[Chapter 54 Shatter The Famous Wine](#)

When they got closer to the building, they found that the decoration here was simple yet elegant.

There were several abstract oil paintings on the wall. However, Trevor couldn't understand the meaning or feel the beauty of them.

The dim yellow light on the ceiling reflected the sculptures of knights which made the place look a little antique.

No matter how much the place looked beautiful, Zavier's attention was solely on the bottles of famous wine in the wine cabinet.

If people wanted to taste the famous wine, they had to pay extra fees for it.

One of the wine bottles caught Zavier's attention. With a thoughtful look on his face, he said, "Wow, isn't this Leos Verres vodka? It's worth 3.7 million dollars!"

Hearing this, everyone gasped in surprise.

Wow! The value of this wine was more than enough to buy a mansion.

With a proud look on his face, Zavier added, "And this bottle is Luxury Beverage whiskey and it is worth 6 million dollars!"

As he looked further and further, he became more and more shocked because of the price of the wine bottles. All the wine here were well-known and extremely expensive!

Of course, Zavier had seen a lot of famous wine his whole life, especially whenever he had dinner in the Rose Restaurant.

However, they were nothing compared with the wine in here. All of the wine he had seen before were inferior to these wine. In other words, they simply weren't at the same level.

Furrowing his eyebrows, Trevor said, "It's just a bottle of wine. I don't think it's that expensive. You are just talking nonsense."

Even though he was the boss of this place, he knew nothing about the things that were sold here.

Looking at Trevor with contempt, Zavier said, "Just shut up your mouth if you don't understand. I'm different from you."

There were a lot of famous wine in Zavier's house, but compared with the expensive wine here, the

bottles of wine in his house were nothing.

Taking out her phone in her purse, Jaycee said excitedly, "Wow, these bottles of wine are really expensive. I am going to take a few selfies to show others!"

Hearing her words, other girls followed suit to take photos. For them, this kind of opportunity was rare. Therefore, they didn't want to miss the chance to brag in the future.

Even Aldrin and Rob couldn't help but take out their phones to take the photos of the wine.

Taking a glance at everyone, who looked interested in the wine, Trevor simply opened the wine cabinet and took out the bottle of Luxury Beverage whiskey, which was worth 6 million, as he wanted them to taste it.

With his eyes wide, Zavier said, "What the hell are you doing, Trevor?" Of course, all of them were frightened by Trevor's actions. Due to its price, they could only have a look and didn't dare to touch yet Trevor was acting as if he could afford it.

With a shrug, Trevor said, "I thought you are interested in this wine. So, I'm going to let you drink."

The moment Zavier heard his words, he became to piss off.

Trevor was allowed to stay here just because of Kirby.

Now, he wanted to drink the wine that was worth 6 million dollars. Did he think he owned this place?

At that time, Zavier became furious. He turned around to see if someone was looking at them, when he found no one, he turned to look at Trevor and said, "Damn it! Put it back right now! We can't even afford a single sip of it. If you want to do something reckless, do alone. Don't get us into the trouble with you!"

In a firm voice, Trevor said, "Well, if you don't want to drink it, I'll just give it to my friends." Holding the bottle, Trevor searched around for glasses to pour wine.

Seeing this, Aldrin and the others were a bit flustered. Well...no one dared to drink the wine.

Without caring anyone, Trevor placed the wine bottle on the table to get the glasses. However, since the bottle wasn't stable, it fell all the way to the ground.

A loud crashing voice came out, "Bang!"

The bottle shattered into pieces and the wine flowed out of it.

Covering her mouth subconsciously, Corrie exclaimed in surprise, "Oh my god! We are doomed! It's 6

million dollars. We will never be able to afford it even if we sell ourselves!"

All of them were too stunned to speak.

Everyone's face turned pale except for Trevor, who remained calm.

Looking at the bottle of wine that was shattered, Trevor thought to himself, 'Why do I need to panic when I broke my own wine?' However, he was feeling a bit sorry for that.

The sound of shattering wine bottle attracted the waiter. When the waiter saw the situation, he hurriedly called the manager Kirby.

Not long after the waiter called, Kirby got to the place. The moment he saw the bottle that was smashed on the ground, he turned to look at Xavier and others with a stern look on his face.

Holding his arms up in surrender, Xavier said, "Kirby, it has nothing to do with us. It's Trevor who smashed it. You should blame him for this!"

Nodding her head, Corrie took Xavier's side and said, "He's telling the truth. Trevor is the one who did it. We warned him not to take it out, but he didn't listen and then, he broke it."

All the other girls quickly nodded their heads and admitted that Trevor was the culprit as no one wanted to be implicated.

Seeing Kirby's face which was filled with rage, Xavier smiled secretly and thought to himself, 'Let's see how you will get out of this. You won't escape this one, Trevor!'
