla's first time coming to such a place. Naturally, they couldn't help but look around.

Successful people whose net worth was over a billion came and went. When they saw Rodney and Keyla act like country hicks who were in town for the first time, they couldn't help but look at them with contempt.

Bradley did not have a clear idea how Trevor's relationship was with Rodney and his wife.

His only speculation was that his master had a very close relationship with Luisa.

Because of that, he treated her parents with patience.

Rodney, who came over, was astounded when he heard about the caviar. "Oh my god! Is it made of gold?"

Keyla, who had been about to try a spoonful of it, retracted her hand in embarrassment. She suddenly did not want to touch such an expensive delicacy.

Bradley replied with a calm expression, "Don't worry, you two. You can help yourselves to all the food at this banquet. Enjoy it to your heart's content!"

"Really? !"

Keyla's eyes widened.

As if Bradley's response was the permission she needed, she picked up a spoon once more to taste the caviar she had been wanting to try for a long time.

Rodney also poured himself a glass of red wine and drank it with glee.

The market price of the wine he just sampled was over a hundred thousand. Normally, he would not be able to drink it.

Luisa felt a little embarrassed to see the couple enjoy themselves without any restraint.

They were surrounded by big bosses who were getting together to chat and talk about business.

How could Rodney and Keyla only care about themselves and not pay attention to their surroundings? The way they ate and drank looked so undignified!

They spooned a new mouthful before they could even finish swallowing their food.

They ate as if the amount of food they consumed could be exchanged for its equivalent in cash.

Luisa quickly pulled Trevor forward to dissuade them.

However, Keyla waved her hand and said in a loud voice, "We rarely get chances to come to places like this. It would be a shame not to eat well while we're here!"

She was oblivious to the gazes of the upper-class people dressed in suits and ties.

Trevor and Luisa looked at each other and shook their heads helplessly.

Luisa was ashamed.

Her parents were behaving so indecently that she felt like she was going to be strung up by her toes.

She couldn't have been more embarrassed!

Outside the Season Hotel, Noelle had finally gotten over her frenzy, but she completely hated Trevor.

If it wasn't for him, how could she possibly provoke Bradley?

However, Noelle couldn't help but hesitate when she noticed Bradley's attitude towards Trevor.

Who was Trevor really?

The security team guarding the door continued to watch her.

Noelle wanted to cry but had no tears left because the security guards were strict and wouldn't let her family walk into the hotel!

Getting into the hotel seemed impossible for today.

Through the clear floor-to-ceiling windows, she could somewhat see Trevor and others inside the brightly lit hall.

She was mad with jealousy, but there was nothing she could do.

"I'm so pissed off. Let's go!"

Noelle had no choice but to take her two daughters by the hand so that they could hide in the crowd.

Their two boyfriends, Kody and Troy, were a little hesitant. They wondered if they should leave with them.

They had invitations to the event, but it was obvious that the security guards would not allow them to bring their girlfriends and their mother inside.

After some hesitation, they decided to stay put in the end.

After all, the Sanderson family's banquet was an event that they should not miss!

Noelle and her daughters became even more indignant when they saw that the two men stayed where they were.

Just as they were about to disappear into the crowd, a mysterious reporter in a hood and a mask appeared from the side.

He called out to them in a low and hoarse voice.

"Ladies, do you hate that guy named Trevor Sanderson?"

If it wasn't for him, you would have been able to attend the banquet!

Do you want to get revenge?"
