[Chapter 85 The Surprising Video](#)

Hearing his father's wish, Xavier couldn't help but smile. Then, he looked down at Corrie as he picked up the microphone and said, "Dad, I think I can fulfill one wish. I have found a girlfriend."

When he finished saying it, he waved at Corrie, signaling her to come onto the stage.

Everyone turned around to look at Corrie. Seeing that she was a beautiful young lady, all of them couldn't help but sigh as the two of them looked perfect for each other.

On the other hand, most of the girls were disappointed to know that Xavier had a girlfriend.

"Well, he has a girlfriend. Damn...I have no chance now."

"I'm so envious of her. She is so lucky to be in a relationship with Xavier!"

The remarks of the girls satisfied Corrie's vanity.

Under everyone's eyes, Corrie stepped onto the stage proudly.

When she passed Trevor, she cast a glance at him with disdain and thought to herself, 'Can you see this, Trevor? This shows the huge gap between you and Xavier. You will never be able to compare with him!'

From the stage, Xavier looked down at Trevor, as if he was showing off his trophy.

In fact, Xavier wanted to show Trevor that he would never have a beautiful woman like Corrie in his life.

Moreover, Xavier wanted Trevor to know that his status wasn't something he could achieve.

When Trevor saw the smug expressions on their faces, he felt a little unhappy.

At that time, Brock had already got back from the backstage. Seeing the look on Trevor's face, he whispered, "Don't worry. They won't be looking smug for long. I have prepared the video."

Trevor nodded his head and said, "Okay."

Once Corrie got onto the stage, Xavier reached out to take her hand and pulled her closer to his side while saying, "Hello, everyone. This is my girlfriend, Corrie!"

When Kern saw Corrie, he gave a thumbs up to Xavier to show that he approved Corrie as his girlfriend.

His actions made Corrie blush shyly.

Turning to look at the crowd again, Xavier said, "Actually, I prepared a special birthday blessing video for my dad. Let's watch it all together."

As soon as he finished saying, the waitress went to the backstage to play the video. Everyone waited eagerly for the video to be played on the screen.

What no one expected was that the birthday blessing video would be a scene of masochistic behavior.

Many people started to murmur about the video. "What on earth is this?"

"I can't believe my eyes!"

"Oh my God! Is Xavier tied up to the bed?"

In the video, the woman was whipping Xavier with a whip.

The moment they heard Xavier letting out a moan, the crowd erupted into uproar.

To say everyone was shocked would be an understatement.

Who would have imagined that the young master of the Blake family would do such kind of shameful thing!

Once Xavier saw the video he shouted angrily, "No, no. It isn't me! Who the hell is playing the video?"

At that moment, Xavier was going crazy. His face turned pale as he walked over and tried to cover the screen with his own body.

However, since the screen was as big as a wall, he couldn't block it, not even a tiny bit.

Staring at the screen, Corrie stood still in a daze as if she was struck by lightning.

Only a while ago, she was announced as Xavier's girlfriend and everyone envied her.

Now, everyone was going to laugh at her as Xavier was a sexual masochist.

There was no doubt that the news would be spread to the school. When that happened, she would be laughed by the others in the school.

Then, she would be known as the girlfriend of a sexual masochist.

Walking towards Corrie, Xavier tried to explain. "Corrie, please listen to me. That's not true."

The sound of a slap echoed in the venue.

In fact, it was Corrie who slapped Zavier with a tear-stained face. With red eyes, she exclaimed, "Shame on you, Zavier!"

After that, she ran out of the venue while crying.

No matter how much Zavier called out from behind, she ran out of the door without listening to him at all.

Jaycee and the others, who were watching the scene, got worried about Corrie. Therefore, all of them quickly said goodbye to Dennis and ran out to chase her.

Even though Zavier wanted to follow Corrie, he couldn't as his father came over to him and slapped him. Gritting his teeth, his father said angrily, "How come you're so reckless and shameless! Is this the birthday blessing video you wanted to show me? Are you trying to piss me off?"
